

LINGERING ILLNESS RESULTS IN DEATH

MRS. MAUD MILLER WRIGHT IS SUMMONED AT THE FAMILY HOME IN SULLIVAN.

HAD LED A USEFUL LIFE

Funeral Services On Wednesday Afternoon Conducted By Rev. Campbell Of Taylorville Assisted By Rev. Wilson—Other Recent Deaths.

In the early morning of May 10, the death messenger called at the James A. Wright home and took into the spirit world a devoted wife and mother.

The departed, Mrs. Maude Miller Wright, had been a sufferer for many years and had passed through many serious periods of illness. She had been an intense sufferer for many months during the final illness which resulted in death.

Mrs. Wright was one of the finest types of womanhood. She was congenial, self-denying and responsive to the appeal of all with whom she was related, or associated with in life.

The bereaved husband, children, mother and others closely endeared to the life of Mrs. Wright, have the genuine sympathy of their many associates in life.

The decedent was born October 7, 1879, near Kirksville. She was the only daughter of Henry and Jennie Miller. Her entire life was spent in the Sullivan community.

She was a charter member of the Daughters of Veterans and a member of the local organization at the time of her death. She was the first of the local order to be called away.

Mr. and Mrs. Wright became the parents of two children, namely Miss Maxine and Henry, who is a Junior in the Sullivan Township high school.

The immediate relatives living are, besides the husband and children, the mother, Mrs. Jennie Miller of Sullivan; three aunts, Mesdames E. A. McKenzie, of Sullivan, Jessie Bland of Chicago, and Kate Hudson of Worcester, Mass., and three uncles, J. E. B. E. and J. W. Evans, all of Kirksville community.

The funeral services were held in the Sullivan Methodist church Wednesday afternoon at 2 o'clock. Rev. E. J. Campbell, a former pastor, officiating with the present pastor, Rev. Milton Wilson assisting.

The casket bearers were O. C. Worsham, Frank McPheeters, H. C. Shirey, Chester Horn, J. B. Taber and John Gauger.

Burial was in Greenhill cemetery.

MRS. AMANDA REED.

Mrs. Amanda Reed passed away at the home of her daughter, Mrs. H. L. Harrison, in Gays 6:10 o'clock Tuesday morning. She had been seriously ill since last Saturday, but had been an invalid since last September, when she fell and sustained injuries.

Mrs. Reed was born in Ohio county, Kentucky, a daughter of Mr. and Mrs. Samuel Hedrick, on September 30, 1839, and was brought to Illinois when quite a child by her parents, who settled near Olney. She was married when twenty-two years of age at Mount Erie, Ill., to John M. Reed.

RAY PHILPOTT IS HELD

Former Gays Man Held On A Serious Charge

Ray Philpott, formerly rural carrier out of Gays and president of the Illinois Rural Carriers' association, was arrested at Tuscola on Sunday on a charge of being implicated in the murder of Sherman Denny at Tuscola on Saturday night about 10 o'clock.

The verdict of the jury accused Harley Campbell with the actual killing of Denny and named Roy Benakin, Ray Philpott, Ed Dieterich and Leonard Campbell as the accomplices.

First stories of the affair connected the name of "Fatty" Glenn Allen of Champaign and that of his wife with it, but developments Tuesday resulted in Denny's name being connected with that of Mrs. Harley Campbell and that of Mrs. Roy Benakin.

In their testimony given during the inquest, both Dr. Glenn Ingram and Dr. M. E. Lollar stated that Harley Campbell's leg was broken by a bullet that ranged downward from where it entered and was found at the back of his leg.

He is also suffering from contusion of the knee, said to have resulted from being kicked by Sherman Denny. It was reported that Campbell might lose his leg as a result of the condition of his knee.

Two doctors also testified that death was practically instantaneous to Sherman Denny. The bullet entered his body under the third rib and ranged a little upward, severing the spinal cord producing instant paralysis and asphyxiation from blood, one lung being full of it when autopsy was made.

He rehearsed again the circumstances of the shooting and at this time said "I clubbed him with the revolver and it flew out of my hands and I haven't seen it since."

He insisted again that he did not know the other men who were in the garage with him.

A little later in the afternoon Tuesday, Deputies Bierfeldt and Parker took Benakin to the hospital and to the room in which Campbell is being treated.

Bierfeldt then said to Campbell, "Do you know this fellow? Is he the party that was with you out at Denny's?" Campbell replied, "Yes, he is."

Campbell said, "Out to that place where I went to trade the car. Of course you did not know I was coming but you were there when I came."

The inquest was conducted in the county court room in the Douglas county court house. Persons interested in the case and the usual fringe of morbidly curious filled the court room.

Many were unable to gain admittance and hung about the doors and futilely attempted to catch scraps of the evidence.

Memorial Service For Apsie M. Worsham On Sunday

Next Sunday afternoon at 2:30 o'clock at the Presbyterian church, there will be a memorial service for Apsie M. Worsham.

Mr. Worsham was well known in Macou county, where he spent the greater part of his years. Of late years he has been spending the winters in the south at Miami, Florida. Owing his own boat he did some cruising over the southern waters, and while out on one of these trips on his little ocean going boat, he happened with an accident, and was drowned. The accident took place south of Miami. The body has not been recovered, and it is fitting that such a memorial be held in memory of our departed brother.

COUNCIL CONSIDERS WATER PROBLEM

Willis Warren of Decatur Gives Plans For Improvement For The City.

Fire And Water Committee Arranges For Survey To Begin At Once And Determine The Best Sources Of Water Supply For The City.

The water question which has been much discussed in public for the past several years was brought up at the meeting of the city council on Monday evening.

Willis D. P. Warren of Decatur, a member of the firm of Holbrook, Warren & VanPraag, was present and said the problem which confronted Sullivan at the present time was the same that has been considered by many other municipalities in this vicinity.

The proposition as presented to the council was for a water survey to be made and in that way determine which was the best way to secure a good supply of water for Sullivan.

Mr. Warren told something of the experience of Hillsboro where in 1913 it was decided to secure a better water supply for the city. There it was found that an adequate supply could not be secured from surface wells and so it was decided to build a lake.

Several possibilities were suggested by Mr. Warren for a water supply for the city of Sullivan. A dam might be built on some creek within a radius of a few miles of the city and in that way a supply could be secured.

Many water work plans have proven good sources of revenue for municipalities. The returns can be secured not only through domestic consumers but also through industrial and commercial users as well.

Before any progress can be made in securing a water supply it is necessary to get a survey made in order to determine which is really the best way of handling the proposition.

The proposition of Mr. Warren was referred by Mayor Harsh to the fire and water committee of the council and that committee met following the meeting with Mr. Warren and made arrangements with him to commence at once to make the suggested survey.

Mr. Warren commenced a preliminary survey on Wednesday morning. A study will be made of the records of the state water survey and of the state geological survey at the State University.

The investigation will also include the water supply possibilities within a radius of five miles of the city.

A petition was received from Mrs. Laura Hull for operating a pool hall with two tables. She furnished bond with Charles Younger and Howard Wood as sureties.

PLAN NEW POSTOFFICE

Inspector For Department Pays Visit To Sullivan.

Various Sites Suitable For Location Are Viewed—Not Necessary To Bid On Plans In Estimates.

Sullivan may have a new home for its postoffice if plans of C. E. McPheeters, the present postmaster, materialize. Edgar F. Kelly of Chicago, who is in charge of all the leases and equipments for postoffices of Illinois, was here on Thursday and Friday of last week going over the local situation.

A few of the available sites were looked over and included the building just west of The News office at present occupied by the Haley hardware store, the Miller room on the east side of the square recently vacated by the Robinson furniture store, the Kizer building across from The News office and formerly occupied by the C. H. Tabor Motor Sales and the room in the Odd Fellows' building formerly occupied by the City book store.

This time the government is asking bids on only 2,000 feet of floor space against 3,000 feet asked in a previous bid. The government authorities believe that better and quicker service can be obtained from a smaller room than a larger one. The bids are to be in by June 3 and the proposals are for space, heat and toilet and also for space heat, light and equipment.

SENIORS PRESENT ANNUAL PLAY

"Mrs. Temple's Telegram" Given At The Jefferson To A Large Crowd.

THOSE WHO TAKE PART

Original Prologue For The Production Is Written By Miss Edna Mullins, A Member Of The Class—Prof. Brown Is Presented With Fountain Pen.

The Class of 1924 of the Sullivan Township high school presented their senior play, "Mrs. Temple's Telegram," on last Friday night at the Jefferson theatre. A full house witnessed the production.

All those taking part in the play acquitted themselves with credit. The prologue written and spoken by Miss Edna Mullins was a clever and original introduction to the personnel of the play.

Harry Hill as Jack Temple and Caroline Jennings as his wife, with Everett Worsham in the difficult dual role of Frank Fuller and John Brown, were the leading characters.

James Sullivan as Wigson with his "I was just going to, sir," brought forth much laughter.

Gladys Young as Dorothy and Walter Lane as Captain Sharpe, finally surmounted all obstacles in the course of love and we trust "lived happily ever after."

Following is the cast of characters: Jack Temple—Harry Hill, Frank Fuller—Everett Worsham, Captain Sharpe—Walter Lane, Wigson—James Sullivan, John Brown—Cecil Creath, Mrs. Jack Temple—Caroline Jennings, Dorothy—Gladys Young, Mrs. Frank Fuller—Genevieve Mautz, Mrs. Brown—Phyllis Harshman.

The following is the prologue: Open your ears and let us in, We hope your favors we shall win; Whether we rise or whether we fall, We'll do our best to please you all.

My purpose is not production, Nor any vast display; But just a slight introduction To the characters of the play. Oh! James is very timid, But stately with it all, And as Wigson the butler, He makes all the ladies fall.

Mrs. Temple, tall and stately, Is no other than Miss Caroline; And if you've seen her lately You know the function of this line. Who is that bright eyed lassie? That's Gladys Young less stupid, She's on the roll as Dorothy, Just now entertaining cupid.

They say that Temples are enormous And house vast stores of treasures; But look at Harry, aren't people treacherous, When they judge by simple measures? Sweet Genevieve, what a shame, That love should lure her along, When once she has changed her name From Mautz to Fuller with a song.

But Everett! Pardon, Mr. Fuller! He'd better watch that wife, I hear she has another feller, One most awful fond of life, And as for Captain Sharpe, Why! Can't you see it's Mr. Lane? He's most as noisy as a harp, And he doesn't act so very sane.

There's Phyllis! What is the matter? Her head is almost down And her feet seem so much flatter Since playing Mrs. Brown. And Cecil, last but not least, A bit of sadness does bestow; But never mind, at last that beast As Mr. John Brown, we'll know.

Alas! Alas! A sad, sad tale; That of Mrs. Temple's Telegram, We hope for an impression we'll not fail But rather be as an epigram. Now, folks, keep up your laughter And see the play if you want more, But always remember hereafter, That we are the class of '24."

BURCHNELL SPENT LONG TIME IN A HOSPITAL

Following Attack Of Malaria But Did Not Regain Lost Strength Until He Tried Tan-lac.

"Since taking Tanlac I can speed up all day at the factory without even making a dent in my energy and then go home at quitting time happy and smiling," is the striking statement of James O. Burchnell, 714 Broadway, Muncie, Ind., a valued employe of a large steel and wire manufacturing company there.

"Following a three months' siege of malaria last fall that pulled my weight down from 142 lbs. to 96 lbs. and laid me up in a hospital 52 days, I found Tanlac just the thing I needed to build me up.
"Tanlac brought back my appetite, set my stomach in order, stopped my aches and pains, restored my lost weight and strength and left me feeling as vigorous and energetic as if nothing had ever been the matter with me. And as for my health now, I never had better. I eat fine, sleep fine and feel the same way."
Tanlac is sold by all good druggists. Accept no substitute. Over 40 Million bottles sold.
Tanlac Vegetable Pills for constipation made and recommended by the manufacturers of Tanlac.

CORONER'S INQUEST FOR DOLAN DEATH

According To Testimony Of Witnesses His Foot Slipped Causing Him To Be Caught In The Gears.

According to the testimony of witnesses called at the coroner's inquest held in Lincoln on May 14 on the body of James E. Dolan, it appears that in oiling the machinery his foot slipped causing him to be caught in the gears and lifted on the hoist.
Paul Cottingham of Williamsville, one of the witnesses, testified in part as follows: "I was standing alongside. None of us really know when it happened except the engine on the hoist stopped. We noticed immediately and looked up and saw Dolan caught in the gears and for a few seconds none of us knew just what to do. Mr. Baker took the rest of the men up and as quickly as possible they extricated him. He was taken from there as quickly as they could get him out, sent for a canvas and put him in it and loaded him in the truck there. I drove ahead to Williamsville to get a doctor and they followed. He was loaded in the ambulance and Dr. Suttle gave him morphine and he was then taken up here to Lincoln to the Deaconess Hospital and the doctor accompanied him inside the car."
Dr. W. W. Coleman's testimony was in part as follows: "This man was brought to the hospital about one o'clock the 13th. The man was in a great state of shock so much so that it was inadvisable to try to do anything more than try to stop the hemorrhage. His right arm had evidently been caught in some machinery and ground to a pulp at the right elbow. Also the entire right shoulder was crushed, the shoulder blade had broken and had punctured into the lung cavity producing a great amount of hemorrhage. Either one would have killed him, the shock of the hemorrhage. We fixed him up the best we could and didn't attempt to do any repair work at that time. It was remarkable to me he had the vitality he did, and lived as long as he did."

STUDEBAKER ENTRY CLIPS FAST PACE

Earl Cooper, Noted Driver, Limbers Up His Robin Egg Blue Mount On Indianapolis Track.

Earl Cooper, in his new Studebaker Special, is giving the railbirds at the Speedway a thrill these days in the early speed trials for the annual international 600-mile race, May 30 at Indianapolis.

Cracking off five laps at an average speed of 100.8 miles an hour in his first try-out, Cooper demonstrated what a clean pair of heels the little Studebaker Special has, when Mayor Lew Shank headed a delegation welcoming the veteran driver.

HONORED BY CITIZENS
This was the first time, in recent years, that Indianapolis has given a municipal reception to an arriving Speedway contestant. The occasion was in honor of Studebaker.

For it is the first time that The Studebaker Corporation's house flag will flutter from the track pits, when the thirty-one speed busses scullie across the line at 10 o'clock on the morning of the great annual gasoline derby.

"The city is yours," said Mayor Shank, when he officially welcomed Cooper. "From all indications this 1924 race will eclipse them all. Every day I am receiving word that motor caravans are setting out from every corner of the country to arrive in Indianapolis in time for the race. I hope you win. We have to keep the first prize in Indiana."

The mayor was alluding to the fact that Studebaker, for seventy-two years has been located in Indiana.

WATCH STUDEBAKER'S SPEED
Automobile racing vets, who are practically living out at the Speedway these days, are carefully clocking Studebaker Special, for the chatter is that the newest entry has a fine chance to annex first money.

For one thing, the car is in mighty healthy shape, flying over the bricks with the characteristic "feel" that delights Earl Cooper, seasoned veteran of fourteen years on the fastest tracks in the country.

Newspaper men note Cooper's thoughtful, studious, intense mood at the track. He spends fourteen hours a day with that Studebaker Special, bringing out every possible bit of energy and power.

COOPER SEEKS NEW SPEED
There is a grim smile on his face as he whips past the impromptu clockers near the repair pits. "Around and around he goes, testing, sparring, experimenting, hitting up to faster and faster lap performances."

Nursing the Studebaker Special is Earl Cooper's faithful mechanic, Reeves Dutton, widely known for years on the tracks as a shrewd, trailer and driver of racing cars. Dutton spends all of his time "tuning up" the Studebaker and you'll see the lights burning in his little shop in the paddock most every night.

The car is painted robin egg blue. It bears in gold the number "11," because Cooper was the first entry signed up for the 1924 Speedway classic.

Cooper was the winner of the Fresno race in 1919, after two years' retirement into the world of business. He was second in the July 4 race in Kansas City last year, and second in the Beverly Hills meet in 1922. He also finished fourth in the 1915 race at the Indianapolis Speedway, besides winning the road championship in California in 1914.

Marjorie Wilkinson To Wed.
Announcement is made of the approaching marriage of Miss Marjorie Wilkinson, daughter of Mr. and Mrs. W. A. Wilkinson of Bethany, to Rodney E. Spangler of Amboy, which will take place in the home of the bride's parents on Wednesday afternoon, May 28.

Miss Wilkinson is a graduate of the University of Illinois, class of 1923, and is a member of Phi Beta Kappa sorority. She also attended the Millikin university the first semester of this academic year.

Mr. Spangler is a son of Mrs. E. M. Spangler, and was graduated from the University of Illinois, class of 1921. He is a member of Sigma Nu fraternity and is a draftsman in the office of the supervising architect at the university. The young couple will make their home in Champaign.

Will Filed For Probate.
The will of the late James S. Lee has been filed for probate in the county court. He leaves his estate to his daughter, Mrs. Addie Jane Davis, who is also named as executor of the will. The instrument was drawn in 1921 when he was seventy-eight years of age and was witnessed by S. P. Drake and Thomas Moore.

Jersey Cow Sale

AT STEWARDSON, ILLINOIS

Sale to held on the B. F. Young farm adjoining the western corporation limits of Stewardson, and to commence promptly at 2 p. m. on

SATURDAY, MAY 24, 1924

Shortage of pasture and help compels me to dispose of practically my entire herd of cows in milk. I shall therefore sell, at public auction, on the farm and date above named

20 Head of High-Grade Jersey Cows

These cows are all in milk, about half of them having freshened since January 1st, some as late as March and April. Half of the lot are heifers in their first lactation period, and only two of the entire herd are above six years of age. All of them were bred and developed upon this farm; none are registered or eligible, but many of them are practically here for twelve years past. The heifers in this lot are all sired by an Oxford Lad Bull whose dam was a Register of Merit cow with a record of 8,000 lbs. of milk in a year; without exception they are showing excellent milking qualities. All of these cows have been bred to my present herd bull Financial Raleigh 176771, a five year old bull whose heifers, now being developed, are proving him a valuable sire.

MILK RECORDS AND TESTS
For the past twelve months this herd has been a member of the Tri-County Cow Testing Association, and, in addition, the members of the herd are ticked by complete private milk recovering the past four years. Fuller information concerning these records and tests furnished on request.

THE CURSE OF GOVERNMENT OPERATION

President Coolidge's message to Congress urging a re-issuing of the reclamation law comes as a voice in the wilderness to the thousands of farmers on the government reclamation projects who have waged a hopeless struggle to make a living for themselves and meet the installments on their land. Reclamation, as originally conceived, was a beautiful theory. Congress appropriated what was, in effect, a revolving fund with which to construct the dams and irrigation works. The cost of each project was prorated over the acres to be irrigated, and the farmers who settled on the land were to pay it all back in annual installments. Then the money was to be used over again in the building other projects, and so on until all the arid land of the West had been reclaimed and made fertile.

But the outcome has been similar to that which usually attends government operation. The irrigable acreage on most of the projects was over estimated, while the cost of construction was under estimated, the result being that the cost per irrigated acre has been boosted out of all proportion to the original figures. The land was unable to stand the financial burden even under the most intensive cultivation. Thousands of farmers have found it simply impossible to live on the land and meet the charges against it.

President Coolidge has recommended that the principle of more business in government, which has proved so successful in Washington, be extended to include the management of the Reclamation Service. He says that \$18,000,000 of the Government's investment will never be recovered, and might just as well be written off as a loss. There will probably be a further loss of almost \$9,000,000. Meanwhile the settlers on the projects are in immediate need of aid, and the President recommends that credit be furnished them with which to purchase necessary equipment and supplies. It looks as though the Federal reclamation policy is about to emerge from the rut in which it has been running for so long, and that the West is to receive the benefit from it that the original sponsors of the law intended.

IMMIGRATION AND FARMERS.

Since the claim has been made by some that there is scarcity of farm labor tending to increase the cost of production of farm products, the observations of Senator Capper of Kansas, one of the leaders of the farm bloc in the Senate, are interesting and valuable.

Senator Capper says: "A common argument against restricted immigration is that America needs labor. In its study of the question the House of Representatives Committee on immigration finds that—

"The prosperity of the United States does not depend upon additional unskilled alien laborers. Industry and activity have survived the slackened immigration caused by the European war and the quota law, the two covering a stretch of almost ten years, and the United States has had one period of great employment during that time. Our gain in population through natural sources is large—10,000,000 from 1910 to 1920.

"Mr. President, this finding of the House committee disposes of the argu-

ment that a need for laborers should dictate a lax immigration policy. Proponents of that argument should remember that we propose to restrict, not to exclude, immigration. The finding of the House committee strips the labor argument bare and reveals it as a subterfuge of a small but ruthless group of American employers that want cheap labor to compete with well paid American workers, thus to undo the achievement of the American worker in establishing a living wage and a decent standard of living. These would-be exploiters of cheap European labor are eager seekers for protection of the domestic selling market and quite as eager advocates of a free trade labor market.

In other words, the senator from Kansas claims that he cannot expect in this country to sell our products in a protected market and buy our labor in a free trade market.

Furthermore, he believes that restricted immigration does not make farm labor scarce, but helps to maintain at a high level the economic condition of farm labor and all other labor.

The farmers of the country should be grateful for the restriction of immigration by this administration. It helps to give the farmers a better home market.

OFFERS BILL TO BUY LINCOLN RELICS

Congress will be asked before adjournment to appropriate \$50,000 for the purchase of the famous Oldroyd collection of Lincoln relics which now rests in the house in which Abraham Lincoln died, opposite the old Ford theatre in Washington.

The House Library committee has reported the bill for purchase of the collection favorably following an earnest plea by Representative Henry R. Rathbone of Illinois, who pointed out that Henry Ford has offered as much for the Oldroyd collection as the government is asked to pay with the intention of taking it to Detroit.

Representative Rathbone agrees with Captain Osborne H. Oldroyd, owner of the collection and formerly a resident of Springfield, that the collection should be kept in Washington in its present location permanently, in order that the United States government may preserve it for posterity. Rathbone introduced the bill which was approved by the Library committee after inspecting the collection, which contains over 3,000 pieces, many of which were associated with Lincoln's early career in Illinois and his law practice at Springfield.

The bill was originally referred to the House Public Buildings committee, but was held up there by the continued absence of the chairman, whereupon Representative Rathbone steered it past legislative aloofness by securing action from the Library committee.

After the purchase of the Oldroyd relics has been completed by the government, it is planned to remodel the house in which Lincoln died in order to permanently preserve it as the exhibition place of the famous relics.

Representative Rathbone recently delivered the dedicatory oration at the unveiling of the bronze tablets placed in the historic old house by the Columbia Historical society. The building, which is now surrounded by shops and offices, has not been altered since the Emancipator died there on April 19, 1865.

Proposals To Lease Postoffice Quarters Wanted.

Sullivan, Illinois, May 16, 1924.

The undersigned will receive proposals up to and including June 3, 1924, for furnishing suitable quarters for postoffice purposes at Sullivan, Illinois, at a stated price per annum, including heat, light, water, toilet facilities, safe or vault, and all necessary furniture and equipment, under a lease for five or ten years from date quarters are ready for occupancy.

Floor space of about 2,000 square feet is desired.

Good daylight and a reasonably central location are important considerations.

Specifications and blank proposals may be obtained from the postmaster, and a sample form of lease may be examined in his office.

Diagrams of the rooms offered should be submitted, on paper 8 1/2 x 11, showing inside dimensions, offsets, doors, windows, etc.

The Postoffice department reserves the right to reject any or all proposals. Proposals should be enclosed in sealed envelopes endorsed "Lease Proposal, Sullivan, Illinois," and addressed to the undersigned.

Proposals will be opened at Chicago, Illinois, on June 4, 1924.

E. F. KELLY, Postoffice Inspector, Chicago, Ill.

"Cold in the Head"

is an acute attack of Rhinitis Ostraria. Those subject to frequent "colds in the head" will find that the use of HALL'S CATARRH MEDICINE will build up the System, cleanse the Blood, and render them less liable to such attacks. Repeated attacks of Acute Catarrh may lead to Chronic Catarrh. HALL'S CATARRH MEDICINE is taken internally and acts through the Blood on the Mucous Surfaces of the System, thus reducing the inflammation and restoring normal conditions. All Druggists. Clayton Poland Injured

Clayton Poland, who lives in the country west of this city, had a narrow escape from death on Wednesday morning on his farm west of this city. He had started to attach the disc to his tractor and in some way started the tractor and was caught under it. Realizing his precarious position he reached for the clutch on the tractor and struck it stopping the machine. If it had not been for this he would no doubt have been killed.

After stopping the tractor he crawled onto the seat and started the tractor for home. The call of his left leg was torn out and he suffered other serious injuries which will keep him confined for a few weeks. Dr. Lawson was called and dressed the wounds.

THE CHURCH ANNOUNCEMENTS

Items Pertaining to the Various Religious Organizations of the City.

Methodist Church.
Rev. Milton Wilson, Pastor.
We are still happy, hopeful and hard at it. Lot of us are having a good time working for God, and still, we have a goodly number that are living the Christian lives with much complacency and ease. But nevertheless let us remain happy and brotherly and never forget that God is watching and God is the just and upright judge.
Our week's program requires intensive toil. Not much time for writing. Monday night the official board meets. Tuesday night the third quarterly convenes for business. Wednesday night we meet for prayer at 7:30. Wednesday night we hold Sunday school board session at 8:15. Thursday night the choir meets for rehearsal at 7:30 in church auditorium. Special Win-My-C services will be held under the direction of the Epworth League at 7:30 p. m. in the church annex Wednesday, Thursday and Friday.

We are getting ready for the annual Memorial Sunday observances in the church next Sunday morning at 10:45. See special announcement elsewhere in this issue. We are expecting to have 300 at Sunday school next Sunday at 9:30 a. m. This will mean work. Unit leaders and teachers let us govern ourselves accordingly. Next Sunday at 6:30 p. m. Miss Gladys Sickafus will be leader for a big Epworth League program given by the girls. The girls may exceed the boys in the presentation of program. The boys did the work last Sunday and did exceptionally well. William Bland made a good leader.

We are lining up for World Service and Centenary work and a general campaign for benevolences and general church finances. Let us wake up and be ready. We invite you to hear us preach Sunday night at 7:30. Our theme will be "The Dividends For A Christian."

We had a good time Sunday. 205 came to Sunday School. A fairly good representation for communion service at 10:45. The League program was fine with 78 present. Good crowd present for the evening worship at 7:30. A lot of visitors. The choir responded just fine. Let us praise God for all Amen.

Nature's Vaudeville Free.
Why do you want to spend your money to laugh at a movie comedy when you can go to the links and see a fat woman in knickerbockers playing golf without paying a cent for the show?—New Orleans States.

Sudan Grass.
From an eight-ounce package of Sudan grass sent to this country from Khartoum in 1890 what is now a \$10,000,000 a year forage crop found in many states of the Union has been developed.

"The Marriage Circle."

With a distinguished cast made up of Marie Prevost, Florence Vidor, Monte Blue, Harry Myers, Adolphe Menjou and Creighton Hale, "The Marriage Circle," which comes to the Jefferson Theatre next Monday and Tuesday has already created a furor in other cities where it played. It is an Ernest Lubitsch production, dealing with a mad mixup in modern matrimony. It is hailed as a distinct departure from all previous photoplays bearing the famous Lubitsch stamp. For the first time in cinematic career as producer and director Lubitsch has made a thorough study of American people's psychology and the pictures they best like, and his aim in producing "The Marriage Circle" was to make a picture that would have a

general American significance, dealing as it does with a situation very typical of a percentage of marriages in the United States.

"The Marriage Circle" is a screen adaptation of the stage success "Only a Dream," by the playwright, Lothar Schmidt. Paul Bern made the screen adaptation.

Eighth Grade Graduation.

The graduation exercises for the eighth grade pupils of the schools of the county will be held on Saturday afternoon, May 31, at the Sullivan Township high school building. There is a large graduation class this year and an interesting program is being arranged for the occasion.

Card Of Thanks.

We desire to express our sincere thanks to all friends and relatives for their kindness and sympathy extended during the illness and in the hour of our bereavement when death called our beloved wife, mother and daughter, Jessie Maude Wright.

Respectfully,
James A. Wright,
Maxine and Henry,
Mrs. Jennie Miller.

Wabash Train Wrecked.

The locomotive and three cars on Wabash local passenger train out of Effingham on Wednesday morning left the rails and turned over in the high embankment south of Wabash river, two miles out of Effingham. Conductor Fred W. Vincent of Decatur was bruised and his back sprained so badly that he was taken to the Effingham hospital. Others of the train crew sustained only minor injuries.

Ford Garage Sales.

The Ford garage reports the following sales:
Runabouts—Buddle Tuggle, Charles Doug Daniels and Ray Dolan, all of Alleville.
Touring cars—Jesse Drew and Grant Ryberd, Sullivan.
Coupe—Jay Hollingsworth, Mattoon.
Tractors—Homer Brown, Bethany and Floyd Shirey, Alleville.
Used Touring—Ed Reedy, Sullivan.

Neighborhood Quarrel.

Mrs. Grace Smith had a warrant issued the first of the week against Mrs. Lizzie Baker on a charge of assault and battery. When the case was to come up for trial on Wednesday it had to be postponed as the State's Attorney Merrill Wehmhoff had been called out of the city on business. The case was postponed until the 31st. In the altercation between the two women Mrs. Smith was struck in the eye.

Bankers Attend Convention.

The two local banks were closed yesterday to permit the officers and employes to attend the district convention of bankers at Pana.

PHELPS PLAYERS NEXT WEEK.
The popular Phelps players, who are so well known to the citizens of Sullivan and vicinity who need no introduction, will open a week's engagement next Monday, May 24, in Sullivan on the Titus lots for a solid week.
The company has been strengthened by several new members and is still headed by those prime favorites, Cecil and Ruth Phelps, who will present an entirely new line of plays which have proved a success on the eastern stage and will be produced with an entirely new scenic and electrical equipment.
The present orchestra the "Medley Syncopeators" will render the latest jazz and classical selections and the musical numbers which are right up to the minute will be headed by the "Red Headed Music Makers" the novelty singing trio.
The opening play will be from "The Wise Fool," a story by Albert Payson

SULPHUR IS BEST TO CLEAR UP UGLY, BROKEN OUT SKIN
Any breaking out or skin irritation on face, neck or body is overcome quickest by applying Mentho-Sulphur, says a noted skin specialist. Because of its germ destroying properties, nothing has ever been found to take the place of this sulphur preparation that instantly brings ease from the itching, burning and irritation.
Mentho-Sulphur heals eczema, ringworm, leaving the skin clear and smooth. It seldom fails to relieve the torment or discomfort. A little jar of Rowles Mentho-Sulphur may be obtained at any drug store. It is used like cold cream.

In The District Court of the United States for the Eastern District of Illinois
In the Matter of T. G. Hughes, Bankrupt In Bankruptcy Number 3345
NOTICE OF SALE OF REAL ESTATE
PUBLIC NOTICE IS HEREBY GIVEN that the undersigned trustee of the estate of T. G. Hughes, bankrupt, will sell at Public Sale, for cash in hand, on Saturday, the 7th day of June, A. D. 1924, at two o'clock p. m., at the west door of the Court House, the real estate belonging to said bankrupt's estate, situated in the County of Moultrie and State of Illinois, and described as follows:

Tract Number One: Twenty-two (22) feet off of the South side of lot number eight (8) in block number thirteen (13), of the original town, now city of Sullivan.
Tract Number Two: The west half of the east half of block number five (5), and the east half of the east half of the west half of Block Number five (5), in William Kellar's Addition to the Town, now city of Sullivan, Illinois.

The sale being under the authority of an order entered by the Referee in Bankruptcy of said Court on the 15th day of May, A. D. 1924.
Said sale will be subject to the approval of the Referee in Bankruptcy.
The premises above described will be sold free and clear of all liens and incumbrances of every kind and character, including the bankrupt's estate of homestead, in the premises described as Tract number Two, and also including the inchoate right of dower of the wife of said bankrupt in each of said tracts, but will be subject to the 1924 taxes, payable in the year 1925; and tract number One will be sold subject to the rights of the tenants on the second floor of the building located on said tract number One. Possession of the ground floor of tract number one will be given upon confirmation of sale, and delivery of deed by trustee. Possession of tract number Two will be given upon confirmation of sale by referee and within thirty days from date of sale. An abstract of title will be furnished to the purchaser or purchasers to each tract, showing title to date of sale.
Tract Number One is one of the best located business properties in the city of Sullivan, and is a two-story building, the ground floor of which has been rented for \$60.00 per month and the second floor is now rented at \$22.50 per month.
Tract Number Two is the residence, occupied by the bankrupt, and is a large two story modern dwelling house, equipped with furnace heating, electric lights, water, garage, and a large garden, and is located in a good residential part of the City of Sullivan.

Dated this 22nd day of May A. D. 1924.

Interest In Estate Hinges On Record Of Court Adoption.
Back in the 80s when William Ritters, a prominent and wealthy farmer of Ash Grove, then living southwest of Gays, took a child into his home, there were some who were of the opinion that the boy was adopted. Time went on and the child grew into manhood and the farmer died leaving an estate said to be worth sixty to seventy-five thousand dollars. The boy, Van Roughton by name, secured an education and for a number of years taught school and later was elected county superintendent of schools of Moultrie county. Following the close of his term of that office, he went west and settled in Denver, where he now resides. In some way it came to him that the court records of Shelby county would show the legal adoption by William Ritters, sometime along the forepart of the 80s. For the past month or so the records of the county clerk's office have been gone over by the clerks of the office, by attorneys employed for that purpose and last by Charles E. Storr, who's visit here was chronicled in last week's Democrat. Mr. Storr was chief deputy in the clerk's office at the time it is supposed the adoption was made, if made at all. So far no record has been found showing any minutes of the case, and it is practically certain that no adoption was made in this county. If Mr. Van Roughton could establish his legal adoption, he would establish an heirship, which would entitle him to one-half interest in the Ritter estate.—Shelbyville Democrat.

Strohm Head Of Commercial Club.
The Lovington Commercial club met in regular session Monday evening. The meeting was held in the dining room of the domestic science department of the township high school. Aside from a well arranged program in which several of the club members took an interesting part, it was the occasion for annual election of officers. The results were as follows:
President—J. S. Strohm.
Vice president—M. W. Munch.
Secretary and treasurer—H. H. Clore.
Directors—T. L. Conn, W. R. Healer, Dennis Houlihan, E. R. Evans and S. H. Curry.

Secretary Clore tendered the annual financial report of the club which showed that the club cleared more than \$1,000 on last year's Homecoming. There is only a balance of \$600 yet to be paid on the park and this will probably be realized from this year's Homecoming. The club applauded the report enthusiastically, as it was the general expression that the finances of the organization have been very badly handled and those who have been engineering the various activities of the club were deserving much praise.

Maple Grove Closes.
Miss Ruby Buxton closed a successful term of school at the Maple Grove (Boggs) school, Thursday, May 8. The teacher and pupils enjoyed a wjener roast at the noon hour. Miss Buxton has been re-employed for another year. This will make her fourth year at Maple Grove school.—Lovington Reporter.

Manager Of New Baseball Club.
Ernest Lee, a senior of L. T. H. S. has been made manager of the Lovington-Cushman baseball club, diamond organization to present itself in this community.

THRILLING EXPERIENCE OF ARTHUR RESIDENT
The following special from Danville appeared in the daily papers of May 16: S. L. Winn of Arthur, went to Indianapolis a few days ago, carrying with him, according to his story, more than \$2,000 in currency, most of which was concealed in his socks.
He woke up Wednesday morning in the Hotel Attica at Attica, Ind., in a dazed condition, a very sick man, and the owner of a new sedan, which he could not remember having purchased.
An investigation of the man's socks disclosed \$320 in currency and \$10 was found in his pockets. The man was partially paralyzed on the left side when physicians were called by the landlord Wednesday morning to examine him and the cause of his trouble and how he secured possession of the automobile are mysteries.
The man arrived in Attica driving the car Tuesday night. He drove to the hotel and registered as "C. Shaw." His peculiar actions excited comment, but it was thought he was intoxicated.
Wednesday the man told a story of how he had met two men on the train out of Indianapolis and that he got off at Kokomo with them. One of the men asked him to taste something out of a small vial which he said was medicine.
Mr. Winn declares he merely touched his tongue to it and that he immediately felt a peculiar sensation and his memory of consciousness immediately departed. He remembers nothing of the purchase of the car, the license plates of which were issued to "Charles E. Shaw."
The sick man was a cousin of the late Marion F. Winn, former sheriff of Edgar county, and a cousin of Howard Winn, another ex-sheriff at Paris.
The man's wife was notified by the Attica authorities and she stated that she would immediately go to Attica and take charge of her husband and his affairs.

New Chevrolet Buyers.
Bryant's garage reports the sales of new Chevrolets as follows:
Shelton Freeman, Sullivan, new touring.
Bernie Ball, new touring.
J. S. Strohm, new truck.
J. W. Cripe, Cerro Gordo, new touring.
Jules Haselein, touring.
Joe DeMichael, Stonington, new sedan.
Misses Latta and Vance Hirt, new sedan.—Lovington Reporter.

Tuberculin Test.
The county veterinarian was in the American school district the latter part of last week and tested 103 cows and he found nine reactors. These will have to be sold and slaughtered. Some of these cows were thoroughbreds and cost \$150. Two were found in the herd of W. R. Bone, three for A. L. Orr, two for L. C. Sharp and two for Bert Smith. These cows will be sold on the market and as we understood the plan the owners will lose quite a good deal. These men ship quite a lot of cream.—Bothany Echo.

Visited The Wright Farm.
The animal husbandry class of the Shelbyville High school and members of the fat stock judging team visited the farm of Mrs. J. S. Wright last Thursday morning where they practiced the judging of beef cattle. C. E. Walker and Lloyd Atwood assisted in the demonstration.
The Wright farm is one of the best stock farms in this community and has a fine herd of Shorthorn cattle, pure bred sheep, registered Shire horses and pure bred Plymouth Rock chickens.—Bethany Echo.

Exhibit On Commencement Night.
Following the custom of previous years, the annual high school exhibit will be opened to the public at the close of the commencement exercises on Wednesday night, May 28, at the high school gymnasium. The exhibit this year will include all departments of the school, manual training, household economics, commercial and science. The patrons of the school are invited and urged to inspect the work turned out by the students during the past year.

Employ Music Teacher.
The Arthur High and grade school boards have jointly employed Miss Reba Ailene McLane of Bethany to teach music in the two schools the coming term. Miss McLane is a charming young woman, a graduate of Millikin and comes highly recommended as a music instructor. Besides teaching voice she plans to organize and drill an orchestra.—Arthur Graphic.

Bethany Orchestra Good.
Following the first picture show Friday night the Bethany high school orchestra of twelve pieces, under the direction of Miss Reba McLane, gave an hour's concert. The music was fine and greatly enjoyed by the large audience.—Arthur Graphic.

An Added Burden.
A new burden has been added to the life of house mistresses by the suggestion that servants ought to be provided with uniforms to match the color effects of the rooms in which they happen to be working.

Key to Situation.
Sometimes the key to the situation may be a club. It frequently takes a deadly epidemic to make a community realize the value and importance of adequate public health service.

The Gape Disease.
Recent investigation indicates that chickens contract the gape disease by eating earthworms infected with the larvae of the gapeworm, a parasitic nematod.

Heaping Up Taxes.
In heaping up proposed taxes, no ardent propagandist thinks for a moment that his is going to break the camel's back.

Rogue That He Was.
As near as we can get at it, Rembrandt spent a great portion of his life painting cheap imitations of his own works.

Tea and Cigarettes.
English novels are always drenched with tea, and in American novels the characters are always lighting cigarettes.

Adversity the Real Test.
Adversity is to friendship what fire is to gold—the only infallible test to discover the genuine from the counterfeit.

Wednesday the man told a story of how he had met two men on the train out of Indianapolis and that he got off at Kokomo with them. One of the men asked him to taste something out of a small vial which he said was medicine.
Mr. Winn declares he merely touched his tongue to it and that he immediately felt a peculiar sensation and his memory of consciousness immediately departed. He remembers nothing of the purchase of the car, the license plates of which were issued to "Charles E. Shaw."
The sick man was a cousin of the late Marion F. Winn, former sheriff of Edgar county, and a cousin of Howard Winn, another ex-sheriff at Paris.
The man's wife was notified by the Attica authorities and she stated that she would immediately go to Attica and take charge of her husband and his affairs.

Sporting Men To Hold Meeting at Centralia.

Duck hunters, quail shooters, as well as rabbit and coon hunters, as well as those interested in the chase, game fishermen, owners of pedigreed bird dogs, hounds, in fact every person directly or indirectly interested in hunting and fishing, or the conservation of our wild life in general, should either attend or be represented at the eighth annual meeting of the Illinois Sportsmen's league to be held at the Pittenger hotel at Centralia on Friday evening and Saturday, May 28 and 29.
Among the important propositions to be given consideration are the following:
Devising ways and means for obtaining a revision of the present regulations pertaining to the shooting of ducks and geese in Illinois.
Perfect plans whereby all Leagues, or associations in Illinois working for the protection of wild life shall operate as a federation through an executive council.
Arousing public sentiment to the importance of the conservation of what is left of our native forests, also for the prevention of the pollution of our streams. The great menace to our wild life is the constant drainage of our swamp lands, cutting the timber, defilement of the waters of our streams and lakes.
Consideration of the law pertaining to our fur-bearing animals, and best plans to revise the same for the purpose of better protection of the valuable species of our wild life.
Many dog owners throughout the state are not satisfied with the present laws in reference to our canine friends. The question of a revision of the same is to be worked out by a competent committee after hearing the suggestions.
A general discussion of ways to get more game and fish and changes in the laws governing the taking of the same.

Greenland.
Greenland has been explored by a number of men, among whom are Ross, Ingfield, De Haven, Kane, Hayes, Hall, Greely, Peary and Nansen. Nansen crossed from sea to sea in 1888, and Peary in 1895, and in 1895 again crossed the ice-cap, ascertaining the insular character of the continent. Various other explorations of the coast line have been conducted.

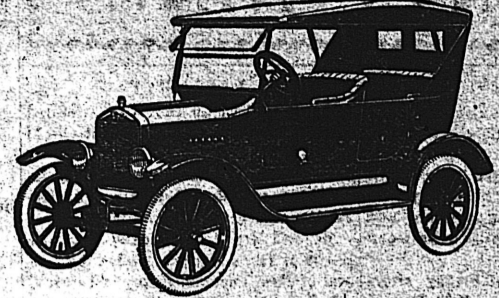

The White Weasel.
The ermine or white weasel, is the smallest of the fur-bearing found in North America. The finest ermine fur comes from Russia and Siberia. In winter the animal is snow white except for a black tip on the end of the tail. In summer it turns brown, and the brown fur is, for this reason, known on the market as "summer ermine."

Narcotics Do Not Cure.
Taking narcotics to relieve headache and other pains of the body is like cutting the wire to stop the burglar alarm. The cause of the pain goes merrily along its mischievous way in the one case while the thief continues happily to pilage in the other.

The Kettle Cross.
The Kettle crosses are such as were found on the Blessed Isle, one of the Hebrides group known as Iona. Some authorities believe that the circular symbol, which appears at the connection of the upright beam and the cross beam, is a sign of the sun.

Coal Tar.
Until about the middle of the Nineteenth century coal tar was regarded as a waste product and thrown away or burned under the retorts, but beginning in 1846 its value was discovered and it was first used in Germany for making roofing felt.

U. S. Assayists Accurate.
So accurate is the work of American government assayists that many foreign countries are said to have large deposits of United States coinage bullion in their gold reserve in preference to that of their own manufacture.

DOUBLE TRACK FOR ILLINOIS CENTRAL

According To Rumors Improvements Are To Be Made On Line Between Peoria And Evansville.

A story is floating up and down the Indiana division of the Illinois Central, especially between Mattoon and Peoria to the effect that something big is ahead of this particular part of the Illinois Central system. As the story runs the Illinois Central has for some time had in contemplation a line from Minneapolis and St. Paul to the southeastern seaboard. It will be remembered that some years ago the Illinois Central operated through passenger service between Chicago and Nashville, Tenn., the through passenger trains running from Chicago to Mattoon, Mattoon to Evansville and from Evansville to Nashville, Tenn. For some reason the service was abandoned, but it has been reported from time to time that the Illinois Central management did not permanently abandon the idea of routing through passenger and freight traffic from the northwest to the southeastern seaboard.

According to the story, the Illinois Central will buy or lease trackage from Minneapolis and St. Paul to Des Moines, Iowa, thence to Peoria using its own line from Peoria to Evansville, and lines that it owns or controls from Evansville to Nashville, Tenn. This arrangement will make it possible for the Illinois Central to route through freight and passenger business to Savannah, Ga., and Jacksonville, Fla., from the northwest, without diverting it through Chicago, as is necessarily done now in order to get to the southeastern seaboard.

Along with the above story, it is said that the big plan contemplates the double tracking of the line from Peoria to Evansville.

Lee McPheeters Resigns.

Lee McPheeters on Saturday resigned his position as patrolman on the hard roads in this and a part of Shelby county. He only received a little equipment with which to do the work. Last week Blonson Crockett assisted him.

LOVINGTON GRADE SCHOOLS.

The Lovington grade school closed another successful year's work Friday, May 18. The patrons of the school can well point with pride to the work that has been accomplished throughout the year.

Owing to the recent epidemic in the school there were not a field meet and closing day exercises as in the past three years.

On Friday morning the Eighth grade class of thirty received diplomas from Superintendent L. C. Francisco.

The honor students of the class are Bruce McMullin, Dean Hoover, Dale Smith, Willard McMullin, Mildred Campbell, Cecelia Hanisko, Roy Clotfelter, Robert Brown, Vera Patrick, Bernadine Alldredge, Ada Belle Cox, Virginia Hoard and Muriel Davidson.

The remainder of the class who have done well in school work are: Herbert Donovan, William Hewitt, Vaughn Cook, Donald Minor, Bessie Switzer, Margaret Shirey, Leo Valentine, Frances Devine, Mae Cochran, Ruth Randol, George Peterson, Romey Carter, Robert Morphy, Marjorie Coe, Peter McChrystal, Bonnie Grady, Nelson Cheever.

The diplomas that this class received will admit them to the Lovington Township high school without examination.

THE CHURCH ANNOUNCEMENTS

Items Pertaining to the Various Religious Organizations of the City.

GOSPEL MISSION.

R. F. Bradley, Pastor.
 9:30 a. m.—Sunday School.
 11:45 a. m.—Morning worship.
 7:30 p. m.—Evangelistic service.
 7:30 p. m. Thursday, prayer meeting. Cottage prayer meeting each Tuesday evening at some home announced on Sunday evening from the pulpit.
 The attendance at Sunday school fell off again but the evening service was well attended, and the Lord blessed his children throughout all the service, especially in the testimony service. Each one of the Lord's children that testified seemed to have a new touch from the Lord. Surely we praise him for these times of refreshing.

We understand some folks were disappointed on Saturday evening as they had gathered on the street corner expecting a street meeting. There was a little misunderstanding, with reference to the street meeting, but if the weather is at all fit we will be there next Saturday and each Saturday thereafter until further announced. For the present we have dismissed the Young People's service on Friday evenings and will hold the street meetings on Saturday evenings instead. The Saturday evening street meeting will be held at 8 p. m. We are glad for this opportunity to witness for the Lord on the streets and we earnestly pray that the message in prayer, song, testimony and His word may fall upon the ears of the passerby in a way to make some at least feel their need of Jesus. We invite the Christians from the churches to join us in these services.

D. W. Carnine and H. H. Smith of the Mission will hold services in the Methodist church at Allenville on next Sunday evening, May 25th.

The writer was not present last Friday evening but we understand Miss Stevens, who led the Young People's services, had a wonderful testimony for the Lord and did exceptionally well. Miss Stevens was converted in the Mission two weeks ago. How much the Lord needs young people in his cause, and how our hearts are burdened for the young people of Sullivan. Oh that the Lord may send a wave of righteousness among our young people!

District Rebekah Meeting.

The 26th annual assembly of the nineteenth Rebekah district was held in the Odd Fellows' hall at Arthur on Thursday of last week. State President Ella Dunlap of Savoy and other state officers were in charge.

Memorial services were conducted by Geneva lodge No. 274. The school of instruction was in charge of Grace A. Henry, state official instructor.

Exemplification of degree work was by Lovington lodge degree staff. Many from surrounding towns were in attendance.

Dinner and supper were served to the delegates and others in attendance by the ladies of the W. C. T. U. in the dining rooms of the Baptist church.

Deals By Isaac McClung.

R. H. Graham of Paris has sold his 80-acre farm to Edgar county. John Wehmhoff of Dillon City has also sold his stock of merchandise at Dillon City to Mr. Graham. Both of these deals were made by Isaac McClung.

Postmasters' Convention.

A convention of the postmasters of the state was held at Decatur on Wednesday and Thursday. Some of the representatives of the postoffice department at Washington were there for the gathering.

ALLENVILLE.

A program was given in the Christian church Saturday evening, for the eighth grade graduates of the Allenville and Hinton schools. The program was as follows:

- Presentation of class.
- Reading—Olive Hoskins.
- Duet—Doris Hoskins and Homer Hoskins
- Reading—Lois Davis.
- Solo—Mrs. Laverna Lane.
- Reading—Ruth Davis.
- Saxophone solo—L. W. Hawkins, accompanied by Mrs. L. W. Hawkins.
- Class prophecy.
- Quartet—Carrie Hall, Laverna Lane, Ralph Hall and D. G. Carnine.
- Class address—Rev. C. E. Dunkelburger.

Allenville members of the class are Misses Opal Burcham, Fern Turner, Mary Preston, Elizabeth Waciser, Irene Mattox, Mabel Leeds and Gordon Miller. Hinton members are Misses Olive Hoskins, Blanche Hall and Lois Davis.

Funeral services for George Reynolds, who died in the home of his son, William Reynolds, last week, were held in the Methodist church Friday afternoon at 2 o'clock with Rev. C. R. Ridgeway in charge. Burial was in the French cemetery.

Mrs. E. S. Montonye and Mrs. Delos Leffler were in Sullivan on Friday.

Mrs. Hulda Higginson and granddaughter, Miss Olive Hoskins, were visitors in Sullivan on Friday.

Mrs. T. G. Ford passed Thursday in Mattoon.

Mr. and Mrs. Reuben Davis and daughter Lois attended the Senior class play in Sullivan on Friday evening.

There will be special services at the Methodist church at 7:30 o'clock on Sunday evening, May 25th. D. W. Carnine and party from the Gospel Mission at Sullivan will have charge of the services. H. H. Smith, superintendent of the Mission Sunday school, will bring the message of the evening. There will be quite a variety in the services. Miss Valette Carnine and Miss Hazel Smith will operate the piano. Miss Mabel Langston will sing. Herwald Smith with his ukulele will play and sing and maybe whistle. Miss Mabel Stevens, recently converted in the Mission, will give her testimony. D. W. Carnine will have charge of the services of the evening. The party are trusting the Lord to help them carry out their plans and hope to be able to bring a blessing to the people of Allenville.

Attend State Convention.

Rev. W. B. Hopper, Attorney C. R. Patterson and Frank Witts were at Danville on Friday to attend a meeting of Illinois Chamber of Commerce. Col. George Buckingham of Chicago and Uncle Joe Cannon of Danville were among the speakers at the meeting.

Lost Articles Recovered.

Mrs. Sam Reedy on Friday recovered the watch she had lost a few days before at Freeland Grove park. Mrs. Tom Kinsel found the watch and on seeing the ad placed by Mrs. Reedy in the County News got in touch with Mrs. Reedy and returned the watch to her.

Miss Mary Craue, a student in the Sullivan Township high school, also re-

covered a rain coat a few days ago in the same manner. While on her way to school from her home in the country about eight miles east of this city she lost her rain coat. An ad was placed in this paper and one of the neighbors noticing the ad returned the rain coat to her.

LINGERING ILLNESS RESULTS IN DEATH

Continued From Page One.

The family moved to Shelbyville and lived there up to thirty years ago, when they moved to Gays and made their home. Mr. Reed passed away on March 4, 1923, since which time Mrs. Reed had made her home with her daughter. She was a member of the Christian church at Antioch for many years. The funeral took place from the Christian church on Thursday afternoon at 2 o'clock, Rev. Ira Blythe officiating, and burial was in the Gays cemetery.

NELLIE BEAN HILL.

The funeral of Mrs. Nellie Bean Hill of Decatur was held at the home of R. M. Magill in this city Saturday afternoon. Nellie Effie Beau, daughter of Robert A. and Carrie Luella Beau, was born in Scott county, Illinois, at the home of her grandfather, John W. Six, August 4th, 1884, and departed this life in Decatur, on May 15th, 1924. When an infant she moved with her parents to Moultrie county. When about two years of age her mother died, and the motherless baby was cared for by her grandmother, Mrs. Six, until the grandmother's death in 1902. For two years after this she was cared for by her aunt, Miss Etta Six. At the death of her father she was taken into the home of her uncle and aunt, Mr. and Mrs. R. M. Magill, where she made her home until her marriage. She was united in marriage to Omer L. Hill, who survives her on August 10, 1920, at Edwardsville, Illinois.

Nellie was converted at the Gospel Mission in Sullivan about three years ago. Her christian faith was of that quiet earnest kind, never very demonstrative, but she never lost an opportunity when being with earnest christians to have them pray with her and her prayer life kept her anchored to Jesus. During her illness, Nellie was aware that her life's thread could be easily broken and she was prepared to answer the call when it came. We cannot always understand why God sometimes reaches down and plucks one of earth's brightest flowers, but we say "Lord, Thy will be done." Nellie's life with us was only a few short years but it was a life to be remembered because of its cheerfulness and brightness, an honest sincere life, radiating joy and gladness wherever she went. The measure of one's life is not in length of years, but in the well spending of it. The loveliest vision in the world is the afterglow of a life radiant with faith, love, and unselfish devotion to the welfare of others. The lingering beauty of such a life transcends the brightest dreams of fancy.

Funeral services were conducted by Rev. Roy F. Bradley, assisted by H. H. Smith, Mrs. Roy F. Bradley and Miss Bertha Richardson sang "The Lights of Home" and "Does Jesus Care." Mrs. Bradley sang as a solo, "The City That's Soon Coming Down."

The flowers were many and beautiful, and spoke of the loving thought and care of many friends. The flower girls were: Mrs. Robert White, Mrs. Edward Hamblin, Mrs. Cecil Miller, Mrs. Lloyd Rector, Miss Anna McCarthy, Miss Blanch Monroe.

The pall bearers were: Dr. A. O. Magill, Dr. S. R. Magill, Dr. Clark Magill, Attorney J. J. Magill, Prof. I. L. Sears, and Cecil Miller.

Out of town relatives and friends attending were: Mrs. J. H. Meek and children of Chicago, Miss Etta Six of Chicago, Mr. Ira Six of Mt. Zion, Charles Six and wife of Decatur, Harry and Helen Covey of Kansas, Miss Gertrude Hill of Decatur, Vera Watson and family of Decatur, Ralph Wood and wife of Decatur, Dr. A. O. Magill and family of Decatur, Dr. S. R. Magill and family of Auburn, Dr. Clark Magill and wife of Chicago, Attorney J. J. Magill of Chicago, Prof. I. L. Sears and family of Waverly, Cecil Miller and wife of Decatur and Mrs. H. A. Six of Robey.

We miss thee from our homes, dear Nellie, We miss thee from thy place, A shadow o'er our life is cast, We miss the sunshine of thy face, We miss thy kind and willing hand, Thy fond and earnest care,

We miss thee everywhere.

MRS. MOLLIE MITCHELL.

Mrs. Mollie Mitchell, formerly of Bethany, passed away on Thursday morning of last week at the family home in Sheldon, Mo. She had been a resident of that community for the past seventeen years. She was a daughter of Uni Kutch, the first settler of Moultrie county and was born seventy-seven years ago last March in this county.

She leaves her husband and two children as follows: Barbara Shortzer of Sheldon and Miss Alice Mitchell of Montana. She also leaves a sister, Mrs. J. A. Mitchell, of Bethany.

The funeral was held at Sheldon and the body was then taken to the home of her sister, Mrs. Mitchell at Bethany. Short services were held on Sunday afternoon with Rev. Jacoby in charge. Burial took place at the Bethany cemetery.

ALVIN ASHBROOK.

Alvin Ashbrook, father of Sheriff Verne Ashbrook, passed away on Friday morning at 6 o'clock at the home of his son, Roscoe Ashbrook, at Sims. On last Thursday Sheriff Ashbrook took Odd Niles back to the Chester penitentiary and on his way back to Sullivan stopped off at Sims to visit his father.

The decedent was seventy-eight years of age and his death was due to ailments caused by old age. His wife passed away six years ago and since that time Mr. Ashbrook had been making his home with his three sons, Roscoe at Sims, Thomas at Taylorville and Verne at Sullivan.

The funeral was held at 5 o'clock on Sunday afternoon and then the burial took place at the Zion cemetery near Keosauqua. The Ashbrook family went there on Saturday to attend the funeral returning home on Tuesday.

MRS. JOHN BRACKNEY.

The funeral of Mrs. John Brackney, who passed away at 11:30 o'clock on Wednesday night of last week at the family home in the country south of Arthur, was held on Friday. She had been in poor health for several years.

She is survived by her husband and one son, Wayne Brackney of Harrisburg and two adopted children, Neal Brackney, residing in the country east of this city, and Mrs. Robert Gramblin, who resides in Sullivan. She also raised three boys, who were not adopted: John, James and Howard Brackney.

Funeral services were held on Friday afternoon at 2:30 o'clock at the Christian church in Arthur and were conducted by Rev. Berry. Burial took place in the Arthur cemetery.

OSTEOPATH SCHOOLS PLANNING TO UNITE

Fiftieth Anniversary Of Discovery Of The Science To Be Celebrated This Summer.

Two colleges of osteopathy located at Kirksville Mo., are uniting into one. American citizens today are alive to the importance of health questions, both public and private. Each one of them is either in favor of the established order in the practice of medicine, or else he leans toward non-drug methods of one sort or another.

This division began to make itself felt in a small way about fifty years ago, but it was not important enough to be readily apparent for twenty years or more after that. Now, no matter what one's opinions may be he realizes that the question really concerns himself and his family, and he wants to know at least a little bit of what is going on.

Dr. A. T. Still announced his discovery of osteopathy, June 22, 1874. That date will be celebrated by osteopaths throughout the world, this summer. But it was not until 1892 that the American School of Osteopathy was organized at Kirksville. This school began with an enrollment of seventeen students and at two-year course of twenty months. At least two of that first class, which graduated in 1894, are still in active practice and will have prominent places at the semi-centennial convention to be held in Kirksville in May of this year.

The original school developed rapidly, and others were founded from time to time. After this merger becomes effective, there will be a total of seven such colleges, each requiring a standard high school education before a student may enter, and four full college years of 36 months in the sciences pertaining to health and disease, before he may graduate.

The original school passed out of the hands of the old Doctor's immediate family a few years ago, but on June 2 of this year two sons and a son-in-law of Dr. A. T. Still will again become actively associated with the institution, just fifty years from the month that the discovery of osteopathy was first announced.
