# -It Costs No More

The NEW Shell Gasoline-400 "Extra Dry"-has made a hit from the start. And no wonder. It is the gasoline that is different, better in every way-and costs no more than the ordinary kind.

And it is fulfilling every promise that has been made for it. Greater power the motor indicates it. Quicker response the get-away proves it. Cleaner burning the spark plugs show it.

When anyone tells you that a "cheap," low price, inferior paint will cost you less than good old SWP—the best house paint money can buy-that's plain "apple-sauce," bunk, taffy, softsoap-orwhateveryouwant to callit.

No cheap, inferior paint is as economical as SWP-because you need nearly twice as many gallons to do the job-and your paint job lasts only about half as long.

SWP House Paint is guaranteed to look better, last longer, cost less per job and per year than any paint on the market.
