SUDDENLY STRICKEN FRIDAY MORNING

Suffers Heart Attack Shortly After Arrival At Store -Services At Ogle Funeral Home On Sunday.

Frank W. McPheeters, a prominent druggist of this city, died of a sud-den heart attack about 7:15 last Friday morning, soon after arriving at his store. He usually drove to town but this morning decided it would be better for him to walk. He had wait-ed on a few customers and at the ed on a few customers and at the time was sitting in the back talking to Earl Winskill, the janitor. He suddenly stopped talking, and Mr. Winskill realizing something was wrong, summoned help, but death occurred before anything could be done.

done.
Mr. McPheeters was born near Sullivan and had always lived here. He was always very much interested in public affairs and the betterment of the community. He was serving on the City Council at the time the new water system was put in and worked hard in behalf of the system. For several years he was a member of the high school board of education and had served as treasurer of tion and had served as treasurer of the Sullivan Building and Loan as-sociation for a long period of years. He was a member of the board of deacons of the First Presbyterian church and active in the Masonic or-

He was born on Dec. 6, 1876, the son of Addison W. and Margaret Mc-Pheeters. His parents moved from the country southeast of town to this city in 1885 and Frank attended the Sullivan grade and high school. He began work as an office boy for Dr. A. D. Miller, and later became an apprentice in the drug store of John R. Pogue and served there until 1911 when he went into business for himwhen he went into obsiness for him-self on the east side of the square. In 1932 he moved to the northeast corner of the square and added a fountain to his store. In 1908 he was united in marriage

to Miss Daisy Scoville, who with a son, Dean, survive. He also leaves a sister, Mrs. Julia Kirby of Champaign and a brother, Addison of St. Cloud Fla.

Funeral services were held Sunday afternoon at 2:30 at the Ogle Funeral Home and were largely attended. They were conducted by Rev. D. A. MacLeod of Raymond assisted by MacLeod of Raymond assisted by Rev. W. B. Hopper of Bethany. Mrs Helen McCune sang, accompanied by Mrs. Wiletha Cheever. The pall bearers were John J. Gauger, Dr. J. F. Lawson, Judge J. L. McLaugh-lin, Dave Cummins, Ray N. Bupp, and E. R. Yeakle. Interment was in

and E. R. Yeakle. Interment was in Greenhill cemetery.

Those present from out of town were: Miss Dorothy Scoville of Chicago; Dr. and Mrs. Darwin Kirby and Darwin Kirby, Jr., Mr. and Mrs. L. B. King, and Mr. and Mrs. Roger Zombro of Champaign; Mrs. Clyde McPheeters of Carbondale; Mr. and Mrs. O. P. Scoville, Mr. and Mrs. I. D. Leverington Mr. and Mrs. John

afternoon and will be continued un-Pheeters. Dean plans to remain out of school the rest of the semester and MRS. THOMAS RISLEY assist his mother in the store.

Funeral Service For

NEWLY ELECTED OFFICERS TAKE OVER **POSITIONS MONDAY**

MOULTRIE

J. B. Martin, Former County Clerk, To Be With Ralph Hanrahan For A While - Other Deputies.

The newly elected county officers will take over their new positions on next Monday, Dec. 4th. The two officers, who will succeed them-selves did not have any opposition in the recent election, namely Albert Walker, county superintendent of schools, and Fred Ledbetter, county judge, both Democrats.

The newly elected officers to take over their positions next Monday are: Ralph Hanrahan-County Clerk

A. (Bert) Lane - County Treasurer (D).
G. D. Edmonds—Sheriff (D).

J. B. Martin, former county clerk will assist Mr. Hanrahan for a time Mr. Lane has selected Miss Mary Mc-Intyre, who has been deputy county clerk, as his deputy in the treasurer'

G. D. Edmonds, sheriff, will have his son, James Edmonds as his deputy for the present.

Election Next Spring.
With the county election over
many candidates are appearing for the position of highway commission-er. In each of the townships of the

county commissioners are to be elected in the spring. Those serving these townships now are:
Sullivan—L. A. Crockett, (R).
Lovington—Frank Bolsen, (R).
Marrowbone — Charles VanMeter,

East Nelson-Chester Graham (R) Jonathan Creek-James Ryan, Jr.

Whitley—Sam Davis, (R).
Dora—O. E. Wagahoft, (R).
Lowe—Lloyd Aschermann, (D).
In addition to the commissioners,
four supervisors are to be elected

in April for four-year terms. The supervisors whose terms expire are: Marrowbone—O. C. Hoskins. East Nelson—A. A. Hollonbeck. Jonathan Creek—J. E. Casteel. Whitley—Jake Hortenstine.

Commissioner Al Crockett intends make the race for commissioner of Sullivan township again next spring. It is understood that Chris Monroe will also be in the race on the Republican side.

Several candidates have been mentioned for the place on the Democratic side.

The commissioner has the spend ing of more money than any other

township official.

The town clerks and assessors hold over until 1941, the assessors Of course, the boys are proud of always being elected a year before the coats and hats and are inspired their services start.

City Election.
A city primary will be held in February to name candidates for mayor and city commissioners to be voted on at the April election. The terms of Mayor Miller, and Com-missioners A. K. Merriman, W. A. Gardner, Ray N. Bupp and Len Love-less will all expire in the spring.

In June of next year comes the election of the circuit judges in this district. The present judges whose terms expire are Joseph L. McLaughlin, of Sullivan; John Armstrong, of Champaign and C. Y. Miller, of December 1 catur.

MRS. GUY PIFER ENTERTAINS SISTER FROM MEXICO CITY

CHAMBER OF COMMERCE GAIN IN RED CROSS TO MEET DEC. 13TH

Officers Ask For Suggestions Regarding Work Of Organization.

During the past week newly elect-ed officers of the Sullivan Chamber of Commerce have met and discussed ways and means of perfecting a working organization. Already about eighty of the business and professional men of the city have agreed to join and tentative plans have been

made for the organization.

The first meeting date has been set for Tuesday evening, Dec. 13th. Particular plans for this meeting will be announced later.

The officers are very anxious that the new organization carry on and ideas are welcomed. The officers hope for the cooperation of all the members and urge all to turn out for the first meeting. for the first meeting.

JOE McLAUGHLIN PASSED
PILOT'S EXAMINATION.
Joe McLaughlin is now a full
fledged airplane pilot by virtue of
having passed his Private Pilot's examination, which he took in Peoria
last Monday under Civil Aeronautics
Authority Inspector Read This gives Authority Inspector Read. This gives him a pilot's rating with unqualified certificate of competance for all local and cross country flying of a noncommercial nature.

The test which he took at Peoria

was a very exhaustive one and was in two parts, a written test on all phases of aeronautics such as navigation problems, meteorology and forecasting, airlaw and the Federal regulations; and a practical flight test. To pass the latter Joe had to make a precision spin, recover to the right and left, make a 720 degree vertical right and left without losing more than 200 feet altitude, power stall cross wind landing with motors. phases of aeronautics such as navistall, cross wind landing with motor dead from 2000, 1500, and 1000 feet respectively landing beyond and within 300 feet of a point designated

GREGORY-THOMPSON QUARTET AT THE METHODIST CHURCH SUNDAY EVENING.
The Gregory-Thompson quartet, from Cowden, Ill., will appear at the Methodist church, Sunday evening at 7.20 cyclock 7:30 o'clock.

Three of the singers are brothers in the Gregory family. The other member of the quartet $i_{\rm S}$ named Thompson. These boys range in age from 10 years to 14 years. They do part singing, and produce exceptional harmony for boys. The accompanist is a brother of the other Greg-

ory's Floyd Ethridge, a trumpeter, also comes with the quartet, and will ren-der several selections.

The boys will use almost half of

the evening service to present their special program. It will be well worth your time to hear these boys. Few quartets of such youthful sing-ers are capable of producting such delightful harmony. The public is cordially invited to enjoy this musi-

PRESBYTERIAN MINISTERS' CLUB GUESTS OF REV. WILLIAM MASON.

Members of the Presbyterian Ministers' club of the Mattoon Presbystrated how to keep a home account tery, who were in Bethany on Mon-day for their regular monthly meet-ing, were guests of Rev. William H. Mason at a dinner which was served by the ladies of the church. Rev. George E. Keithley of Newman gave

a paper on "Basis of Ethics."

Those present at the meeting were
Revs. George E. Keithley and J. M. Those present at the meeting were Revs. George E. Keithley and J. M. At the end of the year a summary is spending in the future.

At the end of the year a summary is made of all the home account the books in the state. From this summary is was held twice daily by members books in the state. From this summary of the squad. MAYOR MILLER AND PARTY MR. PAUL F. WILEY ON HUNTING TRIP

Leave Saturday Morning For Pennsylvania To Hunt Deer.

Not to be outdone by his colleague on the Sullivan city council, Dr. A. K. Merriman, Mayor A. D. Miller departed last Friday morning about 2 o'clock in company with Loren Brum-field and Mr. and Mrs. Kenneth Elzy for Pennsylvania to spend a few days hunting deer. The Elzys were go-ing to visit Mr and Mrs. Glenn Rhodes and Mr. Elzy also expected to join Dr. Miller and Mr. Brumfield on their hunting trip in the Pennsylvania mountains.

The Pennsylvania hunting season on deer opened on Monday and the Sullivan party wanted to be on the

ground to get an early start.

The Sullivan mayor is no novice at hunting game as he has on previous occasions made successful trips to the woods and mountains to get a chance to shoot deer in northern Minnesota and also in the Rocky Moun tain region. Mr. Brumfield is an old hand at hunting also.

While the doctor is away Mrs. Miller has been visiting in Rock Island at the home of her daughter, Mrs. E. J. Campbell, having accompanied Rev. and Mrs. Campbell to their home after a visit over Thanksgiving

MARRIES MARTHA AMES OF MATTOON

Ceremony Performed On Friday, Nov. 25th, At the Second Baptist Church In St. Louss.

Miss Martha Ames of Mattoon and Paul F. Wiley of Urbana were united in marriage on Friday, Nov. 25, at 3 o'clock. The single ring ceremony was performed at the Second Baptist

church of St. Louis by Rev. George Tolley. There were no attendants. The bride was attired in a dubonnet street length dress with brown

accessories.

Mrs. Wiley is the youngest daughter of Mr. Harvey Ames of Mattoon. She was graduated from the Mattoon high school in the class of 1933 and from the two year course of Eastern Illinois State Teachers' College in 1935. Since then she has been employed as teacher at the West Para-dise school in Coles county. Mr. Wiley is the eldest son of Mr.

and Mrs. J. P. Wiley of Sullivan. He was graduated from the Sullivan Township high school in the class of 1933, and received his B. S. degree at the University of Illinois in June,

1938. He is now doing graduate work in Organic Chemistry at the University.

Mrs. Wiley will continue teaching and Mr. Wiley will continue his work at the University.

LICE AND MITES REDUCE WINTER EGGS.

Prospects of this season's pullets becoming profit makers this winter may be sharply reduced unless they are protected against lice and mites at this time of the year, according to H. H. Alp, poultry extension specialist, College of Agriculture, University of Illinois.

It would be well to look over a few

birds. Dusting with sodium fluor ide is a satisfactory treatment.

Painting the top surface of roost poles with a 40 per cent solution of nicotine sulphate will materially reduce lice on poultry, especially dur-ing warm weather. It is well to re-peat the operation in 10 days, as the treatment does not kill eggs or

MISS MABLE GALLUT DIES ON FRIDAY. Misses Mary and Julia Brown have received word of the death on Friday of last week of Miss Mable Gallut, formerly a resident of this city, at here home near Neoga. She is survived by a sister, Ellen. She was a sister of the late Charles and Arthur Gallut, who at one time ran the mill here. Miss Gallut was an active mill here. Miss Gallut was an active worker in the Presbyterian church.

phere, would find Nazi Germany a gion of Europe where the pressure naval power in the vicinity of South of surplus population is the greatest and the post-war impoverishment the most acute. It is no accident, surely, that with the non-European world closed to European migration and in large part to European trade, the should have followed so quickly fierce movement toward empire and a ruthless spoliation of the more defenseless minorities.

The true colonial question today is not how to partition Africa how to organize its development as place of settlement for Europeans It is a great task. But rightly con ceived it is a task as inspiring as it is great, one to enlist the genius of the imperial nations, and to revive in the world that feeling of hope in the ex pansion of human energies which is has lost. The opening of a new con tinent to European migration will have to be undertaken in this century. Difficult as it looks there is be solved by removing a half million
Jews from the Reich. If any one
doubts that this is not the problem
let him look to Poland, where the and within the crowded

added greatly to the service. We thank you all for your co-operation.

Now we begin a very busy month. December has many things in store for us. I imagine that for the world the state of all the month. it is the happiest of all the months. And why shouldn't it be? It reminds us of God's great love for mankind.

No wonder the angels sang, "Peace on earth, good will to men!" Looking forward to this month suggests a natural schedule. Next Sunday we are to discuss Love. A week from Sunday is Universal Bible Sunday and we are thinking chiefly of the Word of God. Then, as Christmas approaches the blad carols will be sung and our hearts will be cheery and bright with the warmth of the Christmas season. In preparation for the important events that are approaching may we by prayer and meditation think of Him who was

Lunch on the Grounds.

Gillie Pankey

Dear Suzie -

Post-vacation rattling, this. I'll just peck it out as it "comes."

First of all, this morning. This being Monday night, that meant arrivals-from-vacations and greetings and moanings about returning to classes and hilarity in general. The eating places were packed this noon, since most houses weren't serving meals until tonight. And they were a combination of bedlam and Grand Central Station (if there is any difference.) Every body was yelling at somebody across the room or else at waiters-who were too scarce and slow. Because lots of people had to "make one o'clocks." If that's just gibberish you, it means getting to a class which meets at 1 o'clock on time. That was important this noon, because each student's last class before vacation and first one after are no times to cut. Some Dire Penalty awaits him who dallies with this law; I'm not, to be truthful, exactly sure what does await him-but it's Dire, that I know. Even our blithest class-cutters come then. The instructor in my first class called roll, then grinned at us and said-"People, just take a look around; you'll probably never see a sight like this again. Every one's here!" It isn't that bad, really-but still and all, that's quite an oc-

So, to get back to lunch—which is a thing I love to get back to (such grammar!)—we really had to bolt and run; and some poor souls just went without. What price education?

I'll bet you heard Charley McCarthy last Sunday. Well, do you remember when he was trying to rush people for his new fraternity? He must have been to college! That really rang true, that "smooth chatter" and super-saccharine tone. It's just about what happens to the best of mice and men when the rushing season rolls around. They're just "too good to be true." No sarcasm; I have no quarrel with "the Greeks"—just a passing observation.

Which reminds me of a couple of things-some more fraternities are slowly picking up the idea of having house mothers. It seems a grand thought—if they get the right person for the place. Don't you think?

And also-going back to the radio topic-are you hearing these Great Plays presented by NBC every Sunday from 12-1? I don't even get paid for this, but I'll say it anyhow—they're among the very finest on radio today. They give great plays with the greatest of actors in the roles. They started with Greek drama, right now they're doing Shakespere; last Sunday (1997). day was "Othello", with Walter Hampden doing a splendid piece of work in the title part. Next week it's Corneille's "The Cid". Don't, please don't miss them; they're really worth hearing, and they're taking the plays right through, chronologically, so that they'll end up next spring with Maxwell

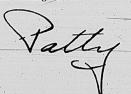

Sublime to the ridiculous. Because it is. I mean college students trying to "be collegiate." I rode up to Chicago on the train the week end of the Chicago game, so I got a big dose of it. The train was packed pretty muchly with students, and most of them were being normal and relatively civilized. Some of them were even studying, believe it or not. But some of the boys decided they'd have to "be collegiate." I think they the boys decided they'd have to "be collegiate." I think they must have copied the movies' conception of college—it was about that caliber. In fact, it was a none-too-mild form of exhibitionism. Mind you, this was a small group—not the majority of us. And that is what burns me up. They kick loose like that, and then we all get accredited with those characteristics as being "collegiate." They were noisy and boisterous and they kept up a continual caravan from one end of the train to the other. In the diner they shouted back and forth and were very "sophisticated" and elever and—even "cute." and were very "sophisticated" and clever and—even "cute." And they had a lot of fun, and the older people either looked at them with grins which said "Fool kids!" or rather bored looks which said "Boorish brats". Which about hit the nail

I'm not trying to say that we're always sedate and mousey of course not. But I think we can keep our noise in the place it is meant to be—the cokeries and around campis, where it's truly a part of our high spirits, and not a way of saying "Hey, look at me! I'm in college!"

People look at them and say—"Well, there's college students for you!" Well—remember this. That isn't "college students for you"—that's six or eight of the brethren infused with the herd spirit, bleating around about nothing. Don't blame college for that. It's first grade!

Wednesday now, and I suppose you've heard the big news from all angles already. It broke in extra editions of the town newspapers yesterday afternoon, and the Illini this morning carried the banner: "Zuppke Resignation Rejected." The whole campus is buzzing about it. To think-that after twenty-six years as coach here Zuppke should be forced by "local pressure"—which took official form in the body of the Athletic Board—to resign as football coach. Zuppke—you've read this on the sport pages—didn't want to resign, but was finally forced to. And then when the Board of Trustees of the university received the resignation, they refused to accept it, or even consider it. They issued this statment in regard it, or even consider it. They issued this statment in regard to the situation. "The board of trustees of the University of Illinois disapproves of any change in the status of Coach.

It's interesting, in the face of all the recent criticism of Zup, that those who have stood up for him most were those who knew him best—his own team, sport writers who worked with him constantly, and other football officials. These people who cried out for his scalp were, for the most part, people who lacked that good a basis for judgment. As to the students and others who had thoughtlessly echoed criticism of Zup because of the bad season we've had, it suddenly brought them to life. We're availy relieved, we and really thankful that to life. We're awfully relieved, yes and really thankful that Zup's resignation wasn't accepted; and we're suddenly brought to our sense about this business of idle criticism—perhaps it will teach Illinois sport fans a lesson. Let's hope so. For there are greater things in sports than winning teams.

Farm Plan Increase 10 Percent. Participation In '38

Latest figures show about a 10 per cent increase in the participation of Illinois and other corn belt farmers and farmer sentiment indicates that additional gains will be made in 1939, according to information re-ceived by Earle H. Cruit, chairman of the Moultrie County Agricultural conservation committee from C. R. Wickard, director of the AAA North

Central Region.
"AAA committeemen report that much more interest is being shown in the 1939 program than in any pre-vious program," Wickard said. vious program," Wickard said.
"Everything points to a successful
program next year. The price protection offered in the present program through corn and wheat loans,
conservation payments and crop insurance—is operating to the adventure of comparating farmers devantage of cooperating farmers, despite the relatively low market price.

This is the intention of the farm act.

"The 10 million acre decrease in corn acreage this year from the 10year average is strong evidence of the program's effectiveness. Had this additional acreage been harvested with the 352 million bushel carryover of 1937 corn, prices would have been lower, the corn loan rate would have been lower and stimulus to overwould have been greater.

Wickard said that while in major respects the new 1939 program will be virtually the same as last year, it will be somewhat simpler than in 1938, and it will be taken out to the farmers earlier than ever before.

Community committeeemen will have a greater voice in establishing acreage allotments under the nev program. As soon as the allotments are established an intensive infor mational program to acquaint farmmational program to acquaint larm-ers with the details of the program will be held in each community. If present plans are completed, allot-ments for individual farms will be established by the first of the year.

GRADE SCHOOL TEAMS WIN THEIR GAMES AT LOVINGTON. The Sullivan grade school Heavy and Light Weight teams won their games with the Lovington players a that place on Tuesday evening. The larger boys from Sullivan had a comparatively easy time in defeating their rivals while the Lightweight contest was nip and tuck with Sullivan nosing out the Lovington play-

J. C. Moore was heavy scorer for J. C. Moore was heavy scorer for the Lightweights in their game, scoring a total of six basekts and two free throws. In the Heavyweights game which the Sullivan players copped by a score of 33 to 17 Kenney led the scoring with eight baskets and one free throw. J. C. Moore, Robert Babb and Callahan each made two haskets.

Lesson for December 4

THE SIN OF LYING

LESSON TEXT—Exodus 20:16; John 8:43-47; Ephesians 4:25. GOLDEN TEXT—Behold, thou desirest truth in the inward parts.—Psalm 51:6.

Lesson subjects and Scripture texts lected and copyrighted by Internation Council of Religious Education; used permission.

Council of Religious Education; used by permission.

"God is truth. The word truth describes the very nature of God. Lying, therefore, reveals a character opposite from God. Satan is a liar. He was a liar from the beginning and is spiritually the father of all liars. A lie does not necessarily have to be an untruth. A statement of a truth may be a lie if its purpose is to deceive. A half truth may be the worst kind of a lie. Satan's lies . . are usually mixed with truth." Consider "modernism, which has enough truth in it to make it accepted by thousands of people, but sufficient error to deprive it of any power to save souls" (L. D. Higley). (L. D. Higley).

I. Forbidden to Lie (Exod. 20:16). I. Forbidden to Lie (Exod. 20:16).

This commandment specifically forbids perjury, which is one of the worst forms of lying, because it may result in the forfeiture of the very life of a fellow being. It is obvious, however, that it includes all forms of lying, whether in business, in social contacts, in the home, or in the church. We might do well to consider what the Bible has to say about whisperers, talebearers, backbiters, and others (see Lev. 19:6; biters, and others (see Lev. 19:6; II Cor. 12:20). A man's reputation may be as easily ruined by a whismay be as easily ruined by a wins-pered lie over the back fence or the luncheon table as by formal perjury in the courtroom. "Thou shalt not bear false witness" at any time, anywhere, or in any way.

II. Fountain of Lies (Matt. 15:19,

Our constant concern for the body that it may be healthy, clean, and well groomed is commendable up well groomed is commencable up to the point where it becomes an attempt to "glorify" the flesh. But after all, the body is not the most important thing. The heart is what makes a man (read Matt. 15:7-11). But what comes out of man's unregenerate heart? What a horrible octalogue we read in verse 10! ble catalogue we read in verse 191 It is not what a man eats or what he wears that makes him, but what is in his heart. How foolish then to hope to redeem humanity by im-proving housing, having better schools and bigger playgrounds. All these are desirable, but the one thing needful is that man's heart be washed in the blood of the Lord Jesus Christ, that he be born again.

III. Father of Lies (John 8:42-47). Liars had better consider their 'family tree' and see how they like their spiritual father. He is lustful, murderous, and there is no truth in him (v. 44). If you belong to that family would you not like to change families and be born into Cad's family.

God's family.

As we have already suggested, As we have already suggested, the prize lie of Satan is modern religious liberalism. We quote again from Mr. Higley: "The first lie was told by Satan and it brought about the fall of the human race. The last lie . . by Satan is being told even now, . . . in the form of modernism, that makes the Church impotent even to save its own people." Let us have no part in putting forward this falsehood.

Note that in verses 45.47 Jesus

Note that in verses 45-47 Jesus challenges His enemies to convict Him of sin or of falsehood. No one has ever been able to meet that challenge. Even those who deny His Godhood and Saviourhood His Godhood and Saviourhood speak swelling words of commendation of His pure life and exalted moral teaching. If then He told the truth about other things, surely He spoke the truth about Himself. The claims He made for Himself as the Son of God and the Saviour of the if we deny them we either make Jesus a liar, or we lie ourselves, and it is obvious that the latter is IV. Forsaking of Lies (Eph. 4:25). "Wherefore" refers us back to the

preceding verses where we are told how, as Christians, we have put off the life of the "old man" (v. 22) and put on the "new man"; therefore we are to live in true holiness. But evidently the Ephesian Christians still fell into their old heathen habits of lying. Would that the tendency had died out with the early Church, but as a matter of fact, it seems to have become aggravated as the years have come and gone. as the years have come and gone.

Being in Christ—members of His
body and thus united to one another
in Him—should make us scrupulously truthful toward all men. Let us
—which means you and me—scrutinize every relationship of life and
be sure that we have not by word tinize every relationship of life and be sure that we have not by word, act, or inference told lies. Think carefully of your family life, your church life, your community life. Deal with such practical things as grocery bills, taxes, tendencies to gossip. We preachers need to congossp. we preaches need to consider our sermons. Are they true to God's Word? Are they honestly prepared? Do we "stretch" our illustrations to make them effective? Surely all of us who bear the name of Christ must put away every form of falsehood.

HYBRID CORN MEETING

HYBRID CORN MEETING
AT ARMORY DEC. 8TH.

"A Good Place To Trade"

AAA FARM PROGRAM. Answers to some of the questions Moultrie county farmers have been asking relative to objectives of the asking relative to objectives of the AAA farm program have been prepared by Farm Adviser Paul M. Krows in cooperation with the extension service of the College of Agriculture, University of Illinois.

-Will not soil conservation add to the problem of crop surpluses?

A.—While the AAA farm p

gram helps to maintain soil fertility, it probably would require many years of effective soil building practices to increase the total national crop production. Fertile soil will produce crops at lower cost. No matter how much or how little the markets need, the lower the cost of production the better off the farmer will be. Soil conservation through acreage adjust-ment merely stores in the soil, until FOR SALE—Dressed ducks and the soil fertility that otherwise would

Dazey, produce an unneeded surplus. 2. Does the farm program encourage an increased production of

dairy products?

A.—The total amount of food and feed supplies is not increased by diversion of acreage from gain crops to soil conserving crops. Corn is fed for dairy production. Experience has shown that dairy production in-creases most rapidly in periods of low grain prices. At such times on-dairymen are encouraged to feed act more heavily and economic pressure at forces grain farmers into dairying.

Mrs. C. (Addition to this list for 50c.)

The AAA farm program that conservation payments may not be made to farmers who have terially increased dairy cow numbers and dairy production in where dairy cow numbers have been materially increased.

Q.—Does the farm program reduce production in this country and allow farm products to be shipped in from other countries?

A.—No. During the past year corn exports amounted to more than 130 million bushels, the highest in more than 15 years. During the wheat crop year closed June 30, 1938, our wheat exports were more than 100 million bushels. Imports of both of these products have practically disappeared. With the increased reserves accumulated under the evernormal granary and crop insurance features of the farm program, less imports will be needed to make up for short crops. Imports of major farm products are in a sign of high prices in this country. They can come in only when prices are high as

a result of short crops.

NOTICE TO HUNTERS. We, the undersigned will not permit hunting or trespassing on our farms. Those who do not comply with this warning will be prosecuted.

Orall Bundy. Illinois Masonic Home. Mrs. Della Garrett.

Mrs. C. S. Edwards. (Additional names will be added to this list to run until January 1st,

Seass Jersey Makes State Record

A five year old Jersey cow owned by L. D. Seass of Sullivan has just completed a year's record in the Moultrie Dairy Herd Improvement Association with 885.1 pounds of butter fat. This cow, Pogis Majesty Duchess 1019583 was calved Feb. 2, 1938, and started the test just completed on Nov. 23, 1937, at 4 years, 9 months and 21 days of age. This year's record goes as a 4 year old record.

The value of this cow's production for the year, by the cow Tester, Wayne Wilson's records, is \$395.80. The cost of her feed was \$92.37, leaving a net profit of \$303.43 above her feed cost. Pogis Majesty Duchess last calf was sold when ten days old to Orall Bundy of Sullivan for \$100.

year's record goes as a 4 year old record.

As a two year old, Pogis Majesty Duchess, produced 10482 lbs. of milk and 632.7 lbs. of fat. Her second test as a 3 year old produced a record of 11770 lbs. of milk and 729.5 lbs. of fat. The testing year just completed which was the third, gives her a record of 15167 lbs. of milk and 885.1 lbs. fat. In three lactations she has produced 2247.3 lbs. of butterfat and 37419 lbs of milk. Her average all-time butterfat test is 6 percent.

For those not familiar with Dairy Herd Improvement Association terms and have little conception of what 885.1 lbs. of butterfat means it might be well to say that if the cream had been churned it would have made over 1000 lbs. of butter.

Pogis Majesty Duchess is an attractive cow, being very refined and dairylike throughout. A clean cut Jersey head and a large well shaped udder makes her an outstanding specimen for the breed. She was

udder makes her an outstanding and care. As far as is known at pres-specimen for the breed. She was weighed recently and weighs 890 butterfat is a State record for 4 year

Vice-Chairman-William E. Gra-STATE FARMERS USE MORE ven, Sullivan. Third Member—Harvey R. Selock

Chairman - Bruce L. Munson

Vice-Chairman-George T. Finley,

Third Member-Wilbur T. Rose,

Corn sealers are Lloyd McLaughof Sullivan. The corn loan procedure for 1938 has been announced and corn sealers will be busy during December. The corn loan or sealing price was recently announced at 57c per bushel. Cooperators in the 1938 program are eligible to seal their corn at this figure.

FARM ACCOUNT KEEPERS URGED TO BRING BOOKS
UP TO DATE.

Farm Account keepers have been advised recently to bring their farm account books up to date so that they will be ready to be finished at the end of the year. A farm account school will be held early in January to assist account keepers in closing their 1938 books and in starting new books for 1939.

The Producers' Creamery at Champaign announced at the annual meeting on Friday, Nov. 18, that gross sales last year amounted to \$288,000 according to Paul M. Krows, Farm Adviser of Moultrie county. Manager C. C. Burns read price

Manager C. C. Burns read quotation from the Evansville, Indiana Press of Nov. 13, 1938. This area is not affected by a farmers' cooperative creamery. The price there was 19c and 17c. Burns said, "Here in a cooperative creamery area where a farmer owned plant is of proving to be one of the most popular proving to be one of the most popular modern conveniences ever offered to Moultrie and Coles county farmers and their families.

Cooperating in furthering the project in the county are the extension service in agriculture and home economics of the College of Agriculture. where a farmer owned plant is of-fering competition, we have a 24c and 23c market." This is 5c and 6c

and 23c market." This is 5c and 6c higher per pound for butterfat.

"What does this amount to on seven million pounds of butterfat, marketed by farmers here in eleven counties where the Producers' Creamery of Champaign affects the price level for all butterfat? At five cents a pound on all of the seven million produced in amounts of \$350-000. Even at 1 cent a pound more to all farmers in this creamery district, the increase received by farmers the increase received by farmers would amount to \$70,000, or than our entire plant is worth.

"If this creamery could have pur-chased its butterfat last year at a price like this quotation for the Indiana market we would have had probably \$30,000 or \$40,000 more profit on 875,000 pounds of butterfat.

"As it is, however, farmers have been putting this money into their pockets each week as they cash their

creamery and its patrons.

"Products might be sold or distrib-

uted from this plant such as butter, cottage cheese, cheese and condensed buttermilk for pigs and poultry. Local market conditions could be followed closely. It is thought that such a local agency would make tangible the cooperative spirit and give many farmers something they could see. It might bridge the distance from

patrons to plant.

Cream for fresh depots could be picked up by our present route men, brought into the central plant with little extra costs and reduce our average procurement cost," Mr. Burns The manager reported that during

the four years that the Producers' creamery has been in operation in Champaign \$13,600 has been declared in patronage dividends. The original cost of the building and grounds has been paid for as well as stock amounting to \$4,600 in associated companies.

A dominant position has been obtained for Prairie Farms butter. Producers' Condensed Buttermilk and

timber or posts. Several soil conservation leaders have signified their interest in this project. With sufficient interest, some demonstrations will be planned for the future.

Well dented corn in your ever normal granary is better business than a well dented pocketbook. Rat proof your corn crib with a good concrete foundation and floor and a 1-2 inch heavy wise

FARMER OWNED CREAMERY RAISES BUTTERFAT PRICES. ELECTRIFICATION POPULAR WITH LOCAL FARMERS

With 340 miles of new lines al rice ready planned, rural electrification i

University, the REA, Illinois State Rural Electrification Committee and other interested agencies.

Rural electrification is not necessarily more important than other pro jects, but it strikes close to the needs

jects, but it strikes close to the needs and wants of farm homes in this area. Electricity for lighting, water, pumping, operating the washer, iron and radio, has been a long-felt need in rural homes. It now appears that service will be a reality throughout Moultrie county and other portions of rural Illinois as well of rural Illinois as well.

More than 1200 applications for electric service have been submitted by Moultrie and Coles county farmers since the project was started las summer. Incorporation of the Coles Moultrie Electric Cooperative on mon-profit basis, requires that only members of the organization can be served. A membership fee of \$5 has been set for those who desire to join the organization.

The cost of service to any member will be at most on an average with the cost to any other Illinois farmer. The cooperative feature of the project should enable Moultrie county farmers to buy current for actually less than it costs other farmers a soon as the cooperative reaches smooth-running schedule.

Hello Everybody

FARM BUREAU POLICIES SET BY MEMBERS.

The coming annual conventions of the Illinois Agricultural Association (Jan. 30-31, Feb. 1, in Chicago) and the American Farm Bureau Federa-tion (New Orleans, Dec. 12-15,) are reminders that the policies that govern both organizations originate out on the farms of Illinois and America, says President Bicknell of the Moul-trie County Farm Bureau.

"The supreme governing body of

the Illinois Agricultural Association," said Mr. Bicknell, "is the official board of Farm Bureau delegates who will pass on all policy matters at the county will be represented on this board by two delegates to be chosen at the annual meeting of the Farm Bureau. The board of delegates elects the

president and vice-president and half the board of directors of the Association annually. They also set the course of the Association on all mat

ters outlined in the resolutions.

The official delegates as well as the members of the County Farm Bureaus and the 1. A. A. have ample opportunity to voice their opinions and exercise their influence to change any established policy or to initiate

cottage cheese are also manufactured at the Producers' Creamery of Champaign.

The principal speaker of the Annual Meeting was Professor Marvin A. Schaars of the University of Wisconsin who talked on "Cooperation and the Marketing of Agricultural Products."

At the election of directors of the same and products."

At the election of directors of the same and products. Earl C. Smith, president of the Illinois Agricultural Association has been a firm supporter of these round.

A certain farmer's drinking water

propounced unfit to deal high the second age of the surface water into the well,

free from contamination.

Children who attend country schools often are sick for a day or two with "tummy-ache." Most parents feel that their children just have to be sick once in a while. When we read that out of 1881 country school water supplies inspected by the Illinois State Health Department in 1937, 85.2 percent were subject to contamination, we begin to wonder if normal healthy children really need to be sick once in a while.

This type of well-

This type of well construction is explained in full in Educational Health Circular No. 14 which can be had by writing Illinois Department of Public Health, Springfield.

DISTRICT OUTLOOK
MEETING IN DECATUR

NEXT THURSDAY.

A district outlook meeting is scheduled for Decatur on Dec. 8th. The meeting is to be held in the Macon County Farm Bureau starting new policies.

Information received by the Farm
Bureau from the I. A. A. offices, says Mr Bicknell, indicates that group conference in additional transfer of the second transfer of th to 25 men and women to be present. Extension staff members conducting the Decatur meeting are Mrs. Ruth C. Freeman, Prof. J. C. Hackleman and Dr. L. J. Norton of the College

Are You A Farm Bureau Member?

You Can't Farm Profitably Without Phosphorus

Phosphorus makes better roots, stronger plants, greater plant resistance to cold and disease and higher yields. It is being continuously removed from the farm in crops. High production can only be attained and kept up by replacing this essential element. Four Leaf Powdered Rock

Phosphate supplies phosphorus with greatest profit returns.

Apply it in the fall. Weather and other farm work usually make this easiest and results are better because of better soil distribution by spring. Remember Four Leaf Phosphate affords the most in crop increases per dollar of cost. See our representative:

HOG SERUM IN '38.

old Jerseys,

the Association composed of L. D.

During the first ten months of 1938, Illinois hog raisers protected their herds with 30,350,000 cc's of anti-hog cholera serum or nearly 4,200,000 more than they used in the same period a year ago, according to a report received by the Moultrie County Farm Bureau from Sam Russell, director of Livestock Marketing with the Illinois Agricultural Asso-

ciation. "Two main reasons for the gain in serum handled by county Farm Bu-reaus are the increase in hog numbers and the favorable corn-hog ratio that has made pigs valuable property," Russell said. "How much of this increase is due to the realization by hog men that vaccination is low-cost hog health insurance is difficult to say. We know, however, that the trend is toward this type of protec-

Permanent immunization through the use of virus increased too. In the five year period, 1933-37, an average of 2,123,000 cc's of virus were used during the first ten months of each year as compared to 2,475,000

S. T. H. S. Gossip By Check and Double Check

Back again at the same old grind! We're sorry for these errors. The We notice there were very few empty seats Monday morning which showed that nearly everyone was able "to take" it. We hope all were in extra fine condition because this week the report cards came out and we needed to be able "to take" it. We won't say what that "it" stands for. Draw your own conclusions. Anyway, we began a new six weeks Monday. This is the last six weeks Monday. This is the last six weeks we'll have to worry about this year. That's right! Just doesn't seem possible, but after all "time waits for no man."

Speaking of Thanksgiving vacation,

Speaking of Thanksgiving vacation, we believe most of the teachers enjoyed themselves thoroughly. We tried to get each teacher to tell us a little about what he or she did, and here are the reports.

Mr. Kilby says he spent his vacation in Sullivan being a very law abiding person. He says he caught up on lots of reading which he had been wanting to do.

Miss Emel, our "needed-by-everyone" secretary says she ate a

some reason we felt sarcasm in that statement.

Though Mrs. Wolf stayed at home, she was kept very busy. Her brother, his wife and their children were her guests. She says that was about all she could manage. We imagine she must have had a "lively" vacation anyway.

Miss Edmiston says she had a very good time at home doing nothing. She says she did eat quite a lot of chicken but she was still having chicken salad by the first of the week.

Mr. Cooper seemed to be another

chicken salad by the first of the week.

Mr. Cooper seemed to be another industrious person on Thanksgiving. He says he worked on the Retrospect. That book really should be coming right along. He says during the vacation he spent one day in Decatur.

Mr. Dennis ate Thanksgiving dinner at his mother's too. Then knowing Mr. Dennis, what do you suppose he did during the vacation? You've surely guessed it. Hunting is very popular with Mr. Dennis you know. Mr. Vaughn stayed at home on Thanksgiving and kept the home fires burning. On a cold day such as Thanksgiving was, someone was cartainly needed to keep the fires burning. Sometime during the vacation Mr. Vaughn visited his brother.

Last but most certainly not least, we come to Mr. Kellar. Mr. Kellar too must have had a very exciting vacation. Just guess what he did You can't? Why, he says he spent most of his time at home. He just didn't say what he did or where he was during the time left from the most of this time at home. He just didn't say what he did or where he was during the time left from the most of the time.

It seems to be getting to be a regular habit that each week we tell of some event to happen on a certain date, and then it happens at some other time. We told you we thought there would be a dance on Thanksgiving night. It was to have been on Friday if there had been one. Do you understand what we're trying to say? We can't blame you. Any-way the main him is at Dovington and we musn't do that as it was a swell game. We alloy can the as it was a swell game. We that as it was a swell game. We that as it was a swell game. We that as it was a swell game. We though that as it was a swell game. We alloy can though that as it was a swell game. We though that as it was a swell game. We alloy can though that as it was a swell game. We alloy can though that as it was a swell game. We cally came through on top in that as it was a swell game. We cally came through on top in that as it was a swell game. We cally came through on top in that as it was a swell gam

It seems to be getting to be a regular habit that each week we tell of some event to happen on a certain date, and then it happens at some other time. We told you we thought there would be a dance on Thanksgiving night. It was to have been on Friday if there had been one. Do you understand what we're trying to say? We can't blame you. Anvway the main thing is that we should have had the dance scheduled for Friday instead of Thursday. However, it really doesn't make any difference as there wasn't any dance anyway. That all sounds rather nonsensical, doesn't it? Well the dance was planned for Friday but for some reason they just couldn't get the building to heat up. Something happened that there just wasn't any heat it seemed rather a shame that it should be fixed by Monday. In parts of the building Monday we wondered if it had been fixed. It was tough luck though about the dance, but we hope we can have one real soon.

Though we tried hard enough we just couldn't get anything to happen Thanksgiving night. First we told you there would be a game. There wasn't. Then we said there would be a dance. There wasn't. we also said there would be a candy sale by the senior class at the Grand theatre.

Thursday morning at 8:45 a. m., there was to have been an assembly program. We presume there was though at this time again we can't be sure. The speaker was Mr. Edward Dill. This was really a different type of assembly program from what we are accustomed to. Mr. Dill entertains by giving a demonstration on the making of pottery.

Here's another reason for doing your best this six weeks and every six weeks for that matter. You know if you're on the honor roll you get a bronze honor pin, after having it so long you get a silver pin; and then after keeping it awhile you get a gold one which you may keep as your own if you keep on that honor roll. You knew all this? Well, here's the news. The bronze and silver pins are going to be the size of the gold pins. They will be new shiny ones, and oh, so good looking. You know how pretty the gold ones are and now the bronze and silver ones, and oh, so good looking. You wknow how pretty the gold ones are are to be like them. You should them and a gold one is certainly worth looking for.

Have you noticed the new pictures of Indians. They are of the Blackfeet tribe of Indians. They are of the Blackfeet tribe of Indians. They're really say splendid pictures and interesting. Take a look at them if you haven't already and notice the way each has his name written. Mr. Kilby says

abiding person. He says he caught up on lots of reading which he had been wanting to do.

Miss Emel, our "needed-by-everyone" secretary says she ate ascrumptious Thanksgiving dinner. Then during the vacation she went to Decatur once and also to Matsoon. In Mattoon she visited her nephew, who is in the hospital there. Here's hoping he'll be well in a shorter time than it takes to tell.

Miss Montgomery went to Newman where she visited her aunt and uncle, Mr. and Mrs. E. B. Young. She says she enjoyed herself immensely, but did nothing in particular.

Miss Carroll spent Thanksgiving in Marshall with home folks. On Saturday she had a very enjoyable day in Vincennes, Ind.

On Wednesday Miss Body left us when her folks came after her. (She almost gave up hope.) They jouranted the man that a says it was really cold and no kiddin! She returned to Bement her home, on Sunday evening and then back togood old Sullivan.

Mr. Erwin took a long journey-He went to see his mother in Tennessee. From what we gathered, he was really well fed down there at and does what he likes.

Mr. White partook of a duck dinner at his home in Stanford. He says he had to unbutton two vest buttons on Thanksgiving day. We finally found someone who wasn't afraid to admit he likes to eat and does what he likes.

Mr. White partook of a duck dinner at his home in Stanford. He says he had a very nice visit in.

Mr. Kuhn also traveled homeward. Oh, he got there too!! He was a little different from Mr. White as Mr. White partook of a duck dinner at his home in Stanford. He says he had a very nice visit in.

Mr. Kuhn also traveled homeward. Oh, he got there too! He was a little different from Mr. White as Mr. White partook of a duck dinner at his home in Stanford. He says he had a very nice visit in.

Mr. White partook of a duck dinner at his home in Stanford He says he had a very nice visit in.

Mr. Kuhn also traveled homeward. Oh, he got there too! He was a little different from Mr. White as Mr. White partook of the different from Mr. White as Mr. Whit At the beginning of fifth hour on Tuesday there was a short pep meeting. This was to get enthusiasm for our first basketball game. It was in our gym on Tuesday night with Windsor as our opponent. It was really an exciting game!! The score was extremely close and the crowd was just wild. It seemed as though the cheer leaders of Windsor and Sullivan were trying to compete in yelling and both did a mighty fine job. Well I guess we'll just have to get down to the final point—the score. It was 32 to 27, and we didn't feel quite so good about it so you conclude in whose favor it was. n't feel quite so good about it so you conclude in whose favor it was. Nevertheless we think we have a swellelegant team and that they're going to show us some real playing. There was a game at Shelbyville Wednesday night but we can't say now how it turned out. Our next game is at Lovington tonight (Friday.)

We regretted deeply to hear of the death of our faithful janitor's father, Judge Cochran, also the death of a brother of a fellow student, Ruby Bilbry.

RABBI FEINBERG OF DECATUR SPEAKER FOR KIWANIS CLUB. Rabbi A. J. Feinberg of Decatur-was speaker for the meeting of the Sullivan Kiwanis club on Thursday evening of this week. His subject was "How To Make Friends And In-fluence People." This was ladies This was ladies night for the club.
