## Moultrie County War Bond Drive Completed

Sullivan citizens signed to subscribe to approximately \$45,000 purchase of war bonds. This is in excess to the bonds and stamps that are already being purchased by Sullivan men, women and children.

Walter White, chairman of the drive, said this week that he thought that there would be more bonds and stamps purchased than were subscribed for. The quota of Sullivan and Moultrie county was higher than the average county due to the fact that there had been so many bonds and stamps purchased at the bank and by the city council. The city purchase raised Moultrie county's quota above that of other larger counties.

The bond drive was carried on through the cooperation of the officials of the sugar rationing board. Minute Men took subscriptions during the sugar rationing registration.

According to W. H. White, general county chairman, the War Bond Campaign, which is being conducted in every state throughout the nation, has been completed in Moultrie county. The campaign was conducted by school districts and, as some of the rural districts have not made their returns to the county chairman, it is impossible to give a complete report at this time.

The county chairman, however, desires to thank the school boards and other organizations in the county for their splendid cooperation. Only one district out of approximately seventy-five in the county failed to make the campaign and there was only one other where no pledges were signed. Two rural districts had a 100 percent sign-up and in many others all but one or two families signed a pledge.

Of the districts, whose reports have been checked, Sullivan led with \$45,074.50; Arthur (the Moultrie county side, only) was second with \$17,469.80 and Bethany third with \$16,847.45. Of the rural districts, Strickland, 55, led with \$4,831.50 and there were several that went over \$3,000.00.

Moultrie county's quota, for the sale of bonds and stamps, in May, is \$38,000.00 and beginning with July, it is \$70,500.00 per month.

From the reports checked so far, it is very doubtful if the pledges signed in the campaign, will equal the amount we are expected to sell. Judging from the amount of sales made in the county up to May 1st, however, we know that many persons are buying more than they pledged and probably some who did not sign pledges are buying. Our total sale of bonds and stamps in the month of March was \$60,418.85 and in April \$31,900.00. From the reports coming in now, we will probably exceed our May quota of \$38,000.00. Monthly sales, for the entire county will be announced as soon as possible, after the first of each month.

## Selective Service Cards Call For Occupations

Moultrie county selective service officials have mailed out occupational questionnaires to third draft registrants.

These questionnaires inquire as to the abilities and skills of the men who registered during the third registration. Officials said that it was very important that the cards be filled out properly as they will become increasingly important when the nation begins to call men to work in war industries.

Selective service officials said that the occupational questionnaires should be mailed to all 1940 and 1941 registrants not called into service before May 27.

## Sugar Users Warned Against Losing Books

Sugar users are warned against losing their rationing books. It was pointed out that any person, who lost a sugar rationing book would be issued a new one, but not until two months have elapsed. Persons who do not use their first stamps before May 16, should remove it from the book and destroy it. Succeeding stamps that are not used should be disposed of in the same manner.

Officials continued to explain the workings of sugar rationing by saying that any type of cane sugar may be exchanged for any other type, but the amount must be the same in each case. Where one type costs more, a price adjustment is permitted. Thus a family that has already used its stamps and wants brown or confectioners sugar or some other kind, may obtain it by exchange.

Farmers and others, who because of transportation difficulties, find it inconvenient to buy in small quantities may obtain certificates from boards which will permit them to purchase a two-period supply at one time by giving up two stamps from each book.

## Former Sullivan Teacher Killed

Harry Clay Neville of Harrisburg, former Sullivan Township high school teacher of agriculture, met a tragic death on Saturday while on his way with five other Knights Templars to Chicago to attend a convention. He died in a Charleston hospital at two o'clock on Saturday morning following an automobile accident in which three other fellow passengers were fatally injured. The accident occurred early Saturday, according to information received here.

The car in which Mr. Neville and five other men were riding was hit by a train on the Nickel Plate road at Brocton, 25 miles northeast of Charleston. They were enroute to Chicago on Highway No. 49.

The other men in the automobile were John Wolcott, Will R. Skaggs, Francis Stobart and David Nassar, all Harrisburg businessmen, and Frank South, Norris City businessman. All but Skaggs and Wolcott were fatally injured. The car was Stobart's.

Born at Pinckneyville, Mr. Neville leaves his wife and five children. Harriet, his oldest daughter, is a freshman in the College of Liberal Arts and Sciences at the University of Illinois. Mrs. Neville was Florence Edith Devere.

Following his graduation from the University of Illinois, Mr. Neville worked a short time for the U. S. department of agriculture in a berry eradication program, after which he taught school at Cristopher and at Sullivan. He became farm adviser in Gallatin county in 1930, where he remained until he was appointed Saline county farm adviser in 1935.

## No Trace Found Of Missing Farmer

After futile attempts to locate Connie Hendron, 33 1/2 old Lovington farmer, had failed, Sheriff Edmonds was called to aid in the search for the farmer who had been missing for the past week.

Relatives and friends searched the woods and dragged the stream near Skyline park, north of Mattoon, where he was last seen. It was at first feared that he had wandered into the river and had drowned. No trace of the missing man has been found.

Relatives stated that Hendron had left home over a week ago with a considerable amount of money in his possession. He was in a dazed condition when last seen by friends who were holding him for relatives. When his friends arrived Hendron had made his way out of the house. This was the last trace of him.

## 11,845 Sugar Book Applications Granted

According to the final survey of registration for sugar rationing books there were 11,854 applications made for books in Moultrie County and 11,358 books were issued. The registration showed that there was 7,797 pounds of excess sugar declared in Moultrie county.

Final registration was held Thursday in Sullivan. The upper grades were dismissed Monday through Thursday, so that teachers would be available to serve as registrars. It was stated that those who failed to register during the stated days would have to appear directly before the sugar rationing board and application would be made then.

Some individuals thought that because they were single or were living alone, they would not have to make application for their books. Officials pointed out that all people, regardless of their marital status should register. If they take more than twelve meals a week at any one place, then the sugar book should be turned over to the party serving the meals.

## JUDICIAL ELECTION ON MONDAY, JUNE 1ST

The election to choose a judge for the Supreme bench in this judicial district will be held on Monday, June 1st. In some counties the supervisors are combining the voting precincts and having only one voting precinct in the township instead of a larger number in some of the townships.

After considering the matter, the Moultrie supervisors decided to have the election carried on in each of the election precincts as in the past. The fact that the election will be carried on in all of the precincts as in the past elections will avoid confusion which might result from a change in carrying on the election.

## NEWS

from the State Capitol

The war bond sign up campaign of May 11 to 13 extends to every corner of Illinois. Governor Dwight H. Green, State chairman of the campaign, by proclamation designated the three-day period as "Pledge Days for Freedom."

"This canvass is a carefully-planned part of our national war program," the Governor's proclamation said. "These pledges will enable our government to calculate what its financial resources will be. Illinois has always backed up the national government in time of war, and will do so in this special financial campaign. Our response to this request for pledges will show where we stand."

Illinois stands in the very front rank of states manufacturing munitions of war. The cost of war plants built or building in Illinois since June, 1940, is more than three quarters of a billion dollars.

Sheet aluminum, seamless tubing, armor plate, airplane engines, torpedoes, war metals, marine equipment, aviation gasoline and explosives are coming out of Illinois plants in steadily increasing volume. The larger part of this war production is in the Chicago area. Three large plants are being built in the Springfield district.

The open season for large mouth and small mouth bass will open May 15 in the southern zone of Illinois. It will open June 1 in the central zone and June 15 in the northern third of the state. The southern zone includes Madison, Bond, Fayette, Effingham, Jasper and Crawford counties and all counties south thereof.

The open season on bass will run till March 31, 1943. Only hook and line fishing for bass is permitted; the daily limit is ten; the legal minimum length for bass is ten inches.

Despite the war, the county agricultural fairs of Illinois will be held this year. Howard Leonard, State Director of Agriculture, reports that there will be seventy-nine county fairs, the same number as in 1941. Fairs in Adams, Boone, Cook and Saline counties, not operating last year, are being revived for this season, while fairs in Piatt, Montgomery, Pike and Winnebago counties are being dropped.

A new kind of oil well casing, made of wood fiber and pitch, has just been successfully used in a Clark county, Illinois, well. Lowered into the drill hole, the casing served as a form around which liquid cement was poured to make a solid protection against corrosion and caving. Steel was used only for the top and bottom lengths of casing.

This new method may mean much to Illinois oil operators, as war time shortage of steel has been curtailing the work of drilling. Wood fiber and pitch are plentiful and much cheaper than steel. The method was devised by Frederick Squires, petroleum engineer of the State Geological Survey.

If they have not the money to pay for treatment, Illinois men who cannot get into the I-A classification for Army service because of venereal disease, bad teeth, and certain physical defects readily cured by surgery may be given the necessary medical or dental care at State expense. Details of this plan, which was set up at the direction of Governor Dwight H. Green, will soon be in the hands of local draft boards throughout Illinois.

—V—

More women students, fewer men, are expected to enroll next fall at the Illinois State teachers colleges at DeKalb, Normal, Macomb, Carbondale and Charleston. The total enrollment will probably be lower than in ordinary years because of the demand for young men in war industries and military services.

FIRST NATIONAL'S WAR BOND SALES EXCEED \$178,000

Hanging in the lobby of the First National Bank of Sullivan is a reproduction of a two-color page from the May issue of Mid-Continent Banker, St. Louis financial magazine, listing the name of the First National Bank among banks of its average size in eleven central and southwestern states that have average War Bond sales of \$82,045.

Banks have sold approximately two-thirds of all War Bonds marketed throughout the entire nation to date and, although everybody does not realize it, the magazine points out, banks do not make any profit selling War Bonds. In fact, they stand all expenses incident to the sale of War Bonds.

Total War Bond sales made by the First National Bank from May 1, 1941, to April 1, 1942, amounted to more than \$178,000.

## IMPROVED UNIFORM INTERNATIONAL SUNDAY SCHOOL Lesson

By HAROLD L. LUNDQUIST, D. D. Of The Moody Bible Institute of Chicago. (Released by Western Newspaper Union.)

### Lesson for May 17

Lesson subjects and Scripture texts selected and copyrighted by International Council of Religious Education; used by permission.

### TUESDAY: THE DAY OF CONFLICT

LESSON TEXT—Matthew 22:41-23:11. GOLDEN TEXT—The stone which the builders rejected is become the head of the corner.—Mark 12:10.

"By what authority doest thou these things? and who gave thee this authority?" Such was the challenge Christ faced when He came into the temple on the last day that He was to be able to teach there. The chief priests and elders (Matt. 21:23) asked it because they knew that they had received their authority with their offices, whether appointive or hereditary.

Jesus held no such position, yet He had just driven the money changers out of what He called "my house"—the temple. They challenged Him, and through the long day He answered and also asked them questions. Here we find a rich store of parables, illustrations, unanswerable arguments, as He met the Pharisees, Sadducees, Herodians—all His enemies who, though they hated each other, made common cause against Jesus. The discussion concludes with His facing of the Pharisees with

I. The Ultimate Question—"What Think Ye of the Christ?" (22:41-46).

The crux of the entire matter was right there for them, as it is for us, though in a somewhat different sense. They were looking for the Messiah—the Christ; but their idea of Him was that He would come as their royal leader, to break the yoke of Roman bondage and set them free. They knew He was to be the son of David, but they did not see in their own Scriptures that this one was to be David's greater son (Matt. 12:42); that in the line of David was to come the one whom David "in the spirit" called "Lord" (Ps. 110:1). They knew about Christ, but they did not know Him, and thus they were like many today. They have heard of Him; they may even admire His character and His teachings, but they do not know Him. What think you, reader, of Christ? Christ then states

II. The Final Test—Doing, Not Just Saying (23:1-4).

Having finally closed their mouths (22:46) Jesus proceeded to a solemn indictment of the scribes and Pharisees. First of all He declared that they failed in the final test of life, which is not words but actions.

Notice that He recognized their authority and their teaching, but in severe condemnation pointed out that they did not live what they professed. That is the criterion by which we shall all be judged. Those who think that because they belong to some church, or subscribe to a creed, or speak a smooth word of testimony they may then live as they please, will find themselves standing with the scribes and Pharisees on the judgment day. Why keep that kind of company? Such men are capable of

III. The Great Hypocrisy—Pride Posed as Piety (23:5-9).

They were, oh, so religious! Interpreting literally and mechanically God's command that they keep His law always near them in action (hand) and in thought (mind) (see Deut. 6:8; 11:18), they made showy leather cases and wore them on wrist and forehead as containers of the written Word. They loved the chief seats and the titles of distinction. And all this was done in the name of religion. What hypocrisy! But wait—are we any better? What about the preacher who is not happy unless he is invited into the pulpit? What about those who take or accept the titles which our Lord expressly forbids? What about those in the pew, as much as in the pulpit (and perhaps more), who want to be recognized as "the masters" of the church? To be sure, they do not always wish it to be so crudely put as that, but they do expect to be recognized as such "or else—." This too, under the name of Christianity. There indeed is the great hypocrisy! We are thankful that our lesson does not close here. Our Lord next revealed

IV. The Right Attitude—Service Not Recognition (23:10, 11).

He that is mastered of Christ is ready to be the servant of all. To exalt Him is to at once do away with self-praise and self-glory. Pride in position, and the desire to be praised and recognized by men, inevitably lead a man into a pitfall in which he is humbled. On the other hand, the one who in humility serves the Lord will, to his own surprise, find that God has exalted him. The way up is down.

"Torrey," said a well-known preacher with whom Dr. Torrey was associated in a great conference, "you and I are the most important men in Christian work in this country." Not long afterward God set that man aside. Quite different was the spirit of D. L. Moody, who at the height of his ministry for God would say, "There are better men here behind me on the platform to speak when I am through"—and he really believed it!

### CONG. WHEAT RECOMMENDS GREAT LAKES SHIPBUILDING

Greater expansion of the shipbuilding industry in the Great Lakes area has been recommended by Congressman William H. Wheat of Illinois. He made this suggestion following a comprehensive investigation of shipbuilding on the Great Lakes, which he made as a member of the House Naval Affairs Committee.

The Illinois congressman reported

that he found the shipyards in that area making rapid progress. He said, however, that because of the favorable location, he thought that every possible bit of shipbuilding should be concentrated there, because of the comparatively remote possibility of bombing attacks. This also applies to plane building, he said, pointing out that at the present time much of this industry is concentrated on the east and west coasts. "It seems to me just common horse sense that further airplane plant expansion should be in the midwest area," he said.

## News of Our Armed Forces . . . . .

Camp Forrest, Tenn.  
May 10, 1942

Dear Glen,  
I will try and take a little time tonight to write you another letter from Camp Forrest, which will be the last one I will write from here. I am leaving on the cadre on Monday evening for Missouri. I will try and write you some news from there once in awhile after I get settled down again.  
Today has been a beautiful day here in Camp Forrest. The weather wasn't too hot nor was it cool, but just right for everyone to have a good time. There were several mothers down visiting their sons here in Camp. They had arranged a special program for them and I know that all enjoyed it.  
The weather for the past week has been very warm, with a little rain but not enough to notice. The boys have all been drilling very hard, with a lot of them attending several schools that are going on right at the present time.  
This cadre of men that will be leaving Monday evening for Missouri consists of around six hundred men from the entire Division. The 33rd Division is furnishing a large number of men and 6th Division at Fort Leonard Wood is also furnishing a large number of men. Putting the two together they are going to form a new Division. There are 155 men from the 130th Inf. going to Missouri. Out of the Detachment there are only three men going. I was transferred to Company G last week and from that company is where I will leave. Saturday morning all of the men going to Missouri were formed on the parade ground for an inspection by a General from the 2nd Army Headquarters. He passed by the men and would ask them several questions about what they had been doing in the Army and what their job would be when they reached Fort Leonard Wood. I was very lucky in this inspection as well as several others—the General didn't stop and ask me any questions at all.  
All of the men that have been examined lately for physical unfitness, will in the near future be transferred to some outfit that is a non-combatant outfit. There have been several officers from the 130th Inf. sent out and still more are going to be sent from here in a few days.  
I don't know whether or not there will be anyone from Sullivan that is down here in Camp now that will write you any news, but maybe I can talk someone into writing you a little once in awhile. I can't seem to think of much tonight as I am trying to think about all of the things that I have to pack so as to be ready to leave tomorrow.  
So in closing for this time, I want to say that I have enjoyed writing to you every week and I hope that I can continue to do so at Fort Leonard Wood, Mo.  
So long,  
Sgt. Boyce O. England  
Co. G, 130th Inf.

**LIST ILLINOIS MEN WOUNDED IN CASUALTY LIST NO. 2**  
Fifty-seven Illinois men, including three ensigns, were listed as wounded between Dec. 7, 1941, and April 15, in the Navy department's "casualty list No. 2," issued this week.  
The Navy forbade publication of the complete national list by any one newspaper. All papers, however, were permitted to publish the names of the men whose next of kin live in the papers' respective publishing areas.  
Downstate Illinois men on the list of wounded and their next of kin include:  
Enlisted men (all navy men unless otherwise specified).  
Harry Verde Brown, machinist's mate, second class, father, James Allison Brown, Arcola.  
Richard Clinard, seaman second class, mother, Mrs. Dephia Tague, Oakland.  
Allen Eugene Cunningham, aviation machinist mate, second class, father, Roscoe H. Cunningham, Martinsville.  
John H. Frazier, private, first class, Marine Corps, mother, Mrs. Mary C. Frazier, 406 South Range street, Oblong.  
John William Frizzell, gunner's mate, third class, mother, Mrs. Cora Frizzell, Shelbyville.  
Herbert A. Johnston, corporal, Marine Corps, mother, Mrs. Mamie Johnston, Mattoon.

**ETHA LINDSAY INITIATED INTO EDUCATION HONORARY**  
Miss Etha Lindsay of Lovington, former teacher in the Sullivan grade schools, has been initiated into the Kappa Delta Pi, national education honorary, at the University of Illinois. In addition to the regular students there were five graduate students, of whom Miss Lindsay was one, to receive the honor.

gow, Mo., for almost two months and was on the U. S. Cutter, Goldenrod on the Missouri river. He was reported to be well and happy in his work. Word was received Wednesday that Glen had been sent to Manhattan Beach in New York on Tuesday afternoon. His parents had been expecting him to come home soon for a visit with them but now they are doubtful as to when Glen will arrive.

### "HOSPITALITY FROM JOWN UNDER"—WRITES SULLIVAN SOLDIER

April 8, 1942  
Dear Folks:  
Well, I guess you will be glad to hear from me. I don't know much to write except that I am okay and hope you are the same. I am in Australia, but don't worry about me 'cause it is really nice here. Sure is a beautiful place. I would like to tell you more about the places we have been, but I will have to save it until I get back home. Sure is hard to get used to their money, but am having lots of fun trying to use their money.  
Well, I guess everyone is busy plowing by now. Don't seem like it, though. I haven't gotten any mail yet but think we will get some soon, so I can't answer anything you may have written. The people sure give us a hearty welcome. We can go to town broke and have a good time. We walk down the street and they stop us and talk, and then they invite us to come to their houses and they sure make you feel at home.  
The door man at one rich theatre stopped us and asked us if we would like to see the show. We said yes, so he took us in.  
We can go almost anywhere without it costing us anything. People are not strangers here. You would think you knew them all your life. They walk up to you introducing themselves, then ask if they can't buy something for you. They show you all of the nice places to go. Sure are a lot of parks.  
Well, I better close for now, but you keep the letters coming, although you don't hear from me often.  
Cecil Campbell.

**SULLIVAN SOLDIER RECEIVES PROMOTION AT CAMP FORREST**  
Boyce England received a promotion of Regimental Sergeant-Major and will be stationed at Fort Leonard Wood, Mo.  
Sgt. England enlisted in the National Guards in 1939 and on March 5, 1941 was inducted into Federal service. He was promoted to the rank of Corporal on March 23, 1941 and was clerk at the Regimental headquarters.  
He was an athlete at the Sullivan high school and graduated from there before entering the National Guards.

**RECEIVES WORD FROM SON IN AUSTRALIA**  
Mrs. Eliza Crane received a radiogram Monday from her son Joe, who is in Australia. The message was a Mother's day greeting. This is the second radiogram she has received from Joe since he has been in Australia. Mrs. Crane received the other message two weeks ago. It told of Joe's safe arrival in Australia.  
**SULLIVAN FAILS TO PLACE IN DISTRICT TRACK MEET**  
Arcola with 32 points and Tuscola with two points were the only Okaw Valley track teams to place in the district meet held on Saturday afternoon at Charleston. Sullivan, which had previously won the Moultrie county meet, failed to make any points. Paris won the meet with 35 points hotly pursued by Arcola in second place with 32. Charleston was third with 22 1-2 points.  
No records were broken during the afternoon although Hipple of Catlin tied the high hurdles record of 15.6 set by Shafner of Martinsville in 1938.  
Jim Fortney won the 440 for Arcola in .54. Bobby Ghere won the low hurdles in .23.9, and Russ Ghere won the high jump by clearing 5 feet, 8 3-4 inches.  
All members of the winning team who placed in any event and others who were first or second qualify for the state finals at Memorial stadium, Champaign, Friday and Saturday.

**MOTHERS' DAY DINNER FOR MRS. SUSAN LEEDS**  
A Mothers' day dinner was given Sunday for Mrs. Susan Leeds by the children and their families. Those present were: Mr. and Mrs. Carl Leeds and Mary Elizabeth, Mr. and Mrs. Perry Leeds, Mr. and Mrs. Thornton Drew, Mr. and Mrs. Elmer Leeds and sons, Mr. and Mrs. C. A. Lane, Misses Louise and Wilma Lane, Mr. and Mrs. Orris Lane and daughters Barbara and Patricia, Mr. and Mrs. Eugene Drew and daughter Louise, Mr. and Mrs. Howard Summers and children, Harold, Dean and Doris.

## Home Bureau Held District Meeting

On May 11, the Sullivan Sunnyside, Whitley, Sullivan Town and North Sullivan Home Bureau units met at the home of Mrs. Alvin Carter. This was one of the district meetings which replaced the regular individual unit meetings for the month of May.

Since Mrs. Guy Kellar, the district membership chairman, could not be there, Mrs. Leona Stone, the unit chairman of the Sullivan Sunnyside Home Bureau unit called the meeting to order.  
The activities of the executive board meeting were given by Mrs. Ralph Emel, county chairman.

Miss Footitt, home adviser, presented certificates to the members present who had completed courses in first aid.  
Miss Ruth Tabor, of the Sullivan Town unit, sang a very lovely solo. She was accompanied at the piano by Marilyn Emel.

The minor lesson on "Etiquette on Flags" was given by Miss Ada Ashbrook of the North Sullivan unit.

Mrs. Ruth Cooper of the Whitley Home Bureau unit had charge of the Recreation.

The major lesson on "Meeting the World Sanely" was in the form of a panel discussion. It was led by Miss Footitt, home adviser, and four people were asked to take part in the discussion: Mrs. Emel, Sullivan Sunnyside unit; Mrs. Freeland North Sullivan unit; Mrs. Krows, Sullivan Town unit, and Mrs. Wagoner of the Whitley unit. Many of the other members also contributed to the discussion. It was very interesting and instructive and many worthwhile points were brought out and discussed.

## Public Aid Staff To Aid Local Group

Members of the Illinois Public Aid Commission's staff assigned to its Sullivan office have been instructed by Russell L. Peters, executive secretary of the Commission, to assist local relief authorities in Moultrie county in making up a complete review of relief rolls.

"This review of relief rolls was planned in order to take full advantage of current increases in employment and other opportunities for self-support now available to relief recipients," said Mr. Peters.  
"As an initial step in making this review, local relief officials who receive state funds are closing all cases receiving relief as of May 1, 1942, and notifying the members of these cases that they are expected to support themselves.  
"If a family is unable to make arrangements for self-support, a re-application for relief will be permitted, but only after every person in the family who has any prospects for employment has made a determined effort to find work. This applies not only to regular full time employment, but also to odd jobs and other part time work which may be available."  
"All persons of this type who re-apply for relief will be required to register or to renew their registrations with the United States Employment service before their applications for continued assistance will be considered.  
"Other means of self-support must also be exhausted before consideration will be given to the re-application.  
"The Commission is vitally concerned with the fact that support is an individual responsibility and that relief should be furnished only to those who are unable to meet this responsibility. This review is part of its program to encourage and to stimulate the return of people on relief rolls to normal self-support."

**ARTHUR SCOUTS GIVEN FUND FOR UNIFORMS**  
Arthur Boy Scouts were presented cash donations amounting to \$43.44 for the purchase of new uniforms when they attended the meeting of the Arthur Chamber of Commerce here as honor guests with their scoutmaster, Gerald Temple, Tuesday night of last week. At the business meeting following the dinner, the association voted to contribute \$25 toward the purchase of the new uniforms and later an additional sum of \$18.44 was raised by personal donations of the chamber members.

**ALLOT COUNTY \$1,892 GAS TAX SHARE**  
Allotment of \$1,892 to Moultrie county as its net share of motor fuel tax collections for April was announced Tuesday by George B. McKibbin, state director of finance.  
The total allotment was \$756,980. The gross allotment was \$1,053,730 from which \$211,166 was deducted as reserve for the \$20,000,000 relief bond issue and \$85,583 as reserve for the \$30,000,000 relief bond issue.

### TINY HILL'S BAND PLAYING AT CHANUTE FIELD THIS WEEK

Tiny Hill, America's biggest band leader, took his orchestra to Chanute Field on Monday for a volunteer program of popular music under the auspices of the band division of USO camp shows.

The Champaign News-Gazette has the following account of the appearance of the band at Chanute:

The genial band leader who weighs 350 pounds was born in Sullivan, where he entered the musical world by organizing a three-piece hill-billy band in 1931. In the summer of 1933, "Tiny" organized a new orchestra, one that carried a lot of weight. Every musician tip-

ped the scales at over 220 pounds, and the entire band was billed as Hill's Heavy Weights of Harmony.

"Although the idea had great possibilities, the musical quality of the band was not the finest, and after two months of working in southern Illinois, Tiny disbanded the orchestra and returned to Decatur where he played the drums with various other band crews.  
"Today, Tiny Hill's orchestra features music with a mood that makes your toes tap. His boys are equally proficient in their rendition of waltzes, fox-trots, rumbas, tangos and the more recent swing tunes.  
"The appearance of the Tiny Hill orchestra at Chanute Field has been arranged through the band division of USO-Camp Shows which is booking top name bands into army volunteer programs of popular music.

### A LETTER FROM EDWARD TAYLOR

Dear Glen:  
Well, here's the money for the paper. We got the paper okay last Friday, but didn't get it the two before. We really missed it too. You know, you really have to move away before you can appreciate the hometown paper. I can get news out of the want ads. They say a smart man reads everything in a paper, not just the front page and sports. I think that a good opinion because there are more things of interest scattered through the paper than are under the headlines.  
Sincerely,  
Ed N. Taylor.
