

DR. DONALD BUTLER MARRIED MONDAY

UNITED WITH MISS CHARLOTTE
WIMP AT THE HOME OF HER
MOTHER IN LOUISVILLE

BOTH COLLEGE GRADUATES

He Will Enter Into Partnership With His
Father For the Practice of Dentistry
In This City—Walter Yates Mar-
ried Saturday At Mattoon.

A quiet home wedding took place at
11 o'clock on Monday morning when
Dr. Donald M. Butler of this city was
married to Miss Charlotte Wimp at the
home of her mother, Mrs. Charlotte
Wimp, in Louisville, Ky. Only the im-
mediate relatives and friends were
present at the ceremony which was
performed by Rev. Goodson of the
Methodist church of that place.

Lunch was served following the cere-
mony. The cake for the occasion was
baked by Mrs. Butler's grandmother,
who is seventy-four years of age.

The bride is a graduate of the Uni-
versity of Louisville and it was while
they were students at the University,
although in different departments, that
they became acquainted. She was cap-
tain of the Girls' basketball team of the
University which made a fine record
under her leadership, both in the games
over Kentucky and in a contest at Cin-
cinnati. Since her graduation Mrs.
Butler has been employed in the offices
of the Louisville and Nashville
railroad at Louisville.

The groom, is known as one of the
best young men of the city. He attend-
ed the local school and became well
known, both as a student and as an
athlete. Following his graduation Don-
ald taught school for two years, one at
the Purvis school and the other at the
East Hudson school. For the last four
years he had been taking a dental
course at the University of Louisville
and he graduated in June. He will
enter into partnership with his father,
Dr. S. T. Butler.

While at the University of Louisville
Donald made a splendid reputation as
an athlete. He was captain of the
University basketball team during the
past year and was chosen as a member
of the Kentucky All-State team. He is
also a splendid runner and has secured
several medals since going to Louisville.

Following the wedding Dr. and Mrs.
Butler went to the country to spend a
few days camping with friends and
will come to Sullivan next Wednesday.
For the present they will make their
home with his parents, Dr. and Mrs. S.
T. Butler.

YATES-ADDINGTON.

Walter Yates of Decatur, formerly of
this city, and Miss Beatrice Addington
were married on Saturday at Mattoon.
The groom has held a position at De-
catur and his bride until the time of
her marriage was employed at the
Kirkwood cafe. She is a granddaughter
of Mrs. Addington of Allenville.

HOPPER-REINING

Mrs. Frances Hopper and Fred W.
Reining, both of Mt. Zion, were mar-
ried Friday night at 8 o'clock by Rev.
M. C. Cockrum, pastor of the Dalton
City Presbyterian church. They were
married near Dalton City. They will
live in Mt. Zion.

Household Science Club.

The Sullivan Township Household
Science club will meet next Tuesday
afternoon at 2:30 at the home of Miss
Eva Fields. Mrs. Jesse Powell will be
the leader of the meeting. The fol-
lowing is the program for the meeting:
Roll call to be responded to with a
helpful household hint.
Question box.
Demonstration of canning with the
Pressure Cooker.
General discussion on "Canning."
Special music.
All women of the township, whether
they live in the town or the country, are
cordially invited to these meetings.

Executive Committee To Meet

The executive committee of the Moultrie
County Teachers' association will
meet at the office of the county super-
intendent next Monday to plan for the
county meeting of the teachers which
will take place at the Sullivan Town-
ship high school building on August 26.
Prof. T. H. Finley of the Sullivan Town-
ship high school is president of the
county organization.

Alderman On Vacation

Alderman A. C. Dearth and family
went to Grand Ridge on Tuesday for a
visit with his parents. He is enjoying
a two weeks' vacation from his duties
as agent for the American Express
company.

MISSION TO WITHDRAW NOT TO BE AFFILIATED WITH ANY CHURCH.

Action Taken At Recent Meeting Of the
Organization—Mr. and Mrs. Roy
Bradley Still in Charge.

The Gospel Mission, conducted by
Mr. and Mrs. Roy F. Bradley, has
withdrewn from the Christian & Mis-
sionary Alliance.

A committee was appointed a few
days ago to consider the advisability
of withdrawing, and after much con-
sideration, it was decided that the
Mission withdraw, and operate inde-
pendent of any church organization,
with the view of helping all churches
in their efforts to reach the unsaved
masses.

The success of the Mission will de-
pend largely on the willingness of the
different churches to cooperate, which
they should not only be willing to do,
but be glad of the opportunity.

The Mission will have no member-
ship, and people saved under its teach-
ing and preaching, may choose their
own church preference.

The name "Gospel Mission" was ap-
plied to the organization, and Roy
Bradley appointed as pastor for the
ensuing year, with Mrs. Bradley as
assistant. The following named persons
were chosen as an executive com-
mittee:

H. H. Smith, D. W. Carnine, G. S.
Thompson and Miss Cleo Thompson.
This committee, the pastor and his as-
sistant will have charge of the work.

The committee and pastor earnestly
ask the help of all who are interested
in mission work in Sullivan, and they
desire to be of help to all the different
churches, as well as solicit their help.

Until better quarters can be secured
the mission will be conducted at the
same place as at present, and the mes-
sage will be found to be the same, viz.
The four fold gospel of our Lord Jesus
Christ.

On account of the extreme heat,
the mission being located on the west
side of a brick building, we are at
present having our Sunday school at
10:00 a. m. When the weather gets
cooler we will change hour to the after-
noon, that it may not conflict with
other Sunday school hours. Prayer
meeting will be held on Thursdays at
8:00 p. m.

The Young People's meeting will be
on Friday at 8:00 p. m. and preaching
on Sunday at 7:30 p. m.

SULLIVAN CATHOLICS HOLD CHURCH PICNIC

Event Takes Place On Sunday At
Wyman Park In This City And
Is Largely Attended.

Members of the St. Columb Catholic
church of Sullivan enjoyed a picnic at
Wyman park in this city on Sunday
following the regular morning service.
At noon a big picnic dinner was served
and enjoyed by the large number in
attendance, estimated at about 175.

There were guests present from Dalton
City, Lovington, Arcola, Assumption
and Mattoon. Following the big din-
ner a program was enjoyed with ad-
dresses by Father Heslin, pastor of the
Sullivan church, and the pastor of the
church at Arcola.

To Edwardsville School.

Prof. W. W. Krumstiek, who for the
past two years has been the principal of
the Shelbyville high school, has accept-
ed a position as principal of the Ed-
wardsville schools. He takes the posi-
tion made vacant in the Edwardsville
schools when Prof. Sayre, who comes
to Shelbyville, resigned there. Prof.
Sayre takes the place at Shelbyville
made vacant by the resignation of
Prof. William Harris. There are 275
students enrolled in the high school at
Edwardsville, who will come under the
direction of Mr. Krumstiek.

Teachers Take Notice!

Teachers will please bring certificates
to the office for renewal or registration
as soon as convenient. From July 1 to
August 29 is the time set by the state
officers to have this work done.
Mrs. Lois Coombes,
County Superintendent Of Schools.

ANOTHER SULLIVAN WOMAN SUMMONED

MRS. ROBERT LOCKE PASSES
AWAY EARLY SATURDAY
AT HOME IN THIS CITY.

LEAVES SEVEN CHILDREN

Funeral Held On Sunday Afternoon At
the Methodist Church—Mrs. Sophia
Baird Called At Dalton City On
Monday Evening.

Following a serious illness of the
past seven weeks Mrs. Sarah Ellen
Locke passed away at 2 o'clock Satur-
day morning at the family home on
South Main street in this city. She
suffered a stroke of paralysis on the
Sunday preceding her death.

She was born near Marshall on March
24, 1850, and was married to Robert
Locke on April 8, 1869, in Shelby coun-
ty. To this union were born thirteen
children, seven of whom survive as fol-
lows: Sylvester Locke and Mrs. Laura
Walker of Sullivan, Walter of New
Mexico, Robert and Leslie of Taylor-
ville, Thomas of Decatur and Mrs.
Julia Abrogast of Oregon.

Three brothers, twenty-four grand-
children, and four great grandchildren
also survive. Three great grandchil-
dren were burned to death some time
ago.

For over fifty years Mr. and Mrs.
Locke had lived in the country south
of Sullivan and moved to this city about
two years ago. For thirty-six years
they lived near the Locke bridge.

Mrs. Locke was a member of the
Methodist Episcopal church and at-
tended when her physical condition
permitted. She loved her home and
was a hard working helpmeet to her
husband and a loving mother to her
children.

The funeral was held on Sunday
afternoon at 2 o'clock at the Methodist
church with Rev. Campbell in charge
of the services. Burial took place at
Campfield cemetery. All the children
were here for the funeral, except Wat-
ter who lives in New Mexico.

MRS. SOPHIA BAIRD

Mrs. Sophia Baird, died at 6 o'clock
Monday evening at her home in Dalton
City of intestinal troubles after an ill-
ness of one week.

She was born on March 1, 1850, in
Pittsburg and came to Illinois with her
parents when a girl of sixteen. The
family settled near Prairie Home where
she was married to W. H. Baird on
January 26, 1869.

To this union were born nine children
seven of whom with her husband are
living. The children are Mrs. Jerry
McCaughy of Vinton, La., Mrs. A. C.
Boutin of Seattle, Mrs. L. C. Wright of
Dalton City, Mrs. H. N. Walden of
Windsor, T. O. Baird of Findlay, S. D.,
Baird of Detroit, Minn., and J. F. Baird
of Audubon, Minn.

She was a member of the Dalton City
Presbyterian church.

The funeral was held at 2 o'clock
Thursday afternoon at the Presbyterian
church in Dalton City. Interment took
place at the Prairie Home cemetery.

MRS. LOREN LUTTRELL

Mrs. Loren Luttrell, who had been
ill for a few days with blood poisoning,
developed a case of pneumonia the
first of the week and passed away at
11 o'clock on Tuesday morning. She
leaves five small children.

Clara Bell Rankin was born on Nov-
ember 18, 1894, near Windsor and was
married to Loren Luttrell in 1914. To
this union was born five children as
follows: Mildred, Virgil, Marjorie, Le-
land and Geraldine. Six sisters and
one brother as follows are left to mourn
her loss: Mrs. Ray Cowdy of Shelby-
ville; Mrs. Charles Binaganon, Mrs.
Nelson Raff and Mrs. William Hellman
of Strasburg; Misses Flossie and Daisy
and Harry Rankin of Windsor.

Funeral services were held at the
Methodist church in Bruce on Wednes-
day afternoon with Rev. Harry Coch-
ran in charge of the services. Burial
took place at Greenhill cemetery in
Sullivan.

DEATH OF INFANT.

Twins were born to Mr. and Mrs.
Frank Banks who reside in the coun-
try near this city on Sunday. One of
the babies died soon after birth. Bur-
ial took place at Liberty cemetery on
Monday.

CHARLES ETHINGTON.

The funeral of Charles Ethington
was held at 2 o'clock Saturday after-
noon at the Graham Chapel with burial
in the cemetery near by. Rev. Riley
Ridgeway was in charge of the services.
Mr. Ethington was born in this state
and spent most of his life in the vicin-
ity of this city. Confined On Page Four

FARMERS VISIT UNIVERSITY FIELD

LARGE NUMBER ATTEND BIG
MEETING HELD LAST WEEK
AT NEWTON.

INSPECT GROWING CROPS

Talks Are Given On Various Agricultural
Subjects—Crops Show Results For
Soil Treatment By Producing
Some Immense Yields.

The farmers' meeting on the Uni-
versity of Illinois field at Newton was at-
tended by about 1,200 persons coming
from eighteen different counties of the
state. The meeting was an all-day af-
fair. The forenoon was spent on the
experiment field inspecting the grow-
ing crops and studying the many in-
teresting exhibits, while the afternoon
was given over to listening to many
talks on various agricultural subjects.

The crops on the field showed re-
markable results for soil treatment.
For example, on land where no treat-
ment was applied there was 10 to 20
wheat shocks per acre, while on land
where lime and rock phosphate had
been applied and sweet clover turned
under there was 60 to 90 shocks per
acre. The corn crop was no less strik-
ing on untreated land, for the corn
plants were 8 to 12 inches high, while
on treated land, the growth was 3 to 4
feet in height. The sweet clover show-
ed striking results from the use of
limestone. Where no lime was applied
and sweet clover seeded, there was
nothing growing but small grass, but
where lime had been applied the growth
of sweet clover was 4 feet in height.
Such things as these will convince the
most skeptical that there is great pos-
sibilities in improving southern Illinois
farm lands.

At this meeting the results of soil
improvement in southern Illinois were
illustrated in a rather vivid fashion by
means of exhibits. For example, what
a ton of limestone will do on this land
was shown by placing on exhibit an
actual ton of ground limestone and
placing around it the actual crop
which this ton of material produces on
the average, which is 4.8 bushels of
corn, 4.1 bushels of oats, 4.4 bushels of
wheat and 1/4 ton of clover hay. This
shows that a ton of lime which costs
about \$2.50 will return in crop increas-
es \$10.00 to \$15.00. This is often more
than the land alone returns.

Another valuable and interesting ex-
hibit was the one ton of sweet clover
in a stack and its value compared to
other fertilizers illustrated by having
the actual amounts of material on the
ground. One ton of sweet clover is
equal in nitrogen to 8 1/2 tons of manure.
The phosphorus is equal to 120 pounds,
15 per cent acid phosphate. The potas-
sium content is equal to 288 pounds of
kanit, and the money value of all of
these is equal to 1800 pounds of 2-8-2
complete fertilizer. This served as a
very vivid illustration of the immense
value of sweet clover as a soil builder.

Many other exhibits were shown,
each one illustrating very strikingly
the immense increases of crops to be
obtained when systematic soil improve-
ment is followed.

Ralph Booze Injured.

Ralph Booze, son of Mr. and Mrs.
Charles Booze of this city, is in the
hospital at Shawnee, Okla., recovering
from severe burns received from
electric light wires at that place. Ralph
is superintendent of the electric light
and gas plant at Shawnee and about 3
o'clock on the morning of July 7 went
to the plant to do some special work
while the current was off.

He accidentally got hold of a wire used
for the residence part of the city and he
was badly burned on his left hand and
arm and his right leg. He was taken
to the hospital there and it will probably
be two or three weeks before he recov-
ers sufficiently to be released. It is
believed that he will lose all the flesh
on his left arm as a result of the acci-
dent which has proved to be a very
painful one.

W. C. T. U. Meeting.

The Woman's Christian Temperance
union will meet on Thursday afternoon,
July 31st, at the home of Mrs. Avery
Wood. Mrs. Jesse Powell will be the
leader and the subject for discussion
will be "The Press." Mrs. G. N. Lewis
will bring greetings from the union at
Long Beach, Calif.

Teachers Employed.

The following teachers have been
employed for the next year:
Miller—Waverly Ashbrook.
Bohler—Mrs. Mae Mortison.
Center—Miss Wilma Rose.
Julian—Mrs. Ora Coe.

Secures Dodge Agency.

Sid Cool has closed a contract with
the Dodge Auto company to represent
that concern in this part of the county.
There are several Dodge cars in this
vicinity and Mr. Cool feels much elated
in landing the contract for that auto.

TWO ORDINANCES PASSED BY COUNCIL

DECIDE TO VACATE STREET
AND ALLEY IN FREELAND
GROVE PARK GROUNDS.

ANNUAL APPROPRIATIONS

Ordinance Provides For An Increase Of
\$500 For the Library—Proposition
Of A Bond Issue For the City Is
Discussed Again.

Two ordinances were passed at the
meeting of the Sullivan city council on
Monday evening. One provides for the
vacating of the streets and alleys in the
Freeland Grove Park and the other is
the annual appropriation ordinance. Mayor
Birch and all the aldermen were
present at the meeting, except Alder-
man Swisher of the First ward and
Alderman Siron of the Second ward.

The question as to paying for the oil-
ing of the streets of the city was up for
discussion again as the bill of Walker
& Martin had not been allowed at a
previous meeting. The park committee
had already paid for the spreading of the
oil on the drives at Wyman park and
it was decided to pay the claim.

When the Freeland Grove grounds
were laid out a few years ago provision
was made for an alley and also a
street to the east of the grounds. Since
the tract was taken over by the Free-
land Grove association a high iron fence
has been placed around the grounds,
including all the land up to Wyman
park and the streets separating the
two. The council by ordinance decid-
ed to vacate the street and that will
make the Freeland Grove park that
much larger and a more desirable place
in which to hold the Chautauqua, live
stock show and other gatherings.

In planning for the annual appropria-
tion ordinance the library board through
I. J. Martin asked for an increase in
the appropriations for the board of \$500
for the coming year as no amount had
been allowed during the past year for
new books for the library.

The annual appropriation bill calls
for the following sums of money deem-
ed necessary to defray the necessary
expenses and liabilities of the city for
the coming year:

For fees, salaries and wages of the of-
ficers and employes of the city, \$5,000.
For lighting the streets of the city,
\$5,600.
For maintenance of the fire depart-
ment and the water works, \$4,000.
For maintenance and repairs on the
sidewalks and crossings of the city, \$500
For printing and publishing expens-
es of the city, \$700.

For maintenance and operation of
Greenhill cemetery, \$400.
For maintenance and cleaning of the
streets and alleys, \$2,000.
For contingent expenses, \$500.
For maintenance and operation of
library, \$2,000.

For maintenance and operation of
Wyman park, \$2,000.
For installment of bonds issued and
the interest on said bond issue payable
\$3,050.

For payment of judgment received
by J. L. McLaughlin against city of
Sullivan, \$3,500.

For maintenance and operation of the
electric light plant together with pay-
ment of the offices and employes,
\$30,000.

The finances of the city were talked
over and the matter of the bond issue
was up for consideration again.

The city attorney was instructed to
take up the matter of a watchman at
the Illinois Central crossing again with
the railroad company and see if a man
could not be stationed at the Hamilton
street crossing of the railroad within a
short time.

Twelve Inning Game

The Sullivan baseball nine won an
exciting twelve inning game on the
local field Sunday afternoon from the
Cooks Mills players by a score of 10 to
9. The line-up of the Sullivan team for
the contest was as follows: Catcher,
Young; pitcher, Harsh; first base,
Chippis; second base, Pearson; short
stop, F. Poland; third base, R. Poland;
left field, H. Tabor; center field, F.
Flynn; right field, G. Purvis.

Teachers Employed.

The following teachers have been
employed for the next year:
Miller—Waverly Ashbrook.
Bohler—Mrs. Mae Mortison.
Center—Miss Wilma Rose.
Julian—Mrs. Ora Coe.

Board of Review.

The board of review commenced its
work for the year on Monday. They
are meeting daily now going over the
books of the assessors from each of
the townships of the county.

STATE TESTS DELAYED GIVES WARNING TO THE FARMERS

APPLICANTS FOR LICENSES ARE
COMPELLED TO WAIT.

While the Sangamon county grand
jury is investigating the affairs of the
state treasurer's office, the Cook coun-
ty grand jury may be asked to make
inquiry into reported "leaks" by
which applicants for state licenses se-
cured advance information regarding
examinations to which they were to be
subjected.

W. H. H. Miller, director of the de-
partment of education and registration,
who recently declared that dental and
medical questions had been given out
prior to the June examination, said
this week that evidence secured by
himself and K. A. Fries, assistant in
professional education, would be pre-
sented to the "proper authorities."

This statement followed a formal an-
nouncement to the effect that for sev-
eral years examination questions for
dentistry, medicine and pharmacy had
been made public prior to examination,
and the disclosures of the evidence in
support of the charge that the June
questions had "leaked."

Thus far the only names given in
connection with the scandal are those
of E. F. Erier, registrar of the state
normal at Charleston, and his brother,
Cassius Erier, an inspector in the de-
partment of registration. E. F. Erier,
until July 1 last, was cashier in the de-
partment of registration, when he
was transferred to become registrar
at the Charleston Normal.

The June questions were obtained
from the office by E. F. Erier, who
sent them to his brother Cassius in
Chicago. The latter has made confes-
sion that he sold these questions, and
E. F. Erier has admitted securing them
for him.

Don Butler of this city, who graduat-
ed from the University of Louisville in
June, went to Chicago several days ago
to take the examination together with
185 others and he is disappointed that no
arrangements were made to get out a
new set of questions at once so that he
could take the tests and get ready for
practice.

MOULTRIE COUNTY BATTALION REUNION

Plans Being Made For Annual Af-
fair In Wyman Park On Wed-
nesday, August 10.

The Moultrie County Battalion will
hold its annual reunion at Wyman
park on Wednesday, August 10. Last
year there were fifty-one veterans of
the Civil war to attend the reunion
and at that time it was decided to hold
another reunion this year although the
number of the veterans is fast growing
smaller.

Captain A. T. Jenkins is commander
of the battalion and he and his com-
mittees are already making big plans
for the occasion. There were five vet-
erans from Macon county in attendance
at the affair last year and they ex-
pressed themselves so well pleased with
the reunion and that they expected to at-
tend again this year.

Birthday Dinner Sunday.

Seventy-two attended a birthday
dinner given Sunday for Henry Oye,
who lives in the country northeast of
Arthur, in honor of his twenty-third
birthday. The affair took place in the
grove near the Oye home.

Those present were Mr. and Mrs.
Hans Oye and family, Mr. and Mrs.
George Oye and family, Mr. and Mrs.
John Oye and family, Mr. and Mrs.
Henry Oye and daughter, Mr. and Mrs.
Isam Rhodes and family, Mrs. Harry
Ashbaugh and family, Mr. and Mrs.
Edward Cooley and family, Mr. and
Mrs. William Cooley and son, Mr. and
Mrs. John Oye, Sr., Mr. and Mrs. Henry
Kingrey and daughter, Mrs. Mary
Huber and son, Mr. and Mrs. Alva
Huber and family, Mr. and Mrs. George
Huber and family, Betty Eberhardt,
Geneva Mentzer, Glen Harmon, Rudolph
Ray, Mabel and Hershel Lowe and Carl
and Charles Hutcheson.

To Make Dress Forms.

The Ladies' Aid society of the Pres-
byterian church met on Friday after-
noon at the home of Mrs. Elizabeth
Gifford. Mrs. Roy Sargent, who was
here on a visit from Harrisburg, show-
ed the women how to make dress forms
which the society have been making at
that place. The Presbyterian society
has decided to undertake this work and
make the forms for any who desire
them.

GIVES WARNING TO THE FARMERS

ILLINOIS AGRICULTURAL ASSO-
CIATION MAKES AN IMPOR-
TANT ANNOUNCEMENT.

TO ATTACK FARM BUREAUS

Chicago Board Of Trade And Other Big
Grain Interests Backed By Large Sum
Expected To Make War On The
Farmers' Organizations.

In a report from the Illinois Agricul-
tural association, the Moultrie County
Farm Bureau has received notice that
the Chicago Board of Trade and other
big grain interests backed by a minimum
of a quarter of a million dollars as prop-
aganda fund, are about to launch an
attack on County Farm Bureaus of Illi-
nois.

The J. A. A. makes public a letter,
written, by W. G. Cuthbertson, secre-
tary of the Illinois Grain Dealers' Asso-
ciation, to elevators in Illinois. The
letter reads in part as follows:

"President F. G. Horner, Vice Presi-
dent A. L. Christy, Director E. M.
Wayne, and myself attended the meet-
ing of all branches of the grain trade
in Cincinnati, Ohio, June 27, where it
was decided to actively combat the ac-
tivities of the U. S. Grain Growers, Inc.,
and County Farm Advisers. \$250,000
was decided upon as the minimum to
be raised and an executive committee
was named to formulate plans for the
combat.

"Every member of this Association is
urged to make a list of all farmers at
his station or stations and forward to
me. This list may be made from your
list of customers and your local tele-
phone directory. It is proposed to send
this list to the publicity agent of the
Chicago Board of Trade, in order that
every farmer may receive some very
important literature."

The letter is signed by W. G. Cuth-
bertson and dated at his office, 302 Lin-
coln Building, Champaign, Illinois.

"It is easy to guess what this impor-
tant literature will be," writes Howard
Leonard, president of the J. A. A., to
the Moultrie County Farm Bureau.
"It will tell the farmer that he shouldn't
dare to market his own grain, that he
should shut his eyes and put his grain
marketing in the hands of the Board of
Trade. It will tell him how pure and
spotless the Board of Trade is, and
what a friend of the farmer it has al-
ways been! It will say that the Illinois
farmer is a 'radical' and a 'Townleyite'
because he asks the right to market
his own crops.

"A farm journal recently stated that
the Board of Trade spent \$600,000 on
such propaganda to fool the people
this spring—the statement has never
been challenged, so it appears to have
been well founded. Many sincere
people, farmers among them, were
fooled by such bunk this spring only to
see the Board come out and practically
admit that farm bureau charges were
justified after it had killed the Lantz
bills. There is one important thing to
remember: If it's worth \$250,000 to
grain interests to kill farmers' competi-
tion, isn't it worth

COUNTY NEWS

QUIGLEY

Mrs. J. N. Walker is slowly improving from her recent illness.

Oscar Betchel is visiting his parents, Mr. and Mrs. William Betchel.

John Tull and family of Lithia Springs and Stein Hicks and family of Toledo visited L. W. Tull's on Saturday night.

James Gaddis and family of Findlay spent Sunday with Thomas Gaddis and family.

Mrs. Elva Butts of Decatur is taking a vacation and visiting her sister, Mrs. Charles Olehy.

Leota West spent Saturday night with Minnie Harvey.

S. D. Tull and family motored to Stewardson and Lithia Springs on Sunday.

Miss Rilla Smith is somewhat improved at this writing.

Grandma Hoke still remains very poorly.

The river seems to be a very important place during these warm days as it is frequented by bathers and fishermen.

John Gaston and John Reynolds threshed last week.

John Shuck visited Dick Mahoney part of last week.

The band concerts at Findlay are well represented by people of this vicinity.

Those fellows who have been passing farm houses and shooting just for fun at people's dogs have caused quite an annoyance and should be looked after. It may not be so funny.

James Williamson and wife spent Sunday at J. N. Walker's.

Mrs. J. O. Neill visited her brother, D. A. Shuck, in Windsor last week and did some sewing.

Mrs. Eva Johnson Walker is now in a sanatorium in New Mexico. She is not quite so well.

Sylvester Ringo and wife spent Sunday at Ward Flesher's.

R. E. Bumpus and R. E. Fortner were business shoppers in Sullivan on Saturday.

Several of the young folks of this vicinity are attending the Patterson shows and carnival in Shelbyville this week.

Charles Olehy bailed hay for William Melcher and Clem Messmore last week.

The work on the county line bridge is progressing rapidly as the steel layers are getting nearly through with their work. People are fording the river at that place in cars now as the water is very shallow and the crossing is solid.

Among the farmers who were making hay last week were William Shuck, William Betchel, B. J. Harvey, Charles Olehy, Mont Baker, Chester Minor and Willis Walker.

Noble Eugene Harvey arrived at the home of Bertie Harvey and wife of Champaign July 1st. This makes B. J. Harvey and wife grandparents again but their first grandson.

Mr. and Mrs. John Tull and daughter Alice Ellen, Mr. and Mrs. Hicks, Mrs. Grace Betchel, Leslie Bechtel, Minnie Harvey and Leota West called at the L. W. Tull home Saturday night.

Blackberrying has been all the rage the past couple of weeks, but they are about dried up now.

A much needed rain was appreciated by the people in this vicinity on Thursday.

Charles Moyer of Findlay spent Saturday night with his sister, Mrs. J. N. Walker.

Mr. and Mrs. James Thompson of Villa Grove who just terminated a visit with their parents, Mr. and Mrs. B. J. Harvey, are sojourning in Oklahoma and Texas. They wrote their parents that it is so cool they are comfortable sleeping under heavy covers.

Willis Walker and wife are moving to Windsor in with her father, B. J. Reynolds, and wife to assist in caring for Mrs. Reynolds who is very poorly.

Mrs. J. W. Lee and Miss Mable Lee formerly of this vicinity but now of Kirksville are very low with typhoid fever. Mrs. Porter Fortner a sister is able to be out again after a very severe seige. Her many friends are glad to hear of her recovery.

Word has been received here that the body of Evan Abbott who was killed in France would arrive in Allenville on July 25th. He was formerly of Quigley.

Two Bargains

131 acres black, level prairie land, no better in the state, well tilled, fair improvements, one mill to good town with elevators, the best bargain I know of for the money.

184 acres black land soil, four feet deep. No better producing land in the state. 165 acres in cultivation balance in timber, two miles to three railroad stations, 48,000 good improvements. All crops not matured at time of sale goes in with all farm machinery and two teams at a price per acre \$40 less than the bare land is worth, with immediate possession. For further particulars see G. T. Hill, Bathany, Ill. 2812

Tons of Peels

Italy's perfume manufacturers consume 1,800 tons of orange blossoms, 900 tons of roses, 150 tons of jasmains and violets and 15 tons of jonquils annually.

BETHANY

Helen and Pauline Hatfield from Decatur are here visiting their grandmother, Mrs. Drucilla Hatfield.

Misses Mable Parker and Marjorie Hogg of Charleston Normal spent Sunday with relatives.

Misses Hazel Harned and Euphemia Smith went to Shelbyville on Monday as delegates from the Methodist Epworth League to attend the convention for the next few days.

Mrs. Essie Grover of Iowa, who has been visiting friends here, returned home Monday.

Mr. and Mrs. Walter Dickson and son Jack spent Saturday night and Sunday here with her mother, Mrs. Jackson Brown.

Several from here motored to Woodbine park Sunday and spent the afternoon.

P. M. Parker is in Sullivan this week lathing the new bungalow belonging to W. L. Rhodes. Sam McLaughlin is doing the plastering.

Glorias Hatfield was in Sullivan on Monday.

EAST HUDSON

Mr. and Mrs. Zack Zeanery of St. Louis are visiting with friends here.

Hugh Dobson was a Sullivan visitor on Saturday.

Mr. and Mrs. Henry Daum entertained on Sunday. Those present were Mr. and Mrs. Alfred Daum, Mr. and Mrs. Fred Daum and daughter Beatrice and Mr. and Mrs. Walter Daum.

Rev. Cook of Minnesota preached at the Oak Grove church on Sunday.

Mr. and Mrs. Joseph Jones entertained on Sunday. Those present were Rev. Cook of Staples, Miss Mrs. Ina Cook of Mattoon, Mr. and Mrs. Luther Dobson and son Hugh and Clarence Fiat. Ice cream, cake and watermelons were served in the evening.

NEW OFFICERS FOR THE ARCOLA BANK

A meeting of the stockholders of the Arcola State bank was held Friday evening and Fred Groves was elected cashier and Clarence Coombe vice-president of the reorganized bank.

The election of Mr. Groves came as a surprise. For many years past he has been connected with the First National bank, serving as assistant cashier and bookkeeper of that institution. He is a native of Arcola and has been city clerk for several terms.

Mr. Coombe went to Arcola about four years ago from Mt. Zion to manage the Coombe farms, west of Arcola, a tract of about fifteen hundred acres of land owned by residents of Cincinnati.

Judge Sentel convened court at Tuscola on Friday morning to receive the report of the grand jury but postponed the hearing for one week on the plea of the attorneys for the bank, who argued that they were not quite ready.

Catarrh Cannot Be Cured

with LOCAL APPLICATIONS, as they cannot reach the seat of the disease. Catarrh is a local disease, greatly influenced by constitutional conditions, and in order to cure it you must take an internal remedy. Hall's Catarrh Medicine is taken internally and acts through the blood on the mucous surfaces of the system. Hall's Catarrh Medicine was prescribed by one of the best physicians in this country for years. It is composed of some of the best tonics known, combined with some of the best blood purifiers. The perfect combination of the ingredients in Hall's Catarrh Medicine is what produces such wonderful results in catarrhal conditions. Send for testimonials, free. P. J. CHEENEY & CO., Props., Toledo, O. All Druggists, 75c. Hall's Family Pills for constipation.

LESS MEAT IF BACK AND KIDNEYS HURT

Take a glass of Salts to flush kidneys if bladder bothers you—Drink lots of water.

Eating meat regularly eventually produces kidney trouble in some form or other, says a well-known authority, because the uric acid in meat excites the kidneys, they become overworked; get sluggish; clog up and cause all sorts of distress, particularly backache and misery in the kidney region; rheumatic twinges, severe headaches, acid stomach, constipation, torpid liver, sleeplessness, bitter and urinary irritation.

The moment your back hurts or kidneys aren't acting right, or if bladder bothers you, get about four ounces of Jad Salts from any good pharmacy; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush clogged kidneys and stimulate them to normal activity; also to neutralize the acids in the urine so it is no longer irritating, thus ending bladder disorders.

Jad Salts cannot injure anyone; makes a delicious afternoon or bedtime drink which millions of men and women take now and then to keep the kidneys and urinary organs clean, thus avoiding serious kidney disease.

HIS LAST JOKE

"Would you care to make a few remarks before we spring the trap?" asked the sympathetic sheriff.

"No," replied the condemned man. "I may have my faults, otherwise I wouldn't be here, but trapdoor eloquence always did offend my idea of the fitness of things. Besides, a number of newspaper men are present. They would certainly take down anything I said, and if they got it wrong after the ceremony I wouldn't be in a position to claim that I was misquoted."

Getting Practical.

"You know Boobins, the tenor, who used to sing to Miss Skeezicks that every morn he would bring violets?"

"Yes; did he?"

"That's what he did, and they got married and now they're living in the country where every morn he has to bring her two buckets of water and help wipe the dishes."

Business.

"I was surprised to see you in conversation with a notorious gambler," remarked the domineer. "Were you aware of his general reputation?"

"Most undoubtedly," replied the deacon. "I was trying to find out where to cash in the various poker chips I find in the collection basket."—Town Topics.

CAN'T TELL

Mrs. W.: "Have you any cooks on hand?"
Six in the anteroom."
"Ask 'em to look me over and see if there is anybody here I might suit."

Reciprocity.

"One thing works out simply grand," said gushing Gertie Proctor; "The doctor pays a visit and the visit pays the doctor."

Distant Acquaintance.

"Handle that horse! Don't let him handle you!" bellowed the sergeant to the cavalry rookie just receiving his first lesson. "Give him your spurs. George hur!"

"I can't get close enough to him!" screamed back the John hysterically. —American Legion Weekly.

They Seldom Work.

"The distinguished-looking foreigner presents the imputation that he is a nobleman in disguise."
"He's wearing overalls, too."
"Yes, and he's working in a garage."
"Well, all I have to say is that if he is a nobleman his disguise is perfect."

Cautious.

"And George?"
"Yes, dearie?"
"Will you swear I'm the only girl you ever kissed?"
"Well—er—angel, I'll say you're the only one I care to mix up in any confessions, honey."

Revenge.

"I don't believe in revenge."
"I don't either. But just the same there are a number of men I do business with who have kept me waiting in outer offices for half an hour or more I'd like just once before I die to keep waiting to see me."

SMALL MATTER

Patient: "Say buddy that razor pulls something awful."
Barber: "That's all right sir. I can make out."

Several Rateins.

How famous is the ratein,
With its kick of ten per cent,
But the thing that hurts the tenant
Is the ratein' of the rent.

The Housing Problem.

"Why don't you leave your husband?"
"I have no place to go."
"Go back to mother."
"Mother is looking for a fat herself."

Both May Be Right.

"How is your new book?"
"Why, I think it's pink, but my publisher thinks it's better than my last one."
"Well, perhaps you're both right."

Easy to Do.

"You're looking pale tonight, my dear."
"Am I? Then do tell me something that will give me a little color." —Paris Sans Gene.

Not Diplomat.

"Why did Miss Olden discharge her butler?"
"He boasted around that he had grown gray in her service."

What's Your Time Worth?

WHEN you go to buy a pair of boots, a can of peas or a kitchen cabinet, do you know exactly what you want—or do you "shop around" and take pot luck?

You can save many an hour's time—and many a good hard dollar—by knowing beforehand what you want, where to get it, and approximately how much it will cost.

You can always know this much before you enter a store.

If it's clothing, you know how well it should wear and what the style should be. If it's a musical instrument, you know what to expect in tone and workmanship. If it's a carpet sweeper, you know what kind of service it should give.

Merchants with established reputations for honesty are the best with whom to deal.

Merchandise with established reputation is the best to buy.

The only way to be sure of the goods you buy is to read the advertisements in this paper regularly. As a practice it's far better than rummaging around.

It saves time. It saves money.

DAIRY CATTLE IN SOUTHERN ILLINOIS

Great Interest Due To Fact That Farmer There Realizes His Land Is Adapted To Dairy Farming.

The number of dairy cattle in southern Illinois has multiplied very rapidly during the last few years until today there are probably a great many more dairy animals in that part of Illinois than any other kind of live stock. This increase in dairy stock has been due to the fact that the southern Illinois farmer has come to realize that his country is particularly well adapted to dairying, it being a country which cannot compete with central and northern Illinois in the production of grain, but rather a country which can produce abundant forage crops. These crops furnish the feed which is necessary for successful dairying. These things have been brought to the attention of the southern Illinois farmer during the last few years through many different agencies.

The greater portion of this stock which has been brought in or bred in southern Illinois during the last few years is not pure bred. It has been only during the past few months that this part of the country has awakened to the necessity of keeping a better grade of stock. This has been emphasized to the southern Illinois farmers by the state department of agriculture cooperating with the farm bureaus, in farmers' meetings and by distribution of large quantities of literature.

This work is now showing results as is demonstrated by the increased interest taken in full-blooded dairy cattle throughout the entire portion of Illinois called Egypt. Several counties of Egypt have this season shipped in the first carloads of registered dairy cattle ever placed in those respective counties. Williamson county is among those importing registered animals and upon distribution of same they held a big agricultural rally in connection with the Egyptian Hustlers' meet at Marion. A great deal of interest was shown in agriculture at this meeting and the thousands of traveling men present co-operating with the farmers in making it a grand success. The big event of the day was the address delivered by B. M. Davidson, director of agriculture, state of Illinois.

The state dairy motion picture was then shown, after which the registered dairy heifers were distributed among the farmers, and the Sophie Tormentor bull, which was given by W. S. O'Hair & Son of Paris, Ill., to the county in southern Illinois having the largest

number of Jersey, was presented through the Southern Illinois Development association. A registered Jersey heifer was also presented by the Southern Illinois Development association to the boy writing the best essay on "Why I Like Jersey Best." The day was fittingly finished with a ball at the Elks' club which was very much enjoyed by everyone.

The success of this dairy rally is due to the efforts of the Marion Chamber of Commerce, the Citizens' National bank of Marion, C. M. Filson, agricultural agent of the C. & E. I. railroad, and the state department of agriculture, who all worked together to make it a success.

This is one of the registered cattle clubs of a series of cattle clubs which have been organized this season by the state department of agriculture in southern Illinois.

Poor Water At Oakland

The Oakland board of health advises the citizens of that place that there is an ample supply of water for sprinkling purposes, and for washing cars, but the water is unfit for drinking purposes unless it is boiled.

THAT BAD BACK

Do you have a dull, steady ache in small of the back—sharp, stabbing twinges when stooping or lifting—distressing urinary disorders? For bad back and weakened kidneys Sullivan residents recommend Doan's Kidney Pills. Read this Sullivan man's statement.

Robert Randol barber, Jefferson St., says: "I was all out of shape with my back and kidneys about a year ago. My back was sore and it hurt me to stoop over. When I did get down, it required all my strength to get up again. My kidneys were irregular in action and caused me to get up frequently at night. I was nervous and couldn't lie in one position very long. My sight blurred and I was often dizzy. I began the use of Doan's Kidney Pills. About three boxes cured me. I gladly recommend Doan's to anyone in need of a kidney remedy."

Price 60c. at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Randol had. Foster-Milburn Co., Mfrs., Buffalo, N. Y.

UNCLE SAM'S FUMIGATING VATS

SO RAPIDLY does the world move now-a-days, so numerous and varied are the wonders which are wrought by the ingenuity of our experts in various lines and so quietly is the work carried on, it frequently happens that the general public knows but little of the marvels that are among us.

For instance, down on the Texas border—at Laredo, to be exact—the United States Department of Agriculture operates a fumigating plant or vat which is sufficiently large to accommodate a train of fifteen freight cars at one time.

Freight cars arriving in the States from Old Mexico are infected with live, pink bollworm—a pest which feeds and devours the unripened pods of the cotton plant. If permitted to enter and scatter in this country, it would, provided it gained much headway, create losses running into the millions of dollars annually.

To prevent this loss and preserve the crop, therefore, such cars are unceremoniously shunted into these vats and the unwelcome bollworms aboard accorded a knock-out reception.

This plant resembles a long, brick shed. After the cars are received, the doors are closed and the plant is flooded with a gas, generated on the spot, the fumes of which are sure death to bollworms. At the end of an hour or more, the gas is drawn off, the cars removed and sent on their way and the plant is ready for the next incoming train.

Other similar, but smaller plants, are located at various coast points.

BEGIN HOT WATER DRINKING IF YOU DON'T FEEL RIGHT

Says glass of hot water with phosphate before breakfast washes out poisons.

If you wake up with a bad taste, bad breath and tongue is coated; if your head is dull or aching; if what you eat sours and forms gas and acid in stomach, or you are bilious, constipated, nervous, sallow and can't get feeling just right, begin inside bathing. Drink before breakfast, a glass of real hot water with a teaspoonful of limestone phosphate in it. This will flush the poisons and toxins from stomach, liver, kidneys and bowels and cleanse, sweeten and purify the entire alimentary tract. Do your inside bathing immediately upon arising in the morning to wash out of the system all the previous day's poisonous waste, gases and sour bile before putting more food into the stomach.

To feel like young folks feel; like you felt before your blood, nerves and muscles became loaded with body impurities, get from your pharmacist a quarter pound of limestone phosphate which is inexpensive and almost tasteless, except for a sourish twinge which is not unpleasant.

Just as soap and hot water act on the skin, cleansing, sweetening and refreshing, so hot water and limestone phosphate act on the stomach, liver, kidneys and bowels. Men and women who are usually constipated, bilious, sickly or have any stomach disorder should begin this inside bathing before breakfast. They are assured they will become real cranks on the spot shortly.

NEW PLANTS FOR RANGES
Overgrazing has injured or destroyed much natural bunch-grass pasturage, a fact which draws attention to the radical difference in this respect between bunch grasses and creeping grasses. The work of cattlemen having lands under fence and, in addition, the work on the national forests has shown that the original carrying capacity of the ranges can be restored by a proper system of grazing, say the specialists in the United States Department of Agriculture. These specialists declare that the fence alone—that is, the control of the land—will solve the western range problem so far as maintaining its normal carrying capacity.

Beyond what control can do, however, there are large possibilities in finding other grasses and legumes which, when introduced, will spread of their own accord and make more pasturage than the native. The basis for this belief is found in the lowlands of California, now composed mainly of grasses and other plants introduced from the Mediterranean regions, which supply at least 80 per cent of the total pasturage. These introduced plants have proved far more aggressive than the native ones.

Practically all the pasture grasses of the northern quarter of the country, also, have been introduced there, including blue grass, white clover, red-top, timothy, Canada blue grass, and many others. In the south, likewise, the most valuable pasture grasses are introduced, such as Bermuda, carpet, Dallis grasses, Japan clover, and bur clover.

"These grasses must be sought in Asia, where almost every condition that exists in our bunch-grass range lands is duplicated," said one of the specialists in the bureau of plant industry. "Asia is very rich in grasses and legumes. It has been impossible to obtain seeds without going after them, because there are no experiment stations there."

Incidentally, the specialists mention two aggressive Asiatic plants, neither of them very desirable, the Russian thistle and the rosy saltbush. Despite the undesirability of the Russian thistle and the additional fact that it is an outlaw in some states, it is safe to say it is more of an asset than a liability to some sections of the west. On many of the drier range lands this thistle makes up a very large percentage of the available feed, both for pasturage and for preserving as winter feed. Indeed in some regions of the middle west the farmers have for years been saving Russian thistle for winter feeding, stacking it with as much care as might be given to any other forage.

DUST STORM FELT BY VESSEL.

In connection with its marine service the weather bureau in the United States Department of Agriculture receives constant reports from vessels all over the world. There are over 2,000 vessels of various nationalities on the list from whose reports valuable information is gleaned as to weather conditions and natural phenomena. Sometimes this data serves to chart the route of storms or air currents, sometimes it is useful as a matter of record, and sometimes it serves to verify information from other sources and to prove the extent of the area affected by some atmospheric or other disturbance.

Recently one of our American merchant vessels, the Santa Rosalia, sent in three successive reports on its trip from Karatsu, Japan, to Taku, China, and thence to Shanghai, en route to Port Townsend. Accompanying its May report was a small envelope full of a fine yellowish gray dust, gathered up from the decks where it had fallen. A note on the subject explained that sailing was hazardous, owing to impaired visibility. This was on April 13, in latitude 37-25 N., longitude 122-50 E., a point in the Yellow Sea near Port Arthur, on the peninsula now called Chosen, formerly Korea.

Investigation revealed that the same week there had been a violent continental cyclone or dust storm, many miles to the north in Mongolia, on the border of Siberia. Corroboration of the fact that quantities of this dust, sufficient to impede vessels, could be blown as far south as the East China and Yellow Seas was valuable and interesting to scientific workers in this field all over the world.

THE GIANT ENERGY
The National City Company is giving wide circulation to a pamphlet entitled "The Giant Energy—Electricity," excerpts from which are:

"Since 1880 we have seen the giant energy—electricity—become of greater service to human activities than any other manufactured product.

"In the past 40 years there has been

an increase of more than 15 times in the amount of electricity produced in central stations. This power, obtained from natural sources, has lightened the tasks of millions of men and has made life, as we know it, possible.

"If every man in this country over 19 years of age had worked 8 hours a day for the entire past year, the combined physical effort would be equal to less than one-fifth of the electrical energy produced in central stations alone during that period."

TWO BUREAUS COMBINED

As provided for by an act of Congress the bureau of markets and the bureau of crop estimates of the United States Department of Agriculture were combined and became one organization July 1. The new bureau is now known as the bureau of markets and crop estimates.

Preparations for the merging of these two important branches of the department have been going forward for several months past, and the change was effected without any perceptible interruption in the business of either organization. Leon M. Estabrook, who had been chief of the bureau of crop estimates since 1913, was transferred April 1 to the bureau of markets as associate chief in order that he might study the personnel of both bureaus and work out ways and means of combining the two to eliminate any possible duplication of work.

In combining the two units of the department careful plans have been made for the future development of the new bureau, so that it can be of the greatest benefit to the producers and marketing agencies throughout the country. It will work with farm organizations that need federal aid in securing dependable crop and market news and information on supply and demand.

Following the resignation of George Livingston, who has been head of the bureau of markets since 1915, Dr. H. C. Taylor, chief of the office of farm management, has been appointed by Secretary of Agriculture Wallace

TO IMPROVE HEALTH

CONDITIONS ON FARM

Until quite recently, rural life was considered far more conducive to health and longevity than life in the cities. The proponents of rural life spoke in glowing terms of the pure air, pure water, from the "Old Oaken Bucket," the glories of the sunrise, the dewy evenings, and the wonderful beauties of nature. But that was before sanitation approached the fulfillment of an exact science. The cities, today, with improved housing conditions, the installation of sanitary plumbing, the purification of public water supplies and the pasteurization of milk, have lower case rates from communicable diseases and lower death rates than the rural communities.

Rural sanitation will restore country life to its former enviable position. The division of engineering and sanitation, state department of public health, will devote its section in the department's exhibit at the coming state fair, August 19-27, to farm sanitation, pure water on the farm, and the sanitary and sewage problems of the smaller cities and villages. Models will be on exhibition and plans will be furnished from which any man of average ability may make his rural home a safe and sane health resort. Here, also, officials of small cities and villages may learn how to cheaply and effectively solve the problems of sewage disposal.

Farmers came to the exhibit last year in large numbers seeking literature on these subjects. School teachers came for literature to aid them in teaching health promotion in the schools. Committees of ladies came from several cities seeking information to enable them to conduct health campaigns in their respective communities. A vast amount of literature was distributed among those who came for information and not through idle curiosity. Representatives from other states and from other countries came to observe the exhibit of the State Department of Public Health, and many pronounced it a marvel in construction and in execution.

Displays will also be made by the divisions of social hygiene, vital statistics, biologic and research laboratories, child hygiene and public health nursing and public health instruction and the division of communicable diseases.

Birthday Party

Tuesday, July 12, being Gertrude Fleming's 7th birthday, several of her little friends surprised her. Ice cream, cake and candy were served by her sisters Merle and Susie.

Those present were Hugh and Vern Righter, Carl Dolan, Ruth Doughty, Bernetta, Mildred and Berdick Chaney, Irene, Don and Dean Mattox, Berdina and Marie Black, Harold, Francis and James Shaffer, Vergie Wright, Gertrude, Ora, Mary and Stanley Fleming, Mrs. Clara Chaney, Mrs. Onia Mattox, Mrs. Bertha Shaffer and her grandma, Mrs. S. J. Shaffer.

I have some money to loan. Office in Odd Fellows' building, F. J. Thompson.

Are a Few of Your Thoughts Worth Gold?
Read These Simple Rules, Then Write the Letter.

Subject: "Why is the Traction the Best Way to the Best State Fair?"

- 1.—For the five best letters on this subject the Illinois Traction System will pay \$50 in awards—\$20 first, \$15 second, and \$5 each for third, fourth and fifth.
- 2.—Limit the letter to 200 words or less.
- 3.—Write on one side of paper. Name and address at bottom of page.
- 4.—Mail letters on or before July 31 to Contest Department, Illinois Traction System, Peoria, Ill. Letters bearing postmark later than July 31 will not be eligible.
- 5.—Contest not open to company employees.
- 6.—Judges: editors of two Springfield daily newspapers and representative of Illinois Traction System.
- 7.—Contest closes midnight, July 31.
- 8.—Authors of letters accepted in this contest but not receiving prizes will be given an attractive and useful souvenir.

Can You Win Part of This Fifty Dollars?

WOULD GO FROM HOUSE TO HOUSE

Tennessee Farmer Wants To Go From House To House And Tell Everybody About Tanlac.

"If I were not so busy with my farm work I would go from house to house and tell the people about Tanlac," said A. J. Livingston, a well-known farmer, living near Ashland City, Tenn.

"I had stomach and kidney trouble and suffered torment with my back and side. The doctors could do nothing for me so I wrote to a friend of mine in Nashville about Tanlac and he advised me to try it, saying he had heard so many favorable reports about it, and sent me a bottle.

"After taking the first bottle I felt so much better that I ordered another bottle myself and the result is I am a well man. I told a friend of mine about it and ordered him a bottle and he had good results. I can eat anything I want and it don't hurt me and can sleep like a log. To tell you the truth, I just simply feel like a new man and have more strength and energy than I have had in years. It is simply the greatest medicine in the world. I would like to see all of my friends and get those who are suffering to try it and I hope you will reach them through this testimonial, which I have gladly given."

Tanlac, the celebrated medicine, which accomplished such remarkable results in this man's case, is a wonderful tonic, appetizer and invigorant. It builds up the system, creates a healthy appetite, promotes digestion and assimilation of the food and makes you feel strong, sturdy and well as nature intended.

Tanlac is sold in Sullivan by East Side Drug store and by leading druggists everywhere.

Will Visit France.

Two hundred and fifty members of the American Legion, headed by Franklin D'Olier, former national commander, and representing every state and every branch of service, will sail for France August 3 on a pilgrimage to the former battle zone of the world war.

The pilgrimage is at the instance of President Millerand, who on behalf of the French government invited the American Legion to send a representative delegation of former service men to attend the unveiling of the Flirey monument and to participate in a series of events planned especially for the Americans.

The Flirey monument at Flirey, France, is a tribute of the citizens of that town and Lorraine to the valor of the American troops who delivered their soil from German occupation. Flirey is in the old Toul sector and once was the regimental headquarters of several American divisions.

Separating the Wheat

At this time of the year the farmer is threshing his grain and taking it to the elevators where it is separated and graded. Thus the poor wheat is placed in one bin and the best wheat is placed in another. This grading of wheat is equally true in the business world.

The reconstruction days are always more or less trying on most business houses. During the natural run of things the good and the bad companies are separated and classed. This task is accomplished automatically by the companies themselves. If a business is not efficiently managed and operated it automatically falls by the wayside while the followers of more conservative business methods forge ahead.

One of the easiest ways of finding out whether or not a company is successful is to discover whether or not it pays its dividends when they are due. That confidence of the investors in public service stock is not misplaced is best shown by the statement that last week a dividend check was received by every person holding a fully paid-up share of the preferred stock of the

The Central Illinois Public Service Company has never passed a dividend.

13. For the maintenance and operation of the electric light plant together with the payment of salaries and wages of officers and employees.....	\$30,000.00
Presented July 18, 1921: W. K. Dolan, Orman Newbould, A. C. Dearth, —Ordinance Committee	
Passed July 18, 1921	
Approved July 18, 1921.	
Attest: G. R. Brown, City Clerk.	
W. H. BIRCH, Mayor	

ANOTHER SULLIVAN WOMAN SUMMONED

Continued From Page One
 of Allenville. Besides his wife he leaves four children as follows: William, Luther and Arthur Ethington and Mrs. George Oliver. There are also two brothers, Allen Ethington of Wisconsin and Harvey Ethington of Mattoon, and a sister, Mrs. Eliza Peterson of Beecher City.

EBON ABBOTT.
 The remains of Ebon Abbott, who died during the world war in France, are expected to arrive in Allenville on Friday afternoon. He is a son of Mrs. Frank Gawdy of Allenville and the remains will be taken to her home upon arrival from abroad.

Some Sarcasm.
 An English novelist took his first look at Broadway afloat with light. He read the flashing and leaping signs and said: "How much more wonderful it would be for a man who couldn't read."

 Miss Lucille Martin, who is spending the summer in Decatur, is planning to attend a school of dietetics at Battle Creek, Mich., during the coming school year.
 Mr. and Mrs. E. E. Tinsman of Chicago and their three children arrived on Wednesday for a visit of a couple of weeks with her parents, Mr. and Mrs. P. J. Harsh.
 Mr. and Mrs. G. W. Monroe and daughter, Miss Lorah, and Mr. and Mrs. S. C. Beaver of Bloomington spent the week end at the homes of Mrs. Julia McCaig and M. T. Monroe.
 Eugene Batson is working for the American Express company taking the place of Harry Harsh who is looking after the local business during the absence of the Sullivan agent, A. C. Dearth.
 Fred McCarthy was here the first of the week for a visit of a few days. He had been at the Windsor track in Canada with some running horses and from here went to Kentucky to take part in races there.
 Dr. E. E. Bushart and family and John M. Bushart will depart today for Cleveland, O., where Dr. Bushart will attend the annual convention of the American Osteopathic association. They will make the trip by autos camping out on the way.
 Prof. and Mrs. E. H. Stullken and son Donald returned home on Wednesday from a vacation of six weeks spent at Eureka Springs in the Ozark region of Missouri and with relatives at Edwardsville. His sister, Miss Marie Stullken of Edwardsville, accompanied them home for a visit.
 Why Look on the Dark Side?
 Our every-day life brings so many troubles and disappointments that we are foolish to look on the dark side of things and court many a rap that might otherwise be avoided.

THE CHURCH ANNOUNCEMENTS

Items Pertaining to the Various Religious Organizations of the City.

CHRISTIAN.
 W. B. Hopper, Pastor.
 The services last Sunday were splendid. It is encouraging to see the increase in the attendance of the Bible school even though the weather is warm.
 The attendance at the church services was good also. Remember the regular services next Sunday.
 Linder Wright will be leader of the Y. P. S. C. E.
 Prayer meeting Wednesday evening at 7:30.

Methodist Church.
 Ernest J. Campbell, Pastor
 The Sunday school at 9:30 in the morning will be the only service on Sunday.

PRESBYTERIAN CHURCH.
 The Sunday school will meet as usual at 9:30 Sunday morning. All members of the school are urged to attend.

CHRISTIAN SCIENCE.
 Until further notice is given the services of the Christian Science Society of Sullivan will be held at 1008 Harrison street.
 Sunday school at 9:30 a. m.
 Lesson sermon at 10:45 a. m., subject, "Truth"
 A cordial invitation is given the public to attend.

"Blue Sky" Securities
 The last two years' operation of the Illinois securities law has taught promoters that "blue sky" securities cannot be sold in this state. This was pointed out this week by Secretary of State Louis L. Emerson in giving a report of the administration of the securities law for the two years ending June 10, last. The total amount of securities denied qualification during the year ending June 10, 1921, is only about one-half as great as the number denied during the year ending June 10, 1920.
 "This is evidently due to the fact," Secretary Emerson said, "that the requirements and interpretation of the law by the department have become pretty well established so that promoters of the most doubtful securities and securities with elements of fraud no longer push their applicants for permission to sell in Illinois as they formerly did."
 A total of \$360,711,427 worth of securities were qualified under the securities act by the secretary of state's office during the year 1920-1921 as compared with \$335,458,934 during 1919-20. The total of the two year period is \$696,170,362.

WONDERS OF AMERICA
 BY T. T. MAXEY
 © Western Newspaper Union.
OUR GREATEST BALANCED DRAWBRIDGE
 IN ONE way it is surprising and in another it isn't that in the most unexpected of places one often will find the greatest of its kind. To illustrate, across the Chicago river, which is not a nationally-known stream, at 16th street, Chicago, one is a bit astonished to find a single-lift, counterbalanced bridge that is one of the marvels of engineering and the longest and greatest structure of the kind in the world.
 At this point an exceedingly heavy traffic interchange takes place between several large railroad systems and, at the same time, the traffic on this busy little river is such that the continuous flow of the rail traffic is frequently interrupted by the passing of ships.
 This condition necessarily called for a structure which could be opened and closed in the minimum of time and was, at the same time, suitable to accommodate the traffic conditions.
 The river is bridged by one enormous span, about 285 feet long, which, standing on end, is as high as a 22-story building and weighs approximately 3,500 tons. One end is stationary, the other is raised and lowered by electric power—only 1 1/2 minutes being required to open or close the span.
 The bridge is single span, carries a double track, successfully meets the peculiar requirements imposed upon it and cost upward of \$500,000.
Two More Attractions.
 The Sullivan Chautauqua has added two more attractions to the program published in the County News a short time ago. L. O. Brown, cartoonist and entertainer, will appear on the program on Thursday evening, August 18, and Henry Rathbone of Chicago will give a lecture Sunday evening, August 21, on "America, Its Duty and Destiny".

Card of Thanks
 We desire to thank the friends and neighbors for their kindness and sympathy extended us during our illness and at the time of the death of our beloved wife and mother. Also for the beautiful floral offerings.
 Robert Locke and Children.

We Are Now Ready For Business

At Our New Place on Corner of Market and Jackson Streets

4 BIG POINTS

To Consider When You Order Your Coal and Feed

- 1.—**QUALITY.** We make a study of the coal from every mining district and choose those coals that will meet your requirements and offer you the best market affords.
- 2.—**WEIGHT.** You must get 2000 pounds for every ton. Our scales are inspected, tested and kept in the best mechanical condition. Further than that we believe honesty is the ONLY policy.
- 3.—**SERVICE.** Our teams, our office and our employees are ready every day in the year to furnish you the kind and size of coal you want at the closest prices and most reasonable credit terms.
- 4.—**RESPONSIBILITY.** J. P. Lanum & Co. will be a permanent institution in Sullivan. Our yard and office is located at the corner of Market and Jackson streets. Our absolute guarantee protects you because we will be here and at your service next winter to see that the coal we sell you now gives you satisfaction then.

INDICTMENTS AGAINST SMALL AND STERLING

The following are the announcements for the Smyser church for Sunday, July 24, as given The News by the pastor, Rev. Jessie Mosser:
 10 a. m., Bible school.
 11 a. m., Communion service.
 11:15 a. m., Sermon subject, "Duties Of Deacons and Elders."
 7:45 p. m., Sermon subject, "School With One Scholar."

The Sullivan grain dealers were paying the following prices yesterday: White corn, 51c; Yellow corn 50c; oats, 32c; wheat, \$1 08.

Washing Bottles.
 The sediment in water bottles or cruet can be easily removed by rinsing thoroughly with a little hydrochloric acid, followed by clear water or ammonia water.

Local Markets.

The following are the announcements for the Smyser church for Sunday, July 24, as given The News by the pastor, Rev. Jessie Mosser:
 10 a. m., Bible school.
 11 a. m., Communion service.
 11:15 a. m., Sermon subject, "Duties Of Deacons and Elders."
 7:45 p. m., Sermon subject, "School With One Scholar."

Four indictments charging Governor Len Small, Lieutenant Governor Fred E. Sterling and Vernon Curtis, Grant Park banker, with embezzlement, conspiracy and confidence game involving a total of \$3,900,000 of state funds were returned by the Sangamon county grand jury Wednesday.
 The bond of Governor Small and Lieutenant Governor Sterling was fixed at \$150,000 each, and the surety of Curtis at \$100,000. Governor Small is expected to appear in court this morning and furnish bond although the question of the right of officers to serve a warrant on the governor was raised. The sheriffs of Winnebago county, the home of Sterling and Kankakee county, the home of Curtis, were notified of the indictment last night and requested to instruct the defendants to appear in court.
 The four separate indictments charge:
 That Governor Len Small, Lieutenant Governor Sterling and Vernon Curtis jointly embezzled \$7,000,000 in state funds.
 That Governor Len Small embezzled state funds of \$500,000.
 That Lieutenant Governor Fred E. Sterling embezzled \$700,000 of state funds.
 That Governor Small, Lieutenant Governor Sterling and Vernon Curtis entered into a conspiracy and confidence game to misappropriate \$2,000,000 alleged to have been obtained by drafts and other warrants.
 The bills go into details relative to the charges which are made and contain several counts. The conspiracy and confidence game indictment consists of forty pages.
 The return of the special grand jury came after an investigation of ten days under the direction of State's Attorney Mortimer and Attorney General Brundage into charges by State Treasurer Edward E. Miller of East St. Louis of irregularities in the office of treasurer during the terms in that office of Governor Small and Lieutenant Governor Sterling. It was alleged that interest on state funds was used for private gain. The inquiry by the grand jury involved the Grant Park bank, which the grand jury claims is a fictitious institution. Vernon Curtis and his brother, the late State Senator Edward C. Curtis, are said to have signed for a state loan of \$10,000,000 to the Grant Park bank. This transaction resulted in the indictment of Curtis.
 The bench warrants were issued by Circuit Clerk Charles L. Koehn a short time after the indictments were returned and forwarded to the office of Sheriff Mester. Chief Deputy Sheriff Lemmon notified George D. Sutton, secretary to the governor, of his indictment. The sheriffs of the counties in which Sterling and Curtis reside were later notified that indictments had been returned.
 Every family in Moultrie county should subscribe for the County News.

Fordson

In the Day's Work

Whether in the field, around the farm, or on the road, the Fordson Tractor is doing wonders in saving time, reducing cost and increasing profits for thousands of farmers everywhere.

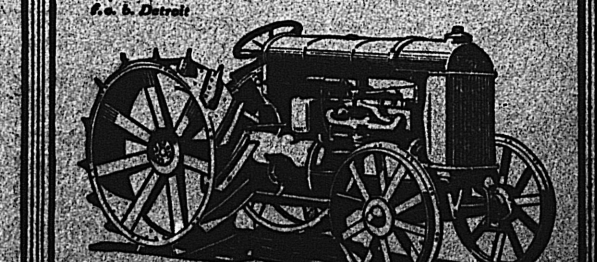

No matter what the farm task, if it can be done by motive power the Fordson can do it, and do it well.

170,000 now in use in all parts of the country and in every kind of field and belt work prove the efficiency, stability, and reliability of the Fordson Tractor.

Call, write or phone for the facts. Learn now just what the Fordson means to you in the day's work.

COUNTY NEWS

BAKER

Mrs. Lillie Kinsel and Mrs. Burleigh Fultz spent Tuesday with Mrs. J. W. Rauch and assisted in preparing dinner for the threshers.

Arley Blake from north of Sullivan spent Tuesday with his brother, Alfred Blake, and family.

Mrs. Goldie Hostetter returned to her home in Lovington on Monday afternoon.

T. H. Carter and family spent Sunday with his father, S. A. Carter.

Dr. Silas Trowbridge of Tulsa, Okla., for many years a practicing dentist at Lovington, Bethany and Sullivan, came to Sullivan on Saturday for a short visit with old friends. He spent Saturday night and Sunday with his niece, Mrs. Mary Duncan, and family.

Charles Taylor and wife and Mr. and Mrs. Thomas Erk of New Bedford, Ohio, returned to their home after a week's visit with his sister, Mrs. William Womack, and other relatives.

Born, Wednesday, July 20, at 5:30 a. m. to Frank E. Harden and wife a seven-pound girl, named Mildred Louise. Both are doing well.

Mrs. Charles Lucas and Irene Jones of Shelbyville and two daughters of Joseph Jones of Windsor spent last Wednesday at Edgar Bundy's and helped get dinner for the threshers.

Mrs. Ruby Getz and daughter, Edna, Mrs. Fina Switzer and little daughter and Mrs. Will Sams and two little daughters spent Thursday at Edgar Bundy's and helped to cook for the threshers.

Belden Briscoe of Chicago and Miss Viola Jones of Sullivan were Sunday guests of Edgar Bundy and family.

Twin sons were born to Frank Banks and wife Sunday. Both died and were buried late Monday evening.

Mrs. Roy Hostetter of Lovington, who spent the week end with her parents, Mr. and Mrs. Frank Nichols, returned home Monday afternoon.

Roy Hostetter of Lovington came down for an over Sunday visit at Frank Nichols'.

Mr. and Mrs. Frank Nichols and Roy Hostetter and family spent Sunday evening with W. O. L. Duncan and family. Ice cream and cake were served.

Winfield Murray, in talking to Dr. S. Trowbridge, told him that his wife was still wearing her false teeth that the doctor had made for her thirty-two years ago. They were still satisfactory.

Dr. S. Trowbridge and son Clyde are running a dental laboratory at Tulsa, Okla.

Charles Taylor and wife and Thomas Erk of New Bedford, Ohio, made the trip here to visit Mr. Taylor's sister, Mrs. Vina Womack, wife of William Womack. He is sixty-eight years of age. Mrs. Erk is the daughter of Mr. Taylor. The meeting was the first in seven years, when Mr. Womack visited him in Ohio. They also visited in Mattoon and Olney and visited his niece, Mrs. Jessie Pearce, of near Kirksville.

ALLENVILLE

Miss Gladys Leeds spent Friday with relatives in Sullivan.

John Turner and family visited relatives in Sullivan on Sunday.

Mrs. W. B. Winchester is seriously ill at her home north of town.

Dexter Wood returned to his home in Charleston on Sunday after a visit with relatives here.

Clarence Ethington of Amberg, Wis., came Saturday to attend the funeral of his uncle, Charles Ethington.

Walter Blackford and family of Champaign visited his grandmother, Mrs. Matilda Blackford, on Saturday and Sunday.

Mr. and Mrs. Ross Cannon and daughter Elinor of Mattoon spent Saturday evening with H. E. Wernsing and family.

Mr. and Mrs. Charles Ozee and children of Kirksville and Dr. and Mrs. I. O. Adams of Dundas spent Sunday here with relatives and friends.

Mrs. W. F. Kellar and daughter Iva went Saturday to Charleston, where on Monday Miss Kellar underwent an operation at the Alexander sanitarium at that place.

Mr. and Mrs. Charles Reece of Mattoon, Mrs. Emmaline Cliff of Mattoon, Mrs. Peterson of Hamilton county, O., were among those from a distance who attended the funeral of Charles Ethington on Saturday.

Mr. and Mrs. Oscar Bundy and sons, Orval and Fred, Misses Nina and Neva, Bence, little Harriett Rankin, Mr. and Mrs. W. A. Bence and daughter, Miss Edythe, and Mr. and Mrs. Delbert Stoddard of Windsor called on Mr. and Mrs. Theodore Snyder and Mr. and Mrs. L. W. Hawkins one evening recently.

Ray Burchard, who has been visiting his parents here since July 3, supposedly on a furlough, was returned to Camp Dodge, Iowa, Monday in the custody of Chief Police A. W. Sutton. Young Burchard deserted the army about July 1 and has been at large ever since. A reward of fifty dollars was offered for his arrest and return to the army.

BETHANY

Mrs. Sallie Baird of Prairie Home entertained the following girls at her home Monday and Tuesday: Misses Helen, Gladys and Dorothy Crowder, Marjorie Low, Maurine Brock, Allene Weldner and Lois Mathias, all of Bethany, and Miss Samuella Himmelwright of Decatur.

Mr. and Mrs. R. B. Wheeler of Kirksville were in Bethany on Tuesday.

F. D. Hennigh of Shelbyville was in Bethany on Tuesday evening. He had been to Dalton City, called there by the death of his sister, Mrs. W. H. Baird.

Mr. and Mrs. Hick Crowder, Mr. and Mrs. W. P. Davidson and children and Mrs. Lester Bushart spent Friday afternoon at Woodbine.

Theodore Jones of Loxa is visiting Mr. and Mrs. G. T. Hill.

Mrs. Vin Conner and daughter Ellen of Marion are visiting Mr. and Mrs. Frank Conner.

Miss Brent Smith of Sullivan is visiting her aunt, Mrs. Rufus Miller.

Mrs. R. P. Crowder and sons Robert and Thomas spent one day recently at Decatur.

Rufus Love, wife and baby of near Findlay attended the band concert here Tuesday night.

Mrs. Amos Bankson returned Saturday from Colorado, where she has been for five weeks visiting relatives.

Miss Bernice Bankson left Saturday for Franklin, Indiana, to visit Mrs. Sanders, formerly Miss Bertha McLaughlin of this place.

Mrs. Maggie Lingenfelter of Lexington, Ky., came Sunday morning to visit with A. W. Scott, who is in poor health.

Miss Emmaline Spence returned to her home in Olney Sunday after a visit here with Margaret and Zola McCord. She was accompanied home by Miss Dorothy Mathias.

Mr. and Mrs. V. W. McGuire of Decatur, spent Sunday here with J. R. Crowder and family.

Russel Low and wife of Detroit, Mich., are here for a visit with Isaac Low and family.

Bethany was visited by a much needed rain Monday afternoon.

Miss Hester Scott returned Monday morning from a trip through the West. She came home via Nashville, Tenn., where she has been visiting friends for two weeks.

Misses Ruth and Helen Ott of Decatur came Tuesday to visit Mr. and Mrs. S. H. Dellinger.

ARTHUR

Herschel Lowe, a 14-year-old boy, suffered a broken collar-bone Friday evening, when in crossing the Vandallia track at Fairbanks, a grain station three miles west of this place, he was struck by the west-bound passenger train.

The wagon was completely demolished, but the horses escaped without injury. Young Lowe was thrown about 25 feet.

Miss Mary Gibson is learning to become an operator at the telephone office and Miss Mary Sinclair is working at the bakery.

M. H. Corbett and wife left Wednesday for Creston, Iowa, to look after their farm interests at that place.

It is rumored that Arthur will soon have a public swimming pool. The project is receiving quite a boost and everyone is interested. It is to be 24x50 feet, made of concrete, and is to be placed in the city park. It will cost about \$600.

Frank Stevens, A. J. Monroe, Shelby Gibson, Ed Harmon and Frank Thompson were in Springfield, last week and rented one of the big army trucks. The government rents these trucks for \$175 for the first year, and \$100 for each year thereafter.

Mrs. A. L. Fifer and Mrs. Frank Beals entertained the Ladies' Aid of the M. E. church at the home of Mrs. Beals on Friday afternoon.

Frank Hunt is home from a trip to Waynesfield, Ohio.

H. P. Campbell, wife and son, Eugene of Tuscola were Sunday guests of the former's father, J. H. Campbell.

Willard Davis and family of Cleveland, Ohio, are guests of his parents, Sam Davis and wife.

LOVINGTON

On Saturday of last week, while they were haling straw on the Lowell Smith farm about three miles north of Lovington, the engine set fire to and completely burned up all of the haling machinery, a large straw stack and about one hundred oat shocks in a neighboring field. The men worked hard to put out the fire, but could do little good as there was no water supply near.

A much needed rain fell here Monday night. The corn already was beginning to suffer from the long dry spell.

Lyle Harrison was a Decatur visitor Monday.

Dr. and Mrs. W. K. Hoover spent Monday in Champaign.

Grant, Jr., grandson of Mr. Grant, the contractor of the new Methodist church fell and broke his arm while

New Prices on Titan and International Tractors Now Lowest Ever Quoted

EFFECTIVE immediately, we make another big reduction in the prices of Titan and International tractors. These reductions wipe out all former advances and place *Titan and International tractors at the lowest prices at which they have ever been sold.*

**International 8-16
\$900**

**Titan 10-20
\$900**

This price is about one-fourth less than the price at which the 8-16 sold prior to March of this year. The new figure is the lowest at which it was ever sold. The new price includes all the necessary equipment—platform, fenders, governor, belt pulley—features which must be paid for extra on some tractors.

This is the lowest price ever quoted on the Titan, considering the equipment now included (formerly sold extra). Up to March of this year the price was \$1,200—today it is \$900. At this figure the Titan 3-plow tractor is the best value in the farm power field.

The International 15-30 has been reduced to \$1,750—lower than it has ever been before. The man who needs a 4-plow tractor cannot find a better investment than the 15-30 at this price. (All prices f. o. b. Chicago.)

Considering quality, power, equipment, and the service which follows every machine, *Titan and International tractors at these new low prices are unquestionably the best buy in the tractor market.*

As these prices have been made regardless of manufacturing costs, we do not guarantee to maintain them.

These prices certainly justify the immediate purchase of a tractor. Put it at the horse-killing work of hot weather plowing, and your fall and winter belt work.

See our tractor dealer for full information on deliveries and terms.

INTERNATIONAL HARVESTER COMPANY

92 Branch Houses and 15,000 Dealers in the United States

SUIT FOR DIVORCE AND INJUNCTION

Action Taken By Mrs. Elma Oye To Prevent Her Husband From Disposing Of Their Property.

Another suit for divorce and injunction is that filed by Mrs. Elma Oye against her husband, John P. Oye, through her attorneys, McLaughlin & Billman. They were married at Tuscola on September 28, 1904, and lived together until July 20, 1921. They have three children.

She charges him with being guilty of an excessive use of intoxicating liquors and intoxicated almost the entire time so far this month. At the time he is drunk she claims he is very free with his money and sells things at a great sacrifice to get money for liquor. At these times she says he is guilty of extreme and repeated cruelty.

She asks the court that he be compelled to make proper and suitable provision for the maintenance of herself and children. She also asks for a division of the property besides some of the household goods, a two-year old horse and a flock of 400 chickens which she claims belong to her personally.

She also asks an injunction to restrain him from selling or disposing of the household goods or furniture and any of the other property including farming implements.

DAUGHERTY VS. DAUGHERTY

Through his attorneys, Miller & Patterson, Reuben Daugherty has brought suit for divorce from his wife, Iowa Daugherty. They were married on December 19, 1890, in Decatur and lived together until August 1, 1918, when he claims that she deserted him and has continued to do so. A property settlement was effected between them some time ago and he now asks for divorce.

Domestic Science Club

The Domestic Science club was entertained on Wednesday afternoon at the home of Mrs. D. R. Roadman. There was a round table discussion of the subject of "What To Do For Children's Birthdays." The hostess gave a demonstration on "Cold Drinks." Following the program the hostess gave each one present a tea towel to hem without the use of a needle. In the contest as to which could finish first Mrs. Bert Fultz was the winner.

TENEMENT CHILDREN TO VISIT COUNTRY

Another evidence of the growing sympathy between town and farm is found in the offer of the Illinois Agricultural Association to throw open its farm homes to tenement children of Chicago for two-week outings this summer. Through the cooperation of the United Charities of Chicago the State Agricultural association and the railroads, it is hoped to give several thousand youngsters of the slums a part of their birthright of trees, grass and fresh air.

A Chicago newspaper is aiding in the work by contributing \$1,000 and using its columns in an appeal to Chicagoans to open their pocketbooks to further the cause. The railroads are offering free fare. The charitable organization is selecting children of from 4 to 14 years of age from fatherless and destitute families who stand in urgent need of outings. Requests for these children have been coming in at the rate of twenty to thirty a day from Illinois Agricultural Association members.

The old day when town and farm considered themselves as separate and generally hostile communities is fast passing into history.

Ford To Buy Wabash?

Has Henry Ford bought the Wabash or is he planning to buy it or secure controlling interest? It is not likely that anyone here knows. The rumor has been flying thick for several days and Wabash men coming back from the eastern end of the line claim the rumor is more widespread east of here. A Chicago paper Sunday morning stated he had purchased the branch from Toledo to Fort Wayne and was seeking the line to St. Louis.

A Detroit paper, it is said, printed a story that he wanted all of the Wabash because it was the one railroad that served more of the principal cities of the country and more Ford territory than any other railroad.

Store Changes Name

The name of the Ponder-Duncomb store has been changed to the Duncomb Dry Goods company. Several months ago Mr. Duncomb purchased the interest of his partner, J. C. Ponder, in the business. He is grateful to the public for the splendid business he has been enjoying and asks their future patronage.

GIRLS WANTED

Light work and good pay, pleasant surroundings, numerous electric fans in all departments to keep you cool, ideal working conditions. Victrolas and pianos to furnish music for amusement during rest periods. Matron in charge who assists in looking after welfare of all employees.

Electrically purified drinking water in all departments.

Room and board or light house-keeping rooms can be had at very reasonable rates.

Experience not necessary.

If you are over 16 years of age, apply at once.

FROM LOCAL EXCHANGES

For Good Roads

Moultrie county supervisors, in session at Sullivan, passed the necessary resolutions so that the county, represented by its proper authorities, can bid on the construction of hard roads. Most all of the counties thru which the Big Four trail passes have adopted a similar resolution.

Thus the counties interested will be able to show the state authorities that they are ready to do their part on paying the Big Four trail. Moultrie county, at first thought, might not have very much interest in the Big Four trail, as it passes through the southeast corner only, but the state authorities have given out the information that the Big Four trail will be paved before the road leading to Lovington is paved. Hence it can be seen that Moultrie folks should take a keen interest in the Big Four trail.

This also brings up a question The Gazette has broached before, viz, the establishing of a properly marked trail from Lovington, thru Sullivan, to Windsor and extending south thru Strasburg, Stewardson and Shumway to Altamont—thru the finest country on earth and not a bad hill on the road.

Macon county bid \$27,700 a mile for the construction of 11.16 miles of hard road leading west of Decatur. This bid was several thousands of dollars less than the next lowest bid.—Windsor Gazette

Lyons Family On Vacation.

Mr. and Mrs. J. H. Crowder are entertaining Mr. and Mrs. J. C. Lyons and two children of Pekin, China. Mrs. Lyons is a daughter of Mrs. Crowder. They have been missionaries in China for the past eight years and are in this country on a year's furlough.

They were accompanied to this country by two Chinese students who will enter some college here next fall.

They left Pekin June 10th and were on the water fourteen days, landing at Seattle. No member of the family was sick on the water but the two Chinese students were very seasick. When they arrived in Decatur one day last week they were weary of their journey. Mr. Lyons' parents reside in Decatur.

They brought many articles with them including tapestries, Chinese clothing, beautiful footwear, embroidery work, oil paintings, fine photographs, dozens of strands of lovely beads and other jewelry. Two rugs especially made were brought to Mesdames J. C. Lyons and J. H. Crowder.

They report their voyage across the Pacific as very cold, furs being needed most of the time. They enjoyed only one day of sunshine the entire trip.—Bethany Echo.

Threshers Buy Water.

Something that was unheard of a few years ago is becoming a common practice now—that is, farmers buying water from the city to steam their traction engines during the threshing season. The excessive heat and prolonged dry spell has lowered the water in most of the country wells and in many instances they are bone dry. The farmers now haul their water from town by the tankful, paying the city 50c per tank. It is proving quite a business for the city, since there are several farmers who are hauling water for their stock, aside from what is being used for threshing. The city has an abundant water supply, coming from some deep wells, and as long as the pumping plant is able to operate there will be water for everybody. The 24-hour service at the light plant makes it possible to pump water day and night if necessary.—Lovington Reporter.

Retire Street Commissioner.

At the last session of the village board the job as street commissioner, held for the past few years by William Pepperdine, was dispensed with. The board members stated that they had no complaint against Mr. Pepperdine, or his work, but that the city was without the necessary funds to pay for such service. The city now employs a teamster, who also drives the street sweeper, and it is thought that they will be able to keep the streets reasonably clean for a time at least. Mr. Pepperdine worked only in the business district and he does deserve much credit for the excellent condition in which the up-town streets were kept. Mayor Pargson says that the plan now is to put Mr. Pepperdine back on the job as soon as the city's finances will warrant it.—Lovington Reporter.

To Have Swimming Pool

There is some talk around town that Arthur will soon have a public swimming pool, so much talk in fact that it is a reality and right here and now we want to help boost the project. Ain't it hot? And wouldn't a good swim feel fine? Nice clean water and only a few blocks from home, with bath houses, electric lights and everything.—Arthur Graphic.

Almost 40 Bushels Per Acre.

J. S. Smith has 22 acres of wheat which made a yield of between 35 and 40 bushels per acre. This is the best yield we have heard of around here. This is the big week for threshing

wheat and most of it will be finished during the week. It is making all the way from 16 to 40 bushels and the elevator men think that the average yield will be in the neighborhood of 20 bushels. Some oats have been threshed and the yield was from 25 to 30 bushels.

In almost all the threshing rigs the men go home to supper. We understand that one outfit northwest of Sullivan take their dinners with them. This is a new one in the threshing business.—Bethany Echo.

Picnic At Sullivan.

A party of Mattoon young women went to Sullivan Thursday evening at five o'clock for a picnic at Wyman park, taking their bathing suits along for several hours in the water. They had supper in Sullivan and spent the evening there, returning home on the night train. Misses Emma Robb, Ethel Hughart, Berdina Miller, Minnie Litwiller, Mary Morgan, Hazel Hayes and Fern Laey and Mrs. Rene Orndorff were in the party.—Mattoon Journal Gazette.

Baling Straw

A farmer north of town is baling wheat straw and shipping it to Chicago. The straw costs him \$1 a ton and it costs him \$3 more to bale it, and the freight is \$6 a ton, one and a half times as much as the total cost. What the fellow who uses the straw has to pay, goodness knows, but we bet he pays a plenty.—Arthur Graphic.

Sentenced For Stealing Car.

Judge George A. Sentel of Sullivan was here Tuesday and convened the June term of the circuit court from the adjournment taken on July 12. Adrian Bailey and Forest Hodges plead guilty to burglarly and larceny for the stealing of F. D. Duvall's Ford car and were sentenced to the reformatory at Pontiac under the indeterminate act.—Pitt County Republican

Sold For \$300 An Acre

A tract of land along the Springfield road and, formerly in the Aunt Mary Campbell estate was sold this week to Dave Plank for \$300 an acre. The land was owned by Mrs. Ola Fleming and Glen Campbell.—Arthur Graphic.

Oats Are Light.

The oats yield is light this year and the quality poor. Threshing has begun and some have tested only 25 pounds to the bushel. A Macon county grain man reports one crop that only tested 16 pounds.—Arthur Graphic.

PLAN TO LIMIT COOK COUNTY

Constitutional Convention May Give One Representative To Each County In the State.

The Constitutional convention by majority vote before adjournment last December carried the proposition that every county in the state should have at least one representative in the legislature and that it should have additional representatives on the basis of one for each additional fifty thousand population, or major fraction thereof, after the first fifty thousand. This would work out on the basis of the present population sixty-two representatives from Cook county and 112 representatives from the remaining 101 counties of the state. There is no other proposed limitation upon Cook county in the lower branch of the legislature. All the limitation is summed up in the proposition to give each county at least one representative.

The above provision for county representation is in harmony with what other states have done. Twenty-three states have county representation, among these states are the two largest and wealthiest in the nation, Pennsylvania and New York, and also such representative states as Iowa and Ohio. Most of the states of the east, the south and north recognize the county as the basis of representation. Some of the western states where the counties were laid out in advance of population for surveying purposes have not yet adopted county representation. Some states that formerly did not have county representation later on adopted it, notably Pennsylvania and Ohio.

There must be some reason for the selection of the county as the unit of representation when so many state constitutional conventions have come to the conclusion that while it may not be theoretically perfect yet from a practical standpoint it is the unit best adapted for the purposes of legislative apportionment.

Some of these reasons are: the county is usually a social and political unit, it is the seat of the local government, it is the seat of most of the political power and activities with which the residents of the county are familiar. Most people know very few people outside the boundaries of their own county, the neighboring county is practically as far away as the neighboring state and there is very little intercourse between them. The county fair, farmers institutes, teachers institutes, county conventions,

The standard tire likes nothing better than to prove its service

PEOPLE used to be secretly envious of the young fellow who came tearing up the street and stopped his car with a jerk.

Now they are inclined to criticise such abuse of tires. A mark of the growing consciousness about tires—their service, their work, their value.

This same respect for a good tire is the reason why the four-square tire dealer has passed up odds and ends, "job lots", "seconds", "cut prices"—and come out squarely with the standard quality service of U. S. Tires.

He is getting a bigger, and also better, tire business than he ever had before.

He is dealing now with his own kind

"Here is a man in close touch with one of the 92 U. S. Factory Branches"

THE U. S. USCO TREAD
Here is the U. S. Usco Tread, with a long-established standard of service among motorists who have an eye to value, as well as to price. While selling for less than the other tires in the U. S. Fabric line, the Usco has earned a reputation for quality and dependable economy which is not exceeded by any tire in its class.

ENGINEERING EXPERIMENT STATION TESTS

The man who gives up his lifetime to putting science at the service of business and humanity finds himself eternally asked, "What's the use?" Some people rise from their seats and say: "I see that some scientist fattening at the government trough has measured a hundred thousandth of an inch. What's the use?"

Even some solid-headed business men read of research departments and short in disgust: "What's the use? The old rule of thumb is the common sense way."

We think of railroads as progressive, of railroad men as efficient, but—

There are only two test plants of locomotives in the country, one owned by the Pennsylvania, the other at the University of Illinois. Only a few railroads try out locomotives on road service by means of a dynamometer car. What's the use?

One road that did found that by putting an exhaust tip three-eighths of an inch smaller on a Mikado type locomotive it increased the firebox temperature 400 degrees and saved \$67,000 a year in coal. On another line tests made it possible so to alter a locomotive as to reduce its fuel consumption 10 per cent and permit it to haul three more passenger cars on less coal and water.

That's what's the use!

Market Report.

Hot weather throughout producing sections has resulted in a decreased production of butter, but despite this a larger quantity is reaching the markets than is required for current consumption. This surplus is being placed in storage.

The United States Department of Agriculture reports comparative holdings in storage July 1 as follows:

1921, 68,750,000 pounds.
1920, 62,628,000 pounds.
Excess 11,224,000 pounds.

Eggs are showing the effect of hot weather, and markets generally ruled lower at the end of the week.

The Department of Agriculture reports comparative holdings in storage July 1 as follows:

1921, 7,460,000 cases.
1920, 6,747,000 cases.
Excess 703,000 cases.

The volume of aging chickens moving is increasing each week as chickens reach the marketing age.

COUNTY NEWS

LAKE CITY

A daughter was born to Mr. and Mrs. Frank Adkins on July 11.

Miss Mary Mitchell went to Bloomington last week to visit with friends for a week.

Mrs. Curtis Black and two sons of Decatur were the guests of Mrs. J. W. Stackhouse last Wednesday and Thursday.

Dorothy Caldwell of Decatur spent last week with her aunt, Mrs. Lester Falconer.

Mr. and Mrs. Bray and daughter of Peoria are the guests of their daughter, Mrs. Archie Dearman.

J. W. Stackhouse was a Decatur caller last Friday.

Allen Dickson and family of La Place called on Mr. and Mrs. Earl VanSickle on Sunday afternoon.

Hubert Howell and family were Lovington visitors last Saturday.

Joseph Dickson and sons were Decatur visitors Saturday.

Mrs. Joseph Brohard spent Friday and Saturday at Springfield with her son Allen.

L. O. Snow and family were Bethany visitors last Sunday.

Mrs. Hattie Brickner and daughter of Lovington were the guests of Mrs. Albert Davis on Sunday.

Miss Thelma Niel of Hervey City spent Sunday with William Butts and children.

Dr. Wilson of Dalton City was called here recently to see Mrs. George VanSickle, who was quite ill.

Miss Thelma Neilan of Blue Mound is the guest of her grandmother, Mrs. Albert Davis.

Mr. and Mrs. Ernest Tawell and son of Paxton spent Sunday with Mr. and Mrs. Henry Watson.

Mrs. Hubert Howell and Mrs. Joseph Dickson and children were Decatur visitors Monday.

Dr. C. C. Greenfield of St. James, Mo., was a business caller here Monday.

Mrs. Jay Dwyer and two sons of Bethany spent Tuesday here with her parents, Mr. and Mrs. Joseph Dickson.

Mrs. T. T. Springer of Decatur is visiting with her sister, Mrs. Roy Baker, this week.

CHIPPS

Lawrence Elliott and family and Mr. and Mrs. Manford Miller and two children of Montrose were Sunday guests at the home of L. M. Whanger and family.

Mr. and Mrs. Elmer Hendron and children spent Sunday afternoon with George Isaac and family.

Mrs. Eva White returned to her home at Dexter, on Monday evening after a few days' visit with her daughter, Mrs. Louie Whanger.

The farmers received a much needed rain here the first of the week.

Mr. and Mrs. Harry Edson and son of Coles spent Sunday with Mr. and Mrs. John Hanson.

Mr. and Mrs. Hendron and children of Cadwell were visitors at the home of Elmer Hendron and family late Sunday evening.

Mr. and Mrs. Dominico Decesaro and sons Jessie and Jack were Sunday guests at the home of Louie Whanger and family.

Mrs. Floyd Shirey and children spent Friday evening with Mrs. Jesse Drew.

Money to loan on good personal notes. F. M. Harbaugh. 12

CADWELL

Mrs. Cooper of Sullivan is visiting at the home of Mr. and Mrs. C. H. Bolton. J. S. Bolton, who had been in Canada the past three months, returned to Cadwell on Saturday of last week.

Mrs. C. H. Bolton is in Shelbyville, Ind., visiting her daughters, Mrs. C. T. Gordon and Mrs. Ebbie Davis.

Mrs. P. G. Chamberlain and son Paul and Miss Wilhemina Pauli of St. Louis, are visiting at the home of Mr. and Mrs. W. A. Wilkerson.

Mart Roberts and family of Mattoon visited at J. A. Robert's on Sunday.

Robert Bibrey, who has been working on a farm in Iowa, came home last Sunday.

Mrs. Willard Clevenger of Arthur visited at W. G. Ballard's on Tuesday.

Cooks Mills failed to appear for the ball game matched with Cadwell on Sunday afternoon, and in compliance with section one of rule 26, the umpire awarded the game to Cadwell.

Manager Fabert then matched a game with the Cracker Blues, the score of which was 16 to 5 in favor of Cadwell.

WAGGONER

Mrs. Curry of Sullivan visited her nephew, John Nichols, over Saturday and Sunday and attended services at Waggoner church.

Several from our community are attending the revival at Allenville.

Blanche Delana was a Decatur caller one evening last week.

Mrs. Frank Messmore is nursing a very sore foot caused from running a rusty nail in it. It was necessary for the doctor to lance it.

Roy Martin is baling hay for Andy Waggoner this week.

Mr. and Mrs. John Graven visited W. W. Graven and family last week.

N. King and family spent Sunday at Logan Linder's.

A. C. Maxedon conducted services at Charleston on Sunday.

J. P. Dolan and Frank Messmore delivered stock to Gays on Monday.

BRUCE

Andrew McDaniel and family spent Sunday with William Miller.

Every one was glad to see the big rain Monday evening.

Edward Moore has taken up his duties as a member of the Board of Review at Sullivan. Carl Hidden is clerking in the store.

Mrs. Willis Waggoner and sons Rex and Fred spent Thursday with Mrs. Neal Brackney.

Austin Henderson and wife visited friends near Shelbyville on Sunday.

Irtys Alvey was a business caller in Sullivan on Tuesday.

C. F. Hunt is having his store painted.

Austin Henderson and family spent Thursday with Albert Henderson and family.

For Sale or Exchange—Hotel and furnishings, 22 rooms. Only hotel in Illinois town. Fine business. Albert Gossett, Veedersburg, Ind. 2913

KREAM KRUST?

Rehearing Is Denied.

Readers of The News will recollect that the city of Sullivan in the spring won its ouster case in the appellate court, that court affirming the decree of the circuit court which requires the Central Illinois Public Service Co., to remove its poles, lines and wires from the streets and alleys of the city of Sullivan. Attorney E. J. Miller received notice from Geo. L. Tipton, clerk of the appellate court that the rehearing in that court asked for by the Public Service Co., is denied. This finally disposes of the case in the appellate court and unless said Public Service Company gets the supreme court to again review the case it must soon begin to remove its property from the streets and alleys of the city.

Former Resident Here.

Mr. and Mrs. Robert Jones have been here from New York City for a short visit with relatives and friends. He formerly resided here but left Sullivan when a young man. His parents, Mr. and Mrs. R. T. Jones, formerly conducted a cafe on the south side of the square.

We would like to show you our new patterns in Cretonnes for draperies, summer coverings and pillows.

STUDEBAKER CARS MAKE MORE RECORDS

News of more "firsts" established by Studebaker cars has just been received by Weidner & Shirey, local distributors of Studebaker cars.

A dispatch from Nevada City, Nevada, states that the first automobile to come over the Yuba Pass under its own power this year was a Studebaker, carrying Mr. and Mrs. Oscar Lister, of Boise Valley, Idaho, and their children, together with camping equipment weighing nearly 500 pounds. They were en route from their home to Southern California, and essayed the difficult trip over the Yuba Pass without experiencing trouble.

From Spokane, Washington, comes the report of another Studebaker, piloted by J. H. Collins, of Colville, accompanied by his wife, who drove their car to Seattle and established the record of first crossing the Snoqualmie Pass. There is always considerable interest in the first car to come over the pass leading over the Cascade range, as it is usually blocked with snow until late in the season. Upon leaving Seattle Mr. Collins was told that the pass would not be open, but he determined to set out and go as far as he could. On the summit he was held up for nearly an hour waiting for workmen to let him through. He encountered more than eight miles of snow in making the ascent, and had to resort to chains in negotiating the stretch.

To a Studebaker car has gone the honor of replacing the malamute dogs and horse stages away up in the far northern snow-covered country of Alaska. It is a touring car, too, that is doing this job and it is being operated by Jack Collins, a "sour dough" on the route of Anchorage, Alaska. Latest reports state that the car is proving its ability to travel anywhere the malamute dogs and horse stages can go, and to cover the ground in one-third the time.

New Diving Pier

The park committee is having a thirty-foot diving pier erected in the center of the lake at Wyman park. This will be another of the many improvements added to the park during the past few weeks.

Cases in County Court

On the last day of court was in session Judge Sentel certified all the cases for mandamus from the circuit

court to the county court. These cases in the county court will come up on August 8 and all cases will be called then either for a plea of guilty or to enter into a new bond.

TENANT FARMER IN NO ENVIABLE POSITION

The tenant farmer of Illinois is in no enviable position, according to evidence presented at the hearings held by the county farm bureau and the Illinois Agricultural Association for Congressional information.

"The total cost of producing an acre of oats, figuring forty bushels to the acre, is \$8.61, delivered to the local market," Harry Gehring, Knox county farmer, told the officials of his county farm bureau. "At twenty-eight cents a bushel the total income from this acre of oats would be only \$11.20. Therefore, the tenant who pays one half of his crop as rent loses \$3.01 an acre on his oats."

H. W. Rice, of the Macoupin county farm bureau, compared prices of local price quotations on farm products to the following conclusions: It takes almost forty acres of oats to buy a binder; it takes sixty to a hundred bushels of corn to buy a decent suit of clothes; it takes nearly eight bushels of wheat to buy a pair of farm shoes; it takes more than three bushels of wheat to buy a sack of flour.

A Henry county farmer concluded that the average Illinois farmer was making a gross profit of fifteen to twenty cents an hour for his work.

If the evidence presented at the county farm bureau hearings in Illinois is characteristic of the nation-wide agricultural situation, the reason for the present industrial depression may largely be traced to the lowering of the farmer's buying power.

On Trip to Starved Rock

A party consisting of Attorney J. L. McLaughlin and family, Mr. and Mrs. Frank Reese and son Fred, Mr. and Mrs. Sam Palmer, Mr. and Mrs. Almond Nicholson and Mr. and Mrs. Guy Conklin departed on Tuesday afternoon on a trip to Starved Rock.

Wyman Park Lake Popular

The lake at Wyman park is becoming a big attraction for swimmers from all over this part of the state. Swimmers come from Mattoon in large numbers and there are generally some at the lake each day from Arthur, Bement, Assumption and other places.

WILSON VISITS ILLINOIS ALUMNI

Plans Being Made For Picnic For Former University Students At Wyman Park.

"Tug" Wilson of Atwood was in Sullivan the last of the week making preliminary arrangements for a big picnic for the Illini club of Moultrie county, the membership being made up of former students and alumni of the University of Illinois who are residents of this county.

Mr. Wilson also visited other towns in the county and later on a big picnic will be planned at Wyman park, when it is expected that a large number of former students will attend. At the meeting speakers from the University will be present and aid in the forming of a strong organization. It is expected that George Huff, Robert Zupke and others will be present.

Mr. Wilson, who was formerly captain of the basketball team of the University and a great athlete, has been in

other counties in the state assisting in the organization of Illini clubs and has been having great success in the work. He is working hard to organize a strong club in Moultrie.

Surprise On Mrs. Cummins

Officers of Crystal Chapter of the Order of the Eastern Star gave a surprise supper on Monday evening at their hall in honor of Mr. and Mrs. David Cummins, the date being the birthday of Mrs. Cummins. The officers of the organization and their families were the hosts. Mrs. Cummins has been an able officer of the organization for the past few months.

Property Rights Restored.

A case of unusual interest was up in the county court on Saturday when Roland Hampton was restored his property rights. There were about twenty witnesses in the case. The old man whose property had been placed in the hands of a conservator was pleased to have it restored to him.

I have some money to loan. Office in Odd Fellows' building. F. J. Thompson.
