SERVICES FOR HENRY AND DR. GLENN RAY AT METHODIST CHURCH ON SATURDAY.

FORMER PASTOR IN CHARGE

FORMER PASTOR IN CHARGE

Takes About One Hour For Friends
And Relatives To Pass Single
File To View Remains Of
Departed Ones.

One of the largest funerals ever held in Moultrie county was that of Henry Ray and Dr. Glenn Ray at the First Methodist church on Saturday afternoon. Over an hour before the service was to start the friends began to gather at the church which was more than filled, except for This was the first meating follow.

Attorney Bryan Tivnen of Mattoon gave an interesting to the Constitution" at the regular meeting of the Sullivan Kiwanis club on Friday noon. The speaker told of his experiences in Italy, where the Communists held sway that Mussolini took charge and with the help of the law-abiding citizens help out down the reign of terror which had been carried on there.

Organizations such as the Kiwanis were said to be of special value in holding up the true ideals of citizenship so that effort of the Communists to disrupt the fountry are of no avail. was more than filled, except for the reserved seats for the family and visiting doctors, at the time the fun-eral arrived. Following the service

DR. GLENN RAY

the caskets were opened and it took about an hour for the friends and relatives to file past single file.

A large number were over from

Decatur, where Dr. Glenn Ray had been for the past two years. The pall bearers were fellow physicians from that city. There were also many nurses and others from that Old neighbors and friends of the Ray family from Jonathan Creek and Lowe townships, were also here in large numbers for the ser-

Mrs Fern Williams of Springfield presided at the organ. Special musical numbers were sung by a quartet composed of J. B. Martin, D. G. Car-They sang, "The Old Rugged Cross,"
"In The Garden" and "Till We Meet
Again." The scripture lesson, and prayer and the obituaries of the two men were given by Rev. Lawrence. The funeral sermon was preached by Rev. James Wilson, of Tolono, who for five years preached at the Cadwell church and was a special friend of the Ray family.

Rev. Wilson told of the close association of the father and the son and of their affection one for the other. Just before leaving for the est the matter of church improvements came up and Mr. Ray told Henry Jenne to see that they were finade and he would pay half the ex-pense of the same. Mr. Ray first united with the United Brethren Henry Jenne to see the same of the same. Mr. Ray first united with the 'United Brethren church but later joined the Methodist church at Cadwell and retained his church at Cadwell and retained his church at Cadwell and retained his officers:

eed Corn Selected By High School "Ag." Classes Worth \$8,725,00 To Community.

Reporter-Wayne Purvis.

Sullivan high school agriculture class members are planning to make farming more profitable on their home farms for the coming year. The thirty two boys enrolled in the ty: She has been deputy under her "Ag" classes have learned from husband, D. G. Carnine, during the study that corn yields may be inpast four years and if elected the creased from seven to ten bushels per acre by field selecting and testing seed as against the crib selection method commonly practiced. The boys are also anticipating a seed corn shortage in the coming spring, due to the dry weather of the past growing

The parents of some of these boys have shown enthusiastic interest in the project. That is as it should be. The project offers valuable rewards in two ways for the boys and the community; first it gives the boy practice in an enterprise the theory of which he has learned in the class room; second, experiments have shown that seed selected in the field increases corn yields from seven to ten bushels per acre over the old crib method of selection. On this basis the 320 bushels of seed selected by the agriculture class should plant some 2500 acres of corn. The increased yield because of field selection may be expected to amount to 17,500 or more bushels and at 50c

AT HIGH SCHOOL BIG EVENT

If baby has

A CRY in the night. Colic! No cause for alarm if Castoria is handy. This pure vegetable preparation brings quick comfort, and can never harm. It is the sensible thing when children are ailing. Whether it's the stomach, or the little bowels; colic or constipation; or diarrhea. When tiny tongues are coated, or the breath is bad. Whenever there's need of gentle regulation. Children love the taste of Castoria, and its mildness makes it safe for frequent use.

And a more liberal dose of Castoria is always better for growing children than strong medicine meant only fer adult use.

weeks with her in Peoria.

Mr. and Mrs. Carl Shasteen and daughter Joyce and Mr. and Mrs. Elmer Silver returned home on Sunday from a visit of a few days with relatives at Kirksville, LaPlatte and other points in Missouri. They re-port that the part of Missouri in which they visited was much worse
off from the drouth than Moultrie

MANY COLORS IN THE

NEW MAJESTIC RANGE
The vogue of color, that first invaded the living room, dining room and sun room, has now been carried to the kitchen. It is only natural that the room where the housewife

spends a great part of her time should be colorful and attractive. To get the most pleasing effect from the use of color in the kitchen a central color scheme should be se-This can be carried out in the larger pieces of furniture and the walls, while 'a contrasting or harmonizing tone may be used to offset this chief color note. To introduce color into kitchen,

good item with which to begin is the range. The new Majestic ranges in full porcelain enamel provide an attuit porceiain ename; provide an av-tractive array of colors—Blue, Ap-ple Green, Ivory, Gray and White. These ranges form the basis of a kitchen in color that will give any woman a new pride in her home, while they also make cooking and while they also make cooking and baking easier through their many up-to-date dealers, the conveniences. David Hardy have these All-Enamel Majestics on display next week. Stop and them and ask about diana where he will attend the Tri-State College during the coming plan, which makes this marvelous new chool year.

Dr. and Mrs. Darwin Kirby and this plan you need pay no interes range extremely easy to own. By or other carrying charges.

THE CHURCH ANNOUNCEMENTS

Items Pertaining to the Various Religious Organizations of the City.

FIRST METHODIST CHURCH. Rev. Leland Lawrence, Pastor. Church school at 9:30 a.m.

Church school at 9:00 a.

J. A. Reeder, Supt.

Morning Worship at 10:45.

Epworth League at 6:30 p. m.

Evening worship at 7:30 p. m.

"The Morning sermon subject, upreme Example."

Evening sermon subject, "Noth-Epworth League course:
"How We Got Our Bible," a leson on the Old Testament Prophets

led by J. A. Sabin.

The new church school and church orchestra met at the church on Wed nesday evening for organization and a brief rehearsal under the direction

of Prof. Moore of the high school. This orchestra will be used at the church school and also for evening nusicales. Miss Vivian Clark, new musical di-

miss vivian Clark, new musical director in the schools, has taken charge of the Young People's choir. Both Adult and Young People's choirs met at the church Thursday night for a pot-luck supper. The Adult choir is newly organized with Mrs. Elmer Richardson serving as

its secretary.
Mid-week services on Wednesday
nights, or Mid-week Sabbaths, start
the first Wednesday in October. That
is next Wednesday. Reverend Lawrence will lead the service each meeting giving a brief sermonette of about 15 or 20 minutes. There will be perfect freedom for meditation silence and all those things that make

for worship,

We do not believe people desire
the "old time prayer meeting", but we do believe they want and need a mid-week Sabbath between the regular Sabbaths. These services will be of interest to both young and older, and we invite everyone come who enjoys and profits by this service. Later in the season the Church Nights will displace the midweek Sabbaths until the Spring. There will be regular classes during the Church Night session.

FIRST CHRISTIAN CHURCH.

Rev. C. E. Barnett, Pastor. In the Sunday school session next Sunday final arrangements will be made preparatory for promotion of scholars Oct. 5. Enrollment of scholars in new classes, and of new scholars in all classes will be the re-

scholars in all classes will be the result of the coming Promotion Day.
Sunday school opens at 9:30 a. m.
At the hours of worship 10:40 a.
m., and 7:30 p. m., the pastor will deliver the messages. At these sery vices of the church members and friends are expected and everyone is

most welcome.

Christian Endeavor will be held at 6:30 p. m. A most interesting meeting was held last Sunday evening, which resulted in definte plans for future meetings that should bring nost gratifying results. Subject for discussion at the coming meeting is or home and foreign missions: "How I Would Spend \$1,000,000 on

"Going to church is a habit-good habit." Go.

Bro. Martin has a subject of vital nterest for Sunday evening.

Please come hear him tell the story. John 15:26, "But when the comforter is come, whom I will send unto you from the Father, even the Spirit of truth, which proceedeth from the Father, he shall testify of

I believe that without forcing the translation beyond the point of reasonableness, we may alter the words in the last clause of the text to read in the last clause of the text to read, "He shall be to you what I have been to you." How beautiful! How sublime! The Holy Spirit when he comes shall be to you what I have been to you. The Holy Spirit will be to us what Jesus was to his disciples surely we say a reision at the ciples, surely we can rejoice at the thought and rest in the assurance of the truth of it. What was Jesus to his disciples? Any right answer will help us the better to grasp the ter-rific significance of the statement. He was a friend, "I call you no long-er servants but friends." We talk over with our friends the things would not mention to the servants He was a comforter to them. The

were strangely disturbed, these twe He wrought a revolution in th life of each. He was their provider For the body there was bread and fish. For the spirit there was the word of life and he drew for them from a well that was very deep and it satisfied. In prayer he was their inspiration. In gentleness, goodness and meekness he was their example he was everything to them.

SENATOR NYE'S BAD
SPORTSMANSHIP.
Senator Nye has put himself and his committee in the worst possible light by refusing to allow Mrs. Mc-Cormick to present her side of the

is investigating her campaign expenditures and her question: "What is Senator Nye going to do about it?" was provocative. But Mrs. McCormick made the defense that she did some spying only because she was spied upon; that her telephones wires were tapped and her private files

The Senator has made a blanket de-nial of the charge that the committee mial of the charge that the committee was in any way responsible for the espionage on Mrs. McCormick and has fortified himself by saying that the committee could have secured any records it desired by the lawful method of subpoena, rather than by stealing them.

Granting that this is true, the fact transition that Mrs. McCormick has a series to complete before cold weather.

This company also has just finished a six and one-half mile contract from the Illinois-Indiana state.

Granting that this is true, the fact remains that Mrs. McCormick has a grievance. Somebody broke into her files. Senator Nye dropped the espionage part of the investigation like a hot potato when Mrs. McCormick asked to be allowed to make a statement and turned his attention to trying to uncover hitherto unreported expenditures in her primary campaign. The Senator's course is not calculated to inspire confidence in his impartiality and disinterestedness.—Decatur Herald. ness.-Decatur Herald:

CHILD TAKEN HOME. Mary Margaret Shiels, daughter of Mr. and Mrs. Orville Shiels who has been an inmate of the Shelby County Memorial hospital for the past three weeks, following the tragic affair in which both her legs were severed above the ankles by a bean cutter, driven by her father, has recovered sufficiently to be taken to the country home northwest of this city.

The little miss, while only 3 years old, is very cheerful and says, "Mother can bring me the things and I can make pies for my daddy."— Shelbyville Leader.

WILLARD McMULLIN TO ENTER UNIV. OF ILLINOIS.

Willard McMullin, who has been working in Detroit since leaving high school a few years ago, is here visiting his parents, Mr. and Mrs. B. N. McMullin. He plans to enter the University of Illinois next week and will take a course in engineering. -Lovington Reporter.

ANNOUNCE WINNERS

IN FLOWER SHOW.

A bouquet of cockscomb entered by Mrs. J. L. Mayes won the first prize in the flower show staged by the Dalton City unit of the Macon County Home Bureau last week in the home of Mrs. George Fulk near Bethany. Mrs. Louis assistant hostess.

M. Chapman won second prize and the awards for the most artistic arrangement were given as follows: First, Mrs. J. L. Mayes, zinnias; sec-ond, Mrs. George Fulk, purple cactus

Nasturtiums entered by Mrs. F.

Roll call was answered with "My Favorite Nut." Two popular num-bers were sung by Mrs. Probst and Mrs. Woolums. Programs for 1930 and 1931 were distributed.

SENATOR BROOKHART FLAYS
ROOSEVELT STAND.
Senator Smith W. Brookhart, Republican, Iowa, has issued a statement assailing Franklin D. Roosevelt Democratic governor of New velt, Democratic governor of New York, in connection with his recent advocacy of repeal of federal con-

anvocacy of repeat of reueral con-trol of liquor.

The senator said the governor had failed to give prohibition a fair trial in his state. He added that under the circumstances no fair minded person could say that prohibition had been a failure "even in New York" "It is Governor Roosevelt who has been a failure," Brookhart said.

DUANE PURVIS ELECTED CAP. TAIN OF MATTOON TEAM

Duane Purvis, the 195-pound ful back, who has played on the Matton high school team for the past three years, was elected captain of the 1930 squad last week. He was unan 1930 squad last week. He was unanimous choice of the group. This is Purvis' last year of high school football competition. He will finish his high school course in January. Besides securing his letter in football he also starred as a member of the state. The population of Illinois increashaskethall and track team.

ARCOLA-ARTHUR SLAB READY
FOR WEEK-END TRAVEL.
The Arcola-Arthur paving was opened for travel last week-end as the two weeks required for the paving to season were over Friday. Those using the paving will detour at the crossing just south of O. H. Scott's residence east of the river and will travel the oiled road from there to Chesterville where the paving may Chesterville where the paving may be reached and used from Chester-

ville to Arthur. This detour is made necessary by This detour is made necessary by the fact that the river bridge has not been completed and just now workmen are engaged in putting 20 car loads of gravel on the heavy fills approaching the bridge. This gravel is being put on in great piles at the side of the road and will be scraped on the road a little at a time. The specification calls, for eight.

The specification calls for eight inches of gravel but if that amount was all placed on it at one time auto-mobiles would be unable to travel the Cormick to present her side of the espionage story.

Mrs. McCormick frankly has admitted that she hired detectives to find out facts about the Senator who is investigating her campaign avanable. With the continuous would be unable to travel the road, so a thin coating will be placed on the grade and when this is beaten down by travel more gravel will be dragged to the center of the road.

some spying only because she was spied upon; that her telephones wires were broken into.

Senator Nye was successful in getting hold of the telegrams that passed between Mrs. McCormick's investigators and these he hastened to make public. But he has steadfastly refused to hear Mrs. McCormick's statement or the two witnesses to wire-tapping, which she says he has. The Senator has made a blanket denial of the charge that the committee shoulders not being built between Arcola and Chesterville. The O'-

The Herrick Construction com-pany, which is building the bridges over the Okaw river on route 133 has made good progress with the structure and three of the five spans of the bridge are complete and the false work is up for putting the floor on the fourth span. When this work is up the guard rails will be built and this is rather slow work. It will probably be eight weeks before this bridge is entirely finished. This company is also building a small bridge at the southwest corner.

ed. This company is also building a small bridge at the southwest corner of Arthur on the Arthur-Lovington road. The Herrick Construction company has also been awarded the contract for a large Bridge on route 121 west of Decatur, and expect to get this work started within the next two or three weeks two or three weeks.

NEXT WEEK ONLY!

THE NEW ALL ENAMEL

MAJESTIC RANGE

SEE HOW COOL AND CLEAN COOKING CAN BE!

If you have thought that you must change to an expensive fuel to get modern cooking and baking benefits—

—the New Majestic Range holds a surprise for you!

No matter what fuel you use, the same amount of heat is necessary to cook or bake. Cool, clean cooking is not a matter of fuel, but of the range. When your kitchen is equipped with a New All Enamel Majestic the heat is held inside—you cook and bake perfectly—in a pleasant,

The New All Enamel Majestic in full colors will be exhibited here at our store every day next week. It will astonish you with its sturdiness and convenience. You will see for yourself that it is not necessary to change from coal or wood to get the modern advantages of coolness,

Next Week Only

This complete set of DeLuxe Copper Ware, with handsome Nickel Plated Finish, will be given FREE to every woman who buys a Majestic during the demonstration—next week See this set when you attend the exhibit.

MajesticOvenConstruction A Triumph in Heating Efficiency

Years of range building experience have enabled the Majestic Company to attain unusual perfection in the New All Enamel Range. Complete insulation keeps the heat where it shouldbe—on the inside. The heat is held around the oven, where it can do work, while the outside of the range is left

The solid cooking plate is made of polished metal, with two lids directly above fire box. The sanitary shelf, the easy clean-out features, the removable doors and stakes, make this the cleanest range you have ever seen. The nicety of fitting all doors and other parts also adds to cleanliness, good cooking and heat-tight efficiency.

With this fine attention to construction detail, you would hardly expect the Majestic to be the beautiful range it is. But this Majestic can be had in you choice of four glorious colors and pure White. In Blue, Apple Green, Gray or Ivory, it blends into any scheme of modern decoration you may choose. It gives you an up-to-date kitchen in color—a setchen that you will be proud to display—one which you will rejoice to use.

The Majestic "Pay-As-You-Use-It" Plan

It is easily possible for you to own this New All Enamel Majestic at once. We have made a special arrangement with the Majestic Manufacturing Company whereby you are offered a liberal pay-as-you-use-it plan. No interest or carrying charges are added. No advance in price We will be glad to explain this plan to you in full.

ONE WEEK ONLY - DON'T FAIL TO COME!

You will want to know what the latest in ranges can offer you. Whether or not you are going to buy a range now, come and see the New Majestic. There is no obligation whatever. The special demonstration lasts but one week. Make your plans to visit our store one day next week and see these new ranges in full)porcelain enamel.

She spoke at the meeting of the Bethany Woman's club on "A Health Audit," on Tuesday afternoon. Mrs. Martha Harris, Moutrie County Health officer, also spoke at this meeting.

FARMERS HAVE THE

BEST EYE SIGHT. Farmers have the best eye sight, business and professional people have the worst and skilled workmen have the greatest percentage of uncorrected visual defects of any ocstatement issued at Springfield by Dr. Andy Hall, state health director, which is based upon the examination of 100,000 native born white male in this country. The rate of uncor-rected visual defects found among the skilled workmen was 29 percen higher than in the business and professional groups and 100 percent higher than among farmers.

The rate of defective hearing among skilled workmen stands 31 percent above it in the business and professional group and 23 per cent higher than in the agricultural group. The frequency of carjous and lost teeth is about equal among farmer and skilled workmen but rises to 48 percent above that in business and

professional groups.

Dyskinesia and the habitual use of laxatives occurs 10 percent more frequently among skilled workmen than professional and business and 32 percent more frequently than among farmers.

"These findings are of the utmost significance in connection with health programs and especially with reaction programs and especially with accident prevention projects," Dr. Hall said. "Uncorrected defects of vision and reduced acuteness of hearing among skilled workmen would certainly increase their prone-ness to accidents. This is the very group which finds itself subject to the greatest occupational accident hazards. Thus defective vision and dullness of hearing in skilled work-men make the risk to accidents even greater than their occupations would otherwise involve.

"The high rate of visual defects among professional and business peo-ple, 56.5 and 51 percent respectively even though largely corrected by glasses, suggests that prolonged use of the eyes in close work is wearing. It likewise emphasizes the impor-tance of proper lighting facilities in schools, offices and business houses. Furthermore, it shows that sight conservation programs are justified by conditions and should be continu-

"The professional group studied included doctors, lawyers, writers, clergymen, teachers, engineers, etc while the business group included executives, bankers, salesmen, clerks and the like. In the skilled workmen group were members of 20 occupations such as machinists, printers electricians, barbers, plumbers and

The medical examinations were performed by 9000 doctors in all parts of the country. The examinations were undertaken as a life conservation project by 40 different life insurance companies who offered the service as a periodic health in-

ventory to policy holders.

"The analysis of the data was done by statisticians of the U. S. public health service and was not a feature contemplated in the original project by the insurance companies."

AID SOCIETY TO PRESENT "THE FLAPPER GRANDMOTHER"

The Ladies' Aid society of the The Ladies' Aid society of the First Methodist church will present, "The Flapper Grandmother" at the Grand theatre on Friday afternoon and evening of next week. The afternoon show will be for the grade school children and the admittance will be 15c. The show at night will commence at 8 o'clock and the ad-

mittance charges will be 25c and 50c.
The ladies will start their practices for the play at once. The caste will be published in the County News next

BRUCE BASEBALL GAME TO

BE PLAYED SUNDAY MORNING
On account of the baseball game at Gays on Sunday afternoon between the Gays team and the Colored Giants of Decatur, the contest between the Sullivan Reds and the Bruce team will be played at 10 o'clock Sunday morning at the Kintham Bruce team will be played at 10 o'clock Sunday morning at the Kintham Bruce instead of in the afternoon as first planned.

FOR NEW GAYS GYM.

A special program will be given on Friday evening, Oct. 3rd, for the ded by automatic oil burners. The blant is also to be equipped with shower bath for the workmen.

The plant is to be equipped with \$35,000 worth of modern milkhands ling machinery.

Lovington-Hammond.

Hammond high school played its first game on its new athletic field Friday, taking a 6 to 0 victory over Lovington in a hard fought contest. The game was considerable of a grudge battle owing to the natural rivalry of the two towns. The two schools played a scoreless tie in mideason last year.

Hammond scored in the second quarter on a 30 yard pass, E. Legge to Bolin, the Hammond quarterback catching the ball behind his own goal line. Hammond made seven first downs to Lovington's five. Lov ington completed six out of nine passes, most of them short, while Hammond completed five out of 11. The game was marred by fumbling

on both sides.

The Summary. Hammond (6) Lovington (0 Parrill, lt L. Taylor, rt Shipley, cEvans, Auer, rg Murch, l Foreman (c), rt Miller, l Durl, reTracy, le

Hindsboro-Arthur.

Arthur and Hindsboro battled to a scoreless tie at the latter place on Saturday afternoon. Both teams were in scoring territory once but lacked the punch to push the ball-across. Cravens of Hindsboro twice broke loose for runs of 25 to 30 yards but was snagged before cro ing the goal line.

Bethany Schedule. The Bethany Township high school football schedule for the coming season includes games for the next five

eeks as follows: Friday, Sept. 26-Hammond Bethany. Friday, Oct. 3-Blue Mound

CHAMBER OF COMMERCE

who throw away cigaret or cigar stubs or discard lighted matches do not realize that they are creating the greatest single fire hazard. But they are, according to the Insurance Committee of the Illinois Chamber of Commerce which is engaged in a campaign to reduce fire waste.

Carelessness is one of the primary causes of fire. The remedy is simple Perhaps because it is so simple is the reason so many people ignore it.

Be sure to put out the fire.

Owners of stores, factories and warehouses should see to it that waste paper, excelsior, fibre boxes and other like flammable material is not strewn about the premises. If ed of, it constitutes a very definite fire hazard and one that should be given eareful consideration.

Electric flat irons left in contact with combustible material with the current turned on while the operator goes away for "a minute,", throwing hot ashes in wooden boxes, filing fuse holders with pennies are but a few of the many causes which are responsible for numerous fine de-

partment runs and much fire waste.

Because of their tremendous explosive force when mixed with air and the fact that they vaporize rapidly into highly inflammable gases, the use of gasoline, benzine or naphtha in cleaning clothing in the home is most dangerous. Hundreds of wo-men have lost their lives and other hundreds have been more or less seriously injured when static electricity, induced by friction, caused the ioniinduced by friction, caused the ionition of the garment that was being

The slogan contest sponsored by the Insurance Committee of the State Chamber and in which hundreds of Illinois high school pupils are com-peting for the one hundred dollars in prizes, will close on September 25. All entries received postmarked after September 25 will not be judged. Prizes are to be given for the best slogan on fire prevention.

SOIL, NOT UNFAVORABLE SEASONS, UNUSUAL CAUSE OF CLOVER FAILURE. Unfavorable weather is often

blamed for clover failures when an acid soil is the real cause. The remark is frequently heard, "It is not the soil but the unfavorable seasons that cause my clover failures. The clover always comes up a good stand but it burns out during the

failure. It is not unusual to see a field of clover killed by hot, dry weather while another field the road will come through the road will come through these same hardships in good condition, yet both fields have been exposed to the same hot, dry weather. The difference in soil conditions will often explain why the clover holds on one field and not on the other. One field is "sweet"—in other words, contains about a film other words, crease the local output to 1500 pairs daily. The average lately has been about 1300 pairs daily. The record for the different departments on Wednesday was as follows:

Cutting—1200 pairs.

Fitting—1325 pairs.

Lasting—1320 pairs.

Bottoming—1464 pairs.

Finishing—1482 pairs.

Packing—1314 pairs.

Stock fitting—1310 pairs.

The record of the local factory is considered unusually good when it is contains plenty of lime—while the other field is "acid." The acid soil does not produce a strong, vigorous plant, and such plants are less able to withstand the hardships of unfav-

considered unusually good when it is considered that the first shoes were on many fields there will be severa acres of fine sweet clover while the rest of the field will either have no sweet clover or at best only a few scattered plants. The entire field was sowed at the same time with the same kind of seed. The rainfall was

BRIDGE WORK SLOWED UP
WHEN DIRT BANKS CAVE IN.
The Herrick Construction Co., who
are building the thirty-seven foot are building the thirty-seven 100t bridge over the Roy Reeves dredge ditch at the south edge of Arthur on Route 133, experienced some difficulties Friday when, the excavating for the east abutment caved in. The hole was fifteen feet deep. The footings of both abutments are now in however, and all danger, of delay. in however, and all danger, of delay,

even from high water, is past.

Work on the Chesterville bridge is going along in fine shape. The floor of the fourth of the five sixty-foot spans will be poured this week, after which the east fill will be vacated by the bridge company and the fill including the graveling completed by O'Connor & Sons, whose business it is to do this part of the work.

Traffic is now going clear thru from Arthur to Arcola crossing the river on the temporary bridge, but car drivers taking the short cut do so at their own risk.—Arthur Graphic

ILL 20 YEARS: KONJOLA ENDS RHEUMATISM

"WILL NEVER BE WITHOUT FAMOUS MEDICINE," SAYS CHICAGO MAN-FOUR BOT-TLES BROUGHT RELIEF.

MR. WILLIAM MILLER.

"I was troubled with rheumatism for twenty years," said Mr. William Chicago. 'This became so bad that I was forced to use a cane. I could scarcely work or talk and the pains were so severe, that it was out of the question to obtain restful sleep at night. I tried many medicines and treatments without finding any permanent relief. I have now taken four bottles of Konjola and I no Most of the pain has left my legs and shoulders. I shall continue with Konjola until my recovery is complete. I will never be without this great medicine."

Among the claims field, Quincy, Champaign, Rock Islamissed without pre- and, Peoria, East St. Louis and Carbondale.

According to a state-wide survey made jointly by the Illinois and fed-eral departments of agriculture, the

A writ of injunction to restrain the state department of public works and buildings from re-locating certain portions of the proposed hard road between Bloomington and a point north of Easton, on route 122 between Delavan and Minier, is being sought by six taxpayers of Logan and Tazewell counties. The hearing will be before Judge Charles G.

An appropriation is to be asked from the next legislature for a con-municating system along state roads for the state highway police, with call boxes and red lights to be turned on when sergeants wish to communicate with their motorcycle riders. At present the men work imder the direction of a sergeant in each of the 13 districts of the state. While each sergeant has a know-ledge of the approximate where-abouts of his patrolmen at all times, ne could get in touch with them fasttem than by depending on private telephones. It is also possible that an appropriation may be asked to est out the wisdom of taking advantage of the provision of a law passed by the last legislature, that ways may be lighted. It is believed that lights at intersections and curves might reduce traffic accidents. It might also serve to some extent to prevent crime.

The eleventh annual state Young People's Conference in Religious Education is to be held in Spring-field October 31 and November 1 and 2. While there will be noted and 2. While there will be noted speakers much of the time will be devoted to discussion groups where young people themselves will be permitted to study their personal problems under guidance. and 700 young people mostly of high school age, will be in attendance.

By arrangement with the Mineral Industries Committee of the West-ern Society of Engineers, the State Geological Survey is now presenting an exhibition in the offices of the soan exhibition in the ornices of the so-ciety on the twelfth floor of the En-gineering Building, 205 W. Wacker Drive, Chicago, portraying the min-eral wealth of Illinois and geological ngineering conditions within the state. The exhibit will be open for inspection from 10 a. m., to 4:30 p. m., daily except Sunday until Sept.

The Illinois Chamber of Com-merce has issued a Tourist Guide for the State of Illinois. If you would like to have a copy, write to Honor-able William J. Stratton, Secretary of State, Capitol Building, Spring-field and he will be glad to supply you with a copy. This is a very in-teresting book and one that every itizen of the State of Illinois will be glad to have. You can send it to your friends so they can see just what Illinois has to offer to tourists.

Expansion of library work in Illi-Expansion of library work in Illi-nois will be the main topic of discus-sion at the Illinois Library associa-tion which is to be held at Moline, October 15-17, according to an an-nouncement made by Miss Anna May Price, Superintendent of the Library Extension Division Springfold M. Extension Division, Springfield Mr. Carl Roden, librarian of the Chicago Public Library will preside at the Thursday session, which will be entirely devoted to a discussion of this subject by speakers representing important community organizations. At the evening session Mr. Everett Dean Martin of the People's Institute, New York City, will be the principal

SULLIVAN TO HAVE GAS

Skelly Oil Company announces the appointment of J. E. Sims to handle SKELGAS, new compressed natural gas which is used just like any other natural gas

SERVICE

Skelgas, compressed in portable steel cylinders, eliminates need for gas mains, but otherwise gives the same service as gas mains.

> Sullivan is to have gas! Skelly Oil Company is bringing in a new fuel—Skelgas—from its large holdings in the Panhandle gas fields of Texas. The franchise for this city will be handled by J. E. Sims.

While this gas is real natural gas it will not be carried in pipelines. The choice elements of regular natural gas are separated and compressed, then brought here in portable steel cylinders. Because only the best heat-producing elements of natural gas are used, Skelgas makes a flame five times hotter than ordinary city gas, and you do not need to use as much of it. In every other particular, Skelgas is used just as the natural gas in the large cities nearby.

Back of this new miracle of the kitchen is Skelly Oil Company. Its guarantee is your assurance that Skelgas is tried and proved -its 43,000 acres of developed gas-producing properties in one field alone is evidence that the supply is steady and abundant.

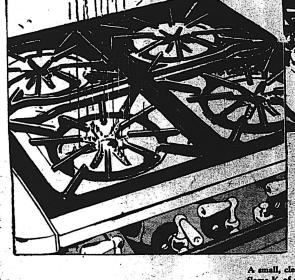

A Clean Hot Gas

Skelgas burns with a beautiful blue flamea hot, efficient flame. You simply turn it on and light it-exactly as with city gas. No waiting or generating, Skelgas is always ready to burn with an even, blue flame. No soot, no muss, no sooty pots or pans to scrub, no fuss; the kitchen is cool, clean and comfortable. All the advantages of city gas are yours-and more; Skelgas gives a flame five times hotter than city gas. All in all, it is the perfect fuel.

Two cylinders in the cabinet outside your house hold enough Skelgas to supply a single four-inch burner 750 hours-enough to last most families many weeks.

For Any Home, Anywhere

Gas mains no longer define the district where kitchens may be modern. The modern home is equipped with gas. Wherever gas is available, no household is modern

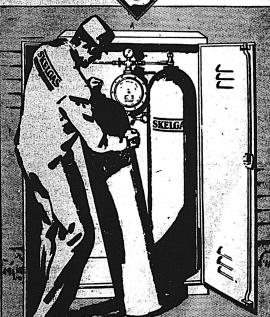

SKELGAS, which is five times hotter than ordinary gas.

flame % of an inch with hot-burning

Has No Substitute

The SKELGAS cabinet equipment takes the place of a local gas company and its supply

without it. You have wanted the quick, clean heat which only gas can give. You have wanted a cool, clean, comfortable kitchen. Skelgas brings all these advantages to you.

Price of the equipment and re-fills makes Skelgas adaptable to the family of average means. Payments can be arranged to cover a period of twelve months.

Plan to have Skelgas in your home. Come in and use Skelgas for five or ten minuteslight it yourself-demonstrate for yourself. Choose the stove you want and your installation can be made in a short time.

Sullivan Natural Gas Co.

NATURAL GAS ASSURED FOR SULLIVAN HOMES. For many years Sullivan has want-ed natural or manufactured gas for cooking and heating; therefore, the announcement by Skelly Oil Com-pany that real natural gas in compressed form is to be delivered here is causing widespread comment. Without the cost of laying pipe

lines or building an expensive to make gas, Sullivan is going to have the same advantage as Decatur and Mattoon—that of real gas for cooking and heating.

The franchise to sell this Skelly

product. Skelgas, in and around Sullivan has been given to J. E. Describing Skelgas and its advantages, Mr. Sims of the Sullivan Natural Gas company said: "Instead of being brought from gas wells through pipe lines or being made in plant, Skelgas is transported to Sullivan in steel cylinders. A convenient, economical supply originates in FULLER'S POINT

Miss Ada Creath, who teaches at Ellsworth and Cecil Creath a biotery about this fuel; it is simply na

tural gas purified to eliminate all but the best heat-producing elements and compressed in steel cylinders. "Equally convenient and constan in supply as ordinary natural gas, Skelgas is superior because of this purifying process that eliminates unnecessary elements. Processing and compressing this gas means the packing into a single cylinder of 375 burner hours of heat, enough to cook ten weeks for a family of five.

"Skelgas burns with a fine blue flame that is three times as hot as ordinary natural gas and more than five times hotter than manufactured gas. This fine blue flame of Skelgas will not deposit black on pots and pans, and is perfectly clean in every other respect. Besides efficiency and convenience, Skelgas wil save the house wife hours formerly spent in cleaning and because it cooks so rapidly it is expected to cut

BEST UNDER NEW RATES

To get the most out of the drouth-emergency freight rates now applyng on grain going to certain sec ing on grain going to certain sec-tions of the country, Illinois clevat-ors and farmers should use the plan of direct shipment, according to a notice just sent to elevators of the state by Dean and Director H. W. Mumford, of the College of Agricul-

designed with special reference to the emergency freight rates, it so happens that it is "made to order" for use in connection with those rates, it was pointed out by L. F. Rickey, associate in grain marketing technology and author of the circular.

Most of the advantage of the emergency rates would be lost to farmers around Centralia, for instance unless they used the direct shipment plan instead of buying through the plan instead of buying through the terminal market at St. Louis, Dean Mumford explained. It is true that the proportional rate, which is the rate on grain originating west of the Mississippi river, is only 6.5 cents a hundred pounds from St. Louis, Mo., to Centralia. However, the emergency rates do not apply on pro-portional billings. The local rate, which is 12 cents a hundred pounds from St. Louis to Centralia, would be the only one on which the emergency provision would apply. Hence, grain from St. Louis to Centralia would pay six cents a hundred pounds under the emergency rate of the second base. pay six cents a nunared pounts un-der the emergency rate, or one-half the local rate. Furthermore, the price of grain on the St. Louis ter-minal market would be the farm price of it at its point of origin plus the freight cost of getting it into St.

On the other hand under the emergency provisions, farmers buying diect can get the cheaper grain available at Bloomington for instance, and ship it to Centralia for half of the regular rate or 7 1-4 cents a hundred pounds.

As an aid to farmers in sections which are short of feed, the college is compiling a list of elevators which have grains of different kinds for direct shipment.

BOY SCOUTS' TOAST TO MILK Toasts have been drunk to brides neroes and presidents, but the Boy Scouts of America are first to pro pose a toast to milk. Health pose a toast to milk. Health directors of the National Dairy Council join the Scouts in selecting milk as a fitting subject for a health toast "That I may be a healthy Scout, strong, vigorous and active—I must have milk. I love to drink delicious

have milk. I love to drink delicious milk, fresh from a healthy cow; be cause it is good, sweet, and pure, and because it gives me a clear eye, keen brain, and powerful muscles. bony framework of my body is large ly built from the lime and phosphor ous of milk; my blood and muscles from its protein; its sugars and fats keep me warm and give me power ts vitamins make me grow. I like bread and milk, mush and milk, milk toast, and all the dishes made or partly made of milk; but I love milk best when it is served alone.

"Come then, fellow Scouts of America: come let us have another

America; come let us have another glass of milk."

APPLY NEW LAW TO KEMMERER ORPHANS

A. L. Moore, president of the As sumption school board has made the following statement in regard to the bringing of the children of the Kem merer orphanage to the public schools:

withere has been a great deal of inquiry as to why the children of the Kemmerer Orphans Home were prought to the Assumption schools This was not on account of any dissatisfaction on the part of the man-agement with the school at the home The week's program at the Grand
Theatre starting today offers a varied and imposing array of talking
photo productions. Starting tonight the present time the board took ad vantage of this law."

CHANGES BEING MADE IN SULLIVAN BUSINESS DISTRICT.

Two changes will be made in the Sullivan business district within the next few days. Mrs. Minnie Shively Hoke will move her Beauty Parlors to the rear of the Buxton Bonnett shop and Vernon Elder will move his news stand to the City Book store.

HERBERT COULTER RELEASED

FROM THE COUNTY JAIL. Herbert Coulter, who has been in the county jail for the past several weeks on a charge of flourishing a gun was given a fine of \$100 and costs in Justice Lambrecht's court on Wednesday. Upon the payment of the fine he was released.

(Continued From Page One) at the Church of God on Saturday Mumford, of the College of Agriculture, University of Illinois and a member of the state drouth relief committee.

The plan is outlined in a recent circular issued by the college under the title of, "Business Procedure in Shipping Grain Direct from Producing to Consuming Sections." While the direct shipment method was not designed with special reference to

daughter, Miss Anna Laura Cain. She has stored her household goods. Mrs. Cain has not been in good health the past several weeks was overcome by the heat this summer. She is one of the oldest esidents of Sullivan and will be mis ed by her many friends.

FAMILY DOCTOR LEARNED THIS ABOUT CONSTIPATION

Dr. Caldwell loved people. His years of practice convinced him many were ruining their health by careless selection of laxatives. He determined to write a harmless prescription which would get at the cause of constipation, and correct it.

Today, the prescription he wrote in 1885 is the world's most popular laxative! He prescribed a mixture of laxative! He prescribed a mixture of herbs and other pure ingredients now known as Dr. Caldwell's Syrup Pepsin, in thousands of cases where bad breath, coated tongue, gas, headaches, biliousness and lack of appetite or energy showed the bowels of men, women and children were sluggish. It proved successful in even the most obstinate cases; old folks liked it for it never gripes; children liked its pleasant taste. All drugstores today have Dr. Caldwell's Syrup Pepsin in bottles.

Fashions 'Favorites'

In Fall Millinery

VOUTH is the predominating note in Hat Fashions this Fall. Flatteringly it is emphasized in the

off-the-forehead trend of the
