Sullivan Teacher Weds Army Officer In Missouri

Announcement is made of the marriage of Helen Jane Bandy of this city and Lt. Verle G. Dollahan of Fort Monroe, Virginia, which took place Monday afternoon at 2:45 o'clock at Webster Groves, Mo. The Reverend Raymond McCallister performed the single ring ceremony in the presence of the bride's mother and Mr. and Mrs. Richard Clapp of Paris, Illinois.

The bride was attired in a sea mist blue ensemble with white accessories. Her corsage was a single orchid.

Mrs. Dollahan attended Eastern Illinois State Teachers' college and for the past three years has taught in the Sullivan grade school. Prior to her coming to Sullivan she taught in Toledo.

Lt. Dollahan graduated from the University of Illinois with the class of 1938. Prior to his call to service in January, he was associated with Tabor and Hamman of this city.

Lt. Dollahan has received orders for foreign service. Mrs. Dollahan plans to remain with him until he leaves the states.

Augenstein Vows Heard

Mr. and Mrs. C. W. Augenstein announce the marriage of their son, Vincent, to Miss Lorraine Mills, daughter of Mr. and Mrs. Edgar Mills of Mattoon. The ceremony took place in the Lutheran church in St. Charles, Mo., on Saturday, evening May 16th, at 6:30 o'clock by the Rev. Miedner.

They were attended by Mr. and Mrs. William Mills, brother and sister-in-law of the bride.

The bride is a graduate of Mattoon high school and has been employed in the telephone office for the past year. Mr. Augenstein, a graduate of the Sullivan Township high school is in defense work in Decatur. The couple are living at 320-6 Division St., Decatur.

Federal Government Appeals For Typists

According to Webb Tichenor, head of the local civil service committee, the Federal Government has sent out a special appeal for stenographers for service in Washington or Chicago or in one of the various departments of the government.

Mr. Tichenor said that there was an acute shortage of those workers due to the fact that it was thought that living conditions would be too high in relationship to the salary. However, he pointed out that it was possible to live rather conservatively in those sections. Special rates have been made and ceilings have been placed on rents.

There will be an examination given Saturday and candidates may fill out the necessary applications at the post office during the day. Immediate assignments will be made upon successful completion of the tests.

Business Men To Discuss Credit Laws Friday

In order to better understand the new credit laws that have been placed upon the retailer by the Federal government, business men and women of the town will meet at a round table discussion of the credit regulations Friday night at 7:30. The meeting will be held in the Progress Hall and the discussion will be led by R. W. Heim of the First National Bank.

Ceiling prices, restricted articles and methods of securing installment purchases will be discussed and local conditions as affected by the new rulings will be heard by various members of the business firms of Sullivan.

Supervisors To Appoint Election Officials

Appointment of clerks that will serve on the board of registrants for the sign-up of registered voters in Moultrie county will be appointed at the regular meeting of the Board of Supervisors to be held June 8. The clerks will serve to assist all of the eligible voters who are required by the permanent registration law, to sign up before the fall election.

Election judges and clerks will also be appointed at this meeting by Board members. A grand jury list will be made at this meeting.

Tax Expert Reports on Taxing Conditions In Illinois

Stressing the need for practical tax reform in Illinois as a means of saving millions of wasted Illinois tax dollars, R. K. Eden, Executive Secretary of the Taxation Committee of the Illinois Chamber of Commerce, asked members of the Sullivan Chamber of Commerce, Kiwanis and Lions club if they were going to go on year after year considering the present taxing system of Illinois as "an image sacred to the memory of our ancestors."

Mr. Eden asked his audience to assist in this needed tax reform by creating a local taxation committee which would cooperate with the statewide Taxation Committee of the State Chamber on its educational program and in the sponsoring of remedial legislation to effect these reforms for enactment in the Sixty-third Illinois General Assembly.

The subject of Mr. Eden's address, "Tax Modernization for Illinois," was portrayed with a splendid series of colored slides graphically illustrating the present tax system of the state.

At the conclusion of the meeting, the speaker distributed copies of the Taxation Committee's attractive new booklet, "5 Steps in the Right Direction," which presents in detail the 5-point plan of the State Chamber, and contains a series of interesting charts and important statistical data on the present taxing system of Illinois.

Mr. Eden discussed a 5-point tax program developed by ten years of

research by the State Chamber, which would give Illinois a modern, efficient tax structure that would not only save the taxpayers millions of dollars but provide better government as well. The five points of the tax modernization program are:

1. Eliminate tax delinquency.
2. Adopt uniform accounting and regular auditing.
3. Strengthen, then enforce the Budget Law.
4. Revise assessment methods.
5. Reduce the number of local governmental units.

According to R. K. Eden, modernization of assessing methods would be a tremendous factor in improving the administration of government in Illinois. He declared that "our present method lacks both standardization and uniformity. We have an army of approximately 2,600 individuals doing assessment work. Many are inadequately equipped to perform this task. Each of them has his own ideas as to how your home, farm, car, business and other properties should be evaluated for taxing purposes. Our assessors have the enormous task of appraising 2,500,000 parcels of urban real estate, 750,000 rural properties, a total of 36,000,000 acres of land; as well as the personal property of approximately 8,000,000 people and 31,000 corporations.

"There is a great difference in the level of assessment in the various counties—even the townships within (Continued on page 4)

Shipman Rites Held Wednesday Afternoon

Frank M. Shipman, age 64, died early Tuesday morning, after having suffered a stroke on May 19th. Mr. Shipman received serious injuries last October 31st, having been hit by an auto. Both legs were broken and his back injured at that time.

He was born in Wapakoneta, Auglaize County, Ohio on February 10th, 1878.

Mr. Shipman came to Illinois with his parents in the year 1900, first living in Paris, Illinois and later moving to Sullivan.

In 1902 he was united in marriage to Iva B. Jones, who preceded him in death in 1927. He is survived by two sons, J. Harry Shipman of this city and Guy F. Shipman, who is serving with the U. S. Field Artillery at Fort Sill, Okla. One son, William Ross Shipman, also preceded him in death.

He also leaves one brother in Kansas City, Mo., and several relatives in Ohio and Pennsylvania.

Funeral services were held on Wednesday afternoon at 2:30 in the Atkins Funeral Home, conducted by the Rev. F. L. Strobel.

Interment was in Greenhill cemetery.

Pall bearers were, James Campbell, Raymond Ray, Frank Fuson, Walter Carnes, Roy A. Light and Harley Craig.

TEACHERS MAY HOLD STATUS

Teachers who enlist or are drafted into the United States armed forces will be allowed to hold their teaching certificates without payment of fees, according to an announcement of the Illinois State Examining board. In addition to waiving payment of the annual registration fee, the board has also suspended the acquiring of credits for professional growth for men in service.

Enlisted teachers will have six months after their date of discharge from the armed forces in which to present their certificate to a county superintendent of schools to be registered for the ensuing year. The fees for years they are in service of the government will be waived.

MOULTRIE GETS \$10,865 FOR AGED IN MAY

MEMORIAL DAY SERVICES AT CAMPFIELD CEMETERY

Memorial Day Services will be held at the Campfield cemetery at 2:30 o'clock on Sunday afternoon.

Income Tax Due For 2nd Payment

Income Tax statements covering the second installment due June 15, 1942, are being mailed by the Collector of Internal Revenue, Eighth District of Illinois. Payments made must be sufficient to cover at least one-half of the total tax shown due by the 1941 Income Tax return. The number of these statements has been increased by thousands upon thousands through a lowering of personal exemption and from an increase in earnings experienced by numerous groups of employees and commercial enterprises.

The Collector stresses the importance of returning the statement with the remittance so as to insure that correct and proper credit be given each taxpayer.

The number of statements mailed is so large as compared to former years they are being mailed in groups as prepared by the Internal Revenue office. The last group will be mailed in time to reach taxpayers by June 1st and it is hoped taxpayers will await receipt of a notice and not mail remittances unaccompanied by a statement, thereby making identification of the payment very difficult.

Delinquency in paying the second installment will result in a forfeiture of the installment privilege and the addition of certain penalties prescribed by law.

INTER-CHURCH DAILY VACATION BIBLE SCHOOL SUBJECTS ANNOUNCED

The committee on the Vacation Bible school met Tuesday evening at the library room and made further plans for the school which is to be held at the Powers school July 6-19. The different departments will have as their guiding themes the following subjects:

- Kindergarten — "Happy Times in Our Church."
- Primary — "Bible Homes and Homes Today."
- Junior — "Friends at Work."
- Intermediate — "We All Need Each Other."

Worship, handwork and recreation will feature the program of each class. Registrations are still coming in through the various churches and Sunday schools.

H. S. CLUB TO HOLD ANNUAL MEETING

The Household Science club will meet in the Christian church basement for their annual meeting on Tuesday, June 2, with a pot-luck dinner.

RUTH SLOVER CHARGES HUSBAND WITH DESERTION

A divorce has been filed in the office of the circuit clerk by Mrs. Ruth Slover, wife of James Slover. She charged him with desertion. In the request for the divorce, Mrs. Slover charged that her husband left her in 1939. There are two children.

State Health Man Reports On Sewage Pollution

Commissioners here indicated last night that they would take action to stop the turning of sewage into city tile by a factory here, after a representative of the State Health department had warned them that the city was facing law suits from property owners along Asa creek unless the practice was stopped.

The state official said that livestock was suffering due to the pollution of the creek's waters. The matter was referred to City Attorney Francis Purvis who said that if it were not covered by present ordinance a new one would be drawn.

Commissioners also received an engineer's report that plans for the resurfacing of Market and Worth streets had been submitted to the state. After approval by the state highway department, work on the improvement of 10 blocks at a cost of approximately \$10,000 will be started.

Canning Sugar Allotments Can Now Be Arranged

Temporary allotments of sugar for canning purposes are now being drafted at the rationing board office in the court house.

Sugar books must be taken to the office when application is made for canning sugar. Each member of the family that makes application for the sugar will be given an allotment of five pounds per person.

Lola Horn, clerk of the rationing board said that the offices had been rushed by people who were wanting the extra sugar for canning. The arrival of canning season and the coming of new fruits with the expanded shortage of canned goods in view for the winter has made people canning conscious as well as sugar conscious.

Office hours for the rationing office are 8 a. m. to 5 p. m. during the week and 8 a. m. to 12 noon on Saturday.

Reserve Militia Receive New Uniforms Monday

Company K of the Illinois Reserve Militia received a shipment of new uniforms this week. Included in the shipment that was received were also new leather garrison belts. This completes the outfits that are furnished the Reserves by the State government. Service bars were sent to the men and officers of Company K who served on guard duty at Grafton two months ago.

The Company will take part in the Memorial day celebration here Saturday. Captain Campbell announced that all men are to report to the armory Saturday afternoon at one o'clock for the parade. This will take the place of the following Monday drill.

Moultrie Residents Urged To Contribute to '42 USO Drive

B. H. Smith, prominent school man of Sullivan and chairman of the 1942 War Fund campaign of United Service organizations, said yesterday that analysis of the work performed by USO during the last year, and its present report of operations, shows there "can be no question that USO had gone far beyond its initial pledges of service to members of the armed forces of the nation."

"The manifold new and greater demands made upon USO by the tremendous increase in the number of men in military service," Mr. Smith went on, "make it absolutely essential that the goal set for the 1942 War Campaign Fund—\$32,000,000, be reached, and surpassed, if possible."

Announcing this year's USO campaign begins June 8 and continues until June 9, Mr. Smith emphasized that more than 4,000,000 men would presently be in the armed forces of the United States, and that monthly visits of sailors, soldiers and marines to United Service organizations' clubhouses already exceeded two million.

"I am very pleased to make known that USO is now operating a total of 647 clubhouses and units in the United States and trans-ocean bases," said Mr. Smith. "There are 24 clubhouses in Hemisphere bases, with additional units in process of organization."

"Service for troops-in-transit is being carried on with great success, and USO lounges in railroad ter-

Terry Ingram Cooper Issued Sugar Ration

A sugar rationing book was issued to Terry Ingram Cooper, Wednesday afternoon at three o'clock. He was issued the book one hour after he celebrated his one day old birthday.

He was born in St. Mary's hospital Tuesday at 12:10 p. m. Mother is doing fine.

At the sugar rationing office it was thought that the father was still in a state of confusion as he gave a cigar to the clerk, Mrs. Lola Horn. It was thought that he would recover.

30 Draftees Called For June Quota

Thirty men have been sent notices to report to the local draft office June 3rd to receive instructions before they leave June 4th for induction into the army at Chicago. This quota is one of the largest that has been received in this county for the past several months.

Navy School at G.E.

Just one evidence of the cooperation between the armed services and our vast industrial army—a school for submarine electricians conducted at one General Electric factory.

1. Electricity is vital to the running of every submarine. It does an amazing variety of important jobs, from turning the propeller to cooking the coffee.

2. For that reason, there must be well-trained electricians on every underwater craft. At this school, Navy electricians attend classes taught by G-E engineers.

3. and go out into the shops where they watch workmen construct the same kind of electric equipment that will some day be put in their charge.

4. This is but one proof of the thorough training which the U.S. Navy gives its men, so that the vital equipment of war will always be ready for action.

A Week of the War

"A Week of the War" summarizes information on the important developments of the week made available by official sources through 4 p. m. CWT, Monday, May 25.)

Manpower

President Roosevelt, in a special message to Congress, reduced his WPA request for fiscal 1943 from \$465 million to \$283 million. He said the war effort is drawing workers from every available source, thereby reducing the need for a work relief program. To meet labor shortages, he said, even organized migration of workers may be necessary. The revised WPA program would provide for an average monthly employment of about 400,000 persons "who will not be hired by private employers because of age, lack of skills, or other handicaps."

Chairman McNutt of the War Manpower Commission directed the United States Employment Service to maintain lists of skilled occupations essential to war production in which a national shortage exists, and to make preferential referrals of workers to employers in war industries.

He directed WPB to classify war plants and war products in the order of their urgency to the war program. He also instructed Selective Service local boards to confer with local United States Employment Service offices before reclassifying any men skilled in war occupations.

Mr. McNutt said if it is possible to insure full utilization of manpower through voluntary means, "it will be unnecessary to put into effect legal controls" to limit freedom of action of workers and employers.

He said compulsion "may from time to time be necessary" however, in the administration of the manpower program. He stated four-fifths of all jobs in vital war industries can be handled by women.

Rubber and Gasoline

The WPB said if Americans do not conserve the transportation miles in their tires it may be necessary eventually to transfer automobiles and tires to communities where they are needed more. The Board reported no rubber can be spared in 1942 or 1943 to make new tires for ordinary passenger cars, because the armed forces need all the rubber the nation can muster from its stockpile, synthetic program and greatly curtailed crude sources.

Price Administrator Henderson reported a preliminary count of car owners in the Eastern rationing area showed about 10 percent received X ration cards, 31 percent A cards, 11 percent received B-1 cards, another 11 percent received B-2 cards, and 37 percent received B-3 cards.

The OPA ruled X cards must be surrendered if the essential purpose for which they were issued does not cover "substantially all" of the use of the car for which they were provided.

The Armed Forces

House and Senate conferees agreed on legislation to increase the pay of privates and apprentice seamen to \$42 per month, and of privates first class to \$48, and to provide pay raises for the other ranks of enlisted men.

President Roosevelt set June 30 as the registration date for young men between the ages of 18 and 19 and those who reached their 20th birthday between December 31, 1941, and June 30, 1942. Only men 20 or older are subject to military service under the Selective Service System.

The Navy announced it will begin recruiting about 1,000 Negroes a month on June 1. The Marine Corps' first reserve battalion of Negroes will recruit about 900 men during June and July. The Marine Corps also reported it will waive certain physical requirements in order to present commissions to civilian specialists 20 to 50 years of age. The Army doubled the quota of 3-A Selective Service registrants it will accept monthly as volunteers for officer training.

Women's Army Auxiliary Corps

Recruiting for the Women's Army Auxiliary Corps' first officer candidate school will begin May 27, the War department reported. Application blanks may be obtained only by going in person to one of the 440 regular Army recruiting stations throughout the country. The term of enrollment will be for the duration of the war and for not more than six months thereafter. Officer candidates must be citizens of the U. S., between the ages of 21 and 45, with a high school education or its equivalent, in good health and of excellent character. They may be married or single. The first class will consist of approximately 450 women, and will begin about July 15.

The War Front

President Roosevelt said the United States still faces the prospect of a long war, and overly enthusiastic optimism about its progress is not justified. The President presented the Congressional Medal of Honor to Brig. Gen. James H. Doolittle who led the party of 80 men who bombed the Japanese mainland in Army B-25 bombers April 18. No United States planes were shot down in the raids. General MacArthur's headquarters in Australia reported the sinking of another Japanese cruiser, two cargo ships and two

enemy transports. United Nations planes in Australia destroyed 17 enemy aircraft and damaged nine others. Twelve more United Nations vessels were sunk by enemy submarines in the Atlantic and Gulf of Mexico.

Protection of Civilians and Essential Facilities

The President announced the Federal Security Agency, Office of Civilian Defense and Red Cross have agreed upon a coordinated plan to assist civilian victims of enemy action in this country. The OCD Emergency Medical Service will have immediate responsibility for care of persons injured by air raids or shellings, and emergency feeding and housing will be under OCD local defense corps. The Red Cross will furnish supplementary equipment such as ambulances. The President directed the OCD to formulate (with War Department approval) a facility security program to protect "essential facilities" such as highways, communication systems, utilities and mines against sabotage, and to correlate it with such programs already placed in effect by the Army, Navy and Federal Power Commission.

Transportation

The Office of Defense Transportation banned operation of all sightseeing bus service and restricted use of chartered buses to such essential operations as transporting members of the armed forces, war workers and school children. Four bus lines operating between New York City and Washington, D. C., were ordered to pool their services, stagger schedules, permit interchange of tickets and eliminate duplicating runs. The ODT also reported it has begun a survey of intercity bus and railroad passenger travel in 100 selected cities to determine necessary adjustments of travel requirements to available facilities. The Office requested employers to help reduce week-end travel by arranging mid-week departure for employees who plan vacations.

Shipbuilding

The President, in a National Maritime Day statement May 22, said "We will perform this near-miracle of ship production. The nation's shipbuilding capacity has been increased more than 500 percent. That of itself is an outstanding achievement."

War Shipping Administrator Land said 138 ships have been delivered into service so far this year, "approximately 35 percent more than were delivered in all of last year. We have reached the stage of delivering two ships a day. By fall, we will be delivering three a day."

Martime Day was observed also with the mass launching of 27 cargo vessels.

Housing and Construction

Nineteen AFL building trade unions signed an agreement with the Government to stabilize wages on federal construction for one year at rates paid under collective bargaining agreements in effect July 1, the Labor Department reported. A seven man wage adjustment board, comprised of Assistant Labor Secretary Tracy, three members of the building trade unions and three representatives of the Government agencies involved, will administer the agreement. The House completed Congressional action on legislation to increase from \$300 million to \$800 million the amount of housing loans which may be insured by the Federal Housing Administration. The Federal Public Housing Authority said it will receive bids in June on construction of 31,000 housing units.

Tax Expert Reports On Tax Conditions

(Continued from page 1)

A single county. The judgment of assessors varies to an astonishing degree within each county. As an example, in one Illinois county the assessor in one township appraised automobiles at an average of \$8.08 each, while in the adjoining township of the same county they were valued at \$115.47.

"Not only is there considerable variation in the valuation of autos, but there is considerable variation in the number assessed. The assessors of Greene county placed 3,951 cars on taxing roles in 1940. This was approximately one car for every five persons. Of 4,073 licensed cars in Greene County, 97 percent were assessed. That was a good job!"

There are 3,160 cars licensed in Moultrie county, and 2,377 were assessed; therefore, Moultrie county has 75 percent of its cars on the assessors roll. In the entire state of Illinois there were 1,673,911 licensed passenger cars in 1940; of this number 667,080, or 39 percent were assessed.

Mr. Eden stated, "Flagrant inequalities in the methods of assessing real and personal property may be expected as long as our archaic taxation system exists. With the tax assessors working about three months each year, it is not possible for them to correctly appraise all kinds of property. The appraised value of real estate, automobiles, livestock and other personal property will continue to vary between counties and townships within the same county until the law defines taxable value."

The Taxation Committee of the State Chamber recommends the following revision of Illinois assessment methods:

1. Create larger areas as assessment districts, which will allow the employment of a full-time individual who has been trained for this work.

2. Prepare and maintain tax maps and property tax cards.

3. Install and maintain a standardized system of assessment records.

4. Assess both real and personal property annually.

5. Change the assessment date for all property to January 1 or February 1.

6. Assess all inventories on an average of 12 months preceding the assessment date.

'Round The Square

For the past several weeks it has been a job running between the garden and the furnace . . . cutting weeds awhile and then throwing on a little coal . . . however, Thursday stopped all thoughts of cutting weeds and throwing in the coal . . .

STREET SCENE TUESDAY

The barber shop door flew open and a prominent business man ran out and hopped into his car . . . with a clashing of gears he backed his car out of a parking space and drove wide open up about two more parking spaces and then ran back into the barber shop . . . someone asked if Sullivan had a fifteen minute parking zone . . .

NEW LOCKERS HAVE BEEN

added in the armory for the men to hang their clothes in during drill periods . . . new clothes have been issued to the men . . .

THE COMMUNITY DINNERS

that are scheduled are going to be sugar-less dinners because of the new rationing laws . . . so those who attend the dinners will have to furnish their own sugar or go without . . .

A CAR DROVE DOWN THE

street with the horn sounding very loud . . . and the lady driver looked very embarrassed . . . she drove to the nearest garage as soon as possible . . . the mechanic remedied the trouble in a very few seconds . . .

NOW THAT ALL OF THE KIDS

are out of school it is time that the motorist be more careful about his driving . . . Remember, "Children Are To Be Seen and Not Hurt" . . .

THE COURT HOUSE FORUM

has again moved out on the lawn to hold their daily sessions . . . now that warm weather (subject to immediate change) is here they are following the shadows around, rather than the sun . . .

ONE OF THE OLD VETERANS

who claims that he was a very active soldier during the campaigns of Lee in the Civil war told an interested curb stone audience the first of the week that if they would listen to him he could tell them how he helped whip the Damnyankees and that if Washington and the War department would hire him he would explain the procedure and Hitler would be whipped in a week . . . well he said it was true! . . .

ARMY OFFICERS ENTITLED TO WEAR SERVICE RIBBON
Army officers who were serving a tour of duty of at least one year between Sept. 8, 1939, and Dec. 7, 1941, are entitled to wear a new service ribbon which now is making its appearance on uniforms in the sixth corps area.

The ribbon is yellow with two clusters of narrow red, white and blue stripes.

It is worn in lieu of the American defense service medal which was created by executive order last June 28. In the order, President Roosevelt established the medal for those serving during the limited emergency proclaimed Sept. 8, 1939, or during the unlimited emergency proclaimed May 27, 1941, subject to regulations outlined by the secretary of war.

Major General George Gruner, commanding the area, said the secretary of war has authorized issuance of the medals to all officers of the regular army, volunteer forces, National Guard and organized reserves who had entered upon a tour of duty to last at least a year after the proclamation of the limited emergency.

FOOD FOR VICTORY FACTS

EXTENSION SERVICE IN AGRICULTURE AND HOME ECONOMICS
UNIVERSITY OF ILLINOIS, COLLEGE OF AGRICULTURE.

Limestone is the key to soil conservation.

Limestone sweetens the soil so that good crops of soil-building clovers can be grown.

It is a well known fact in Moultrie county, that clovers cannot be successfully grown on sour soil.

Clovers not only bring back the producing power of soil but they help to check erosion, and provide high-quality feed for livestock.

Yes, it has been proven that a bushel of corn grown on a sweet soil, high in organic matter, is better feed than a bushel grown on a sour thin soil.

Continuous farming of sour soil, without limestone and clover leads to further depletion, lower yields and smaller incomes.

Increasing the organic matter content of a soil increases its water-absorbing and water-holding capacity and permits the storage of reserve moisture for use by crops during drouth periods.

The materials used for insulation are considered non-critical and are still available, he said. One kind is especially useful, for it also can be used for a great variety of remodeling purposes. Known as insulating board, it comes in various sized sheets and panels and in a number of thicknesses. The boards are ideal for building attic rooms, for resurfacing walls and ceilings and for use as a lath wherever there is any plastering to be done.

By insulating now, home owners will enjoy an extra bonus of summer comfort. An insulated home is many degrees cooler in summer than one which does not have its protection.

Moultrie County News

NEWS from the State Capitol

Every one of the eight days from June 7 to June 14, the period proclaimed by Gov. Dwight H. Green as "Dedication to Victory" week in Illinois, will have its own especial name and meaning.

June 7, the opening day, has been named "Unity Day." More than 500 local councils of defense throughout the state will take part in the day's activities. Special church services are being planned.

At 1 p. m., on June 7, Gov. Green will deliver a "Unity Day" address over a statewide radio network. At 1:24 p. m. bells will ring and whistles blow as signal for traffic to halt at 1:25 p. m., exactly six months after the first bombs fell on Pearl Harbor, and for all persons to pause for one minute and face the West in silence.

Other days of the week are designated as follows:

Monday, June 8, "Home Heroes Day"—All men and women of past wars and of the present war will be given tribute on this day. Honor rolls will be unveiled in public squares and buildings, and other veteran activities will be staged. Arrangements are being made for parades, band concerts, community gatherings and minute speeches in theaters.

Tuesday, June 9, "Women's Dedication Day"—Dramatic acknowledgment will be given to the role of women in our war effort. The ceremonies will reach their climax in the special tributes paid the mothers of sons now in the armed services and to Gold Star mothers of men who made the supreme sacrifice in this war or in the first World War. Women's clubs, war relief organizations, Red Cross units and other women's war effort organizations will take part.

Wednesday, June 10, will be featured as "Youth Dedication Day." Boy and Girl Scout troops, 4-H clubs, Future Farmers of America and other youth organizations will parade or assemble in demonstration of their part in America's war effort and their contribution toward the building of a better and safer world in future years.

Thursday, June 11, "Farm and Industry Day" is being planned for and dedicated to agriculture and industry. Noon patriotic meetings will be held at individual plants, culminating in community assemblages in the evening. Farm programs are being planned for simultaneous observance by farm advisers and farm groups.

Friday, June 12 will be "Labor and the Home Front Day." The close collaboration of labor and business in war work on the home front will be emphasized. Labor organizations, local Chambers of Commerce, commercial clubs and civic groups will take part in a demonstration of unity and record of accomplishment.

Saturday, June 13 will be "General MacArthur and Civilian Defense Day." The thousands of men and women who have volunteered for civilian defense work will participate. A statewide broadcast is being planned to carry the graduation exercises from the Air Raid Wardens School at Jacksonville. Parades, band concerts and other patriotic exercises are being planned by various communities.

The week will culminate with the observance of "United Nations and Flag Day," Sunday, June 14. The American descendants of the people of many nations who came to our country to find liberty will celebrate the day with meetings and parades. Special committees are being named to arrange for the display of the

Stars and Stripes on all public buildings, stores and homes.

Governor Green pointed to the crucial importance of the times in his Dedication to Victory Week proclamation.

"Before our eyes, these days, bright new pages are being added to our national history," the proclamation said. "Once more America is battling in the cause of liberty. On land, on sea, in the skies our fighting men are carrying on our heroic traditions.

"Inspired by their deeds, our national will is set on victory. Nothing else matters. Until victory is ours, each passing day is a stern call to duty, a challenge to increased devotion."

HOW TO BE A POLITICIAN TOLD BY BOB HOPE

Bob Hope, who has been actor, soldier, sailor, carnival stunt man and truth-telling stock salesman in his pictures, has added the role of politician to the list.

"In Louisiana Purchase," the Paramount Technicolor version of the Broadway smash hit comedy with music, coming to the Grand on Sunday and Monday, May 31st and June 1st, Hope has the hilarious role of Representative Jim Taylor. He co-stars with Vera Zorina and Victor Moore. Like every politician, Hope has his troubles to squirm through, but where is the politician who can gag his way through difficulties the way he can? And where is the politico who has the help of dozens of dazzling damsels and Irving Berlin tunes?

"Of course, in 'Louisiana Purchase' I'm the victim of a frameup," Hope avers. "Honest, I'm innocent. I don't even go to jail. I get Zorina—instead of twenty years. That proves I'm innocent—or does it? But boy, did I learn about politics, the shady kind, I mean, and do we have a lot of fun with it in the picture!"

"But suppose I were a politician?" asks Hope in a musing mood. "Well I've been thinking about it a lot, and after the study I've made of the subject, I'd know just how to act—up until the time I'd be dragged off to jail."

Here's Hope's advice on how to be a politician:

1. Change your name to John—so they can call you Honest John.
2. Be patriotic—don't use a tin box—metal is needed in national defense you know.
3. Keep a staff of parrot voters—you know—repeaters.
4. Make sure the boys you send down to the cemetery can write—you know, to get the names off the tombstones, right before the election.

IMPROVED UNIFORM INTERNATIONAL SUNDAY SCHOOL LESSON

By HAROLD L. LUNDQUIST, D. D.
Of The Moody Bible Institute of Chicago.
(Released by Western Newspaper Union.)

Lesson for May 31

Lesson subjects and Scripture texts selected and copyrighted by International Council of Religious Education, used by permission.

FRIDAY: THE DAY OF SUFFERING

LESSON TEXT—Mark 14:32-34, 44-46; 15:1-5.
GOLDEN TEXT—Not my will, but thine, be done.—Luke 22:42.

Suffering such as no man ever faced came upon our Lord in the night between Thursday and Friday as He prayed in Gethsemane. Hatred and condemnation were poured upon Him as He went through the mockery of false trials on Friday.

The important events of last week's lesson had taken place, the precious words of comfort and assurance had been spoken, and now as midnight brings the darkness of night to its deepest hue, the Son of Man goes alone into the depth of the garden where we see Him.

I. Sorrowful unto Death (14:32-34).

This Scripture portion uses many words to convey the depth of His soul's agony, as though it were impossible to express it in the faulty medium of speech. So it is, for our Lord here experienced something far more serious than a dread of physical death. He was not a coward. He was not afraid to die. But now His soul was about to have to put upon its spotless sinlessness the stain and dishonor of the world's sins.

As Krummacher says: "Something approached Him which threatened to rend His nerves and the sight of it to freeze the blood in His veins." Little wonder that He was "sorrowful even unto death" (v. 34). It should break our hearts to see His loving heart break!

Since this was the road the Master trod, should not His servants tread it still? Service for Christ may call for passing through deep and chilling waters, but never as deep or as cold as those of Gethsemane.

Jesus took with Him into the garden the three who were closest to Him in the circle of disciples. He counted on their fellowship and sympathy in His hour of anguish. Merely to have them near Him, to know that they were there to watch and pray even though they could not share His holy burden, was to be a comfort to Him.

How ignominiously they failed. The spirit was willing (v. 38), but the flesh took the upper hand, and they slept! He was alone with His Father when He prayed that if it were possible the hour might pass from Him, but in true and beautiful submission said, "Not what I will, but what thou wilt."

II. Betrayed With a Kiss (14:44-46).

To betray the one who had done nothing but good, who had loved him and served him even in the washing of his feet, this would have been far more than one could have expected of even the sin-blinded heart of a Judas. But he filled the measure of his ignominy to overflowing by betraying his Lord with the sign of affection—a kiss.

We know that we may not stand on the same ground as our Lord even here, for whereas He had done nothing to merit betrayal, we at our best are not able to stand forth without fault. Nevertheless, great is the hurt when we face the betrayals of life. It may be one whom we have befriended, who has been the object of our loving thought and care, and who in the hour when he thinks to gain himself some advantage or avenge some fancied wrong strikes us in the back, even as he smilingly professes to be a friend. Shall we be embittered in soul and give like for like? God forbid! Let us rather say as Jesus did to Judas, "Friend, wherefore art thou come?" (Matt. 26:50).

III. Condemned by Hatred and Cowardice (15:1-5).

We have only a partial picture of the betrayal of Jesus in our lesson, but it is typical of all that took place, for it reveals the hatred-inspired false witness of the Jews, which, combined with the cowardice of Pilate, resulted in His being condemned to death.

Pilate was convinced of His innocence, but because of the pressure by Jewish leaders he was in a difficult position. He was afraid to follow his convictions, feeling that it was more expedient to yield to the will of the populace. So he lost his great opportunity to write his name large among the heroes of history.

Many there are who follow in Pilate's steps. They know what they ought to do with Jesus, but fearing the comments of friends or the possible loss of earthly advantage, they let Him be crucified afresh by their unbelief.

The Jewish leaders and those whom they had misled hated Jesus with a malicious hatred which made them relentless in their determination to destroy Him. Now they had their quarry at bay and they were determined to close in for "the kill."

They have their present day counterpart in those who have so long rejected Christ that they have become embittered against Him.

HERE ARE RECIPES TO MATCH
YOUR RATIONING IN SUGAR!

Capitalize on Natural Sugars

Sugar rationing is a challenge to every American housewife to do her part to help Uncle Sam and to show her ingenuity in still preparing tasty dishes with limited supplies. Your family will probably be a lot more healthy as a reduction in the consumption of sugar and this is another reason for carrying it through in every phase of cooking. Turn to the natural sugars in food to satisfy that sweet tooth. Save syrup from canned fruit to sweeten other fruit. Serve cooked fruits hot to enjoy their fullest flavor and sweetness. Here are timely recipes that will lead you into new adventures in wartime cookery.

—V—

Baked Custard

4 to 6 eggs
1 quart milk
6 tbsp. maple syrup or honey
1/2 tsp. vanilla
Butter
Nutmeg
1/4 tsp. salt

Heat the milk, maple syrup, and salt. Stir the hot milk slowly into the lightly beaten eggs. Add the vanilla. Pour the mixture into custard cups, add a bit of butter to each and sprinkle lightly with nutmeg. Bake in a moderate oven (350 degrees F.) on a rack in a pan of water until the custards are set. When the point of a thin knife comes out clean, the custard is done and should be removed at once from the hot water to keep it from cooking too much. Serve either hot or cold in the custard cups.

—V—

Cottage Pudding

3 cups sifted flour
4 tsp. baking powder
1/2 tsp. salt
1 egg, beaten
two-thirds cup milk
1/4 cup fat, melted
1 tsp. flavoring
1 cup sorghum cane, corn, or maple syrup

Sift the dry ingredients together. Combine the beaten egg, milk, melted fat and flavoring. Add to sifted dry ingredients and beat well. Add the syrup and mix thoroughly. Pour into a greased pan, and for a thin loaf, bake in a moderate oven (350 degrees F.) for about 25 minutes. As cup cakes, bake in a moderate hot oven (375 degrees F.) for about 20 minutes. If sorghum syrup is used, change the baking powder to 2 teaspoons and add 1/2 teaspoon soda to the dry ingredients. Serve hot with fresh fruit sauce, or chocolate, maple, lemon or custard sauce.

—V—

Coffee Chocolate Spice Frosting

3 tbsp. butter
3 squares baking chocolate
one-third cup strong coffee beverage
3 cups sifted confectioner's sugar
1 tsp. vanilla
one-eighth tsp. salt
1/4 tsp. cinnamon
one-eighth tsp. cloves

Melt chocolate and butter in double boiler. Stir will. Pour hot coffee into sugar, beat until smooth. Add ingredients and chocolate mixture, beat thoroughly. Let stand 5 minutes, beat until creamy.

—V—

Vegetarian Loaf

1/2 cup dried bread crumbs
1 cup peas
1/4 cup walnuts, chopped
1 egg
1 tsp. salt
one-eighth tsp. pepper
2 tsp. butter, melted
3/4 cup milk

Drain peas and rub through strainer. Add other ingredients, mix well and put in a small buttered bread pan. Cover with paper and bake 40 minutes in a slow oven.

Vegetable Charlotte

6 large raw potatoes
3 large carrots, diced
3 eggs
2 tsp. salt
1/4 cup flour
1 tsp. sugar
1 cup carrot liquid
Pepper to taste

Grate potatoes, add salt and pepper, the eggs slightly beaten. Parboil carrots, adding sugar to the water; drain and reserve 1 cup carrot liquid. Mix potato mixture with carrots, add flour. Place in a well-greased pudding dish and let bake slowly about 1 1/2 hours until all is tender and golden brown.

—V—

Scalloped Mushrooms and Beans

1 pound fresh mushrooms
2 cups white sauce, medium
1 tsp. onion juice
1 can green beans
1 cup buttered crumbs

Saute mushrooms and prepare white sauce, adding the onion juice to it. Into well-greased baking dish place a layer of mushrooms, layer of green beans, some sauce, and some crumbs. Continue this way until all ingredients are used up, sprinkling the remaining crumbs on the top. Bake 15 to 20 minutes in a moderate oven until crumbs are browned.

—V—

Crabmeat Sandwiches

2 hard boiled yolks
1 tsp. melted butter
1/2 can crabmeat
1 tsp. lemon juice.

Mash yolks to a smooth paste with the butter, add the lemon juice and the crabmeat, chopped fine. Mix well and spread between thin slices of buttered brown bread.

—V—

Potted Cheese for Sandwiches

1 tsp. butter
1/4 lb. American cheese cut fine or grated
one-eighth tsp. cayenne pepper
Yolk of 1 egg beaten
1/4 cup cream
1 tsp. Worcestershire sauce

Melt butter, add cheese and pepper. Stir until melted, then beat in gradually the yolk of egg, diluted with cream and Worcestershire sauce, and cook, stirring constantly until thick and smooth. Pour in small jars and keep in refrigerator.

—V—

Some Sandwich Fillings

Mix orange marmalade with an equal amount of cream cheese. Thin slices of smoked salmon, plain or with a border of pimento. Chopped or sliced cucumber and radishes with mayonnaise.

—V—

Vegetable Salad

1/2 head of cabbage, put through food chopper
1 Spanish onion, chopped
2 or 3 apples
A little celery
1 green pepper

Mix and serve with the recipe given for Inexpensive salad dressing.

—V—

Bowl Salad

3 tomatoes, cut in eighths
1 cucumber, sliced
1 head lettuce, chopped
1 Bermuda onion, sliced thin, separate into rings
Mix with French dressing.

—V—

Inexpensive Salad Dressing

1 tsp. salt
1 egg yolk
1/4 cup sugar
1 cup sour milk
one-fourth cup vinegar
1 tsp. flour

Official U. S. Treasury War Bond Quotas for June

The above map of the country shows the War Bond Quota by states for the month of June totalling \$300,000,000. Everybody every day is expected to invest at least ten per cent of his income in War Bonds to aid in financing America's offensive against the Axis powers.

The ultimate quota for the nation will be on a basis of one billion dollars per month effective in July. This sum is necessary to provide for all-out production of planes, guns, ships and munitions adequate to arm our fighting men with the tools necessary to win the war.

Can Plan For "Brass Band" Send-Off

Parades and other patriotic "send off" demonstrations by the neighbors of men inducted into the Army through Selective Service now can be planned with certainty because of a new induction procedure arranged by the War Department and the Selective Service System, it was announced today by Col. Paul G. Armstrong, State Director of Selective Service.

The new procedure, which becomes operative June 15, assures a two-week furlough, at Government expense, for every selectee who is accepted by the Army, the Director pointed out, and sets a date for each group to report back to its Selective Service local board headquarters for transportation to an Army Reception Center. This date, Director Armstrong emphasized, is the one for which local demonstrations should be planned. He said:

"Since all of the men assembling at the local office after a furlough period have been accepted for military service and ordered to active duty, none will be faced with the embarrassment of returning home as rejected following such ceremonies. The local communities also can make their plans for these 'going away' demonstrations with definite knowledge that the men are going into active service, which was not possible under the former procedure when group departures of selectees were for the purpose of induction depending upon passing the Army physical examination."

The new arrangement replaces the present system of granting inductees ten-day furlough upon request and is expected to eliminate any injustices which might occur to men inducted immediately following physical examination by the Army, the Director said although every attempt has been made to grant ten-day furloughs upon request, he declared, there have been some instances when such requests were denied and in other cases inductees were unable to pay their transportation to return home. As the new system calls for the immediate release of all men who wish to go home and payment of the costs of their travel by the Army, the Director asserted there would be no discrimination against any inductee. He said:

"The Army will furnish transportation, meals and lodging of such reservist enroute to the city in which the local board is located and from that point to the Reception Center. There will be no change in the present procedure for delivery of registrants to the induction station by the local board, or for the return of rejected men to the local board area from the induction station. Inducted men who do not desire to return to their homes will be forwarded direct from the induction station to the Reception Center.

"In the case of inducted men who do desire to return to their homes the following procedure will be followed at the induction station: (a) The inducted men will be transferred immediately to the Enlisted Reserve Corps and will be given an order to proceed to the city in which his local board is located. (b) At the same time an order will be issued recalling him to active service on a certain date and ordering him to proceed on that date from the city in which the local board is located to a designated Reception Center for duty. The normal period between transfer to the Enlisted Reserve Corps and recall to active service will be fourteen days. This period may be extended or shortened by not to exceed two days in order to meet processing schedules at Reception Centers, or to prevent Sunday travel."

Discussing the elimination of injustices, the Director said:

"Many of the disadvantages of the present system will be eliminated in the new procedure. Every man who wishes to return to his home will be given the opportunity to do so without being required to establish his reasons for returning. Investigation and recommendation by the local board is no longer necessary. Reservists are released from active service at the induction station instead of the Reception Center. They travel at Government expense in local board groups under an appointed leader."

Another feature of the present system which will be eliminated by the new procedure, the Director said, will be possible delay between the time a man is inducted and the time he is granted a furlough. Under the new procedure, the transfer to the enlisted Reserve Corps will occur on the same day that the man is inducted and there is no likelihood that he will have to wait two to five days before he can return to his home as sometimes happens under the present system.

Local boards, will cooperate with the armed forces in every possible way by providing a place of assembly for the departing reservists, by arranging transportation facilities and by taking care of other necessary details such as advising the Commanding Officer of the Reception Center of the route and time of departure of groups of reservists and the number of men in contingents, the Director said.

USDA War Board Question Box

In cooperation with U. S. Department of Agriculture War Board in Moultrie county, the Moultrie County News each week publishes questions asked by the farmers about things which affect their participation in the war effort. Following are this week's questions, and the answers given by the USDA War Board:

Q. How does truck rationing apply to farmers?

A. Most farm users of trucks, such as hauling farm produce to market, are covered by Class III of the truck rationing regulations. However, farmers who use their trucks for work directly connected with the war effort, such as hauling food to the Army and Navy, could qualify for Class II. Until recently, only farmers in Class II could get new trucks, but now Class III applications are being considered. However, you must satisfy your Rationing board that you need a new truck to maintain food production.

Q. With normal sources cut off by the war, is there likely to be a shortage of spices?

A. Yes, the War Production Board already has placed restrictions on the distribution of eight spices commonly used for canning and other household purposes: black and white pepper, allspice, cinnamon, cloves, ginger, nutmeg, and mace. Present supplies will last from 12 to 18 months under the present system which curtails deliveries to wholesaler.

Q. My barn was destroyed by a storm. Will I be allowed to rebuild it?

A. You should file application with your county USDA War Board for a permit to build, including facts about the storm. These cases receive preferential handling by the war boards. In cases of farm residences destroyed by fire, tornado or other Act of God, no permission is needed to rebuild if the disaster occurred after December 31, 1941.

Q. Does the lumber freezing order issued last week affect lumber which might be used by farmers in building farm storage facilities?

A. Farmers wanting lumber must depend on supplies now in the hands of their lumber dealers, because the War Production Board will not allow mills to sell or deliver any softwood construction lumber, except to the Army, Navy and Maritime commission, for a period of 60 days. This freezing order makes it necessary for farmers to buy materials now, if they can, for essential construction work.

Q. How much sugar is a farm wife allowed for canning?

A. Home canners may obtain one pound of sugar for every four quarts of finished canned fruit. An additional one pound per year for each person in the family may be obtained for making jams, jellies, preserves and fruit butters. Applications for sugar for canning will be handled by local rationing boards.

Have you a question relating to farming in Wartime? Send it either to this newspaper or to Earle H. Cruik, Chairman, Moultrie County USDA War Board.

EASTERN TO GRADUATE FIVE MOULTRIE STUDENTS

Bachelor of education degrees will be conferred on 124 students and 54 others will receive the two-year diploma at the 43rd annual Eastern Illinois State Teachers college commencement here at 3 p. m. Friday, May 29. Dr. Preston Bradley, noted author and radio commentator will give the main address. He is the pastor of the People's church, Chicago, and a member of the State Teacher College board.

Assisting in the program will be Mrs. Helen R. Pegelow, Mattoon member of the State Teachers college board, who will authorize the degrees and diplomas. Dr. Robert G. Buzzard, president of the college, will present the diplomas and confer the degrees.

There are 47 men in the graduating class, most of whom expect to enter service soon, and 131 women.

Several members of the class will complete requirements for graduation this summer, during the first half term of five weeks from June 8 to July 10 and the second half term from July 13 to August 14. Candidates for graduation and their field of specialization from this vicinity include:

Kathryn Roberta Bobbit, Dalton City; degree, commerce, social science.

Ruth Lucretia Weakley, Gays; degree, art, physical education.

Mildred Louise Alumbaugh, Sullivan, diploma; Anna May Marble, degree, home economics, art; Ruth Leone Miller, degree, English, social science.

Dog's Fast of Sorrow

Boy, a 150-pound police dog, of Kennett Square, Pa., which held police at bay and guarded for 24 hours the body of his owner, a Chinese laundryman, finally abandoned his fast of sorrow. The dog for more than two weeks refused food after his master, Charlie Fung, died. Sympathizers finally cured his heartbreak with kindness.

Washington, D. C.

WON'T BE LONG NOW

Macon Reed, ex-Washington newsman, now a private in the army, has this to say about the new military machines which Uncle Sam is so swiftly whipping into shape: "How is it to be in the army? There is a breath-taking exhilaration in swinging across a parade ground and seeing and feeling the other columns moving in the effortless, smooth, free march step of the American army—marching, marching, marching to heaven knows where. At such a moment, and only at such a moment, one gets a flash perception of the true strength of America, a boundless sweep of irresistible power—and I chuckle to myself and think 'What is everybody in Washington in such a fret and worry about?' Mandalay? Lashio? Trifles, boys, mere trifles. We heard the news of their fall with a yawn and got on with our work. Just wait till we get started. It won't be long now!"

WHAT HAPPENS AFTER THE WAR?

At six one morning, Henry Wallace woke up and began thinking about the speech he was going to make in New York. Ideas kept tumbling into his mind. Quietly, so as not to disturb Mrs. Wallace, he reached for the dictaphone and began speaking into it.

He dictated to the length of one cylinder, Mrs. Wallace still slept. Next morning, he woke again at six, and did the same thing. On the third morning, he woke at 3:30. This time, he dictated the remainder of the speech, which ran to 3,000 words. Mrs. Wallace slept on.

The vice president still had two weeks to spare before the speaking engagement, but the thoughts had been simmering in his mind, and he wanted to get them down. He wanted to say—not in words hurriedly thrown together on the way to New York—what he felt about fighting the war to a finish, then making a peace that will stick.

People's Revolution. The general applause to that speech is still reverberating in Washington. Because it was one of the most important speeches of the war. Titled, "The Price of Free World Victory," it was a forecast of world freedom after victory.

Wallace has turned out more words than any other member of the Roosevelt family, including Deutke, Maroa; Margaret Born, Milmine; Sylvia J. Davies, Sullivan; Iola Delbridge, Monticello; Mildred Fleming, Sullivan; Worth Lacey, Monticello; Etha Lindsay, Livingston. Three state members at large became charter members of Alpha Zeta, also, R. Bernice Phillips, Mabel Buecholz, Cerro Gordo, and Ferne Woodruff, Sullivan.

The new chapter, Alpha Zeta, held an organization meeting on Saturday, May 16th at Monticello. Plans were formulated for the coming year, activities under the leadership of the following officers: Miss Ferne Woodruff—President. Miss Mildred Fleming—1st Vice-president. Miss Margaret Born—2nd Vice-president. Miss Worth Lacey—Recording secretary. Mrs. Sylvia J. Davies—Treasurer. Miss Mabel Buecholz—Parliamentarian.

The purpose of the Delta Kappa Gamma Society is to honor women who are recognized as leaders in the teaching profession, to unite women teachers in their profession, to furnish an organization through which women teachers may work to secure desirable school legislation for the betterment of the schools, to endow scholarships to aid women teachers in continuing their studies.
