**MAN HAD BRICK IN HIS STOMACH FOR 10 YEARS**

One man recently stated that for 10 years he felt like he had a brick in his stomach. This feeling was due to the lump of undigested food he always had inside of him. He was weak, worn out, headachy, swollen with gas and terribly constipated. Recently he started taking ERB-HELP and says the feeling like a brick in his stomach disappeared the second day. Bowels are regular now, gas and headaches are gone and he feels like a new man.

ERB-HELP contains 12 Great Herbs; they cleanse bowels, clear gas from stomach, act on sluggish liver and kidneys. Miserable people soon feel different all over. So don't go on suffering! Get ERB-HELP. Hall's Drug Store.

**Beware Coughs from common colds That Hang On**

Chronic bronchitis may develop if your cough, chest cold, or acute bronchitis is not treated and you cannot afford to take a chance with any medicine less potent than Creomulsion which goes right to the seat of the trouble to help loosen and expel germ laden phlegm and aid nature to soothe and heal raw, tender, inflamed bronchial mucous membranes.

Creomulsion blends beechwood creosote by special process with other time tested medicines for coughs. It contains no narcotics.

No matter how many medicines you have tried, tell your druggist to sell you a bottle of Creomulsion with the understanding you must like the way it quickly allays the cough, permitting rest and sleep, or you are to have your money back. (A.S.V.)

**Hot Lunch Funds Allocated For Year's Program**

The Illinois State Office of the Production and Marketing Administration has been advised that the allocation of \$1,800,000.00 for school lunch purposes in Illinois has been entirely encumbered, according to Mr. Kimbrough, Chairman of the Moultrie County AAA Committee.

This amount and part of the 50 million dollars appropriated for school lunch purposes by Congress will not be sufficient to operate all programs for the entire school year. However, it is possible that additional Federal funds may be made available at a later date.

Applications for new programs are still being received in the State P & MA office but approval will be withheld until further information is available pertaining to the allocation of additional funds, according to Mr. Kimbrough.

**Ration Control Is Lifted**

Ora O. Kimbrough, Chairman of the Moultrie County AAA Committee, announced today that the supply of food American farmers are storing in the Nation's larder is catching up with our demands. This is pretty well pointed out by the fact that the only food left on the ration list is sugar. For everything else, the ration book is a thing of the past.

When Secretary of Agriculture Anderson announced the end of rationing for meats and fats and oils, he said that the average supply of meat for each person was larger now than before the war. In the pre-war years, we averaged about 126 pounds a year. During the month of December, we'll be eating meat at the annual rate of 165 pounds a person. The rate will drop a little during 1946—probably down to an average of 148 pounds for the year, after exports are taken care of.

And Secretary Anderson said that the lifting of ration controls would not stop us from sending meats and fats and oils to our neighbors in the war-torn countries. In a recent broadcast, Anderson pointed out that American food can be one of the most powerful forces in the world in bringing about lasting peace. Through UNRRA the United States is helping to supply relief feeding abroad. But the greatest portion of our exports go to the nations who pay for what they get.

**SURPRISED MONDAY EVENING**

Mrs. Paul Fulton was pleasantly surprised Monday evening when friends gathered at her home for a pot-luck supper in honor of her birthday.

Those present were: Mrs. Clarence Ward, Mrs. Bob Layne, Mrs. Ross Thomas, Mrs. Floyd Donnell and daughter, Judy, Mrs. Betty Rossi, Mrs. Norma Selock, Miss Ethel Fair and Miss Ruth Kinsel.

# Will There Be A STEEL STRIKE

## Not if the CIO abides by its pledged word, given only last spring

**Question:** What would be the general effect on the country of a steel strike?

**Answer:** Over 40 percent of all the factory workers in the country earn their living by making steel into useful products for American life. A shut-down of the steel industry would be a disastrous blow to reconversion and would cause a serious loss in both wages and industrial production at a time when they were most needed.

**Question:** Why did they want a long-term contract?

**Answer:** In the Union's own words before the War Labor Board, "The Union's request for a termination date of October, 1946, is not made capriciously or pressed here for bargaining purposes. It represents the considered view of the Union that only such a term will adequately serve the needs of stability."

**Question:** Did the recent strike vote violate the contracts?

**Answer:** No. Only an actual strike would violate them.

**Question:** Haven't there been strikes already during the life of the contracts?

**Answer:** Yes. There were 998 strikes in steel plants during the past year alone. They were mostly local strikes which the Union characterizes as "wildcat," but they meant a big loss in production.

**Question:** Does the end of the war justify changing the contracts.

**Answer:** No. The bond was sealed on both sides and should be kept whether times be good or bad. The steel companies are continuing to live up to these agreements. If a strike is called, it will be in clear violation of the existing contracts.

**A strike in the face of existing contracts would shatter any confidence in the validity of union agreements in the steel industry.**

**Question:** Is it true that the Steelworkers Union has pledged itself not to strike?

**Answer:** Yes. Every contract which the Union has signed this year with the various steel companies has a clause wherein the Union agrees not to strike during the life of the contract.

**Question:** Are those contracts still in effect?

**Answer:** Yes. They were signed in the spring of 1945 to run until October, 1946.

**Question:** Who signed for the Union?

**Answer:** Its international officials—Philip Murray, Van Bittner, Clinton Golden and others—and the local Union heads at the various plants.

**Question:** Is there no "escape clause" by which either side could end the agreements?

**Answer:** No. The Union demanded a fixed, long-term contract and got it.

### CLOSING OUT

## PUBLIC SALE

3 miles south of SULLIVAN on Route 32

Thursday, December 20

BEGINNING AT 11 O'CLOCK A. M.

### Shipping Ass'n Held Annual Meeting December 13th

Moultrie county livestock producers and their families are invited to attend the oyster supper and annual meeting of the Moultrie Shipping Association Saturday, December 15, at 6:30 p. m. at the Masonic Hall dining room in Sullivan. The oyster supper will be prepared and served by the ladies of Jonathan Creek church.

The directors of the Association are hoping that a large number of patrons, livestock raisers and Farm Bureau members will attend Saturday night. Reports on the Association's last year of business will be given and future plans will be discussed. The Moultrie Shipping Association has performed a valuable service to livestock raisers in this community and throughout the county over a period of years. If this service is to continue in the future, wider use of its service and larger patronage by the farmers who produce livestock will be necessary.

R. W. Grieser, head of the Cattle Department, Chicago Producers Commission Association has been secured to speak on "Opportunities Ahead In Co-operative Livestock Marketing." Mr. Grieser is well informed on the subject of livestock marketing and his talk will be well worth hearing.

Directors of the Moultrie Shipping Association are:  
President—J. E. Righter.  
Secretary—Charles B. Shuman.  
Directors—C. O. Fredrick, H. E. Spencer, and Orall Bundy.  
O. L. Baker is the Association manager.

### Income Tax Aid At National Bank

There will be representatives of the internal revenue office in the First National Bank, of Sullivan, Illinois from January 7, 1946, to January 8, 1946, for the purpose of assisting taxpayers with their tax problems and the filing of their income tax returns for 1945.

Under the provisions of the current Revenue Act, farmers are required to file their declarations of estimated tax for the year 1945 or in lieu thereof their final return for the year on or before January 15, 1946. (A person is a "farmer" if his estimated gross income from farming is at least 66 2-3% of the total income from all sources for the year.)

Persons who filed a declaration and now find it necessary to amend it are required to do so on or before January 15, 1946 or file in lieu thereof their final return.

Due to the short period of time and the number of taxpayers that will be seeking assistance the deputy's time will be devoted entirely during this period to the persons who come within the above two categories.

The representatives of this office will return to the place indicated above at a later date, of which you will be advised for the purpose of assisting other taxpayers with their problems who have until March 15, 1946 to file their returns.

Taxpayers seeking assistance are urged to do so early in order to avoid a last minute congestion. Taxpayers are requested to have all of their information compiled and completed, when they appear at the above location for assistance. If taxpayers were subject to withholding during the year, they should have statements from their employers to the amount withheld. Also if taxpayers were required to file declarations of estimated tax or amended declarations, they should bring copies of these declarations, together with a record of the amounts, paid.

### MISCELLANEOUS SHOWER

A miscellaneous shower was held at the home of Mrs. J. E. Crowder Thursday evening in honor of Mary Katherine Reedy. Assistant hostesses were, Mrs. Keith Burgess and Mrs. Ralph Worth of Mattoon.

### CAME HOME WEDNESDAY

Mrs. Glen Cooper and infant son, Randy B. came home Wednesday afternoon from St. Mary's hospital, in Decatur. Judge Cooper and son, Terry went to Decatur to bring them back home.

### SEW-A-BIT CLUB

The Sew-A-Bit Club met at the home of Mrs. Helen Dickerson Thursday evening for their annual Christmas party and gift exchange.

### SISTER KENNY DRIVE EXTENDED— Sister Kenny Drive Extended to Christmas

It was announced today by Rodney H. Brandon, Illinois State Chairman of the Sister Elizabeth Kenny Foundation, that the current "Sock Polio" Drive will be extended from December 8th to Christmas Day.

A similar announcement was received from Bing Crosby, National Chairman of the campaign who reported: Many state and county chairmen have asked for an extension, and from our standpoint, if an additional two weeks will help them "Sock Polio", we're in favor of setting the new terminal date.

"The campaign in Illinois," stated Brandon, "got off to a slow start, but with the momentum the drive now has, it will take very little time to meet the Illinois share of the national goal."

This year's Sister Kenny Foundation Appeal was launched November 22, for \$5,000,000, of which the Illinois share is \$500,000. From the Illinois fund, medical treatment for indigent polio victims will be provided, and an extensive training program for Illinois doctors and nurses in the Sister Kenny concept will be inaugurated.

### A CORRECTION

In last week's issue of the News it was stated that Mrs. Tella Pearce presented the Christian Ladies' Aid \$35.00 from proceeds derived from magazine subscriptions. The amount should have stated \$45.00 instead of \$35.00.

### IMPROVING

Mrs. Orville Isaacs, who is a patient in Decatur and Macon county hospital is somewhat improved at this time.

BRIGHT AND BEAUTIFUL—Those who think that beauty and brains don't go together can take a good look at Patricia White, 19-year-old college graduate signed by Warners.

### Sausage Casserole Makes Savory Meal

There's nothing quite like a corn-sausage casserole as the main dish for a cold evening supper, invites Marjorie Griffin, rural home editor of Capper's Farmer, nationally-circulated farm magazine.

### Corn-Sausage Casserole.

|                     |                            |
|---------------------|----------------------------|
| 3/4 lb. sausage     | 1/4 tsp. pepper            |
| 1/2 c. onion        | 2 1/2 c. whole kernel corn |
| 1/2 c. green pepper | 1 c. corn                  |
| 2 tbsp. flour       | 2 1/2 c. canned tomatoes   |
| 1 tsp. salt         | 1 c. rice cereal           |

Use link sausages or bulk sausage shaped into links; brown them in a heavy frying pan and drain well. Brown chopped onion and green pepper in meat drippings. Add flour and seasonings and mix well. Add corn and tomatoes and simmer until juice has partially evaporated (about one-half hour). Pour into casserole; arrange sausages on top in pinwheel shape. Sprinkle cereal over top. Bake at 400° F. about 15 minutes. Serves 6.

### New Dishwashers

Dishwashers for which so many farm homemakers have been waiting should appear early in 1946, declares the Rural Home editor of nationally circulated Capper's Farmer. There will be free standing portable models separate from the sink and others built into the sink. Some open from the top and others from the bottom.
