

New Magazine Section "Nowadays" Is Added For News Readers

Beginning this week, the Moultrie County News introduces you to a new friend, our new "NOWADAYS" magazine section. Enclosed is your Issue No. 1.

We will bring you this specially prepared magazine section each and every week hereafter, offering to you, our readers, a balanced magazine tailored to the reading interests of everyone in the family.

In the pages of "NOWADAYS" each week we will bring you color, photographs, illustrations, cartoons, features and timely articles by leading authorities in every field. For example, in this first issue the famous author, Mr. Paul McGinnis, presents his exclusive NOWADAYS story of progress in the thousands of Pacific islands which the U. S. acquired during the war.

Mr. McGinnis, the author of "Lost Eden", the recent historical novel about Pacific discoveries, has just traveled thousands of miles in visits to remote Pacific outposts, gathering exclusive reports for "NOWADAYS" magazine section. His firsthand articles will also be brought to you in other future issues.

This first issue of "NOWADAYS" also offers a wealth of recipe suggestions for the current Thanksgiving holiday, as well as a preview of the rapidly-approaching Christmas season.

For next week's issue of "NOWADAYS", noted specialist Dr. R. H. Felix, Chief of the Menta Hygiene Division of the U. S. Public Health Service, has prepared a special report on the emotional ills of Americans. And there are many other special interesting features. "NOWADAYS" magazine section will grow with our readers. The first issue will contain eight to twelve interest-packed pages, and as the News learns the magazine - reading interest and desires of the readers, the "NOWADAYS" section will increase in pages.

Thus, each week you receive a completed added colorful magazine as a part of this newspaper.

The addition of "NOWADAYS" is the result of long and careful planning and preparation, and is evidence of this newspaper's continuing aim always to provide a bigger and better paper to you, the readers.

Turn to "NOWADAYS" Section, and look it over. We trust you will welcome this new friend into your home and family.

Leaders Named For Campaign For Food For Homeless

Rev. E. E. Coleman has been appointed chairman of Moultrie county for the Abraham Lincoln food train, it has been announced by Arnold P. Benson, state director of agriculture and chairman of CROP. Other chairmen have been named in other communities in the county and they are: Dalton City, Mrs. Vida Stevens; Bethany, Dale Snyder; Bruce, Claude Stone; Sullivan, George Titus; Lovington, John Poole; Arthur, Francis Steck and Noah A. Yoder; Allenville, John Hoskins; Gays, W. F. Gammill; Jonathan Creek, John Dolan; Dunn, Walter Shipman; Lake City, John Smith.

The Illinois campaign is part of a drive through 37 states to gather gifts of farm products for the needy and homeless of western Europe and Asia. The campaign is concentrating on corn, soy beans, hogs and dairy products.

WILL PUBLISH NEWS ON WEDNESDAY

In order that News employees may have the Thanksgiving holiday at home the newspaper will be published on Wednesday next week instead of Thursday. Advertisers and correspondents should make arrangements to have their copy ready a day earlier.

Union Thanksgiving Service In Christian Church Wednesday

The churches of Sullivan will unite for a Union Thanksgiving service to be held in the Christian church Wednesday evening, Nov. 24. Rev. Joseph Partridge will deliver the sermon. The hour has been set for 8 o'clock. Please note the change of time.

Louise Jenkins Became Bride of Ivan Horsman On Saturday Evening

Louise Jenkins became the bride of Ivan Horsman in a candlelight service Saturday, Nov. 13. The wedding was at 8 p. m. in the ladies' parlor of the Masonic home with Rev. Joseph Partridge officiating at the double ring ceremony, before the fireplace which was banked with ferns, white chrysanthemums and candelabra. Members of the immediate families and a few close friends were present.

The bride's sister, Mrs. Ruth Malloy, was her only attendant, and Charles Horsman served as best man for his brother.

The bride wore a gray street length frock with an orchid corsage and Mrs. Malloy wore a brown dress with a corsage of orchid chrysanthemums.

Miss Dorothy Hollonbeck and Miss Mary Dolan sang "Because" and "I Love You Truly" before the ceremony accompanied at the piano by Mrs. Gene Hollonbeck who also played the wedding march.

Mrs. Grace Palmer and Miss Cecile Boyles served at the reception held immediately after the vows were said.

The bride is the daughter of Mr. and Mrs. Walter H. Jenkins and operates the Sullivan Beauty Shop. The bridegroom is the son of Mr. and Mrs. Vaughn Horsman of Tower Hill and is associated in farming north of Sullivan with his brothers.

Following a short wedding trip the couple will be at home to their friends at 116 W. Harrison where they have an apartment in readiness.

Rhoda Rebekah Lodge will not have a meeting on Nov. 25, Thanksgiving day. But will have a meeting on the next regular date, Dec. 9, at which time election of officers for the coming year will be held. Members are asked to please leave their donation of jelly for the Old Folks Home with Mrs. Melvin Stricklan before noon Nov. 22.

TOO MANY HUNTING ACCIDENTS

Hunting accidents are taking a toll throughout the country. Death and injury is stalking through the fields and woods as the hunters seek game. It has been brought home to Moultrie county residents by several accidents within the last week. Fortunately, none have been fatal, but there is always the possibility that the next may be so classed. Even non-fatal accidents are costly and serious.

Every hunter realizes the danger connected with the use of firearms. Yet ordinary precautions are forgotten or overlooked in the enthusiasm for the chase. There are hunting accidents which no amount of precaution would prevent—defective guns and ammunition; a shot fired which may hit another person unknown and unseen by the shooter, but a lot of these accidents can be eliminated by common sense and precaution.

Some of the standard precautions will bear repeating: Never put a loaded gun in or out of an automobile; never pull a gun through a fence; never point a gun at yourself or another person, and always treat every gun as a loaded one unless you are absolutely sure otherwise.

These rules seem simple but they are often overlooked. It might be well for every hunter to run them over in his mind before taking off on that next trip.

SULLIVAN MERCHANTS READY

Sullivan stores are taking on a festive holiday air as more and more Christmas merchandise finds its way onto the shelves and counters. Early shoppers are looking and tucking away gifts in preparation for the 1948 holiday season.

A trip through the local stores will show a variety and assortment of merchandise that will find favor with the most discriminate shopper. And these same merchants are friendly and cooperative.

This completeness and friendliness are important reasons why Sullivan is a popular shopping center.

THE REPUBLICAN PARTY AND STASSEN

Time is giving balm to the wounds suffered by the Republican party in the last election, and forward-thinking members of that party are now turning their attention to the future. In so doing, the name of Harold E. Stassen immediately comes to mind in considering the national political picture. Of course Mr. Stassen has been queried as to his position in 1952. A statement issued by Amos J. Peaslee, who served as Stassen's pre-convention campaign manager in Minnesota, with the approval of Stassen pretty much explains the situation:

"Harold E. Stassen will be in the political picture in 1952."

Stassen's immediate job is to give an efficient administration to the University of Pennsylvania, of which he is president. However, as the third ranking contender at the Republican convention last June, he must be considered in any Republican political picture.

Mr. Stassen has proven popular with the rank and file of the voters. In first position in the race for the Republican nomination until after his defeat by Dewey in the Oregon primary, he appeals to the independent voter and the liberal Republicans. His age, 41, gives him another advantage. He will still be young enough in 1952 to appeal to the younger voters, and his administration experience at the university he now heads will make him a stronger leader. Stassen's supporters have a zeal that will not be dimmed in four years. He inspires his followers, and his forthright stand on important issues leaves no doubt in the minds of those supporters as to his position on important issues.

Such leaders of judgment and experience as former Governor Walter E. Edge of New Jersey remain convinced that Stassen has the progressive viewpoint and affirmative driving appeal to inspire and bring out the younger voters.

Said Mr. Edge: "Both during and since the convention Mr. Stassen has made it plain that he will continue in his efforts to build a liberal forward-looking constructive party with the single purpose of the highest welfare of the country and the world."

Such earnest support by the younger Republican party members puts Mr. Stassen again in the picture for first consideration in future Republican party planning.

More LIP...

It looks like this column will have to appear in abbreviated form for the next few weeks, as the writer doubles as printer, pressman, and a lot of et cetras. We are earnestly selling our acquaintances on the desirability of the printing trade, and hope that they will pass the word along until some disciple of the art made popular by Ben Franklin comes to our attention and can be placed on the payroll.

With the hunting season on we have to content ourself with listening to the experiences of other seekers of game. Not a chance for us to get out and seek the elusive pheasant or quail this year.

If it were a rabbit that we were seeking we could get some action in the back yard. The resident of last winter seems to have returned to the favorite haunt along the rock wall. Now Mrs. Lip is worrying about the young apple tree, and I will have to place some protection about it ere the cold and snow comes and the rabbit develops an appetite for juicy young apple tree bark.

I am still planning on spending Thanksgiving day putting up the rest of the storm windows. My neighbors have had theirs up for weeks. I wonder if there are any other procrastinators who I can associate with?

Recalling Thanksgiving makes one think of the Lions club turkey party. A nice way to acquire the fowl for the holiday dinner...if we can do so.

"SILENT GUEST" CAMPAIGN

Arnold P. Benson, state director of agriculture, is appealing to the people of Illinois to take part in the 1948 "Silent Guest" movement to provide holiday meals for hungry persons in Europe. The movement is being sponsored by governors of the various states, headed by Governor James H. Goff of Pennsylvania. Benson has been appointed by Governor Dwight H. Green as director and treasurer of the Illinois "Silent Guest" fund.

The plan calls for Illinois families to contribute cash equal to the cost of a Thanksgiving dinner for the "Silent Guest". The money so raised will be used to provide CARE packages to be delivered to needy in Europe as holiday gifts from the American people.

The campaign has just opened and will continue until Christmas. Contributions should be mailed to Arnold P. Benson, department of agriculture, State House, Springfield.

TO LIMIT PURCHASES

Governor Dwight H. Green has ordered all department and commission officials under him to limit purchases to current needs and to hire no additional employees during the remainder of his term.

"I specifically charge each director and commission chairman with responsibility for continuing to operate his department or agency on an efficient and economical basis during the balance of my term as governor," his order said.

SOIL-CEMENT
today's biggest value
for light-traffic streets

SOIL CEMENT makes taxpayers' dollars go farther because about 90 per cent of the required material is usually native soil on the site. It's easy to transform high-maintenance cost streets into strong, long-lasting pavement good for years of all-weather service with soil-cement.

Soil-cement's superior value and durability for light-traffic streets is thoroughly established. More than 46,000,000 square yards of such paving are now in service in the U. S.

From where I sit... by Joe Marsh

It's Your Fight, Too!

Bing Crowley was "beefing" the other day about all that Our Town's doing in the way of sending food and clothes to Europe. Bing felt that those struggling democracies should look after themselves.

But most agreed with Judge Cunningham who said: "So long as any family or individual in Europe is helping hold the line for freedom—against the forces of intolerance—it's common sense, and common decency, to help 'em."

Because that's everybody's fight: To see that individual freedom is

preserved in every aspect, big or little—whether it's the right to vote, or the right to enjoy a temperate glass of beer or ale with friends.

And from where I sit, no liberty's too small to overlook. Because the minute one small freedom is threatened, all the others are in jeopardy—just as the minute one small country loses freedom, all its neighbors are in danger!

Only 126 million bushels of old corn remained in all positions on October 1, 1948. That is reported to be the smallest carry-over in the 6 years of comparable record.

Inbreeding studies with corn were conducted by Darwin as early as 1786. In 1905, inbreeding experiments were begun at the University of Illinois agricultural experiment station.

Larry Myers Hit By Truck, Dies In Decatur Hospital

Little Larry Wilbur Myers, five year old son of Mr. and Mrs. Hiram Myers, died Monday in St. Mary's hospital where he had been taken the day before. Larry was struck by a truck driven by Noah Hoffman swerved to avoid striking the Myers family dog that had darted into the road. According to a report of the accident the driver of the truck had not seen the child as he was standing at the side of the road. The accident occurred Sunday afternoon.

Larry was born in Sullivan Nov. 17, 1943. Surviving are his parents: two sisters, Lorajean and Dona Sue; his grandparents, Mr. and Mrs. Vic Landers and Mr. and Mrs. Frank Myers, all of Sullivan, and a great-grandmother, Mrs. Carrie Landers, also of Sullivan.

Funeral services were held in the First Christian church Wednesday afternoon in charge of Rev. Delmar Talley and burial was made in Greenhill cemetery.

HIGH NOTES

Staff

This week's column was written by Hi-Scout senior editors Ruth Butler and Janet White. Reporters were Shirley Wolf, Beverly Riley, Virginia Collins, Earline Seybert, and Beverly Whitchurch.

Our Reditorial

When Tuscola defeated Arcola 21 to 0 on Wednesday night (Nov. 10), they did us a favor, for otherwise Sullivan would have been in third place in Okaw Valley final standings. As it is, the Redskins are tied with Arcola for second place, and Tuscola reigns supreme at the top of the conference with 6 victories and no defeats.

Junior Play

"Stranger In The Night", a comedy mystery in three acts, will be seen at the High School auditorium tonight (Friday) at 7:30. To give you an idea of the story, Sylvia Lee (Barbara Kinnek) and Mable Crane (Virginia Jenne), two attractive and energetic young women, are owners of a smart little gift shop located just off the lobby of the Boulevard Hotel. The shop appears to be a most unlikely

place for a chilling mystery--- until young Grant Terry (Don Harris) arrives at the hotel. Terry is a newspaper columnist who has unearthed a plot which seems likely to involve the gift-shop owners in a possible murder. Amid swift action and mounting suspense, the play moves through an afternoon and evening of chills and laughs to an unexpected and thrilling climax. Other members of the cast are Don Adair, Ellen Ann Little, Dwight Colclasure, Janiece Krows, Dick Ward, Marilyn Kite, Leroy Trailer, Lavonne Perrine, and Beverly Riley.

Sadie Hawkins Dance

Last Friday night the Sadie Hawkins dance was held in the High School gym. There were lots of pretty Daisy Maes and handsome Li'l Abners; in fact we had everything from Indians to Miss Collins! The High School orchestra played several numbers at the beginning of the dance, then records were used for the remainder of the time. The G. A. A. gave a skit entitled "Dogpatch's Candidate for President." Ruth Butler was president

"Icky Mud," Shirley Wolf was "Goody Slush" the vice-president, Janet White was "J. Howard McGooch" the campaign-manager, and Margaret Campbell was Mayor "I. M. Nutts." Tommy Osborn, Dave Ashbrook, Bill Graven, and Fritz Buxton sang two very lovely songs, "Frankie and Johnny" and "Cigarettes, Whiskey, and Wild Wild Women." Mr. Rasmussen was Marryin' Sam, and read the nuptials when the Daisy Maes married the Li'l Abners. Beverly Gramblin was selected as the best Daisy Mae, and Lowell Daily was chosen as the best Li'l Abner. After the marriage ceremony we all danced until about 11 o'clock, and refreshments of cocoa and doughnuts were served.

Retrospect

The yearbook staff is working hard to get the book out on time this year. Deadlines have been set for certain parts so they can get to the printers early in January; most of the pictures have been taken, and the rest will be within the next few weeks. The business manager will take payments on books any time, the sooner the better! The complete staff is as follows: Editor, Janet White; Literary Editor, Rosemary Stain; Art Editors, Ruth Butler and Norma Howard; Sports Editor, Shirley Wolf; Calendar Editor, Joan Wright; Camera Editor, Jack Welch; Business Managers, Milton Lee Welty and Jean Lesley; Typist, Helen Cochran. Junior assistants are Sondra Stonecipher (Editor), Janiece Krows (Literary), Kenneth Selby (Sports), Barbara Kinney and Don Harris (Business), and Don Adair (Camera).

Music

The band has started practicing "In A Persian Market" and "Little Rhapsody In Blue." Mr. Clark went to Springfield on Wednesday of last week to get some new music and other band supplies. The Glee club thought they were practicing alone last Tuesday, until Mr. Clark came out of the next room to make some corrections!

Girls' Athletics

The G. A. A. has started a volleyball tournament for the four classes, and the Seniors led off by defeating the Juniors last week. This week the Sophomores and Freshmen were to play, and the winners will play for championship next week.

In Hi-Scout Bowling league last week the Seniors defeated the Sophomore No. 2 team, Junior No. 1 beat Sophomore No. 1, and Junior No. 2 won over the Freshmen. High scores were Marilyn Wood 141, Helen Cochran 135, Wilma Lindley, 132, Shirley Wolf 121, Marie Ingram 118, Margaret Campbell 110, and Elaine Lindley 104.

All the girls are knitting in school these days, we wonder when the boys will take up this new fad? The Juniors got their pictures Tuesday, and they were all traded off by the end of the week!

These hungry kids are mourning because they only got a "half-pat" of butter with their school lunch. They say that's spreading it too thin!

We liked the movies we had in P. E. Monday. One was about First Aid, another about Safety at Home, and the third about Frank Sinatra. Ee-ee-ek!

The seniors have been measured for their caps and gowns; golly, are we going to lose them so soon? Seems yesterday they were "green Freshies."

We heard Dick Ward really had a swell dance band, and now we know it's true since the Sadie Hawkins Dance.

WEST PRAIRIE

Miss Clara Miller

Miss Mattie and Bertha Swartzentruber, and David and Floyd Stutzman from Oregon arrived here Monday evening. The boys left again for Iowa Wednesday morning, and the girls are planning on staying here until next week when they will go to Indiana and Ohio to attend the weddings of their brothers, Enos and Elmer Swartzentruber.

Noah Schrock, Jacob Miller, Mr. and Mrs. Simon Brenneman and Mr. and Mrs. Sam Petershein left for Kansas Wednesday noon on the Cardinal train. While in St. Louis they met Mr. and Mrs. Leander Heim from Kansas on their way to Arthur.

Chicken pox is making the rounds. Miss Edna Miller and the children of Alvin Yoder are victims.

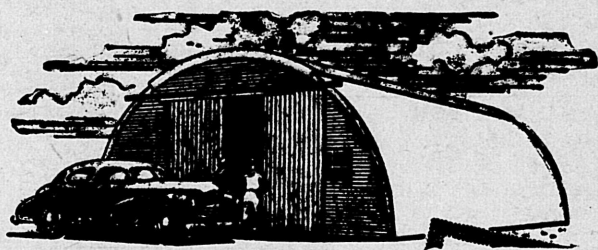

Mr. and Mrs. Milt Miller are the parents of a baby daughter. Mr. and Mrs. Menno Schrock and Mr. and Mrs. Steve Miller are both the parents of baby sons.

Wednesday the friends and neighbors of David Beachey gathered there to shuck his corn.

David and Floyd Stutzman, Mattie and Bertha Swartzentruber, Mattie Yutzy and Mary Miller spent Tuesday evening with Mr. and Mrs. Anson Miller and Edna.

GOVERNOR'S THANKSGIVING PROCLAMATION

Governor Dwight H. Green has issued the annual Thanksgiving proclamation for Illinois, naming Thursday, Nov. 25, for the holiday. The governor's proclamation pointed to the season's bountiful harvest of rain, and to the constitutional liberties, the human rights, and the impartial justice still enjoyed by citizens of our Republic as blessings for which "it is fitting for us as a nation and as individuals to return thanks to God."

FOR RICHER PASTURE
FOUR LEAF
Powdered rock PHOSPHATE
Many pastures provide poor feed for livestock because the soil lacks phosphorus. Phosphorus-deficient soil produces phosphorus-deficient feed. Phosphorus-rich soil produces feed richer in both phosphorus and protein—and a bigger, more palatable growth! A generous application of our FOUR-LEAF Powdered Rock phosphate will benefit your pastures—and the livestock grazed on them—for years ahead! Investigate.

MEET THE
Star Performer for '49!
You're invited to drive the New Hudson—the car that's nimble and rugged beyond anything you've known before!

"The modern design for '49"

Come in, try Hudson with the all-new, high-compression Super-Six engine (the most powerful American six built today) or the masterful Super-Eight. Both provide wonderfully alert power for a new type of motor car with an exclusive "step-down" design.

Millions say the New Hudson is the reigning beauty in the automobile parade—but you can't really know this great car until you drive it—and you're invited to do just that—now!

Hudson, with the new, 121 h.p., high-compression Super-Six engine or the masterful Super-Eight, takes you away with new zip, and outstrips the field with staying power.

But amazingly alive engines aren't the whole story of this star performer for '49. Hudson has a new hug-the-road way of going in cross-winds and on every conceivable kind of highway.

This all happens because—as is widely known—the lower to the ground a car can be built, the more stability it will have. Hudson has the lowest center of gravity in any American stock car!

This remarkable car has floors recessed down within a base frame (Hudson is the only car you step down into), enabling Hudson to build the lowest car on the highway, only five feet from ground to top—while maintaining more than adequate head room!

You sense a delightful conformity to the road the minute you begin to ride, and this gives you a grand feeling of safe well-being! This feeling is further enhanced by the ease with which this car is operated, and by the quiet with which Hudson glides along.

Come in, let us show you why Hudson's great engines and fabulous "step-down" design principle** put this car so far ahead it is a *protected investment* in motor car value!

**The many important advantages in Hudson's new "step-down" design are explained in a booklet available at the nearest Hudson dealer's.

PREVENTION CLINICS

Recent medical advances in the diagnosis and treatment of venereal diseases are the subject of discussion this week and next at three institutes sponsored by the Illinois department of public health.

The first of these meetings was held November 15 and 16 at LaSalle, the second is scheduled for November 18 and 19 at the St. Nicholas hotel in Springfield, while the third will be on November 23 and 24 at Hotel Emerson in Mt.

Vernon. Physicians, nurses, investigators and other persons interested in the control of venereal diseases are invited to attend these meetings, at which efforts will be made to point up the need for general public education in the

prevention of these infections.

Soil classification and mapping based on soil surveys in the field were begun in the U. S. in 1899 by Milton Whitney of the U. S. Department of Agriculture.
