ILLINOIS STATE NEWS

SPRINGFIELD—Only a very few changes in the solemn situation resulted from the municipal elections in Illinois. Shelbyville, in Shelby county, voted to oust saloons and Hercher, in Kankakee county, voted to change from a "dry" to a "wet" town.

ROCK ISLAND—Several indictments charging assault with intent to murder against E. N. Gardner, a socialist editor; Harry McCaskrin, a republican nominee for state's attorney; and Phil H. Weils, a justice of peace, were returned in court by the special grand jury that investigated the recent riot here that resulted in the killing of two and wounding of nine persons.

SPRINGFIELD—The Illinois supreme court entered an order of disbarment against Daniel F. Raum, an attorney of Chicago, who commenced the practice of law there after having served time in the state penitentiary at Joliet for forgery committed while an attorney in Peoria county. He was later paroled, and on July 1, 1910, his sentence was commuted by Governor Deneen and he was restored to citizenship.

SPRINGFIELD—Illinois State Representative Edward H. Green, colored, of Chicago, was discharged by the Illinois civil service commission from the service of the state. Green was a clerk in the office of Chief Grain Inspector W. Scott Cowen in Chicago. Some time before the primary election he was suspended on the ground of alleged political activity in violation of the civil service law.

MOUNT CARMEL—A bitter war in which the loss of life likely will run into the millions, will be declared in the county soon. State authorities have been warning the farmers of the southern part of Illinois that this year will be one of the worst in history for chinch bugs, and have been holding meetings and issuing pamphlets telling how to guard against the pest.

SPRINGFIELD—Being charged with suborning a witness in a trial in the United States district court in Chicago to testify falsely, Hyman Epstein, Chicago attorney, was cited to show in the supreme court why his name should not be stricken from the roll of attorneys. The case was investigated by the Chicago Bar association.

BLOOMINGTON—James Gentleman, a resident of La Salle county was awarded a judgment of \$5,000 against the Chicago drainage district. The plaintiff owns 100 acres of land along the Illinois river. He claimed that the increased flow of the river, due to the entrance of Chicago sewage, inundated his farm.

BLOOMINGTON—Many German Methodists from central Illinois points went to San Jose to assist in dedication of a new church of that denomination. Sermons were delivered by Fred Muns, Cincinnati, and Rev. O. E. Krieger, president of Wesleyan college, Warrenton, Mo. Ten Illinois clergymen assisted.

PANA—The great fear of arrest at stealing his way on a train, caused the death of Walter Mitschil, aged eighteen years, of Newburg, Mo., here when he alighted from a freight train. He was thrown beneath the wheels and ground to pieces. A leg and arm and shoulder were cut off.

M'LEANSBORO—In a primary election contest brought by G. W. Hill before Judge U. H. Webe for the Republican nomination for representative of the Fifty-First senatorial district, Hill won the nomination over Elwood Barker by thirty-two votes.

SPRINGFIELD—The state auditor of public accounts issued a permit to J. F. Shepard, S. S. Boulton and Dorothea M. Gleesing for the organization of "The Normal State Bank" to be located at Normal, McLean county, with a capital stock of \$50,000.

BUREAU—The Golden State Limited train on the Rock Island railroad was boarded at this station by two masked men, who robbed every passenger on the sleeper, "Nottingham," and then pulled the bell rope to signal the engineer to stop.

HARTSBURG—Peter Rodenbeck, who was a merchant of Hartsburg, was found dead in a mysterious manner on the Illinois Central track two miles south of the village. His head was crushed and limbs were severed.

WAVERLY—During the past two months of February and March, A. C. Barnes of Manchester, gathered 1,815 eggs from his flock of sixty-three hens, and in that period eight hens were setting and ten more were broody.

MENDOTA—While he was returning from the Democratic state convention at Peoria John Goedner of this city, fell at the Galesburg station on his left arm and broke it.

THIRTY-FIVE PEOPLE KILLED BY TORNADO

Portions of Illinois and Indiana Are Swept.

Several Villages in the Path of the Storm Suffer Heavy Loss—Destruction at Grant Park, Ill.—Farmers Suffer.

According to the latest advices just received at least thirty-five persons lost their lives in the tornado which swept over central and southern Illinois and northwestern Indiana.

Following is a list of some of the victims: Mrs. Nelson Hulce, Campau, Ill. Her two children are fatally injured; Cassie Smart, Morocco, Ind.; Baby Smart, Morocco, Ind.; Mrs. Charles Rice and four children, Morocco, Ind.; Frank Rice, Morocco; Mrs. Frank Rice, Morocco; Nelson Hulce, Campau, Ill., crushed under a house when it was blown down; daughter of Mr. and Mrs. Hulce; four names not given, reported by Illinois Central railroad, killed at Murphysboro, Ill.; five names not given, killed at Whitesville, Ill.; twelve names not given, killed instantly at Bush, Ill.; three Bush survivors died a few hours later at a hospital in Murphysboro.

Miles of telegraph and telegraph wires were blown down, farmhouses were demolished in the path of the storm and it is probable the death list will be increased when communication is restored with all points over which the tornado passed.

While there is no means of estimating the damage by the storm, it is certain to run into hundreds of thousands of dollars.

At Bush, a village in Williamson county, Ill., the greatest loss of life occurred, fifteen persons having been killed and more than forty injured. Nearly every dwelling in the village was destroyed or damaged.

Forty-one injured persons were taken from Bush to Murphysboro in a special train, the crew of which said only a small portion of the village had been searched and that more dead probably would be found.

Most of the dead were foreigners, who worked in the coal mines near Bush.

At Morocco, Ind., nine persons lost their lives by being crushed in the collapse of their homes.

At Grant Park, Ill., half a dozen persons were injured and damage amounting to more than \$100,000 was done by the tornado.

INVESTIGATION STARTED

J. Bruce Ismay Appears Before the Senate Committee.

J. Bruce Ismay, of the International Mercantile Marine, and the four surviving officers of the Titanic appeared before the United States senate investigating committee at the Waldorf-Astoria to give their version of the marine disaster that, has shocked the entire civilized world.

When asked the circumstances under which he left the boat, Mr. Ismay replied almost in a whisper: "One of the boats was being filled. Officers called out to know if there were any more women to go. There were none. No passengers were on deck. As the boat was being lowered I got into it."

Charges of criminal negligence on the part of Ismay have been freely made following the admission on the stand that it was he who ordered Captain Smith to speed up, even though it was known the ship was in the vicinity of icebergs. Here are some of the facts which have been established:

That the Titanic, under orders from Ismay, principal owner of the White Star line, who, as a passenger aboard his own vessel, fled among the lifeboats that were the first to go, and left many of his passengers and his captain to die, was steaming at a rate of 21 knots (26 miles) an hour.

That Ismay and officers of the vessel knew that the ship was nearing a gigantic ice field.

That the forward watch was not increased.

That 210 of the crew were saved when 85 would have been ample to man all the lifeboats that were aboard.

BRONCHITIS

To Whom It May Concern Bluevale, Ont., May 4, 1910—"I was sick for two years with chronic bronchitis and a consequent run-down condition. I received no benefit from doctors or from a trip which I took for my health, and I had to give up work. Vinol was recommended, and from the second bottle I commenced to improve. I gained in weight and strength, my bronchial trouble disappeared, and I am at work again.

It is the combined action of the curative elements of the cods' livers, aided by the blood-making and strength-creating properties of tonic iron contained in Vinol which makes it so successful in curing bronchitis. Vinol is a constitutional remedy for chronic coughs, colds, bronchitis and pulmonary troubles—not a palliative like cough syrups.

Try Vinol. If you don't think it helps you, we will return your money. S. B. HALL, Druggist, Sullivan, Ill.

**"In A Bad Way."**

Many a Sullivan Reader Will Feel Grateful for This Information.

When your back gives out; Becomes lame, weak or aching; When urinary troubles set in; Your kidneys are "in a bad way." Don't delay—use Doan's Kidney Pills. Here is good evidence of their worth.

Mrs. Alfred Jacob, N. Pine St., Arcola, Ill., says: "Kidney complaint kept me in misery a number of years and as time passed, I gradually grew worse. Last summer I became so bad that I was compelled to give up entirely. I could scarcely drag myself about. The pain seated itself in the small of my back and often radiated throughout my body. My feet and ankles were swollen and my whole body was sore. I felt restless and nervous and at times could hardly draw a long breath. When in that condition, I began using Doan's Kidney Pills and although they did not help me at first, I had confidence in them and continued their use. By the time I had taken the contents of six boxes, I was free from pain. I strongly advise anyone suffering from kidney complaint to give Doan's Kidney Pills a trial.

We wish to call the attention of breeders to the imported Percheron stallion we have recently purchased. He is a dark steel gray of great style and conformation coming four years old, weight 2080 pounds. We would like to speak of his blood lines, but will try to do this later.

Impetueux 79722 will make the season of 1912 at the home place of J. B. Wiley, six miles east of Sullivan, and four miles north-east of Allenville.
