Big Crowd at Arthur.

A great many people from Sullivan attended the Fourth of July celebration in Arthur, last Saturday. There was a big parade in the morning, thirty-five floats and one-half mile long. One float contained fifty-two small girls dressed in red, white and blue representing the state and territorial possessions of the United States.

A program was given at the park and an able address by Frank Wendling, of Shelbyville. A ball game, daylight fire works, an auto parade of seventy-six cars and a band concert at night were other features of amusements.

The crowd in attendance was estimated at 7,000.

Accused of Theft.

Sheriff Funston arrested a young man, Tuesday evening, who gave his name as Judson Sauble. He was accused of breaking into Marsh Herendeen's residence west of Sullivan, and stealing a suit of clothes, a pocket book and a cake. He was eating the cake when arrested and had the pocket book in his possession. The pocket book was a new one that had never been used in which was an identification card on which he had written his name. The clothing has not been found; it is thought he has the clothing and several articles hid.

Largest Crowd Ever Seen In Sullivan—Masons from All Parts of State Assist in Exercises.

The Royal Arch memorial hospital, the only one of the kind in America, located at the Masonic home, two miles east of Sullivan, was dedicated Monday, July 5.

The structure is fireproof, two stories high and basement. The only wood used is in the doors and windows. Brick, tile, concrete and steel were used in the structure.

The building will be furnished with gas, electricity, heat and water from the plant of the Masonic home nearby. The hospital has a forced ventilating system, vacuum cleaning plant, fumigating plant and plant for heating water and burning refuse, electric elevator, inclined planes for wheeling chairs of invalids, well equipped drug room, modern operating room, well equipped, and a morgue in the basement. There are sixty-four beds, a ward with four beds, with shower bath and toilet attached. An electric call system connects with each bed. Red and white lights will be used. There is a well equipped kitchen and dining room, supply room, wareroom, and various other departments.

Fine weather, orderly crowd, good music, good program, and a good cause made the celebration Monday, July 5, the best ever held in Sullivan, a glorious Fourth to be long remembered.

A heavy rain Sunday made it possible for farmers to be here who otherwise would have remained at home and worked in the fields. While the weather was very cool for this time of year, the day was a perfect one, the temperature just what the Masons would have chosen for the day. This was the largest crowd ever congregated in Sullivan. There were no accidents or disorder of any kind to mar the day and everyone enjoyed themselves thoroughly.

When the dedication of the hospital was first mentioned it was estimated that 10,000 people would be in Sullivan, July 5, to witness the ceremony. It was treated as a joke, but the estimate at those figures was low.

Masons, and numbers not lodge members, began coming to Sullivan several days before the Fourth, many taking advantage of the occasion for a homecoming. Several states were represented and almost every home in Sullivan entertained visitors.

Every train coming to Sullivan Monday brought visitors to our city, on the regular trains and extras.

The Wabash had an extra train of fourteen coaches from Decatur carrying between 800 and 850 Masons.

The C. & E. I. brought two extra trains from Chicago of nine coaches each packed with Masons, an extra of seven coaches from Marion and four extra coaches from St. Louis, giving the C. & E. I. twenty-nine extra coaches, besides the regular passenger service crowded with passengers, the majority of whom stopped in Sullivan.

The Illinois Central brought an extra train of seven coaches from Mattoon at noon. A remarkable thing in regard to that train, was that most every one of the crew were Masons and wore aprons and the badge. The four regular trains on the road each carried from two to three extra coaches.

Automobile loads were here from a distance of twenty miles. Masons were here from every extremity of the state.

Several days previous Alderman McClure and a number of willing helpers were busy decorating the town. Saturday evening found the town in gala attire and everything in readiness for the big event.

Over 4,000 Masons formed the line of march to the big ceremonial, Monday. Sir Knight L. A. Mills, of Decatur, was marshal of the day and directed the proceedings in a masterful manner.

The Knights Templar band of Siloam Commandery No. 54, of Chicago, led the procession. Members

of nine different Chapters of Chicago, five Decatur lodges, two Springfield, Sullivan Chapter No. 126, Sullivan A. F. & A. M. No. 764, and different degrees of Masons from Mattoon, Tuscola, Arthur, Naperville, Amboy, Rochelle, Harvey, Hillsboro, Salem, and Gillespie.

The music during the day and in the parade was furnished by the Knights Templar band of Siloam Commandery, of Oak Park, Chicago; a Masonic chorus composed of quartets from Danville and Chicago lodges; a brass band, Springfield; Springfield, Illinois, Watch Factory band, Goodman band, Decatur; Gibbers band, of Mattoon; Sullivan brass band.

Bagpipes of Gillespie, known as the Piper band; the band is made up of sixteen men, nine pipers, six tenor drums and one bass drum. The players wore the regulation Scots kilt and the Stuart plaid.

Reception committees headed by the Sullivan band met the trains and escorted the delegations to the square. The Siloam Commandery band of Chicago, every member a Knight in full regalia and fifty-eight pieces was a beautiful sight, as they led the parade to the home.

The Soldiers' Chorus, sung by combined Masonic quartettes, singers twenty-five in number were called back for another selection. They gave the Anvil Chorus for the second number.

The formal presentation of the new hospital to the grand lodge of Illinois was made by Everett R. Turnbull of Carlinville, the most excellent grand high priest of the grand chapter of Illinois. The speech of acceptance was made by Henry T. Burnap, M. W. G. M. of the Illinois grand lodge. An address was made by H. T. Montgomery, past most excellent high priest, and a response by George M. Moulton, past grand master. The benediction at the close of the ceremonies was by Charles D. Shumard, grand chaplain of the Royal Arch Masons. The Commandery band of Chicago opened the exercises, Goodman's band of Decatur closed them. All the bands joined in playing "March Religioso."

ORDER OF EXERCISES

1. Music. Siloam Commandery band.
2. Prayer. Rev. Jos. C. Wright, A. W. Grand Chaplain, A. F. & A. M.
3. "Soldiers' Chorus." Combined Masonic quartettes.
4. Formal presentation of the Royal Arch Memorial hospital to the Grand Lodge A. F. & A. M. by Comp. Everett R. Turnbull, M. E. Grand High Priest.
5. Acceptance by Henry T. Burnap, M. W. Grand Master.
6. "Anvil Chorus." Combined Masonic quartettes.
7. Address by Comp. H. H. Montgomery, Past M. E. Grand High Priest.

8. Response by Geo. M. Moulton, Past M. W. Grand Master.

9. Benediction by Comp. Charles D. Shumard, R. E. Grand Chaplain R. A. M.

10. Music. Goodman band. Visitors were admitted to the hospital after the ceremony. A souvenir was presented to them as they passed along.

The Grand Royal Arch Chapter of Illinois in 1913 appropriated \$50,000 for the hospital and the grand lodge furnished the remaining \$15,000 which was necessary for the erection of the building. All members of the order of Masons in Illinois are now furnished a home and care.

The approximate value of the grounds and buildings at Sullivan are \$100,000. At the close of the ceremony at the hospital, Ned Swain, of Sullivan, gave the grand lodge 200 acres of land valued at \$40,000 for the support of the hospital.

The deeds are now in escrow and await the meeting of the Grand Chapter of Royal Arch Masons in October to complete the transfer.

The Masons are required to pay Ned Swain \$800 a year as long as he lives. This makes 464 acres in the Masonic Home farm.

Mr. Swain is 60 years of age and not a Mason. He is a brother-in-law of Robert E. Miller, who donated the first farm. Dr. W. P. Davidson, of Sullivan, who has served in an official capacity for the home during the past twenty years, has been placed in charge of the beautiful new hospital.

MEALS PROVIDED.

It was phenomenal that Sullivan could furnish meals for so vast a crowd. The Masons in charge of the program and arrangements in Sullivan, in a systematic manner provided for all. Besides the regular restaurants and lunch counters, others gave meals. Mrs. J. M. David served in the armory and Red Men hall, the 124 bytarian ladies in the Mason's TA. Several stands were on the square. Provisions prepared got low but the women were equal to the occasion and hustled for more. Everyone was fed and no meals for more than 50 cents.

The Band Concert

It may be a very long time before the people of Sullivan and vicinity will have the pleasure of hearing as grand concert music as they did last Monday evening.

The Siloam Commandery band of Chicago, missed the special train that was to carry them to the city, and could do no better than remain here until the midnight passenger train. That their loss was our gain was not disputed. Being a genial good lot of men they cheerfully came back to the square and gave a concert. Their return was greeted by cheers and joyful clapping of hands. They left their music on the train, but gave us a grand concert; if such was their concert without music, it will take a wide stretch of imagination to realize what it might have been with their music.

The proprietor of the Globe theater entertained them at the show.

The big Chicago band and the Sullivan band played alternately. The Sullivan band most assuredly did better than ever before. Although outnumbered the sweet strains of their music following the voluptuous music of the great band had a mildness, a serenity seldom heard. It was evident that the little band of Sullivan was not in the least intimidated but knew they were musicians and evidenced it. Harry Barber's solo hushed the confusion in the crowd. He sings to be heard.

Our boys' band is coming to the front grandly. We are proud of them.

Three cheers for Sullivan!

Company C Won Praises

Monday during the celebration Company C took an active part in meeting the delegations and assisted in clearing the streets, and prevent any interruption in the parade. They were also commissioned to restore any disorder that might occur, but were not needed in that capacity. They were very busy all day. Much of the development of well ordered plans was due to them.

The board of review is at work this week.

OBITUARY

CLARA COLCLASURE

Miss Clara Colclasure died in the office of Dr. R. J. Coultas in Mattoon Thursday afternoon of last week, where she had gone to undergo an operation for the removal of her tonsils. Dr. Coultas, assisted by Dr. J. G. Baker, administered the anesthetic in order that they might perform the operation. The first stages of the anesthetic were stood well but suddenly her heart ceased beating. The doctors then called the pulmotor. Four cans of oxygen were used, but there were no signs of reviving.

The coroner's jury exonerated the doctors from any blame. Dr. Coultas stated at the inquest that the cause of the woman's death was heart paralysis. The coroner's verdict was returned as follows:

"We find that the cause of her death by paralysis of the heart, the cause being unknown to us. We further exonerate Drs. R. J. Coultas and R. J. Baker from all blame for the cause of her death."
Mrs. D. W. Duncan and Mrs. Lucius Harshman accompanied the deceased to Mattoon, Thursday afternoon. The remains were shipped to Sullivan Friday morning and taken to the home of D. W. Duncan. Friday afternoon the remains were shipped to Iola for burial. When the funeral party got there and learned it was eighteen miles to the cemetery in the country, and the place neglected, the body was returned to Sullivan and buried in Greenhill cemetery Sunday.

Clara Adell Colclasure was born near Iola, Illinois, June 30, 1883, and died at Mattoon, July 1, 1915, at the age of 32 years and one day.

She was the daughter of William and Sarah Ellen Colclasure. Besides her mother she leaves one sister, two brothers, two half sisters and three half brothers and a host of other relatives and friends to mourn her loss. She will be especially missed among her friends at Sullivan, where she had made her home for the past fifteen years. She was of an agreeable disposition, always preferring others to herself. She was a true friend of the gospel and defended it at every opportunity. Although we miss her very much we feel like saying with Charles Wesley:

Why should we weep for a sister deceased,
Our loss is her infinite gain;
A soul out of prison released
And free from it's bodily chain.
With songs let us follow her flight,
And mount with her spirit above,
Escaped to the mansions of light
And lodged in the Eden of Love,

The Fireworks.

At 9 p. m. the fireworks started. Many beautiful pieces were shown. These aerial demonstrations lasted for an hour. The fireworks were a surprise to many as they were not expected.

Resolutions Adopted.

Resolutions adopted at the Moultrie county Sunday school convention.

We, your committee on resolutions, submit the following:

Be it resolved, that we delegates and visitors of this convention, join heartily in a vote of thanks to the M. E. church of Sullivan its consecrated pastor, J. F. Wohlfarth, D. D., to the worthy women of this congregation who have worked with such excellent system for our entertainment, to Hall's orchestra and Sullivan orchestra for their excellent music, to Mrs. Oscar Roney, and Harry Barber for their splendid solos, to Charles E. M. Schenck and Hugh Cork for their faithful lives and service for us in this convention and for all who have taken part in making this convention a good one.

Be it further resolved that a copy of these resolutions be inserted in the several county papers.

Signed, Rev. E. F. MEIR

Letter of Commendation.

Carlinville, Ill., July 6th, 1915
Captain C. F. McClure, Sullivan, Ill., Dear Sir:—

I wish to express to you and the members of your company my sincere thanks for the splendid services rendered on July 5th in keeping the streets cleared for the parade and assisting in controlling the crowd. I would like to write you the many complimentary remarks made by the Grand Chapter officers and many others but it would take too much time to write it all. Be assured we deeply appreciate your services.

Sincerely Yours,
E. R. TURNBULL.

U. S. URGED TO ACT IN MEXICAN CRISIS

IF RELIEF COMES AT ALL IT MUST COME WITHIN ONE MONTH

TERRIBLE CONDITION IN SIGHT

Carranza's Army Said to Be Within 10 Miles of Capital—Brazilian Minister Warns All Foreigners Must Be Protected.

Washington.—Urgent suggestions that the United States wait no longer than another month before taking some decisive action to restore law and order in Mexico have been forwarded to the State Department by several American consular officers in the northern part of the republic. Threatened famine and the inability of the contending military factions to restore peace and establish a government that could be recognized by the United States are dwelt upon by the consular officers.

Conditions more serious than even troubled Mexico has seen before are predicted unless the United States lends a hand quickly. Recognition of some element which may set up a strong government, with the moral support of the United States, is the solution usually urged.

Carranza Near Capital. Meager dispatches reaching the State Department from Vera Cruz said Carranza's army, estimated at 25,000 men, had pressed its fight for possession of Mexico City within ten miles of the capital. Apparently the investing forces had advanced eleven miles against the Zapata defenders in two days.

BOY STEALS GEMS FOR THIEF

Youth, 7, "Playing" Behind Counter, Takes Jewels from Philadelphia Store in Rush Hours.

Philadelphia, Pennsylvania.—Uncut diamonds and other precious stones, valued at \$10,000, were stolen from the jewelry store of E. J. Hertz, located in the central shopping district. The theft took place during the rush hours and is believed to have been committed by a 7-year-old boy, who acted as a tool for professional gem thieves.

Hertz told the detectives that a woman, two men and a small boy came into the store and asked to see some diamonds and sapphires. While the men and women were looking at the stones, he said, the boy, who carried an umbrella, ran back and forth behind the counter.

The prospective customers finally decided that none of the gems was "exactly what they wanted" and purchased a cheap scarfpin. Meanwhile the boy had disappeared and an hour later a box containing the gems was found to be missing.

The authorities believe the boy concealed the box in his umbrella and slipped out of the store unnoticed.

Danville Saloon Men Sued

Danville, Ill.—Informations were filed against three saloon keepers, their bondsmen and owners of buildings they occupy, charging them with operating without licenses. Mayor Lewman has refused to interfere with saloons which have operated since May 1, when the dry majority in the city council refused to issue licenses.

SPEAKER STUCK ON THE BAR

And Comment of Irreverent Auditor Did Not Tend to Make Situation Any Easier.

A Hram correspondent says that the news department refuses to report a speech recently delivered in his town, and he appeals to us to give it a place in our columns. We'll go just this far:

He was quoting tenderly Tennyson's beautiful poem, "Crossing the Bar," and he got one of the lines this way: "And may there be no barring of the moan, when I put out to sea." One of his hearers put in: "There won't be, if your friends know that you sail under the British flag." "That isn't what I meant to say," replied the speaker in confusion. "I should have said: "And may there be no marring of the bone, when I put out to sea." "There won't be if you're careful to jump free of the propeller," chuckled his irreverent auditor. And the speaker gave up.—Cleveland Plain Dealer.

Oh, Well. Ahacon—I don't believe in a fellow finding you of a kindness he's done for you. Do you? Egbert—No, I do not. "Well, a fellow loaned me an umbrella a month ago, and he reminded me of it today."

At a concert a young fellow got into conversation with the man sitting next to him. Presently a very pretty girl came on to sing.

"I say, isn't she lovely?" exclaimed the impressionable youth. "And just look at her splendid teeth!"

"Yes, they are very nice," replied his neighbor. "And it gives me much pleasure to hear you praise them."

"That so? Is she your daughter, then?"

"No." "Are you her brother?" "No," was the answer; "but I'm glad you like her teeth."

"They're absolutely perfect. But—er—I should—er—what's it got to do with you?"

"I'm the dentist that made them. Perhaps I can do the same little job for you?"

Childhood in Boston. A New Yorker who recently returned from a visit to Boston vouches for the truth of the following, says the Youth's Companion: One afternoon he found the six-year-old son of his host settled in front of the drawing-room fire with a sheet of paper before him and a pencil clasped in his chubby fist. Stealing a look over the boy's shoulder he saw that the little fellow was making pictures.

"Well, Bobby," he asked genially, "are you drawing an engine?" "Slowly the child looked up, and slowly he spoke: "It would take a very strong boy to draw an engine; but I am making a picture of a locomotive."

All a Part of Beauty. "What's the use of discussing the question as to how 'homely girls' may secure husbands," said an observant Broadwayite as he watched the matinee crowd. "There are no homely girls in this city. You may see plenty that you think are homely, but do not feel sorry for them—they don't think so. There is not a woman who in her heart does not feel that she looks well. I know a young lady who is distressingly cross-eyed. One day I expressed sympathy for her. 'Don't pity her,' exclaimed another woman. 'She likes her eyes. She believes they are her chief beauty. Think they make her look cute.' And so it is with all women. Their blemishes are regarded as aids to beauty. There is a well-known actress who has a large pale brown mole on one of her cheeks. It is nearly as large as a dime. Do you think she regards it as a blemish? Not at all; she likes it and has suits made to match it in color."

Deadly Insult. "Well," said Higgins, inspecting Walloper's new automobile, "there's one good thing about it—it will never turn turtle."

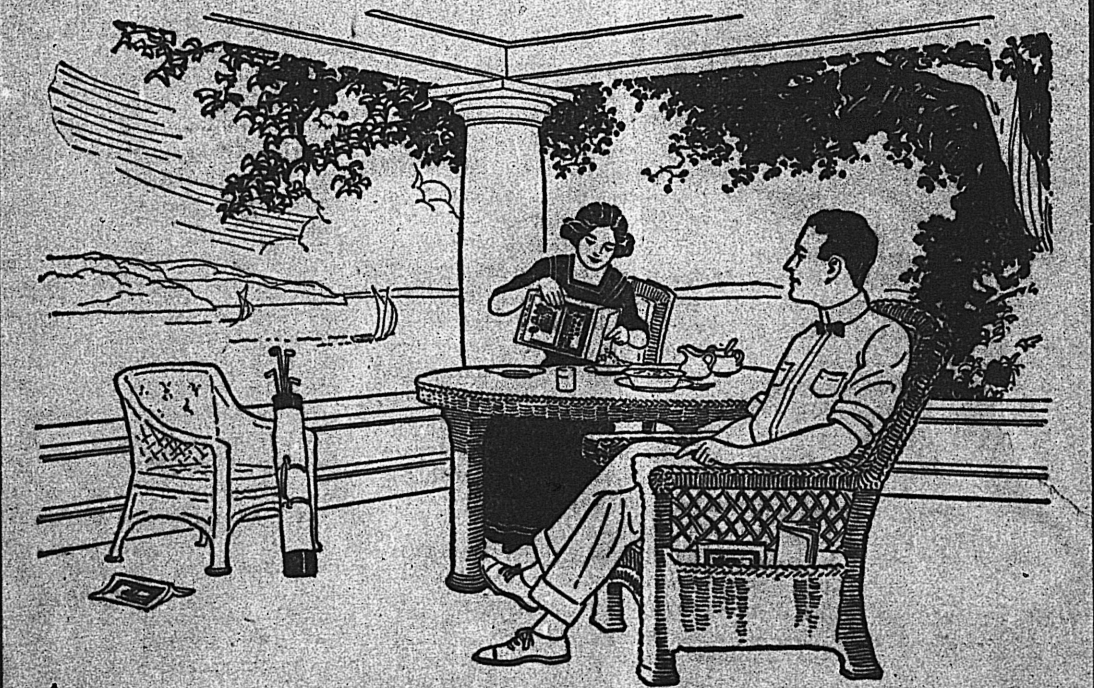

"How do you figure that out?" asked Walloper, puzzled. "Oh, it just couldn't," replied Higgins. "It might turn mock-turtle, but—"

It was five minutes later that the police had to intervene.

No, indeed! "I'm afraid Jones is living beyond his income."

LEGISLATORS' PAY WILL BE INCREASED

Bill Signed by Governor Raises Salary to \$3,500.

DUNNE ISSUES STATEMENT

Salary Increase, According to the Chief Executive, Will Raise the Standard of Lawmakers in Illinois.

Springfield.—Taking the broad ground that a \$3,500-legislator will be in a position to give the state of Illinois a more efficient service than one who is compelled to foot campaign bills, pay expenses and spend many weeks here and otherwise be a competent legislator on \$2,000 per biennial, Governor Dunne signed the bill which raises members' salaries to \$3,500.

The raise will apply to members elected in 1916 and thereafter. In signing the bill, the governor issued an exhaustive statement in which he delineates his reasons for believing the bill to be a good one.

The governor's statement follows: "I have approved House Bill No. 386, being an act which raises the compensation of the members of the general assembly to be elected in the year 1916 and thereafter, from \$2,000 to \$3,500 for the term for which they are elected, to wit: For the term of two years.

"In signing this bill I believe that I am actuated solely in so doing by the public interest, and that the laws will redound to the public benefit. At the present time the salary of the members of the legislature is \$2,000 for the term for which they are elected, or \$1,000 per year.

"I am reliably informed that since the enactment of the direct primary it costs members of the legislature from \$500 to \$1,000, and sometimes more in all contested candidacies. Most of these expenses are incurred from advertising, printing, lithographs, hiring of halls, music, etc., which are entirely legitimate expenses in exploiting candidate's claim for popular support.

"In some few cases where candidates are unopposed the expenses of election may not be to exceed \$500, but these cases are the exception. I think that I am safe in declaring that the average legitimate expenses of a candidate for member of the legislature is \$750. After the election he is compelled to attend at least one session of the legislature, which, judging by the last three sessions of the legislature, lasts close to six months.

"In attendance at these sessions of the legislature the member is compelled to live in Springfield at least four days out of every week. Five days a week he must spend away from home, either in Springfield, or going from or coming to Springfield. The cost of living in Springfield to the ordinary legislator must average at least \$5 a day. His living expenses in Springfield, and his railroad fare to Springfield and return must cost him on the average about \$20 a week.

"An attendance of 24 weeks, such as occurred during the sessions of 1913 and 1915, at \$30 a week, would amount to \$720. Adding this \$720 to the \$750 average expense of election would make each member of the legislature expend legitimately and fairly in securing his election and living in Springfield in the neighborhood of \$1,500, leaving to the legislator as his compensation for the two-year term a bare \$500 or \$250 a year. This is the situation at the present time.

"It leaves the legislator with such spare compensation a prey to the wiles and artifices of the professional lobbyist, ever at hand to cajole and corrupt the weak and unwary representative of the people. Such inadequate compensation in the past has been conducive to weakness on the part of the legislator, if not to corruption. Men in public life should not be exposed to the temptation produced by such a situation.

"The members of the legislature are charged with the performance of one of the most responsible duties of public life, to wit: The making of the laws of a great state, which affect the lives, liberty, welfare and happiness of the whole community.

"The compensation paid to the men who are called upon to perform these tremendous duties should be commensurate with the importance of these duties. The raising of the compensation of the members of the general assembly to a decent figure, in my judgment, will inevitably result in enabling the members of the legislature to resist the wiles of the tempter, and to induce men of character who must and can live upon a decent wage to become candidates for these important offices."

Crop Report is Issued.

With oats 38 per cent better the last month than in June of 1914, and with winter wheat averaging 90 per cent of normal throughout the state, Illinois crops at present assume a condition which forebodes prosperous harvests.

Conditions on June 20, as compiled in the office of the state board of agriculture, were announced by Secretary B. M. Davison of the board as follows:

Corn.—A slight increase in the area planted to corn for the 1915 crop is reported. In the northern and southern divisions of the state the area is 101 per cent as compared with last year, and 100 per cent in central Illinois.

The June 20th condition of corn is 81 per cent of normal in northern and southern Illinois, and 89 per cent in central Illinois, a state average of 84 per cent. Corn has made slow growth, owing to cool weather and excessive rainfall. Several counties in the northern division report damage to corn from cut, wire and grub worms, and a dozen counties in the state report a few chinch bugs still with them.

Winter Wheat.—The June 20th condition of winter wheat in northern Illinois was 100 per cent of normal, in central Illinois 95 per cent, in southern Illinois 76 per cent, a state average of 90 per cent. Hessian fly is reported from nearly every county in the central and southern divisions of the state.

Rye.—The condition of rye on June 20th was 94 per cent of normal, being 96 per cent in northern Illinois, 97 per cent in central Illinois and 89 per cent in the southern division of the state.

Meadows.—There is a decrease of five per cent in the area of meadows as compared with 1914. The June 20th condition was 90 per cent of normal, which is 26 points better than their condition of a year ago.

Alfalfa.—The condition of alfalfa in northern Illinois on June 20th was 100 per cent of normal, in central Illinois 97 per cent.

To Enlarge School at Fair.

Owing to the large increase in the number of applicants to the Boys' State Fair school, at a meeting held in the office of State Superintendent of Public Instruction F. G. Blair, it was decided to increase the representation so that more youths may attend. J. C. Hanna was elected principal of the school of 1915, to succeed F. D. Thomson, resigned. Prof. A. W. Nolan and Prof. A. E. Gilpin were elected assistant principals.

The matter of feeding the hundreds of boys who will attend the state fair school of 1915 was referred to a committee consisting of Col. Charles F. ... and Edgar C. Pruitt, county superintendent of schools. Other things being equal, the members of the commission favored the letting of the contract for feeding the boys to some Springfield church.

The printing of the announcement for the school of 1915 was referred to a committee consisting of Colonel Mills, Edgar Pruitt and Hon. B. M. Davidson, secretary of the Illinois state fair.

Adj. Gen. Frank Dickson was invited by the commission to take charge of the military features of the camp and to arrange the same as heretofore. The camp life is much enjoyed by the boys and praise has always been accorded General Dickson for his arrangement of the camp.

The course of study will be enlarged for the school of 1915, and a number of new features added.

Hon. Francis G. Blair, the state superintendent of public instruction and the president of the commission in charge of the school, speaks of this educational agency as follows:

"It was founded and originally intended to be educational in its character. There is no doubt that it has been and is now one of the greatest educational factors along agricultural and manufacturing lines in the state. But it has never made a distinct effort to use these exhibits for instructional purposes. The establishment of the Boys' State Fair school was the first distinct move toward recognizing the larger educational value of the exhibits gathered upon the state fair grounds. The social element involved in this school cannot be overlooked. The boys are selected, one-half from the country and one-half from the city. Here these boys, reared under vastly different circumstances, meet and mingle for one week under most unusual circumstances. A common interest brings them quickly together, shoulder to shoulder they march, side by side they work. A better understanding between the boys from Cook county and the boys from Calhoun county is established. They get a better measure one of the other. Lasting friendships are formed. No one can tell what this bringing together of 300 young men representing every county in the state will mean to the future of the state. The great danger is always a lack of understanding and a lack of appreciation on the part of the people who live and work in one field of those who live and work in another."

Vetoes Movie Censorship.

The motion picture censorship has been vetoed by Governor Dunne. The veto was decided upon by the governor before he left Springfield for Chicago and was announced by his secretary, William L. Sullivan. The bill provided for the appointment of a board of censors to censor all pictures shown in the state. Strong opposition was made to the bill by Chicago city authorities, on the ground that it would result in the abolition of the Chicago censorship board, without giving adequate censorship.

LITTLE ONE PROUD OF DADDY

Hardly Willing to Admit That There Could Be Anyone Prettier Than He Was.

The Warrenpeas live in a picture-book bungalow, framed in oak trees, shrubbery and flowers, and as Warrenpea's income is adequate, and likely to be more so, they go about a bit in a social way.

Mulligan, their chauffeur, had been directed to steer the gasoline boat under the side porch at precisely 7:50. The engine was buzzing as Warrenpea descended the stairs from the owner's chamber, a fine figure of a man in evening clothes, immaculate to the tips of his shoes.

Little Barbara, not quite three, was being prepared for her crib. Generally to this time had been deprived of observing how well her good-looking dad carries after-dinner garb.

She was visibly impressed. "Daddy, you are the very prettiest man I ever saw," she confided, snuggling into his arms for the good-night kiss, "I think you're the prettiest man they is."

"Toodlekins, you're a flatterer," he admitted, though not displeased by her appraisal. "Surely not the handsomest in the world?"

"Well, daddy," she replied, as one who desires to be just above all else, "I haven't seen God yet."

Taking Him Down a Little.

An effeminate, self-opinionated young man entered a restaurant the other day, and after he had ordered lunch the waitress, who was well known for her obliging disposition and ready wit, handed him a newspaper so that he might profitably while away the few minutes that would elapse before he was served.

"Thank you, Josephine," he said, familiarly, "but prefer something funny to look at while I am eating."

The waitress looked at him contemptuously, then replied: "That need occasion you no inconvenience, Percy; there's a looking-glass straight in front of you!"

A Spinster's Warning.

She may have had experience in matrimony from what she said, but to all outward appearances she was a spinster. She had been sitting in the courtroom of a justice of the peace while he was preparing to marry a couple in his private office. There was too much laughing in the office to suit the spinster, and she let everybody know it.

Finally she had stood the laughing of the bride-to-be long enough, she thought, and she squeaked the following in a high-pitched voice:

"Marriage is not to be laughed at. It is a serious thing like going to church."—Indianapolis News.

Outlawed.

"How about paying me for that suit I made for you two years ago?" asked the tailor. "You surely can't expect me to pay for that suit," said the impecunious young man. "Why, it's all out of style."

No Limit.

"How many pancakes do you suppose you could eat at a sitting?" inquired Uncle George, as he watched his little nephew stowing them away. "I don't know," said the boy. "The most I ever had a chance to eat was twenty-four. Ma won't let me try for a record."

Nothing New.

"My doctor is a great believer in apples. He's forever advising people to eat them."

"Nothing original about that. The serpent in Eden did the same thing centuries ago."

There was silence for a minute or two, then a small boy was seen waving his hand aloft, eager to reply.

"Well, Tommy?" asked the teacher. "Mischief," he announced proudly.

Canadian Wheat to Feed the World

160 ACRE FARMS IN WESTERN CANADA FREE

The war's fearful devastation of European crops has caused an unusual demand for grain from the American Continent. The people of the world must be fed and there is an unusual demand for Canadian wheat. Canada's invitation to every industrious American is therefore especially attractive. She wants farmers to make money and happy, prosperous homes for themselves while helping her to raise immense wheat crops.

You can get a Homestead of 160 acres FREE and other lands can be bought at remarkably low prices. Think of the money you can make with wheat at its present high prices, where for some time it is liable to continue. During many years Canadian wheat fields have averaged 20 bushels to the acre—many yields as high as 45 bushels to the acre. Wonderful crops also of Oats, Barley and Flax.

Mixed farming is fully as profitable an industry as grain raising. The excellent grasses, full of nutrition, are the only food required either for beef or dairy purposes. Good schools, markets convenient, climate excellent.

Military service is not compulsory in Canada. There is no conscription and no war tax on lands.

Bids Asked For

A notice over the mail delivery window in the post office as to bids on a lease of a building for a postoffice in Sullivan. The requirements are named thereon. One of the requirements is 3000 feet of floor space. The lease at the present site has four years to run. When Mr. Steele furnished the present office, it was looked upon with pride and was considered adequate for the purpose. Mr. Steele remedied conditions that were complained of and no doubt will do more willingly, but if the size is taken into consideration it cannot be accommodated on the square. The bids close July 10. In all probability next week we can give more definite news.

\$10,000 Gift

James J. Wiley, a prominent wealthy citizen of Sullivan, made a conditional gift of \$10,000 to the Macon County hospital in Decatur Friday. The conditions are that Mr. Wiley's wife who has been in St. Mary's hospital, Decatur, be given care in the new institution as long as she lives, and that he himself, be given the privilege to use the hospital free, in case he needs medical attention. Mr. Wiley gave his note for \$10,000. It has not been accepted yet, but there is not the slightest doubt but the board of directors will accept it.

Second Class Postoffice

The Sullivan postoffice has been raised to a second class office beginning July 1st. Mrs. Edith Austin and Howard Wood are retained as clerks, holding their positions under civil service at a raise in salary. Postmaster Swisher has had his salary increased. The carriers also get an increase in salary.

Gays

Mrs. Charley Carlyle is seriously ill. Henry Drake is having his house remodeled. Sam Fortner and family visited in Shelbyville Monday. Artie Kimbrough visited last week with Jessie Armantrout. N'za and Olive Bowman are visiting at Fred Bowman's in Mattoon. Robert Angel, who has been sick for sometime, is not much improved. Miss Edna Waggoner was home from Charleston Normal over Sunday. The three Sunday schools of Gays held a union picnic in Hortenstine's grove Saturday. Miss Florence Mattox is delegate from the Union Endeavor Society of Gays to the World's convention of Endeavorers at Chicago. The dedication of the Masonic hospital, last Monday, was a great event for Moultrie county. Those attending from Gays and vicinity were: E. C. Harrison and wife, H. L. Harrison, J. N. Armantrout, Nate Hortenstine, Conn Hortenstine, J. S. Hortenstine and Robert Butler. We would like for all those who will take a part in the exercises in any way at the Old People's Home Coming and Picnic, Aug. 21, to send your name and the nature of your subject to E. C. Harrison, president, right away so you can go on the program, as the time is growing short. We earnestly solicit your aid and let us make this the best day we have ever had. Time will be open for you until July 28. Come on now. E. C. HARRISON, President.

Italy may fairly claim to be senior among the nations of Europe, so far as its name is concerned. The peninsula has been "Italia" almost as far back as even legend reaches. According to Mommsen the "Itali" proper were the inhabitants of the southern part of the country...

IMPROVING THE NOON HOUR

As a general thing, builders have some leisure time every noon after the more or less full dinner pail has been disposed of. There are probably as many different ways of using this spare time as there are carpenters and builders working. Some ways don't amount to much, while others work out better than a college education for the ambitious builder...

IF A WOMAN IS 30 YEARS OLD AND HAS A BABY FACE SHE'S A THOUSAND YEARS OLD BY NATURE

It is a woman who is 30 years old and has a baby face she's a thousand years old by nature. A tender-hearted woman could not live to be even 30 and not show signs of what her pity and sympathy and unselfishness have caused her.

READING HISTORY

He who reads history learns to distinguish what is local from what is universal; what is transitory from what is eternal; to discriminate between exceptions and rules; to trace the operation of disturbing causes; to separate the general principles, which are always true and everywhere applicable from the accidental circumstances with which in every community they are blended, and with which, in an isolated community they are confounded by the most philosophical mind. Hence it is that in generalization the writers of modern times have far surpassed those of antiquity.—Macaulay.

A STAR LEGEND

Ursa Major, the Greater Bear, as the constellation has been known in widely separated parts of the world, has many interesting stories connected with it. One recently brought to light is the Indian legend of the bear and the hunters. As pictured by the red men, the bowl of the Dipper is the bear and the stars in the handle are some of the hunters in pursuit. In the spring the bear comes out of the den in the hills and the chase begins. All summer it continues until at last in the autumn the bear is wounded and falls so close to the earth that its body drags along the horizon, finding the leaves with its blood soon after sunset. Throughout the early hours of the winter evening the dead bear is seen beneath the pole by the imaginative red men of the North.—Southern Woman's Magazine.
