ANNOUNCEMENT.

We are authorized to announce the name of WILLIAM MENEFEE as a candidate for Sheriff at the November election, subject to the Democratic County Convention.

DEMOCRATIC PLATFORM.

Resolved, That we, the Democracy of the Union, in Convention assembled, hereby declare our affirmance of the resolutions unanimously adopted and declared as a platform of principles by the Democratic Convention in Cincinnati, in the year 1856, believing that Democratic principles are unchangeable in their nature, when applied to the same subject matters; and we recommend as the only further resolutions, the following:

Resolved, That it is the duty of the United States to afford ample and complete protection to all its citizens, whether native or foreign.

Resolved, That one of the necessities of the age, in a military, commercial, and postal point of view, is a speedy communication between the Atlantic and Pacific States; and the Democratic party pledge such constitutional government aid as will insure the construction of a railroad to the Pacific coast at the earliest practicable period.

Resolved, That the Democratic party are in favor of the acquisition of the Island of Cuba, on such terms as shall be honorable to ourselves and just to Spain.

Resolved, That the enactments of State Legislatures to deprive the faithful execution of the Fugitive Slave Law, are hostile in character, subversive of the Constitution, and revolutionary in their spirit.

Resolved, That it is in accordance with the true interpretation of the Cincinnati platform, that during the existence of the Territorial Government, the measure of restriction, whatever it may be, imposed by the Federal Constitution on the power of the Territorial Legislature over the subject of the domestic relations, as the same has been or shall hereafter be finally determined by the Supreme Court of the United States, should be respected by all good citizens, and enforced with promptness and fidelity by every branch of the General Government.

There will be a discussion on the political questions of the day, at Sullivan, on the 15th of September, between Anthony Thornton and Leonard Sweet. Let everybody come.

Godey's Lady's Book for September is received. It is perfect in every particular.

Particular Notice.

The following is the Democratic platform as adopted in Cincinnati, in 1856, the central principle being taken as the basis. The different resolutions will be entitled to the following number of delegates: Dem. vote. No. Del.

Table with 2 columns: Name, Delegates. Includes Sullivan (503), Lovington (109), Whitley Creek (70), Narrowbone (25), Lake Fork (18).

The committee did not have the vote by precincts last week when the call was made.

Believing that the decision made by the people in the present political contest depends upon their knowing the facts as they exist on the issues, we think it would be well to devise some plan by which the real issues could be made known, inasmuch as prejudice has closed the ears of many honest men, and so they are kept from "knowledge of the truth." The Republican party has announced through its leaders, that the real issue is the power of Congress to prohibit slavery in the Territories of the United States. We readily join issue with them even on that, although it is not the real issue, but a consideration of the issue, which is slavery. The only proof we wish to offer at present is the Republican Platform as adopted at Chicago, May 16th, 1860, which may be found elsewhere in to-day's paper. We direct the attention of the reader more particularly to the 5th article.

North Carolina.

The Democrats have achieved another glorious victory in old North Carolina. Their candidate for governor, Ellis, will have some 8000 or 10,000 majority over Pool, opposition. Ellis is a Popular Sovereignty Democrat and has no sympathy with that faction of interventionists in the South, which receives so much sympathy from the republicans of the north. The "old north State" will certainly vote for Douglas.

Remember the 23d!

Bring your baskets full of something to eat, as that is the surest way in all cases. Don't depend on "Uncle Jimmy's" beef, or you'll be disappointed, as was the case at Mattoon last week, where there wasn't much more than enough to feed the women.

The Democratic State Committee in Connecticut have called a State convention, to meet at Hartford the 29th inst. They append to the call the following recommendation:

"The undersigned respectfully recommend harmony and continuation on the part of the Democratic Electors and their Representatives, in order that the efficiency and complete union of the Democratic party in this State may be sustained, not only in the present canvass, but in future State elections and local political contests."

The New York World says that the Silver Gray Whigs of Maine will vote for Douglas. Both candidates for Governor are stumping the State, and the papers have nearly all declared for either Douglas or Lincoln. Neither Bell nor Breckinridge will be in the field at all.

The Douglas State convention which met in Nashville, Tennessee, week before last, was large and enthusiastic, a full electoral ticket was put in nomination.

The Hon. Jere Clemens, writing from Huntsville, Alabama, to the Memphis "Enquirer" says: "Placing so great reliance upon reports I hear from all parts of the State, and judging only from the feelings manifested in this stronghold of the Democracy, I tell you with entire confidence that you may set down this State as lost to Breckinridge. He could not carry the State to-day, and will grow weaker from this time until November."

At a large and enthusiastic meeting of the Democracy of Camden, Maine, on Saturday, July 14, no less than nineteen influential gentlemen who have heretofore sided with the Republican party, came out and declared for Douglas and Johnson, and the Union.

Manliness of Senator Douglas—His Rhode Island Speech.

In his late speech at the Rhode Island Clam bake, Senator Douglas said:

"I am reminded every day that it is extremely imprudent for a Presidential candidate to make speeches without their being carefully written, and allowing the reporters to take them down and spread them broadcast to the world, for I might make enemies by it. If my object was to get the Presidency by any means, rather than to vindicate the truth, perhaps I would be willing to play mammy and put a padlock on my lips for fear I might utter an honest sentiment and lose a vote by it."

[Applause.] I would scorn to receive any votes under false pretenses. I am asked why I do not advise my friends to make a Union ticket with the Secessionists. Why don't you make "fire and water mix"? A Union ticket between the interventionists and the non-interventionists! Never on earth! [Good, good.] I am willing to act with all men who agree with me in principle against all men who are in favor of disturbing the peace and harmony of this country—thrusting this negro question into the Congress of the United States.

The above remarks are worthy of the high-toned, bold and independent statesman, and they will meet the approval of the people who admire manliness and courage.

The Abolition Plot in Texas.

We extract the following from a letter to the Houston Telegraph, from Dallas, giving further particulars of the extensive Abolition plot discovered there a few days ago, some account of which we have already given:

"The 'out houses,' granaries, oats and grain of Mr. Crill Miller were destroyed a few days after the destruction of Dallas. This led to the arrest of some white men, whose innocence, however, was proved beyond a doubt. Several negroes belonging to Mr. Miller were taken up and examined, and developments of the most startling character elicited. A plot to destroy the country was revealed, and every circumstance, even to the minutiae, detailed. Nearly or quite a hundred negroes had been arrested, and upon a close examination, separate and apart from each other, they deplored to the existence of a plot of conspiracy to lay waste the country by fire and assassination, to impoverish the land by the destruction of the provisions, the arms and ammunition, and then, when in a state of helplessness, a general revolt of the negroes was to begin on the first Monday in August, the day of election for state officers. This conspiracy is aided and abetted by Abolition emissaries from the North, and by those in our midst."

"The details of the plot and its modus operandi are these: Each county in Northern Texas has a supervisor in the person of a white man, whose name is not given; each county is laid off into districts under the sub-agents of this villain, who control the action of the negroes in the districts, by whom the firing was to be done. Many of our most prominent citizens were singled out for assassination whenever they made their escape from their burning houses. Negroes never before suspected, are implicated, and the insurrectionary is widespread to an extent truly alarming. In some places the plan was conceived in every firm shocking to the mind, and frightful in its results. Poisoning was to be added, the old females to be slaughtered along with the men, and the young and handsome to be parceled out among these infamous scoundrels. They had even gone so far as to designate their choice, and certain ladies had already been selected as the victims of these misguided monsters. Fortunately, the country has been saved from the accomplishment of these horrors; but then, a fearful duty remains for us. The negroes have been incited to these infernal proceedings by Abolitionists, and the emissaries of certain preachers who were expelled from this county last year. Their agents have been busy among us, and many of them have been in our midst. Some of them have been identified, and have fled from the country; others still remain, to receive a fearful accountability from an outraged and infuriated people. Nearly one hundred negroes have testified that a large reinforcement of Abolitionists are expected on the 1st of August, and these to be aided by recruits from the Indians, while the Rangers are several hundred miles to the north of us. It was desired to destroy Dallas, in order that the arms and ammunition of the artillery company might share the same fate."

"Our jail is filled with the wains, many of whom will be hung, and that very soon. A man was found hung at the neighboring city of Fort Worth, two days ago, believed to be one of these scoundrels engaged in this plot. We learn that he had stored away a number of muskets, and the day he was hung, a load of six-shooters passed on to him, but were intercepted. He was betrayed by one of the gang, and hence his plans were thwarted. Many others will share his fate. I have never witnessed such times. We are most profoundly excited. We go armed day and night, and know not what we shall be called upon to do."

The Galveston News, of the 25th, furnishes further particulars, as follows:

"We learn from a gentleman, a resident of Ellis county, who left Waxahatchie on Monday last, and arrived this morning, some further details of the result of the discovery of the Abolition plot, that was to sweep over Northern Texas with the incendiary's torch and the murderer's weapon."

"In Dallas and Ellis counties, committees, composed of the coolest and steadiest and most respectable citizens were appointed, and were at work all last week to investigate the whole affair. No one but those immediately interested know who compose the committees, nor where or when they meet, or what they are doing. Their chief object is to ascertain what whites are at the bottom of the plot. No one else interferes in the investigation."

"In Ellis, the County Court have organized patrols on an extensive and well managed system."

"The negroes' confessions—made apart and at great distances—concur in the leading points, and all aver white men originated the plot and directed their movements."

"They promised the negroes their liberty and their masters' goods, etc., and to lead them to Kansas; the negroes were told also, that the next President would be a Northern man, who would free them all."

"The negroes concerned in Ellis county were principally of mature age, and those allowed by their owners a good deal of liberty. The wrong ones were not allowed to participate in the plot; and many were not trusted with the secret at all. The incident was to burn all the stores where arms and ammunition were kept, and an election day—the 6th of August, when the citizens were away from their farms and houses—the negroes were to rise, seize on all the arms, and, headed by their white leaders, to attack the houses here and there, murder defenceless women, burn and destroy, and finally, it is presumed, march off in a body toward Kansas."

"Waxahatchie was to have been set fire to on the 8th—the same day Dallas, and so many other places, were."—New Orleans Delta, 30th.

C. L. Borshmere by 180.

The vote for Governor: H. J. Jackson 275, Gardinshis 6275, C. F. Jackson 9761. Or 22457. The Republicans figure Collins' majority in the 2d district at 5000. The returns from counties come in slowly—not half heard from yet.

Louisville, Ky., Aug. 10.

Sixty four counties, mostly complete, give Combs a majority of 25,216.

From Pike's Peak.

St. Joseph, August 11. Denver City news to August 4e says the trial of Carl Wood, for attempting to kill Byers, editor of the "Rocky Mountain News," closed Thursday. The jury stood 1 for and 11 against acquittal. The case was then referred to the people, who voted to send him out of D. v. e. e. Comparatively few citizens were present, the crowd being principally made up of Wood's friends. He was escorted to the edge of town by 25 men, and thence by several miles by his gambling friends. The result of the trial was altogether unexpected to the community, and has caused great indignation. Mining news is unimportant. No rich leads have been opened lately. Many are leaving daily for the States. The last express from Denver City brought 10,000 gold bars.

Republican Platform
Adopted by the Chicago Convention,
May 18th, 1860.

Resolved: That we, the delegated representatives of the Republican Electors of the United States, in Congress assembled, in the discharge of the duty we owe to our constituents and country, unite in the following declarations:

1st. That the history of the nation, during the last four years, has fully established the propriety and necessity of the organization and perpetuation of the Republican party, and that the causes which called it into existence are permanent in their nature, and now, more than ever before, demand its peaceful and constitutional triumph.

2nd. That the maintenance of the principles promulgated in the Declaration of Independence, and embodied in the Federal Constitution, is essential to the preservation of our republican institutions; that the Federal Constitution, the rights of the States, and the Union of the States, must and shall be preserved; and that we reassert these truths to be self-evident, that all men are created equal; that they are endowed by their Creator with certain inalienable rights; that among these are life, liberty, and the pursuit of happiness. That to secure these rights, governments are instituted among men, deriving their just powers from the consent of the governed.

3d. That to the Union of the States this nation owes its unprecedented increase in population; its surprising development of material resources; its rapid augmentation of wealth; its happiness at home and its honor abroad; and we hold in abhorrence all schemes for disunion, come from whatever source they may; and we congratulate the country that no Republican member of Congress has uttered or countenanced a threat of disunion, so often made by Democratic members of Congress without rebuke, and with applause from their political associates; and we denounce those threats of disunion, in case of a popular overthrow of their ascendancy, as denying the vital principles of a free Government, and as an avowal of contemplated treason, which it is the imperative duty of an indignant people strongly to reprobate and for ever silence.

4th. That the maintenance and violation of the rights of the States, and especially the right of each State to order and control its own domestic institutions according to its own judgment exclusively, is essential to that balance of power on which the perfection and endurance of our political faith depends; and we reprobate the lawless invasion, by armed force, of any State or Territory, no matter under what pretext, as among the gravest of crimes.

5th. That the present Democratic Administration has far exceeded our just apprehensions in its measureless susceptibility to the exactions of a sectional interest, as is especially evident in its desperate exertions to force the infamous Dred Scott Constitution upon the protesting people of Kansas—in constraining the personal relation between master and servant to involve an unequalled property in persons—in its attempted enforcement everywhere, on land and sea, through the intervention of Congress and the Federal Courts, of the extreme pretensions of a purely local interest, and in its general and unvarying abuse of the power intrusted to it by a confiding people.

6th. That the people justly view with alarm the reckless extravagance which pervades every department of the Federal Government; that a return to rigid economy and accountability is indispensable to arrest the system of plunder of the public treasury by favored partisans; while the recent startling developments of fraud and corruption at the Federal metropolis show that an entire change of administration is imperatively demanded.

7th. That the new fugitive, that the Constitution, of its own force, carries slavery into any or all the Territories of the United States, is a dangerous political heresy, at variance with the explicit provisions of that instrument, and with contemporaneous exposition, and with legislative and judicial precedent, is revolutionary in its tendency and subversive of the peace and harmony of the country.

8th. That the normal condition of all the territory of the United States is that of freedom; that as our republican fathers, when they had abolished slavery in all our national territory, or disclaimed that no person should be deprived of life, liberty, or property, without due process of law, it becomes our duty, by legislation, when ever such legislation is necessary, to maintain this provision of the Constitution against all attempts to violate it; and we deny the authority of Congress, of a Territorial Legislature, or of any individuals, to give legal existence to slavery in any territory of the United States.

9th. That we brand the recent reopening of the African slave trade, under the cover of our national flag, aided by perverts of judicial power as a crime against humanity, a burning shame to our country and age; and we call upon Congress to take prompt and efficient measures for the

total and complete suppression of that execrable traffic.

10th. That in their recent votes, by their Federal Governments, of the acts of the Legislatures of Kansas and Nebraska, prohibiting slavery in those territories, we find a practical illustration of the boasted Democratic principle of non-intervention and popular sovereignty, embodied in the Kansas and Nebraska bill, and a demonstration of the deception and fraud involved therein.

11th. That Kansas should, of right, be immediately admitted as a State, under the constitution recently formed and adopted by her people, and accepted by the House of Representatives.

12th. That while providing revenue for the support of the General Government by duties upon imports, sound policy requires such an adjustment of these imports as to encourage the development of the industrial interests of the whole country; and we commend that policy of national exchanges which secures to the working men liberal wages, to agriculture remunerating prices, to mechanics and manufacturers an adequate reward for their skill, labor, and enterprise, and to the nation commercial prosperity and independence.

13th. That we protest against any sale or alienation to others of the public lands held by actual settlers, and against any view of the free Homestead policy which regards the settlers as paupers or supplicants for public bounty; and we demand the passage by Congress of the complete and satisfactory Homestead measure which has already passed the House.

14th. That the Republican party is opposed to any change in our Naturalization laws, or any State legislation by which the rights of citizenship hitherto accorded to immigrants from foreign lands shall be abridged or impaired; and in favor of giving a full and efficient protection to the rights of all classes of citizens, whether native or naturalized, both at home and abroad.

15th. That appropriations by Congress for River and Harbor Improvements, of a national character, required for the accommodation and security of an existing Commerce, are authorized by the Constitution and justified by an obligation of the Government to protect the lives and property of its citizens.

16th. That a railroad to the Pacific Ocean is imperatively demanded by the interests of the whole country; that the Federal Government ought to render immediate and efficient aid in its construction, and that as preliminary thereto a daily overland mail should be promptly established.

17th. Finally, having thus set forth our distinctive principles and views we invite the co-operation of all citizens, however differing on other questions, who substantially agree with us, in their affiance and aid and support.

A Traveler in a Fix.

An Englishman who could not speak good German was riding on the railroad from Dresden to Leipzig when he asked as well as he could how long it took to go through the tunnel? The person he spoke to thought he asked how long before the tunnel would be reached, so he answered, "In half an hour."

When they approached the place the Englishman threw down his carpet bag and pulled off his coat. In a few minutes, all were enveloped in the darkness of the tunnel. After some minutes a streak of light appeared, and the ladies, oppressed by the heavy atmosphere, seemed impatient to be again in the pure air. Soon the full light came, every one took a long breath, when suddenly the ladies gave a simultaneous shriek, and pulled their veils over their faces, to hide from them the disastrous condition of the Englishman.

The poor man thought the passage through the tunnel would take thirty minutes, and had been surprised by returning to light in the midst of his woe, which he had not been able to make at Dresden, and for which he thought he would take advantage of the supposed half-hour's darkness.

"Pap," observed a youth of tender years to his fond parent, "does the Lord know everything?"

"Yes, my son," replied the interested air. But why do you ask the question?"

"Because our preacher, when he prays, is so long telling him everything I thought he wasn't posted."

The following are amongst the hard things to find:

HOWARD ASSOCIATION,

PHILADELPHIA.
A Benevolent Institution established by Special Endowment for the Relief of the Sick and Distressed, afflicted with Virulent and Epidemic Diseases.

The Howard Association, in view of the awful destruction of human life caused by Sexual diseases, and the deceptions practiced upon the unfortunate victims of such diseases by quacks, several years ago directed their Consulting Surgeon, as a CHARITABLE ACT worthy of their name, to open a Dispensary for the treatment of this class of diseases, in all their forms, and to give medical advice gratis to all who apply by letter with a description of their condition (age, occupation, habits of life, &c.) and in cases of extreme poverty, to furnish medicine free of charge. It is needless to add that the Association commands the highest Medical skill of the age, and will furnish the most approved modern treatment.

The Directors of the Association in their Annual Report, express the highest satisfaction with the success which has attended the labors of their surgeons in the cure of Spermatorrhea, Seminal Weakness, Gonorrhoea, Gleet, Syphilis, the virus of Onanism, or Self abuse, Disease of the Kidneys and Bladder, &c., and order a continuance of the same plan for the ensuing year.

An admirable Report on Spermatorrhea, or Seminal Weakness, the virus of Onanism, Masturbation, or Self abuse, and other diseases of the sexual organs, by the Consulting Surgeon, will be sent by mail (in a sealed envelope), free of charge, on receipt of two stamps for postage. Other Reports and Tracts on the nature and treatment of Sexual disease, diet, &c., are constantly being published for gratuitous distribution, and will be sent to the afflicted. Some of the new remedies and methods of treatment discovered during the last year, are of great value.

Address, for Report or treatment, Dr. J. SULLIVAN HOWARD, Acting Surgeon, Howard Association, No. 3 south sixth street, Philadelphia, Pa. By order of the Directors, E. B. D. HEARTWELL, President. GEO. FAIRCHILD, Secretary.

**THE GREATEST
MEDICAL DISCOVERY
OF THE AGE.**

DR. KENNEDY, of Roxbury, has discovered
to one of our common pasture weeds a remedy
that cures EVERY KIND OF HUMOR,
From the worst Scrofula down to a
common Pimple.

Two bottles are warranted to cure a nursing
sore mouth. One to three bottles will cure
the worst kind of pimples on the face.
Two or three bottles will clear the system of
bile.

Two bottles are warranted to cure the worst
canker in the stomach.
Three to five bottles are warranted to cure
the worst kind of erysipelas.
One or two bottles are warranted to cure all
humors in the eye.

Two bottles are warranted to cure running
of the ears and blotches among the hair.
Four to six bottles are warranted to cure cor-
rupt and running ulcers.
Fifteen to twenty bottles will cure scaly eruptions
of the skin.

Two or three bottles are warranted to cure
the worst kind of ringworm.
Two or three bottles are warranted to cure
the most obstinate case of rheumatism.
Three to four bottles are warranted to cure
salt rheum.

Five to eight bottles will cure the worst
case of scrofula.
One to three bottles are warranted to cure
the worst case of dyspepsia. I know from the
experience of thousands that it has been caused
by canker in the stomach.
One or two bottles are warranted to cure
sick headache.

One to two bottles are warranted to regulate
a costive state of the bowels.
One to two bottles will regulate all derange-
ment of the kidneys.
Four to six bottles have cured the worst
cases of dropsy.

One to three have cured the worst cases of
piles: a relief is always experienced; what
a mercy to get relief in such an excruciating dis-
ease! A benefit is always experienced from
the first bottle, and perfect cure is warranted
when the above quantity is taken.
No change of diet ever necessary; eat the
best you can get and enough of it.
The MEDICAL DISCOVERY is admirably
adapted to the western country where
FEVER AND AGUE,
DYSENTERY,
BILIOUS COLIC,
BILIOUS FEVER,
LIVER DERANGEMENTS,
are so prevalent in their respective stages.

The great cause of the prevalence of these dis-
eases is that many have secreted in their system
some
Putrid and Fatal Humors
which is the source of all diseases, and many a
young man and woman in the
BLOWN OF LIFE
are wasting away whose faded cheeks and sun-
ken eyes warn their friends of a speedy dis-
solution through the effects of some
Acrid Humors
preying upon the vitals, and many thousands
die annually from the effects of these humors,
who, if they but purify their blood with a few
bottles of Medical Discovery would live to a
ripe old age.

Another great cause of disease is
Contaminated Food
for this the Discovery is an infallible remedy,
its action on the
Liver, Kidneys and Bowels
is all that you could desire.
For the reason that where
you will find the directions in pamphlet a-
round the bottle.

For the reason that where
you will find full directions in the pamphlet.
Directions For Use—A single, one table spoon-
ful per day; children over ten years, de-cent
spoonful; children from five to ten years, tea
spoonful. As no directions can be applicable to
all constitutions, take sufficient to operate
on the bowels twice a day.
