ODD FELLOWS AND REBEKAS WILL HAVE MEMORIAL EXERCISES

Sunday is the annual Memorial day for the Odd Fellows and Rebekahs of this city and arrangements for the day have been made by a committee from both lodges.

The lodges will meet at 3:30 at the Odd Fellows Hall. Promptly at 4:00 o'clock, preceded by a band, the members will march to the cemetery where the graves of deceased members will be decorated. Following the decoration there will be a short program and an address by Hon. John Yantis of Shelbyville.

George A. Fields will act as marshal of the day. Markers will be placed on the graves in the morning by a committee consisting of Matt Dedman, G. A. Fields and Ed C. Brandenburg.

Flowers will be in charge of the Rebekahs. All other lodges and friends are invited to attend the exercises.

WABASH RAILWAY WILL USE 30,000 GALLONS OF WATER, IF CITY CAN SUPPLY

Mayor C. R. Patterson and the Water Committee of the City Council, consisting of Frank McPheeters, Dr. J. F. Lawson and Charley Hankley, went to Decatur, Wednesday and called on Superintendent Stumpf of the Wabash Ry. water supply department.

Mr. Stumpf promised that the Wabash would erect a water tank here and would use approximately 30,000 gallons of water daily, provided the city can furnish that amount.

If the city goes ahead with its contemplated water improvement this tank will be built here.

The new administration is working persistently on this water project and several new offers have been received from companies who are ready to install and finance the improvement.

MISS MARIAN BAKER IS T. H. S. HONOR GRADUATE

At Tuesday night's Commencement exercises for the graduating class of the Sullivan T. H. S. the honor awards provided for by previous classes were given to Miss Marian Baker who has steadily led her class in highest averages.

The address of Dr. Hoover, the Commencement orator, was greatly enjoyed by all who heard it.

The ten members of the graduating class with highest averages are as follows:

1. Marian Baker, 96.8.
2. Samuel Hagerman, 96.1.
3. Louetta Ray, 93.3.
4. Evelyn Keen, 91.4.
5. Bernice Carson and William Bland, 91.2.
6. Kenneth Seitz, 90.
7. Olive Lilly, 88.8.
8. Samuel Bolin, 88.
9. Hal Sona, 87.9.
10. Irma Dale, 86.6.

The condition of Cash W. Green who has been ill in bed for the past two weeks is reported slightly improved.

Moultrie County Bar Association 1897

What the County' legal line-up looked like about 28 years ago.

The above cut is made from a photo in possession of Senator R. D. Meeker of this city. It was taken about 1897 and includes the pictures of some of the most prominent men Moultrie county has ever produced. Two members of the Association at that time—Col. J. E. Jennings and F. M. Harbaugh were not present when the picture was taken.

The following will serve as a key of identification: Lower row (seated) left to right—Judge W. K. Whitfield, W. H. Whitaker, E. J. Miller and R. D. Meeker.

Second row (seated)—J. B. Titus, deceased; John R. Eden, deceased; Judge Jonathan Meeker, deceased; Judge W. G. Cochran.

Third row (standing)—Judge Geo. A. Sentel, M. A. Mattox, J. H. Baker, Judge John T. Grider, John R. Pogue, W. R. Huff and R. M. Peadro, deceased.

Upper row—Walt Eden, Judge Hutchison, deceased; Isaac Hudson; and John Burns, deceased.

Of this group Judge W. G. Cochran, R. D. Meeker, M. A. Mattox, Judge John T. Grider, W. R. Huff, J. H. Baker and George A. Sentel are still actively practicing their profession here now, either in judicial capacities or as attorneys.

Judge W. K. Whitfield is in the insurance business in St. Louis; W. H. Whitaker has law offices in Shelbyville and Decatur; E. J. Miller is practicing law in Hollywood, California.

Walt Eden lives at Santa Ana, and is a prominent member of the California legislature; Isaac Hudson lives in Massachusetts; John R. Pogue is a Decatur banker.

Death claimed Judge Meeker and John Burns in 1900. Others who have also been called are J. B. Titus, John R. Eden, R. M. Peadro and Judge Hutchison.

GOOD PRODUCERS IN MOULTRIE HERDS OF FICIAL TEST FOR MONTH OF MAY DISCLOSES

During the month of May 182 cows were tested for milk and butterfat production. Forty-four cows produced in excess of 40 lbs. fat during the month. Eight of these were owned by the Illinois Masonic Home, A. J. Yoder's herd contained four, E. J. Shrock three, N. D. Helmut three, Wilbur Redfern three, P. B. Harshman three, Rush Weeks three, J. A. Powell two, J. H. Sharp two, J. S. Bicknell two, J. J. Helmuth two, John Craig two, Guy Bolin two, L. D. Seass one, Guy Kellar one, Clyde Patterson one, V. I. Winings one, Lew Wheeler one.

The highest producing cow for the month was a pure bred Holstein owned by the Illinois Masonic Home. She produced 2251 lbs. milk and 65.3 lbs. butterfat. The second high cow was another pure bred Holstein also owned by the Masonic Home. Her production was 1773 lbs. of milk, 58.5 lbs. butterfat. The third high cow was a grade Jersey owned by J. H. Sharp. She produced 1008 lbs. milk and 56.4 lbs. butterfat.

J. S. Bicknell's herd of two pure bred Jerseys again led the association with an average of 935 lbs. milk and 47.4 lbs. butterfat. The herds of A. J. Yoder, Guy Bolin and Rush Weeks all averaged in excess of 40 lbs. butterfat per cow. All herds showed a considerable increase in production over the previous month.

P. J. Smith, Tester.

Born to Mr. and Mrs. William Ryherd, a son, Wednesday morning.

City's Affairs To Be Placed On Business Basis

Patrons of Electric Light Plant Must Pay Up Promptly or Service Will Be Discontinued. Dr. Davidson Health Officer.

Pay up or service will be discontinued. This was the action agreed upon by the City Council at its meeting Monday night relative to the delinquent users of electric current and city water. The accounts especially under consideration were those for electricity. Mayor Patterson read the names of a number of the delinquents and stated that the total amount delinquent was approximately \$2,400.

A resolution was passed asking the Mayor and City Attorney Jennings to prepare a notice to all such delinquents. This notice will give warning that unless accounts are paid in full to June 1st by the 13th of June, service will be discontinued. This discontinuance will not only mean that the wires will be disconnected but the meter will be taken out. City ordinances provided that charge of starting service and installing meter shall be \$5.00. This means that when service is once discontinued, it will not be reinstated until all arrearages and the re-installing charges are paid.

Superintendent Cunningham, who was present, stated that he and his force could disconnect service to all of these delinquents and take out the meters in about a day's time.

The city has under consideration the matter of buying a quantity of new meters to install in places where a flat rate is now in effect. This purchase will be put off until it can be known how many meters will be secured through cutting off service for the delinquents.

The City Attorney was also instructed to prepare a new ordinance covering every phase of the operation of the light plant. He is now engaged in going through all ordinances on the city books and getting at the exact status of the light plant matter. Rates charged in other cities are also being studied in order to arrive at an equitable rate to be charged here.

Health Officer. Dr. W. P. Davidson who served as city health officer for the past year was re-appointed by the Mayor and the appointment was confirmed.

Compensation Insurance. As the city's compensation insurance, protecting the city in case of accident to any city employe expires June 7th, this matter was taken up and discussed. A renewal policy was submitted by Cash W. Green, who on account of illness was unable to be present. After discussion the Mayor was instructed to name a committee of three to act in the matter and secure such insurance before June 7th. The committee named consists of Dr. J. F. Lawson, Frank McPheeters and E. J. Swisher.

Road Oil. The Mayor reported that he had received applications from people who want the city to furnish them with road oil for their streets. Chairman Hankla of the Park Board stated that a car of about 10,000 gallons would be ordered for use in the park. About 6000 gallons of this will be spread in the park and the balance will be available for other use. In past years the city has sold this surplus. The

Council instructed Mr. Hankla to try and sell this surplus to W. H. Walker and he can retail it and spread it for people who want it.

Cost of Keeping Truck. The matter of securing a place to keep the fire truck and for a night man to be in charge of it was discussed. The truck is at present kept in the Newbould & Jenkins garage. The Councilmen seemed to think that the charge now made for such service was higher than the city can afford to pay. The Fire and Water committee was asked to further investigate the matter and report at the next meeting.

Cigarette Licenses. Cigarette licenses for the year were granted to W. F. Austin, J. H. Alumbaugh and J. W. Finley. The license fee of \$25 accompanied each application.

Freeland Grove Police. An application from J. H. Smith and Henry Newlin that the latter be named special police officer for Freeland Grove, was discussed but no definite action was taken in the matter.

Old Water System. The water situation was touched upon when Mayor Patterson stated that he had a communication from an engineering firm which wanted to make a survey of the city to locate all old mains and laterals with a view of determining their condition and to see whether or not some of them could be used in a new system. Alderman Hankla gave it as his opinion that all of the existing system of mains and laterals are in such condition that it would be unpractical to incorporate them as a part of a new system.

Coal for the Plant. A representative from the Old Ben Coal corporation from which the city now buys its coal was present to discuss contracts and quality with the Council. He stated that his company had a contract with the old administration whereby the city pays \$1.90 per ton for 1 1/2 inch screenings. The contract can be terminated by the new administration or it can be continued until April 1927, unless before that time there is a reduction in the miners scale of wages, in which case there will be a reduction in the price of coal. He had figures prepared by Arthur Cain, general manager of the plant, showing that by using the 1 1/2 inch screenings for the past year the city has saved \$1,500 on its fuel bill, as compared to the cost of the cheaper Pana grade of screenings that had been used some years ago. He stated it as his opinion that that of Mr. Cain that a greater saving could be made by using 2 inch coal for the coming year. On motion Mr. Cain was instructed to order 2 inch screening for a two months' trial. The cost of this coal will be 10c more per ton than that now being used. The plant uses about 276 tons per month or approximately 3300 tons per year.

WRIST BADLY CUT. Ed Baker, a farmhand, suffered a fall through a windshield of a car Tuesday night and as a result sustained a severely cut left wrist. The car struck an obstruction near the Jefferson Theatre corner, causing the spill.

Hubert Kingery had the misfortune of having his jawbone broken while scuffling with boy friends, Friday of last week.

Mrs. Avery Wood of Decatur spent Tuesday in this city.

Boosters For 4th Celebration To Meet Friday

Assured of Enough Financial Support to Stage Big Patriotic Demonstration Here on National Independence Day.

A meeting of all subscribers to the 4th of July fund has been called for Friday evening at 7:00 o'clock in the Master in Chancery's office in the Court House.

Nearly \$1000 has been pledged to date with many prospects still to be seen. These finance committees are expected to make complete reports Friday night.

D. K. Campbell and Elliott Billman two of the moving spirits in the venture stated Tuesday that the big celebration would positively be held.

J. H. Wood and Dr. A. K. Merriam are busily planning a big race program for the East Side track.

Henry Sona is arranging for a base ball game on the City Athletic diamond between a picked Sullivan team and the strongest contending team that he can book.

Concessionaires are already putting in their bids for stands for the day. Negotiations are on with fireworks companies for big fireworks displays to be put on at night. Other features will also be arranged for.

At Friday night's meeting committees to be in charge of the various activities for the day will be named and a thorough working organization will be perfected.

Big Ball Game Scheduled For Sun. Afternoon

Heinz Sona's Warriors Again in Harness and Will do Battle With Mattoon Greys. Harsh and Purvis the Battery.

Sullivan base ball fans will have the opportunity of seeing a big league ball game Sunday when H. Sona's Sullivan Greys will cross bats with the Mattoon Greys.

Mattoon has a dandy team as has already been demonstrated on the local diamond this year.

In former years Sullivan had a good team under Sona's management. Most of these boys have been signed up to play Sunday the lineup being as follows:

George Purvis, Catcher.
Harry Harsh, pitcher
Paul Chipps, first base.
H. E. Cron, second base.
Fred Poland, shortstop
H. Sona, third base
Earl Chipps, right field
Spot Pribble, center field
Hubert Tabor, left field.

Bill Carrington, former pitcher on the Sullivan Nine will pitch for Mattoon.

The game will start promptly at 2:30 on the City Athletic Field.

Derby Belt, veteran umpire, has agreed to serve for the day.

This game will be a season opener for the Sona boys and plans are under way to stage a battle royal here on the Fourth of July.

If Sullivan wants real baseball, here is an opportunity to get it. Come out Sunday and let's have the regular old-time crowd and root our boys to victory.

PROMINENT COUPLE WAS MARRIED WEDNESDAY

James A. Wright and Mrs. Mattie Henry were united in marriage at the home of the groom's parents, Mr. and Mrs. S. W. Wright, Wednesday afternoon at 2:30 o'clock. Rev. W. B. Hopper performed the ceremony.

There were present only members of the immediate family. After the ceremony Mr. and Mrs. Wright left on a wedding tour in his car, after which they will take up their home in his residence on Harrison street which has been rebuilt and remodelled this Spring. Mrs. Wright, before her marriage, was night operator of the local telephone company.

MCCUSKER GROCERY

Get your pineapples and cherries for canning now, or you may miss them. Sugar is low yet. New vegetables, fruits, chicken feeds, groceries and work clothes, seeds, etc. Self-rising bread, Saturday.

BAND CONCERTS WILL START NEXT THURSDAY

Sullivan's free weekly band concerts will start on Thursday night of next week. The music this year will be furnished by the T. H. S. Community band and the concerts will be held in the downtown on the Public Square.

SUPERVISORS MEETING

The Board of Supervisors will meet Monday for their regular yearly session. Any matters requiring the attention of the Board will be taken up and disposed of.

COMMUNITY CLUB

The monthly meeting and banquet of the Sullivan Community Club will be held Monday night in the Masonic Dining room.

A. J. HIRT OF LOVINGTON IS NEW MEMBER OF THE BOARD OF REVIEW

County Judge Grider on Monday announced the appointment of A. J. Hirt, well known Lovington merchant as a member of the Board of Review of Assessments for Moultrie county. The other two members of the Board are Guy L. Kellar, chairman of the Board of Supervisors and O. C. Worsham of this city.

The new member is well qualified for the work which he has been chosen to perform. Before moving to Lovington to engage in the mercantile business he was for four years deputy county clerk of Piatt county.

The Board will meet in the near future to organize and select a clerk. It is understood that this position will be offered to Jesse Lilly, prominent farmer who resides in Whitley township.

LOCAL PYTHIAN SISTERS WELL REPRESENTED AT ANNUAL DIST. MEETING

Four members of Lilly Temple No. 19, Pythian Sisters of this city, were among the convention officers of the annual 19th district convention held at Mattoon on Thursday of last week.

The District Deputy Grand chief is Mrs. Anna McKenzie who has held that position for the past five years. The four convention officers were Mrs. Stella Drew, P. C.; Mrs. Gertrude Kinsel, M. M. and C.; Mrs. Emma Davis, M. of F.; Mrs. Carmen Patterson, pianist.

A most excellent program was enjoyed by all who attended. Besides the officers named others present from Lilly Temple were Mrs. Samatha Calahan of this city and Mrs. Stella Jones of Shelbyville. Mrs. McKenzie and other officers were presented with beautiful floral gifts.

HAVE TWIN BOYS

Twin boys were born Wednesday to Mr. and Mrs. Frank Harden, formerly of this city, but now residing in Decatur. Mrs. Harden is at the home of her parents Mr. and Mrs. W. O. L. Duncan, Southwest of this city. Mother and babies are reported getting along nicely.

U. B. CHURCH, KIRKSVILLE

There will be services at Charles Martin's place on the Okaw river Sunday afternoon, also baptizing services.

THOMAS R. MARSHALL

An American without frills or conceit, without sham or pretense—such was Tom Marshall, who died suddenly Monday at Washington, D. C.

Vice President of the United States for eight years, Marshall never impressed the country with any stupendous degree of statesmanship of the style of Hughes or Lodge or others of that dignified tribe. But at that, Marshall held perhaps the trust and confidence of this nation to a greater extent than his dignified contemporaries. Tom Marshall saw the folly of taking life too seriously. His principles were of the highest but his philosophy was one of the common sense tinctured with the God-given gift of seeing the humorous side of life.

All of these qualities endeared Marshall to the people of this great nation. He was a democrat at heart and nature. He could not have been otherwise.

In 1910 the writer had occasion to work for some months for a newspaper in Albion, Indiana. This city was not very far from Columbia City, the home of Mr. Marshall, who at that time was governor of Indiana.

On of the first things I noticed on the walls of the editor's office was a big lithograph of Thomas R. Marshall with the words "The Next President of the United States". That was rather impressive, but it showed what the man's neighbors and friends thought of him and his ability. He never became President but he could have schemed his way into the office during the last year of Woodrow Wilson's second term when the great war president lay ill and there was much talk of declaring the office vacant and bestowing it upon the vice president. Mr. Marshall would not stoop to such low tactics and doubtless despised those who were ever seeking the undoing of one of the greatest men the world has ever known.

I heard Marshall speak during the campaign of 1916. His kind humor and his numerous references to what "Woodrow and I" thought about the affairs of the country at that time, are the only parts of that speech that I recall, with the exception of a story illustrating the difference between a Republican and a Democrat. The story was about as follows:

In a certain community there lived an old teamster, a staunch Democrat. He usually functioned as banner carrier in Democratic campaign rallies and shouted louder and longer than most of democracy's faithful sons. Then, as sometimes happens, a distant relative died and left this teamster a small legacy of a few hundred dollars. This happened shortly before a big Democratic rally. The day of the rally came and the parade was ready to move but the old banner carrier was not there to lead off with Old Glory. They sent a committee to look for him and found him comfortably seated in a rocker on the porch at his home. Asked whether he had forgotten the parade he told the committee—"No I have not. I have left your party. You know that I have some money now and so I've joined the Republicans for we fellows with money have just got to stick together."

poop tries this stunt and as a rule it shows just how much mis-information and unadulterated ignorance one human being can carry inside his hide.

Myers told his Rotarian hearers, and seriously too, for he is not known as a humorist, that the five greatest men in American history, named in the order of their importance were Washington, Hamilton, Lincoln, Roosevelt—now get ready to smile—and Coolidge.

What surprises us in that Myers overlooked Mark Hanna, or Bill Taft or Senator Fall, or Big Bill Thompson and others of their ilk.

Of course everybody will admit that Washington and Lincoln belong among these five but about Hamilton and Roosevelt there may be serious doubt. Putting President Coolidge among the five must make even Silent Cal smile.

That's the thing that makes a joke of the whole classification and brands Myers as a boob or perhaps as a prospective office-seeker.

If Cal Coolidge ever did anything that would class him as 25th in this list of greatness the American people never heard of it. Put him about 500th and even then you are taking a great chance at over-estimation. Poor old Princeton! How it must have deteriorated in brains and real intellect since the days when Woodrow Wilson presided as the head of that great institution of learning!

"THE LORD HAVE MERCY".

Mr. Woodbridge, new head of the Advertising Clubs of the World, says newspapers are the "pre-eminent advertising medium for selling merchandise quickly."

To the real business man it is more than that. It is the ONLY advertising force that can BUILD UP A NAME. Repetition is Reputation.

And only newspapers can give a REPUTATION the REPETITION that creates value. Dollars put into brick, mortar, steel and glass will tear down! Money invested in advertising

building up a name WORTHY to be advertised, will outlast all your factories.

Ford's factories perhaps are worth fifty millions. The one word "FORD" is worth at least TWO THOUSAND MILLIONS.

South Africa, land that produces gold, returns to the gold standard, imitating old Mother England. Down there, below the equator, under the hot sun, tens of thousands rush to a new gold field. About ten times as many blacks as whites are in the rush. But, needless to say, when the dust settles the whites will have the gold dust.

What would happen to the gold standard and the world's finance if this new gold field should suddenly multiply by two, or ten or twenty the world's gold supply? That, however, will surely not happen.

All through the ages, while men have cut each other's throats to get them, gold and silver have maintained their value, based on scarcity, with slight fluctuations. Providence seems to have arranged that for its mysterious reasons.

This is the only country that has any supply of helium gas worth while. We get it after it has leaked up through the earth and in pools of natural gas.

According to Dr. Elind, chief of the Bureau of Mines, "it takes 20,000,000 years for helium to leak from minerals and rocks and come within our reach."

Many things happen in science that couldn't happen if this earth were only 6,000 years old, as was once believed. It took millions of years for evolution to change a creature as big as a fox, with seven toes, into the horse of today.

It takes 20,000,000 years for helium gas to become available. It will take our sun 300,000,000 more years to cool off.

A New York lady ran a baby farm. The babies died rapidly, especially if their board bills were not paid. One poor infant dug up after burial had a fractured skull. The rate of mortality was horrible.

If anybody kept such a farm for baby dogs or cats, the "Cruelty to Animals Society" would probably supervise and regulate it. How does it happen that the so-called Society for the Prevention of Cruelty to Children knew nothing about the baby farm or its deaths?

Dean Ingle, who doesn't like to be called "gloomy", is in London, describing America.

He says our "rushing energy is mostly pose" and the language we speak is something like the English

language. On the whole the dean is friendly.

In one of his essays he tells you that when St. Paul thought he was inspired he was really suffering an attack of epilepsy.

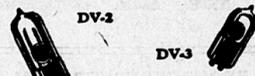

If St. Paul could stand that, we ought to be able to stand criticism of our Yankee language.

In Pennsylvania, William Cavalier, fifteen years old, and a murderer, has been sentenced to die in the electric chair. The sentence wound up with "And may the Lord have mercy on your soul." The reporters thought the boy winched a little at that, and at the words about "Death—electric current—passed through body—until dead." The boy smiled as he left the court, and a few minutes later, in his cell, he was playing a popular song. "Katerina," on his phonograph.

Fred Lenning, Warden in charge of the young criminal, said, "Listen to that music. He doesn't know what it's all about." You may truly say the same of a system of "justice" that sentenced to death a feeble-minded boy of fifteen.

THE SERVANT OF THE PUBLIC

The sole reason for the existence of any railroad is to provide safe, prompt, reliable transportation throughout the territory it serves. The railroad is the servant of the public, and by the qualities of its service to the public it should be judged.

The inscription on the emblem of the Illinois Central System, "Courtesy, Efficient Service Always," is the creed of this railroad. We have two purposes in using it. One is to pledge our patrons that we shall always endeavor to make our service to them conspicuous for those qualities which we regard as highly important—namely, courtesy and efficiency. The other is to keep reminding ourselves of what we have undertaken in the fulfillment of that pledge.

It is worth while to note that this pledge places the human element above the mechanical element. Courtesy is a quality of the service that depends wholly on the human element, and it comes first. Efficiency is a quality of the service that depends on both the human and the mechanical element; it takes both efficient workmen and an efficient plant to produce efficient service.

Our pledge with respect to the courtesy of our service is made good by our loyal employees—men and women whose pride in the performance of their railroad is so outstanding that the public has come to know of it and appreciate it.

Our pledge with respect to the efficiency of our service is fulfilled by the faithful efforts of these employees, supplemented by the best and most modern tools of every kind that the credit of this system can make available. Our service rests upon the adequacy of our equipment, the promptness of our response to all demands and the safety and punctuality with which passengers and freight are transported to their destinations.

When we pledge that these qualities shall distinguish our service always, we feel sure we are not making an idle boast. We have confidence that the Illinois Central System will be able to live up to that pledge in the future by reason of its resources in money and men and its long, successful experience in the use of both.

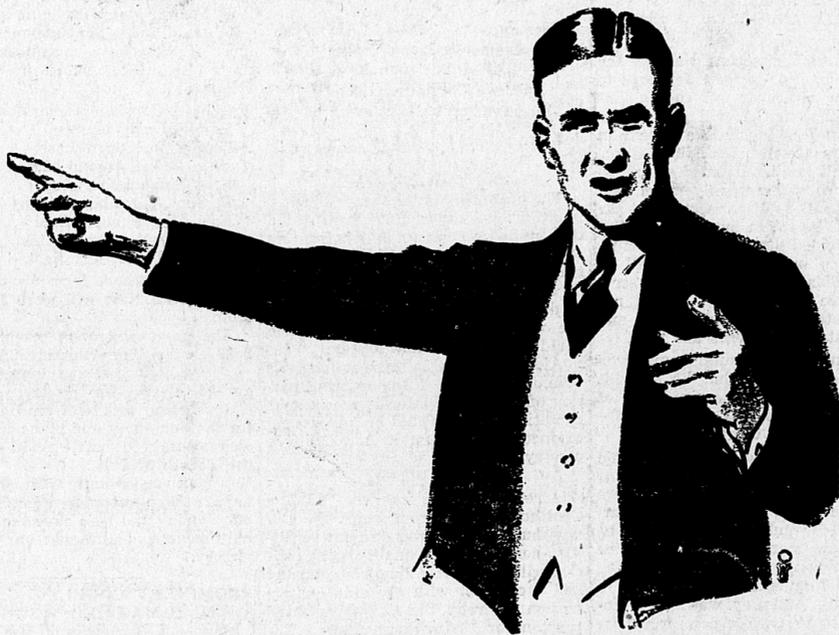

The attitude of the public toward the railroads in the past has too often been determined by questions other than service. Service is the fundamental thing. Transportation is indispensable. Our food, shelter, raiment and fuel—these prime necessities, as well as the luxuries of our daily lives—are made available to us through transportation. The service performed by the railroads touches us all intimately. It is fundamental to our civilization.

By maintaining a high standard of service, the Illinois Central System has contributed materially for nearly seventy-five years to the upbuilding and prosperity of the Mississippi Valley. Its ambition is to continue to provide at all times the courteous and efficient kind of service that cannot fail to merit the continued confidence and cordial support of the public.

Constructive criticism and suggestions are invited.

You Need Gasoline and Oils -- We Need your Business

So let's get together and trade, one with the other and we'll all be assured of satisfaction. On our part we guarantee to give you the best of the products in our line at the most reasonable prices. We will give you the best service it is possible to give. We know that's what you want—good quality and prompt service.

Our business is strictly wholesale—we sell in barrel or quantity lots only and we really specialize in trade with the farmers. We also supply anybody wanting our product in this city and we're 'raring to serve as many of the retail oil filling stations in our territory as is possible.

We have two big trucks—the blue ones—now on the job. Our uptown headquarters are at the Tire and Battery Station. Telephone your orders there 467.

We are not new in business in this community, although this is a new business we have just started. If you will kindly favor us with a portion or all of your patronage, we assure you that it will be appreciated.

The Hero of the War

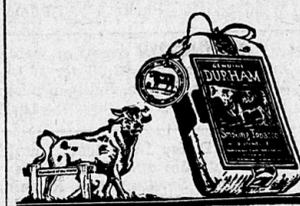

Ever since the War was over Nations have been arguing over "Who won it." And if the discussion is not stopped we may have to have another War just to decide who won the last one. If we ever do go into another War, have it understood there is to be a Referee, and at the finish he is to announce "Who Won and how much." In the last War we paid Transportation both ways and rental on the grounds, and now all England and France say is, "We didn't get there soon enough." Germany dont seem to ever have uttered any complaint on the lateness of our arrival, so that just shows you, you cant please everybody, even for Humanity's sake. I must bring the word "Bull" Durham in this even if I have to drag it in by the horns. It just struck me, and after careful examination of complaints and statistics, I find that "Bull" Durham was the only thing connected with America during the War that France and England havent been able to criticise. It must be good.

Will Rogers

P. S. There is going to be another piece in this paper soon. Look for it.

SIXTY-FIVE YEARS AGO!
In 1860 a blend of tobacco was born—"Bull" Durham. On quality alone it has won recognition wherever tobacco is known. It still offers the public this—more flavor, more enjoyment and a lot more money left at the end of a week's smoking.

Red Crown
The High-Grade Gasoline
Is Masterful

The main function of a gasoline is to provide *pull*—and Red Crown provides it to a superlative degree.

Red Crown negotiates the steepest hills with an ease which exhilarates you by its sure mastery of the situation.

Red Crown is swift to take you out of an emergency—rapidly responsive at a change of traffic lights—marvelously flexible in carrying you through a traffic jam.

Red Crown *power pull* is as strong as modern chemical science can devise. It flows unceasingly—never lapses—never varies—because it is inherent in the nature of the Red Crown unbroken chain of boiling point fractions.

To increase driving satisfaction—to avoid disappointments—and to add mileage per gallon—fill up with Red Crown and use Red Crown all the time.

GOSPEL MISSION

9:30 a. m. Sunday School.
11:00 a. m. Morning worship.
6:30 p. m. Young peoples services.
7:30 p. m. Evangelistic services.
8:00 p. m. Thursday, regular preaching service.

We are changing the time of our services through the week to 8:00 p. m. instead of 7:30 p. m. We will continue the Sunday evening service at 7:30.

Rev. Fisher will remain with us until over next Sunday, and there will be services in the Mission each evening this week commencing with Wednesday evening. Rev. Fisher will have charge of these services. J. J. Harsh will have charge of the young peoples services on Sunday evening.

Rev. Fisher is considering some of having a tent in Sullivan for part of the summer. If we find this to be the Lord's will, then Brother Fisher will be with us part of the time. Likely other preachers from Chicago and different places will be here some. As I understand it, if a tent is placed here, it is not for the purpose of putting on a big campaign, but simply a quiet campaign for the Lord, a convenient place of worship.

That's a big thought back of Classified ads. Especially the For Sale ads.

We are not all merchants and consequently people do not come to us when they want to buy something. But all of us, at some time or other, have something to sell. And it stands to reason we can't make the sale unless we tell somebody what we have to sell.

That's where the PROGRESS CLASSIFIED COLUMN gets in its work. It is a kind of errand boy who carries your message into most of the homes in this community. It tells what you have for sale and any information you may want to give. It tells your name, your phone number and your address.

Somebody wants what you have to sell, that is, if it is something practical, worth having. Don't you need the money?

This Progress service costs but a trifle. The minimum charge for such a one-time adv. is 25c— if more than one insertion the charge is 5c per line per insertion.

DO PEOPLE READ THESE CLASSIFIED ADS? WELL SIR, YOU JUST TRY IT AND SEE!

FIRST BAPTIST CHURCH

A. J. Burville, Pastor
Sunday School 9:30 a. m.
Preaching at 10:45 a. m.
The subject will be a continuation of the subject of last Lord's day "Guidance". It makes us feel good to announce that we received into full membership two Baptists from Missouri. They have lived in Sullivan four or five years and own a house and lot of their own on Anderson street. They are a very industrious pair. With their children we had an increase of five in our Sunday School on Sunday.
If the other fifty Baptists would join we would be lifted out of the hole it is in. This makes an increase of seven in our church in two months.
The Lord's supper will be observed on this coming Lord's day in the morning. All members are affectionately requested to attend. The last command of our Lord, before his passion was, "Do this in remembrance of me and as often as ye do it ye do show forth the Lord's death till he come."
Preaching as usual on Sunday night. Song service at 7:30 p. m. and preaching at 8:00 p. m. Subject, "Wisdom".
Bible class on Wednesday night at Mrs. Kinsel's home on Camfield street. Monthly business meeting on the same night at the same place. Also our cottage prayer meeting on Friday night at the home of the pastor, 618 Grant street. We are studying on Wednesday night our Sunday School lesson. And on Friday night that Masterly book of Ephesians. Come and help us in our study. We invite all of our friends and neighbors.

PRESBYTERIAN CHURCH

May has come and gone with it some disappointments. In a sense the days have been all sunshine, but we hoped for showers. In the heat of the day we longed for a cool spot, but when the frosts came down upon us, and wilted all the tender plants, some of our hopes were blasted, for the palatable things we hoped for vanished in a night. But June is here, and nature and Nature's God has never failed us, and old mother earth may yet surprise us, in a bountiful harvest.
Next Sunday morning may we think of the day, and blessing that God has given us, and may it dawn upon our minds, that there is a power beyond ourselves in all our making. We might do well to seek His house for prayer and meditation.
Subject for morning, "A meditation That Is Sweet."
Evening subject, "The Illusive In Life."
Sunday School and Bible study before the morning service. This is your service if you are willing to avail yourself of the privilege.

METHODIST CHURCH

Lots of news but little time for writing. Nice lot of our World Service canvassing done. Will work Thursday, Friday and Saturday of this week at the task.
Our fellowship supper and program were well patronized last Wednesday. A fine supper and an interesting program. Miss Monson delivered an excellent address to a good audience on Thursday night. Sunday was a fairly good day. The Sunday School registered 192. Attendance at morning worship about normal. Did not hear from Junior League session. We had a good time with the Campfield folks Sunday afternoon. A good crowd present. A good delegation of our folks present for union service at High School Sunday night.
Keep in mind the third quarterly settlement period. The collecting stewards should be in the field this week. The quarter closes June 10th. Let us be in a position to make a good report.
Meet us at Sunday School Sunday morning at 9:30. Help to have a big delegation of little folks out to Junior League at 2:30. Our Epworth League is to be extra good at 6:30. Our sermon theme Sunday morning at 10:45 will be "Imprisoned Apostles." The sermon theme for 7:30 p. m. will be "Gospel For a Working World". The sermon will be illustrated by stereopticon slides. Make a big effort to attend church next Sunday.
According to plans now next Wednesday, June 10th will be the last of the series of fellowship suppers and programs. Be with us next week. A good supper and a good time is assured.
The W. F. M. S. will meet this Thursday afternoon with Mrs. Elmer Richardson and Mrs. A. L. Higgins and her division will have charge of the program.

CADWELL-ROSEDALE

James Wilson, Pastor.
Our people did well last Sunday. The Rosedale Sunday School was attended by fifty-eight and the Cadwell folks had thirty-five. We had good audiences for preaching services at Rosedale. Miss Kedsie Munson spoke in Cadwell last Friday night and had a good crowd present to hear her. Her address was much appreciated.
The program for next Sunday—Sunday School at Rosedale at 10:00 a. m. and Epworth League at 11:00 a. m. Sunday School at Cadwell at 10:00 a. m. and preaching at 11:00 a. m. and 7:30 p. m. Let us have good attendance at all places and complete our plans. Children's Day exercises.
—Harold Davis, pastor, came Wednesday to spend the Summer with Mr. and Mrs. Hoke.
—Hugh Hoke was in Sullivan Monday where he spent several days on business.

MATTOON GREYS WON

In Sunday's baseball game between Les Sharp's Sullivan team and the Mattoon Greys, the visitors scored a victory 7 to 1. The home team did not get a single hit off Fleener, the Mattoon pitcher. The lone run was scored on a hit batman and two errors.
Batteries for Mattoon were Fleener and Patterson; for Sullivan, Neaves and Sharp.

6TH ANNIVERSITY

Monday, June 1st was the sixth anniversary of the present ownership and management of The Progress. For your kindly patronage during these pleasant years, the editor and family extend their thanks. Our aim it to merit your continued friendship and good will.

MRS. HELEN DAVIS HEADS S. T. HOUSEHOLD SCIENCE CLUB

Mrs. Ruth Powell entertained the members of the Sullivan Township Household Science Club, Tuesday, June 2nd, in her home west of town. This was the annual all-day meeting of the club. The pot luck dinner at the noon hour proved a most interesting feature of the day, and eloquently praised the efforts of the club members in that branch of their work.
At the beginning of the meeting, the retiring president, Mrs. Lizzie Walker, was presented a bouquet of carnations by the club, as a token of appreciation of her splendid service during the past year.
Following the dinner, the meeting was called to order and the following officers elected or the year 1925-26:
President—Mrs. Helen Davis
1st vice pres.—Mrs. Agnes Kellar.
2nd vice pres.—Mrs. Jessie Wood.
Secretary—Mrs. Leona Stone.
Treasurer—Mrs. Nora Oliver.

GOODMAN-GIUDICE

Otto Goodman and Miss Lena Giudice of Mattoon were visitors in Sullivan Saturday, Memorial Day, and found their way to the County Clerk's office and secured the necessary papers, and presented the same to Rev. Milton Wilson who united them in marriage at the parsonage at 10:00 a. m.
Mr. and Mrs. Goodman are two of Mattoon's well known and highly esteemed citizens. Mr. Goodman is a school teacher and will reside in Mattoon and continue his profession.

SCOLARSHIP EXAM

The annual examination for the U. of I. scholarship will be held Saturday in the office of County Superintendent Nettie L. Roughton.
In order to qualify applicants must be 16 years of age or over and have graduated from a public high school.

Champ Hitch-Hiker

Nellie Amter, 17, lives in New York City and studies music at the Cleveland, (O.). Music Institute. She has funds for study but none for travel—so four times now she has "hitch-hiked" home for a visit. She gave two rules for girl "hitch-hikers." They are, "Don't get into a crowded auto; and "Don't accept rides after dark."

Poor Advertiser

Merchants with goods to sell might profit by studying this feature. This fellow is in position to be nationally known if he would take advantage of his opportunities. He is "Rob Roy" the White House collie—who "crashed" into a picture with Pres. Coolidge the other day—the first time in months. Compare this with "Laddie Boy," Pres. Harding's "purr." Ah, there was an advertiser.—that "Laddie Boy."

AT KIRKSVILLE CHURCH

There will be children's day exercises at the U. B. church in Kirksville Sunday night, June 7th. All are invited.

HEALTH GRAMS

Soda fountain season is here and with it folks might recall that the little invisible living things that sometimes cause diseases just love to inhabit dirty drinking glasses. The drink may come a little slower through a straw but the good it does to the thirsty throat might last much longer that way.

Dog day season opened without notice in Springfield last week when a rabid cur bit nine people and a number of canine fellow beings. This affair precipitated military rule, so far as dogs are concerned. All dogs that appear in society must wear muzzles for the next 60 days and longer if conditions appear to warrant it after that time. The human victims are all taking pasteur treatment to avoid rabies.

Rabies or hydrophobia is an acute infectious disease that is practically always fatal. The only way to avoid it after exposure is to prevent it. This can be done by taking the pasteur treatment after being bitten or otherwise wounded by a rabid animal.

Rabid dogs carry the infecting germs of rabies in the saliva of their mouth. When the dog bites another animal the germs pass into the wound with the saliva. The germs then start on a journey along the nerve path and continue, if uninterrupted, until they reach the brain. Once in the brain they infect the grey matter and then the outward manifestations of hydrophobia set in. Plainly it is then too late to cure the disease because it has done the mischief and that is why rabies is always fatal. Anyone who understands this process plainly recognizes the folly of such things as "mad stones" for the treatment of rabies.

"Mad" dogs have bitten more than 50 people in Illinois this year and have caused a considerable loss of live stock. Most of the dog bites have been reported from the southern part of the state with a dozen or more in the central section. It is a deplorable inconvenience and perhaps painfully so to be wounded by a rabid dog but there is really nothing to get over-excited about if the patient be properly treated by the Pasteur anti-rabic method.

Straw hat season is here and palm beach suits with hardly more than an excuse for underwear will be in order for several months. It might be well to recall in this connection that the inside of the body needs a little change in raiment too. The fellow who increases liquids, leafy vegetables and fruits in his diet will suffer a whole lot less from heat than the beefsteak and potatoes standpatter.

If you plan to hug the radiator next winter you might at least give the "old" lungs an even break by sticking close to the golf club or a fishing pole this summer. The fellow who allows nature to put his human machine in first class trim this summer by continuous doses of sunshine in the open will have a running start against the hazards of dodging low temperatures next winter.

One might think that dodging automobiles has become a major outdoor sport for pedestrians. Last year 1258 persons in Illinois lost their lives while playing this hazardous game and nobody knows how many non fatal injuries occurred.

It has been suggested that an investigating commission be appointed to determine the cause for all the rush on the streets and highways. Only 15 or 20 years ago, it is pointed out, people thought a span of horses and a rubber tired buggy a satisfactory means for travel but now the impatient driver thinks he must beat the train—that may require all of a minute to pass—to the crossing while he regards the viscous honk of his horn as a sufficient warning to the kiddies that he is on his way. The findings of such a commission would be interesting.

Sallie's Temptations

By Gladys Baker
Copyright, 1925, by Gladys Baker

Sallie Finds Herself in a New Situation.

Morning in Miami and a new day of blue and gold brilliance. Ellie and I sat alone on the open terrace. The others had gone down for a swim in the dazzling ocean, while still others had strolled off to one of the secluded nooks of the extensive gardens.

"What's up?" Ellie demanded, "All I've heard is a whisper about your breezing in at some time in the early, pearly dawning. Mrs. Divine was about as communicative as a pound of cheese when I asked at breakfast about our fair Sallie."

In spite of all that had happened, I was forced to smile at Ellie's amusing phraseology.

"Oh, the less said, the better, I suppose," I answered, wishing to forget all about the episode with Warren Fisher. I would not have to see him again for I was sure he would not follow out his intentions of attending the house party while I was on it.

"Oh, I beg your pardon," she exclaimed in a most exaggerated manner, "can you really beat it—me in the role of the prying scandal-monger? Really, Sport, I'm sorry, it was not idle curiosity that prompted me to pester you with abominable questions. Never you mind whatever it is—or whatever you did, it's all right with me and I'm for you!"

She came over and gave me an affectionate pat on the shoulder.

"Oh, Ellie, you're so fine and loyal. I don't know what I'd do without you. It wasn't that I did not want to tell you everything, it's just so joy-killing that I hate to blow your candle out even for a few minutes."

"I may be wrong but I had an idea under this permanent wave of mine that friends were useful for just such a purpose."

"Well, I'll tell you, it's really very simple after it's all over but I went through the devil's own time with a man last night. He thought I was—well—"

"a little prairie flower?" prompted Ellie.

"Uh-hum," I nodded, "and only after a strenuous argument which ended in me taking to my heels, could I convince him that I was not."

"Never mind, Kid, it's all over now and it happens in the best of families. It's part of a girl's education." Ellie was cynical. I forgot my own worries momentarily and asked for the reason.

"Oh, just a disappointment. I got a telegram a minute ago from—oh well, from the suitor I told you was going to join the party," a pause, then, "business has called him to other places."

"But to get back to your case, Sallie, are you going to let that silly experience dampen your usual dashing spirit?"

"I don't know yet how I feel about it, somehow, I'm sick of the whole business. This thing has sorter taken the starch out of me, Ellie. Of course, I've made a few such silly mistakes before, but this one was worse—the man was much older and, and there was a sort of deliberateness about it that was grossly common.

It never occurred to Ellie to question me in regard to the identity of the man to whom I was referring. She was an ideal friend. Her attitude gave me to understand that if I chose to tell her—well and good—and if I didn't, it was—well and good also. That was Ellie.

I refrained from revealing the name of Warren Fisher—not because I thought he deserved any consideration but I instinctively shrank from dragging in another person on whom to shove the blame for something that had been the result of my own indiscretion.

The maid appeared and said that Mrs. Divine would like to speak with Miss Mitchell. I sat basking in the Sunlight. It soothed my nerves and gave me a feeling of complete relaxation.

In just a few moments, Ellie re-

turned. Her face was dark and forbidding.

"Why, Ellie, what is it?" I started up from the swing in which we had been sitting.

"Damn her narrow, little mind and soul!"

I knew then that the interview had been frightfully unpleasant. I likewise knew that the thing that upset Ellie had to do with my being at the villa. We are all more psychic than we realize and as a rule, we never go wrong on these first telepathic impressions.

"Now, Ellie, you might as well be perfectly frank about it. You can't hurt my feelings. What did Mrs. Divine say to you about me that left you in such a fury—why, Ellie, old girl, look—you're trembling all over."

"I suppose I'll have to tell you. I'd want you to understand similar conditions."

"Of course you would. You're a perfect brick. Come and sit here," and taking her hand, I drew her forward.

"No, sree—not in this house. Not in any swing or chair owned by that—heartless piece of alabaster."

"Careful, Ellie, you're taking about our hostess," I warned. After all, we had broken bread with Mrs. Divine and like the Mohammedans, that rite alone should keep us loyal.

BUILDING REGULATIONS REVISED BY FLYING ANTS

In no instance perhaps is that old saying about "a stitch in time" better illustrated than in the construction of a dwelling in such a way that such pests as our native termites or white ants will be excluded for all time. The Department of Agriculture has received as many as 200 requests this year for help in getting rid of these flying ants. These pests are not like some which can be killed by insecticides or fumigations. They must be prevented from getting into the building by so constructing it that no woodwork comes in contact with the ground.

Each spring and fall these termites or small flying ants emerge in great numbers from the woodwork of buildings that have not been properly constructed and cause the householder considerable annoyance. They have entered the building because, somewhere, there is untreated wood in contact with the ground.

Recently the Bureau of Entomology has been advocating slight modifications of the building regulations of various cities in efforts to prevent attacks by these insects. No untreated wood should be laid on or in the earth, and untreated beams should have at least an inch of concrete between them and the earth. Where it is desired to put woodwork in direct contact with the earth, it should first be impregnated with coal tar creosote. If this is not practicable there should be foundations of concrete or stone. No lime mortar should be used in brickwork in foundations of buildings, since termites are able to penetrate lime mortar that is a few years old. Such brickwork, either on or extending below the surface of the

ground, should be faced and capped with concrete at least 1 inch thick.

It is a great hardship for a householder to have to spend several hundred dollars one or two years after purchasing a building because of damage by termites. The fault is with the architect or contractor, says the department, and the householder should not have to pay. By insisting on complete insulation of all untested woodwork from the ground, insurance against attacks by termites can be secured.

"SLAVES FOR SALE"

This is what a Kentucky farmer had to sell when he started West in 1849, as the bill now being reprinted in the county papers says:

Having sold my farm, and as I am leaving for Oregon territory by oxen team on March 1, 1849, I will sell all my personal property, except two oxen teams, Buck and Ben, and Lon and Jerry, consisting of the following: Two milk cows, 1 grey mare and colt, 1 pair of oxen, 1 baby yoke, 2 ox carts, 1 iron plow with wood mold boards.

800 feet of poplar weather boards, 1000 three-foot clap boards, 1500 10-foot fence rails, 1 60-gallon soap kettle, 85 sugar troughs made of white ash timber, 10 gallons of maple syrup, 2 spinning wheels, 30 pounds of mutton tallow, 1 large loom made by Jerry Wilson, 300 poles, 100 split hops, 100 empty barrels.

One 32-gallon barrel of Johnson-Miller whiskey, 7 years old, 20 gallons of apple brandy, 1 40-gallon copper still.

Four sides of oak tanned leather, 1 dozen wooden pitchforks, a one-half interest in tan yards, 1 32-calibre rifle, bullet molds and powder horn, rifle made by Ben Miller.

Fifty gallons of soft soap, hams, bacon and lard, 40 gallons of sorghum molasses, 6 head of fox hounds, all soft-mouthed but one.

At the same time I will sell my six negro slaves: 2 men, 35 and 50 years old; 2 boys, 12 and 18 years old; 2 mulatto wenches, 40 and 30 years old. Will sell all together to same party, as I will not separate them.

Terms of sale: Cash in hand or not to draw 4 per cent interest with Bob McConnel security. My home is 2 miles south of Versailles, Kentucky on McConnel Ferry pike. Sale will begin at 8 o'clock a. m. Plenty to eat and drink.

POORLY ADDRESSED MAIL CAUSES ENDLESS TROUBLE

A letter, postcard, parcel, or newspaper, entering the mails is simply a piece of mail.

If, because of inadequate or incorrect address, and in the case of the package—improper wrapping—a piece of mail must be taken out of the regular postal machinery for "directory service" or "hospital service", it becomes a NIXIE.

If the postal sleuths are able to correct the address, or return to sender for a better one, it again becomes a piece of mail—though "delayed mail" is the better sobriquet.

If, after an exhaustive effort, the postal "detective" must give up the puzzle, and there is no return address the piece of mail is consigned to the Dead Letter Office, where it again changes its name to dead letter or dead parcel, as the case may be.

Its period of existence as a Nixie is the most expensive one. It demands special attention from the very best clerks. Valuable time is spent in its

behalf, time which also may prove more costly to the mailer or intended recipient through the attendant delay.

But in the long run, the postal service loses most. In Chicago 400 workers do nothing but handle nixies. In New York the service costs \$500 daily. In all the nixies costs the government about \$1,740,000 a year.

BRIDGE WILL BE 280 FEET IN LENGTH

The bridge over the Okaw river, west of town, will be 280 feet long and contain seven 40-foot spans. It will be entirely of concrete and will be 15 feet above the water. A. L. Herrick, of Carlinville, low bidder in the recent letting, was in town the first of the week arranging for a house and expects to move his family here for the summer. He hasn't signed up yet with the state but expects to do so soon. He may be at work on the new bridge within the coming three weeks. He says the job will be completed this summer as he goes under contract to complete the work by Nov. 1st of this year.—Lovigton Reporter.

Notice to the Policy Holders of The Sullivan Mutual County Fire Insurance Company

According to the Official Report of May, 1925 of the Mutual Insurance Bulletin, Number 140, The Albion Illinois Mutual Windstorm and Tornado Insurance Company made report that they had on April 3rd, 1925, made an assessment of forty cents on each \$100.00 of insurance in force on March 18, 1925 to meet the losses of their policy holders in a most destructive tornado on that date. This is reported to have been one of the worst tornadoes that ever occurred in the United States.

The Sullivan Mutual County Fire Insurance Company has made but one assessment of five mills on the dollar in more than eight years.

They Came - they saw - They bought

THE GREATEST JEWETT EVER BUILT

Less than sixty days since the Jewett Coach was announced—and in that short time the country has gone Jewett. Enclosed car buyers everywhere are selecting the Jewett Coach among all coaches as the one outstanding example of roominess—smartness—roadability—quality!

THE FINEST COACH EVER DESIGNED—FINEST IN ROOMINESS—CONVENIENCE—COMFORT—STURDY CONSTRUCTION—DETAIL FINISH

A Coach (\$1260) with the construction and finish of the finest sedan—and sedan roominess. A quality Coach—through and through. Coach buyers have stopped looking for Jewett's equal. For the Jewett Coach establishes a new standard of enclosed car quality.

Jewett Coach will perform any car within \$500 of its price.

That means performance as you understand it—as you want it—on hills—on the open road—through rough going—in traffic—anywhere! 5 to 25 miles an hour in 7 seconds in high! From a mile an hour without bucking to a mile a minute and better in less than a city block. That's Jewett Performance. YOU try it!

It's the greatest Jewett ever built--At the lowest enclosed car price we ever achieved.

THE EASIEST PARKING—STEERING—DRIVING COACH YOU EVER TOUCHED

Turns around comfortably in a 42-foot street. Parks easily in a 16½ foot space at the curb; enters or leaves your garage from a 14-foot alley. Steers with delightful ease. Those who have driven it know. You drive it!

Low first cost—with greatly improved quality. The New Jewett has chassis much improved and worth hundreds more, meeting a great public need for maximum service—minimum upkeep expense. Coach buyers may well ask why any coach costs more than a Jewett. See it and drive it before you buy any Coach—or any enclosed car. You will pay dearly for its equal.

SPECIAL JEWETT FEATURES

DOORS 36 INCHES WIDE permit easy access to rear seat without disturbing those in front. REAR LEG ROOM 45 INCHES; front leg room 45 inches. That means comfort on long trips. ROOMINESS! Rear seat passengers leave the Jewett Coach without disturbing those in front. THE PAIGE-JEWETT ONE-PIECE VENTILATING WINDSHIELD not only lifts to ventilate, but can also be tilted outward when desired

HYDRAULIC 4-wheel brakes (Lockheed type) at slight extra cost. Let us tell you more about this wonderful car.
