THE REVIVAL MEETING The home force revival meeting which began in full force last Sunday has already proven itself very successful. The Bible School which is led by Carl Hill and Homer Wright,

Lake City Bank **Robbery Suspects are** Taken Into Custody

Cerro Gordo Barber and Two Railroad Men Believed to Have Robbed Lake City and Jewett Banks in September. To be Brought Here.

Three men who have been making their homes in Cerro Gordo are under arrest on charge of having robbed the Lake City bank and the Jewett bank

The men are Eugene Rogers, Cerro Gordo barber and Fred Richardson and Sam Grubb, railroad men, who have been rooming in Cerro Gordo at various times.

Rogers was arrested in his barber shop Tuesday afternoon by officials of the various bankers associations that are interested in the case, assisted by Piatt and Champaign county officials.

The other two men were only caught after a spectacular chase over miles of hard road in the vicinity of Cerro Gordo. After their capture the three were taken to the Cham-

The men have been given thorough grilling since their capture but have made no admissions. Identification will be established through several farmers who saw the men on the morning of the day when the Lake City bank was robbed in the afternoon. A fourth man who was in the party has not yet been arrested although reports say that it will be but a question of time until he too will be gathered in. -

Sheriff Ashbrook and Deputy Foster went to Champaign Thursday morning and were expetced to arrive in Sullivan with the prisoners some time late Thursday afternoon. After the arrival here the men will be taken before Police Magistrate Lambrecht for a hearing and then locked up for the present. None of the men are known here.

SHERIFF'S TELEGRAM SAYS GREEN DAVIS CONFESSED

IMPLICATION IN CRIME There have been no new developments in the case of the three Sulli

van boy, Harry Hill, Melvin Davis and Raymond Bozell, who are being held in jail at Sycamore on charges or having stolen a quantity of merchandise. All three are reported to have confessed to taking the stuff and say that much of it was shipped

to Sullivan. The farmer Lake, where Davis boarded and worked is also implicated.

When the boys confesed they are said to have stated that much of the plunder had been shipped to this city to the home of G. W. Davis, father of Melvin. Some of the Sycamore officals came here on Wednesday of last week and made a search for it. They failed to locate it and Mr. Davis accompanied them to Sycamore.

On Thursday night Sheriff Ashbrook received a telegram from Sheriff Crawford of Sycamore stating that "Green Davis - has confessed"

and giving other details. Mr. Davis returned to this city Friday morning. His confesion was not a basis on which to hold him at Sycamore, as the crime of receiving and disposing of stolen goods, if he be guilty of such, was committed in Moultrie county. No action has been taken against him here.

Mr. Davis strenuously denies that he has confessed or that he is implicated in the crime of the boys. The

telegram which names him is in possesion of the Sheriff, but despite this fact Mr. Davis declares that a mistake has been made somewhere.

Water Ordinance Will Be ready for Passage Next Monday Night

Experts in Lines of Finance and Work Have Important Legal Document Ready to Submit to the Council for Passage.

After months of careful preparation Sullivan's water ordinance will be ready for passage by the City Council Monday night.

The ordinance has been prepared by the local officials, assisted by the engineering firm of Holbrook, War-ren and Van Praag and the firm of Rogers & Co., bond brokers of Decatur. The legal end of the work has been entrusted to a Chicago Water Certificate attorney named Kraft. He is leading authority in this particular

The ordinance covers every detail of the improvement, such as exact location of the two new wells, location of the water main to this city and all other equipment. It also provides for the plan of finance by issuing of water certificates.

After the passage of the ordinance it will be published for three weeks, after the expiration of which time bids for the improvement will be asked for.

Work is proceeding just as rapidly as the Council can push it, without running into any entangling snarls.

NOT A ONE-MAN TOWN

Sullivan is not a one-man town. Have you ever stopped to think of what an unmixed blessing that is? What is a "one-man town" you may ask.

It is a town or small city wherein resides one man who is so exceedingly wealthy or prominent that he is in WHO IS RESPONSIBLE? control of anything and everything that amounts to much in that town.

His word is practically law. None dare do or say anything that might offend him. All business and social matters must be so regulated as to not give him offense. The banks which he either owns or controls must heed his wishes or go out of business. In that way he holds a financial club over the heads of all who may displease him. The same also applies in social matters.

In these one-man towns, and there are plenty of them, no man may call his ideas unless he first gives careful thought as to what the city's "czar" may think of it. City officials are elected to please him. Ministers sermons must even conform to the type of religion he practices.

Often this one-man power is not vested in just one individual, but in a group of which some one outstanding figure is the head.

I'd hate to live in a one-man town. I'd hate to belong to anything that was a one-man proposition. It is contrary to the spirit of undiluted democracy and it tends toward the decay of real Americanism.

Some years ago I was in a lodge room. It was one of the most prominent lodges of that fraternity in Illinois. I had expected much. I found goes where money is. little. That particular lodge seemed to have gone to seed. Its rooms were dilapidated and its organization seemed indifferent even though some of its members had held the highest offices in the gift of the state grand lodge. "What is wrong here" I asked one man. "Oh, this lodge is a oneman affair and the fellows have gotdropped out or they no longer attend by dishonest knaves. meetings" was the answer.

THIS MAN INTENDS TO KEEP IT IN THE HOUSE

In May or June, 1913, I got four bottles which were worth many dollars to me. They enabled me to go to work again. I had lost 40 pounds, but these 4 bottles of Mayr's Wonderful Remedy for stomach trouble gained back all I had lost and I feel like a new man since. I shall keep it in the house all the time." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. Out Where the West Begins!

I just finished hearing a Politician, one of the Washington Boys, talk on Abraham Lincoln. The only thing I could picture in common between him and Lincoln was that they had both been in Washington. When a Politician aint talking about himself he is talking about Lincoln. Lincoln has had more Public men speak of his good qualities, and fewer copy any of them, than any man America ever produced. His famous address was only about two hundred words long. No Politician has ever been to even copy his briefness.

It's true he set me moonbeams kept tryst with the caprito thinking, (I know him so well) and in a flash it all came back to me. Then I, too, recalled the ugly tale at down.

"She said you thought her face was familiar the first time you'd ever met.

"By Jove!" he exclaimed, "did she even remember that?" Then a puzzled expression swept over his face as if he were trying, piece by piece, to figure things out.

Then he shook his head.

"What's the matter?"

"Nothing," he replied slowly, "it's just that I'm sorry she thought my brother or I would even say anything about her that was the least bit unkind."

From what he had said and the varying emotions that played on his face, I began to understand the situation that, up to this time, had been such a complicated affair. It was plain to me now that Anne, seeing Curtiss with his brother and having a guilty conscience, figured that being his brother, he would tell Curtiss about her disgraceful behavior at the Camp and so she imagined that if she told the story first, the sheer nerve of it would keep anyone from believing any bit of scandal that might leak out. Poor Anne! She might have known that two such men would have shielded her name.

.... then Curtiss, you didn't fall on your knees when she gave you back your ring and cry?" I teased. He laughed outright.

'I never heard such rot."

"She said you did and you see I wasn't very thrilled over being-second choice," I said pounting but when I saw he was about to reassure me by taking me in his arms, I stopped my pretending and flashed him a smile instead. "Let's stop talking about it, I feel sorry for her," I declared.

"You would, yu wonderful, wonderful girl!"

Prof. B. F. Peadro of Urbana, Illinois, was a visitor at the grade schools Thursday of last week. He gave the students of the departmental school a very interesting and helpful talk. DR. CHARLES REIGN SCOVILLE WILL PREACH IN MATTOON

Dr. Charles Reign Scoville, worldfamous evangelist, and his party of five expert helpers will open a great religious campaign at Mattoon in an especially erected tabernacle in Peterson Park Sunday morning October 11 at 11 o'clock. Rev. James R. Axtell, assistant evangelist, Professor I. N. Farris and Miss Irene Scoville are now in Mattoon preparing for the opening day. The leading feature of the opening day will be the awarding of two beautiful silk flags to churches outside of Mattoon. The first flag to be awarded will be to the church having the largest percent of its membership present and the second award will go to the church having the larg-est delegation present.

Special nights have also been reserved for Charleston, Sullivan, Neoga, Oakland, Lerna and several other nearby towns. A great chorus choir will be one of the leading features of the revival. Dr. Scoville in 1912 took six evangelists and girdled the globe in revival work. In Australia he conducted great revivals in Melbourne, Perth, Sidney and Adelaide where he won thousands of converts. He is said to be the most dynamic of living Associated with Dr. evangelists. Scoville is his charming and talented wife, Arlene Dux Scoville who is undoubtedly the greatest sacred soloist in America today. Mrs. Scoville who has just finished her tenth season of vocal training under the celebrated Oscar Saenger of New York City will sing every night during the campaign. During the campaign the Scoville party will be visiting many of the nearby towns for day services thus affording the citizens of this community a rare opportunity of hearing this distinguished revivalist.

The great opening service will take place in the tabernacle Sunday morning at eleven o'clock at which time the noted evangelist will deliver his first sermon entitled, "The Call of During the afternoon service which starts at three o'clock Scoville will touch on national sins and give a review of world conditions. The night service at 7 p. m. will be a great sal-

vation demonstration.

A HORSE ABOUT AT THE END OF SECOND GAME OF WORLD SERIES. GAME SHIFTS TO WASH-INGTON FOR THIRD GAME

After downing the Pirates 4 to 1 in the opening game at Pittsburg Wednesday, the Washington Senators went down before them Thursday with the smallest end of a 3 to 2 score. Home runs by Judge, Washington's 1st baseman, and Wright and Cuyler, Pittsburg's shortstop and right fielder, were the thrillers of the game. Pittsburg cinched the game in the eighth inning when 2 scores were tallied, making it stand 3 to 1. In the ninth inning Washington was only able to push over one score before the finish.
