Rural Route Patrons Urged to Co-operate For Better Service

P. O. Inspector Finds Many Things to Complain of. 575 Boxes on Routes. Postmaster Issues Statement and Urges Better Conditions.

Many people who have Sullivan as their address and get mail service on the rural routes do not take the proper care of their boxes and conditions surrounding them.

This was found to be the situation by W. L. Ramsbottom, inspector, who spent four days here in an examination of route conditions.

Postmaster C. E. McPheeters has issued the following statement relative to the findings by Mr. Ramsbottom and issue a plea for co-operation that things may be so changed as to man. conform to the government's require-

Mr. McPheeters' statement is as "Inspection of Mail Rural Routes

"Postoffice Inspector W. L. Ramsbottom, spent four days here last week, inspecting and re-measuring all our rural routes. We have six rural routes, and have a total of 575 boxes and serve 615 families. A population of over 2500 and a total mileage of 168 miles. A great many of our rural patrons surely do not appreciate the mail service, from the condition their boxes are in. The Department requests that all boxes be so placed that they may be conveniently served by the carrier, without dis-mounting from their conveyance, and that all boxes and supports shall be painted white, and that the names of the owners of the boxes shall be inscribed on was granted. both sides of them, in black letters, not less than one inch in height.

Our division of Highways is going to see that all of the above is enforced and if you do not comply with the requirements your box probably will be removed by the maintenance men.

Out of our 575 boxes, we only found 12 painted white, a great many boxes have no lids, leaning so that it is nearly impossible to place mail in them. No flags or signals on them and a great many have near them mud holes so bad that the patrons have to place boards so they can get to their mail.

Sullivan most emphatically demonstrated to the officials of the Brown Shoe Company that the city wants a branch shoe factory, when those of-ficials called here Tuesday to give this city a look-over.

In the party were Vice-President McCarthy, who is really the active head of this great manufacturing concern. He was accompanied by Mr. Kaut, superintendent of the Brown factories and by Mr. O'Brien also a high official in the company.

These men arrived Tuesday morning and the local shoe factory committee acted as a reception committee and showed the visitors what Sullivan has to offer in the way of a city.

Big Dinner Served.

At the noon hour a dinner was served in the Masonic Hall dining room by the Ladies of the M. E. church, The Shoe factory officials were guests at this dinner. 121 were

Other visitors present were railroad officials representing the three roads which pass through Sullivan. After the dinner Mr. McLaughlin,

chairman of the shoe factory committee introduced the Browns' men. Mr. McCarthy was the spokesman for the officials. He spoke very highly of Mr. McLaughlin and his as-

sociates in bringing Sullivan's desire for a factory to the attention of the Brown Shoe Company.

Will Build Soon.

Relative to the location of that factory he stated that his company was going to build as soon as a location can be decided on. Eight or nine cities have been investigated, but the choice has simmered down to three or four and one of these is Sullivan.

He stated that by the end of the week a decision would be made in St. Louis and if that decision favors Sullivan, "then if you still feel that you want this factory, go ahead with your campangn".

He urged that a thorough investi- fice. Alderman Swisher Succumbs to Heart Attack Wednesday

Ill Only a Few Hours Before Death Claimed Him. Long Prominent in Affairs of This Community. Funeral Arrangements Not Completed.

Alderman J. E. Swisher died suddenly at his home Wednesday morning after a short illness. Heart trouble was the cause of death.

On Tuesday he worked as usual at his blacksmith shop on Harrison street. Tuesday evening he was taken ill. Medical aid was summoned and he found temporary relief but was again stricken later in the night and passed away at 4 d'clock.

I see where some of the Foreign Nations say they are going to FUND their debt to America, and all the Papers are all excited about it. But the BULL'S EYE is a Paper that never misleads our readers (either one of them). FUNDING a debt means about the same thing as having a fellow that has owed you for years, come to you and say "I am going to make arrangements to take up that loan I owe you just as soon as I can collect it from some fellows who owe me." So don't by any means get FUNDING mixed up with PAYING. The two have nothing in common. These Nations are just stalling until another War comes along and the first thing you know our debt will be four Wars behind. We have enough saved up to fight again, but they are using it now to enforce Prohibition.

Oh, yes, "BULL" DURHAM. I like to forgot to mention that. Well, that is what the Foreign Nations are paying us in. "BULL" DURHAM without the DURHAM.

CAUGHT IN THE ACT

I was nearing by eleventh birthday and was in my highest stage of mischievousness. My father promised to tell me what comes in like a lion and give me a five dollar bill if, when my goes out like a lamb?" birthday came, I had been good for at least ten months. But it was impossible for me to get the five dollars, because I had done numerous little things, including a ride to Payne, on the place where the spare tries are put, after being told I couldn't go. My father marked all these against me for not being good. He had also reminded me that out of twelve months, I had been good only four, three of which I wasn't at home.

Two days after this a salesman, representing some company, called on my mother to sell her something. She was very busy with the housework because she hadn't been home for nearly two weeks. When she saw the man drive up, she told me to run out and play with the neighbor's lit-

I was wondering who it was coming out the side door, so I looked over the eldge of the roof. As he neared the first step, I changed my position. Just then father entered the back door and came into the room where mother was talking to the salesman. Just as the salesman took death: week. The basketball material is good the first step, I changed my position to see him better. All at once I saw the jam come out of the jar. It fell right on him. PROJECT WORK OF FARM BUREAU SHOW RESULTS; T. P. ELLIS RE-ELECTED

(Continued from page one.)

Seed Corn Situation.

Farm Adviser Turner here took up the discussion and went over the seed corn situation this year. The Fall was so favorable very few farmers picked an early supply of seed, consequently the freeze found most of us unprepared. It was concluded another seed corn culling campaign be put on, followed by the germination test for rot rots at the Farm Bureau office. The Adviser asked on having seed corn tested for root cent responded in the affirmative. The seed corn germinator will be enlarged to take care of this demand.

W. E. Mann of Allenville was called on to report on the use of phosphate in the county. While Mr. Mann had not used rock phosphate, he had used bone meal with excellent results and observed the use of rock phosphate on other places. He is ordering 20 tons of rock phosphate for Fall delivery. 26 other farmers over the county have ordered phosphate for delivery this fall.

L. D. Seass on the limestone situare being drained of limestone by crops and leaching and that it is necessary to replace the limestone in order to grow the clovers and alfalfa. During the past few years the Bureau has been ordering 12 to 15 cars of limestone a year but this year former applications of lime, continued failure of clover, and the soil testing campaign. This Fall alone the Adviser reports soil tested for 100 Management, College of Agriculture, farmers. Sharp and Bud Ekiss were visited and good results witnesses. Mr. Smith reported digging a new well and supplying water in a sweet clover and alsike pacture. He constructed eight individual hog houses and bought eight sows. These sows saved 63 pigs. There was no trouble present. He sold two groups of these hogs later at \$13.90 and \$14.00 weighing around 190 pounds. Mr. Smith reported it a profitable hog venture. Mr. Bone's June pigs have made excellent gains and are now weighing 180 lbs. and gaining 2 lbs. per day.

Adviser Turner reported on the dairy work since the chairman of this project was not present. There are now 27 members of the Dairy Improvement Association and the results have been more than average. The Bull Association is still progressing favorably. A Dairy Calf Club is expected to be formed in the Spring. The Poultry Work.

Geo. M. Anderson, Minister. Monday night of this week several boys, together with the pastor, met at the church to consider organizing a Boy Scout Troop. All the boys were very enthusiastic about such an organization and have decided to meet again next Monday evening at 6:30 o'clock to sign up and send for a troop charter. Parents should be interested in this kind of work as the terested in this kind of work as the chief aim of the movement is to develope boys physically, mentally and morally. Read the Scout Oath, and Laws, which the boys are required to memorize before they can become members, and see whether or not it is a worthy thing for your boy. The Scout oath and laws and scout requirements are published elsewhere in this paper.

Thanksgiving Union services will be held this year on Thursday morning at 10 o'clock. The meeting will be held in the Methodist church. It is very important that this day be observed as a thanksgiving day. One of gathering together of all the people in the land, to give praise and thanks unto God. The service will close promptly at 11 o'clock so as to give plenty of time for the Thanksgiving plenty of time for the Thanksgiving dinner.

BOY SCOUTS WILL ORGANIZE MONDAY NIGHT

Next Monday evening November 23rd at 6:30 o'clock, the boys 12 years and over will meet at the Christian church parlor to organize son, pastor of the Christian church during all scout gatherings and regular meetings. Mr. Anderson has been a Scoutmaster before and takes a de light in the work.

A brief word of explanation may be necessary for the parents and the boys that are planning to be scouts. 1. The troop will meet each Monday evening at 6:30 o'clock. The

meetings will be under the supervision of the Scoutmaster. The purpose of the meetings are for study and play. The meetings will be about one hour and a half in length.

2. A boy must have become 12 years of age, and have satisfactorily passed the tenderfoot test before he can register.

3. A registration fee of 50 cents must also be paid by each boy upon registering. This is an annual enrollment fee and is sent to the Na remuneration for his services.

DOROTHY BATMAN ANNOUNCES APPROACHING MARRIAGE AT SHOWER FOR HELEN CHASE

At a shower given Friday night at the home of Miss Dorothy Batman, for Miss Helen Chase, who will become the bride of Dewey Clark, Nov. 26th, the approaching marriage of Miss Dorothy Batman to Ray Singer, of St. Louis, was announced. The wedding will take place December 5.

The rooms were artistically decorated, the color scheme being pink and white. A large wedding bell adorned the center of the table, from which streamers of pink ribbon went to each plate. Upon pulling the ribbons, the announcements were found concealed in wedding rings.

The evening was spent at bridge, Mrs. Susan Roney receiving high score prize and Miss Lulu Clark the consolation prize.

Miss Chase was the recipient of many beautiful gifts.

Those present were Misses Gertrude McClure, Mildred McClure, Lula Clark, Helen Chase, Mabel Cazier, Marie Hoke, Ruth Todd and Mesdames Ruth Billman, Susan Roney, Carmen Patterson, Dorothy Bence, Gertrude Taylor, Grace Clark, Elizabeth Gifford and Helen McCune.
