Sixteen Indictments Returned Saturday By Mar. Grand Jury

Bank Robbers Re-indicted and Other Old Indictments Voted to Make Them Legal. Kirkendoll and Miller Held.

The March grand jury reported Saturday morning to Judge Sentel in the Circuit Court.

Sixteen indictments were returned. Quite a number of these were returned to make good some that had been returned in March and September of last year. Those indictments were questionable because of States Attorney Brown's ineligibility to hold the office of States Attorney.

The Supreme Court in the Munson case ruled that Mr. Brown was not able to serve as States Attorney at the time the indictments were returned, not having been admitted to the bar. Since that time Mr. Brown has been admitted to the bar and is now holding office by appointment.

Eddie Munson, Clarence Hissong (Curly Burns) and Edward Murray were all re-indicted on charges of "robbery". Munson is now at liberty, Hissong is in the penitentiary and Edward Murray is in the county jail here awaiting trial. These men are accused of having robbed the Gays bank on January 19th of last year.

A number of indictments were returned against Sherman Miller and John Kirkendoll. These are the men that were in the car that ran over Deputy Sheriff Marcus Foster some weeks ago.

Homer Jenkins is indicted for "aiding escape". This indictment grows out of the charge that Jenkins smuggled several saws into the jail.

Marvin Austin was indicted on a charge of "selling and possessing intoxicating liquor".

The complete list of indictments and the bonds fixed in each is as follows:

Henry Cummings, rape, bond \$5000.

Melvin Davis, burglary and larceny Bond \$750.

Green Davis, receiving stolen property. Bond \$750.

Raymond Bozell, burglary and larceny. Bond \$750.

Sherman Miller, selling and possessing intoxicating liquor. Bond \$300.

THE STORY OF A LABEL

Your newspaper label is a rather clever method of bookkeeping devised years ago by some newspaperman. He wanted his subscribers to know when their subscriptions expired, without having to notify them of that fact by letter or post card.

Immediately following the name he put the expiration date. If the label reads "John Jones 2-14-25" it means that John Jones' paper is paid up to February 2nd, 1925. By this method the subscriber can easily note the date of expiration of his subscription.

New Pictures Arrive; Operetta Apr. 15-16; Other School Notes

Proceeds of Operetta to be Applied to Purchase Price of Piano. Special Programs on Friday Mornings.

Sometime ago the grade school put on an Art Exhibit for the purpose of earning money to purchase pictures for the school. The proceeds of this exhibit amounted to something over \$100. With this amount we purchased twelve pictures for the school. The Friends in Council club and the Loyal Daughters Class of the Christian church each purchased a picture for the school. These pictures have arrived and are being placed in the various rooms of the school. Again we wish to thank both of these organizations for the pictures they have donated.

Grade School Operetta WHEN April 15 and 16

The Grade school will give the operetta, "The Windmills of Holland" two evenings, April 15 and 16. It will be necessary for us to give this operetta two evenings since our assembly room is not large enough to accommodate the people on one evening. We would like every one to keep these dates in mind. We have tried to arrange the dates so they would not conflict with any other schedule. The proceeds of this entertainment will be used to finish the purchase price of a piano to be used in the North Side School. We feel that every one should be interested in this event and give us loyal support.

Section two of the eighth grade will give a program Friday morning of this week in the assembly at nine o'clock. Any one who wishes to attend may, do so. You are welcome. We will give similar programs every two weeks until school closes. You are welcome to any of these programs.

COME AND HEAR

As a Christian nation, we are all interested in the great problem of world peace. "Peace be with you" said the Lord and He left it to us to find the way. Consequently all who seek to bring about "Peace on Earth, good Will to Men" are carrying on the greatest work that the Saviour delegated to mankind.

War is Hell. Sherman said so. It is Satanic. It is destructive in every way. It fans the barbaric lust of blood and turns man into worse than savage as he seeks to destroy his brother.

And there is an underlying cause for all of this. The selfishness of mankind, its striving after earthly gain. There are those who profit by war. For every pint of blood shed on the battlefield somebody reaps a harvest of dollars.

The insatiable greed for filthy lucre, whether it be through war profiteering or through political maneuvering is one of the most despicable things that besmirches this fair world.

On most of these assertions all can agree. The question is, how can the nations so conduct their affairs to keep down the war lust? How can world peace be made the dominant key-note of all transactions between nations?

The world now is at peace. In time of peace prepare for the continuance of peace.

What does all the heritage you may leave your sons and daughters amount to, if some day the demon war will destroy them?

Many proposals for world peace have been offered. Some may be practical and some may not. As civilized people it is our duty to keep informed on this great subject.

Some people approve the League of Nations plan and some do not.

Political prejudice and profiteers' propaganda may have much to do with the sentiment which exists against the League. Perhaps some of this may be deserved.

The League is in existence and functions. If we are on the way to world peace, let us take a ride in that vehicle which seems best adapted to carry us to our destination.

Come tonight (Friday) to the Christian church and see the great film "Hell and the Way Out" and hear what George Fulk has to say on this great question. Mr. Fulk has made a deep study of this momentous question from a non-partisan standpoint. He is not seeking political office. He has nothing personal to gain. He is devoting his time and effort to what, to him, seems to be the biggest problem of civilization.

Citizens Training Camp Vacation Offered to 12 Moultrie Young Men

Two Have Already Made Application and Have Been Accepted. The Idea Back of the Training Camp Movement; an Opportunity.

Twelve Moultrie County boys will have the opportunity of attending a Citizens' Military Training camp this Summer. Two have thus far made application and have been accepted. They are William E. Dedman, who will go to Jefferson Barracks at St. Louis from July 8th to August 6th. The other applicant accepted is John Alphous Phillips of Arthur.

The chairman for Moultrie county is Major S. L. Stevens of Dalton City. Moultrie county is in the Decatur district, the quota for which is 157.

Citizens Military Training camps will be conducted at 40 camps in the United States.

Purpose.

The object of these camps is to bring together young men of high type from all sections of the country on a common basis of equality and under the most favorable conditions of out of door life; to stimulate and promote citizenship, patriotism and Americanism; and, through expert physical direction, athletic coaching, and military training, to benefit the young men individually, and bring them to realize their obligations to their country.

Who May Attend Basic Course.

The Basic Course is open to all men between the ages of seventeen and twenty-four years, who are of sound character, intelligence and physical condition. No educational qualifications are prescribed for the Basic Course, but each candidate must file a certificate of good character, signed by schoolmaster, clergyman, priest or rabbi, together with medical testimony from a qualified physician as to hearing, eyesight, heart action and a general physical condition adequately fitted for the course of training. No previous military training is required for attendance at this course.

Expenses Paid.

The Government will pay expenses of transportation, uniforms, food and medical care of those attending these camps.

"The Plattsburg Idea".

The training at C. M. T. camps will be carried on in the spirit which infused Plattsburg and the other pre-war camps. The ideal of virile American manhood will be strongly emphasized in this and all similar camps. Devotion to country, good comradeship, "teamwork" and a feeling of democracy, coupled with a high respect for good discipline and morale will be throughout controlling aims.

Military Training Basic Course.

Training and instruction will include the initiation of all who attend into the elementary duties of the soldier and the ordinary routine of camp life. There will be squad, platoon and company drills; small arms practice; guard duty; rifle range work; camping and marching; individual cooking; care of equipment and actual problems in minor tactics.

Physical Training.

The supreme aim of the C. M. T. camps will be the physical well being and development of all who attend. Every man is required to take vaccination against smallpox and anti-typhoid treatment before he reports at the camp. Army surgeons and officers of the Medical Reserve Corps will give this treatment free, or serum will be sent, on request to the family surgeon. Outdoor games and sports will be under the direction of experts. Careful attention will be given to the removal of all minor bodily defects with advice as to future corrective treatment and exercise.

Recreation.

Full provision will be made at all camps for the wholesome and interesting employment of all leisure time. There will be lectures, moving picture programs, amateur and professional musical and dramatic entertainments with full use of Post Exchange facilities, mail service and club rooms. Evening moving picture and vaudeville shows are provided at the camps at low prices, so that all may attend.

Equipment.

Each candidate will bring to camp one piece of hand luggage containing shaving and toilet articles, four suits of underwear; two pair of pajamas; six pair of socks; six handkerchiefs; four face towels and two bath towels. It will be well also to bring athletic uniforms and equipment, musical instruments and bathing suits, insofar as each has these articles. Military clothing and equipment will be furnished and laundry service provided free.

Morale.

C. M. T. Camps are places to which parents can send their sons with the confidence and justified expectation of finding the best ideals of the true American community. In every possible way there will be cultivated a high sense of patriotic devotion and fidelity to the basic virtues of the American citizen.

GENERAL NEWS

The Seniors held their carnival Saturday night. They took in \$60.16 and will clear about \$25. The way they got some of this money was by putting just anybody they could catch into jail and making them pay their way out.

Nettie Loveless was elected carnival queen and presented a box of candy.

The Literary Societies are practicing their double quartettes to be given this Friday. All societies are now tied for points. It is hoped this number will break the tie.

The dramatic readings and Agorian Society play which are to be given Patrons Day, April 16, are being practiced.

Missels were flying through the air in Chemistry laboratory. Margaret H. tried to hit Herman Martin with a piece of charcoal.

A debating team is being organized to debate before the public some question on Prohibition.

SPORT BRIEFS

On Monday evening Mr. Sterling called for men to try out for the 1926, track team. The boys came out to try for mile, half mile and quarter mile run.

Candidates for other events will be called for some time soon.

Prospects are good for a good track team this spring.

Sullivan will enter the county meet and also compete for honors in the Okaw Valley League.

The county meet will be held at Arthur again this year.

MUSIC

Band practice was postponed to a later date on account of Mr. Lucas, the director, being ill.

Several instruments were given some of the girls so that they may be in the band. These instruments were bought by the school for anyone to use who wishes to play in the band.

SOCIETY REPORTS

The Agorian Literary Society began Monday rehearsing for the play which is to be given Patrons Day. The play selected was "Who Kissed Barbara?" and good results are expected from it.

"Too Much of a Good Thing" is to be given by the Thalian Society, April 2.

The public is invited and a large crowd is expected.

Come one! Come all!
Reporter, Bertha Roley.

CLASS NOTES

The Senior carnival was pronounced a success by all who attended. There were many interesting side shows, among which were: Zwolsky, the wild man, a unique fortune teller, and a side show of ancestors. There was a refreshment stand and also a fish pond. The Minstrel show was also exceedingly clever. An athletic show, given by Mr. Sterling, Collie Baker and Theodore McDonald was also very interesting and was enjoyed by all who saw it. The Seniors made about thirty dollars clear.

The Senior class held a meeting Wednesday. They chose Rev. Anderson to give the Baccalaureate sermon. The invitations for commencement were also put on display.

The cast for the Senior play "Nothing But the Truth" has been chosen.

AGRICULTURAL NOTES

Each member of the soils and crops class in making an acid-soil test for his farm. The results of the test are plotted on large outlines of the farmers. Strongly acid soils will appear in dark red outlines, medium acid soil in light red outlines and sweet soil in blue outline. Recommendation for the application of limestone will be given for each field of the farm.

The Animal Husbandry class is praying for fair weather in order to start judging the different classes of livestock.

Mr. Ifner visited the farm of Henry Hortenstein of Gays. Mr. Hortenstein has two hundred head of Texas Herefords that will go on full feed about May 1. His cattle took first and sixth place among the carload lot class of Hereford yearlings at the last international.

The Animal Husbandry class saw the prize winning cattle last fall and will probably make a trip to see the cattle now in feed.

THE BURGLAR

(With apologies to Edgar Allen Poe)
Once upon a midnight dreary,
while I pondered weak and weary,
Over many a page of History and
Botany galore,
While I sat there, nearly sleeping,
all at once there came a cracking
As of someone slowly sneaking,
sneaking in my chamber door.

"Tis my pet goat," I muttered,
"smelling at my chamber door;
Only he and nothing more."

Long I sat there. I remember it was in the bleak December,
And each separate dying ember wrought its ghost upon the floor.
Rapidly I turned the pages; trying to review the ages

From my books gain all the knowledge, knowledge till my head was sore,

For the finals hard and lengthy, which are such a beastly bore.
Merely study and all is o'er.

Suddenly my heart grew weaker, and I jumped into my sleeper,
Leaped into my cozy bed, with whose covers I adore,

Instantly I caught the shadow of a man just back from battle.

He, it was entreating entrance at my chamber door.

Only he and nothing more.
Soon the burglar was beside me, and the sight I saw did thrill me.

Up I leaped, horror stricken, "Who is there?" I did implore.
But the spectre made no answer, and my heart, how it beat faster.

Nightmare was entreating entrance at my chamber door.
'Twas a dream and nothing more.

—Grace Cody.

JOKES

Not Far Behind.

Gladys Wood: "I heard your father was an undertaker. I thought you said he was a physician."

Clara Robinson: "Not at all, I just said he followed the medical profession."

One Never Knows.

Miss Sullins: "My bill, waiter."

Waiter: "What did you have?"

Miss Sullins: "I don't know."

"Hash is forty cents."

That's Right.

Mary E. Leeds: "I wouldn't wire home for money. Why don't you write?"

Dorothy Swigert: "You can't send a letter collect."

The Sequel.

The cap and gown exercise at commencement will be supplanted by the cap and overalls exercises after commencement.

Just a Good Neighbor.

Miss C. Hobbs: "Now this plant belongs to the begonia family."

Clifton Bolin: "Oh, yes, and you're keeping it for them while they're away."

Ouch.

In Sullivan's assembly seats are things for us to frown on. They place the sharpest tacks there that ever I sat down on.

Not To Blame.

Billy Miller: "Edwin, I dreamed about you last night."

Edwin Bolin: "You did, you dear girl!"

Billy: "But I'm not blaming you. Something I ate disagreed with me."

Speeding Him Up

Orville Seitz was hugging a life-sized dressmaker dummy through the shopping crowds when Jim Campbell noticed his embarrassment and at once lifted the helpful voice.

"Hurry up, Romeo," he shouted, "Her father's after you!"

CHURCH NOTES

PRESBYTERIAN CHURCH

Spring is here, and winter's biting frosts has changed to balmy winds and growing showers. Mother earth moves nearer the golden orb of day, and feels the gentle rays of light and warmth, exhilarating life in new manifestation. We note the bud and bulb, and the tender blade of grass rising with new beauty. We hear the song of the bird with the breaking of the grey dawn. Spring, how glorious as nature puts on a new garment of beauty and of praise. Creative energy is here present on every side, also divine wisdom working through immutable laws. Behind the sun, the cloud and the shower there is a wise Providence. Things do not come by chance. His mercies are new every day, and his sun shines upon all. It is for us to see the sun, and linger in its life giving rays. May we not forget the Giver of every good and perfect gift and come before his presence with thanksgiving.

PLYMOUTH BRETHREN

A. J. Burville, Pastor.

Sunday School at 9:30 a. m. Preaching at 11 a. m.

Christian Endeavor at 6:30 p. m. Subject, "Things in Heaven for us".

We have been much impressed in 1 Kings, 19 chapter, 11, 12 and 13th verses. It seems today with some poor deluded people that the more hollowing and excitement they can make the more religion they have.

Satan, you know, is very religious. Some people kick up so much noise

that they cannot hear the still, small voice of the Spirit of God. God is not the author of confusion. One of the main reasons, in fact, "the reason", for the folks who believe in saved today and lost tomorrow, is "excitement". They never slip forward in the first place. They only get a dose of excitement and not true religion. Religion is a sensible, reasonable contract between the Almighty God and the soul. Study the Billie Sunday revivals. A thousand or so tread the sawdust trail. Where are they a year from the revival. Perhaps "six" out of a thousand stick and those six would have been "saved" anyhow if "the word of God had been preached" in the power of the Spirit. The after effects of the majority of revivals are bad.

Prayer meeting on next Wednesday at Mrs. Roy Randels', Campfield street.

Bible class at the home 618 Grant street.

We invite all of God's people to our meetings.

METHODIST EPISCOPAL CHURCH

C. D. Robertson, Pastor.

The school is doing very nicely in the court rooms and the rooms adjoining it, which serve excellently as class and department rooms. And best of all, the attendance has not fallen off during the absence from the church.

Morning worship at 10:45 a. m. The pastor will preach.

Epworth League devotional meeting at 6:30 p. m. All young folks of whatever age are invited to this meeting. It is a good place to spend an hour on Sunday evening.

Evening worship at 7:30 with sermon by the pastor. The orchestra and all other special features of the evening service have been kept up while at the court house.

Preparations for the combined Easter and Home coming services are going on. A class is being formed for reception into church membership at the Easter morning service.

The Intermediate Department of the Sunday School will present a pageant during the session of the school, and in the evening the Sunday School Chorus will present a musical program, which will be illustrated with slides. Services will be held each night during Easter week, and several

former pastors of the church will be present.

The church where there are no strangers invites everyone to all these services, which will all be held in the circuit court room. Please use the West door.

FIRST CHRISTIAN CHURCH

Geo. M. Anderson, Minister

Sermon subject next Sunday morning at 10:40 o'clock will be "The Christian Life". The Lord's Supper will also be observed during this hour. The early church of the apostolic days observed the Lord's Supper on the first day of each week. Acts 20:7. The first day of the week is also called the Lord's Day for it was in this day that the Lord arose from the dead. It was on the Lord's Day that the first church was established. We also find according to 1 Cor. 16:2 That it was on the first day of the week that the early Christians laid by in store as God has prospered them.

"The Seven Cries From the Cross" sermon subject Sunday evening at 7:30 o'clock.

Christian Endeavor meeting at 6:30 o'clock. Kenneth Johnson, leader. The young people will have charge of the Sunday evening service April 11th.

Father's and sons' banquet, Thursday evening, April 15th. The committee is planning to make this an outstanding occasion of the year and one that will long be remembered by all present.

Easter cantata will be given Easter Sunday at 7:30 p. m. Mrs. Mabel George is in charge of this musical festival and she together with the choir, are planning to give a first class cantata in every way. Splendid interest has already been shown and all are looking forward to this special service.

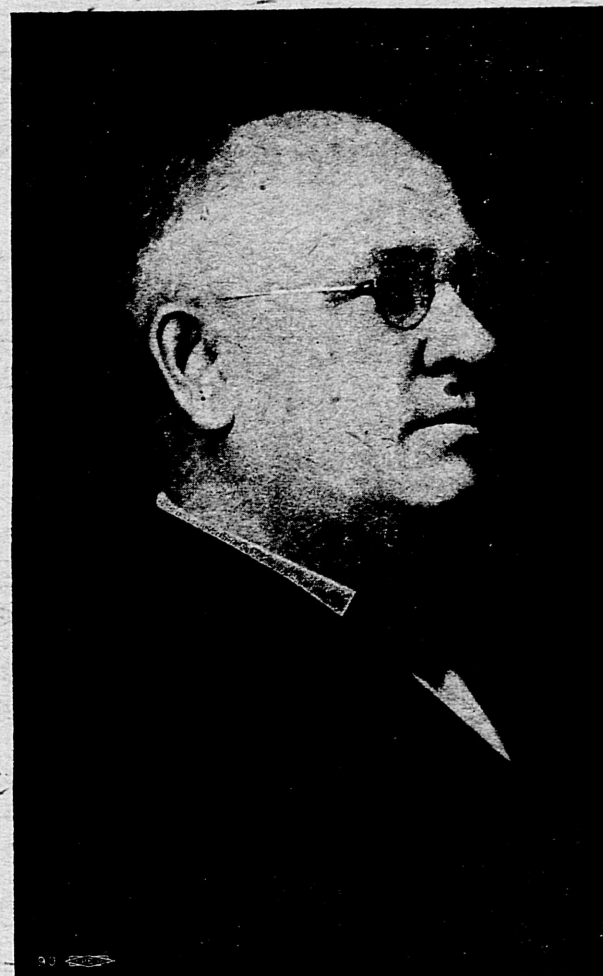

Local Boy Scout troop attended the Decatur B. S. rally and Court of Awards Wednesday evening of this week.

The county conference which was postponed about a month ago, will be held Monday at 2 p. m. March 29th. All officers and leaders of the Christian churches in the county are urged to be present.

—Sunday being the first day of Spring, and a splendid day, the state roads were swamped with joy riders; many new cars being tried out.

FOR THE LEGISLATURE

Raymond D. Meeker

EXPERIENCED REPRESENTATION

On Tuesday, April 13th the Democrats of this Legislative District will select the man who will represent them in the General Assembly at Springfield for the next two years.

Under the agreement in effect in this district, this is Moultrie County's time to send a representative. The next two terms will go to a Champaign County man and then Piatt County's turn will come.

A new man at Springfield would hardly get acquainted in two year's time much less be able to do much representing. The men who are really in charge of the state's affairs come from districts where the same legislators are returned term after term.

I cite this to show that experience at Springfield is necessary for a Moultrie County man, if he would do effective work.

My four-year term in the State Senate, 1912 to 1916 gave me an insight into the matters of legislation. I know the men on both sides who are in charge of the state's affairs.

I respectfully ask the voters of this district to take these matters into consideration when they select their nominee on April 13th. Your support during the campaign and your votes on election day will be greatly appreciated.

AN IMPORTANT Announcement

To All Interested in the Dairy Business

At a meeting of the Directors of the Sullivan Dairy Company, Monday night, March 22nd, a resolution embodying the following plan was passed:

That stock in the company be sold to farmers on the basis of a \$10 share of stock for each cow owned, or \$10 per herd, as the owner may desire.

The company will pay a 2c bonus on butter fat to the stockholders who bring their cream to the creamery, provided that the creamery gets at least 1800 pounds of butter fat per week.

The receipts are now about 900 pounds of butter fat per week and this will be increased to 1500 to 1800 pounds when Summer comes.

This bonus will be paid for cream brought to the creamery in addition to the price of butter fat being paid by the present cream buyers of Sullivan.

The creamery will be able to pay a "Decatur" butterfat price whenever the receipts will amount to 1800 pounds per week. This will make 2250 pounds of butter and will enable us to increase our butter market.

The plant of this creamery has

been entirely rebuilt within the past four months and is doing a profitable business. It has already increased the price of butter fat in Sullivan 3 to 4c per pound and will continue the increase if the farmers who are producing cream and shipping or selling it elsewhere will realize that it is to their interest to patronize this creamery.

The operation of a successful creamery is the only way in which a dairy community can profitably stay in the dairy business.

The man who is managing this creamery has had considerable experience in creamery work and the dairy business. If you want advice or information about dairying, we will gladly extend our services.

Mr. Lewis, the manager, would like to meet every man in this part of the country who is now or is going into the dairy business. Especially would he like to meet the men who are in the retail milk business also all cream producers.

We pay good prices; we want your co-operation. We are here to stay. Join with us, become a stockholder and pulling together we will build up a profitable business.

P. F. TAYLOR INJURED BY PASSING AUTO

P. F. Taylor met with severe cuts and bruises and with a miraculous escape from a fatal accident Thursday morning about nine o'clock, when he was knocked down by an auto on the hard road south of Lovington. The car, a Tudor Ford sedan, was being driven by J. W. Albert, 2212 Champaign avenue, Mattoon, a traveling salesman. Mr. Taylor was on a wagon directly in front of his home, which is on the Lovington-Sullivan hard road about three miles south of here. As the car neared the wagon, Mr. Taylor suddenly alighted to the pavement, stepping directly in front of the fast moving vehicle.

Struck squarely in the back Mr. Taylor was knocked a considerable distance. The driver of the car stopped as soon as possible and picked up Mr. Taylor, thinking that he had killed him. Mr. Taylor was brought on to Lovington where he was given medical attention and then taken back home.

The front headlight and the radiator on the car were bent and damaged as a result of the blow struck Mr. Taylor and that the latter escaped without a broken back is hard to explain.—Lovington Reporter.

CURRENT MARKET REPORT

Butter markets, Chicago and New York, during the past week have been somewhat erratic and prices have been gradually working to a lower level. Easier tendencies of these two markets have been largely maintained by generally increasing production at the present time and particularly so as compared with the same period last year.

On account of general easier feeling, there has been little speculative buying on the market during the past week. Chicago's 92 score Standard declined from 42 cents at the opening to 40½ cents at the close, which New York declined from 43½ cents on 92 score to 42, a net decrease in both cases of 1½ cents per pound.

Foreign markets have had practically no influence on butter market values, but declines can be directly attributed to somewhat slow demand for current consumption and prospects for increasing spring production.

General production and volume of eggs being marketed continue to increase, but there has been fairly active buying in the eastern markets to supply the demand usually preceding the Jewish and Easter spring holidays, supplemented somewhat this week by fairly free buying for Argentine shipments. Both Chicago and New York markets have continued steady and there has been little change in quotations.

Chicago egg market on Firsts for last week closed at 26½ cents and 27 cents and the New York market on Firsts closed from 28½ cents to 29½ cents. Prices being quoted for graded stock have influenced buying or investors to be conservative on buying for storage purposes. As a result fewer eggs are in storage as compared to the same time last year, as indicated in the following report of storage holdings, ten largest cities:

March 19, 1925, 194,909 cases eggs.

March 19, 1926, 111,390 cases eggs Shortage, 83,519 cases eggs.

On account of the present level of prices and prospective storage results, there has been a general disposition to keep a greater portion of current production moving into distributing channels.

The live poultry market for New York last week, particularly for fowls has been firm, resulting in advance of quotations of approximately 2 cents.

The movement of live poultry generally throughout the producing sections has been light, but indications are for somewhat heavier receipts this week, which should be ample to supply the demand and may result in affecting the total market with slightly lower values.

Now that spring is here, we begin to notice folks are contracting that dreaded disease "spring fever". And one great trouble with this disease is that it fastens itself on the spiritual man as well as the natural man. For the benefit of our readers I want to prescribe a good antitoxin for this. Plenty of gospels taken regularly every day will make the spiritual man immune.

The BULL'S EYE

Editor and General Manager
WILL ROGERS

You Can't Smoke History

A fellow from Carolina wants to know where I get the idea that "Bull" Durham and George Washington come from the same state. He says, "Why don't you write and give the people the real History of 'Bull' Durham in its native State, South Carolina, that people would appreciate that more than these Bull Legends of yours."

Now thanks, Sir, for your good-natured suggestion. If I knew History I wouldn't be able to write "Bull" Durham Ads. I would be a College Professor, get everything right, and get nothing for it. Everything you suggested me telling the public about when and where "Bull" Durham originated, has been told for 66 years by typical Advertising writers. That's the only thing the Company asked of me was "please don't tell again where it came from, or how." You see you didn't read their Ads, but you *did* read mine and remembered it, because it was wrong.

Writing Ads that will be remembered is a queer game. This is an Ad, not a History. I selected Ads over History on account of the pay. (American Tobacco Company's pay is as good as its tobacco.) Where "Bull" Durham comes from or where it goes to is left for the starving Historian.

Will Rogers

P.S. You notice I named in this article the WRONG Carolina. That's so North Carolina will get sore because I named South Carolina, and South Carolina will get sore because I didn't name North Carolina. A true Southerner never forgets.

P.P.S. There will be another piece in this paper soon. Watch for it.

OUT OF LUCK

"Eighteen years ago I had three ribs broken; fourteen years ago my right leg; eleven years ago I nearly went over with typhoid fever and since then have had awful stomach and liver trouble. Was filled with gas most all the time. I would have colic attacks so bad as to become unconscious. No medicine helped me and doctors advised an operation. One day talking with a stranger he recommended MAYR'S, which helped me at once." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded. For sale by druggists everywhere.

IF THERE ARE ANY PRIZES FOR GOLF-BUGS GIVE 'EM TO LEVY AND BILL

Sunday the weather was rather nice and balmy. So Bill Gardner, the irrepressible golfer and Levy Dickerson, who just adores golf, went to the course of the Sullivan Country Club and played a few holes.

This gives these two gentlemen the distinction of having played golf every month in the past year. Several others came near making that mark, but got slipped up on by some months when they could not get away on the sunny days.

Both of these two enthusiasts have kept in practice with their fancy swings and their line of golf lingo.

Some of the club members are worried. They fear that these all-around-the-year golfers will be so good that they will insist that par be cut one stroke each hole, in a revision of course rules.

Sunday afternoon quite a number of golf-bugs warmed up enough to go out on the course and gambol around for a few holes. The greens, of course, are in horrible condition, as there has been no time, this early in the season to work them down and re-sand them.
