One of County's Oldest Residents. Was Last of Big Family of Early Pioneers Born in Shelby County.

John Weger, one of Sullivan's oldand silver. est residents died at his home in the Southeast part of this city, Friday, May 21st at the age of 87 years, 1 month and 7 days.

He was born in Shelby county, April 14, 1839 and spent his entire lifetime in that county and in Moultrie. During his younger days he engaged in farming. For many years he was a resiaent of Sullivan and for a time was engaged in trucking work here.

On November 18, 1860 he was united in marriage with Sarah Ann Waldon who preceded him in death, December 23, 1881. To this union nine children were born of which three died in infancy. Mary E. Brosam died July 26, 1919.

The surviving children are Nan Loving of Shelbyville, who with her husband cared for him during his last illness; Ann Baxter of Patoka, Ill.; R. T. Weger of Vandalia; W. H. Weger of Tuscola and O. C. Weger who resides South of this city.

In early life Mr. Weger joined with the Christian church at Sand Creek. After moving to Sullivan he transferred his membership to the Christian church of this city.

He was the last of a family of ten children of own brothers and sisters. He leaves six half-brothers and sisters, 12 grandchildren and nine great grandchildren.

Funeral services were held at Sand Creek church Sunday morning at 11 Lights" of last Sunday's game: o'clock and were conducted by Rev. J. A. Brady. Burial was in Sand 3 innings, and five resulted in strike-Creek cemetery. The following served as pall bearers: Guy L. Kellar, L. second inning. Only one hit was C. Horn, U. S. Decatur Blues Easy For Sona's Men; Greys To be Here Sunday

Boys From the City by the Lake Have This Far Failed to Stop Sullivan's Crack Nine. Greys a Top-notch Team.

Sunday the Decatur Greys will be nere to do battle with Joe Sona's Sulivan Greys who have so far cleaned up on every team that they have faced.

Last Sunnay the Decatur Blues came here to redeem the honor of Decatur, but got nowhere in their rian. aspirations.

The local boys have real respect Sunday. Two years ago they trimmed Sullivan two out of three and some of the same aggregation is still the mainstay of the visitors' lineup. Sullivan's nine is going better and better and Sunday will doubtless see

To Assessment For Water Main System Roll Apportioning Cost as Prepared By Cash W. Green, Confirmed in The County Court. Contract Soon

to be Let.

There were no objections in confirming the assessment roll for the Sullivan water distribution system when that matter came up in Court before Judge Grider Monday morning.

fact two of these lots are the property of C. W. Fisher. Both Mrs. Rose and Mr. Fisher had petitioned that each would be assessed his or her proper share.

The other mistake was in leaving out a few words in the description of a tract belonging to R. M. Magill, in the Northern part of the city.

After these matters had been placed on record, Judge Grider ad-journed court until Tuesday morning 9 o'clock, to give any who might want to file objections in writing additional time to do so.

Tuesday morning the session was held in the County Court. The matter of amending the assessment roll was taken up and disposed of.

No objections to confirming the assessment roll were on file. Numerous orders covering various legal technicalities were then entered

on record. There being no objections, judgment of default was entered against all pieces of property assessed and

against the owners thereof and the assessment roll as spread by Cash W. Green was confirmed. The next action of the Board of Local improvements will be the ad-

vertising for bids and letting of contracts. The fact that no fight was made

What's a Democrat HERE'S ANSWER

"A Democrat is one who believes in the fullest freedom of speech, press and religion; and separation of church and state; laws that bear equally upon all classes, without special privilege or monopolistic advantage; rights of states guaranteed by the Constitution and less national paternalism!"

JUSTICE IN ILLINOIS

Justice in Illinois under the Small administration is a joke. It is worse than a joke, it is a grim farce.

The penal system of the state is based on graft. Laws means absolutely nothing. It's money that talks. The crooks are well financed. Little should they worry if they are sentenced to the penitentiary. Money will buy them a parole.

Most of the money the people of the state spend to enforce their laws seems to be just so much money wasted. Judges, courts and juries are an expensive encumbrance under present conditions.

A man commits a crime. He may be caught, or he may buy his escape. But if he is caught, he goes before the court for trial only after all possible avenues for delay and continuance are exhausted.

Then begins a trial. The people sit by watching the proceedings. A conviction may be secured and the man is sentenced to the penitentiary. The whole proceduce has cost the people thousands of dollars. What's the result?

After a few months in the penitentiary the convict is paroled by the very accommodating board of pardons and paroles.

Recently the lid blew off at Statesville the very elaborate penitentiary which Illinois built near Joliet. The warden got chummy with seven desperate criminals at one time. They croaked him and escaped. Some have been recaptured. Some are still at large.

An investigation was demanded and a Will county grand jury, not picked by the state administration, got busy nosing into the affair. What they have unearthed stinks to high heaven.

Whitman the warden, Will Colvin the head of the infamous pardon and parole board, Chauncy Jenkins head of the state department which has charge of the penitentiaries and finally His Excellency Governor Len Small are called before the grand jury. Their testimony

Will Illinois continue to permit justice to be a mockery and its laws just a farce or will the people awaken and at their next opportunity with their ballots turn out the conglomeration of crooks, fixers and boodlers?

COOLIDGE-THE FARMERS FRIEND

The farmers of Illinois and other midwestern states certainly had a lot of mis-placed confidence in the Republican party if they thought it possible to get any legislation benefitting them. Cautious Cal Coolidge and his New England crowd are about as much interested in the farmers as ex-Kaiser Wilhelm is interested in the inhabitants of Mars.

Cal Coolidge is the product of the privilege entrenched high-tariff protection East. Where the problems of the farmers and the Eastern capitalists are not in accord, the farmer gets it in the neck every time.

When Charley Adkins and other congressmen and senators from the midwest agricultural states made a big holler about farm support legislation, they knew they did not have a ghost of a show getting anywhere with Cal Coolidge and his crowd in command.

The Haugen farm relief bill was perhaps not an ideal piece of legislation. It's idea was to give the farmers tariff protection of the kind that the big manufacturing interests have always enjoyed. Farmers organizations were strongly in favor of it. It would have saved many a farmer from bankruptcy.

The farmers, hat in hand, appeared in Washington, begging for a share of prosperity. They wanted this bill passed. The Coolidge crowd by their actions practically told them to go back home, complain less, work harder and save more and they would not need legislation giving them relief.

Economic conditions will continue as heretofore-, that is to say, they will continue to get worse. The farmer will sell in an open market for what he can get. The buyer fixes the price. He will buy in a highly protected market, where he pays the tariff-protected manufacturer his price. That is the Republican principle of farm economics. Can you blame the farmers for getting kind of coolish toward Cautious Cal Coolidge?

AIR MAIL WARNING. TOO MANY CARS? NEVER! ROOM OUTSIDE. THE EARTH WILL DIE.

The Post Office announces that fifty cities in the United States increased their postal receipts in April more than 6 per cent over the same month a year ago.

Unfortunately, figures concerning use of air mail would be discouraging. It is necessary to warn ambitious cities anxious for air mail service that TO GET IT THEY MUST SUP-PORT IT. If not they will lose it.

The Government cannot run an expensive air mail service merely because cities desire it.

Postmaster-General New and President Coolidge are anxious to encourage profitable commercial flying through development of the air mail. But cities and citizens must do their part.

One air route recently established in the South, for instance, serving four important cities, started off magnificently, with receipts in the first brief period exceeding \$2,000, ample to cover expenses. On the tenth day the receipts had dropped to \$79, to meet an expense of \$400.

The financial solution will be found eventually in carrying passengers as well as mail, an arrangement to which the Administration would gladly consent. The first problem would be to find the passengers. Americans largely support flying routes in Europe, occupying more than half the seats in flying machines between London and Paris in the season. But they seem less inclined to patronize flying in their own land.

Extremely important is the test for cancer recently presented at the French Academy of Medicine. If its discoverers do not exaggerate, this test, providing a reliable reaction in cancer cases, will enable doctors to save thousands annually that now die by diagnosing cancer at the very start.

This year 100,000 more automobiles are registered in California than in 1925. That shows prosperity and, what is more important, HAPPINESS Some time ago, when all the world used fewer automobiles than there are now in California alone, men talked about automobile "saturation." There never will be a saturation until every family has at least one automobile, as it should have, and then it will be necessary every few years to manufacture twenty-five or thirty million new ones to replace old. No Governorship For Mine

My good old friend the Governor of Oklahoma was in to see me at the theatre the other night. I had just had humorous mention as a candidate for that position, as they wanted to revive the Populist Party with me as the Standard Bearer.

Well, the Governor showed me what had happened to a friend of his who had been defeated for Governor in our state, so he discouraged me. I won't accuse him of doing it purposely, but he did. His friend's campaign expenditures were as follows:

"I kissed 6,000 babies; helped 42 voters thrash wheat; shook hands with the entire State; smoked 3,000 sacks of 'Bull' Durham; cut 22 cords of wood; helped brand 8,000 calves; spayed 4,000 of them; was sprinkled 8 times in Methodist Churches; totally immersed in cold water in muddy creeks three times by the Baptist; went to confession in every Catholic Town; paid dues to 11 Synagogues; charter member of the Holy-Rollers; listened to 800 get-together Kiawanis, Lions, and Rotary speeches; bought sheet and pillow slip in every Ku Klux Klan in the State; and then I was defeated.

"'Bull' Durham was my sole satisfaction not only during, but after election. It is the only thing that stayed with me."

C. D. Robertson, Pastor Sunday School at 9:30 a. m. Hugh Murray, superintendent.

The Sunday School is the best place there is in which to start the day right. If you have not been there recently come and try it out. You will be glad you did.

Morning worship at 10:45 a. m., with sermon by the pastor. These fine mornings ought to attract one to the house of God. Can anything be finer than the restful atmosphere of the house of worship during the

morning hours of a summer day? The evening services will all be dismissed on account of the Baccalaureate services at the high school. There will be no Epworth League meeting and no evening worship.

Prayer meeting every Wednesday evening at 7:30 p. m.

June 10 and 11 are the dates of the District Convention of the Epworth League which is held in this church. Preparations for the entertainment of the delegates and the other work in connection with such a gathering are going forward in splendid fashion. About 150 visitors are expected. All you people ought to plan to be present at all the sessions during these two days.

A Sharpened Mower CUTS THE WORK IN HALF

Dull poorly adjusted lawn mowers cause lots of sweat, profanity and other grief during the summer months. There is no need for any of this trouble. Bring us your mower and we will sharpen it and properly adjust it, so working with it will be a pleasure instead of a pain. We have just installed a new sharpening machine and it sure does the business.

ANIMAL HUSBANDRY CLASS VISITED SPRINGBROOK FARM IN SHELB YCO. THURSDAY On Thursday afternoon the Animal

Husbandry class of the S. T. H. S. visited Springbrook farm, Shelbyville, Illinois, in response to an invitation from Mr. E. R. Goldstein, owner and manager of Springbrook Farm and Springbrook Creamery.

The trip was made in the interest of the class for better livestock. Also, in connection with their judging work. Purebred herds comprising over five hundred head of Herefords, Ayrshires, Shropshire sheep, and Chester White swine are maintained on Springbrook farm. This is an ideal livestock farm embracing eight hundred acres of rolling blue-grass pasture and farming land. Flowing streams furnish water the year around. The cattle are maintained dation on which our government, through the winter on pasture that social and religious life shall rest, is permitted to grow from about the first of March to the first of November at which time the cattle are turned on. This gives time for the summer pasture to make its growth for the following season. About one hundred acres of the farm are devoted to corn, part of which is made into silage for winter feeding, especially for the young stock. Grain is also fed when the snow is on the ground. Some alfalfa is produced although soybeans are the favored legume at Springbrook. "They are the best crop for the farmer," Mr. Goldstein was heard to remark. They are used for feed and for green manure.

A breeding herd of sixty head of Hereford females is maintained. This stock is all of the Anxiety 4th breed-
