**I. O. O. F. HOME INMATES MAY GET BLIND PENSION**  
Springfield, Ill., Aug. 19.—Blind persons who are inmates of homes operated by lodges are entitled to the benefits provided for by the act for relief of the blind, Attorney General Carlstrom ruled today in an opinion given the state's attorney of Coles county.

In the opinion, Carlstrom states that the statute which provides that no person in a charitable institute operated by the state or a county or a town shall benefit by such pension, does not bar those who are in private institutions, such as the I. O. O. F. Old Folks' Home.

**MRS. BELLE MARSHALL OF BETHANY FOUND INSANE**  
In the county court Wednesday a medical commission consisting of Dr. S. W. Johnson, Dr. J. A. Lucas and Dr. W. B. Kilton found Mrs. Belle Marshall, wife of Joe Marshall, of Bethany to be insane. She was ordered committed to the state hospital and the sheriff took her there Thursday.

Mrs. Marshall who is 64 years of age has been a disturbing factor in Bethany for some time. In fits of temper she would abuse her neighbors and threaten to kill. Affairs finally reached the stage where the village board of trustees took up the matter and Mayor H. W. Watters filed a petition to have the woman's mental condition inquired into.

In court Wednesday Mrs. Marshall admitted having owned a "22" gun but it was stolen from her. She then came to Sullivan and borrowed a gun from a friend here to protect herself against chicken thieves. She stated that the other night about 2 o'clock she found a man trying to break into her chicken house. With a half brick she "skinned his neck and shank. I need no gun when I can get a half brick."

Among the Bethany people who had been summoned to appear in the case were H. W. Watters, W. R. Stables, Isaac Low, W. G. Jones, Lester Bushart, L. O. St. John, R. C. Coffey and Loren Brumfield.

## Hog and Chicken Calling to Furnish Picnic Entertainment

Gathering of Farmers Next Wednesday Expected to be the Biggest Picnic Event of the Year in Wyman Park.

Sullivan people living near Wyman Park had better pen up their chickens and hogs on Farm Bureau picnic day which is Wednesday, August 25th.

Not that the picnickers will be dishonest. That's not the reason by any means.

But they are going to have hog calling and chicken calling contests as a part of the picnic entertainment.

This part of the program is scheduled to start about 1:15 and is the first number on the afternoon program following a concert by the Sullivan band.

So when you hear an alluring "Soo—ih, Soo—ih, Soo—eee-e", which sounds very much like piggy's dinner call, can you blame him for trying to get out of his pen and make tracks for the picnic place?

They are going to give prizes for the best hog calling. The best caller gets \$3.00, the second best \$2.00 and the 3rd best \$1.00. Just how these winners will be decided Farm Adviser Turner has not divulged. Really the hogs are the better judges anyway and should be consulted in deciding the matter.

Then immediately after the hog calling contest comes the chicken calling contest, something new hereabouts. It is expected that the women folks will compete in this, and it will be interesting to note whether the sopranos or altos are the more enticing and alluring in the song of "chick-ee, chick-eee, etc." Prizes in the sum as for the hog calling will be awarded to the best chicken callers.

These are only two of the numbers on the program, which in full appears on page 7 of this issue. The horse-shoe pitching where \$15 will be awarded to the winners starts at 10 o'clock in the morning. Following this there will be a seed wheat treating demonstration and then a poultry T. B. demonstration. Dr. Taylor the county vet. will be in charge of the latter demonstration.

At 11 o'clock there will be a tug of war between township teams consisting of ten members each. The winners get a 40 ton carload of limestone. The Farm Bureau pays for the stone and the winners pay the freight.

Col. Earl C. Smith of Pike county, the president of the Illinois Agricultural association will speak at 2:00 o'clock. At three o'clock a Moultrie County Farm Bureau baseball team will play a team composed of Coles county members. While this is going on local talent will put on a program of entertainment in the auditorium.

Beginning at 8 o'clock at night there will be a big dance in the auditorium.

It is expected that that the picnic will be more of a county affair this year than in previous years as business men in all towns of the county have been asked to close up and come and enjoy the day with the men who run Moultrie county's biggest business—the farmers.

**HIGH SCHOOL OPENING AND REGISTRATION**  
The Sullivan Township High School will open on Monday, August 30th. All students expecting to attend High School during the school year 1926-1927 are requested to present themselves at the High School building for examination or registration, according to the following schedule:

A proposal to paint the outside of the court house that needs painting, was received and referred to the building and grounds committee.

Dr. Taylor appeared before the Board and read a letter from Dr. F. L. Laird, who is in charge of the bovine T. B. eradication work in this state. The letter stated that as Moultrie county was now about 87 percent tested, all owners who had not yet permitted the testing of their cattle for tuberculosis could be compelled by law to do so. A notice fully explaining this matter appears on another page in this issue.

The recommendation of the committee on buildings and grounds that the bid of the Western Venetian Blind Company for furnishing blinds for all windows in the court house for a sum slightly over \$1100 was accepted and contract awarded.

**GET GAYS BOOTLEGER AND FOUR CASES OF HOME BREW SATURDAY**

Saturday evening Sheriff Ashbrook made a raid on the home of Charles Tabor, aged 30, who lives in the extreme southeastern part of this county. Information had reached the office that Tabor was running a prosperous illicit liquor business. He was said to be dispensing, not only home brew, but white mule and other similar concoctions.

When the sheriff and his posse, consisting of M. A. Foster, Waverly Ashbrook and Constable Kinkade, arrived on the scene but little evidence was to be found. While Tabor lives in Moultrie county, he kept his liquor stock across the line in Coles. The sheriff found the home brew and plenty of ice and all other necessities for a party but none of the stronger mixtures were located.

Tabor was brought to this city and locked up. Monday morning he was taken to Police Magistrate Lambrecht's court. He entered a plea of guilty and paid a fine of \$65 and costs.

**SULLIVAN GRADE SCHOOLS WILL OPEN SEPTEMBER 1ST**

Sullivan Grade Schools will open Wednesday, September 1st.

All who are to enter school this Fall are requested to be present the first day that they may be properly enrolled. Children who will be six years old on or before November the first, should enter the first day of September. This has been the plan followed in the Sullivan schools for some years and we shall continue the practice again this year.

There will be no change in text books at this time. If there are any children who have books to sell they should bring them to school the first day. The teachers will be glad to help the children dispose of such books.

This school year should be better than last and we believe it will be. We wish the cooperation of all concerned, the patrons, the teachers and the children that this year may be the best in the history of the school.

The superintendent wishes to meet all the teachers at the South Side building, Tuesday afternoon at 1:30, August 31, to discuss plans relative to the organization of school.

C. L. Brewer, Supt.

## Moultrie County's Army Showed up Fine at Encampment

Won Silver Cup For Highest Attendance at Camp; Returned Sunday Morning. Corp. Sipe in Ft. Sheridan Hospital.

Sullivan's soldier boys, a unit of the 1st Battalion Headquarters Company, 130th Infantry, returned home early Sunday morning after the annual encampment at Camp Grant.

The encampment this year is considered one of the most successful that has been held by the 33rd division since its reorganization after the war.

The personnel of both officers and men is reaching toward a higher standard of efficiency, both as a military standard and general all-round citizenship.

The 130th arrived in camp Friday evening in a steady downpour of rain which continued for two days. Without complaint or question the tents were put up and equipment and men were under cover by dark. And this same spirit prevailed during the whole encampment.

The 130th Inf. under command of Col. Albert L. Culbertson, led the whole division in military appearance, efficiency, athletics and strength. Having had in camp 200 more officers and men than their closest rival. They won the field meet, the tug-of-war, four firsts in boxing and wrestling. On visitors day General Foreman, divisional commander, designated this regiment to stage a regimental parade as part of the day's entertainment for 30,000 guests.

The local company did their part to keep up the standard of the 130th Inf. Their duties which consisted of keeping up the lines of communication between the units of the 1st Battalion and Regimental Headquarters, they did well and with enthusiasm.

Their telephone system was always in working order day and night. Radio was also established, both transmission and receiving station being up and in working order. Among other things they brought home a silver cup which was presented by the regimental commander for high percentage of attendance at camp.

Both officers and men were highly pleased with the encampment.

The only misfortune which befell the outfit was the injury of Corp. W. C. Sipe, who suffered a broken ankle in the way to camp. Corp. Sipe is now being cared for in the Post Hospital at Fort Sheridan, Ill.

**ALLISON 'OUT ON BOND**

The Effingham golfers did not come to play Sullivan Thursday as had been expected. A letter was received the early part of the week by J. H. **UNION SERVICES AT FREELAND GROVE**  
You are cordially invited to attend and enjoy the remaining two Sunday evening Union services at the Freeland Grove auditorium. Each of the services held this Summer have been unusually attractive and helpful and a large number of people have attended.

The sermon subject for this Sunday evening will be "Swimming the Channel" and will be delivered by Rev. Geo. M. Anderson of the Christian church.

The special musical features for the evening will be as follows: The Sullivan Male Quartette, consisting of J. B. Martin, Judge J. T. Grider, G. H. Iftner and P. G. Wiard.  
Mrs. Blanche Foster will sing a solo.

The Sunday evening orchestra that has helped these meetings so much in the past will also be there. The churches are very grateful to this orchestra for the fine cooperation during these meetings. Sam B. Hall and J. F. Gibbon are reported to be the responsible leaders of the orchestra.

You may have a part in making these services a success by helping in the congregational singing and promoting a worshipful spirit.

"Church enthusiasm is not so much a thing of organizational loyalty as of spiritual gratitude for the blessings of God."

—Miss Claudia Yarnell who spent three weeks with relatives in St. Louis, returned Thursday.

## 1927 Chautauqua Assured Through Advance Pledges

J. L. McLaughlin Heads Association For Next Year. Successful Session for 1926 Ended Tuesday night

This year's Sullivan chautauqua is a thing of the past. The closing session held Tuesday night in the auditorium had a big attendance. Enough tickets have been pledged to assure a chautauqua for next year.

The ticket sale was rather slow and in order to put it over a group of business men subscribed to guarantee for a block of 150 tickets in addition to those they had individually pledged. This brings the advance ticket pledge to about 650 and gives the new officials the usual sum to start on when booking talent for next year.

James A. Loar, of Bloomington, who furnishes the talent for the local chautauqua was here Monday night and made a talk in which he outlined plans for the coming year. He has furnished talent for the 12 years during which time Sullivan has had a chautauqua.

The platform manager this year was Rev. Lew Harris, a Christian preacher from Knoxville, Iowa. He showed real ability in handling the difficult task assigned him and made many friends while in this city. He went from here to Plattsburg, Missouri for a two-weeks' session.

The attractions this year were all good and of great variety. The dramatic and opera companies especially pleased many. The Bachman band was a big drawing card and delighted many.

The officials for next year's chautauqua are as follows:  
President—J. L. McLaughlin  
Vice President—J. H. Pearson.  
Secretary—Ed C. Brandenburg.  
Treasurer—Carl R. Hill

J. L. McLaughlin of this city who represented the local club was named on a committee to draw up constitution and by-laws.

In the golf foursome William A. Gardner, the low man on the local course, finished third with \$1. Robert Foster of Shelbyville was first with a 74 and X. G. Dunn of Hillsboro had 79. O. F. Cochran, who was "Wild Bill's" team mate, had some bad breaks and finished with an 89.

### THE MID WEST METROPOLIS

Just what is wrong with Chicago?

Judging by the reports in the newspaper from that city, most everything seems to be wrong. Hardly a day passes without a murder, and now a flock of morons or sexual perverts are making it unsafe for a decent woman who walks the streets of that city unless accompanied by an armed guard.

Disrespect for the law is what ails Chicago. And why should Chicago disrespect the law? The reasons are not hard to find.

Law to amount to anything must be enforced.

Officials are elected to do such enforcing. To be elected to office requires votes.

An honest voter will not repeat on election day.

A dishonest voter will sell his vote and vote and vote, etc.

The honest voters are not organized.

The dishonest ones are.

There are enough dishonest ones, crooks, bootleggers, etc. to constitute a balance of power in Chicago elections.

The result is a combination between the politicians and the crooks.

The crooks elect the crooked politicians to office.

What can you expect from such officials?

The politicians, now office holders, naturally protect the men who elected them. That's the only way they can keep in office.

The present states attorney of Chicago, a Republican bosslet, named Robert Crow, has been photographed dining and hobnobbing with the leaders of gangland.

Can there be any respect for law under such conditions?

Grateful office holders place crooks on the police force. They are put where they can reap a reward for their work at the polls.

Judges are corrupt. The courts to a certain extent are under domination of politics and naturally the politicians control them.

Vice in all its forms is protected. Dens of iniquity flourish.

The public is robbed and taxed to death. Spoils politicians steal the tax money in every imaginable manner of graft.

Partisan politics means little or nothing. Deals are made with the men who have the votes to deliver. The particular party brand cuts no figure. It's votes that talk. Money buys the votes.

Corruption flourishes. Attempts are made from time to time to make some kind of a showing at law enforcement to please the gullible public.

Raids are made. The crooks are taken into the court of some friendly judge or justice. They are placed under bond. They never appear in court again. Do the bondsmen pay? Hardly. So fine a system has been worked out that that is no longer necessary.

If you belong to organized vice in Chicago, it is almost safe to kill, to rob, to rape and in fact to do anything you care to do, for the crooks in office and out of office will protect you.

Say that you may be unfortunate enough to have to go to the pen for a short time, is there not an accommodating governor at Springfield who is ready to pardon and forgive?

This governor is a fellow who "got his" to the tune of a million, why should he not be kindly disposed toward his suffering brethren when they get tangled up in the very loosely woven net of law. This law business is more or less of a nuisance anyway to Chicago's gangland and efforts may be made one of these days to send enough Chicago legislators to Springfield to repeal and discard all law. Why have law when guns are so much cheaper and handier?

The only time a crook is out of luck in Chi-

ago is when he is without friends or money. Sometimes they even hang a poor sucker like that.

But if you've got the friends and the friends have the money and money controls the courts, who the heck is going to bother you?

Guns bark in Chicago nearly every day. Another murder is chalked up. Another victim has bitten the dust. Does some one stretch hemp for the act? Not so you know it. A big bluff is made at an investigation. Newspaper headlines shout the story of gore and blood and the guns bark again. One victim forgotten another for a day holds the spotlight and then comes the next reel.

All of which looks like a lurid picture of hell itself. But it is Chicago.

And who is to blame?

At the door of every decent citizen in Chicago lies part of the blame. He is either too partisan hidebound to take steps to turn out the rascals in office; he is indifferent or he is too cussed lazy to take a hand in the housecleaning Chicago so badly needs.

Surely there are enough honest voters in a city of over 3,000,000 people to be able to elect enough honest officials to restore civilization in Chicago! If not, then God pity Chicago.

The old time visiting between families is about a thing of the past. People are too busy nowadays to go and spend a whole day with relatives or friends. Instead of the Sunday afternoon visiting we now have the yearly reunion.

We often wonder how the stage manager at a Chau-tauqua would earn his salary if he could not lecture and bawl out the kids in the front rows.

People can forget a lot of crookedness in a few months time. Democrats who are so very certain of victory in November this year because of the graft and boodle exposed in the primary investigation, should hark back about two years ago and remember Teapot Dome. Despite all of that unsavory mess the voters went to the polls and indorsed the administration under which it all happened.

### DR. FRANK CRANE SAYS THE FUNDAMENTAL NEED IS KINDNESS

The older I grow the more I become convinced of the validity of one of my earlier beliefs.

Namely, that the fundamental need of this world is kindness.

Everyone is thirsting for understanding, for sympathy, for the refreshing touch of a kindly heart.

The yearning may be covered up by a show of cleverness, sophistry or cynicism, but sooner or later, as Amiel so beautifully describes it, "just when one has succeeded in deadening feeling by work or amusement, all of a sudden the heart, solitary captive that it is, sends a cry from its prison depths, a cry which shakes to its foundations the whole surrounding edifice."

It is the cry for sympathy and kindness.

Those who are just kindly have their place in the world.

The other evening I was reading again the story of those turbulent times of Charles I, in England.

Out of the mass of picturesque self-seekers an unknown private soldier stands out in my memory.

As the King was led out to his death, a private soldier standing near the door said in pity, "God bless you, Sir." An officer knocked him down.

No matter how black the crimes of the condemned man, nor how just the decree, that private soldier showed a kindness of nature in the face of popular disapproval that raised him high above the ruck of his surroundings.

I have often wondered what his name was.

Men of the kindly heart have included some of the greatest names of history.

Leonardo da Vinci, the universal genius of Italy, was in the habit of buying caged birds to have the pleasure of giving them their freedom.

Pythagoras, the noble-minded Greek teacher, is said to have one day purchased from fishermen the fish in their nets in order to have the joy of freeing them.

Companionship for the unfortunate, however humble, is the mark of a superior soul.

Kindness is the core of character.

It is the power of the Golden Rule applied to the every day.

When Lincoln's mother was dying in her frontier cabin she put her hand on little Abe's head and told him always to "be kind to his father and sister."

There is more than an accidental relationship between the character of the greatest man of our age and the fact that "being kind" was the only request of his dying mother.

Col. Frank L. Smith says that he did not assume any obligations in taking a couple of hundred thousand dollars from the utility magnates to use in his campaign against Senator McKinley. Oh no, of course not. But how do you think Col. Smith will vote on the Muscle Shoals proposition if he is elected and if that matter comes up in Congress for decision? Will the Colonel support the farmers' program or will he vote with the utilities power trust?

The big question in American politics nowadays is not what a man may think or not drink; it is "shall public office go to the highest bidder, and public funds be the spoils of the crooked politicians?" That's the big thing no matter what so-called reform organizations may say.

Some people grow so fanatical regarding some petty little reform that they are interested in, that they will let crooked politicians plunder and steal all they can lay their hands on and will give them hearty support if they stand committed to the so-called reform legisla-

### AT THE HIP BONE. \$1,000.44 FOR DINNER. BIG SPENDING DIFFICULT. ROOSEVELT'S LAST WORDS.

Paris announces that the waistline of fashionable ladies now definitely starts just above the hip-bone. From that point up the back is to be entirely uncovered in the evening. Also brilliant colors will be worn.

A woman thus dressed will look as silly as a bird of paradise with all the feathers plucked off the back, but she won't know it.

Theatrical people each pay \$1,000.44 for a dinner—forty-four cents for the food, one thousand dollars for the Actors' Fund. Forty-four cents for one dinner seems cheap to a prosperous actor. It seems a good deal to the mother of five children whose husband earns \$4 a day.

At forty-four cents a meal, that family would need each day \$9.24 for food alone, leaving a deficit of \$5.24 a day, to say nothing of rent and clothing. Those that call \$5 a day high wages should try living and keeping a family on that sum.

Engineers suggest filling in nine square miles of upper New York Bay, half to belong to New Jersey, half to New York. The work would cost

\$400,000,000, and the land would be worth five thousand million dollars.

The idea would be to plan a new modern city, sidewalks on the sides of buildings, playgrounds and roads above buildings, landing places for airplanes, etc.

There are thousands of chances to spend public money for improvements that would pay for themselves ten times over, but it is hard for us to appropriate large sums, unless other nations start cutting each other's

throats. Then we become generous, "easy marks," pour out our billions and buy foreign hatred with them.

Gland grafting may not help foolish old men to become as young and silly as they used to be, but such grafting may be useful to farmers. Dr. Voronoff, scientist, experimenting on a flock of 3,000 sheep in Algiers, proved to French scientists that grafting an additional gland on each young ram increased the average weight of the animal by 19 pounds.

"No man a hero to his valet," did not apply to Theodore Roosevelt. His valet writes for Collier's Weekly about the last days of his master as a convinced hero worshiper. Alone with Roosevelt at the moment of his death, the valet says Roosevelt's last words were, "Please put out the light."

Theodore Roosevelt was tired, his heart was broken by the death of his son, Quentin. Goethe's last words were, "More light." They were appropriate, for few men have contributed more light to the human race than Goethe contributed.

The question for us all is this: Does death mean only "putting out the light," or does it mean for us all "MORE LIGHT"?

French births are diminishing, and French population is increasing, which is the right idea. Instead of having new babies, half or two-thirds of them dying, the French, who understand health, keep alive those that are born.

Wages are up, taxes are down, Government receipts are up, the cost of living is down. President Coolidge doesn't claim the credit. He says: "No government can make prosperity."

One thing is certain. President Coolidge has not prevented rising prosperity from RISING. And that is something in these days.

**CHURCH NOTES**

**FIRST CHRISTIAN CHURCH**

Geo. M. Anderson, Minister. The congregation is to dispose of the present parsonage question at the close of the services next Sunday morning. The church board at their last meeting had instructed its chairman to make a public announcement of the present parsonage proposition and to make it generally known among the membership so that a good representative body may be present to vote. The proposition as was announced last Sunday morning is that the church trade their present parsonage property for the T. S. Hall property. The complete proposition will be in writing and read to the congregation next Sunday morning. Your presence at this meeting is desired.

We want every member of the church and Bible School to talk and boost the county rally. We want to show the other Christian folks of the county that we are hospitable and willing to do more than our share in a county get-together meeting. You will be interested in reading the complete program as it is published elsewhere in this paper.

There was some talk at the last board meeting of purchasing new hymnals for the church. The old hymnals have served their day and are no longer in condition to be used during the church services. The Victory Song books are also getting to look bad and a great number of the books have pages torn out. Something ought to be done before the Fall work commences.

Bible School each Lord's Day at 9:30 o'clock.

Lord's Supper at 10:40. Evening Union Services at Freeland Grove auditorium.

**ALLENVILLE CHRISTIAN CHURCH**

The Bible school is holding the line in a splendid way. Next Sunday we will have all the services of the church.

On the last Sunday in August we will have Disciples Day in Moultrie county, with a big union service at the Freeland Grove auditorium. This church will co-operate in that service.

The subject for the Sunday morning sermon will be "The Permanent and The Transitory in the Kingdom." In the evening the theme will be "The Stupidity of Godliness."

**GOSPEL MISSION**

We are not at liberty to announce who will lead the Y. P. service on next Sunday. We have a good reason, we do not know, but you come and see.

We expect to have a piano installed

ed by next Sunday, replacing the organ. We feel pretty safe in announcing that through prayer the Lord has supplied us with a regular pianist. It pays to pray. Moses should have known this and applied to the Lord instead of taking his father-in-laws advice and a little later having to have the Lord do the whole job over for him. If we follow the advice of the Lord, our work will always be well done, and complete, and no having to go back and do it over. It is a mighty good plan to have the Lord pass on all advice before taking.

We had quite a nice little Sunday School at the 'Prairie' Chapel last Lord's Day afternoon.

We had about three more new scholars.

We have preaching one Sunday at Prairie Chapel in the morning and at Sullivan in the evening on the following Lord's Day we have preaching at Sullivan in the morning and preaching at Prairie Chapel, Sunday night.

**ADVICE TO PLOWMEN SAYS BEST SIX-HORSE HITCH IS THREE-THREE TANDEM**

Urbana, Ill., Aug. 17.—Although most of the commercially made six-horse tandem hitches and many of the home made ones of this size are arranged so that there are two horses in front and four behind; it would be far better from the standpoint of lessening side draft and giving the horses more room to put three horses in front and three behind, A. L. Young, of the farm mechanics department, College of Agriculture, University of Illinois, says.

The easiest kind of 3-3 hitch to make is the one in which a short bar, 20 to 30 inches long, is placed on the plow. The rear three horses pull on one end, while a lead rod is fastened to the other end and run at a slight angle to the front three horses. If the smaller horses are put in front on a fairly short evener, this angle will be so small as to be hardly noticeable.

Those who have the commercial type of hitch can convert it into a 3-3 arrangement by taking it as arranged for five horses (2-3), putting two small pulleys on the single tree of the fifth horse and letting this horse and the horse ahead of him pull against each other through the two pulleys, the lead horse having long extension traces made of rope or chain. These two will pull against the other four, and the plow therefore must be attached to the long bar at the proper place.

It would be possible, of course, to put a heavy three-horse evener on the plow and equip each of the single trees with pulleys as described above. This hitch, known as the Hallman, is being used to a considerable extent in the West and Northwest.

A commercial hitch, in which a rear horse ahead of him through short vertical levers fastened to the single tree on each side of the rear horse, gives promise of being satisfactory in many respects. It is a little simpler than the Hallman hitch and like it eliminates the front evener.

**WOODPECKER IN HOUSE DAMAGES FURNISHINGS**

Mrs. Mary Cazier of this city is visiting near Shelbyville. Neighbors noted that there seemed to be some body in the house during her absence. Her son, J. E. Cazier was notified and made an investigation. He found that the intruder was a woodpecker which had in some way gained entrance. In his efforts to get out he had clawed the curtains and had also worked on the wood furnishings.

**TOURIST GERMS**

With thirty-six million tourists crowding the highways from coast to coast the germ population finds gratuitous transportation easy and rapid. The fellow with a mild case of smallpox can leave a living history of his outing among the unvaccinated folks he meets while a typhoid carrier can pollute the unprotected water and milk supplies for miles and miles.

**KNOW ILLINOIS!**

World's records in road building have been broken three times in Illinois by the completion of more than 6,000 miles of "hard road." The state ranks first in number of miles of permanent concrete roads.

Edwardsville in 1812, was the seat of government of a district which included seven-eighths of Illinois, all of Wisconsin, a part of Minnesota and a part of upper Michigan.

Illinois has the largest, best equipped and most comprehensive art school in the country in the Art Institute, Chicago.

Hancock county is unique in that almost every young farmer in it has had college training.

Decatur was one of the first cities in the country to formulate "zoning plans." It is known as the "Decatur Plan" and provides for a city of 150,000 persons in 1960.

**TEACHERS NEED HEALTH AUDIT SAYS RADWINGS**

Springfield, Aug. 9th.—Estimating that 60 per cent of the 50,000 school teachers in Illinois lose approximately 200,000 days annually from the classrooms because of illness and pointing out that the teaching profession is now one of the few fields of selective employment that requires no physical examination of applicants, Dr. Isaac D. Rawlings, state health director, declared in a statement issued today that a health certificate ought to be a qualification requirement of every candidate seeking a teacher's post. The salary cost of lost time from sickness of teachers probably exceeds a million dollars per year.

**YANKEE DOODLE 1776**

"Yankee Doodle," shrilled the fife: Oh, how that crowd was dancing! The U. S. A. was born to life, And that's what set them prancing.

A century and a half ago, And still that music's ringing, For Yankee Doodle didn't blow, His spirit still is winging.

Oh, happy then was Washington, To hear of Independence, And Franklin knew a Rising Sun Was shining in effulgence.

Those were the days in Penn's bright town, When Liberty did not falter, And o'er the country, up and down, Did patriots exalt her.

In their own blood these true men walked, That we, who followed after, Might of our Freedom live unalked: They looked on death with laughter

So let us hold them very dear, Their memories enshrining. Their bold brave deeds gleam bright and clear, Like stars so brightly shining.

**1926**

So this is Philadelphia! And this Chestnut Street: Independence Hall: Where the Bell is: The Liberty Bell. Excuse me, sir; I guess My voice is hoarse, I shake a bit, Can't see quite clear . . . This is the place— I come from here: I mean My family did. They went to the frontier, Fought Indians. And now I come back At last. And here I see The walls they knew. They builded well Who builded here And I must see Poor Richard's grave, And where A century and a half ago. The captive prisoners groaned Sir, this is holy ground. I shall go home Stronger finer, A better American Because I've breathed the air And walked the streets Of old Philly.

**TO CLEAN SILVERWARE**

Tarnished silverware may be cleaned by the following method:

Place the silverware in an aluminum pan and estimate the amount of water needed to cover it.

Sprinkle equal parts of salt and soda over the silverware at the rate of one tablespoonful to each quart of water to be used.

Pour boiling water over the silverware until it is entirely covered. If it is badly tarnished, put the pan on the stove and boil the solution 3 to 5 minutes.

The tarnish will leave the silverware and go to the aluminum.

When this electrolysis has been completed, remove the silverware from the pan, wash and rinse it, and dry with a soft cloth.

The aluminum pan may be cleaned by cooking some sour fruit such as rhubarb in it.

LELAND BROWN ATTACKED BY A MAD BROOD SOW

Leland Brown, son of Al Brown, was attacked by a mad brood sow one day recently and as a result has an ugly wound on one thumb where Mrs. Sow bit him.

The attack occurred while a bunch of hogs at the Brown farm was being vaccinated. Two brood sows became excited and developed a vicious temper. One of them reared up and attacked Leland and bit him before he could get free from her and over the fence. The wound was treated by a physician and no serious results is anticipated.—Arthur Graphic-Clarion

WHOLE TOWN OF NASON TO BE SOLD SOON

Nason, the town that promised so much to Jefferson county, will be sold soon by the treasurer of the county. Nason was at one time a prosperous and promising town, but for the last six months the mine has not been operated. Then to add to the financial difficulty of the town, almost the entire business district was wiped out by fire some time ago. This and other troubles has caused a great loss to parties of Mt. Vernon, Herrin and Benton, who had invested in Nason.

Politics Warming up as Candidates Prance Before the Barrier, Anxious for the Big Race

With the month of August well on its way, with the harvest and threshing season about over, corn needing no more cultivation and the general trend of Summer work on the decline, candidates are beginning to perk up look around and plan their campaigns for office at the November 2nd election.

There has been little doing politically in Moultrie county, since the April primary election. Very little of the senatorial boodle ever found its way into old Moultrie, consequently none of the boys have been called before Senator Jim Reed in his investigation chastisement.

Senator McKinley used to be the financial angel of the country hereabouts, but he is down and out so far as politics is concerned and we have it on good authority that the Senator failed to make his usual contribution two years ago, when everything looked lovely for him.

Friends of Senator McKinley are very sorry to learn that he is seriously ill and has for weeks been confined to his bed.

The fellows that helped to put Col. Frank Smith over a winner in April are not doing much bragging about their "utilities" candidate. They do not like to do much explaining either. Smith and Moore are a painful subject for Illinois Republicans. They are proud of neither. Both are hanging on to their offices. Allen F. Moore is Republican national committeeman from Illinois. If the Republicans are satisfied with him the Democrats surely ought to be. Col. Smith is still head of the Illinois Commerce Commission. Perhaps keeping that position will enable his manager to shake down the utilities some more this fall when the machine will need a few hundred thousand watchers at \$5.00 to \$25 per head on election day if they want to beat George E. Brennan, the Democratic candidate.

But coming right down to Moultrie county, there'll be a right lively campaign here this Fall. There are few sore spots if any on either side of the fence and the candidates will go into the fray counting strong on their party support.

Mrs. Roughton for county superintendent of schools is conceded an easy victory over her opponent. He is Mr. Chester McKim, a former Bethany man who for some years has lived in a Northern Illinois county and taught school there. He has visited here several times since his nomination.

Judge Grider who is the democratic candidate, seeking re-election is facing as an opponent Judge W. G. Cochran, veteran of many a political battle and for many years regarded as the titular head of the Republican organization in this county. Judge Grider is a good campaigner and his friends are worrying but little as they feel assured of his re-election.

One thing out of the ordinary this year will be the fact that we again elect a states attorney. We elected one two years ago, A. A. Brown of Lovington. It later turned out that he, when elected, failed to have the qualifications to hold the office and the result was that some of the most important cases tried during the past two years have had a very unsatisfactory ending. Curly Burns and Ray Munson, convicted of robbing the Gays bank are at large now and there is but little hope of ever landing them behind the bars. The Supreme Court turned them loose because of the disqualification of Mr. Brown. He later passed a bar examination, resigned and was appointed by the Board of Supervisors to serve until election. He is a candidate for the unexpired term of two years. His opponent is Roy B. Foster, a democrat who is in every way qualified to fill the office to

which his friends feel certain they will elect him.

W. O. Funston, who in past years served the people of Moultrie county satisfactorily as sheriff for two terms not consecutive, is seeking another return to that office. There is perhaps not a better qualified man in the county for that job. Old Bill is a good mixer and his support will not be bounded by party lines.

Former Sheriff Charles Lansden of Bethany is the Republican candidate for this office. This is one of the most interesting races. Mr. Funston is taking no chances, but has been busy ever since primary day, lining up his support.

The office of County Clerk is being sought by T. C. Fleming, candidate on the democratic ticket, while J. B. Martin, present incumbent, who has served two terms, is seeking re-election for a third term.

Mr. Fleming served as deputy under Cash W. Green some years ago. He has all the qualifications to make a good clerk. There is perhaps no man in the county more familiar with all branches of court house work. For some years past he has served as county superintendent of highways but has also worked in the office of the county treasurer during busy seasons and has done statistical work for other offices.

The office of County Treasurer is being sought by two East Nelson twp. candidates. George Daugherty for some years chairman of the democratic county central committee and a good worker in the democratic party, is that party's candidate. He filled the office very satisfactorily some years ago and being familiar with the work, will be able to do so again.

His opponent is G. C. Carmine the Allenville banker, who defeated O. F. Dolan in the primary.

All of these candidates are getting ready for a real campaign and things along that line will soon start warming up.

Democrats feel that they are offering the people of Moultrie county as good a ticket as has been the case for many years. The Republicans are inclined to view their line-up in the same light.

ED HARMON WINNING AT SOUTHERN ILLINOIS CO. FAIRS

Ed Harmon is at the Robinson fair this week with his string of registered Shorthorns, twelve head in all. This is what is called a double entry. At Robinson he received grand champion on both bull and female and was awarded first in all classes. Mr. Harmon goes to Olney next week and to Martinsville the week following, at both of which he expects to repeat his performance at Robinson, maybe beat his record, for he has a real Shorthorn string. Ed will also show his offering at the Arthur fair Sept. 1, 2, 3, and 4. When viewing the livestock do not fail to see Ed's Shorthorns; they're worth looking at.—Arthur Graphic-Clarion.

STATE FISH DIE AT ARCOLA

Arcola had a state fish exhibit at its Homecoming last week but it proved disastrous to the fish, nearly all of which died. Water from the Arcola city wells was used in the tanks and it is said to contain a large percentage of iron, which proved fatal to the members of the finny tribe in attendance at the big fair. Some kinds died quicker than the others, but practically all of them turned up their toes.—Arthur Graphic-Clarion.

INCREASE RUSH OF MOTORISTS TO STARVED ROCK STATE PARK

Starved Rock State Park, with its environment, is unquestionably the most unique and interesting historical spot in the state. Combined with its scenic beauty, it lends surpassing charm, of which lovers of out doors never tire.

The Park is situated on the South shore of the Illinois river midway between the cities of Ottawa and LaSalle, and is easily accessible by paved roads from all parts of the state. It is visited by thousands of motorists annually.

Starved Rock State Park is a tract of over 900 acres in expanse. It is a revelation in beautiful hills and immense rocks and canyons, the Mecca of romance and Indian legendry. Several days should be included in the visitors' plan for a visit to Starved Rock, for there are many interesting spots to be visited by foot after reaching the park which cannot be appreciated when hurriedly inspected.

Among nature's curious formations that should be seen are Starved Rock itself, Council Cave, Pulpit Rock, Lovers Leap, French Canyon, Horse Shoe Canyon, all of which are within walking distance from the hotel or camping grounds.

Campers will be pleased with the attractive auto tourists camp grounds which is tendered free to the public as an experiment in human welfare and as adjunct to the good roads program of Illinois. The State has just completed what is conceded to be the model tourists' camp of the country. A shelter house has been erected with all the comforts of home; there are shower baths with hot and cold water, the hot water being a departure from the condition at most camping grounds. The shelter house also has rest rooms, tubs for light laundry, and sanitary toilets. Lunch tables and benches have been scattered around the grounds. There are plenty of camp stoves. Artesian wells, 700 feet deep, assure an unlimited supply of cold drinking water. A complete sewage system has also been installed at the camp. Excellent hotel service under new management will be found at the park for those who prefer not to camp.

Courteous custodians are in charge to look after the comfort of visitors and citizens of Illinois are urged to include this historic and beautiful spot on their week end trips.

The Mosquito is the most cowardly of all insect tormentors. They attack in the night when we are asleep and defenseless. Their bite causes burning torment and pain. **WHITLEY TOWNSHIP HAS TROUBLE WITH DENIZENS OF THE WILD**

Grover Garrett of Whitley township who was here on business Saturday reported that the pheasants are rather numerous in his part of the county and are foraging in the water-melon patches, doing quite a bit of damage to the growing crops. He states that the pheasants are also driving out the quail and that prairie chickens which were occasionally seen in Whitley some years ago have not entirely disappeared.

Zion Buckalew has lost a lot of ducks to a fox that carries them away to feed her litter of young which was raised in the old house, on the East side of the road North of where Tim Edwards lives. These foxes have frequently been seen playing around the old deserted dwelling.

Foxes and pheasants are not the only trouble of the Whitleyites but rabbits too are so numerous this year as to constitute a nuisance. The rabbits have designs on the sauerkraut supply as they are working overtime injuring the cabbage crop.

**LIKES SULLIVAN'S TOWN BOOSTING PLAN**

Gus Franks of Peoria, who visited here over the week end, was very favorably impressed with the big posters "Throw away your Hammer and get out your Horn" which were distributed last week by The Progress to those merchants who have subscribed to this community boosting service.

The poster is a reproduction of the full page adv. which appeared in last week's issue of The Progress. One such page appears each month.

Mr. Franks who is a member of the Peoria advertising clubs stated that it was one of the very best booster pieces of literature that had come to his attention. He asked permission to take a poster with him to enable him to present the idea to the Peoria Chamber of Commerce and the advertising club.

**IS THIS A NEW KIND OF CHICAGO CROOKEDNESS?**

A farmer living near Sullivan some time ago received a notice from a Chicago attorney to forward \$31.50 immediately for damages done to a client's car in June.

The Sullivan man and his car had never been in Cook county in June or at any other time. The car was in the garage on his farm at that time.

Thinking that a mistake had been made, he notified the Chicago attorney of these facts. The answer was a demand for settlement without any further delay.

The farmer is at a loss to account for such action, unless the alleged attorney is one of a gang of crooks, who think he is an easy victim and is easily frightened.

His car shows no signs of having ever been in any collision, and could not have been in any in Cook county as it has never been there.

He is giving this information to the public in an effort to find out whether his is an isolated case, or whether other car owners hereabouts are having a similar experience.

**COURTS HOLD MOORE AND PEPSIN SYRUP CO. CANNOT EVADE TAXES**

In the Federal Court at Springfield Monday, Judge Page ruled that the Pepsin Syrup Company of Monticello owed the government the sum of \$239,089.63 in income and excess profits tax for the years 1917 and 1918.

The judge authorized collector George W. Schwaner to proceed to make collection, although the company's attorneys were granted leave to file an amended declaration.

The court dismissed an application for the restraining order filed by Allen F. Moore, former majority stockholder in the company. When Moore sold his stock to the present owners, there must have been some anticipation that the government might try to collect these taxes and Moore agreed to stand good for \$200,000 to the purchasers. Under the new ruling he will be compelled to refund to the present owners \$39,089.63 of the money paid him at time of sale.

This was one basis on which Mr. Moore demurred in payment of these taxes. The other point raised by both Mr. Moore and the company is that the government is barred from making collection because of the statute of limitations.

The government was represented in this case by Walter M. Provine of Taylorville, the new United States Attorney.

Allen F. Moore is the man who formerly represented this district in Congress and is at present the Republican National Committeeman

and manager of Col. Frank L. Smith's campaign for United States Senator.

**CAN DO THIS**

We take pleasure in announcing today that Walter P. Chrysler's fourth greatest achievement

**THE CHRYSLER "50"**

will be priced as follows

**Coupe - - \$750      Coach - - \$780**

**Four Door Sedan - - - \$830**

This is not the so called European light car—it is not Chevrolet, Overland, Whippet or Ford size. These are real, full-sized automobiles of the same appearance as the Chrysler light Six and the bodies are inter-changeable with it. The powerful four cylinder motor in this car will accelerate from five to twenty-five miles per hour in eight seconds.

Twenty-five miles to a gallon of gasoline is guaranteed. 29 x 4 1/2 balloon tires means further economy. At these prices there is no excuse for any one riding in a small, jerky car when you can purchase a full sized automobile at the price of a lesser car.

You must realize that this car will create such a demand that orders will be on hand calling for the entire production weeks in advance. We suggest that you call at our salesroom immediately and inspect this model and place your order for delivery so that there will be no undue delay. We are prepared to prove to you that this car has every bit of the quality of our \$3,500.00 car. The only difference being size and performance.

**We will be glad to furnish details upon request. Demonstrating will be arranged as soon as our demonstrator arrives.**
