Parent-Teachers In First Meeting Plan Year's Work

Prof. Brewer Tells Needs of the School; North Side to be Beauti-fied; Pre-school Work to Continue.

The first Parent-Teachers Association meeting for the season, which on Treasurer's Cash Book Result was held Tuesday night promises well for an interesting and profitable winter's work.

Mrs. Elsie McFerrin, president, read an outline of the work which the state association recommends and then gave her ideas on how the local organization can do its best work. Following Mrs. McFerrin's talk

Mrs. Eva Hill and Prof. Brewer gave very interesting talks on the work from the standpoint of a parent and

Prof. Brewer's talk was especially interesting in as much as he is in intimate touch with what the school needs for advancement and good

He stressed the need for more playground equipment and for physical training of pupils. He told of what the P-T Ass'n did last year in supplying such equipment.

He also told of the excellent work done last Spring in the matter of examining the children of pre-school age. He urged that this work be followed up and that there be a checkup on the pupils who started school this Fall to see whether any physical defects, as to teeth, eyes, etc. found at last Spring's examination had been

He then called all the teachers and lined them up facing the audience for an introduction. New faces in this year's staff are Kenneth Roney who teaches Arithmetic and has charge of athletics; Miss Edna Summit who teaches in the North Side School and Miss Cleo Wood, who is a 5th grade teacher in the South Side.

A round table discussion led by Mrs. Gertrude Fortner had as its central theme a plea for closer co-operation between the parents and the teachers and hope was expressed that such would be the case for the cur-

Mrs. McFerrin stated in her openpermit this committee to expend the necessary funds for shrubbery, etc.

The Association is starting the season with nearly \$70 in the treasury.

Other committees named are Finance: Eva Hill, Leone Martin

LINOTYPE By Read Bain

What are these whirring wheels and rattleing bars, This wilderness of cogs and cams and keys, This clicking buzz like large metallic bees, Singing its songs of feted slums and stars, Of rising Man and dull, decaying Czars? This sentient thing whose hot thoughts freeze To shining slugs that carry tragedies And mirth—abstractions and particulars?

Its reaching rods are fingers skilled and true Compared to which all fleshy hands are frail; Electric, tireless, beating their fast tatoo, They tell to men life's endless, varied tale. Here is the voice without which man is dumb; If it be stilled, silence and chaos come.

(Note-The Linotype is the type setting machine on which nearly all the reading matter appearing in this issue has been set.)

A CAMPAIGN GIFT TO A CANDIDATE; A BRIBE TO A PUBLIC OFFICIAL

Brennan also got \$15,000 from Sam Insull. This is often heard as an argument by those people who want an excuse to support Col. Frank L. Smith as a candidate for United States Senator.

Mr. Brennan did get that amount. He. frankly admits it. He says he used \$3,000 of it in his campaign and gave the balance to the Cook County Democratic Committee.

Col. Frank L. Smith got \$150,000 from Sam Insull, Clement Studebaker and Ira Copley. He used that in his campaign.

Are both men tarred with the same stick? Some feel inclined to think they are.

There is a very decided difference in these gifts, however.

George E. Brennan is not an office holder now. He is not drawing a salary out of the government treasury. He was in no position where he could favor Sam Insull's utility corporations when he took that gift of \$15,000. He broke no law in doing so. It was a gift in the open, in the same class as a gift from any other individual or corporation to the Brennan campaign fund chest.

Col. Frank L. Smith's acceptance of Insull's gift was another matter altogether. Col. Smith violated the laws of the state of Illinois when he accepted that gift. The law which creates the State Commerce Commission very specifically declares that no member of that committee shall accept any pay, gift or other emoluments from any corporation or other organization which that commission is supposed

Col. Smith is chairman of that Commerce could favor the utilities corporations which came under his jurisdiction. His commission regulated rates which these corporations charged the people.

Did Col. Smith favor the people or the utilities? Well, the utilities paid him \$150,000. Do you think they did it for nothing? Allen F. Moore as campaign manager for Col. Smith, accepted this money and spent it. It went to pay "watchers" and "workers" at the polls on primary day.

vertised in New York?

THE OCTOPUS' CHILDREN

So this places the candidate Brennan and Smith before the people on two issues; Brennan is in favor of modification of the Volstead Act. He is not in favor of the re-establishment of the open saloon. He wants the Volstead act changed so that you folks who make some wine out of your grapes, or cherries, need not feel that you are violating the laws of the land. He wants the law changed so that when you want a glass of beer, you can buy it and drink it without sneaking into an alley to do so. He is opposed to the bootleggers, the white mule peddlers and the illicit liquor traffic. You may like that platform or you may not, but that's what Brennan stands for.

Now as to Col. Smith. He has violated the laws of the state. He holds an official position where he is supposed to protect the people against exhorbitant charges from their public utility companies. He draws a salary out of the state treasury for that service. While doing so he also accepted an enormous sum of money, \$150,000 or more, from these same business concerns whose rates he was supposed to regulate.

He sold out the people of the state of Illinois for about \$150,000. The nation stands aghast at the exposure. Not all of the camouflage and smoke screen which the political apologists and better-than-thous can throw around this act hide the infamy of it.

Despite this corruption George B. Safford superintendent of the Illinois anti-saloon league calls on all drys to support Smith. Graft and corruption mean nothing to this narrowminded bigot. He would as readily 'advocate electing any dyed-in-the-wool crook, just so he agreed with him on the drink question.

Again we repeat and it will bear repetition many times more—The paramount question before the people of Illinois is not what shall a man eat or drink, but are you going to place your stamp of approval on corruption in public office; are you going to let your officials sell you out to the highest bidder and then go to the polls and endorse their actions by promoting them to a higher office?

Consider for one minute how Washington, or Jefferson, or Jackson, or Lincoln, or Grant or Roosevelt or any of the other great leaders who upheld the principles and great ideals of American government, would look at this Illinois situation.

Brennan is wet and admits it; Smith accepted graft and admits it with some excuses attached. Take your choice.

Referring to President Coolidge in a speech on one occasion, Senator Reed remarked:

"I desire to say nothing harsh of Mr. \ Coolidge. He is, in truth, an amiable individual and, as he sees the light, entirely honest and patriotic. But there is as great a difference between the Coolidge of fact and the Coolidge of fiction as there is between an oil field prospectus displaying a gusher and the barren hole in the ground, which, in fact, exists."

It may not be any of a Democrat's business, but we can't help but wonder what Len Small is doing with that million dollars which he made his payrollers cough up, so that he's got it handy when he finally has to pay Commission. He was in a position where he it into the treasury of the state of Illinois. Another delay was granted Len by the courts recently to give him time to finish making his accounting. If that million is placed somewhere where it will earn its 7 per cent it figures about \$200 per day for our enterprising Governor. So you see the Governor has made his troubles pay him big. Under any circumstances he will keep that original million and he's got the proceeds of the extra million which he sandbagged out of the state employes.

If nominations are in order, permit us to nominate Len Small for secretary of the U.S. treasury. He'll make even Aluminum Andy look like a piker when it comes to high finance.

OLD TIMER IS BACK

"My friends had all given up and never expected to see me around again. I had given up hoping myself, as no medicine touched my case. The doctors had tried everything. My food did not digest and filled me with gas. My brother in Philadelphia wrote me to try MAYR'S. The first dose gove me wonderful relief and I am now as well as I ever was and feel thirty years younger." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments including appendicitis. One dose will convince or money refunded. For sale by druggists everywhere.

KIRKSVILLE AND DALTON The Animal Husbandry stundents have been culling poultry. On Thursday of last week they had a culling lesson at the home of J. E. Righter. However, little was done in the line of culling on account of the downpour of rain that caused a number of the boys and the teacher to get a good soaking. On Monday they culled a flock of Barred Rock hens for Mrs. W. S. Elder, Jr. The boys hope that none of the culls will start laying.

> Many of the boys have reported White Snakeroot on their farms. OF REAL ESTATE Dale Landers went out into their woods pasture Monday morning and found quite a few plants. His father pulled them that day. John Hollonbeck and his father found more than they liked to pull, but since that is the only way to get rid of the pests, pull them they must, Wallace Graven, while walking through the woods pasture of A. D. Maxedon, found a severe infestation. Russell Oliver and his father have been busy ridding their pastures of the weed. Russell of which found their way to store, windows up town. The reports would indicate that the Jonathan Creek and river woods pastures are more or less infested with White Snake-

The Soils and Crops class decided that their teacher needed his henhouse inspected and elected themject to the taxes for the year 1926 selves to do so. They found out how to make the University of Illinois The purchaser or purchasers of type of mash hopper, how to make a said real estate to pay 25% of the good interior whitewash and how to purchase price on the day of sale and delouse poultry by use of Sodium Manufacturers, which opened here

Fly-Tox the cows before milking.

MORE WHITE SNAKEROOT POISONING; NO SNAKEROOT

Three head of cattle on the farm of Virgil Brooks near Lovington, have during the past week shown signs of snakeroot poisoning. One of the three died.

Dr. A. K. Merriman, state vet. visited this farm but failed to locate any of the poisonous weed.

The following letter received from the College of Agriculture U. of I. shows that the diagnosis of the ailment that killed Mr. Ballinger's five horses was correct:

The plant which you sent for identification is white snake root. This plant no doubt is causing the death of the horses as indicated in your letter. This plant is characteristic of woodland pastures, and has caused a great deal of damage both by this college on white snake root.

Very truly yours, Jno. Piper,

Ass't Professor Crop Production.

Finer Manufacturing Back of the Unsurpassed Dependability of the Hupmobile Six

The Hupmobile Six which is sweeping onward to ever-growing success today, is heir to a richer heritage of quality and fine engineering and workmanship than any other automobile outside the highest priced field.

For 18 years Hupmobile has built to standards comparable to those in the field of highest priced cars.

Never for a single moment has it deviated by so much as a hair's breadth from the most rigid requirements.

It sets up the highest standards—and then makes sure that those standards are strictly adhered to.

Hupmobile pays 10 per cent more for inspection, to make sure of Hupmobile Six quality-but that extra precaution saves the owner of a Hupmobile Six many times the additional cost.

Hupmobile Six a Leader Also, In Complete, Modern Equipment.

What goes into a motor car is vastly more important than what goes on it. You will not buy, of course, on mere externals and non-essentials, but on proven performance, dependability, long life, and low cost of maintenance. To superiority in these fundamentals, however, the Hupmobile Six also joins the later and most complete equipment to be found on any car in its price class.

1. Oil filter. 2. Gasoline filter-low gasoline consumption. 3. Thermostatic heat control. 4. Snubbers. 5. Vision-ventilating windshield. 6. Dash gasoline gauge. 7. Clear vision bodies, 8. Color options—Mohair upholstery in latest mode. 9. Walnut grained panels on instrument. Walnut grained panels on instrument board and window ledges. 10. 4-wheel brakes. 11. Special vibration damper. 12. Headlights with tilting beam lenses and double filament bulbs.

Sedan, five-passenger, four-door, \$1385. Coupe, two-passenger, with rumble seat, \$1385. Touring, five-passenger, \$1325. Equipment includes 30 x 5.25 balloon tires, four-wheel brakes. All prices f. o. b. Detroit, plus revenue tax

And it pays Hupmobile. For the brilliant success everywhere of the Hupmobile Six is directly due to Hupmobile reputation-a good name and a public confidence founded upon Hupmobile's high manufacturing standards.

The Hupmobile Six offers you performance that in smoothness, in acceleration, in steadiness at high speeds, cannot, we believe, be equalled outside the field of sixes over \$2000.

It offers you a big, full-sized, beautiful car, delightfully easy of control, and exceedingly economical of operation.

But more than this, it offers you dependability and low cost maintenance that cannot be excelled by any Six at any price—the fruit of 18 years of unfaltering adherence to highest quality standards.

HUPMOBILE

BRETHREN ASSEMBLY

A. J. Burville, Pastor Sunday School at 9:30 a. m. Sul-

livan. Sunday School at 10:00 a. m. Prairie Chapel.

Christian Endeavor at Sullivan at 6:30 p. m. Subject, "Chosen of the Lord.

Preaching at Sullivan at 8 p. m. We hear a great deal said around here about the church and without one belongs to this particular church you are lost. And such bosh as this. God draws His people to our church. Let us try the Spirit by the Spirit. The Bible, or God's word, is the revealed mind of the Spirit of God. Mark 14:22 to 26. Also Luke 22:14 cuser of the brethren." And this is to 20. These passages refer to the one side of his satanic nature I fear Lord's supper. If you will turn to 1 Cor. 11 and 23 to 30, you will also find the Lord's Supper refered to. Proving the Apostle Paul had the Lord's Supper observed in the churches that the Spirit of God led him to organize. How many times is baptism refered to in the New Testament? The commission is "Go ye into all the world and preach the Gospel, baptizing them into the name of the Father and the Son and the Holy Ghost." Now it is beyond me how people can have the audicity to say "they are the church" and refuse to obey Lord's command in baptism as well as the Lord's supper. There are a people in this city worshipping a man instead of worshipping the Lord Jesus and obeying His commandments. Trying Spirit by the revealed mind of the Spirit the Word of God, one comes to the conclusion that any so called church that refuses to obey the re-

not the church in spite of their loud

THE FIRST CHRISTIAN CHURCH Geo. M. Anderson, Minister. Visitation Sunday

The first Sunday in October has been set aside as Visitation Sunday. Teams of men and women will be sent out to make social calls in the interest of the church. Social visitation is a scriptural admonition and a social necessity and much good is anticipated as a result of this special

Men's and Boys Sunday, Sept. 26th.
All men and boys of the church are invited to spend the day in fellowship together. Dad's and men do not spend enough time with lads and sons, hence the following program is announced. Dad's and Lad's will be seated together during the morning worship hour. At twelve o'clock all Dads and lads will motor to Scouts log cabin and will have a picnic dinner together. Jesus spent a great deal of his time in the woods and most of his discourses were given out in the open. The evening service will also be in charge of the Dads and Lads.

Speak well of the church when in the presence of others. It helps.

W. E. Riggin Choir Leader At the last Board meeting W. E.

Riggin was selected to have charge with the first class scout badge.

The scouts will continue to the charge of the church choir. Bro. Riggin has had a great deal of experience leading choirs and with the proper cooperation of all who are interested in be at the church at 8 o'clock. singing we can look forward to some wonderful meetings together. The choir will meet for rehersal each Wednesday evening at 8 o'clock. New Song Book.

At last Board meeting the committee on song book reported and was instructed by the board to purchase the most suitable books for all services of the church. They also report that Agnes Wright has been secured as church organist.

Bible School meets each Sunday morning at 9:30 o'clock. Carl R. Hill superintendent.

Lord's supper each Sunday morning at 10:40 o'clock.

Christian Endeavor 6:30.

BOY SCOUT NEWS

All Scouts in good standing are invited to attend the Coe vs. Illinois Un. football game Saturday, October 2nd. Fifteen of the scouts have already qualified and have expressed their desire to attend the game. In order to get the boys there and back we will have to depend on the good nature of the different people of the community to take some of the boys with them if they attend the game. Anybody in the community who are planning to attend this game and who have room in their car for one or more scouts please notify the Scoutmaster as soon as possible. If this plan will not work we will have to ask somebody to donate the use of their truck for that day.

Two boys were voted on at the last meeting and are now eligible to become scouts. The boys are Don Roberts and Adrian Sears.

Gilham Lowe has passed the 25 required tests in order to become a first class scout. Gilham will be initiated as a first class scout at the next meeting and will be invested

The scouts will continue their work on the log cabin Saturday of

/It is expected that the work of remodelling the present church structure will be done this fall.

WHAT IS SIN?

For everyday use the following, written by Glenn Frank, is about as useful at definition of sin as can be found:

"Define sin (he writes) as anything that hurts life, rather than as

something that offends God."

E. W. Howe, the advocate of commen sense, recommends this definition and adds: "I have often written that sin is anything that hurts you: urday until Monday with her aunts that it is easier to do your duty than to worry over neglect of it; that selfdenial is easier in the long run than self-indulgence.

My mother was religious, but I doubt that she regarded anything quite so sinful as laziness. She could not understand or forgive shiftless-

Waste, inefficiency and ugliness

are the cardinal sins. They rob life of beauty and burden it with unnecessary drudgery. -Mr. and Mrs. J. M. Cummins

Better than Ever-

Following their traditional policy of constant improvement with no yearly models, Dodge Brothers, during the past eight months, have vastly bettered their motor cars in many vital respects.

Indeed, there has never been an equal period in Dodge Brothers history when so many refinements of a popular and fundamental nature have been made.

The public is registering its appreciation of this progressive industrial service by purchasing every motor car Dodge Brothers can build—in spite of the fact that Dodge Brothers production, during these months, has broken all previous records by an impressive margin.

BLACKBIRDS GATHERING IN FAMILY REUNION

One of the best attended family reunions which is held in Sullivan yearly is that of the blackbirds. Southward bound, these birds in flocks of thousands, gather in Central Illinois towns, and spend a few days or a few weeks in what appears are requested to make immediate to be a reunion or conference. Judging by the noise they make they have much to tell each other. Doubtless the heads of families are renewing last year's acquaintances and showing off the new children which they raised during the Summer. All the birds seems to be having a heck of a good time and use the maples a other tall trees for hotel accomm tions.

ARREST OF GARAGE BANDITS BREAK UP ORGANIZED GANG

(Continued from page one.)

tires, tubes and trucks were located in Chicago. The tires and tubes were brought to this city under arrest on in a shop owned by a man named Michaels. He had sold some of them. Others identified by Mr. Bryant were turned over to him. The rest of his stock was taken in charge by the

men had at times participated in automobile races as drivers. Michaels Mr. and Mrs. Monroe. Mr. Martin

Allison came to him with a story grandfather at Cerro Gordo was in The prospects for a High School to quit and that he was sure he could A beautiful, large bouquet, given to the most elderly lady present, was to the most elderly lady present, was vis Tabor made touchdowns. Collie twenty-five candidates have shown to the most elderly lady present, was vis Tabor made touchdowns. Collie twenty-five candidates have shown the shown and costs which amounted to \$33.50. deal. Allison delivered to him sever-

When the officials, following Galloday's confession, went to Michaels shop he was very much surprised to learn that he had been buying stolen property and offered to turn it over. Not only were Bryant's missing tires and tubes found there but also some of the stuff that had been stolen at Bethany.

To make identification complete Allison and Uttinger were taken to Chicago by Sheriff Ashbrook. The Chicago dealer readily identified them as the men he had ben dealing with and offered to come to court here to testify, if necessary.

All parts of the confession of Golloday have been checked up and found correct in detail.

Another man, too, has gotten himself in bad in trying to help Allison. His aged grandfather (he really has one, but not in the tire business) came to the rescue of his erring grandson and offered to go on his bond. His name is England. This was shortly after Allison had been arrested some weeks ago. Mr. England qualified as a bondsman by swearing to the ownership of Cerro Gordo property. The bond was considered good and Allison was to have been released here and turned over to Decatur officials, who also wanted him. A closer investigation disclosed, however, that Mr. England had disposed of whatever property he had in Cerro Gordo and had evidently perjured himself in qualifying as a bondsman. As a consequence he faces in son was not turned over to Decatur but remains in jail here.

Last week Judge Hawbaker of Monticello, accompanied by a middle aged woman came here with the avowed intention of going on Allison's bond. When they found that the bond had been raised to \$10,000 they returned home and nothing further has transpired in the matter.

The grand jury which meets September 27th will be given these cases and officials feel certain that they have enough evidence to not only secure an indictment but also a conviction when the cases go to trial.

Since this gang of garage yeggs has been taken into custody there have been no further thefts of the Bible in Public Schools-Mrs. kind that they seemed to specialize

JUDGE LAMBRECHT HAD WEEK OF INTERESTING

On Monday of this week John D. that highway. Monroe and Alva Martin were warrants of being drunk and disturbing the peace in Bethany. The com-plainants were O. C. Bankson, Geo. McLaughlin and C. K. Kellogg, Bethany business men.

domestic difficulties arose between

Risley-Drew Troubles

On the night of September 9th Chester Drew, son of Mr. and Mrs. Jesse Drew, while driving an automobile, ran into a buggy being driven by Tom Risley. Mr. Risley charged that after the collision which occurred near the Masonic Home, Drew turned off his lights and speed-

Mr. Risley swore out a warrant charging Drew with driving an auto without lights. To this charge Drew entered a plea of guilty Monday and paid a fine of \$5.00 and costs.

In retoliation he then swore out a warrant charging Mr. Risley with disturbing the peace and quiet of the Masonic Home neighborhood.

Instead of pleading guilty to this charge Mr. Risley decided to stand trial and while the order of the day seemed to be swearing out warrants he swore out another against Drew

accusing him of wilfully and recklessly driving an automobile on a LITIGATION IN COURT public highway in such manner as to endanger the life of others using

At this stage of the game Judge Lambrecht stepped into the mix-up not as a judge, but as a friendly mediator. He told Mr. Drew that the charge pending against him was a more serious one than the one pendng against Risley. He urged that the From the evidence it appears that whole matter be compromised in Michaels seems to tell a straight the offending parties were en route some way and peace and quiet restory. He says he knew Allison. Both from Pekin to Sullivan. At Bethany stored between the house of Risley and the house of Drew. Chester Drew is but 17 years of age. His finally decided to settle down and go acted the part of peace maker and as both he and Mr. Monroe were drunk, brecht suggested and the Drews went the officials had them pulled. Martin to the Riley home where an offer to the effect that his 75 year old plead guilty to being drunk and was was made to stop lawing and pay the assessed a fine of \$5.00 and costs costs in both cases pending, provided that line of business but was ready amounting to \$8.40. Monroe plead Mr. Risley would agree to dropping guilty to being drunk and disorderly his charge. He did so. Chester paid

LIBRARY NOTES

This is the 50th year of Library Progress and is being observed in Philadelphia. In the year 1876 there were 300 libraries now in 1926 there are 6,600 libraries.
