## William H. McCune Died Sunday At

Was Born in Moultrie and Spent Entire Life Time Near Place of Birth; Buried in Hampton Ceme-

(Contributed)

Death has again taken from this community one of its most substantial farmers, William H. Mc-Cune, who was the son of Samuel McCune and his wife, Nancy, and was born in Moultrie county, Illinois, May 26, 1847 and departed this life at his home about 7 miles west of Sullivan, October 3, 1926, after a short illness of less than one week.

The deceased was born within a short distance from where he has spent most all of his life. He was married to Miss Ellen Wilburne married to Miss Ellen about 56 years ago. And to this union were born five children, four of whom, together with his widow, survive him. There are also several grandchildren.

The deceased spent his entire life in Moultrie county, having lived 79 years, 4 month and 7 days. He was a farmer by occupation and by hard work, economy and honesty accumulated several acres of land and was in good circumstances financially.

He was an honest man, was very prompt and punctual about payment of his debts and keeping his contracts with his fellowmen.

He never criticised the acts of others or spoke evil of other people but always placed a charitable con- Macon county on the automobile struction upon what they did, allowing to other persons the same privilege that he reserved to himself, that of doing what they believed to

be right. Few men have lived such a successful life as Mr. McCune under the circumstances with which he was surrounded. He had but little education as the opportunities for getting an education in the earlier days were not very good. Therefore he was a man of limited education but had good judgment and a high sense of honor and right. These facts, together with his industry and economy enabled him to lay up a competency

to his family.

The funeral services were held on Tuesday, Oct. 5, 1926 at the Hampton cemetery at 11 o'clock a. m. And were conducted by Rev. Anderson of the Christian church. Many of his neighbors and friends were assembled to do him honor and pay their last respects to the departed neigh-

All of his father's family, except for the funeral services was furchran and Mr. Thomas of Sul- that morning. livan, Illinois. The obituary was preceded him in death.

His family have the sympathy and respect of those who knew Mr. Mc-Cune, in this their time of sorrow and bereavement.

The widow, Mrs. McCune, is in poor health and has been for a long time and it is hoped that the sympathy of the neighbors and such assistance as they can give to her and her children may be of great value to them in this time of their sorrow.

The pall bearers were: John Floyd, Grover Hudson, Dale Yarnell, Ed Adams, James Baldwin and Lyman murder.

EARLY MORNING FIRE

About 4 o'clock Friday morning the fire whistle roused Sullivan people from their slumbers and many of . His Country Home them rushed to the square to see where the fire was.

The rain had shorted a wire on an electric sign and electrified the metal ceiling of the Meeker confectionery. All lights therein were burned out and John Harris in stepping on a metal door sill got electrified. The damage amounted to several hundred dollars.

#### Hines and Marion Held On Suspicion Of Murdering Libotte

Macon County Youths With Bad Records Face Indictment For Cold Blooded Crime. Detective Geer

Two young men are in the Moultrie County jail on suspicion that they murdered Ed Libotte at his filling station in Gays on the night of August 28th.

The men are Emery Hines and years of age and both have criminal Kenzie. records which lead right up to the date when the murder was commit-

Among other things, the men are accused of steaming automobiles, robbing a filling station in Cerro Gordo and a store in Milmine. They have done time in the Reformatory at Pontiac and had both broken their paroles at the time of their arrest in stealing charge.

A third man, Ellis Daniels who is a chum of these two was also for a time under suspicion of having been implicated in the murder but he seemed to have given a prefect alibi. He contends and it has been proven that he was in Springfield on the night of the murder. He is being held Decatur, however, on other

## Lovington-Sullivan Game Played In Sea Of Water And Mud

Locals Win Damp Contest From Northern Neighbors by Score of 18 to 0; Arthur Here Saturday.

(By Lloyd Brown)

Again with the two Collies staring, Sullivan walked over Lovington for a 18-0 score. The game according to the principals of the two schools, was played under the worst conditions any two teams ever played under.

During the morning the water had been pumped from the field but early in the first quarter it started to rain and by the end of the first half the field was completely under water.

Sullivan's first touchdown came after some bad playing by Lovington on their own 20 yard line. Loyington fumbiad and the center threw the ball clear back of the goalposts and Lovington finally lost the ball on downs. Two nice gains by Collie Purvis put the ball on the 1 yard line and in the first down of the second quarter Martin went over for a touchdown.

The second touchdown came after Lovington fumbled and Sullivan got the ball on the forty-five yard line. Collie Baker took the ball and on a play off right end took the ball over for another touchdown.

The last touchdown came after Sulliyan had taken the ball in the center of the field and worked it down to the 30 yard line. From there Collie Purvis went between left end and tackle for a touchdown. All three tries for goal failed on account which the board does not feel able to of the water on the field and because the ball was wet and soggy.

One thing which was a surprise to the side lines was the fact that Lovington got away with three nice little gains by the forward pass route. The greatest gain was for 18 yards. The pass going directly over the line.

Several passes were broken up by pass might have meant a touchdown. Neither Lovington or Sullivan's line showed very strong at times, but in tight positions the lines stiffened and

## BIG POULTRY CLINIC AT FARM BUREAU OF-FICE OCTOBER 18TH

At this time of the year many flocks of poultry are showing signs of sickness. Especially is this true this season when the wet weather has made health conditions bad for man and beast and bird.

The George H. Lee Company of

Omaha, Nebraska has a research bureau where the cause and prevention of poultry diseases is studied all the ear around.

Dr. W. C. Graham of that firm will be here on Monday, October 18th to conduct a free clinic on poultry and hogs at the Farm Bureau office, beginning at 2 o'clock.

People are requested to bring pecimens which can be dissected. Dr. Graham will not only show what causes the trouble but will give suggestions on prevention and cure. Most of these poultry troubles can be cured and the sick birds restored to perfect health if the proper measures are taken.

All people interested in better and more profitable poultry and hogs are Farm Bureaus are out and give no requested to attend this clinic.

#### PARENT-TEACHERS ASS'N EXPLAINS EFFORTS TO ITS MEMBERSHIP DRIVE

The Parent-Teachers Association is outting on its annual membership drive beginning October 7th and ending Oct. 12th.

The membership fee is 35 cents per year, of which 5 cents goes to the National Association and 5 cents goes to the State Association and the remaining 25 cents is used in our grade schools to purchase things supply.

Once during the school year we have some sort of entertainment for which we charge admission. This money is also used for school purposes. We do not ask our members for donations and there are no speci-

## Another Big Loss Faces Farmers As Hog Cholera Rages

Serum Shortage Makes The Situation Doubly Serious as Practically Nothing Can be Done to Combat the Dread Plague.

The Moultrie county hog cholera situation is becoming worse right along. Due perhaps to the prolonged spell of wet weather, cholera is getting a foot-hold in many herds in this county. Many hogs have already died and hundreds more are sick.

Dr. Lewis this week, stated that he would not be surprised if the hog loss in this county would run from \$15,000 to \$20,000 this Fall.

One reason for this is the shortage of vaccinating serum with which to combat the dread disease. For some cause or other serum is an exceedinly scarce article right now .. The laboratories that prepare it

and sell it to the veterinarians and promise of any early delivery.

The farmers are begging and

pleading for protection but the vets and farm bureaus are helpless and have nothing to work with. The following message received by Dr. Lewis Monday about sizes up the

situation so far as most of the laboratories are concerned: "Save your telegrams! We had a number of batches of serum off test this morning (Sept. 30) but every drop has been shipped out. No more will be off test until about October

"Dean Corsa of the Gregory Farm Laboratory.'

In past years new corn has usually been given some blame for the cholera infection. This fall very little new corn has been fed and other causes must be to blame.

Last year there was but little cholera. Hog growers became careless in the matter of vaccinating and there was not much demand for serum. As a consequence the laboratories are not prepared to meet the great demand which is sweeping in on them this fall.

#### COUNTRY CLUB LADIES TO HAVE LAST PARTY OF SEASON

The ladies of the Country Club will give a card party at the club house Friday afternoon of this week: in case of rain the party will be held at the home of Mrs. Almond Nicholson. The party will be the last one for the year and will be in charge of following ladies: Mrs. Helen McCune chairman; Mrs. J. A. Byrom, Mrs. Dave Cummins, Mrs. Will Gardner, Micholson, Wirs. rea Wiedner, Mrs. Mae Monroe, Mrs. Jesse Tabor, Mrs. James Wright.

#### **EDITORIAL**

#### A REVOLT AGAINST HYPOCRISY

All right-minded people are in favor of temperance, especially as it applies to strong drink. Many worthy organizations are working toward this cause.

Some years ago an organization sprang up which took advantage of this situation and fastened itself as a blood-sucking leech upon the temperance movement. It dipped into politics and has been under suspicion of throwing its support, financial and otherwise, always to the highest bidder. Some of its leaders, such as Anderson in New York, became rather reckless in their pilfering and ended up in the penitentiary.

gue whose superintendent in Illinois today is Rev. George B. Safford.

Rev. Safford, ignoring the exposure of graft and boodle which besmirched the primary campaign of Col. Frank L. Smith, has come out strongly in favor of Col. Smith.

For a time Rev. Safford's position was at least partly tenable. His hatred for George E. Brennan seemed to justify his course of action although it has for a long time been very apparent that the Antis would willingly endorse any Republican candidate no matter what his past record, his personal thirst or his ability to fill the office sought.

But a new element has entered the Illinois political campaign. This new element is the candidacy of former State Senator Hugh S. Magill, who is an independent Republican candidate for United State Senator. Here is a man with a clean record; a man of ability; a staunch and true Republican whose candidacy is a credit to his boss-ridden party.

But the Anti-Saloon League cannot see him at all. They have cast their lot with Col. Smith; they have dumped the contributions which they humbly solicit from the churches, the homes and the temperance organizations into the Smith campaign fund. They feel that. they have gone too far to back out.

Can they deliver? That's another matter.

The people may refuse to longer follow bypaths of political corruption and double crossing. The Antis seem to have over-played their hand.

Says the Christian Century, an undenominational Chicago publication, "The hour has come for the Christian vote to disentangle itself from the meshes of hypocritical political leadership."

It says that Col. Smith's dry platform is made more or less ridiculous by the fact that the Republican party in Cook county is making its campaign on a platform as wet or even wetter than that of George E. Brennan. Commenting on Col. Smith the "Century" says "his offense in accepting funds from Mr. Insull completely overshadows the virture of his technical

Further says the "Century" in tones unmistakable "We believe the Anti-Saloon League's policy in Illinois is dead wrong.

"If Smith is elected there are tremendous doubts that the senate will ever allow him to take his seat. In which event, the Anti-Saloon league will have to accept a senator appointed by that paragon of righteousness, Gov. Small.

"But if the effort to elect Magill results in the election of Brennan, the dry forces can nullify his wetness by overwhelmingly voting "no" on Brennan's referendum. The referendum is providential! Instead of running away from it, as the anti-saloon league advises, every dry voter should hail it as his chance to declare that although Brennan wins in a three cornered contest he has no mandate from the people of Illinois to modify the prohibition law."

#### A LAUGH

A laugh is just like music, It freshens all the day. It tips the peaks of life with light And drives the clouds away; The soul grows glad that hear it, And feels its courage strong-A laugh is just like sunshine For cheering folks along.

#### DR. FRANK CRANE SAYS SELECTIVE AFFECTION IS BEST

The old dispute between true love and any other kind of love dates back as far as Wagner's operas, and further.

Lord Lytton said something somewhere to the effect that if a man truly loves a woman all other women are slightly distasteful to him.

There are two kinds of love in the worldselective affection, and the other kind.

They can be distinguished as much as anything else, by their associates.

Selective affection is the companion of all the virtues. It goes with honesty, honor, loyalty, and every commendable characteristic.

That affection that is felt for just anybody is a law breaker. It makes nothing but trouble. Of course the greater includes the less, and selective affection may include all manner of

But there is something characteristic of true That organization is the Anti-Saloon Lea- love that is essentially different from any old

sort of love. It is true love, that inspires and actuates the greater achievements, not miscellaneous attractions.

The human race has experimented a good many hundred years with various kinds of affinities, and it is selective affinity that has stood the test.

It is that which every young man or woman feels with the advent of the right mate. There is something about it that excludes all other af-

It is not enough to ask yourself whether you are affectionate or not. It is also necessary to inquire of yourself whether this affection is confined to one person. It is not any sort of love that is the basis of the right marriage, but it is loyal love, and the more loyal one is, the greater his love becomes.

There is the same difference between true ove and other kinds of love that there is between a flower and weeds. One is a cultivated plant, and it is that for which the garden was made. The other is an interloper and does nothing but drain our resources.

One is an inspiratoin constantly, but the other does nothing but leave us bankrupt of de-

number is no exaggeration. News of more deeply than did news that tens of thousands had been wiped out in of thousand a single battle.

Man dreads especially the stroke of nature's power, realizing his helplessness before it. At any moment our great sea coast cities might be swept out of existence by a tidal wave. And man can no more prepare against it than the one can preer's watering pot.

philosophically, and to find relief in that advertising can accomplish.

It was not so in other days. When the great earthquake of Lisbon' wiped out thousands of lives and destroyed a city, many lost their faith in God and in Eternal Justice, as others lost their lives and property.

The earthquake and dreadful fire came on a holy day, when the churches were packed with worshippers. Roofs of churches and cathedrals

fell in, crushing great numbers, even as they knelt, imploring Divine mercy.

The day has passed when a natural disaster could be made a convincing argument for shallow atheism. Men have lost much of their superstition, without losing their faith in eternal wisdom and Justice. We know that nature's laws work

eternally and evenly, and it is for men to rely on his intelligence and science, not on protecting miracles. Wonderful is resiliency in man or

material. If you bounce up after you are squeezed down, nothing can keep you down. If you stay flat when you are squeezed flat, you don't go far. Scientists are searching vainly for

synthetic rubber. Its discovery would be worth billions to the world. Synthetic elasticity for the human mind and courage would be even more valuable.

By the way, if any young man can find a way to "reverse the vulcaniz-ing process of rubber," making old rubber as good as new rubber, as old iron is made good as new, that young man will realize the ambitions of millions, and get enough cash to make Paris and Palm Beach take no-

Congressman Hull of Illinois wants a canal from Lake Michigan to the United States ought to have it. Congressmen from Texas, Louisiana Florida, every state in the union

should work for it. A canal connecting Lake Michigan and the Mississippi would establish transportation by inland water ways between Houston, St. Louis, Kansas City, Chicago, Omaha, all the great lake cities.

And the thing could be done with a few of the scores of millions that we are so cheerfully sending to Europe now, in private loans, to build up THEIR industries, canals and other enterprises.

Some day this nation will realize that it pays to develop your OWN country.

Pittsburg sermons are "put on the air," which means sent out by radio twice each Sunday. A number of churches have protested, because

Every time a new business or a new industry locates here, with its weekly or monthly payroll, it is another home run for Sullivan.

Every time a new family moves here, it's another home run.

Every time a family from one of the surrounding towns or the surrounding countryside decides to trade here, it's another home run.

Every time a resident family decides to do all of its trading here, it's another home run.

Every time we build a new house, or a new business block, it's another home run.

Every time we ship out, or in, a carload of freight, it's another home run.

Every time we put through a new public improvement, it's another home run.

It's home runs that made Babe Ruth famous. And it's home runs, like those described above, that will make Sullivan famous.

Let's make more of them.

The First National Bank of Sullivan.

G. S. Thompson Fine line of staple and fancy groceries.

**Dunscomb Dry Goods Co.** "Quality First" - "Value Always"

> Frank McPheeters The East Side Drug Store.

Shirey Newbould & Hankla Grocery Where the community buys its foed

J. M. David Hardware Everything you'd expect in a hardware store.

The Alexander Lumber Co. Building Material, Paints, etc.

Merchants & Farmers State Bank of Sullivan

C. H. Tabor Motor Sales Chrysler and Hudson-Essex Automobiles.

**Sullivan Dairy Company** Buyers and Sellers of Dairy Products.

S. B. Hall's Store Drugs, Jewelry, Optical Goods, etc.

The Sullivan Progress Ed C. Brandenburger, Publ.

S. T. Bolin Implement Co. Headquarters for the Farmers.

The Illinois Theatre The Best in Photoplays

Jack H. Pearson "Sullivan's Leading Clothier"

W. R. Robinson Furniture and Undertaking.

#### PRISONERS, BUT NOBODY WANTS TO KEEP THEM

Last spring Sherman Miller and John Kirkendoll got into some trouble with law. They were given a fine and sentence at the penal farm by Judge Sentel. They had no money to pay the fine and instructions were to keep them in jail until it was earned off at the rate of a stipulated amount per day.

They stayed in jail. Last week their sentence on these fines had expired and Sunday Sheriff Ashbrook and Deputy Foster took them to the penal farm. They took with them the committment papers prepared last

When these papers were presented to the official in charge at the penal farm he looked them over and handed them back saying "nothing doing, for according to the date on your papers these men's time here has already expired. Your papers do not give me authority to take them in." So the sheriffs and prisoners re-

turned to Sullivan. A peculiar position presents itself The county has no authority to keep these men for they have served their time here. The penal farm will not take them without a new sentence or new committment papers.

The men don't know whether they are free or prisoners. They are still at the jail, feeding off the county, because the state does not want

Sherman and John may have to start studying law to try and extricate themselves from the peculiar position they find themselves in.

Somebody, somewhere, seems to have bungled.

In connection with this matter it may not be amiss to call attention to the punishment meted out to these two. The county has taken good care of them, kept a good roof over their heads and fed them well, as punishment for stealing tires and trying to wreck the frame of Marcus Foster. Being locked up and keeping such regular hours may have been a little irksome, but fully compensated for by the shelter and board which the county so kindly furnished.

#### IN SEPTEMBER 1926

(Being a brief sketch of what happened.)

Tunney licked Dempsey. Frank Smith got off the pay roll The Cardinals won a pennant. S. T. H. S. eleven beat Moweaqua. And it rained and rained. Basements flooded that had never

been flooded. Estelle says she loves Jack even if he got licked.

George Brennan fell off the wagon and bunged up his one good leg. Sullivan got a new shoe store. Community Club raised funds to oil

Masonic Home road. Cornfields under water; more rain. Very little waterpipe laid here. Streets all mussed up.

Corn prospects poor—so is the price. Wheat sowing time-too wet. Farmers getting disgusted.

G. O. P. says country is prosperouslikell. Demos say the G. O. P. fibs. Big road meeting at Bethany; boost-

ers want roads not smiles Auditor made report that set people talking.

Officials "told" on each other. County Clerk gave bond. Politics about as messy as a wet Sep

tember. Florida nearly got washed away. Some mighty good people passed on Gosh how everything leaks.

The Charley Smith family returned from Arkansas. Business at a standstill.

Raincoats, overshoes and umbrellas in demand. Sullivan was lucky not to have a homecoming or fair.

Red Cross sent money to Florida. Grand jury had everybody a-jumping and a-guessing.

Fred Wiedner quit the garage business. Mud roads were almost impassable.

Not much of a month for golfing. Blamed sight worse for farming. September was sure punk here. But no better anywhere else. And a whole lot worse in Some other places.

### EASTWARD, HO!

A goodly number of years back old Horace Greely told boys to/"Go West." That may have been good advice at that time but not for the youth of today. John Bupp and John Hankley got the urge to go somewhere, but they decided Horace was all wrong and to prove the courage of their convictions they decided to "go East."

They bought a second hand Henry, bade their freinds and relatives goodbye and this week started East without any particular destination in view. The only thing that will terminate their journeyings will be a good job at good wages. Failing to find that they may at some future date be expected back home.

-Miss Helen Parks of Urbana, to spend the week end at the home of her grandmother Mrs. Amanda Purvis.

Mr. and Mrs. George Finley have left for Florida where they expect to make their home. Since discontinuing the retail shoe business in Sullivan. Mr. Finley has been operating a farm for W. H. Birch

until he decided to move.

— Matt Dedman is nursing an infected left arm. The infection started at a small wound that looked like the blo a scratched mosquito bite and is right below the elbow.

Louis. The groom is the oldest son of They left Bar Harbor, Maine,

After a week's visit at the home of Mrs. Curry's parents they will go to Chicago to make their future home. Mr. Curry is employed by the Chi-Little Bobby Lawhorn, son of Mr. cago Tribune.

#### IN GREAT ABUNDANCE IS NOW UNWELCOME

The Progress is in receipt of the following letter from Mr. and Mrs. W. L. Landers who are visiting at Attica, Kansas.

"October 4, 1926. 'Dear Friend:

"We wish to thank you for your from our neighbors and get the Wabash shops. church news and also what the weather is doing.

"It has rained every day but one since we left Illinois and we do not see any difference in Kansas weather "The sun is shining bright here this morning after a day and night

of continuous rain.

"We have noticed some great changes in Kansas since we were here before, about 22 years ago. At that time there were vast prairies of several days last week with Mr. and buffalo grass, and woodsy fields and tall hedges. What we especially noted along the Frisco on our trip out here was that in Eastern Kansas where the rock hills were, are now immense hills of crushed limestone, with

> the hills.
> "The first morning we were here we saw the sun rise over some beautiful hills which border the Walnut river which almost surrounds a 300acre field of green alfalfa. This al-

> "Yesterday as far as we could see there was running water in all directions and rain coming down in torrents but all that is gone this morning and we hope we will have good weather now both here and

> back home. "We did not get to go to church

The funeral services for Henry Sunday as we are visiting in the McCune were held at the family country, but expect to go before we

"Thanking you very much, we remain,

"Yours respectfully, "Mr. and Mrs. W. L. Landers."

### MRS. McKENZIE RETURNS

Mrs. Edgar A. McKenzie has returned from a two weeks' trip first visiting the National Convention at Des Moines, Iowa, as one of the National delegates to the Daughters of Veterans from Illinois, also acting as a national special aid.

From Des Moines she went to Rockford to attend the Grand Temple of Pythian Sisters as district deputy grand chief of district No. 19. Mrs. McKenzie was with a party from Decatur and joined at Rock

Island by a party from Chicago. While in Rockford she visited a relative Mrs. Edith McCune Stipp.

#### **KNOW ILLINOIS**

Illinois has nearly 30,000 Boy Scouts, ranking third of the states. On January 1, 1926, Illinois had 16,900 producing oil wells—an increase of 169 during 1925.

A game called "rolly polly" is played by farmers in Henry county. It was brought to this country from Belgium. The game consists of rolling heavy wooden discs at a stake.

Scoring is similar to horseshoes. In 1825 Joseph Beaubien was the wealthiest man in Cook county. He paid taxes on property valued at \$1,-

#### LYLE KIRBY IN HOSPITAL

Lyle Kirby who lives in Decatur, well known in Sullivan, who was injured about five weeks ago is not improving very fast. He is still in the

Decatur and Macon County hospital. It is feared he will loose his left kindness in sending The Progress arm as it was badly broken, it being which we greatly appreciate. We get twisted around twice when thirteen numerous letters fro mthe folks at plastering boards fell on him while home but you know we like to hear doing carpentering work at the new

# NOW DRIVE THE CAR/

Only those who have driven a Dodge Brothers Special Sedan-or any Dodge Brothers car BUILT RECENTLY—can fully appreciate all that Dodge Brothers have accomplished during the past few

So swiftly has improvement followed improvement, that today the car, to all intents and purposes, is a different and incomparably finer vehicle.

The announcement of smart new body lines and attractive color combinations first attracted general favor. But since then, improvements even more fundamental have been accomplished mechanically.

Drive the car NOW! Observe its impressive new silence, smoothness and elasticity of performance, and you will then begin to realize just how vital and varied these and other later improvements actually are.

# Mother!

Watch Child's Tongue "California Fig Syrup" is

Children's Harmless Laxative

When your child is constipated, bil-ious, has celic, feverish-breath, coated-

tongue, or diarrhea, a teaspoonful of genuine "California Fig Syrup" sweet-ens the stomach and promptly cleans the bowels of poisons, gasea, bile, sour-ing food and waste. Never cramps or overacts. Contains no narcotics or soothing drugs. Children love its de-licious taste.

Ask your druggist for genuine "Calf-fornis Fig Syrup" which has full di-tections for babies and children of all ages, plainly printed on bottle. Mother! You must say "California"

ILLINOIS

# FREE POULTRY CLINIC

Poultry and Swine Specialist to be here, Monday, Oct. 18th.

Farm Bureau Office, Sullivan, Ill.

Farmers and poultry raisers in this section, who have been losing chickens and pigs, are going to get an opportunity to find out where the trouble is, for arrangements have been made to have Dr. W. C. Graham, a member of the Research and Clinic Department of the George H. Lee Company of Omaha, Nebraska, and a specialist on poultry and swine troubles here on the above date, to conduct a postmortem demonstration clinic on poultry and hogs. This meeting will be held in the Farm Bureau office at 2:00 o'clock, Monday, October 18.

This is part of the campaign being waged to assist farmers and poultry raisers in reducing the tremendous loss on farms every year among these two branches of live stock. Dr. Graham's work is highly endorsed by A. D. Smtih, Chief State Poultryman of Illinois, and other leading poultry authorities of the state, such as Judge Tarbill of Havanna, Judge Scott of Peoria, Judge Hale of Glennellyn, Lyle Funk, President of the Illinois State Poultry Assn., and many others.

Everyone who has been losing any chickens or pigs, or who has chickens or pigs that are not doing well, is invited to bring in specimens for examination, and receive free instructions on the cause, treatment, and prevention of the trouble. Plenty ofspecimens are needed to bring out the full value of the demonstration and it is hoped every farmer in this section will take advantage of this opportunity to learn some real facts about disease prevention. Every poultry and hog raiser should hear this man.

This clinic demonstration is really a short course school, teaching farmers how to correctly diagnose, treat, and prevent disease and other troubles common to poultry and swine.

There will be no admission charge and nothing offered for sale at the Clinic. Come, and learn how to stop your los
