## CITY CLERK W. H. BOYCE PASSES AWAY

Well Known Printer and For Many Years an Official of Sullivan, Succumbs to Lingering Illness.

City Clerk W. H. Boyce is dead. After an illness of several months, during the past six weeks of which he was confined to his home, he passed away Wednesday evening about 7 o'clock at the age of 58 years, 5 months and 10 days.

William Henry Boyce, son of Gardner A. and Christina Broden Boyce, was born near Scotland in Edgar county, Illinois May 31st, 1868.

With his parents he came to Sullivan in his early youth and his entire lifetime was spent in this community. He was united in marriage with Alice Stevens, who survives him. Two children born to their union, also survive. They are, Cray, wife of Ray Armstrong of Alberta, Canada and Fred Boyce, who resides in Chicago. There are three grandchildren in the Armstrong family.

By trade Mr. Boyce was a printer, and all his life was identified with the printing business. In later years he conducted a printshop of his own in this city.

He served the city several terms as city clerk and was filling that office at the time of his death. Conscientious, efficient and courteous, Billy Boyce was an ideal clerk. His records were kept with painstaking care and no detail was overlooked to secure the utmost accuracy.

During the past year especially, the duties that evolved upon the city clerk were numerous and entailed a lot of work. He kept the records covering the entire transactions which led up to and culminated in the completion of a water supply and distribution system for the city of Sullivan.

He was a member of the Christian church and at the time of his death was a trustee and member of the official board. He was perhaps one of the oldest members of that church in point of membership, having belonged and attended for the past 53 years.

The time for the funeral services had not been set at time of going to press. The services will be in the Christian church and burial will be in Greenhill cemetery.

## SUPERVISORS TENDER FLEMING RE-APPOINTMENT AS HIGHWAY SUPT.

At Saturday's meeting of the board of supervisors T. C. Fleming was tendered re-appointment as county superintendent of highways at a salary of \$1500 per year, the same as has been paid in the past. He resigned some time ago, but as no successor was named, he has been filling the office, until other arrangements could be made.

When Mr. Fleming first resigned, Guy Little qualified to fill the position but the supervisors voted to reduce the salary to \$1000 per year and offered Mr. Little the job at that price. He refused it. Supervisors Lowe and Kellar at that time voted against the reduction.

Mr. Fleming stated Thursday that he had not been officially apprised of his appointment and also remarked that in his opinion Mr. Little's application for the job had not been given the consideration due him.

## SIX OF 18 EXAMINED FOUND TO HAVE T. B.

At the T. B. clinic conducted by Mrs. Clyde Harris at the court house Saturday 18 people were examined. Ten of these were from Sullivan, 7 from Bethany and 1 from Dalton City. Of this number 6 were found to have the disease; 6 were contract cases and 6 were found entirely free from T. B. germs.

Dr. Bartlett who was to have conducted the clinic was unable to be present on account of death in his family. Dr. Ahrens of Decatur came in his stead.

The Dalton City case was that of a 11 year old Nihiser girl. On Friday of this week Mrs. Harris is going to take her to St. John's Sanitarium near Springfield. This girl had been a pupil at the Hewitt school.

## MARRIAGE LICENSES

## TRADE-IN-SULLIVAN ORGANIZATION PERFECTED

Lewie David was elected president and F. W. Wood secretary of the newly organized Trade-in-Sullivan Association at the Master in Chancery's office Wednesday night. This was the second meeting held by the merchants in an effort to organize to boost Sullivan as a trading center. A committee of five, consisting of H. S. Shirey, J. H. Pearson, Ed C. Brandenburg, W. H. Chase and E. O. Dunscomb was named to formulate plans for the work of the association and report to another meeting which will be held at the Master's office next Monday night.

## Meeker Party In Bad Auto Smashup Saturday Evening

Accident at Thomasboro Resulted in Injuries to Miss Grace Meeker, Mrs. C. B. Stearns and Daughter. Miraculous Escape From Death.

Miss Grace Meeker of this city, Mrs. C. B. Stearns and daughter Charlene Gertrude of Chicago, were injured Saturday evening about 5 o'clock in an automobile accident at Thomasboro, Illinois, while on their way to this city.

The party, accompanied by a chauffeur, were driving from Chicago to Sullivan in the Stearns Lincoln sedan, at the time of the accident. At an intersection at Thomasboro a Ford car drove right across the slab in front of them. There was no dodging or getting around and the Lincoln hit the Ford with such impact that it threw the bigger car off the road and it rolled over three times. The drivers of both cars were badly shaken up but not injured otherwise.

Mrs. Stearns and daughter and Miss Meeker were taken to a hospital in Champaign and Miss Stearns called up her uncle, R. D. Meeker in this city. Mr. Meeker accompanied by Dr. and Mrs. O. F. Foster, hurried to Champaign.

It was found that Mrs. Stearns was the most severely injured of the party. Several ribs were broken and she was badly bruised. Her son Thomas, who had been notified in Chicago, gathered up the family physician, a woman, named Dr. Bush and in four hours covered the distance between Chicago and Champaign.

On their return to Chicago Monday Mrs. Stearns was taken to her home there. Miss Grace Meeker sustained some broken bones in her right hand and both she and Miss Stearns were badly bruised and battered. They accompanied R. D. Meeker to this city.

The Lincoln car is a complete wreck. Everybody concerned feels that the occupants had an escape from death which was little short of miraculous.

—Miss Helen Miller visited relatives in Champaign, Sunday.

## Criminal Cases Set For Trial Next Week; Brown Given Help

Supervisors Hear and Heed Plea of States Attorney; Important Cases Docketed; 32 New Jurors are Summoned to Appear Monday.

If all the cases set for trial next week are taken up in turn and tried, the circuit court will be exceedingly busy.

Saturday the attorneys for the state in the cases against Homer Hawkins are to file their bill of particulars setting forth on what charges he is to go on trial. The Curly Burns change of venue plea is also slated to come up for argument and decision on that day.

Other cases set for Monday are those charging Emery Hines and Mike Marion with the murder of Ed Libotte of Gays. There is some rumor that pleas of guilty may be had in these cases provided penitentiary sentences of moderate length are the penalty. Grover C. Hoff of Decatur, is attorney for the accused.

The case of Francis Uttinger is also slated for trial. He is the alleged accomplice of James D. Allison who was found "not guilty" by a jury after a trial here last week. As practically the same evidence which was used against Allison is what the state must depend on to convict Uttinger, it appears improbable that the burglary charges against him will hold. The state contends that Allison was the principal and Uttinger the companion in these garage burglary cases.

Other cases on the docket are the damage suit of W. G. Davis vs. Ray and Osae Bupp, growing out of the accident when John Bupp's car struck Mr. Davis and injured him last year.

The other case is that of Dolan, adm. against Irving Shuman and is an appeal from the county court.

States Attorney A. A. Brown appeared before the Board of Supervisors Saturday asking for advice as to how to proceed in the cases on docket, and asking for assistance in prosecuting the Hawkins case. Bryan Tivnen of Mattoon will assist in the Libotte murder cases, having been retained by the relatives of the slain man.

The Hawkins case is based on a (Continued on page eight.)

## HAVE YOU A TRIANGLE INSURANCE POLICY?

The Progress is still issuing Triangle Insurance Policies to its paid in advance subscribers. An application blank appears in this week's issue. If your subscription is paid up, The Progress will accept your application and that of any member in your family, under 55 years of age and in good health. There will be no \$5.00 charge for joining this association, provided you are a paid up subscriber and your application comes through this office. All you have to pay are the expense assessments and the death assessments. Mutual insurance of this kind is home protection at cost.

## Cheadle and Hopper Spoke Monday Night To Community Club

Telephone Official Tells of Wonderful Achievement in Means of Communication; Rev. Hopper Urges Better Community Spirit.

The Sullivan Community Club at its first meeting of the season Monday night enjoyed an excellent banquet served by the Ladies Aid of the M. E. church.

Two speakers were on the program, the first of whom was C. B. Cheadle of Joliet, secretary of the Central Illinois Telephone Company which operates the local exchange.

Mr. Cheadle spoke of the development of telephone service covering the years, since the first message, "Mr. Watson, come here. I want you" was successfully transmitted over wires by Alexander Graham Bell, fifty years ago. Mr. Cheadle presented very interesting statistics showing the present status of the telephone business.

The teachings of the Christ have made all men brothers, said Mr. Cheadle, and added that the development of the telephone as a means of communication has made all men neighbors. He stated that on Tuesday he would talk to the schools in this city relative to this golden anniversary of the telephone.

Mr. Cheadle was followed on the program by Rev. W. B. Hopper, former president of the club. He recently attended a meeting of the Illinois Chamber of Commerce meeting in Chicago and had some interesting things to impart that he learned on that trip.

He stated that the state organization had an industrial secretary whose duty it was to furnish data and information to new factories which seek to locate in Illinois or factories already in Illinois which may be seeking new locations. He urged that this city make an industrial survey and furnish this secretary with all available information which might interest new industries in Sullivan.

He called attention to the shoe factory campaign of a year ago and declared there was no sense in letting down in efforts along that line simply because no shoe factory was landed. In fact, he declared that experience has proven in other cities that two or three smaller industries might be preferable to one big factory.

He urged the revival of a real, wide-awake community spirit, determined to go forth and do things.

It was announced that at the next meeting of the club Mayor Patterson would present a complete report on the successful completion of the city's water system.

Officers will be elected at that next meeting, which will be on the night of Monday, December 13th. As a nominating committee, President Robinson named Carl Hill, Frank McPheeters and J. F. Gibbon.

## SULLIVAN WON EASILY AT SHELBYVILLE. SECONDS HOLD DECATUR TO TIE

(By Lloyd Brown)

Sullivan met and defeated Shelbyville last Friday afternoon 14-0. Both touchdowns were made by Martin. The first coming in the second quarter after straight football had taken the ball within scoring distance by Baker and Hollonbeck. Martin plunged over for a touchdown. The second came on a pass Hollonbeck to Martin. Baker made both tries for extra points.

Shelbyville kicked off at the start. Sullivan began by making first down. They were then held and forced to kick. Shelbyville took the ball on their own 20 yard line and made first down. Then failing to gain on three plays they were forced to kick. Sullivan took the ball on their own 48 yard line and after making ten yards through the line, the quarter ended.

On the first play in the second quarter Baker took the ball between tackle and end for a 16 yard gain. Baker again took the ball for a 12 yard gain putting the ball on the 3 yard line. Martin made a yard thru center and on the next play crashed thru off guard for a touchdown. Baker dropped kicked for the extra point. Shelbyville again kicked off. The ball was down on the 30 yard line. Sullivan was forced to punt and a poor kick gave Shelbyville the ball on the 50 yard line. Shelbyville was held and forced to kick. Hoskins ran the ball back to the 40 yard line. Baker and Martin combined to make a first down and Sullivan was then forced to kick. Shelbyville took the ball to their own 40 yard line where the ball had gone out of bounds. The half ended with the ball still on the 40 yard line.

**Second Half.**  
The second half Shelbyville kicked off and Freeman was down on the 35 yard line. Sullivan made two first downs and were then forced to kick. Shelbyville got the ball on their own (Continued on page five)

## MAYOR PATTERSON WILL FILL VACANCY IN CITY CLERK OFFICE

The death of W. H. Boyce removed from the city's official family one of its most faithful workers. The vacancy will be filled by appointment, Mayor Patterson having the power to name a successor until the next regular city election.

The City Council meets Monday night at which time some action will doubtless be taken.

## JUNIOR CLASS TO PRESENT "AGATHA'S AUNT" AT HIGH SCHOOL AUDITORIUM FRIDAY

The Junior class of the S. T. H. S. will present its class play "Agatha's Aunt" at the High School auditorium tonight (Friday).

The play which is a three-act comedy, will start promptly at 8 o'clock. Sidney Toler is the author of the play which is a very entertaining comedy which will hold the attention of the audience from start to finish.

The cast follows:

Zaida Finch—Carmen Harris  
Jim Doolittle—Vern Kellar  
Deacon Wiggins—Joseph Ashbrook  
Howard Kent—Wayne Miller  
Phemie Tidd—Agnes Wright  
Agatha Kent—Lucia Harshman  
Burton Forbes—Mac Grigsby

## Jury Finds Allison Not Guilty on Charge Of Robbing Bryant

Hard Fought Legal Battle Results in Acquittal of Man Who Earlier in the Week Had Been Convicted of Burglary in Decatur.

A jury in the Moultrie County circuit court on Saturday afternoon returned a verdict finding James D. Allison of Cerro Gordo, "not guilty" of burglary. Allison was one of the two men charged with having broken into the Bryant garage in Lovington in August and stolen a truck and a quantity of tires. It was alleged that he took these tires to Chicago and sold them to a man named Joe Michael. This Chicago man was here to testify that Allison was the man from whom he bought the tires. The tires were discovered in Michael's store in "The Loop" and quite a number of them were recovered.

Francis Uttinger of Decatur, was implicated with Allison in the case as also was a soldier named Charles Golladay, who is now a federal prisoner at Rantoul and was brought here to testify against Allison. Golladay told of the transportation of the tires after their theft. A federal officer was in charge of Golladay while he was here.

Relatives of the accused man had rallied to his support and as alibi witnesses they convinced the jury that Allison could not have been mixed up in the case. Allison was defended by Judge E. J. Hawbaker of Monticello and W. E. Redmon of Decatur. States Attorney A. A. Brown was assisted in the prosecution by States Attorney Shonkwiler of Piatt county.

Early in the week, before going on trial here, Allison had been taken to Decatur and there convicted of car stealing. He was brought here with the intention of finding him guilty of the Bryant crime and adding another sentence to that given him in Decatur. These plans miscarried and when the jury returned their "not guilty" verdict, Allison was locked up to await the outcome of the Uttinger, case and will doubtless be sent to the penitentiary from Decatur.

The jury which heard the Allison case consisted of Ben Erhardt, Dan Pifer, C. L. Dick, Robert Denson, Paul Edwards, James Smith, J. W. Burkhead, Louis Conwell, Potter Arterburn, E. K. Jackson, John Denton and William Smith.

Evidence in the case was completed Friday afternoon and after the attorneys' arguments and instructions by Judge Sental the jury got the case about 5 o'clock. They failed to reach an agreement until afternoon Saturday.

**McCUSKER GROCERY**—Barrel of those fine lake salt fish just received, 5c each. Leaf and head lettuce, celery, Virginia sweets, carrots, turnips, apples, Pears, grapes, figs, dates, pomegranates. ### JUST WHAT DID YOU VOTE FOR?

The election is over. Illinois has again set a bad example.

The voters found themselves in a dilemma. They did not like George Brennan and what he represents in politics. In the minds of most people support of Brennan would have encouraged the nullification or repeal of the 11th commandment "Thou shalt not partake of any alcoholic drink." This command was not given by the law-giver Moses, but through the agency of the Anti-Saloon League.

Accordingly they went and voted for Col. Frank L. Smith whose actions and campaign contributions, whether intentionally or unintentionally, placed him on a platform advocating repeal of that commandment which says, "Thou shalt not steal." Brushing all subtleties and camouflage aside, that is exactly what the Smith vote amounted to. Col. Smith had violated the laws of the state. He had accepted money which he could not lawfully take. If that was not stealing, what was it?

Choosing between nullification of the man-made commandment pertaining to use of liquor and the God-given commandment relating to dishonesty, the people ratified the nullification of the latter. They did it because the Anti-Saloon League and various other church organizations told them to do so. It was a sad state of affairs for old Illinois. Finding itself between the "Devil and the deep blue sea" the voters were told to take their choice and such is the hatred of the "intoxicating sea" that they chose the other alternative.

This is not the first time this has been done in Illinois. The Illinois government reeks with dishonesty. It is a shame and a by-word among the states which comprise this great nation.

The man who is our governor took a million dollars from the state and has never returned it. In a bitter legal battle in which every support was brought to his assistance the Supreme Court decided against him. Has he paid it back? Not so you could notice it! Just to show how easy it was to steal, he and his minions held up every employe on the state pay-roll and made them contribute toward the collection of another million with which the first million is to be repaid, if such contingency ever arrives. Justice! Why the people of Illinois may well sit and tremble and fear to offend Len Small, or he will go forth and pilfer another million!

Two years ago the people were buncoed in to voting a \$100,000,000 bond issue for building roads. In order to get the people to approve that bond issue, every cowpath and by-road in the state which had some legislative influence at Springfield was included in the mileage to be paved. Under this false pretense the people voted for the bond issue. Now the Governor brazenly tells them that the \$100,000,000 will not suffice to pave more than half the mileage included in the bond issue bill. A gasoline tax is recommended to pay the balance.

And what's more no roads are now being built out of that \$100,000,000 road bond issue. It is being held up for use as a campaign fund for our Governor and his friends in 1928. It will be used as a club to line up the voters so they will vote to continue in office a regime that is a disgrace to civilization. When the people voted that \$100,000,000 bond issue in 1924 they simply handed Len Small a \$100,000,000 campaign fund for use in 1928.

Where are we headed in at?

Just what will be the outcome of all this?

You hear about a crime wave. Lawlessness is on the increase.

Can you marvel that such is the case?

Is it no exactly the harvest that we may expect from the seeds we are sowing?

When you parents voted for Frank L. Smith the other day you approved dishonesty. When you support Len Small and his like in politics how can you expect the youth of the land to have any respect for the law?

Can you wonder at the bank troubles in Illinois at Decatur, Hindsboro and elsewhere when weak officials see how the big fellows set an example and get by?

Do you really favor the repeal of the laws against stealing and all that comes within

that classification?

Col. Frank L. Smith brazenly admitted violating the laws of his office. Instead of prosecution; the legal machinery in the state of Illinois openly assisted to elevate him to a higher office. According to the constitution of Illinois Len Small is illegally holding the office of Governor. Why is that permitted?

Have we in Illinois two codes of law—one for the politician and one for the rest of us?

You send a man to prison for petty thefts. You fill the penitentiaries with men and women who violate some of the laws of our state. You vote to promote the bigger law breakers to higher office. Can you wonder that Herrin and Cicero are armed camps? Can you wonder that the youth of the land holds the law lightly and instead of respecting it, merely regards it as something to be evaded and gotten around of.

Small and Smith and their type of men in public office breed anarchy. When a man presumes to be above law, he is an outlaw.

The church leaders in politics, seeking to reform the appetites and morals of people by law are building air-castles which will come tumbling around their heads when they find that they have permitted the very foundation of government and decency and honor to crumble to dust while they have been chasing pretty butterflies, under the leadership of a Wheeler, a McBride and a Safford.

The election settled nothing. It was but an incident in the battle for a return to honesty, decency and common sense. The big and the little fry of crooks and incompetents may have won a temporary victory. No cause is settled until it is settled right. The battle continues. Honesty against dishonesty; Illinois against corruption; law against the outlaw.

It could not be settled by running a Brennan against a Smith. The awakening will come when the people will demand of their political parties that they clean house and wrest the government away from the grafters, and "money changers in the temple" and again enthrone honesty and integrity as the prime requisite of Illinois' officials.

Then and then only will God's commandment "Thou shalt not Steal" stand forth again in all of its glory as the fundamental basis on which rests all government. The people will in shame forget the Smith endorsement and youth and age can again look with respect on law and law can demand of them that respect on which is founded honest and efficient government.

### DR. FRANK CRANE SAYS CONSIDER THE BACKGROUND

Behind every mind is a background. Behind every overt deed and spoken word flows a mass of feelings, impulses, and ideas from which these concrete things are chosen.

Men are hanged and otherwise punished for the actual deeds they accomplish; a more just method of judging humanity would be to take into consideration the whole background. Nobody can do this but the God who made men, and hence it is said that His thoughts are not as our thoughts.

And that is the reason why perfect justice can be meted out only at the judgment seat on the last day.

What a strange region is this background of one's self! There flow what strange ghost faces and inchoate deeds! What gusts of feeling, what streams of tendency, what lurking, buried seeds of hereditament!

A certain part of us is known to the world and we consider that part to be ourselves, but behind this there is another part, out of which the visible is created.

Wild and sayr like lusts, holy longings, prickings of conscience, bonds of obligation, remorseful faces from the past, rosy plans for the future all mingle in the strange phantasmagoria behind the soul.

Greater than any music that Wagner ever composed is the music that he dreamed, but could not express. Greater than any speech that a gifted orator has made are the speeches he thought of, but never made. Greater than any love which a man has expressed is that reservoir of love within him that has never been able to find expression.

If we would know a man through and through, therefore, we must not only know what he thinks and says overtly, but we must bore through the crust of this into those wells of feeling which have never come to the surface.

Probably the background of any saint is as bad as that of any sinner, and possibly the background of a murderer might be as pure and holy as that of any of us.

But know not what's resisted."

WIRELESS POWER.  
BIG BUSINESS IS BIG.  
DON'T PUSH LABOR.  
BIGGEST JAIL IN WORLD.

It has been suggested here occasionally during several years past that a solution of the flying problem would eventually include wireless transmission of power. What men can imagine, they can do when imaginations run on same lines.

Electric waves are power and can be sent without wires. It is not too much to hope that power generated at one place on the earth will be sent without wires to another place, or sent to machines flying in the air.

Latest, most important news is that Marconi, speaking cautiously as usual, suggests the possibilities of power transmission without wires as a scientific possibility, not a mere hope. There could be no greater practical scientific achievement.

Reports from our big business proves that it really is big. No wonder Europe envies us. While doubting Thomases ask, "What do you think of the business outlook?" reports of great companies answer the question.

In the first nine months of this year General Motors earned more than \$149,000,000, and the big United States Steel Company more than \$145,000,000.

It is interesting to see one of the automobile organizations making bigger profits than United States Steel, biggest industrial organization in the world.

In nine months United States Steel earned more than \$13 a share on five hundred millions of common stock. That was once called "thin air," it wasn't even "water." Now, with earnings "put back" it represents no one knows how much real wealth.

The important thing, according to Stalin, Russian boss, is for Russia to get control of "reactionary labor unions." He means especially the American Federation of Labor.

American capitalists should realize that the American Federation of Labor is a great bulwark of conservatism, and not try to push it in the direction of Bolshevism by any gloating over the fact that organized labor power is not what it once was.

Chicago attacks one big problem in a big way, building the "largest, best jail in the world." The cost, with a court house in front to help fill the jail, will be seven and a half millions. Rooms for fourteen crim-

inal courts will be built with high ceilings, and back of the court the big jail for the modern crime army.

In view of jail breaking and the unusual energy of criminals, wouldn't it be a good idea to let jailers wear gas masks, and install in corridors and in the main office valves that, when opened, would flood the jail with some convincing gas of the mustard type? Nothing to kill or permanently injured the convicts, of

course, but strong enough to take their minds off any jail breaking plan.

Forty odd years ago, Edison, now eighty-four, was personally superintending the installation of a small electric lighting plant in "Harry Hill's" on Houston Street, New York, where John L. Sullivan used a box. He probably did not think that he would live to see electric light and power develop into a business of seven thousand five hundred millions of dollars.

And that is only the beginning. Insull in Chicago, Williams in New York, and the great electric companies on the Pacific coast are constructing power plants of hundreds of thousands of horsepower.

All the goblins in the world seemed to be let loose when talk came of gigantic tariff reductions, and Wall Street beat its breast.

But President Coolidge and Secretary Mellon let it be known that they will do all they can to cooperate in tariff reduction, BUT NOT AMERICAN TARIFF REDUCTION.

**DID YOU EVER STOP TO THINK**

Edson R. Waite, Shawnee, Oklahoma Arthur Carruth, Managing Editor of the Topeka (Kansas) State Journal, says:

THAT there are two kinds of advertising—the kind the dealer tells about in the newspaper space he takes and the kind his customers tells about when he leaves the store.

THAT no kind of advertising will bring effective results unless the advertiser keeps his stock up to the standard of his claims to the public.

THAT the community spirit behind home buying is based on 10 per cent patriotism and 90 per cent values.

THAT the home town merchant cannot expect to compete with mail order or big city attractions unless he first carries the stock and then tells his customers about it.

That in all towns there is a certain class of buyers—persons who go miles for a "foreign label." Their buying is a condition of the mind and is in no way indicative of the spirit of the community.

THAT this class can be dealt with only thru individual "shaming" not thru public damning.

The final secret of selling is brisk advertising at one end and satisfaction at the other.

Olive Hoskins spent Saturday in Mattoon.

Mr. Cheadle, head of the Home Telephone Co., gave a talk Tuesday morning in the assembly. We enjoyed it very much.

Miss Burns, Carmen Harris, Florence Graham, Jeanette Loveless and Joe Ashbrook went to Decatur Friday afternoon. Miss Burns chose costumes for Junior play cast.

Gertrude Davis spent the week end visiting in Decatur.

**CLASS NOTES**

The American History and Civics classes were allowed to attend court Wednesday of last week. They all enjoyed it and hope to get to attend court again some time during the year.

The Junior English III. classes wrote their first theme for this year, Thursday.

The Junior class play, "Agatha's Aunt" will be presented Friday, November 12, in the High School Auditorium.

**ATHLETICS**

The S. T. H. S. met and defeated the Shelbyville High School football team, Friday.

The first quarter was played about even, neither team succeeding in making a touchdown.

The second quarter the S. T. H. S. got a touchdown and Baker kicked goal.

The last half, Sullivan got another touchdown and kicked another goal. The score was 14 to 0.

Coach Dennis made his first call for basketball for all those who are not out for football.

The second team played the Central Junior High, or those that won the Decatur Junior High championship. This was a hard, even struggle. Sullivan's seconds out-played the Decatur Juniors the last half and was but four yards from the goal line. Quinn of Decatur received a broken collar bone.

**JOKES**

Before Miss Baskin took her classes to the court house to hear the trial she asked what they would look for. Student: "A seat."

William: "What's good to clean ivory?"  
Earl: "Try a shampoo."

Bill: "I heard that you and Gerald almost had another fight."  
George: "Yes, but there wasn't anybody around to hold us apart."

Miss Blythe: "Everett, name a collective noun."  
Everett B.: "Vacuum cleaner."

Glenn: "How did you get that problem?"  
Ballie: "With my pencil."  
Glenn: "Well, then I'll get mine with my pen, so that they won't be alike."

Ruth: "Do you know that father has never spoken a hasty word to mother."  
Olive: "How's that?"  
Ruth: "He stutters."

Vern: "What kind of leather makes the best shoes?"  
Pat: "I don't know, but banana skins make the best slippers."

Mac: You're so tight that you don't dare wear rubber heels because they give."  
Jack: "Say, you're so tight that you fry your bacon in Lux so that it won't draw up."

Jim: "Ballie saved \$100 on his incidental expenses last year."  
Bill: "How's that?"  
Jim: "He found a brand of cigarettes that none of his friends like."

John: "Let's go to the show tonight."  
Louis: "Nope, I only got one more

night left to read my Sears Roebuck catalogue."

John: "How come?"  
Louis: "Because it has on the wrapper, 'Return in five days', and tomorrow's the last day."

The farmers in the United States have invested in farm machinery the sum of \$3,594,773,000. That much machinery should not be left in the open all winter. The life of the farm tools is short enough.

The town of Arthur has a baby beef club. On Saturday of last week the bank placed 32 calves in the hands of 20 boys and girls of the community. The calves averaged a little better than 500 lbs. in weight. The club of last year made money and was a success, else they would not have been able to foster another one for the coming season.

There is still room for a dairy club in this community. There are boys and girls who are interested, and the Jersey breeders in this county have some of the best jerseys that can be found anywhere. But, we do lack an important consideration. That is a fair, or a suitable place for showing. Prizes must be given for the best stock. Boys and girls are always proud of their accomplishments, and they have a right to be proud, but there must be a provision for the showing of their animals. They must be able to tell folks about what they were able to do. Some say that we can show at Arthur. No doubt but that we could. Probably we could show at Shelbyville, or at the National so far as that matters. We need something more local. We want a dairy calf club.

Joseph Ashbrook went to a party the other night. They served corn on the cob, corn bread, corn syrup, pop corn and corn in a jug. Musta been regular corn meal.

records on his eight acre wheat project. The average yield per acre was 19 bushels. It cost \$1.25 per bu. to produce it. He sold the wheat for \$1.28. 54% of the total cost of production was for power and labor. The average figure on most farms is 60%. It cost \$24.42 per acre to produce the wheat. Recent investigations of the University of Illinois disclosed the fact that the average cost of producing an acre of wheat was \$28.53. According to the above statements we conclude that Everett did not do such a bad job after all with his wheat.

This gentleman is not combative. BUT—he's just been over to neighbor Brown's where he heard, and he has decided—definitely and finally—that his home shall no longer be without a radio—a good radio set. So he is on his way to the TIRE AND BATTERY STATION where he knows the famous STEWART-WARNER radio is to be had. He is going to give us a Christmas order for a radio set, to be installed and tuned-in on Christmas morning. Which, by the way, suits us—because that is our promise—and our specialty.

## STEWART-WARNER Matched-Unit Radio

There's only one Matched-Unit Radio—the Stewart-Warner. Radio reception is admittedly most satisfactory when each unit of the radio—receiver, tubes, reproducer and accessories are matched to co-ordinate perfectly with each other. This perfect co-ordination of units is absolutely impossible when there has been no attempt made to match the various parts—or when each is the product of a different manufacturer.

You have been waiting for the kind of entertainment that Stewart-Warner Matched-Unit Radio will bring into your home. This you may now have at new attractive prices. Popular demand has made this possible.

# Dr. S. W. Johnson Tells Of Interesting Vacation Trip Through The East

(Continued from last week)

On our return to the hotel, just off Times Square, we are met by Will and Mrs. Barnhart—meeting Billy had been with us—who led us unresisting, to dinner at, what I think was called The Pine Tree restaurant, but this I know, great unhearn—not even barked—pine logs supported the balcony. After dinner we attended a show at the Capitol Theatre—the largest theatre in New York. To say it is gorgeous only partly describes it; to say it is large is a part of the truth, and the music of the orchestra and great pipe organ was splendid, better than the Bethany band.

Thursday morning, Paul again took us in tow, taking a surface car down to the Battery. Here we saw great piers and ships taking and bringing the commerce of the world; the old Battery theatre where Jennie Lind first sang in this country, P. T. Barnum being her manager. This building is now an aquarium with more kinds of fish in it than ever Barnum fooled, not but what Barnum always gave you something for your money. So here one may learn a great deal, even from a fish; to old Trinity church and its cemetery of a score of graves—a landmark in New York. This old church is very rich, having acquired real estate long years ago, which it leases and great buildings erected on it bring a princely income. They don't need to take up a collection Sunday morning to pay the janitor. The old and new City Halls were in our itinerary. We walked along Wall street with its massive bank buildings; along Matt and Pell streets and New Market, the Chinatown of New York, unguarded and unafraid. These streets are literally packed with little Chinese, sharp and slant-eyed Chinamen, no women in sight. Of course we saw the Woolworth and Singer buildings and others tolerably high up in the air.

After lunch we took a steamer for Coney Island, as no trip to New York is quite complete without a visit to that famed island of pleasure. Here are amusements of every kind; a great big place of jollity and excellent and expensive places to eat, and we had dinner at another timber inn, it being The Ash Tree Inn. I have not yet figured out why they want to take their patrons to the woods to feed them. With our dinner was served music and dancing—very palatable dishes when properly taken, and a good time was had by all. And then it rained.

The trip down the Hudson and out through the inner and outer harbor and on to the old ocean was, to me, an occasion. When we started there were only gentle ripples on the surface of the water but pretty soon you could see the waves, capped with white, coming to meet you, and pretty soon the ship begins to roll, not a nice rocking horse but rather like the girations of a bucking bronco. Men staggered around on deck as if they might have been out to the three mile limit. I was not sorry when the pier came in sight.

Will, Elizabeth and Billy drove out and met us before dinner. After seeing the sights we drove back to the city, reaching our hotel about 1 a. m. Coney Island is one big laugh, with more ways of having fun than a Sullivan street fair.

Friday morning we did some more sky-gazing, and a little shopping and in the afternoon returned to Riverton. Friday night we drove way out northwest of Philadelphia to Willow Grove, another amusement park, to hear Sousa's band.

Saturday Paul and I played some more golf; the women folks going to Philadelphia.

Here at Riverton they have a splendid eighteen hole golf course with more hazards to the hole, to my way of thinking, than there is any need to be. They also have at the course the Japanese beetle which eats turf, flowers and fruit and even golf balls, but the caddies are too tough for them. The Government has an experimental station here and has been trying for two years to find a way to destroy these pests.

Sunday morning dawned bright and clear and we again stowed our luggage aboard the good boat Buick and headed south, waving goodbye to our good friends, who stood by to see us off and wave adieu. Our way led through dozens of little cities, all spick and span in their close-mown lawns, flower beds and trimmed hedges, by orchards loaded with Jersey fruit (apples, not butter). Crossed the Delaware river at Wilmington and on through Baltimore to Washington. Just before reaching Havre de Grace, where we crossed the Susquehanna river over a bridge, we came in sight of the upper reaches of Chesapeake Bay.

This is a delightful drive and chuckfull of interest of events in the early history of our country.

At Washington we put up at the Cairo hotel—the tallest building in that city. Their service is to be commended as we found them kind, courteous and accommodating from managers to elevator boy. Washington is not difficult to find your way in, once you get the lay of the land. Just remember the numbered streets run North and South. Those with names East and West and the avenues like the spokes of a wheel.

Monday morning we were afoot reasonably early. Leaving the hotel we walked down town, passing numerous monuments placed at intersections of avenues and streets. Reaching the White House grounds, we boldly walked through them, for don't we help to pay the expenses of their upkeep—and then around them. They are beautiful and from their size I would think it would require the energetic service of at least four able bodied men working eight hours a day and six days a week to keep the lawns mowed and the flowers and shrubs in order. But I wish they would not have the hedge so high around a part of the grounds that a visitor might get a better peek.

At ten o'clock we took a sight-seeing bus and had a four hour tour

to places of interest, the Bureau of Printing and Engraving where they make money faster than Henry or John D., eighteen million dollars a day and ninety million postage stamps; the Pan American building where the Americas hold their confabs, and the Peace Conference meet and decide to tear up a lot of our ships. You know that 5, 5, 3 agreement; and the club women have their talk fests. This building is worthy of the cause to which it is dedicated; The Capitol with its magnificent corridors, its splendid halls and chambers, where more hot air, so called oratory, is spilled than any other place in the world, and its handy cloak rooms; the White House with its associations and traditions. Events in the history and politics of our country seem to spring from its walls; the National Museum, filled with ancient relics and fine dresses worn by the wives of our presidents, and the Library, the grandest of all. It is magnificent beyond the imagination of any one man, its architecture, its paintings and sculpture. To describe it would require the language of a poet, the understanding of an artist and the knowledge of an architect. To loiter through it is like a stroll through the garden of Aladdin. It is a beautiful city. And Washington Monument—a great obelisk of stone rising high above it all.

Across the Potomac river, in Virginia, is the National and Arlington Cemetery. It is mid-afternoon when we reach it. The shadows are lengthening and quiet prevades this place. We enter at the West gate. As we drive along a winding road, under the shade of trees, on our right hand are the graves of soldiers of the line, on our left, the graves of officers. A slightly arched top of the stones mark the graves of soldiers who were known, a square top, those of the unknown. Great rows of the latter marked the final resting place of those whose identity is lost. Many fine monuments mark the graves of men who have by greater service gained greater fame than others. Our little guide, a son of a soldier, directed us to the old home of Robert E. Lee. It stands on the edge of the bluffs, facing east. We walk through the great silent rooms where Lee walked and fought the hardest battle of his life on that memorable night sixty-five years ago. He was tendered the command of the Union army. Virginia, the voice of the South, was calling him. When morning came his decision was made; had he chosen differently there might have been no Gettysburg. I stood on the east balcony; below, through a narrow valley, flows the waters of the Potomac and just beyond, the city of Washington, its domes and spires and monuments gilded by the afternoon sun—a beautiful and long to be remembered picture.

Again we were directed to other parts of the cemetery and on either side were hundreds of little markers, some bearing names but the great majority unmarked and came to a beautiful, though not large, marble amphitheatre where the President is wont to speak to the people on Memorial Day. It is open to the sun and stars, a fitting place to recall the memory of those who keep the silent bivouac and to rededicate ones self to the service of one's country.

Here we go down several great granite steps from the rostrum of the amphitheatre, cross a Broadway paved with great stones, and stand, uncovered, beside the grave of the unknown soldier. Here the nation pays a fitting tribute to the unknown soldier wherever he may lie. And we ask ourselves if the world has been made better by their sacrifices. Before this unlettered vault, a soldier, arms at "carry", marches forward and back, forward and back, looking neither to right nor left, except when he about faces, when he stands rigid for thirty seconds. A sentry on watch. Yes, I know the men buried here neither lived nor died in vain.

We pass the night at Alexandria. Tuesday. This morning we visited the Masonic lodge over which General Washington presided as Master. This lodge room is a small museum of its early days, ancient implements of the craft, ancient swords and pistols and quantities of relics; the old chair in which Washington sat as Master, now enclosed in a glass case; Christ church, where Washington and Lee had pews; the Carlyle House, built in 1752. It is a brick building with massive walls, under it are cells as black as midnight in which Indians were held prisoners, and in years gone by a tunnel ran from here, a hundred yards or more to the river. In this house, in 1755, was held a meeting from which grew a determination to tax the Colonies which was one of the principal causes of the Revolution. It was also the headquarters of General Braddock and the plans of the campaign against the French and Indians were made, which resulted in the battle of the Meadows. It was the expense of these wars that led to the tax on the Colonies. Here in 1785 General Washington and the Governors of Maryland and Virginia, met and it was determined to call a meeting of all the Colonies which met in Philadelphia 1787 at which the Constitution of the U. S. was framed.

### WHEAT ACREAGE

As near as we can find out about 70 per cent of the wheat acreage was sown that was intended for wheat. This will vary by communities. In some places only half as much wheat was sown as was intended for wheat while in other places the seeding was about as heavy as intended.

### ELMER WEIDNER KILLED BY KICK OF HORSE WHILE HUSKING CORN, WEDNESDAY

Elmer Weidner was killed about 3 o'clock Wednesday afternoon, when he was kicked in the head by a horse while husking corn on his farm near Dalton City. He was working alone at the time of the accident, but a hired hand, Joe Deinel, was filling another wagon about 150 yards distant.

Deinel said that he neither saw the accident nor heard anything unusual. When he worked up alongside of the other team he saw Mr. Weidner's body lying on the ground. He hurried over to see what had happened but the man was dead.

The only indication as to what had happened was the bloody print of a horse hoof on the man's cheek.

Mr. Weidner was a well known farmer and owned several farms in the vicinity of Dalton City. He was 42 years old and had farmed in this locality for many years.

He leaves two brothers, Frank Weidner and John Weidner of near

Dalton City, and three sisters, Mrs. Gus Reeter and Mrs. James Armstrong, both of Dalton City and Mrs. D. A. Snyder of Conroy, Ohio. He also leaves his father and mother, Mr. and Mrs. Dan Weidner of Decatur, and his wife and two children,

Mary Florence and Betty Anne.

—Mr. and Mrs. Gail Carnine and Mr. and Mrs. J. B. Tabor will leave Friday (today) for Kentucky where they will visit with some of Mrs. Carnine's relatives.

### EUGENE MARQUIS IS SHUCKING CHAMPION OF MOULTRIE COUNTY

The contest to determine who shall represent Moultrie county in the state corn shucking contest which is being held today in Stark county, was held Wednesday afternoon on the farm of W. R. Bone, northeast of Bethany.

C. C. Turner and W. R. Bone were the judges.

The contestants were Eugene Marquis, George Bone, J. Green and Harris Bone. The corn being shucked averaged about 50 bushels per acre.

Each contestant was supplied with a driver and with a gleaner who picked up the ears that missed the bump boards and the good ears missed by the shucker. No attention was paid to rotten ears on the ground.

The time of the contest was 1 hour and 20 minutes.

Deductions for husks and gleanings were figured on a percentage basis.

The result of the contest was as follows:

Marquis 2044 lbs., deduction 121, net 1923.

George Bone 1964 lbs., deduction 175, net 1789.

Green 1866 lbs., deduction 75, net 1791.

Harris Bone 1662 lbs., deduction 24, net 1638.

Shucking conditions were not of the best, because of raw weather and wet grounds.

—Mr. and Mrs. Garrett Wolf entertained Mrs. Mattie Osborne and son Paul and J. T. Roberts, all of Mattoon over the week end.

### SULLIVAN WON EASILY AT SHELBYVILLE. SECONDS HOLDS DECATUR TO TIE

(Continued from page one)

29 yard line. Shelbyville made 15 yards around left end. They were then thrown for a five yard loss. Shelbyville punted and Sullivan got the ball on Shelbyville's 40 yard line. Shelbyville was fined 15 yards for holding. Baker attempted a drop kick but failed to make it. The ball crossed the goal line and the quarter ended with the ball in Shelbyville's possession on their own 20 yard line.

**Last Quarter.**

The fourth quarter showed Sullivan opening up a passing offensive. Shelbyville was forced to kick and Sullivan took the ball on their own 48 yard line. A pass, Baker to Martin, gained 17 yards, taking the ball to 35 yard line. Shelbyville interrupted a pass and got the ball on the 40 yard line. Shelbyville was forced to kick and Freeman blocked the kick. Sullivan recovered the ball on the 20 yard line. A pass, Hollonbeck to Martin, scored the second touchdown for Sullivan. Baker dropped kicked for extra point. Sullivan kicked off and Shelbyville returned the ball to the 25 yard line. Shelbyville was forced to kick and Hoskins returned the ball to Sullivan's 33 yard line. Sullivan kicked and the game ended with the ball in Shelbyville's possession on their own 15 yard line.

It was noticeable Saturday that they lacked the punch a number of times to gain the necessary distance. The line was very strong and played a good game.

Thursday, November 11th Sullivan plays Urbana. Urbana and Blue Mound cancelled and Mr. Tice arranged for the game with Urbana, here. The game will be played too late to get into this week's edition. Urbana has won and lost the same number of games as Sullivan and the fans are looking forward to a good game between these two teams.

**Seconds and Central Junior Game.**

Saturday the Central Juniors of Decatur and the Sullivan Seconds played a scoreless tie on the local field.

The attendance was small but those present agreed that it was one of the best games they had seen on the local field this year.

The Sullivan boys had the better of it after the second quarter but were yet unable to score.

In the second quarter Decatur had worked the ball down to the 18 yard line. Then a Decatur boy was tackled so hard his collar bone was broken. When the man was substituted in his place Decatur was fined half the distance to the Sullivan goal because the substitute had been taken out the 1st quarter. This put the ball on Decatur's 41 yard line.

Throughout the third quarter the game was even. Glen Landers making some nice gains for Sullivan, while Quinn retaliated for Decatur. Hogue and Bolin played a very fine defensive game for Sullivan and showed the coach what promising material they were for next year's team. In the fourth quarter Sullivan gained the ball on their own 39 yard line. Gregg made 9 yards around right end then a long pass, Walker to Gregg, took the ball to the five yard line. But before the next play could be completed the gun went off and the game ended.

This is the last second team game and the only one at home the sec-gave the local fans heart and a promise of a good team next year is in sight.

### ENTERTAINMENT BY PUPILS FEATURE OF P. T. PROGRAM. INTEREST IN WORK GROWING

The Parent-Teachers Association met at the South Side school building Tuesday night. The auditorium was well filled. The meeting was opened with a song by the assembly. The minutes were read and approved. It was voted to pay the per capita tax, which amounted to \$19.60. It was also voted to pay \$7.00 for prizes in the membership drive; this was carried over from last month's meeting. The district conference will take place at Neoga, Nov. 15th. It was moved and seconded that an invitation be extended the district to meet here in 1927. A speaker will be engaged to give a lecture on "Pre-School Age", next spring.

The F. I. C. club has offered to pay one half the expense of obtaining a speaker. Dr. Lena Sadler of Chicago, is the speaker the P. T. A. would like to secure.

For the next month's program the committee will be: Mrs. Raymond Shasteen, Mrs. Ben Luke and Mrs. Howard Wood.

The program was then continued with a pageant under the direction of Miss Etha Lindsay, entitled, "Best School Folks."

### THE HATCHERY NAME

**Name.** The name of the Farm Bureau Hatchery was changed at the annual meeting of the Hatchery on Nov. 5. The Hatchery will be known hereafter as "Moultrie County Hatchery" and will be fostered by Farm Bureau supervision.

**Location.** The Hatchery will be moved from the Farm Bureau office to the Duncan Commission House by the I. C. tracks. The new location will permit considerable expansion, while the Farm Bureau office was overcrowded. This weaning off process, however, is in keeping with the Farm Bureau policy of helping new ventures until they are able to stand on their own feet. Shipping associations were helped greatly in the early part of their existence; however, it is not necessary that the Farm Bureau continue to run them.

**Rent.** At the last Farm Bureau Board meeting Nov. 6, it was agreed between the Hatchery Board and the Farm Bureau Board that the Hatchery should pay rent for the period of time in the Farm Bureau headquarters. It was mutually agreed that \$150.00 would be fair and reasonable. The Hatchery is sending its check for this amount in time to be incorporated in the annual report of the Farm Bureau on Nov. 12.

**Feed.** Last year our flock owners fell down pretty badly on feeding home mixed rations. They intended to but did not get it done. Some flocks did not produce a surplus of eggs until the hatching season was half over. We want our hatching eggs this year starting Feb. 1st at least. In order to get these eggs the Hatchery is insisting on the flock owners keeping a balance mash before the flock from now on. In order to facilitate this work a carload of "Illinois Egg Laying Mash" was purchased and distributed at the car at \$3.30 per cwt. From the floor this mash will cost \$3.50. So far 25 flock owners have taken advantage of this service. Some bran, middlings, cotton seed meal, linseed meal, tankage, hog feed was put in to make up the required tonnage for the car. The dairy-men should have known about this feed proposition as several were interested in the big savings.

**Culling.** Just as soon as the flock owners have secured their cockerels and put their flocks on full feed, culling will be commenced and pushed until it is all done at an early date. Blood testing for White Diarrhea will follow immediately. Probably not all flocks will be tested this year but there will be a greater percentage than last year.

**Expansion.** It was voted at the Hatchery meeting, Nov. 5, that the Hatchery board purchase another Buckeye machine to take care of the custom hatch if it was deemed advisable by the Board. The new location will easily take care of four machines.

—Farm Bureau News.

—Mrs. Nancy Waggoner and daughter Rasha and Misses Altabelle Waggoner and Carlisle Allison were Sunday visitors with Mr. and Mrs. Will Sutton of near Bruce.

—Miss Gladys Wood spent Saturday night and Sunday with Miss Diamond Mitchell in Bethany.

The surest protection against failure is never to attempt to do anything.

**MCKINLEY SINKING**

Reports from the bedside of Senator William B. McKinley at Martinsville, Indiana, are very discouraging. The Senator's life is slowly ebbing away.

—Mr. and Mrs. Clayton Hutton of Mattoon visited with Mrs. Nancy Waggoner and family Sunday afternoon.

—Ralph Blystone left the first of the week for Tuscola where he is employed by contractor Carnine.

## Coming To SULLIVAN

### Dr. Hamilton

**SPECIALIST**

in internal medicine demonstrating his system of treating diseases and deformities without surgical operation.

**WILL GIVE FREE TREATMENT**

at the

## Savoy Hotel

Thursday, Dec. 2

Office Hours 10 a. m., to 4 p. m.

**ONE DAY ONLY**

Dr. Hamilton is well known in Illinois and has many patients. He will give his professional services free to all those who call on him this visit.

Dr. Hamilton is a regular graduate in medicine and surgery. He visits professionally the more important towns and cities and offers to all who call on this trip his services free of charge.

According to his method of treatment he does not operate for chronic appendicitis, gall stones, ulcers of stomach, goitre, tonsils or adenoids.

He has to his credit many wonderful results in diseases of the stomach, liver, bowels, blood, skin, nerves, heart, kidney, bladder, bed wetting, catarrh, weak lungs, rheumatism, sciatica, leg ulcers, and slow growth in children.

If you have been ailing for any length of time and do not get any better do not fail to call, as improper measures rather than disease are very often the cause of your long standing trouble.

Remember above date and that his services on this trip will be free, making only a charge for medicines in cases which are accepted for treatment.

All that is asked in return for these professional services, is that those treated tell their neighbors as to how they have been benefited.

Married ladies must be accompanied by their husbands.

Address: Dr. Hamilton, Medical Laboratory, Boston Block, Minneapolis, Minn.

The church where there are no strangers welcomes all.

### CHURCH OF CHRIST

Evangelist Shrull of Mattoon will preach for the Church of Christ at the Woodman hall at the southwest corner of the square, Sunday at ten o'clock and Sunday evening at seven. All are welcome.

### FIRST CHRISTIAN CHURCH

Geo. M. Anderson, Minister.  
"Aspire—then perspire". It isn't often that complaints are heard in the church due to perpiration. There is still a great deal of work that needs to be done and not very many who are perspiring at the job. The above motto is a good one and ought to be used by every church member. The sermon subject for next Sunday morning will be "Christ the Perfect Example." The thoughts for this sermon will be taken from the second chapter of Paul's letter to the Philippians.

"A chip on the shoulder is too heavy a piece of baggage to carry through life."

Some time ago a most interesting article appeared in the Lookout, concerning Mrs. Inez Gaddis, teacher of the Loyal Daughters Bible School class. If you have not read this article you should look it up and read it. Last Sunday's Lookout carried the picture of our most distinguished Bible School orchestra, on its front page. Read the Lookout carefully each week, you might accidentally see your picture in it or read something about you or your work.

Sermon subject next Sunday evening will be "The Church and a Hungry World."

You are cordially invited to attend any and all services of the church.

Bible School meets each Lord's Day at 9:30 o'clock. Carl Hill, superintendent. The orchestra plays each Sunday morning.

Lord's Supper observed at 10:40 o'clock.

Christian Endeavor at 6:30  
Evening service at 7:30.  
Midweek service, Wednesday evening 7 o'clock.

**FORMER BETHANY VETERAN DIED IN DECATUR MONDAY**

James A. Butt, drummer boy in Co. B, 41st Ill. Vol., during four years of Civil war died Monday morning in the home of his daughter, Mrs. J. Freeland, in Decatur. His death was due to the weakness of extreme age. He had been ill for the last eight months.  
J. A. Butt was born April 20, 1842 in Shelbyville; he enlisted with Co. B, 41st Ill. Inf., July 5, 1861 as drummer boy, and with his regiment served to the close of the war.  
He was married to Amanda J. Kennedy at Bethany January 10, 1867. The greater part of his entire active life was passed in or near Bethany where he engaged at his trade as wagon maker. Three of the ten children born to him, yet live: Mrs. Freeland of Decatur, Mrs. J. T. Welman of Lovington and L. T. Butt of North Salem, Ind. He is survived also by his sister, Mrs. Louise Bone of Bethany; his brothers, William Butt of Green Forest, Ark. and Alvin Butt of Bartlesville, Okla.  
Since the death of his wife in 1909 he has made his home with Mrs. Freeland in Decatur, where he was a member of Dunham post 141, G. A. R. and one of the members of the post fire and drum corps. He was a member of the Presbyterian church.

**BOOKKEEPER FALLS HEIR TO FORTUNE**

"Upon the death of an uncle I inherited \$50,000. I gave up my position and intended enjoying myself when I was stricken with a severe case of stomach trouble and colic attacks. Two of these attacks made me lose consciousness. After treating with our best doctors with little benefit, I decided to try MAYR'S, and it helped me at once. I have been entirely well for past year." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded. For sale by druggists everywhere. —Advertisement

**BIBLES ON EXHIBIT AT CHRISTIAN CHURCH**

Last Sunday evening the Christian church observed a special Bible service. Old and new, large and small Bibles were on exhibition. The old Bibles were the most attractive of the group. Most of these were worn and faded through years of service, having passed through the hands of two and three generations.

Those receiving special recognition were as follows, Mrs. P. G. Wiard had the smallest Bible on exhibition. Mrs. John Schoonover had the largest Bible. Mrs. Lulu Elliott the oldest and Miss Mayme Patterson the most interesting history.

The oldest Bible present was one hundred and eleven years old. This was the C. E. Hostetler family's old Bible. The Bible contains family records that goes back to the year 1788 or back to the days of George Washington. This Bible is on display this week at the First National bank.

There were other old Bibles on display last Sunday evening. Mrs. Edith Wolf had a small Bible that was 101 years old. Landers and Cash Powell had Bible present that were 98 years old. There was a Hebrew Bible on exhibit that claimed the age of about 400 years although it bore no date.

—Mr. and Mrs. Frank Moore (nee Mrs. Belle Christy) who were married several weeks ago, have returned from their honeymoon trip through Iowa, Minnesota and Wisconsin. In Minnesota they visited Mrs. Moore's sister and in Wisconsin they visited Mr. Moore's sister. They have taken up their residence on the farm southwest of Allenville.

—Isaac McClung underwent an operation for the removal of his tonsils, Tuesday.

### CALIFORNIA MILK GOATS ACCEPTABLE BIRTHDAY PRESENT

L. D. Seass of Jonathan Creek, came to this city Saturday morning and got a crate from the express office. In that crate were three Toggenburg goats, two nannies and one billy. The goats are about three months of age and were shipped to him by his sister Mrs. Aurora L. S. Hanson of Pasadena, California, who is in the business of raising milk goats. She sent them to Mr. Seass as a birthday present. Their value amounts to several hundred dollars.

Mrs. Hanson is secretary of the California milk goat association and her ranch produces some very high class stock. The goats sent Mr. Seass are all registered and are sired by an imported male which came all the way from Toggenburg, Switzerland and for which Mrs. Hanson paid \$500. Goats of the Toggenburg variety produce from 4 to 8 quarts of milk per day when mature and the milk goat business is growing rapidly, not only in California but also in other parts of this country.

### BOYS PLEAD GUILTY AND PAY FINES

In Judge Lambrecht's court Saturday Everett Drew and Gerald Newbould entered pleas of guilty to a charge of assault and battery and paid fines of \$5.00 and costs each. The charge against the boys grew out of an escapade on Hallowe'en night. They were arrested for attempted kidnapping but that charge was dropped and assault and battery charged instead.

The other group of boys who spent Hallowe'en night in the calaboose were not prosecuted as they claimed that they had not been up to any mischief and had not even gotten started celebrating Hallowe'en when Officer Loy gathered them in.

### CRIMINAL CASES SET FOR TRIAL NEXT WEEK BROWN GIVEN HELP

(Continued from page one)

chain of circumstantial evidence some of which may be difficult to substantiate. Somebody changed the official records. Circumstances point toward young Hawkins as having done so.

The board by a vote of 5 to 4 voted to instruct the states attorney to proceed with the prosecution of all these cases even though, judging by the verdict in the Allison case, chances for conviction are rather meagre and the county will be put to great expense in the matter. The States Attorney suggested that he be given power to engage Col. J. E. Jennings of this city or W. E. Kedmond of Decatur as his assistant in the Hawkins case. The supervisors while voting to authorize support, did not make any selection nor decide what should be paid for such assistance. Judge Sentel Saturday ordered that an additional venire of thirty-two jurors be drawn to report for duty Monday November 15th.

The following were drawn: Sullivan—Howard Wood, Tom Pearson, Otto Kinsel, Mose Perry, Walter Jenkins, Roy Light, Carl Summitt, Hugh Linder, A. F. Woodruff, Albert Myers and Shelton Freeman.

Marrowbone—J. R. Crowder, W. D. Clark, S. H. Dillinger, J. D. Shasteen and Thomas Bone.

Low—J. E. Leachman. Lovington—W. D. Cox, Sherman Bandy, O. B. Kearney, Oral Foster, Clarence Bivins, J. E. Despres.

East Nelson—S. P. Purvis, Cecil Preston and Bert Lane.

Whitley—Fred Elder and Don Armantrout.

Jonathan Creek—Burley Fultz and Oral Dolan.

Other transactions in court last week included a judgment in favor of the M. & F. State Bank vs. O. L. Hancock in the amount of \$243.43; judgment in favor of the First National Bank of Arthur and against John and Cora J. Winskill in the amount of \$950. In both of these cases costs are also assessed against the defendant.

The Wirth land sale was not approved by court, ordered set aside and the Master in Chancery was directed to have another sale.

## CHURCH NOTES

**PRESBYTERIAN CHURCH**  
Sunday School at 10 o'clock. Subject for study, "Caleb's Reward." Morning service, "Christian Education." Christian Endeavor, 6:30 p. m. Evening service, subject "Tiding Time."

**SULLIVAN MARKETS**  
Corn 58c old, 50c new.  
Soy beans—stock beans \$1.10.  
Black Ebony for seed \$1.25.  
Wheat \$1.24.  
Oats—36c.

Not much old corn is reaching the elevators and from present indications no new corn will be taken before November 20th. Shucking has started.

Soy bean threshing is still in progress whenever the weather will permit. The quality of the beans is not bad, considering what they had had to go through in the way of unfavorable weather.

The poultry market is as follows: Hens, 20c; leghorns 17c. Springs 4 1/2 lb. and over 20c, lighter 16c; leghorn springs 14c; old cocks 8c. Ducks 16c; geese 13c; young turkeys 31c. Sour cream 44c; sweet 46c.

### FINES ASSESSED

Judge Lambrecht during the past week assessed the following fines: John Wright for possessing liquor \$6.40; Tom Booker for speeding \$18.40; A. D. Miller for parking across intersection \$8.40.

### POTATOES AND PRICES

In Aroostock county, Maine, upon the northeast tip of the United States, they grow their potatoes big.

This year, Walter Christie, of Presque Isle, in Aroostock county, produced 154,000 barrels of potatoes on 1,100 acres, which every farmer knows is better than an average crop.

The estimated cost of producing these potatoes is \$1.70 a barrel. By selling at \$4 a barrel, Mr. Christie apparently stands to clear \$354,200, surely not a bad year's work.

Ever so often a story of this nature is printed in the newspapers and travels half around the world. It has quality called human interest that makes a news story good. It pictures man as victor in his battle with nature.

And it seems to show all the farmer needs do is walk into his fields and pick up the dollars, that the farm is a gold mine needing only to be promoted and exploited by its owner.

The trouble with such a story is that the battle needs a background. It makes no mention of the bad years for Aroostock county potato raisers, and there have been several bad years since 1920.

And the farmer knows, too, he is getting but 83 cents for his dollar when measured against pre-war prices, as is shown in the report of the agricultural department of the federal government. Up to October 15, a decline of 4 per cent in the average of farm-product prices is reported. The price of all farm crops may be shown at 130 with the pre-war prices taken as 100, but still, and he knows it, the farmer gets but 83 cents for his dollar when he steps into the market to buy with it.

### BOB NEAVES SUCCUMBS TO DIABETES AT HOME IN ELBERTA ARKANSAS

Robert Neaves, 62, who was one of Sullivan's best known residents, about twenty years ago, succumbed to a long illness at his home in Elberta, Arkansas, on October 29th. He is survived by his wife and two sons aged 6 and 10 years; also by his brother W. C. Neaves and sisters Mrs. D. W. VanGundy and Mrs. W. R. Huff of this community and Mrs. Stella Wiley of near Gays. The three sisters went to Elberta to attend the funeral services.

Mr. Neaves conducted a general store at Elberta and also served as postmaster. Elberta is no city but merely a trading center and mail distributing point for the mountain country that surrounds it. Mr. Neaves had made good in Arkansas and had a nice business at the time of his death.

### Y. W. M. S. MET MONDAY NIGHT

The Young Women's Missionary Society met at the home of Mrs. Clara Brandenburger Monday night, with thirty present. One new member, Mrs. Mabel Nichols, was added.

The first number on the program was a song by assembly.

Prayer—Miss Etha Lindsay.

This was followed by a business session led by the president, Miss Lindsay. Division Number 4 then took charge and presented several numbers.

Song—Assembly.

Devotional—Mrs. Ona Anderson. Piano duet—Mrs. Marie Pifer and Miss Grace Grider.

Paper, "Leadership in the Rural Church"—Mrs. Gertrude Fortner.

Vocal Solo—Miss Mary Emily Lewis.

Paper, "Training For Leadership"—Mrs. Marie Pifer. Benediction.

The next meeting will be in charge of Division number one, of which Mrs. Freda Horn is leader and will probably take place Dec. 17th at the home of Mrs. Blanche Carroll.

—Is your poultry scrubby and runty? Doubtless the birds are full of worms and other ailments. Lee's remedies which are on sale at the East Side Drug store, will help get rid of the trouble.

—A daughter was born Saturday evening Nov. 6th to Mr. and Mrs. J. T. Wilcox of Decatur. Mrs. Wilcox before her marriage was Miss Marie Curry, a former Sullivan resident.

—Mr. and Mrs. John King who spent several days in Springfield, returned, Friday.

—Mr. and Mrs. Fred Booker moved into their property on West Harrison street, Monday.
