#### **Employes Guests At** Monday's Meeting of Community Club

Dr. Converse of U. of I. Made Business Address; Ice Factory Seems Assured. H. C. Shirey and Joseph A. Sabin Among Evening's Orators

Employers and employes met Monday night at the Masonic hall dining room in the last dinner-meeting of the season for the Community club.

The attendance was not as big as had been expected.

The banquet was served by the ladies of the Presbyterian church.

President Gauger stated that since the meeting was dedicated to employers and employes he had arranged for one speaker from each class to address the meeting.

For the employers H. C. Shirey of the S. N. & H. grocery spoke. He emphasized the fact that in his opinion "there is no better community anywhere than Sullivan." It is but human nature to think that other communities are more prosperous but an investigation will disclose that Sullivan is just as good a place to live and to trade as is to be found hereabouts. He urged closer cooperation between employers and employes to please and hold what trade Sullivan now has and add to it.

For the employes Joseph A. Sabin of the O. J. Gauger & Co., spoke. In a very good talk on the relation which an employe should have to his employer he stated that naturally an employer could not do all, so the employe, in carrying out his employer's business policies was "interpreting

#### Illinois Central Soil Soy Bean Train Had Corn Borer Exhibit

Spread of Pest Imported From Europe a Matter of Very Grave Concern for Farmers of the Corn

A big number of people visited the I. C. R. R. company's special soil and soy bean train which stopped at the depot here for several hours Thursday night of last week.

The object of this train was to create more interest in soil-building legumes that will give a cash income and enrich the soil. Such plan leads to a better diversified system of

## Poultry Train, Egg Show and Merchants Awards Well Attended

Sullivan Had Its Biggest Crowd for Many Months Monday. Special Advertising Efforts Made a Success of the Egg Show.

One thousand and ninety three people passed through the C & E I brother William of Louisville, Ky. poultry special train which visited Sullivan between the hours of 9 and L. M. Craig both of this city. 12 Monday.

The West end of the city near the lepots was crowded with cars and a steady stream of people entered the train and passed through the various cars, viewing the exhibits. Clinics were held in which the train specialists were assisted by Dr. S. J. Lewis and Dr. A. K. Merriman of this city.

Lectures were given and pictures

The egg show was held in the Armory, which was donated for the purpose by Lieut. Campbell of the Service Company.

The premium list for the show had been solicited and arranged by the two publishers of the local newspapers. A thorough advertising program had been carried out, with the assistance of Webb Tichenor, secretary of the Poultry Association.

Poultry raisers responded very liberally and there were 137 entries.

#### BUYING JERSEYS IN OHIO FOR MOULTRIE JERSEY CALF CLUB

A farm bureau committee consisting of Harve Sharp of Bethany, John Craig of Arthur and Ralph Emel of this city left Wednesday by auto for Belmont county Ohio to purchase about 20 Jersey calves for the boys and girls who recently joined the Moultrie county Jersey calf club. To date 21 have joined.

The calves which the committee is to purchase will be about a year old hearsals for the cantata. and will be pure-bred and dropped by cows that are now making good in testing associations.

Belmont county is famous for its high quality Jerseys. Over 1000 cows in that county are in testing associations. The breeders have big barns and are organized into a selling association. Buyers from all over this country go to Belmont county for foundation stock and for addi-

tions to high quality herds. The committee will also buy older animals for Moultrie breeders who gave them specifications as to just what they want and the price they

are willing to pay.

A telegram received from Mr. Sharp by Farm Adviser Turner was at Bainesville, Ohio and had found an excellent bunch of calves, just what they were looking for.

SQUANDERING OIL WEALTH. 400% MORE BABY SHOES. USELESS RECORD BREAKING. WILL SHE DIE?

Mr. Teagle, president of New Jersey Standard Oil, warns oil men that they are cutting their own throats. This country is treating the nation's oil wealth as unintelligently as frontiersmen treated the herds of bison. The bisons soon vanished.

Oil is actually being sold for less than it costs to produce, cheerful for buyers, but it will not last.

Millions are spent developing new wells to increase competition while oil companies are carrying 530,000,-000 barrels of oil stored above ground at an annual cost, loss and waste of \$130,000,000.

The country's national oil wealth is not merely private wealth.

It is a great national asset and a

way should be found to give oil production some national control and

You are told many things about prohibition, for and against R. H. Davidson, writing from Colorado Beach, California, asks, "Do you chance to know that the sale of children's box and the sale of children's box and the sale of children's change and the sale of dren's shoes has increased 400 per cent per annum since prohibition came?"

Everybody will agree that 400 per cent more shoes for children, combined with larger savings bank deposits, is a strong argument for pro-hibition, assuming those things to be

results of prohibition.

Those that would modify the Voltead Act say the average man is earning about twice what he earned before the war, and increased earnings, not the abesnce of beer, explain greater savings and more children's shoes.

A coal strike of a sort was started last week in what is called "the central competitive field." Union men in the North cannot compete with non-union men farther South.

The alleged attempt to reduce wages in the North would cause still further reduction of wages in the South. Industry and business are not civilized while it is necessary for employes to appage in providing employes to engage in periodical battles, at the expense of the workers' wives and children, to decide what is fair pay. Some impartial third party should fix wages. The public pays in the price of coal.

Segrave, British beat the world's automobile record last week, flying come and hear the message of good over the sands of Daytona Beach in Florida at a speed greater than 166 miles an hour. At Lyons in Georgia, men on trial fer kidnaping and flogging the Rev. E. J. Jones, Jr., wore hoods. One had a pistol, another waved a sword. They told Mr. Jones they did not approve his moral conduct, drove him off in a car, held him down, beat him with a leather strap..

The clergyman testifies "After I was set free I started off down the road singing 'How Beautiful Heaven Must Be'." During the beating he had prayed aloud. Such fortitude is MOST unusual.

Now New York may have to decide about executing Mrs. Ruth Snyder, young, blond, curly-headed widow, aged thirty-two, who recently confessed she helped another man murder her husband murder her husband.

There is no question but the risen you come looking for Him, and as he gave to Mary a message for others, He will likewise give you a message held Sunday. Let us make it a great to give to the world, a message of

the resurrected Christ. We were glad, and inspired to see several sure-enough young people in the 6:30 young peoples service on last Sunday, and to note the interest, and active part they took in the meeting. It certainly gives we older Christians real joy to see the younger ones with a real love of God and a joy in their hearts, with a service for Him. "Remember thy creator in the days of thy youth." "Cheap" paint isn't cheap at all!

When you are tempted by wonderful claims, elaborate guaranties and a very low price to buy "cheap" paint, remember this:

"Cheap" paint sells at a low price because it is low in quality-poor stuff. That's the only reason a manufacturer can afford to sell at a low price.

By the gallon it costs you less. But don't let that fool you. It will cost you many times more than good old SWP on the wall-by the job and by the year-because it covers only about half the area per gallon—and lasts only about half as long.

METHODIST EPISCOPAL CHURCH C. D. Robertson, Pastor

Next Sunday is Easter. Easter is the climax of the church year as well as the culmination of the christian faith and hope. The resurrection of The Christ is the event upon which the whole body of faith depends for validation. Hence the Easter festival, which commemorates this event, has become the loftiest of all church festivals.

This church will observe Easter with the following program:

At 7 a. m. there will be a sunrise prayer meeting at the Presbyterian church conducted by the young people of the three churches. Everyone the young folks.

MARAUDERS IN THE PARK One day in last December. The night was very dark.

When lo! beneath a spreading oak A strange sight met my eye.

I thought that I was dreaming Said I, "It cannot be." neet Fridey of this week. Everyone But there it was as clear as day Beneath that large oak tree. That were on duty in the town, When I told them my strange story Their only answer was a frown.

> They marched forth in a body, To see if it were so. And when they reached that large oak tree

They were stunned as by a blow.

They rushed back to the city To summon the mayor and alderman

That they might see with their own eves What I now relate to you.

Next day they called a meeting To decide how they could stop This mighty band of marauders

It was finally decided After many a hot debate, That they should have to call forth The troopers of the state.

They changed their minds again, though As small town officials often do

And said that they would cut down the oak trees And in their place set spruce.

This seemed a good idea And within another moon I could stroll about unmolested, Beneath the summer moon.

Now you keep on asking What I saw beneath that tree, It was a bunch of chattering squirrels Making acorn tea.

-Robert Sullivan.

Some of the high points in Dr. Converse's talk were the following:

People will trade where they can get what they want. Trade today is on wheels, it can travel rapidly from point to point.

Sixty years ago country merchants moaned about the railroads destroyng their trade. They found themselves mistaken. Twenty-five years ago it was the interurban that was expected to bring ruination to the country merchants. Today the hard road is regarded as a menace.

It all depends on the men The efficiency of the individual merchant is the deciding factor.

Why can't the merchants from the smaller towns get after the trade from the larger nearby trade centers? Merchandise, price and service are the three big elements in present day

trading. Turnover is a good thing, but it is not the whole thing in merchandising. Buying is the real art on the part of the retailer. Get a good line of merchandise and carry as full a stock as is possible.

#### Hard Road Prospects

Supt. A. E. McCorvie of the Masonic Home who is a member of the road committee reported that a state official from Chicago who had been here to visit the Home last week had gotten stuck in the mud several times en route and had declared that he would see Gov. Small Saturday afternoon and would impress on him the need for early building of route 132, which is the hard road that is to connect the Home with Sullivan.
