Democrats Victors In Most Contests Tuesday; Elect Five Supervisors

Sullivan, Jonathan Creek, East Nelson Elect Straight Democratic Tickets. Whitley Elected G. O. P. Constable; Marrowbone Straight Republican. Majorities of Victors in Sullivan Were Big. Miller Defeated Crockett for Commissioner by 216. Big Vote Cast. Republicans Elected Four of Eight Commissioners.

Tuesday was Democratic day in Moultrie township elections. Only Marrowbone township elected a straight Republican ticket. Five democratic candidates for supervisor were elected. In the matter of highway commissioners the Republicans got a 50-50 split, Sullivan, East Nelson, Whitley and Jonathan Creek townships electing democrats and Dora, Marrowbone, Lovington and Lowe townships electing Republicans. Only one commissioner was on the ticket for re-election and he won. He was W. W. Cochran in Lovington township.

The supervisors re-elected were J. L. Mayes in Dora township, M. E. Foster in Lovington and F. Fleming in Lowe. New men elected were Frank Newbould and Grant Dazey in Sullivan township. This assures a Democratic organization of the board and Mr. Mayes will doubtless be the next chairman.

In most townships the election was quite spirited and a good vote was polled.

Sullivan township elected all its democratic candidates for township offices Tuesday by big majorities. The race for constable to fill vacancy was close, but returns show W. B. Winchester the victor over J. J. Harsh.

For supervisor, Frank Newbould 385, Jesse A. Powell 587, Newbould's majority 248. For assistant supervisor, U. G. (Continued on last page)

CITY REAPS BENEFITS OF G. O. P. CONTROVERSY PRIMARY IS TUESDAY

Sullivan now has a licensed bill poster. He can tack signs, distribute cards and circulars, etc. He paid a license fee of \$15 for the privilege. His name is Byron Gramblin. The Decatur Bill Posting Company has also paid this license fee.

This state of affairs is the outgrowth of the Emmerson-Small fight which was waged last week and which resulted in the arrest of two men who tacked up Emmerson cards. The charges against these two were dismissed.

Wednesday of this week W. E. Gilmore a Democratic legislative candidate from Champaign came to this city in the interest of his candidacy. He brought with him a quantity of cards and a man to tack them up. They knew nothing about a license being required. Officer Getz arrested the man who was tacking up the cards, but later he was released and the matter satisfactorily adjusted.

There are now no Emmerson or Small cards on poles, but many innocent trees have been burdened with them.

There is no truce between the combatants however. The Small adherents claim that they will carry Moultrie county in Tuesday's primary. The Emmersonites answer this claim by saying that their favorite will carry the county better than 3 to 1. It is claimed that only in Lowe and Dora township is there strong Small sentiment.

A big Republican vote will be cast. Both sides will exert their best efforts not only to win for their candidates but to obliterate each other from political leadership in the county G. O. P.

PAUL HOSTETTER IS ADMINISTRATOR

In the county court this week Paul J. Hostetter was named administrator of the estate of his father James W. Hostetter who died recently. He gave bond in the sum of \$13,000. G. C. Garrett, E. C. Peadro and W. E. Harpster were named appraisers.

Aunt Betty Cooper went to Shumway Thursday to visit several weeks with relatives.

Bulbs—Yellow Canas, mixed Dahlias and Gladiolas from Pana Nursery Co., at Ewing's Variety Store, 5c each.

Mr. and Mrs. Paul Temple of St. Louis visited with her parents, Mr. and Mrs. J. B. Tabor this week.

Mr. and Mrs. Charles Logue spent Sunday with Mr. and Mrs. George Bieber.

MAY JOYCE ALVEY DIPHThERIA VICTIM; FUNERAL SUNDAY

May Joyce Alvey, nine year old daughter of Mrs. Helen (Witts) Alvey, died at the home of her grandmother, Mrs. Will Jordan Friday evening. Diphtheria caused her death. She had suffered from a throat affection for about two weeks which developed into the dread disease which caused her death within 24 hours of the time she was stricken with it.

She leaves her mother, brother Billie and sister Gene. She was a pupil in the 3rd grade of the city schools.

Because the home is quarantined private funeral services were held Sunday morning, in charge of Elder Leffler of Mattoon. Interment was in Greenhill cemetery.

MANY ENJOY BANQUET OF FATHERS-SONS THURSDAY NIGHT

Seventy-seven attended the fathers and sons banquet of the Men's class of the First Christian church Sunday school Thursday night of last week. The thunderstorm late in the afternoon kept many away who had intended being present.

The Loyal Daughters served an excellent dinner after which a few pleasant social hours were spent. There was plenty of good singing. A quartet consisting of J. B. Martin, Rev. Barnett, T. S. Hall and D. G. Carnine gave several selections. The assembly singing was led by Mr. Carnine and R. O. Ives, a former Sullivan resident, who was present for the evening.

In response to a request that all give their nicknames and "Why" some interesting things were developed. The serious theme of the evening's entertainment was a number of talks grouped under the title "Trais We Follow." Kenneth Seitz opened this subject with an outline and the following speakers took a topic each from this outline: Gerald Elder spoke on "Understanding"; Loren Brumfield on "Our Boys"; Charles Kellar on "Our Fathers"; Kenneth Johnson on "Ourselves" and Farley Young on "God, the highways and the loways."

From Lovington there were present Rev. Franklin, Silas Curry and W. H. Hesler. Dr. Gregory who was to make a talk was unable to be present and his time was taken by Messrs. Hesler and Curry. Rev. Franklin made the main address of the evening.

The meeting was filled with pep and good cheer from beginning to end and many predictions were made as to the outcome of the attendance contest between the Lovington and Sullivan men's classes.

—New Easter Bonnets and new purses. Choice assortment to select from at the Buxton Bonnet Shoppe.

TEACHERS VISITATION

The teachers of the Powers school and Miss Gertrude McClure visited the schools of Taylorville and Shelbyville Wednesday. The Powers school was dismissed for the day.

SPECIAL BUSINESS MEETING OF AMERICAN LEGION AUXILIARY SATURDAY

The meeting of the American Legion Auxiliary which was to have been held at the Armory Friday evening at which time the members of the Legion were to have been included, has been postponed, since it was found that it would conflict with a meeting of the community club, of which many Legion men are members. At a special business meeting of the Auxiliary to be held in the club rooms at the Armory Saturday afternoon at 2:30, a date for the regular meeting will be set.

Mrs. Margaret C. Todd, president of the Auxiliary, also states that the business meeting Saturday afternoon is very important to the welfare of the organization, and she asks that all members and prospective members be present.

TRADE AT HOME

Some Sullivan folks are so onery that they even go to neighboring towns and give the merchants bad checks instead of doing their trading at home and giving the bad checks here.

Mrs. Flossie Yarnell moved on Saturday from the property which she occupied with Mr. and Mrs. Ben Luke into the Thackwell property on Jefferson street.

—Do not forget Ruth Hannah McCormick Tuesday, April 10.

—Mrs. Earl Clark who is attending Eureka college spent the week end with relatives here. Her husband who is attending the U. of I. also came Saturday for a short visit. Mr. and Mrs. Clark, accompanied by Glen Clark left Sunday for Longpoint where Mr. Clark holds a pastorate.

Next Governor of Illinois Here Monday For Short Visit

Judge Thompson Confident People Want Change. Planning Whirlwind Campaign to Cover Entire State Before November 6th.

Judge Floyd E. Thompson, Democratic candidate for governor was a Sullivan visitor Monday afternoon for a brief period. He was accompanied by Attorney A. L. Yantis of Shelbyville and they were en route to that city where the Judge was scheduled to speak at a Rotary meeting that night.

Through correspondence with the Progress editor, Judge Thompson had a desire to meet him and

JUDGE FLOYD THOMPSON

other Sullivan democrats and get personally acquainted with them.

After discussing his campaign with a number of Democrats at the Progress office, the visitors called on a number of the Democrats easily available around the square. Needless to say all were more than pleased to meet this prominent young jurist who has such an excellent chance to be elected this fall.

VOLUNTARY PATIENT

Mrs. Samuel Clark of Bethany who has been failing mentally for some time was taken to Jacksonville State hospital Wednesday as a voluntary patient.

Lovington Won Big Lead in Men's S. S. Attendance

Friendly Contest Between Classes of Christian Churches Started Sunday, Lovington 51, Sullivan, 41. Will Continue Ten Weeks.

A friendly contest, having for its object the enlistment of more men in Sunday school work was started Sunday. The contestants are the men's classes of the Lovington and Sullivan Christian Sunday schools.

Lovington with an attendance of 51 last Sunday took the lead with ten points, Sullivan having only 41. Every attendance counts one point and an extra ten points will be given to each man or men who attends ten Sundays without missing one. If they attend nine consecutive Sundays they will be given nine points and so on down to five. If they attend the last five Sundays of the contest without missing they will have five extra points to their credit. On less than 5 Sundays no extra points will be given. Missing a Sunday at any time during the ten weeks that the contest will be on will knock out extra credits for Sundays already attended.

The contest ends Sunday, June 3rd and the winners will be entertained by the losers at a later date.

As a start off the two classes seem to be evenly matched although Sullivan of course has the bigger field to work in. The president of the Sullivan class is Chester Horn and W. R. Hesler heads the Lovington class of which Dr. Gregory is teacher. It is planned to have an interchange of teachers occasionally as the contest progresses.

A determined effort will be made to enlist many in Sunday school work here. Sunday being Easter Sunday, the men plan for a large attendance. The record attendance of the Men's class is 99, which figure was reached in October of 1926. The average attendance this winter and spring has been about 30. During the contest it must reach an average of 50 or more of Lovington will walk away with the victory.

If you do not attend Sunday School at some other church, come to the Christian church Sunday morning. You will be associated with a group of men who are striving for better Christian citizenship.

ALTA FREDERICK AND HARRY HILL MARRIED AT TOLEDO, MARCH 22

Miss Alta Frederick of this city and Harry Hill also of this city were united in marriage March 22 at Toledo, Ohio. The ceremony was performed at the Congregational church in that city.

The bride is the daughter of Mrs. R. P. Blystone of this city and until recently was employed as stenographer at the C. H. Motor Sales. She is a graduate of the Sullivan High school and of Brown's Business College, Decatur.

The bridegroom is the son of Mrs. Osa Ault of Lake City. He is also a graduate of the Illinois State normal.

The young couple will make their home in Detroit where Mr. Hill has been employed for the past four months.

SULLIVAN'S 5-DAY CHAUTAUQUA WILL OPEN AUGUST 17

J. Oscar Hall, manager of the Loar Chautauqua Bureau was a Sullivan visitor on Thursday afternoon of last week at which time he met with the local board to discuss the program for this year's mid-summer entertainment.

J. H. Smith was named manager of the grounds; J. Frank Gibbon chairman of the ticket committee; Arlo Chapin of publicity; and Mrs. Nettie Roughton of the program committee.

A five days' program will be given beginning Friday, August 17th.

A selection of excellent numbers have been booked for the chautauqua. Among these are the Merton Dramatic Company, Randall Concert Company, Caroline Jubilee Singers, Magnus Schuetz Concert company, Sid Landon, Dr. Ira Landrith and Bishop Waldorf of Kansas City.

Most of these attractions were selected at a meeting held several months ago. The selection then was tentative, as it was not known whether or not the routing of the attractions would enable them to be here when wanted.

TOKEN OF AFFECTION FOR SICK COMRADE

It is better to send a cheap bouquet

To a living friend this very day

Than carloads of roses, white and red

To place on his coffin when he is dead.

This beautiful sentiment was appropriately demonstrated this week by the employes of the local post office.

W. A. Gardner one of the rural carriers was taken ill with flu. Walter Birch substituted for him. The boys all sympathized with Bill and to show their sympathy they presented him with a rural route bouquet. It consisted of all the flowers now to be found along the roadside. What it lacked in perfume it made up in its profuse quantity.

The bouquet was taken to the Gardner home and presented on Tuesday. It had a cheering effect on the patient.

Instead of continuing to think that the end was near, he sat up and took notice. He pushed back the covers and came downtown to vote for Frank Newbould.

He was elated at the solicitude of his co-workers and asked that The Progress extend to them in flowery language, without reservations, his most heartfelt and hearty thanks.

He also gives assurance that when the next presentation of a bouquet is in order, he will gladly participate and do his share in gathering the posies.

John E. Daum and daughter Genevieve had a miraculous escape from death Thursday morning. They were on their way to this city, where Genevieve is a Senior in the Township high school. They were driving two horses hitched to a buggy.

At the C & E I crossing on the East road north of this city, the horses became unmanageable as the buggy was right on the tracks. The Southbound No. 55 freight struck the buggy, killed one of the horses and threw out Mr. Daum and Genevieve, both of whom lit on the pilot or cowcatcher where they rode until the train could be brought to a stop.

Assistance was hastily summoned and both were brought to the office of Dr. Lawson. Dr. Kilton the C & E I official medical officer for this section was called and both were given a thorough examination.

Genevieve had sustained a gash under her right eye, a sprained ankle and numerous bruises all over the body. Mr. Daum had a scalp wound and was also badly bruised. Both were able to walk, however and had no fractured bones. They were badly shaken from their hair-raising experience.

Following the medical attention they were taken to their home north of this city.

In explanation of the accident Mr. Daum told that he saw the train coming but thought he had plenty of time to get across the tracks and would have made it easily if the horses had not become frightened.

MARJORIE JOAN HAMBLIN CELEBRATES BIRTHDAY

Marjorie Joan Hamblin little daughter of Mr. and Mrs. Ed Hamblin celebrated her fifth birthday by entertaining thirty of her little friends Saturday afternoon from two until four o'clock. Games were played and refreshments of fancy individual cakes and ice cream were served. Pink candy bunnies were given as favors. Marjorie received many gifts.

The following children were present: Alberta and Jane Dixon, Bobbie Simpson, Gule Kearney, Marilynn Wood, Fanny Virginia Conn, Imogene Smith, Wilbur Lawrence and Edwin Saner, Cleo, Ina and Loren Hall, Ruth Martin, Flossie and Grace Randol, Helen and Grace Cummings, Jean Munch Betty Jane and Richard Foster, Shirley Peterson, Orville Monroe, Raymond Lucas, Gene Louise Ray, Agnes Reynolds, Patricia and Ruth Maxwell and Donald Hamblin.

IF YOU NEED ANY LIMESTONE, ORDER NOW

The following is taken from the April issue of the Farm Bureau News and ought to prove of interest to all farmers whose soils need limestone treatment.

"April is the month of our limestone trains; the first will be on the Wabash. Remember the price is \$1.60 per ton to members and 10c more to non-members and the stone will be dumped any place along the right of way and can remain there until you get the time to spread it this summer or fall. This is your opportunity to get stone laid down near your place at the lowest price.

"This train is your opportunity and if you want the stone come in and order it as no one will have the time to come out and sell it to you. Talk it up among your neighbors. This is the first remark you will hear "Where will I get the money?" or "I would buy some if I could spare the money." Do you know that money invested in limestone will return 400% profit in a four-year rotation. This statement has been proved by the Experimental Station at Urbana. Adding limestone puts you in a position where you can raise crops large enough to meet all expenses and return a profit.

"The limestone trains on the I. C. and C & E I R. R. are not assured as yet. If more orders come in soon trains can be planned on these roads. Let us hear from you.

"The Federal Land Bank will make loans where the money is used in adding limestone and in building up the land.

A REPUBLICAN PRIMARY

Tuesday is primary day—Republican primary day, for there is little to interest the Democrats. They will ratify the choice already made by the state leaders and will thus place in nomination the ticket headed by Supreme Court Justice Thompson.

There are many bitter fights on the Republican side. Two factions have full tickets in the field.

The administration ticket is again headed by Len Small who is now finishing his second term as governor having twice previously served as treasurer. He is making his fight for re-election on the claim that he deserves credit for the building of the Illinois system of hard roads.

Opposed to him is L. L. Emmerson who is finishing his third term as Secretary of State.

The campaign has been fraught with charges and counter-charges which have stirred up much of dissension in the Republican camp. The accusations against the Governor have been thoroughly aired and doubtless all who read are familiar therewith. In reply thereto the Governor's friends have but one answer "persecution."

Oscar Carlstrom is now Attorney General. He went into office on the Small prestige four years ago. He then became ambitious to be governor and although showing Small various favors, uncalled for and unwise, he broke with the governor and began his campaign. He later withdrew and went on the Emmerson ticket for renomination to the office he now holds. He has by his about-face added a touch of humor to the campaign. On the Small ticket we find John Dailey of Peoria extolling the virtues of the governor and grieving about his wrongs.

Lieutenant Governor Fred Sterling will doubtless be renominated.

Omer Custer who was treasurer some years ago again seeks that nomination and there is no serious opposition.

Bill Stratton who for eight years was a Small pay-roller decided he wanted to be secretary of state. When the governor did not put him on his slate, Mr. Stratton became peeved and now says that it would be a disgrace for Illinois to re-elect Small. Charles Vail, clerk of the supreme court is also seeking this nomination and he is sort of betwixt and between the contending factions.

Mayor William Hale Thompson of Chicago is one of the really big powers in Republican politics in Illinois. After all factions had courted his support for a year, Len Small proposed and was accepted. That is to say, Mayor Thompson made a deal with the governor whereby one of his henchmen, a judge named Robert E. Gentzel of Chicago is to get the nomination for secretary of state. The Mayor's powerful and well functioning political machine will be found working for Len Small next Tuesday.

Oscar Nelson, capable and efficient, is seeking renomination for state auditor.

Poor old Frank L. Smith, senator-elect and senator-reelect, one of the heavy liabilities of the Republican party and for a time a protegee of the Illinois Anti-saloon league is seeking renomination and vindication. He is touring the state seeking sympathy and meeting derision. His past record too has been fully expounded so that all who run may read. He is opposed by Otis F. Glenn of the South end of the state. Glenn is in bad with the labor element and they are trying to harpoon him. He is rather small calibre to be shooting at a seat in the United States senate.

Eight candidates are seeking the nomination for congressman at large. One of them is a woman. Chances are that Dick Yates and Hank Rathbone, present incumbents will be found in the running after the primary storm blows over.

Henry M. Dunlap a member of the Illinois legislature since way back in 1892 is seeking renomination for state senator from this district. He has not been too friendly with the Small machine and is opposed for renomination by James A. Reeves, at present a representative in the legislature. The Governor has given a hearty and loving endorsement to Reeves and his friends have high hopes of putting him over. Mr. Reeves has been a big hard road promiser and in that line has done some good promising for the governor.

There are seven candidates for the two Republican nominations for the Legislature. Roger F. Little seeks renomination. The rest of the crowd are Earl W. Wagner, Homer D. Howard, Kenneth Buchanan, Calvin W. Adams, William Z. Black and A. D. Sizer.

Moultrie Republicans are interested in the candidacy of Mr. Adams, he being the only one of the seven who does not reside in Champaign county.

The Democrats have four men seeking their party's two legislative nominations. They are all from Champaign county and appear on the ticket as follows: William E. Gilmore, Edward E. Sturdyvin, L. G. Coonrod and Harry M. Miller. The Progress has no recommendations to make as to these men. All are capable and worthy of support.

This resume of the primary situation has only touched the high spots. There are candidates for minor offices not mentioned.

In a discussion of the forth-coming battle the Small-Emmerson fight overshadows all. If half the things these two men charge each other with are true, neither is fit to be governor. After the primary many of these charges will

of course be forgotten or alluded to as just "a little family fight."

Whether or not the people will swallow that and line up with the victor remains to be seen.

The friends of Judge Thompson, the democratic candidate for governor feel that there are enough people in this state who are thoroughly disgusted with the way affairs have been conducted at Springfield and who will vote for a thorough house-cleaning on the 6th of next November. If such is the case, the next governor of Illinois will be Floyd E. Thompson of Rock Island.

THE BATTLE OF THE BUGS

By Dr. Frank Crane.
In a pamphlet called The Forest Primer, issued by the American Tree Association, are some interesting statistics about one of man's greatest enemies.

It appears that there are some two hundred thousand kinds of tree-attacking insects and that these little insects cause far greater losses to forests than do fires.

If unhindered these insects would destroy thousands of acres of valuable forests a year.

In one section of Oregon these pests have destroyed enough trees to build eight thousand homes at \$10,000 each.

Birds are one of the best preventives of insects. In a way they are our best friends. Some insects prey upon others, thus protecting the trees.

But man must be constantly vigilant. He must fight the pine beetles, borers, timber worms. Bark beetles attack the trees of the Adirondacks.

The larch is the victim of the saw-fly worm. The pine beetle is well at the top of the list of insect enemies.

In addition to these trees have diseases, although their powers of resistance to disease are greater than their resistance to insects.

Dr. L. O. Howard says that if man does not succeed in combating insects they will destroy man.

One of the greatest insect enemies is the termite or white ant. It penetrates the wood of floors, walls and foundations. Hence we must not only fight to save the lumber, but to save the buildings.

There must be no let-up in the fight against insects.

We must either pay out more money to protect the forests or pay ever-increasing prices for lumber, and in the end see the forests disappear.

Much has been done in forestry in the last five decades, but much remains to be done, and the care of the trees should be taught in every public school.

Who can fully describe the benefits of the tree? It is not only a thing of beauty that enhances the landscape, but it is useful. We get from it the material for our houses, for many of our utensils, and for many other useful things.

Charles Lathrop Pack, who has devoted his life to the trees, and spent much money at this work, deserves great credit.

Every town ought to have a municipal forest in its environments and ought to do something for the trees of the country.

DISASTER RELATIVELY MILD. POPULATION GROWING. GIGANTIC "HOOK-UP." INDIFFERENCE TO CRIME.

The bursting of a dam, part of Los Angeles water supply in San Francisco Canyon, cost hundreds of lives. Reasons are given for the dam giving away, but no adequate excuse. "Water, seeping into the earth at each end of the dam, weakened the hold of the great concrete wall." It should be someone's business to learn why the dam was built that way—and what danger there is at other dams. Why fragments of broken concrete crumbled in the fingers.

Compared with familiar disasters, by flood, California's accident is fortunately mild. There was the big flood that drowned all but Noah's family. The rainbow guarantee's against a repetition of that wholesale calamity, but small floods have wrought havoc.

Five hundred years ago in Holland 100,000 were drowned and at Kaifong, China, nearly three hundred years ago, 300,000 lost their lives; 200,000 were drowned at Bengal, in India, fifty years ago.

Many times in history eruptions of the sea, river floods and similar disasters have taken 100,000 lives and more at a time. This country can congratulate itself upon the fact that the Mississippi flood of last year, destroying hundreds of millions in property, cost only two hundred lives.

That was due to admirable work done by the army and navy, and to prompt scientific direction by Herbert Hoover, chosen by President Coolidge in the emergency.

The Census Bureau says United States population on July 1 next will be 120,013,000. At the end of this century, if births, deaths, immigration and health run along as at present, the population will be 260,000,000. If the larger per cent of that number know how to think it will be quite a nation.

In the last eight years population has increased 14,302,380. The annual arrival of babies exceed by one million the number of deaths. That is good news for the editor publishing an up-to-date paper. Bill Curley, formerly of Chicago, now of New York, used to say, "Every birth is a new reader for my paper, every death of an old man means a reader forever lost to the opposition." And it was true.

A gigantic "hook-up" of radio stations will enable 8,000,000 Americans to hear all that goes on in the Democratic and Republican conventions.

From the first announcement of Alabama's choice, to final howling when the winner is announced, everything will be heard. However, said to relate, many of the 8,000,000 that might listen to the convention will not listen. They will tune in for jazz music, sad heart-rending songs, or daily dozens to keep thin. In this nation, where only half vote that might vote, there is little deep interest in politics.

Speaking of slush funds, bribes,

etc., you should read the book written by Judge Kavanaugh of Chicago, after thirty-three years on the bench. Three hundred and fifty-thousand individuals make their living, partly or entirely, by crime in our happy country, he says. Last year they contributed 12,000 murders to the nation's news items.

Public indifference is to blame says the Judge. Each country gets as much crime as its indifference deserves. Judge Kavanaugh favors the use of the whip because: "No crime leader retains the respect of his gang after he has wined under the lash. The moron and racketeer fear the cat o'nine tails more than prison. Our 350,000 criminals steal yearly enough to build the Panama Canal."

They steal more than that. And public gambling at racetracks, another form of crime, legalized by grafting politicians, takes from the public each year enough to build the Panama Canal three times.

We have some millions of farmers that would like to run this country, partly, but they don't know how to go about it. No real organization for one thing. Next Fall they will get wonderful promises and then think it over four more years.

William Andrew Selock, a former Sullivan resident died Sunday in a hospital in Chicago, following an operation for gall stones. He was taken suddenly ill Saturday evening and was hurried to the hospital for the operation.

The remains were shipped to this city and arrived here Monday afternoon. They were taken to the home of his wife's parents, Mr. and Mrs. Bert Poland.

Funeral services were held Tuesday afternoon at 3 o'clock from the Christian church and were in charge of Rev. Barnett. Interment was in Greenhill cemetery. The pall bearers were William Selock, Roscoe Selock, Elmer Graven, Charley Graven, Harvey Carter and Glenn Marble.

William Andrew Selock was a son of Mr. and Mrs. S. J. T. Sollock and was born July 3, 1898. He spent most of his life time in this city. He was married in 1918 to Miss Veda Poland. His wife and five children survive. They are Bernice, Sam, Thomas and Donald twins and Fanny Pearl, 3 months old.

A SUPPORTER OF ALL GOOD, CLEAN, WHOLESOME LEGISLATION

God Giveth New Life

Again it is Easter Time. All about us good Mother Nature is performing a million miracles. Just a few days ago the branches of the trees were bare and all outdoors was dead.

Now there is new life. Everywhere the hillside is green. The buds on the trees are bursting into bloom and in the woods violets are peeping through the damp earth.

Easter time is resurrection time. It is a time when there is new life everywhere. It is the time when death lets go.

What is then Easter time but the anniversary of the resurrection of the Lord of Life?

It was but 1900 years ago that the stone was rolled away from the tomb and the Christ came forth and brought new life unto all the world.

What did he mean? He came that he might bring us life more abundantly he said. Surely we must seek to know.

Each Easter time we celebrate the triumphant resurrection of our Lord and each time we understand a little better how sound and practical and life-giving are the virtues he taught us. There are just two things to do he said—Love God and your neighbor as yourself.

These seem easy things to do to bring abundant life, but there is no greater wisdom.

Life becomes rich and full of joy, only when we make it mean much more than serving our own selfish interest.

Love your neighbors, help them in their need, rejoice with them in their success and you will understand what Easter means for you will have new life and more abundantly.

So let us strive more to do good for we know that our redeemer liveth whom we shall see for ourselves and our eyes shall behold him.

By Sarah E. Denton.

Beat Len Small April 10th Redeem Illinois

THE INDICTMENT AGAINST LEN SMALL

- 1—Plundering the State Treasury.
- 2—Using the money ten years, doubling the principal.
- 3—Forcing the State employees to dig it up.
- 4—Transforming State Charitable Institutions into political hot-beds.
- 5—Shamefully bartering the people's roads for political support.
- 6—Has made an impudent compact to deliver Down-state Illinois to the grotesque Chicago clown who shrieks "America First" as the answer to the cry for honest government, and "Draft Coolidge" as the reply to the cry for Farm Relief.

LOUIS LINCOLN EMMERSON IS PLEDGED

- 1—To end padded payrolls.
- 2—To build more roads with the vast sum thus salvaged.
- 3—To revolutionize the Executive office and to make it serve the business of the people of Illinois instead of the personal ambition of Len Small.
- 4—To shatter forever the idea of a three-term Governor. (Illinois in 110 years has never had a three-term governor). Illinois never will.

Springfield, Ill., April 3—Owners of cattle slain as tubercular soon are to receive more indemnity for their stock.

This is to result from the removal of the \$85 maximum appraisal, required by the Federal Bureau of Animal Industry, Director S. J. Stanard of the State Department of Agriculture paid today.

Stanard explained that the maximum appraisal was formerly in line with market prices, but that gains in cattle values have made it inadequate when condemned animals are of the better quality of grade dairy cattle.

"The removal of the \$85 limit," Stanard said, "is granted by the federal government as the result of efforts made to convince it that better cattle in this state are now worth more than formerly."

'SHORTY' WINS POT OF GOLD AFTER 30 YEARS' HUNT

Locates Rich Mining Claims in Northern Manitoba on Hudson Bay Railway.

Winnipeg, Man.—Thirty years ago "Shorty" Peterson, prospector of northern Manitoba, graduated from the University of Chicago as a mining engineer. Since that time he has spent years in the North country in the bush with hardship, grubstaking and rainbow chasing his portion.

But at last he has found his pot of gold and he is through, he states. He "blew" into Winnipeg recently on the tail of a blizzard and at the mining recorder's office started to complete a deal to sell ten full claims and four fractional claims for \$300,000. The buyers were a Toronto and New York mining syndicate and the location is in northern Manitoba beside the Hudson Bay railway.

Provided with maps, mining records, rich gold bearing quartz, reports on government assays, and blueprints disclosing a vein 200 feet wide by 3,000 feet long, he started negotiations, turning down one after another of small cash offers.

The claims are located on Elbow lake on property owned by Tom Hanna, who is Peterson's partner. It is about forty miles east of Flin Flon and twenty-five miles from the Hudson Bay railway right-of-way.

Peterson started his career as a miner when he took a course in mining engineering in the University of Chicago in 1897. He first went to the Colorado silver mines, and there lost \$3,000 of his capital. After ten years in the United States he came north into Manitoba and has spent one-third of his life in the bush in the North. He had many years of disappointments and then came the big find. Now Peterson intends to make up for the hundreds of cold nights, poor food, and other discomforts a prospector has to put up with.

How the Useful Plants Came to Mankind

By T. E. STEWARD
WNU Service

Rice

RICE, the principal food of the teeming Eastern peoples, is native to China and to other warm, damp regions in the eastern and southern parts of Asia, including many parts of India. As a cultivated grain, however, it is the gift of China to the world. For many centuries before Christ it was cultivated in China, Siam and India, and much more recently it spread to the Near East, and thence into Egypt. At the time of Alexander's expeditions into India, about 400 B. C., rice growing had reached Mesopotamia, but probably not Egypt.

In the annual ceremony of planting instituted by the Chinese emperor, Chin-nong, in 2800 B. C., rice plays the principal part among the five food plants sown, which are rice, wheat, sorghum, millet and the soy bean. All of these were presumed by Chin-nong to be native to China. Certainly rice was, as was the soy bean.

In a treatise on the origin of rice, De Candolle reports that, "the Old Testament does not mention rice, but a careful and judicious writer, Reyner, has remarked several passages in the Talmud which relate to its cultivation. These facts lead us to suppose that the Indians cultivated rice after the Chinese and that it spread later toward the Euphrates, earlier, however, than the Aryan invasion into India. A thousand years elapsed between the existence of rice cultivation in Babylonia and its transportation into Syria, whence it was introduced into Egypt only after the interval of two or three centuries more. There is no trace of rice among the grain remains in tombs, or any depiction of it in the paintings of ancient Egypt.

A wild rice that belongs to the true family grows abundantly in certain districts of the northern United States. Wild rice also grows abundantly in some parts of India.

It was inevitable, however, that a country so well adapted to agriculture conducted by irrigation as Egypt was, should eventually adopt rice. It was carried into Spain by the Arabs, during the Moorish domination of the Iberian peninsula, but was not cultivated in Italy until 1468. About the middle of the last century it was brought to America as a field crop and planted in Louisiana, where it now flourishes, as it does on some of the adjacent lands in southern Texas, along the gulf coast.

The Sanskrit name for rice was arunya, the ancient Greek, oruzon, the Arab name, rouz or arous, from which came the Spanish arroz. It can be seen that the English word bears a close relationship to these. (© 1928, Western Newspaper Union.)

Criminals Are Popular According to Novelist

Budapest.—In an article in the Nemzeti Ujsag on popular favorites, Miklos Szunyari, the well-known novelist, makes an interesting scale of the degrees in which various professions and stations in life arouse popular interest. On the lowest rung of the ladder of popular interest and world renown stand the great scholars—scientists, thinkers, geniuses and benefactors of humanity. Slightly above them come the great statesmen. Next come the authors, creators, planners and inventors.

Higher still come the virtuosos, orators, dictators and generalissimos. Above these come the millionaires. But the fame of the millionaire is far outshone by that of winners of world contests, boxing champions, film actresses, exponents of physical beauty, famous courtesans and race horses.

And the topmost rung of the ladder of popular favor is reserved for the great criminals. In a word, virtue and brain are today the most despised and worst-paid qualities. Samuel Johnson, he points out, who wrote the great English dictionary, is known only to students and intellectuals, while Johnson, the negro boxer, is as well-known in the smallest Hungarian village as in Paris or on an American ranch.

World Eating Less Food Because Work Is Easier

Washington.—A general decrease in food consumption in the last two decades has been noted by the National Industrial Conference board. Meat, in particular, has decreased in use, the fall being 10 per cent. Mechanization of agriculture and industry and the accompanying decrease in manual labor was called a contributing factor to the decrease in food consumption.

According to the statistics gathered by the board, the use of wheat flour decreased 20 per cent from

1899 to 1923, and or cornmeal over the same period 75 per cent. These two foods are the base of a manual laborer's food and are an indication of the decrease in this sort of work, the board says.

Parallel to the decrease in the use of heavy food by humankind is the decrease in the use of the horse, which formerly required about three acres each for maintenance. From 1910 to 1925, the board reports, the number of horses decreased by almost 5,000,000, thus leaving 15,000,000 acres of land for other uses. The board pointed out that the gradual disappearance of the horse is one of the contributing factors in the farm problem because of the increase in surplus since the age of motorization.

"Seven Red Stacks" of Immigrant Gone

Butte, Mont.—No longer will the immigrant Irish miner deliver his ticket as he lands on American shores with the words: "Here's the ticket, bye. Put me off at Seven Red Stacks." For there are no more "seven red stacks."

The last of the great piles of brick that brought to the "Never Sweat" copper mine the distinction of being the most photographed mine on the "world's richest hill" has come down, and the shaft has become merely one of the ventilated shafts of the several Anaconda copper mining properties, now all linked in a network of tunnels.

SULLIVAN, ILLINOIS

To Moultrie County Democrats --

I am one of the four Democratic candidates for the nomination for Representative in the General Assembly. I am 44 years old, married and have four little Democrats. I was born and raised in Champaign county. I have been active in Democratic party work for years and I am now the chairman of the Democratic County Committee of Champaign county. I am the advertising and employment manager of the F. K. Robeson Dept. Store in Champaign. My work prevents me from making an active campaign. But I want your votes, please!

If you don't know me, ask J. L. McLaughlin, H. H. Hawkins or Ed Brandenburger to tell you what kind of a man and Democrat I am. I do not know whether they are all going to vote for me or not, but they know me well.

If I am nominated and elected, I will serve my constituents to the best of my ability.

Yours for Democracy

A Plea for Better Government In Illinois

APRIL 2, 1928

DEAR FRIEND:

This is a plea for good government and the redemption of Illinois. I am not a politician as my friends well know. I never held a remunerative office in my life and never expect to, but I am interested in good government. During the past eight years charges of graft in high office and suits to recover State funds have filled our newspapers and made good citizenship hang its head in shame.

The people of Illinois now have an opportunity to nominate a man for Governor who will be a credit to the great State of Abraham Lincoln. This man is Louis Lincoln Emmerson.

Mr. Emmerson has been one of my most intimate friends during the past twenty years. I know him to be an honorable gentleman; a man of exceptional ability; a man of integrity, scrupulously honest.

If you good citizens want such a man for Governor, go to the primary of April 10th and vote for Emmerson. He will not disappoint you.

Truly yours,

JAMES MCREIDIE

SHORTHORN BREEDERS ENTER CALF FOR HONORS

Urbana, Ill., April 4—Burrus Brothers, purebred Shorthorn breeders of Arenzville, are the most recent cattle raisers of the state to nominate a beef calf for membership and the official gold medal in the Illinois Half-Ton Calf Club, it is announced by C. E. Gates of the extension service, College of Agriculture, University of Illinois, who has charge of the

project. The calf which they will attempt to feed for the required weight of a half ton by the time it is a year old is Dreadnaught Star, a roan bull dropped January 20. He weighed 230 pounds when less than two months old, thus giving him a good start toward his goal. The purpose of the project is to demonstrate that through proper care and management a beef calf can be grown out as a baby beef and made ready for market at an early age.

MEMBERS OF THE AMERICAN LEGION

Our next District Convention will be held at Rantoul Sunday, April 15th. The Ladies Auxiliary invited. You have no excuse, take your wife and make a day of it. Parade at noon. Dinner from 1 to 3. ILLINOIS CENTRAL SYSTEM

COURTESY SERVICE ALWAYS

A Report to the Public

The annual report to the stockholders is a part of the routine of business in railway companies, as in other corporations. The making of such a report is a recognition of the responsibility which the owners have placed on the management for the successful handling of their property.

Railway management, however, has a double responsibility. It owes allegiance also to the public. The nature of railway service makes the conduct of a railroad a public trust, and the public is entitled to know how that trust is discharged.

We all like to see where our money goes. Here is a report to the public on what became of every \$100 spent for Illinois Central service in 1927:

The operation of trains, stations and other transportation services cost \$32.63. That included \$5.74 for locomotive fuel.

The upkeep of cars and locomotives took \$16.14 and the upkeep of other property \$12.78, a total for upkeep of \$28.92.

The publication of tariffs and solicitation of traffic took \$1.90. Dining car and restaurant service accounted for 65 cents. Legal expenses amounted to 27 cents. Investigation of the value of the railroad cost 9 cents. Pension to retired employees took 36 cents. Clerks and other general office employees were paid \$1.31. General officers received 20 cents. Payments of loss and damage claims totaled \$1.44. Miscellaneous general expenses accounted for 42 cents.

Charges made to cover the wearing out of equipment took \$5.97. Rents paid for the use of property belonging to others took \$4.64. Interest payments on borrowed money came to \$8.65. Taxes took \$6.21.

All the expenditures up to this point totaled \$93.66. That left \$6.34 of the original \$100. Dividends to stockholders took \$5.53, leaving \$1 cents to be applied on property improvements.

Railway expenditures, as this outline illustrates, are widely dispersed. Moreover, they are promptly made; little money remains long in the railroad's keeping. That stimulates commercial activity.

Constructive criticism and suggestions invited.

L. A. DOWNS,
President, Illinois Central System.

A. J. Burville, Minister.
 Sunday school at 9:30.
 Morning worship 11.
 C. E. at 6:30. We intend to study How the Word of God is used. It is like a seed used as a mirror. When we look into it we see how we are before God. It is a lamp to show us the way. It cleanses and feeds the soul.
 Evening service at 7:30.
 Mid week service as usual on Tuesday and Friday nights.

METHODIST CHURCH

C. D. Robertson, Pastor
 Sunday school at 9:30 a. m.
 Hugh Murray, Superintendent.
 Easter is the best time of all the year to begin anew the habit of regular attendance at Sunday school. There should be present the greatest number of the year.
 Morning worship at 10:45 a. m.
 The baptism of infants, which was announced for last Sunday will be administered at this service. Also such candidates as were not present on Palm Sunday will be received into the membership of the church.
 All the evening services will be dismissed. The three choirs of the local churches will present the Cantata, "The Glory of the Resurrection" at the Christian church at 7:30 p. m.
 Prayer meeting every Wednesday evening at 7:30. The Third Quarterly Conference will be held at 7:30 p. m. Thursday, April 12, with District Superintendent Wells presiding.
 The annual meeting of the district will be held at Moweaqua, Friday, April 13. Everyone is invited to attend this gathering of ministers and laymen who meet for the consideration of matters of importance to the kingdom of God and the church. The program occupies one day and evening.
 The church where there are no strangers welcomes everyone to all these services.

PRESBYTERIAN CHURCH

D. A. MacLeod, Pastor
 Next Sunday is Easter and this is one of the delightful seasons in the life of the church. It is the most wonderful season of the year in the life of nature for the note of triumph is heard everywhere. Light after darkness and life after death is the herald of spring.
 Next Sunday morning we would like to see every boy and girl and every man and woman together at the Sunday school hour, and if possible at the morning service. We come together next Sunday with the thought of the greatest event in the history of the human race, namely the light given us on the immortality of the soul through our Blessed Lord. If we appreciate the life given us and the hope of the immortal may we not seek to manifest it in true worship before him. Come into His house with singing and into His courts with praise.
 The Christian Endeavor will hold their Easter morning service at 7 a. m. Leader Miss Mildred Chapin. You are invited to attend this early service.
 Subject for the morning service, "The Triumph of Spiritual Personality."
 Union service Sunday evening at the Christian church. You are all invited to hear a sermon in song. The cantata will be rendered by a union choir from the different churches and much time has been spent in the preparation of the same.

THE GOSPEL MISSION

Services on Sunday and during the week as usual.
 Following the same thought as last week, Eph. 1:13. Do you ever when praying or reading God's word, suddenly become so melted in spirit, you feel lifted above earth entirely, nothing on earth matters to you, perhaps the heart will overflow in tears sometimes, but there is a wonderful feeling of tenderness, tenderness toward God, toward Jesus and toward all mankind. That is just when the spirit comes and stamps into you a likeness of God. We believe that sooner or later one becomes like their God. If you make evil things your God soon their likeness will be stamped into you. When I can see God in His true light, as he really is, how it fills me with tenderness. When I am misunderstood I look up and say, oh how God is misunderstood.

much more than I am. I look up at the gray sky, beyond it and through it all is the infinite God, and for generations He has looked on men, coming and going, misunderstood, but always patient, I cannot comprehend the patience of God, I marvel at it, I praise Him for it. There is quite a little to do about sealing a document, sometimes the wax catches on fire, makes a very bad seal. When the wax catches on fire it becomes black and brittle. Some people talk a great deal about being on fire for God. That is like the wax being on fire.

SULLIVAN ASKED TO BE REPRESENTED AT OLDER BOYS' CONFERENCE

An Older Boys Conference is being planned for Saturday, April 14th. It will be an all day meeting held at the First Presbyterian church, Charleston. The first session will open at 9:45 but this will be preceded by the registration which is to start at 9:00 o'clock. The boys of high school age of Sullivan as well as those from other high schools in Moultrie are invited to participate in this conference. It is to be under the general supervision of the state Y. M. C. A. These conferences have been held throughout Illinois for several years and those familiar with the work state that they have been very helpful factors for the boys who have attended.
 The principal speaker at the Charleston Conference is to be Dr. W. Henry McLean, Assistant to the President of DePauw university, Greencastle, Ind. Dr. McLean is spoken of as a man thoroughly familiar with boys' interests and boys' problems and whose addresses are inspirational and helpful. H. Ross Bunce of the state Y. M. C. A. is to be another speaker at the conference.
 Following the morning session a fellowship luncheon will be served in the First Methodist church in Charleston, at which time a very interesting program will be rendered. Then, following the afternoon session, the Conference banquet will be served, also at the Methodist church. The program following this banquet will be the closing one of the conference.
 The high school at Sullivan and

the churches here are being asked to co-operate with the conference officers in securing boys of the right type for the Charleston Conference, and those expecting to go are asked to send in definite advice on registration cards furnished for that purpose. A registration fee of \$1.00 is to be charged each one attending and this will cover all the conference expenses, including both the luncheon and the banquet.

How Many Will You Save?

If your newly-arrived chicks could talk they would say: "Do not feed us until we are 72 hours old. We are supplied with food during this period by the remaining part of the egg yolks which we absorbed into our bodies just before we were hatched. When we are 72 hours old give us a feed which will provide life and growth vitamins." There are 1592 hatcheries which say, "Feed Purina." They know what it takes to keep chicks alive and growing. A new shipment of Startena is here. Tell us how many bags you want.

NEXT GOVERNOR OF ILLINOIS HERE MONDAY FOR SHORT VISIT

(Continued from page one.) of very pleasing personality. There is nothing "high hat" about him. He does not put on any judicial mannerisms and try to impress those he meets in that way. He is a typical democrat and that describes the man.

While he has no opposition for the Democratic nomination he is nevertheless being kept busy in a sort of preliminary campaign and for the past few weeks has been addressing many gatherings of voters in Chicago, where the Democrats are busily engaged in building their political fences and making plans for victory while the Republican primary campaign for governor is demoralizing that party's forces into a state of chaos.

Judge Thompson predicts Governor Small with the backing of Mayor Thompson's Chicago machine, will come out of that city victor by about 75,000 or more in next Tuesday's battle against L. L. Emmerson.

As a reason for such prediction he stated that the Republican political machinery in Chicago is almost entirely in control of Small's friends and Senator Deneen's forces in comparison are not organized and will not be able to deliver.

Judge Thompson has no preference as to which of the two Republican candidates he is to make the race against in November. His campaign will be based on the grounds that a change at Springfield is what the state needs and a total change can only be effected by election of a Democrat.

He has no great faith that the Republicans who are defeated in the primary will desert their party nominee but bases his hopes on that element of independent voters who are not bound by party tie, but vote for the good of the state regardless of party label.

Judge Thompson will make a thorough campaign and expects to cover all of the state from one end to the other in his battle for governorship. He was invited to return to Sullivan next Fall and was promised one of the biggest rallies of his entire campaign if he can be the speaker. He agreed to give Sullivan's request due consideration when the time comes to arrange his speaking schedule.

"THE LAY OF A HEN" FOUR-ACT COMEDY PLAY MON. NIGHT

The poultry play "The Lay of a Hen", is a new way of putting over a message on better poultry methods. In the short time that it has been going, it has been shown at some of the foremost poultry meetings in the United States, including several Agricultural colleges and the American Baby Chick Producers' Association convention at Chicago.

The play has been given in thirty-eight states and has been seen by more than 250,000 people.

"The Lay of a Hen" Cast of Characters

A disgusted poultry raiser who honestly believes "It doesn't pay to keep chickens"—Lett. M. Russell.

His Wife, who still has hopes—Mrs. Lett. M. Russell.

A successful and enthusiastic poultry raiser whose plan of handling his flock has made him so—Phil R. Baskett.

A man who is always on the job—Red E. Serviss.

Scene 1—In the home of Lett. M. Russell an important question comes up for discussion in the family circle.

Scene 2—One hour later at Phil R. Baskett's Poultry farm. Russell makes and friendly call and gets a new start in the poultry business.

Scene 3—Three months later at the Poultry farm of Lett M. Russell Baskett comes over to collect for his pullets. Russell learns something else and makes a bet with Red E. Serviss.

Scene 4—One year later at the Poultry farm of Phil R. Baskett, Russell and Serviss settle accounts. Russell springs a surprise.

This play will be given Wednesday night, April 11 at the armory, starting sharply at 8 o'clock. Everyone is invited. There is no admission charge. Everything is free. This is given under the auspices of the Alexander Lumber Company. There will be special music.

R. M. TULL DIED FRIDAY IN WINDSOR HAD LIVED HERE

Funeral services for R. M. Tull were held at Windsor Christian church Sunday afternoon with Rev. L. Z. Smith officiating and Rev. W. J. Edmunds assisting. The church was filled with relatives and business and social associates of Mr. Tull and his family. There were many floral tributes. Burial was in Windsor cemetery. The following obituary was read at the services:

Robert Marion Tull, son of Nathan and Ruth Tull, was born in Windsor township Jan. 14, 1855 and departed this life March 30, 1928. On Sept. 13, 1876 Mr. Tull was united in marriage to Mary Katherine Anderson and to this union were born three children, George Thomas Tull, Alberta Shelton of Windsor and Ida May Davies of Tuscola. Mrs. Tull departed from this life on Oct. 6, 1919.

In early manhood Mr. Tull was united with the Christian church and throughout his life remained a loyal and faithful member. For over 30 years he had been a member of the Fidelity lodge No. 576 I. O. O. F. at Windsor. His church and its Leader always received his highest loyalty.

Mr. Tull moved to Sullivan, Ill., five years ago and on June 30, 1924, he was united in marriage to Miss Jerusha Waggoner of Sullivan. He leaves to mourn his death George Thomas Tull, Alberta Shelton and Ida May Davies of Tuscola; four granddaughters, Katherine Tull, Marion Tull, Eugene Shelton and Rosemary Davies; his wife, Mrs. Jerusha Tull of Sullivan, Illinois; four brothers James A. Tull of Windsor, Jesse W. Tull of Washington, D. C.; Joseph B. Tull of Indianapolis; Thomas E. Tull of Monticello; one sister, Mrs. Jane Anderson of Windsor and a host of friends.—Windsor Gazette.

TO THE VOTERS OF EAST NELSON TOWNSHIP I thank you for your support Tuesday and assure you that it will be my utmost endeavor to serve you as commissioner in such a manner that you will not regret my election.

Carl (Shim) McDaniel.

—Mrs. Mattie Fread spent last week in Decatur visiting relatives.

Church Notes

FIRST CHRISTIAN CHURCH C. E. Barnett, Pastor

The goal for attendance at Sunday school next Sunday has been placed at 300. The classes are working for 100% attendance of enrolled members. The Men's class is in a friendly contest with the Men's class of the Lovington Sunday school. These incentives should insure a large attendance next Sunday at 9:30 a. m. The fact that it is Easter Sunday should bring large numbers into all the services of the day. The Easter offering for the Ministerial Relief will be received. Let us remember the aged ministers, missionaries and their families with our gifts.

The week's meeting now in progress will close with the Easter message of the pastor at the morning hour, 10:45. The subject will

be, "He is Risen." Let every member of the First Christian church be counted on for this service. Remember the risen Lord in the communion and the worship period.

At the evening hour, 7:30, the united choirs of the Methodist Episcopal, Presbyterian and Christian churches will present the sacred cantata, a sermon in song. Every one is cordially invited to this and all services of the day.

The Christian Endeavor meeting will be held at 6:30 p. m. The subject is important "Why We Believe in Immortality."

CARD OF THANKS

To all friends and relatives who so kindly extended their assistance and condolence in the hour of our sad bereavement, we express our sincere appreciation.

Fill up with SHELL MOTOR OIL. Hit the open road... Step on it... Force the car for all its worth with never a fear or worry about lubrication. SHELL MOTOR OIL will "stand up" and protect your motor every inch of the way.

What happens when you speed? Plunging pistons, a heavy crankshaft whirling in snug-fitting bearings, spinning gears and busy pumps... all driven by a ceaseless roar of explosions... hundreds of revolutions every minute in an inferno of heat.

It takes a real motor oil to stand the gaff... to supply constantly a smooth, unbroken film which completely envelops these flying metal surfaces and keeps them safely apart, but Shell Motor Oil is more than equal to the task, because it is deliberately made for just such service.

The specially selected crudes which are its base... the low-temperature refining process used... the specifications to which it is refined, combine to produce an oil of exactly the right body. It is thin enough to flow freely to every moving surface... heavy enough to come through heat and friction unharmed... a constant protection to your motor and pocketbook.

Obtain your SHELL MOTOR OIL when and where you buy SHELL GASOLINE... SHELL Yellow and Red Service Stations and authorized SHELL Dealers everywhere are glad to render free crankcase service.

Change to SHELL

400 "Extra Dry" SHELL Gasoline

Shell Gasoline is EXTRA DRY... unusually free from heavy, greasy, carbon-bearing elements. It vaporizes completely, ignites instantly, burns cleanly, leaving no unburned residue to dilute the oil in the crankcase. It is a quality product... alive with power... better and more expensive to produce, but costs you no more than the ordinary kind.
