Three Townships Will Vote on Oil; Four Will Elect Supervis-Trustees Also to be Elected.

Three Moultrie county townships will vote on Oil this spring. They are Lowe, Jonathan Creek and Whitley. Copy of the ballots to be voted, describing the routes which are to be improved with oiling appear in this issue.

Four supervisors will be elected. The townships which elect are East Nelson, Whitley, Jonathan Creek and Marrowbone. The election will be Tuesday, April

In Whitley township the present supervisor, Henry Hortenstine, is not a candidate. The Democrats have placed in nomination G. D. Edmonds, a farmer living near Gays and the Republicans have placed in nomination their Gays precinct committeeman Orval Roby who was an unsuccessful candidate two years ago. #### FINDLAY HARD HIT BY \$50,000 FIRE ON FRIDAY

Fire early Friday morning destroyed seven store rooms and offices in Findlay. The blaze ors; Justices, Constables, and seems to have started in the upstairs room used by the Odd Fellows Lodge and was discovered by Ray Odum, operator at the Findlay junction.

The Findlay fire department soon found itself unable to gain control and Bethany and Shelbyville departments responded and helped in the fight. By Friday morning great destruction had been wrought but the flames were apparently under control. A strong wind whipped some embers into flame again Friday afternoon and another building went up in smoke with an additional \$3,500 damage. Most of the damage was covered by insurance.

#### PROGRESS CORNSTALK EDITION NEXT WEEK

Next week's issue of The Sullivan Progress will be printed on paper made out of cornstalks. This stock is now in our pressroom and is of exceptionally good quality.

It costs us nearly three times as much as the ordinary newsprint as not much cornstalk paper has as yet been placed on the market. Cornstalk paper is still in its experimental stage but bids fair to be a great success and a boon to the farmers in the cornbelt. The paper has a 70% cornstalk content, the other things entering in its manufacture being sulphite which is a wood fibre that gives the paper its strength, and coloring matter and other preparations that gives to it its fine printing

Knowing that many people have not seen any of this new cornstalk paper The Progress will print several hundred extra copies for distribution next week.

Because of the general interest in cornstalk paper, this will be an excellent issue to carry the trade announcements or advertisements of local merchants.

Kindly make reservations for space at your earliest convenience, as the issue will be limited to 8 pages.

The suffering and destruction these events have entailed have not been confined to any one continent nor to any one hemisphere. All parts of the world have suffered catastrophies of the first magnitude. The Americas have been visited

cyclones and floods, while Europe has been tortured with heat and cold waves in addition to floods. England. France. Germany Russia and Czecho-Slovakia have been particularly hard hit. Asia has been rocked with earthquakes, while the Chinese over an area of 5,000 square miles faced famine because of prolonged drought and crop failure. Long lists of dead and injured have appeared in newspapers from month to month; huge sums have been named as total losses.

Nature was particularly intense in her moods last year and this year promises no relief. Death and destruction are still stalking humanity.—St. Louis

### **Doctor Found Women** and Children Sick More Often than Men

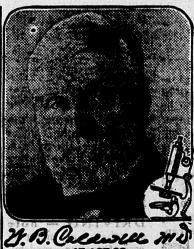

As a family doctor at Monticello, Illinois, the whole human body, not any small part of it, was Dr. Caldwell's practice. More than half his "calls" were on women, children and babies. They are the ones most often sick. But their illnesses were usually of a minor nature—colds, fevers, headaches, biliousness—and all of them required first a thorough evacuation. They were constipated.

evacuation. They were constipated. In the course of Dr. Caldwell's 47 years' practice (he was graduated from Rush Medical College back in 1875), he found a good deal of success in such cases with a prescription of his own containing simple laxative herbs with pepsin. In 1892 he decided to use this formula in the manufacture of a medicine to be known as Dr. Caldwell's Syrup Pepsin, and in that year his prescription was first placed on the market.

The preparation immediately had as great a success in the drug stores as it previously had in Dr. Cald-well's private practice. Now, the third generation is using it. Moththird generation is using it. Mothers are giving it to their children who were given it by their mothers. Every second of the working day someone somewhere is going into a drug store to buy it. Millions of bottles of Dr. Caldwell's Syrup Pepsin are being used a year.

Its great success is based on merit, on repeated buying, on one satisfied user telling another. There are thousands of homes in this country that are never without a bottle of Dr. Caldwell's Syrup Pepsin, and we have gotten many hundreds of letters from grateful people telling us that it helped them when every-thing else failed.

While women, children and elderly

people are especially benefited by Dr. Caldwell's Syrup Pepain, it is promptly effective on the most ro-bust constitution and in the most obstinate cases. It is mild and gen-

obstinate cases. It is mild and gentle in its action and does not cause griping and strain. Containing neither opiates nor narcotics, it is safe for the tiniest baby. Children like it and take it willingly.

Every drug store sells Dr. Caldwell's Syrup Pepsin. Keep a bottle in your home, where many live someone is sure to need it quickly. We would be glad to have you prove at our expense how much Dr. prove at our expense how much Dr. Caldwell's Syrup Pepsin can mean to you and yours. "Campus Day" was held at the school Tuesday. We started in by cleaning out our desks, then the boys went to clean up the track. The girls were supposed to bring lunch which they did. In the afternoon the Inter-Class tournament was held, the Juniors, defeating the Seniors and therefore won the tournament.

Plans are being made for Pa-Miss Annabelle Devore of De- tron's Day which will be held April 12th.

Romans 12:9-"Let love

without dissimulation." That means that we are not to Inde under a false appearance, that we are not to be a hypocrite in our loving, but love in deed and not word only. And if we actually have the Love of God in sour hearts there will be no pretense, real love speaks in deeds and not so much in words. Love speeds no mouth to speak with, it speaks for itself in the things which it doeth. There is a famine of real natural love in the world today, to say nothing of spiritual leve for God and His people. But we are not surprised at it. It is just another evidence of the near approach of our Lord. In the last days perilous times shall come, men shall be lovers of themselves without natural affections, having a form of godliness, but denying the power thereof. Being a Christian means more than going to church, it means more than belonging to a church, more than paying your money into a church.

It means being born again, and
