74TH. YEAR NO. 15

Democrats Name Foster, Walker, Jennings, Chipps, Newbould for County Office in Tues. Primary

Sheriff's Race Was Very Close; Mrs. McCormick Defeated Senator Deneen in County and State; James Hamilton Lewis, Democratic Senatorial Candidate. Charles Adkins Will Oppose Charles Borchers for Congress.

Moultrie County Democrats at the primary Tuesday selected the following five men as their candidates at the election to be held on November 4th:

For County Judge—John E. Jennings.
For Sheriff—J. N. Foster.
For Supt. of Schools—Albert Walker.
For County Clerk—Paul L. Chipps.
For Treasurer—Orman Newbould.

The Republicans nominated the following ticket:

For County Judge—O. F. Cochran.
For Sheriff—Halac Lansden.
For Supt. of Schools—Loren Brumfield.
For County Clerk—J. B. Martin.
For Treasurer—Ida Carnine.

The Democrats had three contests and this brought out a relatively big vote. Approximately 2000 Democrats voted. The Republicans had only one contest—for superintendent of schools and polled about 1400 votes.

The official majorities, as decided by the canvassing board for the Democratic victors were: Foster 25 over Ashbrook; Jennings, 153 over Grider; Walker 439 over Roughton. The unofficial returns are given below in tabulated form. It will be noted that there are some changes.

Mrs. Ruth Hanna McCormick carried the county over Senator Deneen. This was rather a big surprise and disappointment to the Republican leaders, with some exceptions. Chairman McKenzie is a McCormick booster. Moultrie Co., gave McCormick 612 to 535 for Deneen.

Charles Gregory who was defeated in the state for the nomination for treasurer by Buck the machine candidate got a very complimentary vote in Moultrie county. He polled 1088 to 163 for his six opponents. James Reeves ran well for the Republican nomination for the Legislature but latest reports say that he was defeated and Little and Black were renominated.

Irvin L. Lancaster, practically an unknown polled 332 votes here to 875 for Charley Adkins in the congressional nomination race. Adkins was renominated by the district.

Mrs. McCormick's Democratic opponent in the election next fall will be James Hamilton Lewis. He swept the state for the nomination getting about ten times as many votes as all of his four opponents. He received 795 in Moultrie to 270 for James O. Monroe his nearest opponent.

Moultrie's official vote for all candidates as tabulated by the canvassing board consisting of Jacob Steck and Charles S. Edwards Wednesday afternoon is as follows:

NIELS LARSON, AT MASONIC HOME 17 YEARS, DIED TUES.

Niels Larson, oldest resident member of the Illinois Masonic Home died Tuesday at the age of 89 years, 11 months and 12 days. He was a member of Apollo Lodge in Chicago and was admitted to the home May 11th, 1912 and spent 17 years, 10 months and 26 days there. He was a tailor by trade and made himself very useful with his tailor work and pressing. He was a contented, cheerful and happy individual and will be greatly missed by his many friends at the Home.

Funeral services were held at the Home Thursday and burial was in the Home cemetery.

ELVIRA J. BARNETT DIED THURSDAY AT CHRISTIAN PARSONAGE

Mrs. Elvira J. Barnett, mother of Rev. C. E. Barnett, local Christian church pastor, died at his home Thursday evening of last week at the age of 84 years, 8 months and 14 days. She had been ill for some time and several weeks ago suffered a paralytic stroke.

She was the daughter of Edward W. and Sarah Johnson and was born near Enfield, Illinois July 19, 1845.

At the home of her parents in Shaws Point township, Macoupin county, she was united in marriage with William Thomas Barnett on September 29, 1867. Six children were born to this union. They were Thomas Edgar, Walter Floyd, William Claude, Charles Everett, Lola Mae and Alva Leon. Of these six the two eldest sons, the daughter and the youngest son preceded the mother in death. Her husband died Nov. 28, 1911 at Litchfield, Illinois. Since that time she has made her home with her son, Rev. C. E. Barnett.

She had been a member of the Christian church almost 71 years. Two sons survive—C. E. Barnett of Sullivan and W. C. Barnett of Jacksonville and 3 grand children—Neville E. Barnett of Chandlerville, Mary Jane and Elizabeth Louise Barnett of Jacksonville. She also leaves one great grandson, James Neville Barnett, son of Mr. and Mrs. N. E. Barnett. Two sisters, Mrs. C. P. Kalstrup and Mrs. R. W. English of Barnett, Ill., and one brother, J. Scott Johnson of Litchfield, also survive.

Brief funeral services were held at the C. E. Barnett residence on Saturday morning, conducted by Rev. W. B. Hopper. Mrs. C. R. Hill and Mrs. G. R. Fleming sang, with Mrs. Howard Wood at the piano. Pall bearers at residence were S. P. Kinahan of Illiopolis, Farley Young, Cash Powell, Roy Kinsel, John Elliott and Tobias Rhodes. Following the services, the remains were taken to Barnett, Illinois. Services there in Shaws Point church were conducted by Rev. Hopper, assisted by Rev. S. B. Owings of Litchfield. Interment was in Elmwood cemetery near the church where her husband and children, her own father and mother and many other relatives rest.

DAMAGED CAR

A drug fiend cut a hole in Dr. W. P. Davidson's big car in Decatur Friday night and stole his drug case and instrument case. Earlier in the day a drug addict tried to buy some dope from the doctor but his request was refused. A man by the name of Jas. Finley has been arrested, charged with the theft.

IKE LOEB ARRESTED IN DECATUR FOR BOOTLEGGING HERE IN MOULTRIE CO.

Ike Loeb, a Decatur resident, who was indicted by the September grand jury for bootlegging, was arrested in that city last week and turned over to Sheriff Lansden.

He was given a hearing in the county court where he entered a plea of not guilty. Bond was fixed at \$500 on each count in the indictment. The case was continued until the next term of court.

Special Ballot For Fire Protection Tax At Tues. Election

City Will Vote on Proposition To Levy Two Mill Tax to Provide Funds for its Fire Department.

When voters go to the polls in the city election Tuesday they will be handed two ballots. One is for alderman and the other is a tax proposition that reads as follows: "Shall an act permitting cities and villages containing less than 500,000 inhabitants to levy a tax of not to exceed Two Mills on the dollar for fire protection purposes, be adopted?"

To pass on this matter intelligently the people of this city ought to know the conditions under which the fire department is now operating.

One of the city officials, familiar with the facts, has furnished the following data:

As now being operated, the city's fire department is running deeper into debt each year and the total debt is now near \$2000. The bigger portion of this debt is due the company from which the fire truck was bought. Some is for the original purchase price and the rest is for repairs, chemicals, etc. The money derived from general taxation now is never sufficient to even pay the salary of the truck driver. He gets \$100 per month, out of which he pays rental for storage place for the truck. He is on duty 24 hours a day. In order to get cash for his pay check he must liberally discount it.

As conditions now stand, the only way in which the holders of warrants against the fire department can get their money is to enter suit against the city and get judgments. To meet such judgments the city must issue bonds. This is an expensive procedure for the city.

It would certainly be inadvisable for the city to reduce or curtail its present fire protection. If the voters vote "Yes" on the proposition to be submitted Tuesday, it will yield sufficient funds to properly finance the fire department and retire the present indebtedness. Such favorable vote would be in the nature of "fire insurance" for everybody living in Sullivan, property owner or tenant.

The amount realized through a two mill tax would be about \$2000 per year. Sullivan needs this fire department tax money. It will mean but a small item in the tax bill of any citizen, but the total will be a big aid to the city and everyone in it.

A doll will be given away at C. D. SHARP'S store in Bruce on Saturday, May 3rd at 3 p. m. Each dollar spent for shoes counts as 100 votes for the girl or boy you wish to have the doll. See our new line of slippers and hosiery. We pay highest prices for your cream eggs, and poultry.

Shoe Factory May Open About June 6; Building Accepted

Sullivan's Big Industrial Plant is Nearing Completion. Building Contractors Finish Job; Painters at Work.

Tentative plans for the opening of the Brown Shoe Factory set the date for Friday, June 6th. This may be changed, however.

On Tuesday of this week Engineer Al Heron and one of the architects were here and accepted the building from the contractors, Hagerman & Harshman. Just a few minor details are still to be looked after.

The painting contract, awarded to a firm at DeLand is now being fulfilled. A crew of painters with spray-painting machines arrived Monday and is engaged in giving the interior walls and woodwork the necessary coating.

Several workmen are engaged in placing insulation on all heating pipes. The plumbing and sprinkler system is complete. The grounds are being levelled and Contractor C. E. Hankla and workmen are building drives and walks. The whole factory and surroundings is beginning to take on a finished appearance.

The first Sullivan man to be given a factory job is Harley (Runt) Mattox who has been appointed fireman. He is keeping up the fires at this time to provide heat in the building.

The Sullivan committees are planning to meet in the near future to arrange for this community's part in the opening celebration.

THOMAS CAMPBELL DIED FRIDAY; WAS BURIED SUNDAY

Thomas Campbell, a laborer, aged 69 years, 9 months and 17 days died Friday after having had dropsy for some years. He had been making his home with his stepmother, Mrs. Malinda Campbell for the past 19 years. Mrs. Campbell was 92 years of age on the day of his death.

Funeral services were held on Sunday at the McMullin Funeral Home and were conducted by H. H. Smith of Marion, Illinois, who some years ago was pastor in charge of the Mission church. Burial was in Greenhill cemetery. The casket bearers were Orman Newbould, G. S. Thompson, Jas. Cook, John Kracht, J. H. Smith and Harry Foster.

THREE SCHOOL ELECTIONS WILL BE HELD IN THIS CITY SATURDAY AFTERNOON

Saturday is school election day all over the county in all school districts. Sullivan will have three elections.

The election for president and two members of the high school board will be held at the Progress office. The poll will open at 12:00 o'clock and remain open until 7.

Only one ticket is in the field: H. C. Shirey for president and Arthur Hollenbeck and Guy L. Keller for board members.

The grade school election will be at the Dedman Harness shop. The poll will open at 1 o'clock and remain open until 5.

The candidates are J. L. McLaughlin for president and Ada Chapin and Jessie Edwards for board members.

The election for school trustee will be in the office of M. A. Mattox on Harrison street. This will open at 1 o'clock and will be open until 4.

SUPERVISORS WILL MEET NEXT TUESDAY; ELECT CHAIRMAN

The Moultrie County Board of Supervisors will meet Tuesday of next week. This will be a special meeting and a chairman will be elected for the ensuing year. New members who will be present are B. N. McMullin of Lovington Township and John Albright of Dora township.

J. B. Craig, Jr., of Jonathan Creek township is a candidate for chairman and prospects are bright for his election. O. C. Hoskins of Marrowbone township is said to also be a candidate.

Senior Class Play "The Boomer" To Be Given April 8th

Miss Dundas Is Directing the Play Which Will Be Presented in the High School Auditorium.

"The Boomer", Senior Class play will be presented Friday, April 18, in the S.T.H.S. auditorium at 8 o'clock under the direction of Miss Leona Dundas.

The cast of characters is as follows:

- Ephraim—Fred Cogdal.
- Pansy Proser—Wilma Wilson
- Mae Morris—Enid Newbould.
- Cyrus Green—Leon Reeder.
- John Roberts—Bob Sullivan.
- Paulena Hicks—Mary Evans.
- Elmer Carter—Gilham Lowe.
- Hezekiah Bowman—Everett Bushart.
- Mrs. Bowman—Wilma Rhodes.
- Nellie Bowman—Lilly Sullivan.
- Miss Bartlett—Mildred Chapin.
- M. H. Johnson—Francis Witts.

The scene of the play is laid in Elmer Carter's law office. Mr. Carter, the boomer, tries to get a factory for his town. Roberts pretends to represent a manufacturing company and swindles the townspeople out of \$20,000. Mae Morris discovers the crook. Cyrus Green is a comical character who is postmaster, deputy sheriff, leader of the band, and also holds all other important offices in the town. Paulina Hicks, a poetess, proposes to the crook. She also writes a poem to him entitled: "Don't Mutter! Don't Stutter! Just Flutter."

Miss Bartlett is determined that the factory shall not come to her home town and she pays the crook to prevent it. Mrs. Bowman "just can't help crying at everything" and her husband tries to quiet her by saying, "Be ca'am, ma, be ca'am." Nellie Bowman, their daughter, is in love with Carter. Ephraim is a colored man who has unbounded faith in the power of a rabbit's foot. Pansy, Mae's friend, wouldn't even trust her own sweetie down a dark stairway. Mr. Johnson is the president of the manufacturing company.

WHITFIELD REMAINS TO BE BURIED APRIL 18

Mrs. Gladys Whitfield received word from Orlando, Florida this week that the remains of the late Mrs. Hannah Whitfield will be shipped to Decatur and burial services will be held there on April 18th. Mrs. Whitfield died several months ago and her remains have been reposing in a vault at Orlando. Services will be held in the Dawson-Wyckoff chapel on Wood St., Decatur at 3 o'clock.

COURT MONDAY

The petit jurors are being notified to appear Monday morning for service in the circuit court. Several jury cases are set for trial.

Bethany Withdraws Its Objections To Location Of 132

In Return Is Given Assurance of Early Action on Secondary Road to Connect with 169. State May Include in 1930 Building Program.

There is an excellent prospect that that section of Route 132 from Sullivan to Dalton City will be included in the highway department's 1930 road building program. An early survey and location of this road is expected.

Building of this road has been held up by a controversy at Bethany as to the location of the route from that city north and west. Some Bethany people, especially those interested in the Farmers Grain company wanted the road routed west from that city to join with route 169. Several years have been spent in trying to convince the state highway officials that this ought to be the routing.

Editorial

This know also, that in the last days perilous times shall come. For men shall be lovers of their own selves, covetous, boasters, proud, blasphemers, disobedient to parents, unthankful, unholy, without natural affection, truce-breakers, false accusers, incontinent, fierce, despisers of those that are good—Traitors, heady, high-minded, lovers of pleasure more than lovers of God; Having a form of Godliness, but denying the power thereof; from such turn away.—First 5 verses of the Third Chap. of Paul's Second letter to Timothy.

He did not treat his family right. True, he did gain wealth and at his death left a big estate. He did not leave loving hearts to mourn his passing. He could have been a big man among his fellowmen. He was evidently endowed with enough intelligence to see the difference between right and wrong. If he did see it, he lacked the strength and ability to interpret right things into right action. He was judged not by his wealth but rather by the life he had led. Men who toadied to him because he was wealthy, snickered behind his back because of his being such an inexcusable cad. Poor men who knew the love of family and friends may have envied him his wealth, but would not have changed places with him. They had the real treasures of life, besides which his worldly accumulations looked like so much glittering dross. He was not dishonest, except with himself. He failed to play the game according to the rules of Love. He missed the big thing in life:

For when the one great Scorer comes
To write against your name,
He writes not that you won or lost,
But how you played the game.

CHIPPS, NEWBOULD, JENNINGS, WALKER, FOSTER MENACE OF IRRESPONSIBLE CAR DRIVER THE BUNK IN THE STATE PRIMARY LAW

Another primary. Another slate of candidates. Some are elated, some do not feel that way. That's the sad part of politics; all cannot win.

Moultrie county had a clean and snappy Democratic campaign. There was no mud-slinging. The candidates went into the campaign on very friendly terms. Nothing developed during the campaign that might have changed the attitude.

Here and there an effort would crop out where some zealous friend of some candidate or other would seek to make an impression by some mis-statement or some remark calculated to misrepresent. We know that we are safe in saying that none of the candidates encouraged such activity.

The Republicans had no major county contests. They also nominated a very representative array of candidates. The battle for votes at the November election is now on. With more or less intensity it will continue until the close of the polls. It will not blossom to its fullest radiance until about six weeks before the polls open on Tuesday, Nov. 4th.

If there was one outstanding feature that may be garnered from the results of Tuesday's election it is that the people are in a frame of mind toward making changes. Candidates now in office fared badly.

Early returns in state affairs indicate that Ruth Hanna McCormick has defeated Senator Deneen for renomination. Her Democratic opponent will be James Hamilton Lewis. A royal battle is in prospect. Our friend Gregory seems to have been the victim of the old-time spoils machine. The bankers clique will continue in charge of the state finances. Now let's get down to business.

A menace rambles over the roads of Illinois. His number is legion. His recklessness spells death. We refer to the irresponsible automobile driver. The damage he does is irreparable. He cannot compensate for it.

Illinois needs a new automobile law. It needs a measure of protection that it now lacks. It needs protection against the uninsured driver.

Let us illustrate. A boy buys a second hand car. For his few dollars he gets a pile of junk that ought not be permitted on the highways. But he can get some service out of it. He buys a license and is then all set to use the roads for joy-riding or for perhaps business purposes. He gets into a smashup, where the fault is all his. Thru his carelessness damage is done, perhaps life is lost. He carries no insurance with which to compensate any losses of life or property that he may cause.

There are many thousands of Illinois motorists in this status. They take no risk insofar as they themselves are concerned. If through their carelessness somebody else sustains damage or loss of life or limb—that's just too bad and nothing can be done about it.

The careless driver cannot be eliminated. But through adequate insurance the public can be protected. Some plan

can doubtless be devised whereby the state would issue no license on a car unless the owner thereof could certify that, through insurance or in some other approved manner, he was able financially to answer for any damage he, or his dependents, might do while operating the car.

Why has this matter been overlooked this long?

A question often asked during the past campaign was this: "I voted the Republican ticket two years ago. Can I go into the Democratic primary to vote this year?"

Why most certainly you can. At least that is the information we imparted. There will be those who take issue and cite the law that "you must miss one primary before you can again vote to nominate candidates, etc."

We contend that is all the bunk. Have you ever heard of anybody being prosecuted for voting any certain ticket in any primary election. You have not and you never will.

What is a man's party affiliation anyway? Why it is nothing more nor less than his opinion relative to government. There is no law to compel a man to be a Republican nor a Democrat one minute longer than he desires to be thus classified. You may be a Republican today and some good Democrat may spend an hour convincing you of the error of your ways. You may agree with him and decide to cast your lot with the Democratic party. Can any law prevent that? If it could, all of the propaganda put out by the two parties trying to wean voters away from each other would be just that much hot air wasted.

You can change your politics as often as you change your mind. Of course, if you ever expect to ask either of the two parties for a nomination, you might find that your proclivity of jumping back and forth from one party fold into the other might be rather embarrassing.

If true, as some contend, that once a Democrat always a Democrat or once a Republican always a Republican in the eyes of the law, unless you go through a period of probation and lose a primary vote, wouldn't politics be an awful mess? In such case it might be advisable to have party brands and to brand the babes at birth so a Democrat would wear a life-long Democratic brand and those of the opposing party likewise.

But as Elmer Bowers so aptly says, if you are born in a political party, it is no more logical to contend that you must forever do allegiance to that party, than it is to contend that the man born in a box car should remain in a box car all his life.

Any law that will define a man's politics and grant him the right to vote or not to vote because of his political belief is contrary to American ideals.

Of course, if you are a Republican at heart and go into a Democratic primary and vote that ticket just for pure cussedness and with no expectation of supporting the nominee in the general election, you are not a good citizen, but something altogether to the contrary.

It appears that a man's politics, so far as a primary is concerned is based on his honor and his sense of what is right and just. Let his conscience, if it's still in working order, be his guide. If he's just trying to be smart and put something over, let him take a sneak to himself. He ought to be ashamed.

And in conclusion, we repeat, that there is no law that will prohibit you from changing your politics as often as you change your mind.

If this be contempt for the sacredness of the primary law—contempt it is and what of it?

BETHANY WITHDRAWS ITS OBJECTIONS TO LOCATION OF 132

(Continued from Page 1)

to favor this routing. They wanted the routing along the I. C. tracks northwestward toward Dalton City, joining with route 169 at a point north of that city. Last year a spur was built from Route 169 southward ending at the High State bank in Dalton City. This was part of route 132. Despite this fact the Bethany folks stayed on the job of trying to get the route westward out of their city. The Dalton City folks bitterly opposed such a move and declared that it was not in accordance with the routing as included in the \$100,000,000 bond issue which routing designated the roads to be improved by paving.

Sullivan to Bethany
Many trips were made to Springfield in furtherance of the plans of the road advocates. Sullivan through the Community club last year entered the case with the argument that if there be any long delay in location of the road from Bethany northwestward, that the state survey and locate the route from Sullivan to Bethany so this part of the road could be built. The highway officials did not seem to think much of this plan, as they wanted to let contract for the whole section at one time.

Now action is in sight. The road will be built. It will be built from Bethany northwestward toward Dalton City. It will not cross the I. C. tracks. It will connect up with the spur already built into Dalton City and ending at the High State bank.

Conference at Bethany
Last week Director of Public Works and Building Cleaveland and State Highway Engineer Frank Sheets visited Bethany. They had a long conference with Bethany people interested in this proposition. Reports state that they had practically reached an agreement for Bethany to withdraw its objections to building the road toward Dalton, when banker Troy Scott refused to accede to this plan and it failed. The officials returned to Springfield without anything definite having been accomplished.

Little and Newbould
County Superintendent of Highways Guy S. Little and Supervisor

F. C. Newbould of this city then went into action. They suggested to the Bethany folks that a hard road for that city would be indefinitely delayed unless some agreement could be reached whereby the state highway officials would be able to proceed without hindrance and objection. They also pointed out that Gov. Emmerson some time ago emphatically stated that no roads would be built where location was in controversy, as plenty of roads in the \$100,000,000 bond issue were still to be built where location was not in controversy.

Promise Secondary Road
They urged the Bethany people to consider a plan whereby they would withdraw objections to any routing the state might decide on for route 132 and that the County Board of Supervisors would in the near future lay out a plan for secondary roads to be built out of the oil funds that the county will receive from the state and that when such action was taken the route out of Bethany westward to route 169 would be one of the first to be approved.

This plan appealed to most of the Bethany folks. Judge George A. Sentel acted as their legal adviser. An agreement was drawn up, embodying this plan and Mr. Little and Mr. Newbould called upon the supervisors to see how they felt about the matter. It was agreeable to nearly all of them and unofficially this agreement was signed, subject to official ratification at the next meeting of the board. Before this was done, however, Bethany folks had another meeting Saturday at which time this plan was presented to them. They decided to accept it and signed it.

Understanding Reached
They withdrew their objections to locating the road northwestward toward Dalton City, with the understanding that the county will soon act toward giving them a road west out of their city to connect with route 169. Just what this action will be has not definitely been decided, but the county will doubtless map out a plan for secondary road improvement and propose a bond issue for the building of these roads, the bonds to be paid out of the oil funds when they become available from year to year. No action

along this line will be taken at present. Other counties are considering similar plans and Moultrie will have a precedent to go by when the proper time comes.

Sheets is Notified

On Monday of this week Mr. Little, Mr. Newbould, Judge Sentel, States Attorney Foster and Judge Raymond D. Meeker went to Springfield. The agreement that eBthany, through its road committee had signed was filed with the state highway department. The committee had a ten-minute session with Mr. Sheets. Mr. Cleveland was out of Springfield at the time. Mr. Sheets never makes any promises or agreements, but the local committee feels that action on survey and location of route 132 will be speedily forthcoming.

Want Road For Arthur

The committee also made a plea for early action on route 133 so that Arthur will have hard road connection. It has been hoped that this route would also be included in the 1930 program but no definite assurance to that effect has been received.

The Moultrie officials feel that the Bethany-Dalton City tangle is solved, however, and that work on this route will be done before the snow flies. One big bridge job will be on this route where it crosses the Little Okaw west of this city. Several routes are proposed between Sullivan and Bethany, but the general opinion has been that the county road committee will get the right of way for this road wherever the state decides to locate it. Sullivan people are becoming much interested in a hard road connection with Bethany as doubtless some Bethany people will come here for employment in the Brown Shoe factory before another year passes by.

MRS. CLARA HUGHES DIED FRIDAY IN DECATUR BURIAL HERE SUNDAY

Mrs. Clara M. Hughes, widow of Charles Hughes, died Friday afternoon at the home of her daughter, Mrs. Blanche Mathias in Decatur. She would have been sixty-three years old in May. She had been ill for the last three weeks.

Mrs. Hughes' maiden name was Clara M. Epperson. She was a daughter of Mr. and Mrs. Josiah Epperson and was born in Jefferson county, Illinois, May 27, 1867.

She and Charles Hughes were married in Belle River, forty-three years ago. She had made her home in Decatur for one year. She had been a member of the Christian church since she was sixteen years old.

She is survived by the following children: Leland Hughes and Thelma, wife of Clarence Crowds of Sullivan, Mrs. Blanche Mathias, Donald and Raymond Hughes of Decatur and Mrs. Lillian Flannigan of Harrisburg. She also leaves a brother, James Epperson of Sullivan, and the following sisters: Mrs. Ida Braddy of Blufford, Mrs. Lucretia Northford of Bonnie, Mrs. Esther James of Ina and Mrs. Minnie Chandler of Sullivan.

Funeral services were held on Sunday afternoon from the Christian church.

Pall bearers were Leslie Epperson, Leon Epperson, Henry Pickle, Dean Pickle, Joe Pickle and Elmer Hughes.

HUMORIST LECTURER ENTERTAINED MEETING OF COMMUNITY CLUB

Friday night was ladies night at the April meeting of the Sullivan Community club. A banquet was served by the ladies of the M. E. church in the Masonic Hall dining room. More than a hundred were in attendance.

There were two speakers on the program. Mrs. Mabel George gave several humorous readings. President C. R. Patterson then introduced J. H. Hudson of the Illinois Chamber of Commerce who by a running fire of funny stories and wise-cracks put over a community boosting address.

LOCALS

—Miss Flossie Frederick of Kirksville and her niece Joy Frederick of Bruce were operated on in Decatur last Saturday for removal of tonsils and adenoids. Joy was brought home Sunday but Miss Flossie will remain for a week.

—The Pot Pourri Gigt Shop which since last December operated in the corner store room of the I. O. O. F. building has moved upstairs with the L'Habit shop for the present. Their former quarters will be occupied by the A. & P. store.

—Homer Palmer employed in the highway department offices in Springfield was here the early part of the week visiting his parents, Mr. and Mrs. Sam Palmer and other relatives and friends.

—Riley Hard of Lovington has moved with his family to the Caizer farm southwest of this city, which some months ago was bought by Guy S. Little and A. Nicholson.

—Mr. and Mrs. Orval Shields and family and Mr. and Mrs. Grover Taylor of Findlay were Sunday guests at the home of Mr. and Mrs. Wilhelm Hengst.

STATE WILL BUILD APPROACHES TO BRIDGE OVER JONATHAN CR.

District Engineer Apple this week informed Highway Supt. Guy Little that the state will send its maintenance crew here to build the approaches to the bridge across Jonathan Creek, on route 132 east of the Illinois Masonic Home.

This is the bridge that the highway department was almost two years in building. The concrete structure was completed some months ago and Contractor Loeb filled in the approaches. These fills have settled to such an extent that it is almost impassable to cross the bridge. The state will now send its working crew here to do the necessary grading to put the bridge into passable condition.

4-H CLUB RALLY HERE SATURDAY IN CIRCUIT COURT ROOM

The 4-H clubs of Moultrie county will hold their county wide rally at the Court House in Sullivan Saturday afternoon of April 12th. A program has been arranged consisting of songs, music, club yells and moving pictures, the latter of which will be furnished by Farm Adviser J. H. Hughes.

The meeting will begin promptly at 1:30 and will be held in the Court Room. The program is as follows:

Song by all clubs.
Explanation of club work and the club program—Farm Adviser J. H. Hughes.

Practice in club yells—Leader, Barbara Winings, Dora.

Club Talk "What Club Work has meant to me"—Ruth Doughty Whitley.

Same—Hugh Righter, Sullivan Violin Solo—Lois Young, Whitley.

Club Talk—Wilma Rhodes, E. Nelson.

Same—Glenn Clark, Marrowbone.

"Blue Monday" a romantic film of 2 reels.

Recess for individual club organization to be followed by Adjournment.

The 4-H club work in Moultrie county this year promises to exceed that of the past. Last year there were 13 girls clubs and 5 boys clubs. This season there will be 3 new clubs for boys one of which is now in progress that of the Baby Beef club which began on the first of January. Two Jersey calf clubs one at Sullivan and one in Lowe township will soon be organized. Charles Shuman is leader for the beef club boys and Paul Wilson and John Craig will lead the dairy boys just beginning in Sullivan and Lowe townships, respectively. V. I. Winings will probably lead the dairy club of Marrowbone which is now in its third year.

As usual the girls are not to be outdistanced by the progress of the boys as they two will have some new clubs starting, one of which is in Lowe township under the leadership of Mrs. Verne Smith with Mrs. J. E. Leachman assisting. This is the first club work for the girls in Lowe township and they are getting an early start having already held their first meeting.

The Marrowbone Fat Pig club of which Harris Bone was leader will probably develop into a pure bred gilt club this year. This club did some excellent work last year under their leaders guidance and will no doubt follow the swine projects clear thru.

The girls clothing club in Marrowbone which started last year under the leadership of Mrs. Clyde Esry (now moved to Champaign Co.) is without a leader and a leader is being sought for them. The suggestion of candidates would be welcome at the Farm Bureau to fill this vacancy. The good work must go on if a leader can possibly be found.

Mrs. Hal Bowers of Lovington will take the place of Mrs. Dorothy Bicknel. The Lovington girls under Mrs. Bicknel's tutelage did excellent work and will no doubt continue to do so under their new leader. There are other clubs deserving of special mention but lack of space forbids.

Last year 177 boys and girls in Moultrie County were engaged in this work and the prospects are for a 50% increase this year making a total of 250 or 300. The age limits are 10 to 20 and any boy or girl in the county who is interested is urged to take advantage of this special form of education in the various arts included in the projects. A county club show will be repeated again this year.

—Mr. and Mrs. Luther Burris and son of Decatur and Welter Birch called on W. W. Lewis and daughter Sunday.

—Supt. of Highways Guy S. Little and Judge George A. Sentel made a business trip to Springfield Monday.

—Mrs. Jennie Powell returned to her home in Mattoon last week after spending a few days here visiting with her sister, Mrs. Wilhelm Hengst.

—Homer Cole spent the latter part of the week in Stewardson.

Wahrheit und Dumheit

Ivan—"What's the matter with you George?"

George—"Nothing why?"

Ivan—"Well, you gave me a nasty look."

George—"You've got a nasty look, all right Old Timer, but I'm innocent. I did not give it to you."

It happened at College—Freshman to Professor—"Wonder who that old hag over there is. It seems that she is trying to flirt with me"

Professor: "Well now my lad, I'll find out. I know her well. She happens to be my wife."

Can't you see your kisses pain me?

Your embrace has all but slain me, Kid, how can I be elated

When I've just been vaccinated? —Judge.

Here's a story that we do not vouch for. The breeze has blown it our way. In a certain state, in a certain country, there was a city that wanted a hard road. The town was full of boosters. There was no question about right of way or location. What these good people wanted was a road. "Say now," said the grand champion road booster "I have an idea. Let's us fellows raise about \$500 and give it to the big chief at the state capitol and tell him where we want this road and that we want it right away."

No sooner said than done. The big road chief in that big state, took the big money.

And that is about all of the story. There is an anti-climax that would not do to tell. No road has as yet been built to that city.

There are lots of fellows like the one that the C. P. & A. News tells about after his decease: "We knew the guy as Old ten per cent; the more he got, the less he spent; the more he got the less he lent; he's dead. We don't know where he went—but if his soul to heaven is sent, he'll soon own the harp and charge them rent."

Wife—"John you treat me as if I was nothing but a cook around this home."

John—"Now, now wife, you know after eating the meals you prepare, I'd hardly call you a cook!"

SAFETY DRIVE
He Took No Chances—But—He brushed his teeth twice a day with a national advertised tooth-paste.

The doctor examined him twice a year.

He wore his rubbers when it rained.

He slept with the windows open He stuck to a diet with plenty of fresh vegetables.

He relinquished his tonsils and traded in several worn-out glands. He golfed—but never more than 18 holes at a time.

He got at least eight hours' of sleep every night.

He never smoked, drank or lost his temper.

He did his daily dozen daily.

He was all set to live to be a hundred.

The funeral will be held next Wednesday. He is survived by 18 specialists, four health institutes, six gymnasiums and numerous manufacturers of health foods and antiseptics.

He had forgotten about trains at grade crossings.—Wall Street Journal.

"Yes sir, you heard right. My wife had an auto accident yesterday."

"Was there any damage done?"

"Was there, well I should say. The radiator was smashed in. The right front fender was torn off, and the body of the car was badly dented and lots of screws are loose."

Gosh that's tough! How about the wife?

"Oh she—why she's only got a broken right leg and some few bruises."

Good credit standing marks the good business man.

If I'm to be robbed, I'd rather have the fellow break in some night and do the job in approved robbery style. I hate the robber who walks in the front door with a smile on his face. He tells me what he wants. I hurry around waiting on him. He looks honest. He acts honest. He tells me to charge his purchase and he walks out with it, or perhaps I even go to the trouble of delivering it to his home. He never pays for it. He never intended to pay for it. He just simply stole it—not only did he steal my goods and service but he stole my confidence as well. In our present day administration of justice, the law allows this kind of crook to roam at large and to ply his trade on the unwary merchant and business man.

We contend he's a bigger crook than the fellow who carries a crowbar to pry his way in or uses a gun to take from you what he wants. Do you, agree with me? I'll bet you do when you look over your dead-beat ledger accounts.

Why we waited 6 months to announce this new oil to the public...

Last October, after a year of research, a new type motor oil was perfected. Announcement of it was delayed 6 months to give it the most thorough tests possible in actual use.

We can now definitely make the following statements:

1. New Iso-Vis means less wear on every moving part of the automobile engine.

2. It does not "thin out" with use.

3. It gives effective lubrication over a wider range of temperatures—both high and low.

4. It means a radical reduction of carbon deposits—far less than in most premium-priced oils.

With New Iso-Vis you get a type of lubrication that has not been possible before, regardless of the kind of oil you have used.

This improved New Iso-Vis Motor Oil is now on sale at all Standard Oil dealers and service stations.

HUNDREDS of cars, of practically every make and model, were used in road tests under the toughest conditions possible, to prove the superior value of New Iso-Vis as a motor lubricant. These rigid tests were successful even beyond our expectations. The 4 points at the right give the details.

SAVE THE EXPENSE and bother of carbon removal. Again, thorough tests and experiments have proved that New Iso-Vis has less tendency toward carbon residue than other oils.

 There is no workman so good, but that he can always improve. That's why I'm going to Springfield Saturday to take some lessons in welding. The more expert I become, the better service I can give you. Maybe I'll chin some with Lou while I'm at the capitol. Some folks spread the report this week that I had mumps. All wrong; I had lump jaw, caused by a bad tooth.
 When you see a one-eyed auto approaching you at night, its always safe to guess that it's the light nearest you that's out.
 Somebody said that counterfeit \$1000 bills were circulating in Illinois. Be careful boys what you take. Nobody offered me any as yet.
 Bring in your surface blades for sharpening. Do you need new ones; We've got them.

—Carl A. Dick returned Sunday from Cedar Rapids, Iowa, where he attended a convention of the agents of the Inter-Ocean Re-insurance Company. This convention was in the interest of the hail division.
—Mrs. Noah Smith has been helping to care for Mrs. Dick Bean who is very low at this time.

BARN ON W. W. DAUM FARM BURNED FRIDAY
Fire, originating from the exhaust of a tractor, completely destroyed the barn on the W. W. Daum farm, five miles southwest of Bethany at 6:30 Friday night. About three tons of hay and all the harness owned by Grover Hudson, the tenant, were destroyed. Mr. Hudson was able to get his tractor and his horses out of the burning structure but received numerous burns while rescuing them. The Bethany fire department was called but was unable to save the barn.

W. W. LEWIS HOME
W. W. Lewis who has been confined in the Mattoon hospital for the past month following an operation, was able to return to his home on Sunday and is getting along nicely.
—Mr. and Mrs. Taylor Plummer of Bruce visited here Monday.

Eat the waffle QUICKLY while it's crisp.
FERRY'S purebred SEEDS
A WAFFLE has only one perfect moment — when it has just been baked. And vegetables have only their few perfect moments . . . when they have just been picked. Afterwards they are good, yes, but never quite so sparkling, so crisp or sweet or tender, as when fresh from their growing.
Have scarlet tomatoes dangling in a garden of your own. And lima beans—that you needn't pick till the minute you need them. Have all the kinds of vegetables you like—have them the best vegetables—and have them fresh, by planting Ferry's purebred Seeds. Just as fine dairy herds are bred for the blue ribbon class, so are Ferry's Seeds bred for superior size, abundance, color, flavor. Having a good garden is easy with these. Find Ferry's Seeds at the "store around the corner."
To know how and when to plant vegetables and flowers, consult Ferry's Seed Annual. It even tells new ways to cook vegetables. Write for this—to D. M. Ferry & Co., Detroit, Mich.
P.S.—A GARDENER HAS NO SECOND CHANCE. PLANT THE BEST.

for Economical Transportation
CHEVROLET
it's wise to choose a SIX!
There is one sure way to get greater value in a low-priced car today—choose a Six!
This greater value is instantly obvious when you drive a Chevrolet Six. You notice first of all its greater smoothness. There is no tremor in the steering wheel—no rattle in the floor boards—no rumble or drumming in the body.
In addition to the finer performance of its six-cylinder motor, the new Chevrolet gives you truly remarkable economy.
Its six-cylinder smoothness saves the entire car from the strain and wear of vibration. This, of course, lowers the cost of maintenance and assures a longer-lasting, longer-satisfying automobile.
From the standpoint of operating expense, Chevrolet is equally economical. No other automobile consumes less gasoline and oil. No other shows a lower expense for tires. And no other car costs less for service.
Because of its modern engineering, Chevrolet also assures a high resale value.
Chevrolet gives you fully-enclosed, weather-proof, 4-wheel brakes; a modern fuel system—with the gasoline tank mounted in the rear; four long semi-elliptic springs, mounted lengthwise in the direction of car travel. It gives you beautiful Fisher bodies built of combination hardwood-and-steel. It gives you a heavy, rigidly-braced channel-steel frame. And it gives you a full ball bearing steering mechanism.
Before you decide on any car in the low-price field, see and drive the Chevrolet Six. The more thoroughly you investigate, the more certain you are to conclude that it's wise to choose a Six—for value, for performance . . . and for economical transportation!

a Complete Service We are equipped to build your basements either for your old house or a new one. 1st—If it is a basement under your old house and it is necessary to raise it, we have the jacks and timbers necessary for a safe and careful raising. 2nd—Our excavation equipment consists of a large dirt conveyor which elevates the dirt from under the house to the yard or truck. If it is necessary to move the dirt from the yard, we have dump trucks for that service. If a block wall is desired, we have a large stock of basement and foundation blocks on hand at our plant yard and have men to lay them in the wall. If a poured concrete wall is desired, we have the forms, concreting materials and mixers necessary to give you a first class job. We also lay concrete floors and do necessary drainage. This complete service and equipment enables us to do your basement work at a minimum expense to you. ESTIMATES FURNISHED Sullivan Concrete Works RUSSELL HARSHMAN, Prop. PHONE 38 SULLIVAN, ILLINOIS

their LIVES are in YOUR HANDS! DOWNY LITTLE THINGS... not long out of their shells... how much they must depend on you for the things they need to live and get big. They need a feed filled with nourishment. A feed which will build bones quickly... building muscles strong... change fuzz to feathers in a hurry... all this they demand... and yet their little crops can handle only one tiny thimbleful of feed a day! What a job for feed! Consider Purina Chick Startena (mash) for this job! In every thimbleful are twelve ingredients! Cod-liver oil... dried buttermilk... alfalfa flour... granulated meat... these and eight others are there... each one with a real job to do. Purina Startena is mixed over and over again... 960 times just to be thorough! And you will find the same care taken with Baby Chick Chow (scratch)... to be fed with Startena. Your chicks... what they do for themselves... what they do for you... is entirely in your hands. They eat so little... yet it counts so much... that you can afford to do only one thing... feed Purina Chick Startena!

THE WEATHER

It's just too dog-gone dry to do much good. It's plenty warm enough and all that is needed to bring Spring on with a rush is about a week of rainy weather. The oats needs it; pastures need it; wheat needs it and even the golf course needs it.

Many of the farmers are all done doing their spring plowing and they'll soon be done doing their spring voting, and what then?

The rumor that got afloat in this city this week that Edgar McKenzie will be postmaster if Ruth Hanna McCormick is elected to the United States Senate is rather premature. Ruth Hanna has got a long, long trail to trot before she ever gets to the Senate. Why should Illinois send a petticoat—(excuse us, we're so old fashioned) we meant bloomers and beads into the Senate chamber when it can send a real honest-to-goodness statesman like Jim Ham Lewis? Ruthie has got a hard and rocky road to travel from here on, henceforward and when the roll is called up yonder under the capitol dome in December of 1931 it will doubtless be Jim Ham who answers "present", while Ruth is back home herding the Holsteins and looking around for a way to make a living. So everything considered, Charley McPheeters, Tom Conn and Carl Crowder are advised to lose no sleep. Of course after the presidential election in 1932 it will be a different story. Charley McPheeters will then be visiting Shorty Worsham at the post office instead of visa-versa—That's hog-latin for "as things are now."

Heartily wishing, hoping and praying for rain, we are—yours truly—just one moment more please—tell us when is the moon right for planting potatoes.

CITY WILL ELECT 3 ALDERMEN; VOTE ON FIRE PROTECTION

Next Tuesday there will be another election. This will be the third consecutive Tuesday election for this community.

Tuesday an alderman will be elected in each of the city's three wards.

In the first ward E. O. Dunscomb on the administrative ticket is unopposed. The same condition exists in the Second ward where H. V. Siron is the candidate.

In the third Ward A. P. McCune, the City candidate is opposed by Thomas Brooks who is running on the popular ticket. None of the candidates is making a strenuous campaign.

Under an act of the Legislature of 1929 it becomes necessary for the city to vote on the proposition of whether or not a tax of 2 mills shall be levied, the proceeds of such tax to be used for the maintenance of the fire department.

In most communities the necessity for such tax is plainly recognized, as under present conditions there is no money available for maintaining an adequate fire department.

The polls will be at the Dedman Harness Shop in First Ward; Jenkins garage in Second; Armory in the Third. They will open at 7:00 o'clock and close at 5.

SULLIVAN COMMUNITY HOUSEHOLD SCIENCE CLUB

The Sullivan Community Household Science club will meet Tuesday, April 8th with a potluck dinner at noon. Mrs. Anna McKenzie, Mrs. Nellie Cochran and Mrs. Fannie Patterson are hostesses. The Lovington Woman's club will be guests. The program will start at one thirty. This will be a thrift program with Mrs. Reta Wilson as leader.

Roll call. Each person bring an article made from a sack.

Mrs. Grace Purvis will talk on "Thrift ideas in made-overs."
Mrs. Jessie Wood and Mrs. F. Hogue will play a duet.

Discussion on "Novelties made from the Rag Bag."

Reading—Patricia Poland.
Hooked rug demonstration—Mrs. Gertie Fleming.

Each member is requested to wear a dress costing not more than a dollar. A prize will be given for the best dress; a prize will also be given for best article made from a sack.

A flour company will give a demonstration at David Hardware store on cake making, Friday afternoon and all day Saturday. This will be sponsored by the club. Two or more cakes will be given away. All visiting the demonstration may sample the cakes. Orders for cakes will be taken by Leona Stone. Come and get your cake for your Sunday dinner.

ALPHONSO TURNER

Alphonso Turner of near Bethany died Tuesday in St. Mary's hospital in Decatur. He was born near Bethany and lived there all his life. He was 60 years old. He is survived by his wife, Mrs. Margaret Turner and two children, Harry Turner and Mrs. George Lump.

MRS. McCORVIE HOSTESS TO FRIENDS IN COUNCIL

The F. I. C. club met with Mrs. A. E. McCorvie Monday afternoon with a large number present, this being guest day. The business session took up the first part of the afternoon after which the following program was given:

Current Events—Miss Mamie Patterson.
International Relations—Miss Ida Collins.

Public Health—Mrs. C. R. Hill. Allegiance to the Flag—Club members.
Instrumental duet—Miss Lula Clark and Mrs. George Sentel.

Two selection were then given by the double trio.

Duet—Mrs. Clark and Mrs. Sentel.

Address, Mrs. E. J. Lehman of Sidney, Ill, president of the 19th district.

Mrs. Lehman mentioned the District meeting to be held in Monticello, May 7th and 8th. Three delegates will be allowed. F. I. C.

The state meeting will be held in Springfield May 20 to 23.

Mrs. Lehman was endorsed as vice president for the state at this meeting.

A duet by Mrs. Sentel and Miss Clark was the concluding numbers. Mrs. Bearcof and Mrs. J. A. Jordan of Sidney accompanied Mrs. Lehman.

After the program a social hour was held in the sun parlor, where tea was served. Mrs. J. I. Wright, Mrs. Grace Richardson and Mrs. J. A. Reeder, poured.

OFFER SUPT. LITTLE SHELBY CO. ROAD JOB

Several officials from Shelby county were here the latter part of last week to offer the job of superintendent of highways for that county to Guy S. Little, the Moultrie superintendent.

Mr. Little took the matter under consideration but his many interests in this county will doubtless decide him in favor of remaining here.

Newton Baxter the Shelby Co. superintendent, who was a close friend and co-worker with Mr. Little died suddenly on Thursday of last week. He was regarded as a very efficient official and while in office cooperated fully with Moultrie officials on all county line jobs between the two counties.
