levelling. For the first time, per- killing, etc. haps, since road oiling was begun in this part of the state, the oiled roads have come through the win- visor of assessments. The assesster in fine shape. This will give the ors elected last year to serve for commissioners a chance to save three year terms, start those terms

Getting Out of Debt Superintendent Little reports that prospects are good that all highway commissioners will be able to get their respective townships out of debt on the road and bridge funds this year. If such is the case, less money will be levied for next year's work.

Oil Tax Refund Many people have a mistaken HOUSEHOLD SCIENCE idea as to how the county's share of the state gas tax is figured. This tax is paid by the bulk stations, before selling to the distriboil handled in carload lots in that Stella Ellis will be hostesses. respective county. This is wrong. The oil tax refund to the counties is not figured on the oil sales en Should Serve on Juries.' therein, but is figured on amount of money paid by the people of Mrs. Agnes Kellar and Mrs. Glatisthat state in auto license fees. For Miller. Affirmative-Mrs. Effic example, a county that pays \$100, Dick, Mrs. Esther Francis and 000 in auto license fees will get Mrs. Ruth Poland. just twice as much gas tax refund as will a county that pays only Bean Stalk. \$50:000 in auto license fees. The amount of gas sold at wholesale or retail in the counties does not enter into the refund calculations.

She was 72 years Cases Will Be Closely Watched of age and was known to quite a few Sullivan people through her visits here.

Mrs. Will Hicks who had been visiting in Chicago and South Bend did not know of the death until her return to Sullivan and First Christian church as the immediately boarded a train for Waltonville. Funeral services were 7:30.

Four Supervisors Will Be Elected Next Tuesday

All Present Incumbents Seek Reelection. Bert Lane Has No Opposition. Chairman of Board up

Tuesday is township election day in Moultrie county. Four supervisors will be elected and in some townships other offices are

In Jonathan Creek township, James B. Craig Jr., present chairman of the board is a candidate for re-election. Walter Wiser is the opposing candidate on the Republican ticket. Mr. Craig has made a very efficient official for Moultrie county and a good representative for the best interests of his township.

In East Nelson township Bert Lane is seeking re-election for supervisor. The Republicans have no candidate to oppose him.

G. D. Edmonds, present supervisor from Whitley township seeks re-election. Orval Roby is his Republican opponent.

O. C. Hoskins, who for some township on the board is seeking re-election as the Republican nominee. His Democratic opponent is Al Mayfield, who has always ters he gave the routes an inspectaken an active interest in Beth- tion. He also investigated the ofany and Marrowbone affairs. Indications are that Marrowbone township will see a hot fight on election day. Factional strife has crept into the Republican ranks there in recent years.

inspector Recommends That the Present Routes 6 and 3 Absorb the Mileage on Route 2. P. M. Asks for Auxiliary Route.

Sullivan will lose one rural mail

route. Of this there is little doubt, even though the formal order has not yet come through. years has represented Marrowbone Pana was here this week, check-Inspector Jerome Williamson cf ing up on the local situation. In company with Postmaster McPhee-

> fice records as to number of miles travelled by the rural carriers and the time required to do the work. Mayhew Rhodes who died some weeks ago was carrier on Route No. 2. Since his death Earl Con-

ard has been carrying that route, under a temporary appointment. Under the proposed new arrangement as suggested by Inspector Williamson, Mr. Conard will lose that job. W. G. Cochran, Jr., carrier on Route 6, will be carrier on Route 2 and the territory formerly covered by the old Route 2 will be divided between carriers Cochran and John Lucas

who carries route 3. Under the new routing, Sullivan will lose about 3 families to a Lovington route and several families that now receive direct service may be compelled to walk further to their mail boxes, as the carrier will no longer pass their Tableaux—"The Part Women been receiving indirect service will get direct service through the

change in routing. The new change will effect a yearly saving of about \$1200 for Post Office Department. The carriers of course, get more than that per year but Messrs. Cochran and Lucas will have an increase in compensation based on the addition number of miles they will cover. The carriers get \$75 per mile, per year, for the first 24 miles and \$30, per mile for each

additional mile of their route. Postmaster McPheeters is of course protesting against the elimination of one route, but has no hopes of retaining it. He will try, however to secure what is known as an "Auxiliary Route." Such route would be travelled only during the four winter months beginning Dec. 1st and would relieve the carriers of part of their mileage during the time when roads and weather are bad. Mr. McPheeters has hopes that this request

may be granted. Sullivan rural delivery started been maintained ever since. The ers use tractors and farmhand

And they brought young children to him, that he should touch them; and his disciples rebuked those that brought

But when Jesus saw it, he was much displeased, and said unto them, Suffer the little children to come unto me and forbid them not; for of such is the Kingdom of God.

Verily I say unto you, Whosover shall not receive the Kingdom of God as a little child, he shall not enter therein.

And he took them up in his arms, put his hands upon them and blessed them.—St. Mark X-13:16.

Love is the only bow on life's dark cloud. It is the Morning and Evening Star. It shines upon the cradle of the babe, and sheds its radiance upon the quiet tomb. It is the mother of Art, inspirer of poet, patriot and philosopher. It is the air and light of every heart, builder of every home, kindler of every fire on every hearth. It was the first to dream of immortality. It fills the world with melody, for Music is the voice of Love. Love is the magician, the enchanter, that changes worthless things to joy and makes right royal kings and queens of common clay. It is the perfame of the wondrous flower-the heart-and without that sacred passion, that divine swoon, we are less than beasts; but with it, earth is heaven and we are gods.—Robert G Ingersoll.

Tackling A Big Job

be held here in Sullivan. Meetings are being held here right and that's all. Isn't that enough? along. Various organizations and boards meet from time to time to conduct routine affairs. Banquets are held and in the administration of justice in the most common sense gets all about it.

That meeting on Monday night, April 13th will be different. Something big may come from it.

It is not a new factory proposition or anything of that kind. The object of the meeting is to induce the Illinois State Dairymen's Association to bring its convention here next January. If Sullivan lands this, it is tackling a big job. It will get more free publicity and favorable comment all over this country than it could secure in any other way.

the state are members of the Association. Thousands would sullivan people, but we propose Wilson family still reside. It was come here for that convention, which usually lasts several to make it so. days. High school agriculture instructors would come with their classes for judging contests.

why if this is such a big thing, should this convention in those days for shortly after his come to Sullivan? Can we handle it if our invitation is acbirth he left here. When solicitors call on you for your membership fee, met death from a broken spine, will form a prominent part of that give them a hearty reception. Join the Community Club and pay your dues. That's important if we want to build for the DR. WILLIAMSON bigger and more prosperous Sullivan to which we all look forward.

Attend the April 13th meeting. Show an interest in Sullivan and the big things it undertakes. We can get this con- catur the beginning of last week, reavement when our beloved moth- Chicago Sunday evening where returned Wednesday from a two onds, blowing out 19 candles as vention. It's going to be a big thing for Sullivan if we do.

Sullivan has the reputation of doing things so big that cities many times our size would stagger and fail under the home soon. load. Come on Sullivan, Let's Go.

May Reform Legal Procedure

A bill is pending in the Illinois Legislature to reform week. the legal procedure, known as "Writing an Indictment." It's

cedure, main and foremost of which is the abolishment of the cumbersome and expensive grand jury system.

When a man commits a crime he is entitled to a reasonably speedy crime. While facts are plain and witnesses recall incidents having a bearing on the crime, the case ought Blind Players to be threshed out in court and the accused either convicted or set at liberty.

But the move being made in the Legislature is interesting. It is a step in the right direction.

As at present required by law and precedent, it takes about three or four pages of type-written sheets to tell in a have been unaware that the playvalid and legal indictment that a man is accused of shooting and killing another. It takes about the same amount of legal gibberish to constitute a legal indictment charging a dered how two persons, coming man with having committed forgery. And woe be to that onto the stage from opposite en-States Attorney who fails to follow in the footsteps of the ringly toward each other and learned men of law of days gone by and who omits an shake hands without lost motion. "aforesaid" or similar important expression.

Just for example—say a man is to be indicted for murder. He shot another man. After a lengthy preamble setting hands had carefully laid strips of forth the facts that both men who figured in the deal were carpet so that the actresses might real, live human beings and were without doubt in the spot where the crime was committed, we get to a description of rigid chart worked out during rethe shooting in the indictment. It reads about like this:

"And it is further stated that the aforesaid John Jonas alone. being in the aforesaid field on the day and date aforesaid. did then and there have in his possession one deadly weapon, towit a revolver, known as a Colts revolver. And the aforesaid revolver being then and there in the possession of the aforesaid John Jonas, was on that day while in such to appear in public and show how possession loaded with powder and bullets. And the said John Jonas aforesaid, did then and there towit, in the afore- preparations. said field and on the aforesaid day, raise said weapon, towit a Colts revolver, being then and there in his hands, and he did then and there pull the trigger of the aforesaid weapon are independent and self-supportand such action, done while the revolver was pointed at Wil-ing. One teaches dancing and eloliam Smith, caused the powder to explode and drive leaden bullets out of barrel of said weapon so they did strike said William Smith on the body and penetrated into said body at and wish that they could see the a point six inches under the collar bone of said William dresses they make, but more es-Smith. The impact of the bullets and the wounds caused by their penetration did cause said William Smith to fall to the Damages and Costs earth and he did then and there languish in misery and pain for a few minutes after which life fled, he stopped breathing, and was by competent medical authority declared defacing signs, trampling around

That's about the way an indictment has been written in the past and the above is only that part which would describe the actual killing.

If the new bill becomes law, the indictment will simply state that in the opinion of the grand jury "John Jonas are needed to patrol the park to On Monday night, April 13th an important meeting will murdered William Smith" It will give the date and place preserve its beauties for those who

We do not claim to be legal-minded. But we do believe speeches are made and then everybody goes home and for- way, without delay and with a minimum of cost to the tax-

14 FEEDS...all in one tiny thimbleful. 14 good feeds which are there in just the right proportion. There's the story of a real chick starting feed... Purina Startena Chow. A real story because one thimbleful of feed is all one chick can put into its little crop in one day.

Out of this tiny thimbleful a chick must get so much. That's why, the 14 different feeds are there. Cod-liver oil...dried buttermilk...alfalfa flour... granulated meat ... wheat germ meal ... linseed meal .these and eight other feeds are in every thimbleful of Purina Startena Chow...each one with a real job to do. Mixed over and over...960 times...

every thimbleful alike. The 1930 national feed survey of 1,834,513 chicks tells you the kind of a job these thimblefuls do. At six weeks of age, 92 out of every 100 Purina-fed chicks are alive and growing. And they weigh an average of one-fourth of a pound more than other chicks. There's the story for you! The proof that the 14 feeds in Purina Startena Chow (mash or allmash) actually give a chick the many, many things it must get from a thimbleful of feed. Purina Startena Chow is here...ready for you to feed. Call or drop in on us in your first spare moment.

Reduced Electric Lighting Rates

in more than four hundred and fifty Communities and adjoining rural territory served by the Central Illinois Public Service Company

Residence Rates Reduced One Cent (1c) per kilowatt hour on the first step

Rate 1-Electric Service Schedule 9A.

The new residence electric lighting rates will be one cent less per kilowatt hour on the first step of the Company's standard rates on the room basis, with a slight readjustment of the kilowatt hours supplied on the first step and will provide better lighting and energy at the same cost.

Utilize more fully this efficient servant to better your home and provide more leisure hours. Of all your household expenses, Electricity Costs Least. Does Most!

Commercial Lighting Rates Reduced One Cent (1c) per kilowatt hour on first step

Rate 2-Electric Service Schedule 9A.

The new commercial lighting rates will be one cent (1c) less per kilowatt hour on the first step of the Company's standard commercial lighting rates, and will provide a better lighted sign, or more window and store lighting at the same, or little additional cost. Better lighting will double the sales-attraction of your establishment and overcome competition by attracting trade from poorly lighted stores. Remember-well-lighted merchandise is already half-sold!

Rates for Rural Residence Service and Rural Commercial Lighting Service will also be reduced one cent (1c) per kilowatt hour on the first step. On Rural Residence Service there will also be a slight readjustment of the kilowatt hours supplied on the first step. Rate 3—Electric Service Schedule 9A.

The second and third steps of all these rates remain unchanged.

This reduction results in a saving of \$200,000.00 per year to customers, and is made pursuant to this Company's policy of sharing with its customers the combined benefits accruing from increased efficiencies in operation and distribution; and from a larger volume of business resulting from the more intensive use of its lighting service. Similar voluntary reductions were made by this Company throughout all of its territory on August 1, 1927, April 1, 1929, and April 1, 1930.

We Still Need Our Railroads

A Message from L. A. Downs, President. Illínois Central System.

This is a vast country, with long distances to be covered and large areas remote from seacoasts. Railroads are peculiarly fitted to its transportation needs.

Railway service, purchases, employment and taxes have contributed greatly to the upbuilding of the country. These contributions must be continued.

We still need our railroads.

Yet many business men are using other methods of transportation, confident that the railroads will somehow get along and be available when needed.

This is a dangerous idea. No farmer expects to work his horses and feed them only when he wants to work them. Railroads too must live in order to work.

Constructive criticism and suggestions are invited.

Chicago, April 1, 1931.

THE ILLINOIS CENTRAL SYSTEM

This progressive railroad has exerted a large influence upon the development of agriculture, industry, population and wealth in the great Mississippi Valley.

The Robins sing at break of day and when evening comes their happy song, gives cheer unto the gardening throng. The sky's o'ercast, the sun seems shy, while sharp cold winds are sweeping by. The calendar says that Spring is here, the garden seeds are in the ground, but doubting souls still live in fear, that April snowstorms may abound.

The school girls venture to roll their sox but wise parents discourage this early practice by giving them a few socks on that part of the anatomy used in sitting down. The breezes are full of sneezes and rumors of flu and kindred spring ailment still abound. The lambs are frisking in the fields but they bring no joy to their owners for lamb chops and wool too have suffered from the present day debe as follows: The Sunday School be as follows: The Sunday School suffered from the present day debe as follows: The Sunday School be as follows: The Sunday School suffered from the present day debe as follows: The Sunday School suffered from the present day debe as follows: The Sunday School suffered from the present day debe as follows: The Sunday School suffered from the present day debe as follows: The Sunday School suffered from the present day debe as follows: The Sunday School suffered from the present day debe as follows: The Sunday School suffered from the present day debe as follows: The Sunday School suffered from the present day debe as follows: The Sunday School suffered from the present day debe as follows: The Sunday School suffered from the present day debe as follows: The Sunday School suffered from the present day debe as follows: The Sunday School suffered from the present day debe as follows: The Sunday School suffered from the present day debe as follows: The Sunday School suffered from the present day debe as follows: The Sunday School suffered from the present day debe as follows: The Sunday School suffered from the present day debe as follows: The Sunday School suffered from the present day debe as follows: The Sunday School suffered from the present day debe as follows: The Sunday School suffered from the present day debe as follows: The Sunday School suffered from the present day debe as follows: The Sunday School suffered from the present day debe as follows: The Sunday School suffered from the present day debe as follows: The Sunday School suffered from the present day debe as follows: The Sunday School suffered from the present day debe as follows: The Sunday School suffered from the present day debe as follows: The Sunday School suffered from the present day debe as follows: The Sunday School suffered from the present day debe as follows: The Sunday School suffered from the present day debe as follows: The Sunday Scho
