Sullivan Mutual Relief Ass'n Still Under the Old Management

The local relief association that recently changed management was the Moultrie County Mutual Relief Ass'n. (the \$500 Ass'n.)

The Sullivan Mutual Relief Association (the \$1000 Ass'n.) is still under the management of Sullivan people. There has been no change in its management or its policy of conducting business.

This association is in good shape financially. More than 180 new members have joined in the past 60 days.

It affords reliable home protection at a very liberal cost. If you are not now a member you ought to be.

There never was a time when Mutual Relief protection was so important as it is now.

PEVELY MAY QUIT

Rumors abroad have it that the Pevely Dairy Co., Arthur's \$75,-000 milk plant and milk powdering mill, may close before long owing to a disagreement over the price of milk paid farmers here. Milk receipts have been falling off steadily all winter.

Many farmers have intimated that as soon as the new cheese factory is in full operation on the Marner farm southeast of town, they will start selling milk to the cheese plant, as the price paid tor whole milk, is in their estimation higher .- Arthur Graphic Clarion.
