Council Passes Resolution for Gas Plant Fund

St. Louis Engineers Present Feasible Way of Getting Another Municipally Owned Public Utility for This City.

The city of Sullivan may install a gas plant and distribution system. The council has by resolution asked the Federal Government for an NRA loan to finance the proposition if it decides to proceed with the matter.

The J. A. McBride Gas Engineering Corporation of St. Louis is the promoter. A plant and distributing system such as they propose for Sullivan would cost approximately \$65,000. None of this would have to be paid by direct taxation.

The plant would not be of the old type of gas manufacturing plants and tanks. Instead it would be a small unit equipped to manufacture vapor gas out of liquid gas. This liquid gas can be bought by the carload from any of the oil companies. Vapor gas can be manufactured by the city at a cost of not to exceed 41c per 1000 feet.

The distribution system would consist of mains and laterals to all parts of the city where gas is wanted. The city would own the plant and system and sell the gas at a price that would return it a fair profit out of which the original cost would be paid.

The city council has granted the engineering company the privilege of making a canvass of the city to see if enough prospective customers reside here to make a gas plant a profitable and going concern. This firm's interest is in doing the engineering and construction work should the city decide to proceed with the undertaking if the government decides to make the necessary finances available.

Planning For Big Sunday School Day

On the first Sunday in September Rev. and Mrs. Barnett start a new year at the Christian church. They are now away on their vacation.

Superintendent Gerald Elder of the Sunday school is planning a big revival in school interest on that first September Sunday.

He has named Mrs. Carl Hill, Mrs. Howard Wood and Albert Walker as a committee to prepare a program.

Looks Like Penal Farm for Chas. Ray

Charles Ray who was found guilty of wife and child abandonment in the county court Monday and assessed a fine of \$156 and costs, which fine was to be paid to his wife and children at the rate of \$3.00 per week, has been unable to give bond for such performance and prospects are he will go to the penal farm for a 90-day term.

BENJ. JENNINGS HOME: CIVIL SERVICE ACTS

Benjamin Jennings who for the past four months has been an employe at the state penal farm at Vandalia received a "lay-off" notice Saturday.

The notice states that the state civil service commission had ordered four employes discharged last spring re-instated. This puts four Republicans back on the job in place of four Democrats who had been given these jobs.

Mr. Jennings' relief from duty being merely a lay-off, he is hopeful for re-instatement or for transfer to some other institution.

GRADUATES AT ANGOLA

Hewell McFerrin, son of Mayor and Mrs. C. E. McFerrin finished a course in engineering at the Tri-State college in Angola, Indiana Friday and received his degree in chemical and mechanical engineering.

MILLIZEN PROPERTY

A deal has been closed whereby Tom Cummins, local railroad man becomes owner of the Dan Millizen residence property on Jackson street. The place is now occupied by the Ray Isaacs family.

FAMILY PICNIC AND MIXED GOLF TOURNEY

The annual family picnic and chicken supper held by the country club Thursday afternoon and evening was well attended. One of the main features of entertainment was a mixed golf game, which began at 4 p. m. Partners were drawn by numbers, everyone taking part, whether or not they had played this season.

Farmers to Get Premium Prices To Reduce Hogs

Government Announces Plans to Cut Down Hog Supply. Small Hogs and Brood Sows Command Emergency Prices.

The government's emergency hog program went into effect officially in Moultrie County, Wednesday, with the receipt of final instructions and details by Farm Adviser J. H. Hughes from the extension service of the College of Agriculture, University of Illinois.

How big a stake this county has in the program can be judged from the fact that on January 1st there were 26,800 hogs valued at \$123,300 on farms of this county. These figures have been changed somewhat by farrowings and sales since January 1, but they are the most recent ones available.

The emergency program calls for the purchase at premium prices of four million pigs weighing from 25 to 100 pounds and one million sows with a minimum weight of 275 pounds and showing definite evidence that they are to farrow this fall. The purpose of the plan is to stabilize and bolster the price of hogs by reducing the potential supply of pork. The six middle western markets on which the plan became operative Wednesday are Chicago, Omaha, Sioux City, St. Paul, Kansas City and St. Joseph.

The schedule of base point prices to be paid for pigs starts at \$9.50 a hundred pounds for those weighing 25 to 30 pounds. Those weighing 31 to 35 pounds will be bought for \$9.25 a hundred lbs.; 36 to 40 pounds, \$9; 41 to 45 lbs. \$8.75; 46 to 50, \$8.50; 51 to 55, \$8.25; 56 to 60, \$8; 61 to 65, \$7.75; 66 to 70, \$7.50; 71 to 75, \$7.25; 76 to 80, \$7; 81 to 85, \$6.75; 86 to 90, \$6.50; 91 to 95, \$6.25; and 96 to 100, \$6.

The pigs are to be bought on the basis of average weight a lot, but the range in weights between individual pigs in a given lot will be limited to a maximum of 30 lbs.

These base point prices for pigs are to be paid only at Chicago according to the word received by Farm Adviser Hughes. Prices at the five other designated markets will be 40 cents a hundred pounds below the base schedule.

Prices that are paid for sows at all the six markets will be the current price at the market where purchased plus \$4 a head and with out the customary dockage.

The premium prices are to be applicable only to pigs that are in good health and that show normal growth and no body deformities at the time of delivery. Pigs of inferior quality commonly referred to as "range pigs", "razor backs" or "southerns" will be bought at a discount or \$3 a hundred pounds below the base point prices wherever they are marketed.

In making shipments, farmers should use the regular marketing channels and should consign no shipments to the Secretary of Agriculture or his representatives, according to the instructions received here.

All pigs and sows offered for sale at the premium prices will be inspected at the market by regular inspectors of the Bureau of Animal Industry, U. S. Department of Agriculture.

RATHE'S BLACKHAWKS IN KINSEL BOWL

Story of Transport Thrills World's Fair Throgs

The Travel and Transport Building at the southern end of A Century of Progress—the Chicago World's Fair, is the mecca of thousands of visitors daily. Under its unique cable-suspended dome, and throughout its long exhibition halls are hundreds of displays dramatizing the story of man's achievements during the past one hundred years in transporting himself and his goods. All modes of travel are depicted, there being something of interest for everyone. The Travel and Transport Building is one of the many which are free to the public after the 50-cent gate admission is paid.

Closed Bank Pays Another Five Per Cent

New payment Gives Depositors total of 20%; Reported That Attorneys Get Another Big Slice.

Depositors of the Merchants & Farmers State bank can get their third dividend. Five per cent is being paid. Checks are ready and Receiver Gregory asks depositors to call.

The first dividend was 10 per cent; the second one was 5 per cent and this present dividend brings the total paid up to 20 per cent.

Former President J. A. Webb has made settlement with the bank in compliance with the compromise order recently entered in the circuit court.

One big item of expense in the bank's liquidation this far has been for legal fees. It has been learned that Attorney Samuels of Decatur recently was given \$1,200 fee in compensation for services in the Webb case. Other attorneys, associated with him in the case, will doubtless receive a slice of the fee. This is but one of several big fees already paid out of the bank's funds.

The promise of Auditor Barrett at Springfield to secure more economical administration of the affairs of the closed banks seems not to have helped much in the local case. The Receiver and assistant receive a definite salary. Attorneys get whatever the Auditor's office at Springfield approves.

Receiver Gregory says that many of the dividend checks of the first two dividends are still uncalled for. Evidently people have forgotten that they had money in the bank when it closed.

Sam Palmer In Decatur Hospital

Sam Palmer who has been in ill health for some time was taken to the Decatur & Macon county hospital Sunday evening. He is suffering from prostrate gland trouble. No operation has as yet been performed.

STOLEN CAR RECOVERED

Wiletha Miller's car was stolen one night this week, but abandoned, without gas, alongside the road near Dunn Station. Deputy Sheriff Lansden who lives near there saw the car when he came to town the next morning. He took its number. When he got to the office Sheriff Halac Lansden told him about the stolen car. The numbers were the same, so speedy recovery was made.

Supervisors Ask Federal Relief For Co. Paupers

Board Feels That If Uncle Sam Has Money to Hand Out, This County is Entitled to Its Just Share.

The Moultrie County Board of Supervisors in special meeting on Wednesday adopted a resolution providing that application be made to the Illinois Emergency Relief Commission (Federal) for funds to provide relief for residents of the county who are destitute and in necessitous circumstances.

Supervisor Foster of Lovington township had been in correspondence with the Relief Commission and saw a prospect of getting funds for the county, as other counties are doing.

The usual procedure by the commission is to send a representative to investigate the need of relief when request is made. The supervisors instructed Clerk Paul Chipps to write to the Relief Commission and request that advance notice be sent as to when the representative will come here so the entire board can meet with him to discuss the county's relief problems.

Highway Job

Lossan F. Sands of Shelby county filed an application for county superintendent of highways. A number of applications for this office are on file but the board has not yet certified them to the highway department at Springfield for examination. Guy S. Little is still functioning as highway superintendent. His resignation was accepted some time ago, but he will serve until his successor is appointed.

Dance Hall Being Built West of City

H. E. Todd of Tuscola has purchased a 2 1/2 acre tract at the intersection of route 32 and 132, west of this city from Mel Gifford. On this tract he is building a large dance hall. Work on the structure is now under way. Other improvements are contemplated.

GAS MEN HOPEFUL OF DOING BUSINESS HERE

The St. Louis promoters of a local gas plant were again in consultation with the city council on Monday night.

The city dads, without obligating themselves in any way, have given permission to the promoters to make a canvass of the city to see whether there is sufficient demand for the kind of service a gas supply company could furnish.

Farmers Ready To Cut Acreage Sown to Wheat

Indications Are That Moultrie Wheat Growers Will Back The Government's Effort to Solve Important Farm Problems.

About 70 farmers were present in the circuit court room Saturday afternoon to hear Farm Adviser Hughes explain the government's wheat reduction program.

A number of meetings have been held in the county and farmers are signing up the agreements with the government to reduce their average 3-year acreage as much as 20 per cent.

As a return for such co-operation they will be paid about 28c per bushel bonus on a part of their this year's wheat crop.

In determining the average production of the respective counties the federal government based its figures on a five year average. In Moultrie county the average for the past three years is about 94% of the five year average.

In figuring acreage and production on which the bonus is based, the farmer must present figures for the past three years. An average acreage and average production is thus figured which is then scaled down to the 94% five year average.

The government estimates that 54% of the wheat grown in this county is consumed here. It is on this 54% that the government bonus is paid, provided the farmer signs a contract to reduce his acreage 20% below the yearly average that he has grown in the past 3 years.

In order to be entitled to the bonus, the farmer obligates himself to sow at least 20% less acreage, but also obligates himself to sow enough acreage to produce the wheat that the allotment committee may require. The County Allotment Committee is a committee composed of three members of the Wheat Production Control Association in the county. No such association has as yet been organized in Moultrie and consequently the Allotment committee has not been named.

The cash bonus which the farmers will receive for signing the wheat reduction contract with the government will not be more than

Coles Man Helped In E. Nelson Twp.

Since Mattoon unemployed and officials are becoming so radical in their allegations that Moultrie is dumping paupers on them, Supervisor Lane of East Nelson has reported that a North Okaw, Coles county man moved into E. Nelson township last spring. He needed help and was helped. He says his hom: supervisor refused him aid.

PROMINENT PEOPLE GO TO PENITENTIARY

Sheriff and Mrs. Halac Lansden and Mr. and Mrs. Raymond Getz motored to the Southern Illinois penitentiary Thursday to make arrangements for the return to this city of Howard Wilkey whose testimony is wanted in the trial of two men here Monday.

DISTURBED PEACE

Delbert Schoonover ran amuck one night this week and as a result is in the county jail. He was arrested by Sheriff Lansden Wednesday evening on a peace disturbing charge. The whole north end was seething with excitement the other night when Schoonover, armed with a gun, threatened to do some shooting.

BETHANY NRA

Bethany business and professional men had a meeting Wednesday night and organized by electing W. W. Daum chairman and Porter Wilkinson secretary.

NRA Meeting at Court House Friday Night

Organization to be Perfected and Officers Chosen to Direct Activities of New Deal in This Community.

There will be a big NRA meeting here at 7:30 tonight (Friday). It will be held in the circuit court room in the court house.

The object of the meeting is to organize and elect a campaign committee which will be in charge of NRA activities in this community. A chairman and secretary will be elected who will in the future receive all information regarding the NRA. They will be able to advise those seeking information as to how the New Deal will apply to their business.

All business and professional men, NRA members and others interested are urged to attend tonight's meeting. The meeting is being called at the request of Charles F. Horner of the Bureau of Public Relations, Washington, D. C.

NRA activities are just in their infancy. Big developments may be expected and it behooves everybody to remain in close touch with the New Deal.

Monday and Tues. Registration Dates

The preliminary work to reopening the Sullivan Township High school for the fall term is proceeding with the usual dispatch, although the fact that there is one vacancy on the teaching staff is delaying things somewhat. Miss Irene Dickson resigned as English teacher, and the board has not yet filled this vacancy.

Principal Scheer announces that Monday and Tuesday, August 28th and 29th will be registration days at the high school for all students who did not register last spring; also for Freshmen and for those who plan to change their schedule. All such students can register between the hours of 9 a. m. and 4 p. m. on the above-named dates.

Assessed Values Show An Increase

The Moultrie county board of review of assessments has completed its work and final figures show a substantial increase as compared to last year.

The increase is entirely in the personal property assessments where \$126,083 more is now on the assessors books than last year.

In reviewing real estate assessments one few adjustments in reductions and increases were made so that the total shows a \$665 decrease.

Total assessments on lands, lots and improvements last year was \$10,009,090. This years it is \$10,003,425.

The board reports that complaints this year were not as numerous as last year.

The personal property assessments by townships for 1933 as compared to 1932 are as follows:

Personal Property		
	1933	1932
Lowe	196,200	195,080
Whitley	138,625	128,082
E. Nelson	99,340	67,385
Dora	82,835	83,655
Marrowbone	172,320	166,870
J. Creek	109,818	105,310
Lovington	212,533	177,055
Sullivan	321,785	283,896
Totals	1,333,456	1,207,373
	1933 increase \$126,083.

Voicing A Democratic Grievance.

No newspaper management in Illinois has greater faith in the good intent of the Horner government at Springfield than has that of The Progress.

We take second place to none in loyalty to the Democratic principles of efficient and more economic government. We heartily approve every move that the Governor has made to cut down expenses.

We can sympathize with him in his efforts to legislate funds for relief and his efforts to bring the state out from under the burden of debt where his predecessors in office had almost buried it.

We have never gone to Springfield to beg personal favors from the administration. We have never asked for any appointment or anything for ourself. We do however claim the right to applaud and the right to criticize.

In this editorial we choose to criticize. The Horner administration is not playing fair with the party workers who helped place it in power.

Ever since that day last January when Henry Horner was inaugurated governor there has been a practice of evasion and buck-passing which is finally resulting in a feeling of deep disgust within the party and predictions are freely made that the Horner administration will be succeeded in 1937 by an old-line Republican spoils outfit.

Though eight months have passed since Henry Horner took office, the state payroll is still cluttered up with Republicans of the most pernicious and offensive political kind, who, while they fawn and seek to curry favor with the Horner bosses, are nevertheless working incessantly to undermine the success of the administration. They are not co-operating. They never will co-operate. They are fearful of losing their jobs and are conniving to oust the Horner administration by 1937 so that friends can again be put into power and the old time looting and easy graft can again hold sway.

Democrats are charging bad faith on the part of Governor Horner. During his campaign he promised jobs to Democrats. In this county this promise was made. Democrats were led to believe, that while the new administration would cut out many useless jobs, those that remained would go to Democrats.

The Republicans during their many years at Springfield built up a protective system for their employees, which is known as "Civil Service." While great merit is claimed for this system, everybody who knows anything about politics and public service know that its main object is to keep in office the henchmen and appointees of a defeated party.

Where Republican administrations replace those of Democrats, ways are speedily and easily found to so change Civil Service administration as to pry loose the Democrat payroll and throw them out on their ear. Democrats in charge at Springfield, either through inefficiency and inexperience in political procedure or to keep the Republicans friendly, have done nothing to combat the sinister and evil influences of the Civil Service sort of political brigandage. Thousands of Republicans, unfriendly to Gov. Horner and the rest of the Democratic administration, are still in office.

But aside from Civil Service, there are many other jobs still held by Republicans which Democrats had a right to expect.

The patronage situation at Springfield has been a shame to the Democratic party and a joy to Republicans. The so-called "Fact Finding Committee" was more or less of a joke. County committees were assured that only through endorsement by this committee could appointments be secured. Then there were other patronage committees, administrative auditors and similar buck-passing make-shifts. Applicants for jobs have been kidded around and sent scurrying back and forth from one office to another, until a cloud of supreme disgust is enveloping the Democracy of the state.

Democrat applicants will keep buzzing around the executive offices in Springfield while Republicans are sucking the teat of public office. They are wearing out their shoe soles marching from one office to another in the hope that somehow, somewhere, a final decision will be given on their applications. We know of men who for eight months have

been fooled along and kept hoping that their claims for recognition as party workers would eventually bring them into jobs.

From a standpoint of party good, and state good, we have never seen anything so garbled up and handled to cause so much ill-feeling as has this Democratic patronage distribution.

We have stated before and repeat the statement here that Moultrie county has fared rather well in patronage. But for every one person put on the payroll, there are two more who have been kidded along at Springfield with half promises that some time, sooner or later, they would get what they want.

If the Horner administration had promptly replaced Republicans with Democrats, in fulfillment of campaign promises, and then told the rest of the applicants that jobs were filled and nothing doing at this time, it would have retained the respect and allegiance of many office-seekers who today are nursing grouches and threatening dire things in the party's political future.

—and we firmly believe that the rank and file of the Republican party will agree with us in the sentiment here-in expressed. Republicans voted for Henry Horner last November, not in the hope of retaining Republicans in state jobs, but rather to turn the state over to the Democrats for a thorough housecleaning.

Maybe She Was Right.

Sitting in a tent at Springfield Sunday afternoon, we watched the people going by. It was a tent in which an implement manufacturer had his display. Right back of where we sat was a tractor-hitch 4-row corn planter. All of this was at the State Fair, of course.

Among the crowd strolling along was a group of Jewish origin. They stopped and sized up the planter: "And now, canya tell me what is that?" said a big Jewish Mamma. "Vy Mamma that is a 4-row corn planter. It plants 4 rows of corn at one time" explained one of the men.

"Huh" said this daughter of Israel, "And that's what is wrong with this country. Making bigger and better machinery to cheat men out of their jobs and their ways of making a living."

Making Investments Safe.

Buying speculative stocks is gambling. People have gotten rich that way. It has also been the way to the poor-house for many.

For many years the big Insull interests offered investors stocks, apparently sound. But they were speculative nevertheless. Sam Insull blew up financially and those who had bought his stocks and securities lost their money. Indignation was so great that Insull fled to Greece. He is still there. He says "Americans are poor sports."

We agree with him, partly. Those who dealt in Insull stocks as a matter of speculation are poor sports when they moan about their loss. Many thousands did not buy, however, as a matter of speculation, but rather as a matter of investment. They are not poor sports, but just poor dupes.

If the present Democratic administration does nothing more than protect innocent investors from designing financial racketeers, it will have accomplished something very much worth while.

GREEN BEANS

H. S. Butler

Although our crops have faded
And we've not even greens,
I find in many gardens
Large quantities of beans.
Some bean vines stood the dry
spell
And when the showers came,
The blossoms started growing
And the bean pods did the same.

If you want something toothsome
Something that's fine to eat,
Just cook a pot of string-beans
With pork or other meat.

And if you don't like the dish
(Don't praise it as you should),
I'll begin to wonder then
If you know what is good.

For there's surely nothing better
Prepared by any means,
Than a dinner that is featured
By a dish of tender beans.

Then if your garden's wilted
So most of it careens,
You've still not made a failure
If you have raised some beans.

HITTIN 'EM UP

Friday evening last week Judge O. F. Cochran and Dr. Johnson played a few holes of golf. Judge Oscar started with a 5 and kept getting better. At the 4th hole his score was 5-4-3-2. Taking off 1 stroke a hole he ought to have had a hole-in-one on number 5, but he took a par 4 instead. Number 6 was par 4, but 7 required a five. With par on 8 and 9, he finished the game in par 35. Dr. Johnson got so excited seeing this kind of golf that he forgot to hit his own ball. If he ever pars the course, he is planning on a tour of triumph to his old native country of Kentucky where he will make speeches and be a famous guest at large gatherings, called to honor a native son who made good.

Kirksville Contract To Be Let Sept. 1st.

The hard road committee of the board of supervisors in meeting here Saturday decided to let contract for the Kirksville hard road on September 9th. The Progress last week stated that contact was to be let September 2nd, but it was found that this would not permit of the necessary publicity and preliminary legal arrangements.

This road will be built out of the money Moultrie county gets from the state in gas tax refunds. Enough will be available to pay for the Kirksville job.

Bethany Road

The Federal government is giving Illinois over \$17,000,000 to be used in road building. Each county will have an opportunity to get a share of this.

In the hope that Moultrie county may get some of this road money, steps are under way for a survey of the Bethany road from that city west to connect with Route 169. A big bridge will have to be built on this route a short distance west of Bethany.

Whether or not this road is built will depend on what Federal aid can be secured to finance the job.

Ray to Pay \$3.00 Weekly, Court Rules

Charles Ray will have to pay \$3 per week toward the support of his wife and children for a period of one year, or go to the state penal farm for 90 days.

Ray who has been living in Sullivan for some months was tried on charges preferred by his wife, who lives in Cadwell. There are 7 small children in the family. Testimony showed that Ray was paying nothing toward his family's support but that Jonathan Creek township was allowing them \$4.00 per week for groceries. Red Cross and other charitable agencies have given the family clothing.

The case was heard by Judge Ledbetter in the county court on Tuesday morning. States Attorney Martin appeared for the state and Judge Cochran for the defendant. Besides the \$3.00 fine which is to be paid as above stated at the rate of \$3.00 per week, Ray is also assessed the costs of the court proceeding.

Brandy Sauce

We can't say that we object to girls smoking cigarettes: What we dislike about the matter is that they look so awkward and silly while doing it.

One of our friends says: "I'm a deep thinker. The only trouble is that when I get myself set comfortably to do some deep thinking, I always fall asleep."

A few years ago when the small town boy came driving home from the big city in a big prosperous looking car, it was generally understood that he was a successful bootlegger. That's something else where we'll have to readjust our opinions.

Secretary Wallace's plan for birth control among pigs by killing off the Mamma hogs, has some of the advocates of human birth control worried. How far will this NRA business go?

Ben Blackwell was telling war stories. "One fellow" said he "had lost an arm in service. General Grant heard of it and gave him a medal. One day he saw the General and asked him "General what would you have given me if I had lost both arms?" to which Grant replied "the finest medal Uncle Sam has to give."

"And would you believe me" said Uncle Ben, "that brave man grabbed his sword and unhesitatingly cut off his other arm."

"I've broken the lenses in my glasses" said a worried looking girl. "Tell me Doctor do I have to be examined all over again for new ones?"

"No, no, my dear girl," replied the Doctor, "only your eyes."

"Oh dear, Oh dear" wailed Susie Poke of Possum Trot. "Ain't it awful what a girl's got to do to be stylish; now I gotta find me some fleas or cooties."

"Why you dum silly!" exclaimed her ma, "and why that?"

"Well the beauty parlor girl in town says my hair will never be pretty till I get some life in it."

In dear old Chicago they murdered "only 328" people in 1932. It is awful how business has dropped off. In 1931 they murdered 344.

One of Sullivan's bachelors says "It may be bad enough to be disappointed in love, but it wears off more quickly than being disappointed in marriage."

A paper of 30 years ago contains a marriage license that brings to mind a good story. In those days a prominent Bethany youth went courting. Not having an automobile, he would ride horseback. One day while visiting at the home of his sweetie, he decided to take the horse out to let it graze along the roadside. He felt sleepy. There was no place to tie the horse, so he looped the tie rope around his foot, reclined comfortably and went to sleep. A train on the C & E I tracks frightened the horse and he ran away. 'Tis said the young man was so incapacitated, that he had to sit on cushions several weeks.

A pessimist is a guy to whom work is a hardship; an optimist is a man who finds work a pleasure.

It is the dubs who play around 100, who make golf courses possible. Isn't it nice that the Lord made so many of them!

Earl Walker says: "If you see something like a chicken-hawk soaring around way up in the air, don't shoot. I recently bought myself a small-size airplane."

The fellow who is always afraid that he will not be given proper credit for his community activities is a dead weight around the neck of the real boosters.

You'd be surprised at some of the stories we are asked to print in this column. Some folks just haven't any sense of decency.

Two things help a man's business wonderfully—advertising and a smile. The first always pays big dividends on investment and the second only requires an effort.

Most of these "hard boiled eggs" are yellow inside.

We contend that it is a shame that Sullivan folks with a nice park in which to do their after-dark courting, go and raise a ruckus around the cemetery.

A fellow went into a meat market: "I want to pay for the three fish I got yesterday." "Three? Why there was only two." "I said three. There was two catfish and one smelt." —Exchange.

Married men who talk in their sleep ought never monkey around with their neighbors' wives.

Irene Dixon Bride Of Wisconsin Man

In a simple ceremony which took place at four o'clock Saturday afternoon in the First Methodist church, Kenosha, Wisconsin, Miss Irene Dixon, daughter of Frank Dixon of Salem, Wisconsin, became the bride of Phillip Stockwell, son of Mr. and Mrs. P. K. Stockwell of Salem, Wisconsin.

Gladiolas and palms decorated the altar of the church. In the presence of a number of relatives and friends, the ceremony was performed by Dr. Burton Shepard, pastor of the church, and formerly pastor of the First Methodist church of Janesville, Wis.

The bride, who was given in marriage by her father, wore a floor length gown of white mousseline-de-soie with a white picture hat and white slippers. She carried a bouquet of yellow roses and baby's breath.

Her bridesmaid, Miss Marie Bezold of Escanaba, Michigan, wore yellow mousseline de soie and carried a bouque of yellow roses and blue larkspur.

Ralph Keene of Janesville, Wisconsin, friend of the groom was best man.

Following the ceremony, dinner was served at the Dayton hotel for the bridal party, after which the couple left for a short trip. On their return they will make their home at Janesville.

The bride who has made her home with Mr. and Mrs. Henry Rhodes of Burlington, Wisconsin, attended Beloit College and was graduated from the University of Wisconsin in 1926. For the past five years she has taught in the high school at Sullivan.

The groom is associated with the Rock County Auto company of Janesville, Wisconsin.

WHISPERING ROCK

by JOHN LEBAR

(Continued from last week)

By mid-afternoon of the next day Ruth could hardly stand. Add morning, and for three hours since lunch she and Ann had been cleaning out the two rooms in the old adobe.

In spite of Ruth's exhaustion she had done very little actual work. Of the entire two floors she was only able to scrape an area which might have been covered by the ranch bathtub before the palms of her very white hands developed puffy red mounds, extremely tender. The hoe in Ann's huge hands ripped up long scrolls of earth untruly.

Much might be said for Ruth's bravery in attempting to do any work whatever, but as a matter of plain fact she was afraid to do anything else. That morning at breakfast she had asked if Ann could help her, and Snavelly had replied, "I reckon she can, if you need help."

All day this reply had rankled. She told herself that Ann was merely a servant employed on the ranch and that Snavelly's interest in the ranch was only one-quarter. Yet, while this was in some ways a comforting reflection, it could not put from her mind those pale, jerking eyes.

Warren and David were spending the day under a great live oak which stood on the western bank of the gulch and was visible from the doorway of the old adobe. It was a beautiful tree, its wealth of shade made even more inviting by the cool green of its leaves. Warren lay back in a canvas chair, lazily improving on his guitar. Little David was tremendously busy making things with the small acorns which covered the shaded ground.

Often Ruth glanced toward the oak tree, and once she had gone part way over and shouted to Warren to watch out for snakes. She returned to the adobe reluctantly. She rather felt that she also should be under that tree.

Anyway, the adobe looked quite clean and pleasant compared with its appearance the evening before. Only last evening? Ruth could hardly believe that she had not yet been twenty-four hours on the ranch; it seemed a month. Well, the cleaning was over. She supposed that a storm would come in a few days and the whole place would fall down. In such an event she could imagine Snavelly suggesting that she move her family into the barn—after cleaning it out.

Since rising that morning, she had wondered constantly what Snavelly had been doing the night before. But she had not gone to the bushes to investigate, she had not mentioned the incident to her husband, and she had not the remotest intention of asking Snavelly. And, just as she told herself that the voice in the gulch was an echo, she told herself that Snavelly was probably attending to some neglected ranch chore—well, such as putting something away in a

box which made a clank when the lid was dropped.

Ruth did not know what she thought about Ann. The giants both fascinated and frightened her. She was fascinated by the skill with which Ann drove nails and she was frightened when the woman bent her back and tossed aside a huge chunk of fallen adobe which partially obstructed the doorway, as though the heavy earth were cork. It was hard to think of the giantess as a woman; her enormous strength and size were so foreign to the girl's idea of femininity. And always Ann was aware of the little dog—Ruth felt that but for her presence Ann and Sugarfoot would have carried on a continuous conversation. Several times Ruth had tried to start friendly talk with Ann but with no success. The giantess had not once smiled; she did her work like a relentless machine, but a machine with thoughts of its own.

From the corner of her eye she saw Ann loading trash on a pile near the door into a wheelbarrow. She stepped to the threshold and asked casually, "What in the world shall we do with all that stuff, Ann? It won't burn; that's certain."

Ann grunted and lifted the wheelbarrow. Ruth fell into step beside her as the giantess wheeled her load toward the clump of bushes beyond the woodpile. "You know, Ann, we ought to have a regular place for putting trash—something out of sight where we could put things we didn't want to see any more."

Ann said nothing. "I've often wished I had a place where I could put things I've done that I shouldn't have done." The haughty cast of Ann's features softened; she looked into the girl's eyes and nodded slightly.

Inside the encircling fringe of underbrush a half dozen sun-bleached planks lay upon the ground. Ann turned back the nearest of these disclosing a black hole. She tipped the wheelbarrow and the trash slid from sight. Ruth caught her breath without knowing why—there was something weird in the silent way that load disappeared—perhaps there was water in the hole, very close to the top. Ruth took a step forward just as a sudden roar of sound belched forth from the blackness. She screamed—the trash had just struck bottom.

Ann looked at her. "It ain't nothin'—jes, an ol' well we throw stuff into."

"How—how deep is it?" "Way deep—a hundred feet, I reckon. The folks what built the 'dobe digged it years ago. But they never found no water jes hereabouts."

The girl shivered. Something in Ann's face caused her to turn quickly—Snavelly was coming through the bushes. His pale eyes glinted dangerously.

"Now, Ann," he spoke in a

high voice—"I think you'd better be tendin' to the milkin'! You best finish with the cleanin' to-morrow. We got to butcher this even' too."

Ann left at once. After a moment in which he stood as though half stupefied, Snavelly smiled at the girl. "Ann'd rather do most anything than milk—seems to me. She don't know how lucky she is to have somethin' to milk—it ain't every cattle ranch that's got a milk cow." As he was speaking he walked away from the well and Ruth followed. "I got that Jersey fo milk, solely for milk—traded a long yearlin' beef for her to a Mexican who was goin' to slaughter her. Besides," he smiled again and stopped beyond the bushes, "We've got good milk for our victuals."

"Oh, I see. It seems like good business to have a milk cow, then. Mr. Snavelly, about that well, I—" "You're dead right it's a good business. I told Grey that when we first started up. While he was puttin' in a new windmill, and the tank, and the cement water troughs I looks around and got hold of that Jersey—she's already paid for herself in the poor little weak calves she's nursed."

They were passing the woodpile and Snavelly stooped to pick up the ax. "I come up here fo this—me and Ann're goin' to butcher. We need meat. Can't keep it more'n a couple of days in this weather, but Ann'll jerk a lot of it. But we will have fresh meat for supper." He smiled. "Don't reckon you ever had a chance to eat beef a half hour after it was killed. You want to come down to the coral and watch us butcher?"

"No—no, thank you. Mr. Snavelly, please fence that horrible well! I won't let David out of my sight until you do. And when you begin I'll get him out of the way—I don't want him to know about it or be curious. He must never go into those bushes. You'll fence it right away, won't you? Please?"

Snavelly nodded. "That's a good idea, Mr. Warren. I'll attend to it myself tomorrow—we never expected to have kids on the place and just throwed loose boards over it to keep the stock out. But I'll fence it sure."

"Make a very strong fence—one David can't get through or over. Couldn't you use boards? These barbed wire fences look so insecure."

Something terrible flashed into Snavelly's face. "Barbed wire"—he spat the words—"ain't goin' to be used for nothin' on this place! What wire is here can stay but by God I ain't never touched it an' I ain't never going to!"

"Well—I'm glad you will use boards, Mr. Snavelly," said Ruth uncertainly, and left him. That evening when the girl and her family went into the ranch house for supper, they were sorry to see that Ann had a long cut on her cheek. Snavelly explained that she had done it on the catch of the kitchen cupboard.

Stairs Made Her Gasp For Breath

Penalty of Excess Fat

Although she has lost but 7 lbs of her overweight, this woman finds that 7 lbs. has made a remarkable difference to her.

Her letter reads: "I am 53 years old and my height is 5 ft. Last year I weighed 154 lbs. I have been taking a half teaspoonful of Kruschen Salts, making no change in my diet. Now I am less round the hips, and only weigh 147 lbs. dressed. But I feel lighter and can now run upstairs, which before used to make me gasp for breath. Everyone says how well and fit I look."—(Miss) J. H.

Kruschen is an ideal blend of 6 separate salts which help body organs to function properly and maintain a splendid degree of health—it builds up energy and strength while you're reducing to normal weight. Get Kruschen Salts at any live druggist in the world—a jar lasts 4 weeks and costs not more than 85 cents. Adv.

FARMERS READY TO CUT ACREAGE SOWN TO WHEAT

(Continued from page 1)

30c and not less than 28c. Of this amount 20c will be paid in September of this year and the other 8 per cent will be paid about June 1st of next year and will be determined on whether or not the farmer has lived up to his contract.

Many landlord-tenant problems enter into this wheat plan. Also where farmers have not sown wheat each year for the past three years adjustments are required. Farmers who had no wheat this year will have no crop on which to get a bonus payment.

At the meetings which have been held throughout the county much interest is being manifested by the farmers and many of the vexing obstacles are being explained away.

One thing not generally understood is that the bonus which is paid the farmer for agreeing to reduce acreage 20 per cent, provides that the land so retired from wheat production shall not be planted to other crops that will be thrown on the market. This acreage may be used as follows: Summer fallowed; planted to soil-improving or erosion-preventing crops, or to food crops for home consumption on the farm, or to feed crops for the production of livestock for home consumption or use on this farm.

Another important factor is that it is not compulsory for farmers to sign the agreement. If they desire, they can go ahead and raise all the wheat they want to. Signing the contract is a voluntary action designed to assist the government in solving the farmers problems so as to assure that what farmers do raise will bring them a fair price.

Other moves inaugurated to assist farmers are the Hog Reduction program which is explained elsewhere in this issue and a Corn Reduction program, details of which have not yet been announced.

WHAT'S THIS?

Some of Freddy—Kirkendall's friends were in Mattoon Tuesday and saw him in jail. "Whatcher in fer?" one asked him.

"Bitin' off a baby's arm" was Freddy's reply.

We have seen no report of such bloodthirsty atrocity in the Mattoon paper and suppose Freddy did not stick to the truth. It's bad enough to have all this kidnapping without fellows like Freddy taking to kidding.

Fultz Reunion

About one hundred members and friends of the Fultz family held their annual reunion in Wyman park Sunday.

The lovely day was enjoyed by those present. Those from a distance were W. C. Wilkins, Mr. and Mrs. Guy Sutton, Luther Jackson of Greenfield, Indiana; Rev. and Mrs. Brady of near Windsor; Rec. and Mrs. J. F. Pease and family of Tower Hill; Rev. Katie Burks and mother of Decatur, Harry Fultz of Villa Grove, Herschel Reedy and family of Beryan, Rev. Leach of Bloomington, Ind. Other guests were from Sullivan and adjoining community.

A bountiful dinner was spread at the noon hour and the family visit continued followed by a business meeting at which the officers for the coming year were elected as follows:

President—Luther Marble, Sullivan.

Secretary—T. H. Carter, Sullivan.

The retiring president and secretary, Eva Dunscomb and Ola Reedy are compiling the Fultz family tree and are expecting to have it ready by the next reunion, second Sunday in August.

At the close of the reunion all sang, "God Be With You Till We Meet Again."

KERCHEVAL FINED \$50 FOR ASSAULTING WOMAN

William Kercheval, Sullivan man who was arrested for assaulting Mrs. Lucinda Scott of Mattoon in that city, pleaded guilty before Police Magistrate Swank. A fine of \$50 and costs, amounting to \$55.90 was assessed. Kercheval is to be taken to the Coles county jail to "lay out" the assessment.

He is said to have choked and beaten Mrs. Scott because she attempted to chastise a child of Kercheval, which she is rearing in her home.

—Charles Patterson and daughter Miss Mamie entertained the following guests to dinner at their home Sunday: Mrs. Lillian Shepard, a cousin of Charlottesville, Va., Mrs. Hettie Ellis and Mr. and Mrs. O. J. Gauger.

Browns Nip Taylorville 4 to 3; Lovington Crushes Sullivan Indies 14-1

Genster Allows But 3 Hits, But Wildness Proves Fatal

(By Jim Scott)

Operating like a cult of efficiency experts the eccentric Sullivan Browns closed their current 4-game losing streak last Sunday by means of some astringent economical practices. For the past several weeks they have been dieting on an average 4-hit ration but last Sabbath Johnny Genster of Taylorville set them down with but 3 bingles and yet from this niggardly material they produced enough runs to repulse the Miners by a 4 to 3 score. Thanks to fates, the locals, with a record of 2 wins out of 6, have now evacuated the Illini basement. Incidentally their other triumph came at the expense of this same Taylorville nine.

Johnny Genster, a frail little flogger, although quite stingy with his hits was given to spurges of wildness. He issued 4 passes and hit 3 batsmen. These spasmodic outbreaks combined with 5 infield errors to prove his undoing. Johnny was possessed with a sweeping roundhouse curve which, strangely enough, failed to eke out a single strikeout from the feeble Brownie ranks.

Franky Jennings, who is nearly Genster's duplicate in stature, fanned eight visitors, all coming at more or less crucial moments. Off to a bad start he steadied and at the finish had the visiting forces completely at his mercy. Jim Grant the club's ranking slugger, was particularly well cowed.

Taylorville's swanky second base combination, composed of Swagger and Fossoero, was functioning to perfection and for six chapters their valiant defensive antics loomed as the instrument which would tack on the Brownies weekly misfortune.

We shall not rehash the details of the Brownies' pathetic plate-work. While most of the stickmen were washouts there were a few who may be labeled as complete busts. Monte Blue and Fritz Poland continued in their batting slump but their exploits afield made amends for the offensive impotency.

Manager Sammykin Bolin in re-decorating his outfield landscape inserted more of that horizon-like color by assigning Carl Blue to the right field layout. Carl showed faint symptoms of brother Monte's fielding genius but unlike his ill b'ever seemed much better acquainted with the first base sack. All told he went abroad three times—twice on walks and once when hit. Shades of "Shoelace" Joe Jackson crept over the diamond as Carl, on gaining first, immediately dispensed with his cleated sandals.

Jennings was exceedingly jittery in the inaugural frame, erring twice and giving up a pair of singles which harvested Taylorville's first two counters. Swagger pushed off with a drive into right. Fossoero bounced to Jennings who arched the ball over Rozene's head and the two runners moved up a notch. Van Ausdall ripped a single through short to send home the two tallies.

With two embalmers in the latter half of the frame the Browns launched a sally which grew into a one-run dividend. Jennings drew a life when Simaley's throw pulled Grant off the bag. Renshaw's meaty thigh was massaged by one of Genster's wild heaves. Jennings idled down to second and then tore homeward when dapper Jimmy Ward cracked one out over third.

IS IT GOOD?

When we moved to Sullivan about a year ago, we shopped around for a time on bread. We found one kind that was always good—always satisfactory. The Sullivan Bakery makes it. It is a home product. You can get it at all grocers, if you ask for it.

All Sullivan Bakery goods is fine. Try it. When we live in a city we believe in patronizing that city's industries. That's good sense, isn't it?
—NEWCOMER

Griffith opened Sullivan's half of the third with a bouncer to Genster and was safe when Grant dropped the throw to first. Jennings outraced an infield roller for the hosts' second blow of the evening but Renshaw, Ward and Rozene failed to fall in line with the suggestion.

Despite Jennings' trio of strikeouts the Miners stretched their advantage to 3 to 1 in the sixth. Griffith made a diving bare-handed stab at Archie Van Ausdall's line single but could not hold it. Archie journeyed to third when Griffith pegged badly to second. Parrish whiffed but Grant grounded to Griffith and Van Ausdall scored when Renshaw dropped the youngsters perfect peg to the plate. Passoni and Genster followed with three futile swings.

After being set down in order in the fifth and sixth the Browns fell heir to Genster's seventh inning wildness from which they realized two markers and a 3 all tie. Carl Blue started the rumpus when one of Genster's serves bounced off his body. Carl paused at first to remove his foot wear and then with muffled tread arrived safely at second when Swagger neglected to touch the bag before starting a proposed double play which erased Fritz Poland at first. After Griffith had been retired Jennings drew a base on balls and both he and Blue scored when Grant muffed Swagger's toss to first.

The winning run, produced in the eighth, was the direct result of the efforts of handsome, dark-eyed Bud Carter who came thru with a long-hit—his first since affiliating with the Browns. With one away Bud belted a scorcher to right which took a bad hop past Babich and went for a three baser. Carter raced over the pan a moment later when Van Ausdall uncorked a wild throw to third.

The ninth forcing pinch batsmen Jimmy Serra and Swagger, and Simaley to pop freely to the infielders.

Checking Up On Sports

by Jack Adams

The Washington Senators seem to have a safe lead in that American League race. The New York Yankees don't seem to be able to get going again.

Europe is having an opportunity to see what an all-star American track and field team can do. In Budapest the other day the Americans equalled three world's marks and won eight of nine events.

The English professional, Alf Perry, scored an odd "hole-in-one" that was almost a birdie driving off from the 13th tee in the German open championship at Badens, Germany, the other day. Perry sliced his ball into a bird's nest. But the fledglings had flown and the only damage done was a 6 to Perry's card.

Lou Gehrig, New York Yankee first baseman, established a new major league record for playing in consecutive games, in a game against the St. Louis Browns in St. Louis the other day. Everett Scott, former Red Sox and Yankee infielder, who starred in 1307 straight games before age forced him out, was invited by the St. Louis management to attend the game.

If Jack Crawford succeeds in winning the American tennis title next month at Forest Hills, New York, he will be just about the

Middleweight Champion

Lou Brouillard, French-Canadian who makes his home at Worcester, Mass., is the new middleweight boxing champion of the world. He knocked out Ben Jeby of New York in the 7th round at New York last week.

Monticello Lost 54 To 6 In Golf

Sullivan golfers easily defeated Monticello here Thursday afternoon of last week. The visitors brought more players than the home club could match. Final score was Sullivan 54, Monticello 6.

Home players failed to turn in scores as low as in previous games. Bill Gardner and O. F. Cochran who each shot a par 35 on the second nine holes were the home boys' pride.

Scores by foursome were:

Few More Golfers Fall by Wayside

The golf championship is running along true to predictions. Paul Hankla defeated Ray Getz and next meets Leo Horn.

Carl Hill got the best of Doc Lawson and meets a terrific antagonist in Stonewall Johnson. Unless Leo Horn upsets the dope this will result in Hankla vs. Hill in the semi-finals.

Bill Gardner and Bill Davenport both championship timber, are flirting around with their match and have not yet tackled the serious business. The winner of this match will then have to meet Gerald Elder face to face and that's something to worry about. The fellow who emerges out of this set-up will then tackle the winner of the lower frame where Gay Fleming is lying patiently in wait for the winner of the Hudson vs. McCornie match.

In handicap tourney the only really important event of the week happened when Banker Getz beat Doctor Butler. Getz with a 16 handicap next tackles Carl Hill with an 18.

Archie Van Ausdall, Taylorville's crack catcher, will enroll at Millikin university this fall. Goldman, Archie's fellow townsman, will also be back and together these two assure little Leo of at least a decent cage team. After starting in high school Van Ausdall attended the U. of I for one year. That was several years ago but the tall boy has kept in ideal physical condition by playing independent basketball each winter.

Eva Coleman, a cashier in a London hotel, plans to tackle the English Channel this month to give England the women's record now held by Gertrude Ederle, of New York.

Mrs. Oliver C. Grinnell of New York for twenty hours from shortly after 9 o'clock one Thursday morning until just after 5 o'clock Friday morning, battled a 450-pound broadbill swordfish. Mrs. Grinnell turned her rod over to her captain, Wally Baker, after ten hours of battling. The fish was landed at the end of 20 hours. And all almost within shouting distance of New York.

Last Week's Results
Sullivan 4; Taylorville 3.
Dalton 8; Macon 6.
Mattoon forfeited to Elwin.

Sunday's Docket
Sullivan at Mattoon.
Elwin at Macon.
Taylorville at Dalton City.

Last Saturday Mattoon notified Elwin that they would not be able to play their scheduled Sunday afternoon game due to the fact that several of their players were not available. The contest cannot be played off through the medium of a double header as the two clubs do not meet again this season. Naturally Mattoon must forfeit. Other clubs have been forced to play when not at full strength, haven't they Sammy?

Who are the outstanding players of the Illini league? Starting with this issue this column will carry the all-star teams as selected by the loop's six managers. This week we present a mythical aggregation which Taylorville's pilot Parrish believes to be the cream of the crop. It follows:

1b—Grant, Taylorville.
2b—Hennings, Mattoon.
ss—Fossoero, Taylorville.
3b—Joe Toth, Dalton.
cf—Celasko, Elwin.
cf—Boyle, Mattoon.
cf—Lancaster, Macon.
c—Van Ausdall, Taylorville.
p—Duncan, Mattoon.
p—Kinsel, Dalton.

Although Dalton City easily snared the first half banner and is a heavy favorite in the playoff still we do not expect to see a single all-star selection which contains more than two Halmen. (Exception, of course, must be made for Shorty Hale's choices when asked for his all-league team the plump barber will probably hand us the Dalton City batting order!)

It is a veritable fact that Hale has some 15 performers any one of which may be without a peer in this particular organization. Unfortunately only nine can see service at one time and players who function only every other Sunday could scarcely be considered all-star timber.

Hale's latest slinging importation is Mr. Deitz of Shelbyville who has several well-pitched south Central victories on his belt.

Dalton will lose probably the best fielding second sacker in the loop this week when Jay Dickson returns to his teaching post at a high school near the southern tip of the state.

Sammy "Little Corporal" Bolin will soon be an insomnia victim if his reticent Brownies do not start clicking at the plate. At night Sammy bolts upright in his bed, starry eyed as an apparition of descending figures floats over Tenny's head. Don't get us wrong on the figures—they represent the Brown's hits during the second half campaign. Notice their weekly depreciation:

Against Taylorville 7.
Against Mattoon 5.
Against Elwin 4.
Against Macon 4.
Against Dalton 3.
Against Taylorville 3.

Some one has come forward with the suggestion that Sammy place Monte Blue in center from which sector he can patrol the entire outfield. The other two fielders could then be placed to the left and right of second which would just about make the infield immune to ground singles.

Pete McDavid and Bill Dwyer are back in town after a summer of hard labor at the Owens Glass factory in Alton. According to Dwyer the University officials have refused to accept one of his credits and now the gallopin half must submit to an entrance exam-

ination. However Bill is not over zealous about entering Illinois and rather than dicker around with a stern registrar he would just as soon cast his lot with other institutions which would more than welcome his services. Such a school is North Carolina State which is now favored by Ray Rex and several other central Illinix greats.

Bill and Pete, as you know, have been working in cahoots with other budding Illini gridsters. Among other things they tell us—Henry of Benton is matriculating at the State U. . . Cook, Springfield's all-state grid and cage luminary, was the best finger on the factory nine. . . For such a highly-touted athlete Bob is sadly devoid of the usual accompanying muscle. . . Two Sophs, Antilla and Fisher of Wyoming, both have an edge on Lincoln's Frank Froscauer.

The Bethany Merchants are continually embarrassing Mattoon diamond representatives. Last Sunday they administered a 14 to 0 spanking to the Thunderbolts of that place. Glenn Harding did the Bethany serving and limited the visitors to 4 safeties. He also contributed a triple and a single to their 12 hit attack. Dalton's Blackard was again in the leading hitter with 2 singles and a three bagger while Jim Snow was next in line with a double and a pair of one-basers.

Jobey Dunscomb, one of the best as well as bes-liked coaches in central Illinois, is spending the latter portion of his vacation scouting about Chicago's gigantic carnival otherwise known as A Century of Progress. His right hand, which was considerably damaged in a freak bath tub injury is still under bandages.

Bill Trago has left the Brownies in favor of the Mattoon team of the South Central league.

Elongated Pete Easley, the most colorful player to appear in Illini circuit, has been twirling for a Chicago semi pro team. Pete takes the mound twice per week and on each occasion draws in something over seven dollars.

Bob Goode, Springfield High cager, went to the semi-finals of the central Illinois junior net tourney. Ed Davis, who copped second honors in the men's singles is the same "Spud" Davis who starred in football at Nokomis. While attending Millikin Davis took part in an Indee cage tourney staged in the local armory.

Last Sunday the omnipotent Dalton Grays went good Smaritans to Mattoon's penant cause by whipping the second place Macon club 8 to 6. A sore arm forced Dopey Clark to retire in the sixth after holding the losers to but one hit. Bill Kinsel and Shelbyville's Deitz completed the job with the former giving up but a single and the latter a double and a single.

At the head of Dalton's 11-hit assault was Fred Clark who poked a homer in the second and then clicked off a pair of singles.

Young Walt Welsh, after failing to hit at the first of the season, seems to have found his batting eye and for the past several Sundays has proved a reliable clubber. Against Macon he kicked in with a timely double.

LOYAL DAUGHTERS PICNIC
The Loyal Daughters of the Christian church will have a picnic supper at Wyman park, Monday, August 28th. The committee in charge of the tables and entertainment is as follows: Mrs. Nettie Coy, Mrs. Lillian Barnett, Mrs. Minnie Heacock, Mrs. Cora Elder, Mrs. Bertha Barnett, Miss Nelle Bromley, Mrs. Maude Harmon, Mrs. Nola Valentine, Mrs. Lena Emel, Miss Minnie Ziese, Miss Mittie Blair, Miss Dollie Dedman. The party as stated on the calendar was to meet with Mrs. Shanks who has moved from this city, therefore making it necessary to change the place of meeting.

ROB STANDARD OIL
The Standard Oil bulk station in the west end of the city was robbed of a supply of lubricating oil one night this week. Only such supplies as could be easily trucked away were taken.

Lovington Uses Indee Errors To Run Up 14 to 1 Margin

Lovington — After several weeks of top notch baseball the Sullivan Indees went completely to pieces here last Sunday and were administered an even more humiliating licking than they had imparted to Windsor the week before. The relapse descended in the early portion of the fray and was marked by flurries of a half dozen Lovington runs in each of the second and fourth which supplied the bulk of their final 14 to 1 decision. The Eldermen have but 2 losses in the past 9 contests and each was inflicted by the Legion nine of this place.

Stopping Lovington with Dale Rozene was something like stalking lions with a fly swatter. The enormous, good-humored gent failed to get in touch with his effectiveness and was punched for 2 runs in the first, 6 in the second, and then after catching their breath in the third, the winners came back to wash him away on the crest of another 6 run assault in the fourth. Buddy Stearns was then beckoned in from third and the chubby little fighter blanked the hosts from then on out.

But the blame for Lovington's lofty point total does not go to Rozene. His associate workmen with no less than 9 misplays assume the responsibilities here. Too, they chose the most untimely moments for their release invariably fumbling with runners on the pathways. But even if the home forces had been denied this visiting support still they would have emerged an easy winner as Theron Baker of Lake City hurled with such skill that the Eldermen could not muster one real threat. He granted but 4 singles and whiffed 10.

Georgie Poland again led the Sullivan team at bat with bingles on each of his first two missions

to the plate. Otis Cowell also registered a single and was the only Indee who did not strikeout at least once.

Lovington obtained their two first frame runs on T. Baker's nit, a pass, and a brace of errors.

In the second the Legionites batted around to ring up a half dozen tallies. The chief ingredients of the slaughter were a trio of Sullivan miscues, a pass, and safe drives off the bludgeons of Messrs. Burge, T. Baker and Mahannah.

Then in the fourth the Legionix bid Rozene a hellish 6-run aufwiedersehen to complete their scoring for the fiasco. This time the important factors may be listed as two walks, twin errors, and hits by T. Baker.

In the eighth the Indees managed to squeeze over a run to avoid a shut out. With two dead, Stearns reached first on a bobble, stole second, and then dashed over the white board when Cowell lashed out a single to left.

Husband and Wife Tournament Starts

The annual husband and wife golf tournament at the Sullivan Country club is now under way. Tournament chairman G. R. Fleming has announced the drawings as follows and says the first match must be played by September 1st: Cochran vs. Campbell. J. Eads vs. F. Eads. Hankla vs. Croson. Getz vs. Fleming. McLaughlin vs. McPheeters. Shell vs. Butler. Norris vs. Hudson. Dickerson vs. Hill.

This annual fuss is hard on domestic peace and tranquility. The couples line up husband and wife against husband and wife. The husband drives off. Then the wife takes the next shot, then the husband, etc. Shots must be made with regulation golf clubs. Firearms are not permitted. Wives are not permitted to kick husband's shins as is done in bridge. As the husbands are of course the better players, the strain to keep from saying things will be harder on them than on their gentle and delicate partners.

The winners of the tournament are awarded a cup.

—Mr. and Mrs. Elmer Graven and family motored to Chicago on Saturday where they visited at the home of his sister, Mrs. Wallace Ritchie. Mrs. Ritchie and Miss Rosie Graven, who spent several weeks visiting in Chicago accompanied them on the return trip to this city.

CHURCH NOTES

ST. COLUMBA'S CHURCH

Church services will be held at St. Columba's Catholic church on Sunday morning at 9 a. m.

PRESBYTERIAN CHURCH

Glenn M. Garber, Pastor

Charles R. Brown, who was formerly Dean of the Divinity school of Yale university, and was acknowledged to be one of the greatest preachers of America says this of the church: "When the returns are all in, is not the church of Christ about the divinest thing we have here on earth at the present time? Name any other organization which can spell it down in moral idealism and in useful conduct. It is the one institution we have which is bold enough to accept the social ideal, not piecemeal in specialized lines of effort, but in its entirety. It has the moral courage to look up into the face of Infinite Perfection and say, 'Thy Kingdom come, Thy Will be done here on earth as it is in Heaven.'" You ought to support your church, you are invited to worship at this church.

Announcement of services. Saturday, August 26 7 p. m., choir rehearsal in the church, Miss Ruth Tabor, director. Sunday, August 27: 9:45 Sunday school, Dr. Donald Butler, Supt. 11:00 Morning worship. The pastor will preach. Subject of morning sermon, "The New Freedom."

Allenville & Jonathan Creek CHRISTIAN CHURCHES

(W. B. Hopper, Pastor)

Preaching services at Allenville next Sunday.

Morning sermon subject: Paul's Longing. This is part of our study of the Book of Romans.

"The Necessity of Redemption" will be the evening subject. Bible school at ten o'clock.

GOSPEL MISSION

Over the Post Office

Time of services the same. Ps. 2:2, 3. "The kings of the earth set themselves, and the rulers take counsel together, against the Lord, and against his anointed saying, Let us break their bands asunder, and cast away their cords from us."

What a picture of the world today, Russia has openly declared herself against all religions, other countries, including our own are raising their eye-brows at a "Blood bought redemption" and fast falling into modernism. We have a lot of modernists today, and they would be greatly shocked if we were, to say to them they were taking counsel against the Lord's anointed, but what

else are they doing but that they deny the virgin birth, the death of the cross, a redemption for our sins. They are casting these cords from them and believing a lie. God help us to get back to the old paths, the straight way or nationally we are doomed, we are headed for the rocks going down stream and have cast our oars (faith in the Lord Jesus Christ as the saviour of man) aside, what else can we expect but eternal ruin? I wonder, would our anchor hold even now? I doubt it.

Future Farmers WEEKLY NEWS

Three Sullivan boys came home from the Vocational Section Fair at Arthur with some ribbons and cash prizes. Robert McKinney won third place with his pure bred Jersey heifer and Lawrence Filson got his Chester White litter of pigs into fifth place in a strong outstanding litter show. Cecil Shasteen showed his beef calf and failed to place but received a cash prize for showing.

The above named three boys were the only exhibitors from Sullivan. They will receive \$22.00 in cash prizes in addition to their experience. There were several other projects belonging to Sullivan boys that were good enough to be shown but their owners didn't feel like taking the risk and the trouble involved in showing.

It was estimated that approximately 2500 people saw the Vocational exhibits during the two days at Arthur. One hundred vocational high school agricultural students exhibited 266 head of swine, 40 beef calves, 30 dairy calves and heifers, 30 head of sheep, and 3 farm colts. These boys represent the future livestock producers in sixteen high school communities covering Moultrie, Shelby, Macon, Piatt, DeWitt and parts of Douglas and Christian counties.

The larger share of the expense of the show was born by the Arthur Chamber of Commerce which organization furnished the tent, judges and ribbons for the show.

WHY GREENHILL CEMETERY GATES ARE PADLOCKED

The Progress last week asked why the iron gates in driveways to Greenhill cemetery are padlocked early in the evening. It was stated that this was a great inconvenience to people who go to the cemetery to water flowers on graves.

City officials have the following explanation: "People were making a race-track of the cemetery drives in the evening and late at night. Drinking parties were staged in the cemetery. Other desecrations were committed and damage done. People in the eastern part of the city were about ready to petition the Council for some steps to abate the nuisances. To meet these conditions the city officials thought it best to padlock the driveway gates at 5 o'clock in the afternoon and keep them padlocked until 7 o'clock the next morning of each day."

Rufus Hagerman made a business trip to Springfield Tuesday.

buyers to compete for them. Many other persons engaged in carrying on the business of the major stockyards which handle 10,000 or more beef cattle a day will lend a hand in these auctions, all to help 4-H club members, and not infrequently their parents indirectly, in understanding the marketing of meat animals.

This is the 10th year for these auctions to be conducted at the Chicago stockyards where they are sponsored by the International Live Stock Exposition as an educational feature. In the 10 years 14,777 baby beefs have been put through the weekly auction for approximately that number of club boys and girls. Gross proceeds total \$1,705,000.00. Other markets fell in line in conducting auctions after Chicago demonstrated their usefulness.

Colonel Carey M. Jones, nationally known auctioneer of purebred livestock, is again doing the selling at Chicago, as he has in all of the years, since the plan started. It is his contribution to the 4-H club movement which he declares

is one of his most agreeable pastimes.

Club calves are commonly sent to market in truck loads or with shipments of commercial animals. They are consigned to commission firms, the same as other animals, and proceeds are remitted the same. There is no charge for the auction. It is a free school teaching priceless lessons.

FRED JOHNSON GUILTY

On an information filed in the county court this week, Fred Johnson 19, entered a plea of guilty to stealing one bushel of yellow corn from Farley Young.

With his plea of guilty Johnson petitioned for probation. His attorney was R. B. Foster. Judge Ledbetter granted the probation plea and named Charles Lansden as probation officer.

4-H CLUB NEWS

BABY BEEF AUCTIONS

Buyers for the great meat packing plants of Chicago and other large cities of the middlewest who buy beef animals in lots of one to several carloads in little more time than it takes to tell it as they ride around the stockyards on their horses will leave their saddles once every week this fall to bid on 4-H baby beefs, one or two at a time, to give club members a lesson in marketing and valuing their animals.

Commission men at these same yards who act as agents for producers and sell these same packer buyers their strings of cattle will also tie up their horses to put consignments of 4-H baby beefs through an auction for the packer.

YOUR DOLLAR buys MORE with GOODYEARS

The New GOODYEAR PATHFINDER

—AND your dollar buys MORE right now than it may ever buy again. You can see that as well as we can.

As raw materials—cotton and rubber—go skyrocketing, tires are bound to go higher, too. The best advice is—"Don't wait." We offered that advice months ago, when Goodyear prices were scraping bottom. Many people who took it have thanked us; others say they will never get caught again.

So we repeat! BUY NOW—because Goodyears are STILL priced very low and they can't stay at these levels very long.

Today the best buy for the least money is the new Goodyear Pathfinder. For years "the quality tire within the reach of all," the Pathfinder is now stepped up in mileage, safety and good looks. It has FULL CENTER TRACTION—20% thicker non-skid tread—stouter body of Supertwist Cord, the cord that gives under road shocks, doesn't heat up, prevents blow-outs, stands hard knocks, runs out a full long life of trouble-free miles.

Be sure your new tubes are quality Goodyears, too.

Mattoon Action Stirs Indignation In Whitley Twp.

Supervisor Edmonds Resents the Charge That He Has "Dumped" Families on Neighboring County. Mattoon Zealously Guards Its Own.

Mattoon township officials are very much concerned about what they call efforts of Moultrie county to "dump" paupers on them.

Mattoon has many unemployed. They are organized to secure their rights and their relief funds. They zealously guard these rights and want no outsiders to come in and mooch off them.

Recently there appeared in a Mattoon paper a statement insinuating that Supervisor Edmonds of Whitley township had "dumped" two families on Mattoon for help.

Mr. Edmonds resents the accusation and went to Mattoon to confer with Supervisor Schooley and representatives of the unemployed organization. He told them plainly that he had "dumped" no paupers into Mattoon township. He then went to the Journal-Gazette office and stated his side of the case. The newspaper, in a spirit of fairness, has printed Mr. Edmonds statement as follows:

"We were told that we had dumped two families into Coles county," said Mr. Edmonds. "It is true that two families who resided in our township did come to Coles county recently, but they came of their own accord and not through any suggestion or movement on our part."

"Moultrie county and Whitley township are out of debt, and we care for our own paupers. One of the families we were accused of dumping into Coles county moved to Whitley township 16 months ago after a residence of 28 years in Mattoon. Within six months after he moved into our township, the head of the family asked for and received aid from Whitley township.

The head of the other family which moved to Mattoon has been a hard-working farmer, a man who wants work, not charity. This man came to us about a week ago, stating that he was about at the end of his row and asked for relief. We gave him some groceries. Later we learned he had moved to Mattoon. This man obtained work south of Mattoon on the Arterburn-Rooser melon farms, but obtained employment only one day. He was told he was a non-resident and they couldn't give him any more employment because of that fact."

Whitley township, the southeast part of Moultrie county is close to Mattoon and connected therewith by two hard roads. Whitley township people, especially those in the eastern part, do most of their trading in Mattoon. Most of them bank there. Under such conditions they might be pardoned for doing a little "dumping", but it has not been done, as Mr. Edmonds explains.

Furthermore, Moultrie county has never drawn the line on barring Mattoon working people. When route 132 was built by Thornton & Co., a Mattoon contractor, more than half of his employees on the work in Moultrie county were Mattoon men. This same Mattoon firm built the hard road into Bruce.

Mattoon bread manufacturers daily bring big loads of bread into Moultrie county and the supervisors ever tolerate a system whereby Mattoon bread is bought for use at the county farm.

Moultrie county seeks no feud with Mattoon or Coles county. Such an attitude is small and silly. But Moultrie county does resent the attitude of the officials who herald to the world the false accusation that this county seeks to evade its responsibilities in caring for its needy.

We believe that the attitude of Supervisor Schooley and the leaders of the organized unemployed of Mattoon township does not fairly represent the feelings and the attitude of Mattoon. If it does, it is high time that the people of Whitley township take notice of these unfriendly feelings and do their trading where it will be more freely appreciated.

LICENSE CAR DEALERS

Used car dealers must secure a license to do business from Secretary of State Edward J. Hughes. All motorists are required to have a certificate of title of the car after January first.

As part of their honeymoon may we request that Mr. and Mrs. Hildredth Walker do us the honor to see a show at The Grand as guests of The Progress?

Mrs. Luella McCoy Fuller of Pasadena, Calif., her sister, Mr. and Mrs. Benton Curtis of Green Castle, Indiana were visitors with Misses Rose and Vene Millizen on Thursday.

Why a Funeral Home?

WHILE we will, of course, serve anywhere, we always recommend the use of our comfortable, modern funeral home because it offers many advantages over the private residence as the most fitting place for the funeral service.

The private home is constructed for the activities of life and even in the hours of sorrow these activities must go on. Our funeral home is designed to meet all the special needs of this trying period with the greatest possible convenience and comfort.

Here everything is provided for paying the last beautiful respects to the departed in perfect freedom from the distractions of the residence and intrusion from without.

L. W. McMullin Funeral Home
PHONE 85 SULLIVAN, ILL.

Against the Law to Re-Sell R. R. Ticket

Clement Harshman, local taxi driver ran afoul the law recently when he re-sold unused railroad excursion tickets. In re-selling he was trapped by making a sale to a railroad detective.

He was brought into court where he entered a plea of guilty. Judge Ledbetter fined him \$25 and costs. The fine was remitted and the costs, over \$21, were paid.

It will be news to many people that railroad tickets are not the absolute property of the owner and subject to resale. The law provides that an unused ticket can be redeemed only by the company agent who has issued same.

Outdoors Good Place for Lighting Effects Study

The study of lighting effects need not be carried on solely indoors, in theater, gallery, hall or home.

There is plenty of room for such interest in the great outdoors, where the sources of all light exist in their abundance.

Closer inspection of natural objects show that they are not all grayed, uniformly, by clouds and lack of sunshine, but still reflect what light there is according to their nature.

Thus one tree will have an appearance different from adjoining trees, owing to a different sort of bark, or position, which permits reflected light to filter to it.

Houses, in particular, appear in entirely different lights on days dark and mimical, as they say. It may be said of them in particular, that if they appear to advantage on a rainy, gloomy day they will shine like jewels when the sun is throwing its beams upon them.

No one should ever purchase a home without first visiting it on some gloomy day, preferably when it is "pouring cats and dogs," as the old saying has it.

If it looks well then, it will please always. Something of the same pleasant philosophy might be applied to all life and living, but we would not care to press the matter, for so much depends upon the individual, and his ability to accept, as well as utilize.—Washington Evening Star.

Carries Eggs in Mouth Until They Are Hatched

There are several species of fishes known as "Mouthbreeders," but the breeding behavior is similar in all. The fish, either male or female, or both, according to the species, clears a space in the sand at the bottom of the aquaria, into which the female deposits her eggs. The male then fertilizes them. Within a few minutes, either one or the other of the parents, again according to the species, picks up the eggs in its mouth and carries them through the period of incubation and for a few days after the fry are hatched. The Ruby Jewel fish usually turns the fry loose in about three weeks, while the Tilapia will carry the eggs and fry as long as six weeks. The Ruby Jewel fish is somewhat exceptional in that it first sticks its eggs to a flat stone before picking them up. Otherwise the behavior is as described.

WEATHER

Weather this week has been nice but too dry. We hate to be all the time yelling for more moisture, but this report must be accurate. We need rain—lots of rain.

Farmers are busy trying to figure out how much wheat to sow this fall. Plowing is going on in the stubble. Beans which had a half way chance are coming along fairly good.

Last year about this time corn was ripening. You see very little so far advanced this year. Roasting ears are in season. Some cucumbers and tomatoes are being peddled. The recent rain started the tomatoes off right, but they are slow ripening.

Clark Dennis who got back from Pike county the other day says that corn and other crops are fine in that part of the state. The boys figure their corn will come near making 80 bushels per acre.

Bob Filson of the county farm had a stalk of corn in town the other morning. If all of his crop is doing as well he'll get about 80 bushels per acre—not corn, but chinch bugs. That stalk had enough bugs on it to stock a big-sized county. Bob was trying to get some advice as to how he could make use of the bugs.

Thursday was Democratic day at the State Fair. Many of our local Democrats were explaining why they did not go. They seemed to lack that high-powered enthusiasm that was so prevalent last year.

This is a funny old world in lots of ways. You can't tell from day to day what is sense and what is nonsense. A few years ago people were instructed by the government on how to raise more, bigger and better crops. Now they are being told on how to raise less. In those days learned college Prof. lectured on how to feed the sows to get bigger litters; now they are slaughtering the sows by the wholesale to prevent litters.

In this vale of turmoil and of tears, when you get up in the morning certain facts mean one thing. When you retire at night the meaning has changed. It's a sort of catch-as-catch-can affair and you've got to be up and going or get run over.

For many years money ruled the land. Now we've run out of money, so they are trying brains. During the Hoover administration things were going backward so fast you couldn't keep up; under the Roosevelt administration they are going forward at an even more terrific pace.

The general idea seems to be either too much or too little. There is no middle ground in men's affairs. Either one extreme or another.

Grandmothers wore tons of clothing. Their granddaughters are joining nudist colonies. And how some people hate that nudist idea! Dignified old ladies, who have always been in style so far as clothing is concerned, would surely hate to have this nudist movement oblige them to join it. And can you imagine what some of these skinny shanked, hairy men would look like in the nude? It isn't the impending sense of decency that shocks people, so much as the exposure of some human forms in all their ugliness.

Well, don't be alarmed. You are not compelled to join the nudists. America is a great country. You do what you wish, if the law lets you.

—Mrs. Laura Dale, Mrs. Mary Hoke and Mrs. Rebecca Patterson and Hugh Linder were in Mattoon Monday.

2,000,000th Visitor

Melvin Silberman, nine years old, of Kansas City, was given an elephant ride and shown honors for being the two-millionth visitor to A Century of Progress—the Chicago World's Fair.

Brain Storm Strikes Energetic Promoters

It's a big proposition. It shows initiative and imagination.

Here is how it all happened. Lee Taylor had the first hunch and when he sprang it, the post office boys "just about ate it up."

As is generally known the government owns, so we are told the frontage of land where it joins the water of streams. The post office employees are government employees—government land. "And so" said Lee, "Let's each of us fellows put \$10 in a pot and lease some more river-front land." "Hurrah!" shouted Bill Gardner. "You said something!" agreed Loren Monroe. In a few minutes there was as much excitement as there is in Wall Street on a busy day.

All the boys will have something to do if the proposition goes over. There will be fishing places, swimming holes, sand beaches, nudist colonies, and all such modern things to consider. Granville Cochran will be put in charge of agriculture and will raise cucumbers in opposition to Pearl Lanum. Bill Gardner will be general publicity man—he can talk more and louder than any of the rest of the corporation. Howard Wood will be the insecticide man. He is to smoke enough cigars on the beach to kill off all the insects. Joe Pound is to be in charge of entertainment for younger couples. Pick Lucas will run the hot dog stands and be carpenter in charge of construction. Art Ashbrook will have to keep cows off the reservation and pull fish hooks out of their hoofs, if any are so crippled. He is also to keep the squirrels from bothering pleasure seekers.

It is planned at present to go about this thing in a modest way and get the river banks and adjoining land rights from Locke Bridge to Joe Elzy's farm. Later, if the thing is a financial success and other government employees can be interested, they may extend operations from the source to the mouth of the Okaw. The thing has great possibilities. The big part of the task, of course, will devolve on Bill Gardner. He's the fellow who must sell the public on the idea.

NEIGHBORS DO NOT WANT BARN REBUILT

There is some talk that the insurance company which carried the risk on the old Shuman barn that burned recently wants to rebuild it.

Neighbors living nearby have protested against this to the city officials; they are very reluctant, however, to come out into the open with a petition or protest to the council.

They seem to feel that living in the city, paying high city taxes, entitles them to better surroundings than those given by a barn in which livestock is kept, where rats congregate and from whence houseflies comes into the nearby homes.

—Mr. and Mrs. Lester Krout and daughter of Lancaster, Ohio, came Sunday for a visit with Mr. and Mrs. W. H. Sherburn. Monday, accompanied by Mr. and Mrs. Sherburn, they went to Shelbyville where they visited Carl Sherburn and other friends. They left for their home in Ohio Tuesday.

BIRTHDAY SURPRISE PARTY FOR MRS. LOGAN BATHE

Mrs. Logan Bathe was surprised at her home Tuesday night by relatives and friends, it being her birthday.

Ice cream and cake were served. Mrs. Grace Barnes baked the birthday cake (angel food).

The evening was spent with music and cards. Music was furnished by Prof. Rubyn.

Those present were: Mr. and Mrs. Berthol Bathe and daughters, Iris and Audrey, Mr. and Mrs. G. Graham, Mrs. Jennie Landers, Mr. and Mrs. Aurist Plummer and sons, Billie, Robbie and Boyd, Mr. and Mrs. Hurl Elzy and son Frank, Mr. and Mrs. Lawrence Pierson and daughters Betty and Lois, Mr. and Mrs. Elmer Burks and family, Prof. and Mrs. Rubyn, Mr. and Mrs. Earl Barnes, Kenneth Elzy, Mr. and Mrs. Lloyd Hilliard and son Jimmie, Mrs. Hal Murphy and children Dale and Jo Ann, Mr. and Mrs. Logan Bathe, Ned Johnson of Cerro Gordo.

They all departed at a late hour wishing her many more, just as happy birthdays.

This was also the birthday of Billie Plummer and Kenneth Elzy.

CONSIDERABLE MARRYING DOWN AROUND FINDLAY

To the Citizens of Sullivan

Recently the City Council of your city passed a resolution in favor of the application of a loan from the Federal Government under the National Recovery Act for the construction of a municipally owned and operated Gas Plant.

This Gas plant is to be self-liquidating and in no manner or form to be paid for from taxation.

We are about to make a survey of the city in co-operation with the city council to arrive at the number of residents who desire to use gas, and in order that we may promptly file this application, we ask the citizens of Sullivan to co-operate with us by kindly giving us the information we shall ask for, in order that the work may be promptly commenced.
