

Politics

Politics is warming up. Candidates are beginning to swarm around, getting into practice shaking hands, slapping backs, smiling at the ladies and being good fellows among the men.

Next year Moultrie voters will participate in the following primary and general election selections:

A Sheriff
A County Clerk
A County Judge
A County Treasurer
A Superintendent of Schools
One Congressman
Three members of the Legislature
One state treasurer
On state Superintendent of Public Instruction.
Two Congressmen at Large.

The candidates will be selected at the April primary; the general election will be held in November. A judicial election to fill the vacancy caused by the death of Judge Horace McDavid will be held January 29th.

So far the most attractive office seems to be that of sheriff. On the Democratic side three candidates have definitely announced. Russell Freesh, Jonathan Creek highway commissioner announced early last summer. He was followed some weeks later by Police Officer John W. Pifer of Sullivan and in last week's paper appeared the announcement of former sheriff V. R. Ashbrook. There has been some talk that Grover Garrett of Watley township, J. N. Foster of Lovington and Grover Jones of Bethany may also aspire to this nomination.

On the Republican side several prospective candidates have been mentioned but it appears that only one, J. A. Moore of Marrowbone township, is making an active bid for the nomination. Sheriff Halac Lansden is not eligible to renomination, but many feel that Deputy Sheriff Charles Lansden can have the nomination if he wants it.

For county clerk Paul L. Chippis, present incumbent is a candidate for renomination on the Democratic ticket. No opponent to compete with him, has as yet appeared on the scene.

The Republicans will doubtless have a candidate, but none is active as yet. There is a supposition that former county clerk J. B. Martin, or his deputy Roy Fitzgerald may be candidates.

Judge Fred Ledbetter, democrat, who was elected last June to fill the unexpired vacancy, caused by the death of Judge Jennings, is a candidate for renomination and reelection. No opposition has as yet appeared on either the Democratic or Republican side.

Deputy County treasurer Clarke Lowe is a candidate for the Democratic nomination for treasurer. Supervisor Bert Lane of East Nelson township, present chairman of the board, is also in the race. They are rumors that others may seek this nomination, but none has appeared in the open.

Whom the Republicans have in mind for this nomination has not been learned.

No opposition has appeared to Albert Walker's ambition to be renominated by the Democrats for the office of county superintendent of schools. No republican is making any effort to replace Mr. Walker.

Passing from county offices we come to the congressional nominations. Congressman D. C. Dobbins can doubtless have the Democratic renomination, without any serious opposition, if he wants it.

As this district was generally regarded as safely Republican, there will be a lively scrap for the Republican nomination.

Former Congressman Charley Adkins will want to go back. Chas. Fletcher of Mattoon and several other aspiring young Republicans are looking the situation over, preparatory to redeeming the district to the Republican fold.

Under the old "gentlemen's agreement" next year it is Moultrie county's time to send a Democrat to the Legislature. A hitch in the proceedings is developing however, when it becomes apparent that the Democrats will have two candidates in the district for the Legislature, instead of one as heretofore. Two could have been elected in November 1932 had their names been on the ticket.

The old agreement was based on the assumption that only one Democrat could be elected in the district which was then overwhelmingly Republican.

The agreement provides that the Democrats of the three counties—Champaign, Piatt and Moultrie—which constitute the district, apportion representation in the Legislature as follows: Champaign two terms; Piatt one term, Moultrie one term and then rotate

City Makes Application For Gas Loan

McBride Engineering Company official Signs Statement Relieving City of Financial Responsibility if Loan Application is Disapproved.

The application of the city of Sullivan for a Federal loan of \$99,960 to be expended in building a gas plant here, was signed Monday night by Mayor McFerrin, City Clerk Martin, City Treasurer Roney, City attorney R. D. Meeker and four commissioners. It now goes before the Illinois commissions that pass on requests of this kind before sending them on to Washington.

Two representatives of the McBride Gas Engineering Company of St. Louis were here. They had all the documents, maps, etc. which required the signatures of the city officials. Each official had to sign nine times.

When the council reached that part in its proceedings where the "gas" matter was taken up, the officials seemed to be not overly anxious to proceed.

Citizens Participate
A number of citizens were present and were given permission by the council to ask questions. It developed that the city had no written plan.

Soybean Thief In Local Jail

Dewey Morris of Mt. Zion is in the Moultrie county jail, unable to give \$1,500 bond for release awaiting grand jury action. Morris was arrested in Decatur by Sheriff Wilson. He had stolen 62 bushels of soybeans from the Ed Cotner farm north of Bethany and sold them at Shellaburgers elevator. Since his arrest he has also confessed stealing 62 bushels from the Lanton elevator and selling them at Dalton City.

Officials are looking for two more men who are implicated in these thefts.

Later: Ted Harris and Mick Whittaker of Mt. Zion surrendered Wednesday. They are implicated with Mr. Morris in the thefts. When Morris was arrested they left the state and went to Bloomfield, Indiana. After thinking the matter over they reached the conclusion that the best course was to come back and surrender. Both were able to give \$1,500 bond to await grand jury action.

Morris has confessed that his thefts include two loads of soybeans, 3 loads of corn and several loads of lumber taken from a building job north of Mt. Zion.

Christian Church S. S. Thanksgiving

Supt. Gerold Elder of the Christian church Sunday school announces the following special Thanksgiving numbers for next Sunday:

Vocal solo—Mrs. Clarke Lowe
"Thanksgiving Talk"—Mrs. Chas. Kelso.

Playlet—"Religious Education paying Dividends"—Officers and teachers.

Special efforts are being made to have a big attendance.

WINDSOR GETS \$65,000 TO BUILD WATERWORKS

A report from Washington D. C. says that the application of the village of Windsor for \$65,000 to build a waterworks system has been approved.

HEAR ABOUT PHILIPPINES

The International Relations class met at the High School Monday night. Prof. Kilby used for his subject, "The Philippine Islands." The next meeting will be on Dec. 11th. There will be but one meeting in December, as the second date would come too near the holiday season.

SOLDIERS ATE

The local Headquarters Co., I. N. G. had its annual Thanksgiving turkey feast Monday night at Hawbaker's Cafe.

ANNUAL BAZAAR

St. Mary's church in Lovington will have its annual bazaar November 29th. Everybody is welcome.

Chest Clinic to be Held In December

Mrs. Clyde Harris, county welfare worker announces that a "chest" clinic will be held here some time in December. Any one desiring the examination is asked to register with Mrs. Harris at her office in the court house. No charge will be made. The expenses of the clinic will be paid out of receipts from sale of Christmas seals.

Moultrie Delegates Judicial Convention

The Moultrie county delegation to the Democratic judicial convention to be held in Decatur, December 2nd to nominate a candidate to succeed the late Judge Horace W. McDavid will vote as a unit. The delegation goes unopposed.

At a meeting of the Democratic county central committee held in Lovington Monday afternoon it was decided to send 15 delegates, each of whom will be entitled to a vote. The same number of alternates were named.

The judicial election will be held January 29th. The judge to be elected will be a Macon county resident judge. Because of this fact it is generally conceded that Macon county's choice will receive the nomination.

The Macon county committee met Saturday and voted on the four candidates seeking its endorsement. These men were Carl Y. Miller, Carl Wellepp, Frank Wiley and Horace Garman. Miller was apparently the choice of the controlling faction of the committee and received its endorsement. He is a comparatively young man, 40, a world war veteran and a member of Charles LaForge's law firm.

The Moultrie delegates are H. M. Rigney, chairman of the delegation; Ed Brandenburg, Clarence Miller, George Reuss, O. C. Worsham, Russell Freesh, Lloyd Wacaser, Judge Ledbetter, D. Houlihan, Judge McLaughlin, Elmer Grant, Thomas O'Brien, Geo. Daugherty, J. R. Drake and Roy Wilson.

Alternates are P. M. Hankla, H. L. Harrison, Paul L. Chippis, Leo Murphy, Frank Foster, Joe Burckham, Roy Reeves, C. W. Ray, Chet Ledbetter, Ralph Seaman, James Leach, W. A. Stokes, R. W. Martin, Howard Huckleberry and O. E. Lowe.

Prof. Erwin to Speak On Ag. Instruction

Prof. H. P. Erwin, vocational agriculture teacher in the Sullivan Township high school is on the program of the state High School Teachers conference at Urbana on Friday of this week.

He will speak on "Visual Agriculture Instruction." He has used this method in his local class work with outstanding success. With a projector and screen in the classroom, scenes can be shown of successful agriculture work, livestock, etc.

The agriculture work in the local school is proving a very interesting and successful subject to the future farmers who are participating in it.

Take Notice!

Because of Thanksgiving Day, The Progress will be issued one day earlier next week. Correspondents, preachers and advertisers please get your copy in one day earlier than usual. This is important. Please do not forget.

KIRKSVILLE ROAD DONE

Contractor Devine the early part of the week completed the slab work on the new Kirksville road. After about two weeks, contractor Loeb will grade up the shoulders and Kirksville will be forever connected with the rest of the world by a good hard road.

ALL TO HIS WIFE

The will of the late Samuel A. Carter Sr., which has been filed and admitted to probate leaves all to his widow Mrs. Caroline Carter who is named executor.

Working Men Start Battle On Depression

More Than One Hundred Are Now Working On Projects in Moultrie. Many More Will be Put to Work as Soon as Possible. U. S. to Spend \$400,000,000.

One hundred and three men were working Thursday on Civil Works projects in this county. These are a part of the 187,000 men that the state of Illinois is to put to work under the new Roosevelt plan to overcome the depression.

New projects are being planned in this county in an effort to put the whole county's quota of 230 men to work as soon as possible. These men are to be kept busy until February 16th.

Locally the employment has been handled this week through the Emergency Relief Committee recently appointed. The men working are from a number of townships.

Building Grades

In Sullivan township the eastern approach to Young's bridge is being improved by grading, straightening and installing a big culvert. Fifty men were working there under the direction of Maintenance Man Guy L. Kellar on Wednesday. Sixty men went to work on that job Thursday morning. Forty three men are working on a grade

Joseph Fleshner Died On Tuesday

Joseph L. Fleshner died at his home east of Allenville Tuesday morning. He had been a sufferer from diabetes and other complications for a number of years but his last illness was of but a few days duration.

He was a native of Whitley township where he was born December 11th, 1862, a son of Mr. and Mrs. John Fleshner. He was one of a family of ten children. His grandfather, Ferdinand Fleshner was one of Whitley township's earliest settlers.

Joseph L. Fleshner and Miss Mollie McVay were married October 9, 1900. Two children were born to this union—Miss Regina at home and John Fleshner who resides nearby. There are two grandchildren, Madonna Sue and Janet Elaine Fleshner. Four sisters survive, Mrs. Josie Gillespie, of Houston, Texas; Mrs. Anna Beall, Mrs. Frank Spitz and Miss Lizzie Fleshner of Mattoon.

Funeral services were held on Thursday morning in the Church of the Immaculate Conception in Mattoon.

Evangelistic Meetings At Allenville, Nov. 27

On Monday evening a series of evangelistic meetings will begin at the Allenville Christian church and continue until Sunday, Dec. 17th. The pastor will preach and the music will be in charge of the local people. It is planned to make these meetings the most effective of any ever held in the church.

The sermons will be of a practical nature and will be helpful to every individual in the community. They will be an unusual series of sermons for an evangelistic meeting in that they will deal with some practical problems of the community life.

The singing will be congregational and there will be special music. Everyone in the community will be welcome to the services and in fact you are urged to attend. We are hoping to make these meetings very helpful to the community and if possible create a new spiritual atmosphere in the community. You will perhaps hear some very plain and startling things said from the pulpit but we are sure you will realize the truth of them.

The neighboring churches regardless of denomination are invited to send delegations. The evening services will begin at 7 o'clock.

THE INDEX ADV.

May we call your attention to the Index adv. on page 7? You will find an item listed there "Plain Color Prints." In putting forms on press the price dropped out. The price on this item is 19c per ya.

Weather

The skies are gray, the trees are bare and leaves are blowing here and there. We need rain, lots of rain. Cisterns are dry or nearly so, while water in the wells gets low.

In these dry days of 1933 it has sure been nice that there has been plenty of beer to drink. That saved the water for the cows and hogs. Hard liquor will come romping in soon now. Roadhouse parties will have real high-grade stuff in place of the bootleg dope with which the boys have been mixing cocktails.

"Will there be lots of drunken driving?" an official asked the other day in a worried tone of voice. Doubtless there will be, until the novelty of the hard booze wears off. We are not framing liquor laws, but we have a suggestion. If the law provided that every one convicted of driving while drunk were to get one year, no more, no less in the pen, not much else in the way of liquor legislation would be necessary.

We have recognized Russia. Will Rogers says the delay of 16 years was caused by the Russians shaving off their whiskers. Hardly any body recognized them. The ultra patriots, and the intolerant religious bigots will howl about the President's action. The patriots usually don't know what they are howling about. If the intelligent preachers fully realized what the old time church really did to Russia, they could see Russia's viewpoint. In time religion will come to Russia, but it will not be the kind they had to put up with during the days of the Czar.

One mistake that we humans make is by judging other people by our own standards. If folks do not think as we think; if they do not do as we do; if they have habits and customs that are contrary to ours, we think they are minions of hell and bent on the destruction of civilization. The redeeming feature about this human failing is that other folks, knowing as little about us as we do about them, think the same hard thoughts of us.

"Why" asked a grieving friend "do big city papers always poke fun at smaller cities and towns?" There are some explanations—it always has been done, consequently has the sanction of precedent; they feel superior and sometimes it is just plain ignorance. Whatever it is, however, it does us smaller folks good. It shows us our failings and it mobilizes home pride and indignation.

Occasionally we see some disgruntled fellow who says: "I voted for Roosevelt and now see what we got? Well, what have we got? Let's see, by comparison with last year.

	1932	1933
New Corn	15c	31c
Oats	10c	26c
Wheat	32c	74c
Soybeans	42c	62c

That's not altogether perfect by any means, but there is almost 100 percent improvement all down the line, isn't there?

Doc Lewis has told us some stories about fellows who went quail hunting with him. As these stories show how good Doc can shoot and how poor the other fellows did, we'll have to pass them up. "You knock 'em down Doc; we'll pick 'em up."

Oh yes, you will kindly scan the fine lot of ads that appear in this paper this week? It's the steady week-after-week in-the-same-paper adv. that gets the bacon.

We asked one merchant to advertise recently and he gave this answer: "If we put an adv. in The Progress, we've got to put it in The News too." That's logic for you. We wonder, when he buys a car at Bryant's does he have to buy one from every other car dealer in town? If he buys a pair of shoes at Coy's does he have to buy a pair there too? Buying advertising space is just like buying anything else. You buy the best quality and most circulation at the lowest possible price—in Sullivan, that's in The Progress.

There will be a lot of Christmas business in Sullivan for the merchant who advertises for it. The big out of town stores that get Sullivan trade, advertise for it.

Red Cross Returns Slow Coming In

Chester Horn, treasurer of the Moultrie Chapter Red Cross reports that returns from the membership roll call are slow coming in. Indications are that the total membership will fall short of the county's quota. Any one who has not been solicited by the workers can enroll with Mr. Horn or with roll call chairman, Bo Wood.

Federal Board Is In Doubt

Mayor McFerrin received the following self-explanatory letter this week from Washington, relative to the city's application for a loan to build a sanitary sewer. It explains the delay in this matter:

Federal Emergency Administration
Washington, D. C.
Nov. 16, 1933.

Honorable C. E. McFerrin, Mayor Sullivan, Illinois
Dear Mr. McFerrin:

With reference to the application of the City of Sullivan for a loan of \$107,000 for a complete new sanitary sewer system with sewage treatment plant, you are advised that in the opinion of our counsel there is a great doubt as to the constitutionality of the enabling Act under authority of which you propose to issue Sewer Revenue bonds payable solely from the revenues of the system. We are informed, however, that there is legislation pending before the Illinois General Assembly which will remedy objections as to the constitutionality.

In the event that you are able to meet the objections raised by our Legal Division, we will continue examination of the application from an engineering and financial standpoint. Such data should be presented in writing prior to December 31st and marked for the attention of the Board of Review.

Carey M. Brown,
Acting Chairman
Board of Review

GIRLS' MISSIONARY SOCIETY MET MONDAY

The Girl's Missionary Circle met at the home of Mrs. Susan Leeds Monday evening.

The business meeting was in charge of the president the program in charge of Division No. One.

Adeline Elliott gave a reading. There were ten members present, one new member, four visitors and Mrs. Leeds.

Refreshments were served after the benediction.

Gifford, Mary Patterson, Mrs. Bert Fultz and Mrs. Chal Newbould.

Officers Find No Trace of 100 Capons

The 100 capons stolen recently from the Mason Piper farm in Jonathan Creek township are still among the missing. The birds weighed 7 to 8 pounds and the thief evidently knew of some dealer who would handle the lot before he committed the theft.

RONEY FOR SUPT.

J. Kenneth Roney a former grade school teacher here, but now in Shelbyville has announced his candidacy for the Democratic nomination for superintendent of schools of Shelby county.

EDEN GETS JOB

Royal K. Eden, son of Mr. and Mrs. A. E. Eden, former Sullivan residents, has been named band director at the State School for Boys at St. Charles, Illinois.

Chas. Patterson Finishes Long And Useful Life

Prominent Farmer Had Long Been Ill. Remains Were Laid to Rest in Greenhill Cemetery Thursday Afternoon.

Charles A. Patterson died Tuesday. He had been ill for a number of years and when death claimed him was 71 years, 9 months and 5 days of age.

He was one of the most prominent farmers in this county and a force for good in community affairs.

He was born at Sullivan February 16, 1862, a son of Danty and Perlina Karraker Patterson. He was the last of a family of 14 children. His grandfather, Levi Patterson was an early settler who came to this county in 1836.

On November 11, 1883 Charles Patterson was united in marriage with Miss Laura Barnes. She preceded him in death December 2, 1919.

Mr. and Mrs. Patterson were the parents of two children, Miss Mamie at home and Attorney C. R. Patterson. There is one grandchild, Jacqueline.

All of Mr. Patterson's life was spent on the farm. He was an active member of the Christian church and of the K. of P. lodge. He helped develop and served the Moultrie County Mutual Fire Insurance company as president for many years.

Funeral services were held in the Christian church Thursday afternoon, in charge of Rev. C. E. Barnett. Interment was in Greenhill cemetery. The casket bearers were J. H. Smith, Howard Wood, Delmar Williamson, Tobias Rhod's, Carl Hill and George Roney.

C. R. Patterson is in Chicago, where he is a patient in a hospital and was unable to come home for the funeral. Mrs. Patterson arrived home Wednesday night.

Delay May Cost Bethany Its Road

The federal aid road which was to have been built from Bethany west to connect up with route 169 may fall by the wayside.

The State Highway department surveyed a location through Carl Crowder's farm northwesterly and thence west. Marrowbone township must pay for right of way and damages. The committee that sought right of way met with so much discouragement that they practically quit on this location. They then secured right of way South of Bethany to the Moweaqua road intersection and thence west. All of this has been signed up.

The State Highway department seems, however, to have set its approval on the other location. It is doubtful now whether any road will be built. A gravel surface road project had the approval of the Federal government and would give work to many.

Whistling Solo On F.I.C. Program Mon.

The F. I. C. club met at the library Monday afternoon.

Roll call was responded to with "Thanksgiving Thoughts."

Mrs. Charles Kelso gave a paper on "American Citizenship."

Mrs. C. E. Barnett spoke on "Interesting Women of the Bible." Mrs. Frances Acuff and Mrs. J. H. Hughes sang two hymns, "Faith of Our Fathers" and "Twenty-Third Psalm."

Mrs. Andrew Beck whistled two numbers and was accompanied on the piano by her mother, Mrs. C. C. Barclay. Four new members were added to the club. They are: Mrs. John Bupp, Mrs. Clarke Lowe, Mrs. Frank Wolf and Miss Ruth Pifer. The next meeting will be at the Library club room, Dec. 4th and Mrs. Everett Hays and Miss Grace Meeker will discuss a Century of Progress. Mrs. A. C. Hawley will be in charge of the music.

MOULTRIE'S SHARE \$1,623.86

A report from Springfield says that Moultrie county's share of state gas tax money for September is \$1,623.86. This will be applied to paying for the new Kirksville road.

A Dutiful Daughter's Don'ts

My parents told me not to smoke;
I don't.
Nor listen to a naughty joke;
I don't.
They told me it was wrong to wink
At handsome men, or even think
About intoxicating drink;
I don't.
To dance or flirt is very wrong;
I don't.
Wild girls chase men and wine and song;
I don't.
I kiss no men, not even one —
In fact, I don't know how it's done;
You wouldn't think I have much fun;
I don't.

Beware Of Relief Racketeering.

Human beings must live. Quite generally they like to earn their living as easy as they can. Many abhor work. They avoid it whenever or wherever possible.

That is one reason why it is so absolutely necessary to guard against Relief developing into a racket. There are those who live better by relief rations than they ever lived before. They do not want work if work takes them off the relief rolls.

Millions of dollars are available for relief. Where so much money changes hands there are always plenty of moochers, grafters and racketeers and just plain crooks.

While nobody would want to deny relief to those really deserving, the undeserving need be swatted. A man who refuses work because it is not to his liking, deserves no relief.

Our theory of relief has always been that it is a crime against the taxpaying public to give any able-bodied man relief. Give him some work by which he can earn his support and the support of those dependent on him. That is better for the man. A public dollar spent is a public dollar gone. Where so much can be done in needed public improvements, a dollar spent, as an outright donation, is a dollar wasted.

There are always the aged, the infirm, the widows and the orphans to be taken care of. We must not fail there. The present plan of relief as put into effect this week, gives the able-bodied an opportunity to earn their living. We know they appreciate that opportunity.

This Little Girl Needs No Relief.

Doris Duke, aged 21, this week came into an inheritance of \$30,000,000. This is the estate of her father, the late James Buchanan Duke. Miss Duke, doubtless a very nice girl, through the accident of birth, thus receives an immense fortune at a time when hundreds of thousands of her fellow-citizens are in distress and in want.

It is a peculiar civilization that permits things like this to happen. Miss Duke is not to blame. She is simply the puppet of a system of capitalistic government which has made such a monstrous condition possible.

We are not socialistic nor communistic, but we do know, positively know, that there must be something radically wrong in an intelligent nation which permits the placing of \$30,000,000 in the hands of a slip of a girl, while unemployment, hunger and distress are stalking through the land, where this enormous fortune was accumulated.

Miss Duke is the richest girl in America. Poor little rich girl!

Roosevelt Recovery Vs. Capitalistic Bunk.

When Franklin D. Roosevelt took office March 4th, this country had reached its lowest stage in morale and in every other way.

Business was almost at a standstill. Finance was paralyzed. The Hoover administration ended in gloomy failure. The rule of the Wall Street bankers and their affiliates had ended in disheartening disaster.

No man ever confronted a more complex task than that to which the new president fell heir.

With courage, frankness and a determination to remedy the intolerable conditions existing, he took hold of things.

That conditions have improved, none will deny. Those who expected the nation to recover miraculously in a few months from the effects of long years of misrule, are disappointed.

Steady improvement has been shown. The President has steadfastly adhered to the principle that recovery must be for average people and not for the capitalists. The Hoover theory of government was that if the rich people prospered the prosperity would reflect itself in a measure of prosperity among the poor. The Roosevelt theory seems to be that

if prosperity can come to the average man, the rich will not suffer.

Money and the money kings ruled this country from 1920 to 1933. Results are plain. In their selfish greed to exploit the workingmen and the national resources, they finally wrecked their own playhouse.

When President Roosevelt took charge the money changers were down and out. They had played their hand and lost. They had shown no ability and but very little inclination to salvage the country from the morass into which they had led it. Their first response to the Roosevelt banking policies was gratitude. They were humble and apparently chastened.

But like the proverbial viper, when warmed to life, their old spirit asserted itself and they turn now on Roosevelt and would rend him and destroy him. Great financiers who see the light of a better day dawning, presume to advise the President and when he does not heed their wishes they attack his policies through bankers organizations, through national Chambers of Commerce and through every other way in which they feel that they can undermine the confidence of the country in its president.

As might be expected the political opposition is also gaining heart and beginning to look around for sustenance and nourishment.

People are naturally ungrateful. That is a human weakness proven through the ages since history was first recorded. The jackals of finance, once discredited and despised will get a hearing and a following. America has always slavishly worshipped at the shrine of money and made golden idols of its billionaires and other robbers and pirates of high degree.

Is the average American going to be again misled by the propaganda of the money barons, or has he learned to distrust his betrayers and to size them up for what they really are?

America faces two alternatives today. One is to trust its President and follow wholeheartedly his plans for industrial recovery. The other is to listen to the appeal and propaganda of the capitalistic money barons and lend help to re-establish them in power.

Sunday School Lesson

by Rev. Charles E. Dunn

Paul in Corinth.

Lesson for Nov. 25—Acts 18:1-17

Golden Text: 1 Corinthians 2:2.

Corinth stood on a narrow isthmus fifty miles west of Athens. Though inferior in intellectual attainment, it was its equal in art, and its superior in commerce and wealth. But its superb architecture formed a screen behind which vice and corruption flourished. The worship of Venus, for example, was carried on with gross immorality.

Into this pleasure-seeking community Paul came after his discouraging reception in Athens. Here he made his home with Aquilo and Priscilla, tent-makers like himself, and taught in the synagogue every Sabbath. In his letters to the church at Corinth we find interesting reminders of his impressions of the city. For instance, he doubtless visited the stadium. There he witnessed a running race, watched the placing of a garland upon the brow of the winner, and enjoyed a boxing match. (1 Cor. 9:24-27). Furthermore, he noticed the longhair of effeminate fops. (1 Cor. 11:14).

But more important than these indications of varied contacts in this crowded city is the kind of gospel Paul preached. At Athens he had catered to his audience by an excursion into the philosophy of religion, and a quotation from the Greek poets. But in Corinth he resolved to preach in a direct, positive, heart to heart fashion. "I determined," he says, in the sentence chosen for our Golden Text, "not to know any thing among you, save Jesus Christ, and him crucified." It was no easy task, for not only was the city full of wickedness, but party strife had broken out in the little church, as many as four parties competing for precedence. (1 Cor. 1:12). No wonder depression of spirit gripped him (1 Cor. 2:3), but the Lord in a reassuring vision, bade him persevere in his testimony. (Acts 18:9, 10.)

For many months the apostle labored in Corinth. Unbelieving Jews stirred up a furious mob against him, but the proconsul Gallio was sensible enough to dismiss the case. When Paul left Corinth, a comparatively strong church had been established.

POLITICS

(Continued from page 1)

again. T. J. Anderson of Piatt county is the present Democratic representative. The question seems to be—if there are two candidates for the Legislature on the Democratic ticket shall both be from Moultrie, or will Moultrie be satisfied with one and let the other go to one of the other counties?

Perhaps, because of this uncertainty, no candidates have as yet come out into the open to seek the Democratic nominations.

On the Republican side, Roger Little and Wm. Black are now in the Legislature and will doubtless seek renomination and re-election. Both are from Champaign county. Because of the dominating size of Champaign county vote, no Republican or Democrat from the two smaller counties has a chance for election to the Legislature, unless the Champaign county party leaders lend their cooperation.

The nomination for state treasurer on both Democratic and Republican tickets will be eagerly sought. Several candidates, or near candidates have already hoisted their flags in an effort to see how they stack with the party bosses and bosslets.

State superintendent of Public Instruction Francis Blair is a candidate for renomination and re-election on the Republican ticket. He got in four years ago by a small majority, while the rest of his party's ticket went into the ditch. The Democrats had a woman candidate at that time, Mrs. Eva Batterson, who made no very strenuous effort for election. The Democrats will closely scan their list of aspiring educators next April to see that the man or woman who gets this nomination will make that sort of campaign which will release Mr. Blair from the public payroll.

Both of Illinois' congressmen at large now are Democrats. Neither one has cut much of a figure at Washington, due mainly to the fact, that they are first terms. It is a foregone conclusion that they will both seek renomination and as they are "organization men" they will doubtless go over. Their names are Martin Brennan of Bloomington and Walter Nesbit of Belleville.

As a preliminary to the on-coming campaign the Republicans have held several meetings and listened to orations from prospective candidates.

Democrats are having rallies and get-together meetings and trying to iron out patronage difficulties and to explain why so many Republicans are still being retained in position of responsibility and lucrative payment on the state payroll while dissatisfied Democrats are clamoring outside.

From all appearances 1934 will be an interesting political year. The Republicans are still doubtful about the wisdom of attacking the Roosevelt administration and its recovery program, but they have no such scruples insofar as the state administration is concerned.

Sunday School Teachers

H. S. Butler

When I got up last Sunday morn,
I did not feel so good,
But still I thought I'd go to church
I felt as if I should.

And I got there just in time
To see Sunday school adjourn,
I saw the little boys and girls
Who had been there to learn,

The lessons that are taught to them
By teachers quite sincere,
Who have an interest in their work
And keep it year by year.

As I stood close by the door
The children filing by,
I thought "Oh, what a pretty sight"
For me to be so nigh.

I thought of all the care it takes
Of patience and good-will,
To teach a class of little tots
And in their minds instill,

The truths that they will not forget
That will be with them still,
When they have passed the crest of life
Are going down the hill.

I thought about these teachers
Of the good work that they do,
And the thanks the parents give them
Oft' times are very few.

But maybe they get paid
In friendships that will last,
For children won't forget
Their teachers of the past.

The pastor was young and single. A worried young man came to see him: "Parson," said he, "I want your advice. I am in love with a very homely Lovington girl, but a very rich and pretty Bethany girl wants to marry me. What shall I do?"

The pastor went into deep contemplation for a minute and then replied: "Marry the Lovington girl and give me the name of that Bethany girl."

Second child: "What had you planned?"

First Child: "Well I always was ambitious to send my dear parents to college."

It has lately come to light that when Sam Bolin assessed Mose Price's goat at \$8.00, Mose protested.

"Sam, that's entirely too much. You know that goat is not worth \$8.00."

"It seems to me" said Sol Casey of Possum Trot, "thars three things the schools o'verlook these days—teaching kids to talk plain, write plain and do plain figgering."

"What's that funny mark on this kid" said the doctor, examining a new born baby. "That's the union label" said the dad. "My union says that all products turned out by me must bear it. I'm not takin' any chances on getting fired out o' my union."

GOSPEL MISSION

Over the Post Office

Time of services the same.

The good revival has closed but we trust that each one keeps the revival spirit in his heart.

Daniel 7:2—"Daniel spake and said, I saw in my vision by night, Rev. 1:10—"I saw in the spirit on the Lord's Day."

We have here two visions, one is a vision of the night the other, a vision of the day, or light. Daniel's vision centers around the darkness of the closing of this present age, John's vision is that of the glorious morning following the darkness that will enshroud the world as this age closes to give place to the Golden Age.

As we read Daniel's vision we know there is a terrible storm to sweep over the whole world, but in this night vision we cannot comprehend the destruction. Looking back from John's vision of the Lord's day, we see a world weighed in the balance and found wanting, a world swept with the judgment of Almighty God, an age extinguished to give place to another.

Ordinance No. 317

AN ORDINANCE FOR THE CONSTRUCTION OF A CONCRETE SIDE WALK ON HAMILTON STREET IN THE CITY OF SULLIVAN, ILLINOIS.

Be it ordained by the city council of the city of Sullivan, Illinois.

Section 1:—

That there be constructed a concrete sidewalk of the width of five feet on Hamilton Street in the said city of Sullivan, Illinois beginning at the north west corner of Lot Four (4) of Block (14) of the Original Town (now City) of Sullivan, Illinois on the east side of said Hamilton Street and running from thence south along the east line of Hamilton Street One Hundred Feet; and beginning One Hundred and six feet north of the south side of Block Nine in Hamiltons Addition to the said City of Sullivan, Illinois and running from thence south along the west side of said block to where it intersects with Water Street One hundred and six feet; and commencing on the north line of the intersection of Hamilton Street with the Illinois Central Railroad Company on the west side thereof and running from thence south to the intersection of the said right of way of the Illinois Central Railroad Company with said Hamilton Street on the south side of said Right of Way.

Section 2:—

That said sidewalk shall be of the width of five feet and shall be constructed of Sand, Cement, Gravel or cinders as hereinafter specified and that said sidewalk be constructed by the respective owners of the lots or parcels of land touching upon the line of said sidewalk as hereinafter set forth.

Section 3:—

That the said sidewalk to be constructed as provided for in this ordinance shall commence at the north west Corner of Lot Four (4) of Block fourteen (14) in the original Town (now City) of Sullivan, Illinois and run thence along the east side of said Hamilton Street one hundred feet south; and one hundred and six feet north of the southeast corner of Block Nine (9) of Hamiltons Addition to the City of Sullivan, Illinois and run thence south along and upon the west side of Hamilton Street one hundred and six feet to the intersection with Water Street; and on the west side of said Hamilton Street where it intersects with the right of way of the Illinois Central Railroad Company on the north side of said right of way and run thence south across said right of way to the south line of said right of way on Hamilton Street in Sullivan, Illinois; That the lots and parcels of land touching upon the line of said sidewalk are as follows: Lot Four (4) of Block Fourteen (14) of the Original town (now City) of Sullivan, Illinois, the south half of Block nine (9) and six feet off of the south side of the north half of Block nine (9) in Hamiltons Addition to the City of Sullivan, Illinois and the right of way of the Illinois Central Railroad Company where it intersects Hamilton Street in the City of Sullivan, Illinois.

Section 4:—

That each of the owners of the lot, lots or parcels of land touching upon the line of said sidewalk or any part thereof is hereby required to construct his or her portion of said sidewalk, according to the provisions of this ordinance within thirty (30) days after the publication of this ordinance, and in default thereof it is hereby made the duty of the Commissioner of the Department of Streets and Public Improvements of said city, at the expense of said city, to provide the necessary material and

construct said sidewalk or any part thereof remaining unfinished, in accordance with the provisions of this ordinance, and without delay make a report in writing to the City Council of said city, of the total cost thereof including grading, material and construction of said sidewalk, taxed and charged against such lot, lots or parcels of land as provided for in this ordinance, and file the same with the Clerk of said City, within fifteen (15) days after the said sidewalk shall have been constructed together with a description of said lot, lots or parcels of land, and the name of the owner thereof if known, and the frontage of said lot, lots or parcels of said land whereupon the said City Clerk shall proceed in compliance with the statute, (An act entitled, An Act to provide additional means for the construction of sidewalks, in cities, towns, and villages, Approved April 15th, 1875, in force July 1st, 1875, revised statutes of the State of Illinois) to have the entire costs of the construction and materials of said sidewalk extended on the tax books against the respective lot, lots, or parcels of land, as a special tax, to be collected, levied and assessed as other taxes.

Section 5:—

Said sidewalk shall be constructed as follows: The surface of the ground upon which the said sidewalk is to be laid shall be graded by excavating and filling so as to make a smooth surface for the bed of such sidewalk twelve inches below the grade line of said sidewalk. A layer of either gravel, broken tile, broken brick or cinders eight inches in depth shall be placed over the surface thus graded and shall be thoroughly tamped leaving the surface true and level. Over the surface thus laid, shall be a layer of concrete three inches thick prepared in the following manner: to five parts of good clean gravel add one part of best Portland cement, thoroughly mix, dry; then wet enough to make a good mortar; tamp well and cut in blocks not over four feet by four feet. Cover this one inch thick with mortar of one third best Portland cement and two thirds of clear, sharp, bank sand, well mixed, dry and trowel down to a smooth surface, then cut in proper size blocks neatly.

Section 6:—

The said sidewalk shall be constructed according to the grade shown and established and filed in the office of the City Clerk.

Section 7:—

The Commissioner of the Department of Streets and Public Improvements of the City of Sullivan shall have the supervision of the construction of said sidewalk, whether constructed by the owners of the lot, lots or parcels of land touching upon the line of said sidewalk or by the City of Sullivan for such owners as may default in the construction of said sidewalk, and said sidewalk shall be subject to the approval of the said Commissioner of the Department of Streets and Public Improvements of the City Council of the City of Sullivan, Illinois.

Section 8:—

All ordinances or parts of ordinances of the said City of Sullivan heretofore passed relating to the construction of a sidewalk upon and along that part of Hamilton Street heretofore described are hereby repealed.

Mrs. M. M. Garrett Funeral In Bethany

Mrs. Ollie Inman Garrett, wife of M. M. Garrett, local I. C. section foreman, died at her home in Mattoon at 10:30 p. m. Thursday, November 16th. She had been in poor health for the past four years, having suffered two previous paralytic strokes.

Her maiden name was Ollie Viola Hamilton and she was born on a farm seven miles south of Harrisburg. On December 10, 1905 she was united in marriage with George August Inman near Altamont, Illinois. Two sons were born to this union. One, Charles Everett Inman, survives her. This union was severed and on July 15, 1913 she was united in marriage with Marion Morris Garrett, who survives her. Two children were born to this union, but both died in infancy.

Besides her husband and son, she leaves a brother and sister, several half-brothers and half-sisters and numerous other relatives and friends.

The Garrett family resided in Bethany at the time of Rev. Hopper's pastorate there, and he conducted the funeral services in the Bethany Christian church Sunday afternoon at 2:30. Interment was in the Bethany cemetery. The Rebekah Lodge I. O. O. F. of Mattoon had charge of the graveside services.

BIRTHDAY PARTY

Saturday was the third birthday anniversary of Escoc Denton, Jr., son of Leota Denton of Findlay and Escoc Denton of Sullivan. A party was given in the home of his grandparents in honor of the occasion.

Those present were Virginia, Phyllis and Norma Griffith, Marie Carroll, Wilfred Ringo and Bobbie Ticknor.

Refreshments of jello salad, cake, candy and popcorn were served.

RUNDOWN? NERVOUS?

Mrs. James H. Dix of 1009 1/2 Chamberlain St., Rockford, Ill., said: "I was terribly rundown, nervous, very thin and anemic, and did not rest well at night. Dr. Pierce's Favorite Prescription strengthened me so that I regained my normal weight and I was relieved of that tired, nervous condition." All druggists. New size, tablets 50 cts., liquid \$1.00. CHURCH NOTES

PRESBYTERIAN CHURCH

Glenn M. Garber, Pastor

Due to the illness of the pastor the Sunday School will be the only service held Sunday. And since it is the only service it is urged that all members attend insofar as it is possible.

BAPTIST CHURCH

Rev. Harold W. Ranes, pastor

Bible school 9:30 a. m. B. Y. P. U. at 7:00 p. m. Preaching service 8:00 p. m. The evening service this Sunday in charge of the pastor will begin at 8 p. m. "There's a welcome here" for any and all. The subject will be "David's Prayer."

This evening preaching service follows the Thanksgiving service conducted by the B. Y. P. U. to which all are invited. The leader will be Raymond Grigsby.

There will be no Music Rehearsal this week but Prayer meeting will meet at 7:30 p. m. as usual on Tuesday night.

The Baptist will join with the churches of Sullivan in the Union Thanksgiving services to be held in the Methodist church on Wednesday evening at 7:30. Since your minister is bringing the message it is expected you will support him with your prayers and presence.

CHRISTIAN CHURCH

C. E. Barnett, Pastor

Next Sunday at 10:30 a. m. and 7:30 p. m. the sixth annual "Thanks for the Harvest" services will be held. These are the services in which our final gifts of benevolence for the Christian Home for the Aged, at Jacksonville, and the Christian Orphans Home at St. Louis, are to be received. We are requesting, that as far as possible, all gifts be brought to the church Saturday afternoon, between the hours of one and four.

You may bring any gift that may be suitable for use in these homes: fruits and canned goods, jellies, flour, sugar, cured meats, etc. Those bringing fruits and canned vegetables in glass jars may receive empty jars in return, if desired. For purposes of decoration we shall be glad to receive products of the field that may be sold, and the proceeds added to the other cash offerings.

In the evening service there will be a reproduction of "The First Thanksgiving" by the Pilgrims, a pantomime of the first Thanksgiving feast and a reading: "The Courtship of Miles Standish. The pastor will speak briefly on the theme "Our Debt to the Past." The subject of the morning sermon will be "Forget Not!"

In the Sunday School at 9:30 a. m. the thanksgiving spirit will prevail in song and program. A short play "Paying Dividends" will be presented, also a brief talk on Thanksgiving. A goal for 240 has been set for attendance. An offering will be received for Religious Education in the class sessions.

Christian Endeavor will be led by Vonnie Leavitt. It is a Thanksgiving subject, "What Have We to be Thankful For?"

The union Thanksgiving services will be held at the M. E. church on Wednesday evening, Nov. 29. Rev. Ranes, pastor of the Baptist church delivering the message.

FROM THE EDITOR OF THE AMERICAN BOY

In wild Mongolia, Roy Chapman Andrews, famous scientist-explorer digs up the bones of monsters dead millions of years. In the Zululand of Africa, Carl von Hoffman, Russian adventurer, sets a trap for a lion. The gripping experiences of famous men will be part of the reading diet in store for boys in 1934, according to word just received from the editor of THE AMERICAN BOY — YOUTH'S COMPANION.

The issues of 1934 will be crowded with adventure. With Connie Morgan in the Arctic, with Douglas Renfrew of the Royal Canadian Mounted, with Jim Tierney, the retired detective who can't stay retired, the American Boy subscriber will enjoy the new experience of his favorite fiction characters.

Stories that help prepare a boy for college and for business, helpful articles on hobbies and sports, and interviews with famous men, will help round out a record-breaking year for the magazine's readers.

THE AMERICAN BOY — YOUTH'S COMPANION costs just \$2.00 a year. Until January 1, 1934, you may obtain a three-year subscription for \$3.00, a saving of \$3.00 over the one-year rate for three years. If you wish to take advantage of the saving, be sure to get your three-year subscription in before January 1. Send

COURT ASKED TO REMOVE CONSERVATOR

Attorney Frank Wolf has filed a petition in the county court, asking for the removal of J. A. Webb as conservator for Mrs. Senie Clark. Mrs. Clark is an inmate of a state hospital. The petition recited that the conservator has not been making reports according to law. The case was up for hearing Thursday morning and was continued.

4-H CLUB NEWS

MEMBERS ON PILGRIMAGE

If the view of Secretary of Agriculture Wallace that future farmers should have more leisure is accepted there will be no lack of good ways to use it where 4-H club folks have anything to do with it. In almost every county in the country where 4-H clubs are active fine recreational features already are an important part of the annual program.

Among the many ways club folks are balancing their serious projects with worth while fun are tours to point of agriculture interest within easy motoring distances. Lake county, California, club members and leaders took a tour to the beautiful campus and experimental grounds of the State University this fall. It was first done last year and only club members were taken who had completed four years of projects and were over 15 years of age. The two tours have been so successful the idea appears to be well rooted in the program of the county.

The tour in this county serves a dual purpose. It is a fine outing for club members and leaders, and by restricting it to the class of members they designate as "senior" it gives an incentive to the younger members to stick by their projects and continue in club work year after year. The requirements placed on club members in California or any state are not easy for a boy or girl to meet, even when they have smooth sailing. And when they run against the many obstacles which they can and do take pluck to keep on with their projects, as club training is not compulsory like school work.

LATE PLANTED POTATOES A SUCCESS THIS YEAR

W. H. Crist, who has a farm near the Masonic Home, dug his potato crop on Friday of last week. From a planting of two bushels he harvested over twenty bushels of fine choice potatoes.

This is a late variety and he planted them the latter part of July. When fall rains came they made a good growth, but he says that more than half of the growth was made in the last month before frost killed the vines.

He has been growing this variety for some years and never digs them until the vines are killed by a hard freeze. It seems that these potatoes grow best in the cool moist soil of late fall.

They are of excellent quality and good keepers. Several neighbors have also raised them, but they usually get too much in a hurry about digging them and lose the best growing season.

Mr. Crist showed a number of samples around town Saturday. They were nicely shaped and averaged better than a half pound a piece. They are red in appearance, a little brighter in color than an Early Ohio or Red River.

EDUCATION'S BIG BRAINS TO CONFER AT URBANA

Urbana-Champaign, Ill., Nov. 20. The University of Illinois will host to 5,000 Illinois high school teachers here Nov. 23, 24, and 25 at the annual conference of high school teachers and superintendents.

Here the teachers of the youth of the State of Illinois' future citizens—will study new and old methods of how best to educate the school children. A program by educators of national reputation has been arranged for the visitors.

In addition to general sessions for all teachers, the conference will divide into sections for specialized study in the fields of administration, agriculture, art, biology, the classics, commerce, student conduct, English, geography, history, library science, home economics, industrial arts, journalism, Mathematics, modern languages, music, speech, physical science, and physical education.

The all-State chorus and all-State orchestra, groups of selected outstanding musicians of Illinois high school children, will present two concerts for the teachers. The concert at 4:15 p. m. Friday will be broadcast by the University's radio station, WILL.

In connection with the teachers' conference, the Illinois High School Press association will hold its annual conference under the auspices of the University's School of Journalism.

WORKING MEN START BATTLE ON DEPRESSION

(Con. from Page 1)

at the Armour bridge southwest of Lovington.

Other townships are planning improvement projects to submit to the Civil Works Administration in Chicago. As soon as they are approved, work will get under way and more men will be given a chance to earn their living.

Another Big Job

Projects on state highways and state aid roads need only the approval of the State Highway Department. A big job of this kind will be under way soon in Jonathan Creek and East Nelson townships where the road from the curve in Route 132 will be improved East to the Carl Leeds corner and thence north to Cadwell. The road will be graded, culverts built and put into shape for permanent improvement which is contemplated at some future date.

Wherever any cement is needed in such improvement projects, the county must buy it. The state furnishes gravel and sand where needed.

Relief Men First

The orders received here were to the effect that men now on relief rolls be given this work first. It is planned, however, to put other needy men to work and some may already be plying shovel and pick. Anybody that needs a job to support himself and family is to be given some of this work. The Federal government has made \$400,000,000 available for this civil works program. It realized that about that amount would be needed to feed the unemployed who need work this winter. Instead of making a donation of the vast sum, it is planned that the public get something in return for it.

In every county, city, village and hamlet public works projects are planned or are already under way. Men are to be used not necessarily in the townships where they live, but on any work projects that may be under way in the county. The local Relief Committee has worked out a schedule which provides that the work will be equitably divided among Moultrie's townships.

Short Week; Good Pay

A new feeling of confidence is sweeping over the country as the men are going to work. Men who get jobs are taken off the relief rolls. They will get 40c (perhaps 50c) per hour for a 30-hour week. Those offered jobs, who refuse to accept them will be cut off from relief. Any who take jobs and fail to work will be canned and are no longer eligible to receive relief.

While for the present the Emergency Relief Committee consisting of F. C. Newbould, J. L. Mayes, Chester Horn, Orla Kimbrough and D. Houlihan are in charge of this work, with Carl Wolf as office manager, a new committee, known as the Emergency Re-employment Relief committee has been named. This committee will meet to organize Friday night. The members are Guy S. Little, O. E. Lowe, Chester Horn, I. E. DeBruler and S. H. Curry. This committee will have an office with a man in charge.

6500 Pounds Pork

There are of course many cases on relief rolls where no able bodied man is available to earn a living. Such cases will still be administered by the Relief committee. The committee has been notified that 6500 pounds of salt pork will be shipped here in December and that flour will also be available. The Red Cross will continue its distribution of clothing as during the past year.

It is plainly to be seen that the plans of President Roosevelt are looking not merely to present relief needs but the unemployment and relief propositions are being closely linked together in an effort to whip the depression before next spring. None of the worthy needy shall suffer this winter, while able-bodied men and women will be given employment that will assist them in taking care of themselves and dependents.

The plan of spending the \$400,000,000 will result in getting for the entire nation many public improvements which could not possibly have been built in any other way.

The following statement of the Civil Works Administration of Illinois was furnished to the press through Relief Chairman F. C. Newbould:

The initial enrollment of men on Civil Works projects is being made from those who are on public relief rolls on November 16, according to Frank C. Newbould, Chairman of the Moultrie County Civil Works Administration.

"The Illinois Emergency Relief Commission has been appointed Illinois Civil Works Administration and it in turn has appointed its county emergency relief committees as its local Civil Works Administration," said Mr. Newbould. "The county committees will supervise the initial selection of men, which will be made entirely from active relief rolls."

"This means that no person who was not on public relief rolls on November 16 will be eligible for employment on Civil Works projects at this time."

"The initial selection from those on relief will consist of one-half of the quota for each county. As Moultrie county has been given a quota of 280 men, this means that 140 persons are to be enrolled for civil works projects from relief rolls before any selection can be made of unemployed persons who are not on relief rolls."

"The local administration is given until December 1st to make this enrollment. If this work is completed before that date, the selection of unemployed in general will begin as soon as the enrollment of relief clients is completed."

"The selection of unemployed in general for civil works projects will be carried out by the local office of the U. S. Re-Employment Service in counties where no Illinois Free Employment offices are located, and will be handled independently of relief administering agencies."

"If the local relief agencies fail to enroll 50 per cent of the total quota for the county by December 1st, the U. S. Re-Employment Service is authorized to enroll the entire balance of the quota from all unemployed."

Mr. Newbould stated that the Moultrie County Civil Works Administration has been authorized to recommend jobs in the county for Civil Works projects. The recommendations will be sent to the State Civil Works Administration for approval. The projects must be for governmental units and they must not be provided for by current budgets. The Federal Civil Works Administration has placed a further restriction on these projects by stating that they cannot cover the normal activities of a governmental unit, even if these are not covered by current budgets. Suppose, for example, that a city wishes to have a street cleaning project approved for Civil Works. This project cannot be accepted, even though the city has not provided for this work in its budget, because the Federal authorities feel that this is a normal day-to-day activity of the municipal government.

The local civil works administration is anxious to work with the municipal and other public officials within the county in developing civil works projects here. Representatives from this county attended the meeting held in Chicago on Saturday, and have received instructions on the local administration of this program. They are

Monticello Eleven Defeats Sullivan 18 to 13 Friday

Ebby Scheer

A last minute rally brought Monticello another conference win here last Friday. Monticello scored first after a Sullivan punt was blown back and out on the Sullivan 2 yard line. Poland scored twice once on a plunge and again on an intercepted pass. Monticello slashed off tackle for nice gains and went over again. On a lateral pass which hit the ground and bounced up into Barbour's arms he ran 35 yards for the score. When the ball hit the ground the Sullivan boys slowed up thinking the ball was dead. Monticello made 11 first downs to Sullivan's 9.

First Quarter

Rankin kicked to Sullivan's 15-yard line where Pifer brought it back to the 25 yard line. English plunged for two yards. Horn made 7 yards on an off tackle play. Horn again slashed off tackle to the forty yard line for a first down. Puckett drew a five yard penalty for off sides. English tried a plunge and Horn plunged for no gains. Poland punted to the visitors 45. Palmer brought the ball back to the fifty. Puckett threw Higgins for a five yard loss. Barbour punted out of bounds on the Sullivan 8 yard line. English fumbled after making 1 yard but Pifer recovered. Poland punted the ball in to a strong wind and it was blown back and went out of bounds on the Sullivan two yard line. Lanum threw the ball carrier for a 3 yard loss. On the next play Palmer plunged over. The pass for point failed. Brackney took the short kick off on Sullivan's thirty. He ran back to the thirty-five. After two plunges failed Poland kicked to the fifty. Poland intercepted a pass and was downed in his tracks. Horn made two first downs to Monticello's 40 as the quarter ended.

Second Quarter

Musick threw English for a two yard loss. Poland fumbled Horn's pass. Poland kicked to Palmer's two yard line and he returned it to the 15. Palmer and Barbour made 5 yards in two plays. Barbour made 1 yard. The Monticello punt went out of bounds on her own 30. English plunged off tackle for 8 yards. Poland circled end to the Monticello 7 yard line. English made three yards on a plunge. Poland made 1 yard. Poland jumped over the pile at the line of scrimmage for the touchdown. The place kick for the point was wide.

Palmer received Poland's kick off on 37 yard line and was tackled in his tracks. Barbour made four yards inside of tackle. Norris plunged to the Monticello 48 yard line. After an incomplete pass to Burgess Barbour kicked out of bounds on the Sullivan 33 yard line. Horn slashed off tackle for eight yards. English plunged for a first down. Horn picked up five yards through guard. Norris brought Poland's punt back to his 25 yard line. Palmer made eight yards on a lateral pass. Palmer encircled end for a first down. Norris' pass was incomplete as half ended.

Third Quarter

Barbour returned Poland's kick to his own 38 yard line. Poland intercepted Barbour's pass and ran 38 yards for a touchdown. Poland place kicked the point.

Poland kicked to Palmer who ran the ball back to his 30. Palmer made two yards. Jividen threw Palmer for a three yard loss. Pifer was downed in his tracks after taking Barbour's punt. Monticello was penalized 15 yards for slugging. English plunged for five and Horn made three more. Burgess threw Poland for a four yard loss. Poland threw a delayed pass to Pifer but the ball wasn't over so Monticello took it. After three plays failed to gain Barbour kicked to Pifer. Monticello was penalized 15 yards for kicking. Poland ran 15 yards for a first down on Monticello's 10 yard line. Sullivan was penalized 15 yards for illegal use of the hands. A first pass was incomplete. Pifer caught a pass. Monticello taking the ball on downs punted. Horn made two yards and Poland taking advantage of the wind kicked into the end zone. Putting the ball in play on their twenty Palmer made 25 yards to his own 45 as the quarter ended.

Fourth Quarter

Palmer slashed off tackle for 16 yards. Palmer picked up ten more for another first down. Higgins made six yards through center. Norris picked up two. Two penalties set Monticello back twenty yards to Sullivan's 40. Norris' pass to Parsons made a first down on Sullivan's 10. Another pass Norris to Parsons scored the touchdown. The pass for point was incomplete.

English returned Rankin's kick 15 yards to his own twenty. After three unsuccessful plunges Poland kicked to Palmer who returned it to his own 45. Norris made 19 yards in two plays. Barbour picked up a fumbled lateral pass and raced 35 yards for a touchdown. The try for point failed.

Poland ran back the kick off to his 35 yard line. Horn made 2 yards. English and Poland one a piece and a pass to Bolin was incomplete. Monticello took the ball. Palmer raced 25 yards to the Sullivan 23 yard line. Norris broke away for ten. Palmer made five yards and was brought down by Pifer the safety man as the game ended.

Expert Radio service will remedy troubles. That is the kind of Service we specialize in.

How About It?

At the THEATRE

You would not suspect it, but Everett Hays is a pretty good sort of speller or ballyhoo man.

To be that you must have personality; you must be filled to the very brim with enthusiasm, you must have a sort of evangelistic zeal—you've got to be a cheer leader, rah, rah, rah, boom!

Now to prove this on our theatrical manager, we'll just pass on to you a line that he submitted this Monday morning: Here goes "Dear Mr. Editor: Of course the big attraction for Friday night, Nov. 24, is "Race Nite" but what a break—what a break—for those fortunate to be present! The special picture program will include "Walls of Gold" taken from Kathleen Norris' famous novel; also (and get this) an excruciatingly funny Tom Howard comedy entitled "Static" and an interesting screen novelty. Oh boy, what a show!"—What more is there for a mere editor to say. When Kathleen Norris, Everett Hays, Sally Eilers, Norman Foster, Ralph Morgan and the Fox studio conspire to give you an interesting hour, you can depend on it that you'll not be disappointed.

Then Comes Saturday
You will note that there are two separate and distinct shows on Friday and Saturday of this week. The Saturday feature is "Golden Harvest," a very timely picture, especially interesting to the people of this community. Mr. Hays expects a tremendous night crowd, so if you like good shows and don't like crowds, take the hint and attend the afternoon matinee.

"Again our lucky Patrons get a break!"
—Everett Hays

The Sunday and Monday show is "My Weakness" starring Lillian Harvey and Lew Ayres, Harry Langdon, Charles Butterworth et cetera. Plenty of mirth-provoking comedy; a beautiful new heroine; lots of swell girls. Ah, 'tis a glamorous conglomeration of mirth and beauty that will drive dull care away. If you've got but a quarter (25c) you get as much or more fun crowded into show-time as any millionaire on a gilded yacht. That is one thing in life—no millionaire can enjoy a good show more than you can; no millionaire can eat more than a square meal. In lots of ways poor people are the equals of the millionaires—only they have less money to worry about. Also, they are not always afraid of being found out, sued for breach of promise, and so veiter!

"Stuart Erwin"
We like Stuart Erwin. He's the type of guy that can always entertain us. He stars in Tuesday's picture "Before Dawn" and with him are Dorothy Wilson, Warner Oland and Dudley Digges. There is drama, ghastly mystery, creepy stuff, funny stuff. She's a great show. Words and music by Edgar Wallace—music omitted. There are some nifty shorts out on the line for this date.

Maurice Chevalier
The funny "Frog" (Franchy) of the screen. We don't believe Chevalier is to blame for France not paying her war debt. Maurice is showing America "The Way to Love" and 'tis said the picture is up to the usual Chevalier standard. Pretty Ann Dvorak is the girl who takes lessons. Edward Everett Horton adds to the joy of the hour and a dog named Mutt plays the part of Cassanova. Chevalier is mighty popular here. If you want to see the show next Wednesday or Thursday, come bring the family and TRY to get IN. Maurice is a cheerful eyeful of fun and frolic in a world that has too much headache.

Farm House Burned Friday Afternoon

The frame farmhouse on the Art Herendeen farm northwest of this city was destroyed by fire at about 1 o'clock Friday afternoon.

The place had been occupied by the Walter Schweitzer family. All they saved of their belongings was one bed and several boxes of fruit. They are now staying at the Ann Elliott home.

The fire is presumed to have started from a spark dropping on the shingle roof and was well under way before discovered.

Ralph Fanning Linoleum Artist

Sullivan people who were in the Illinois Host building at the Century of Progress have doubtless trodden underfoot the art work of one of their former fellow-citizens. All of this was all right, however, as will be explained later on.

The artist referred to in this sketch is Ralph Fanning son of Mrs. William C. Fanning, nee Caldwell. His mother is a graduate of the Sullivan Township High school and occasionally contributes some most excellent poems to The Progress for use on the editorial page.

Ralph Fanning was born in Sullivan and lived with his parents in Sunnyside until about 5 years of age. He and his grandfather, W. A. Caldwell and "Old Ted" was the very familiar figures to older Sullivan residents. "Old Ted" was the family horse and later belonged to Milt David. W. A. Caldwell was for years a well known contractor and Ralph's father, William C. Fanning was also a mechanic of fine skill and was a well known authority on linoleum until ill-health (from which he is now recuperating) compelled him to give up all his activities.

Getting back to Ralph Fanning, art and the Host building — Mr. Fanning, who is in the employ of the Vrooman Carpet Co. of Oak Park planned and executed the new art in linoleums which brings that product into the class of oil paints, water colors and pastel crayons. On the Host building floors thousands of large and small pieces of linoleum have been made into mosaic designs and pictures by an improved process of joining that makes the junction points imperceptible. The Illinois Host building is decorated with 12 such designs in the main hall. The work was all done under the direction of Mr. Fanning.

Among other of Mr. Fanning's remarkable works in this new art is a linoleum portrait of Franklin D. Roosevelt which attracted much favorable comment and magazine publicity.

If Sullivan people will remember to look for Mr. Fanning's work when they visit the Century of Progress next year, they will see the most advanced ideas in the art of linoleum floor construction.

SCOTTSBURG FARMERS HAVE GOOD CROP YEAR

Mr. and Mrs. Jake Landgrebe left the latter part of last week for their home in Scottsburg, Indiana after spending a few weeks here visiting relatives and friends.

Mr. Landgrebe says that farmers in the Scottsburg vicinity have had a good year. There is a big canning factory in that city and they raise tomatoes, beans, pumpkins, etc., for the factory. The prices this summer were \$20 per ton for tomatoes; \$35 a ton for beans and \$3.00 a ton for pumpkins.

While not much corn is grown thereabouts, the acreage out this year will show a nice yield, some as high as 90 bushels of good corn per acre. All of this has put some money in to the farmers' pockets and consequently business conditions are good.

Mr. and Mrs. Landgrebe who formerly lived near Cushman now live in Scottsburg, retired from any active business participation.

Application For Gas Loan Made by City

(Continued from page 1)

ten contract or agreement with the McBride people except that Resolution by which they bound the council to make application for the loan.

It was suggested by C. F. McClure that before any further papers be signed by the city that the McBride company sign a statement to the effect that the city was in no way obligating itself financially in case the project fails of approval.

E. F. Hanlon, president of the McBride Company, who was present, stated that he would be willing to sign such a statement. The statement was accordingly drawn up by City Clerk Martin and signed. It is as follows:

Protects City
City of Sullivan)
County of Moultrie) ss.
State of Illinois)

It is hereby agreed by The J. A. McBride Gas Engineering Corporation that, in connection with a certain application of the City of Sullivan for a loan from the Federal Administrator of Public Works for the construction of a gas plant and mains, the said City of Sullivan is hereby released from any financial obligation to said J. A. McBride Gas Engineering Corporation in the event that said application is refused by said Federal Administrator of Public Works or rejected by the voters of the city of Sullivan; and that all expense of holding a special election for the purpose of voting upon said Gas project by said voters of Sullivan, Illinois (a sum of not less than fifty nor more than one hundred dollars) shall be borne by said J. A. McBride Gas Engineering Corporation. Said election will be held in the event that the said loan is granted by said Administrator of Public Works.

J. A. McBride Gas Engineering Corp.
By E. F. Hanlon, Pres.
C. E. McFerrin, Mayor
J. E. Martin, City Clerk.

City Attorney Meeker gave it as his opinion that by passage of the resolution some weeks ago, the city officials were obligated to sign the application for loan and this was done, although the procedure lacked in enthusiasm.

Move is Unpopular

The things which have made the officials skeptical in this gas matter are that proposition has been changed considerably since first brought to the attention of the council by the McBride people. First estimates of cost seem to have been around \$40,000, while the application as made is for \$93,960. This amount includes \$7,000 for engineers fees and \$3,500 for attorney fees and similar expenses.

Though people did sign cards indicating a desire to use gas, if available, the proposition seems to have developed enough unpopularity to make sure of its defeat if it passes the state and federal commissions and finally comes to a vote here. The people feel that their desire for gas is not urgent enough to entail the expenditure of a loan of \$100,000 for the building of the plant and distribution system. It will prove far cheaper to use electricity generated and sold by the municipal plant for cooking and heating purposes.

HOLSTONS IN MATTOON

Farm Bureau News

MANY ENTRIES IN COUNTY DRAMA CONTEST

Ten rural organizations have already entered the Moultrie County Drama and Music contest, according to the Moultrie Farm Bureau which is sponsoring the contest in co-operation with the University of Illinois. The entries thus far include, nine one-act plays, one orchestra, two quartettes. This contest which will take place during the latter part of December is the second such affair sponsored by the local Farm Bureau, and is the preliminary to a state contest held at Urbana in January.

Entries Close Nov. 27

Entries in the county contest must reach the Farm Bureau office by Monday, Nov. 27th. Any rural organization in the county such as P. T. A., churches or Community Clubs are eligible to enter. Groups that have already selected their plays are: Purvis P. T. A., East Nelson Farm Bureau Unit, Jonathan Creek Community Club, Mon-

gan Community Club, Titus P. T. A. Smysor Community Club.

Signing Wheat Contracts

The Wheat Allotment Contracts for Moultrie county are being signed today (Friday) by the farmers who have agreed to reduce their acreage. Two sign-up stations are being held by the Community committee consisting of Charles Shuman, chairman, Fred Schuetz and C. E. Durr. The committee will be at the Hardware State Bank in Lovington in the morning, and at the Farm Bureau office at Sullivan in the afternoon. The Allotment Committee of which Mr. Shuman is a member has finished checking the applications in this county and is now working at Tuscola. It is estimated that the checks will start to come back from Washington within three or four weeks after all contracts are signed.

3 about Cigarettes

Not so long ago practically all cigarettes were made by hand

Now, Chesterfields are made by high-speed machines that turn out 750 cigarettes a minute, and the cigarettes are practically not touched by hand.

BY the use of long steel ovens—drying machines of the most modern type—and by ageing the leaf tobacco for 30 months—like wine is aged—Chesterfield tobacco is milder and tastes better.

Only pure cigarette paper—the best made—is used for Chesterfield.

And to make sure that everything that goes into Chesterfield is just right, expert chemists test all materials that are used

in any way in the manufacture.

Chesterfields are made and packed in clean, up-to-date factories, where the air is changed every 4½ minutes. The moisture-proof package, wrapped in Du Pont's No. 300 Cellophane—the best made—reaches you just as if you went by the factory door.

In a letter to us, an eminent scientist says:

"Chesterfield Cigarettes are just as pure as the water you drink."

"Chesterfield cigarettes are just as pure as the water you drink"
