

Christmas

The story of the birth of Joshua of Nazareth, called Jesus, the Christ, as told by St. Luke in the Second Chapter of his Gospel story:

- 1 And it came to pass in those days, that there went out a decree from Caesar Augustus, that all the world should be taxed.
- 2 (And this taxing was first made when Cyrenius was governor of Syria.)
- 3 And all went to be taxed, every one into his own city.
- 4 And Joseph went up from Galilee, out of the city of Nazareth, into Judea, unto the city of David, which is called Bethlehem (because he was of the house and lineage of David)
- 5 To be taxed with Mary his espoused wife, being great with child
- 6 And so it was, that, while they were there, the days were accomplished that she should be delivered.
- 7 And she brought forth her first born, and wrapped him in swaddling clothes, and laid him in a manger; because there was no room for them in the inn.
- 8 And there were in the same country shepherds abiding in the field, keeping watch over their flock by night.
- 9 And lo, the angel of the Lord came upon them, and the glory of the Lord shone round about them; and they were sore afraid.
- 10 And the angel said unto them; Fear not: for behold, I bring you good tidings of great joy, which shall be to all people.
- 11 For unto you is born this day in the city of David a Saviour, which is Christ the Lord.
- 12 And this shall be a sign unto you; Ye shall find the babe wrapped in swaddling clothes, lying in a manger.
- 13 And suddenly there was with the angels a multitude of the heavenly host praising God, and saying: 14 Glory to God in the highest, and on earth peace, good will toward men.
- 15 And it came to pass, as the angels were gone away from them into heaven, the shepherds said one to another, Let us now go even to Bethlehem, and see this thing which is come to pass, which the Lord hath made known unto us.
- 16 And they came with haste and found Mary, and Joseph, and the babe lying in a manger.
- 17 And when they had seen it, they made known abroad the saying which was told them concerning this child.
- 18 And all they that heard it wondered at those things which were told them by the shepherds.
- 19 But Mary kept all these things and pondered them in her heart.
- 20 And the shepherds returned glorifying and praising God for all the things that they had heard and seen, as it was told unto them.

PROPHECY OF ISAIAH

Being one of the prophecies of the holy men of Israel, foretelling the coming of the Christ as recorded in the 11th Chapter of the Book of Isaiah, verses 1 to 5.

- 1 And there shall come forth a rod out of the stem of Jesse, and a branch shall grow out of his roots:
- 2 And the spirit of the Lord shall rest upon him, the spirit of wisdom and understanding, the spirit of counsel and might, the spirit of knowledge and the fear of the Lord;
- 3 And shall make him of quick understanding in the fear of the Lord; and he shall not judge after the sight of his eyes, neither reprove after the hearing of his ears:
- 4 But with righteousness shall he judge the poor, and reprove with equity for the meek of the earth: and he shall smite the earth with the rod of his mouth, and with the breath of his lips shall he slay the wicked.

TEACHINGS OF JESUS

- As recorded in the gospels:
- ¶ Thou shalt love thy neighbor as thyself.
 - ¶ Be ye therefore merciful, as your Father also is merciful.
 - ¶ Ask, and it shall be given unto you; seek and ye shall find.
 - ¶ Blessed are the pure in heart for they shall see God
 - ¶ Love your enemies, bless them that curse you, do good to them that hate you, and pray for them that despitefully use you and persecute you;
 - ¶ Lay not up for yourselves treasures upon earth, where moth and rust doth corrupt, and where thieves break through and steal;
 - ¶ Ye cannot serve God and Mammon.
 - ¶ Let your light so shine before men, that they may see your good works, and glorify your father which is in Heaven.
 - ¶ I came not to call the righteous, but sinners to repentance.
 - ¶ Judge not, and ye shall not be judged; condemn not, and ye shall not be condemned; forgive, and ye shall be forgiven.
 - ¶ Give, and it shall be given unto you; . . . for with the same measure that ye mete withal it shall be measured to you again.
 - ¶ But rather seek ye the kingdom of God; and all these things shall be added unto you.
 - ¶ For whosoever exalteth himself shall be abased; and he that humbleth himself shall be exalted.
 - ¶ . . . If ye continue in my word, then ye are my disciples indeed; And ye shall know the truth, and the truth shall make you free.

Sullivan Reds Top Lovington In Tournament

Dennis Squad Started Toward County Victory on First Night of Play; Windsor Opponent Thursday Night.

The annual county cage tourney opened here Wednesday night with Sullivan and Arthur, along with the Lovington and Arthur Seconds moving into the second round by virtue of thrilling victories in pulsating struggles the results of which might just as well have been reversed. The Lovington Seconds surprised Sullivan 24 to 22; Arthur's reserves eked out a 20 to 19 triumph over Bethany; the Arthur regulars piled on further remorse by taking a last second 22 to 20 win over the Bethany first stringers; and then Sullivan tripped Lovington 21 to 17 in the least exciting game on the card.

ARTHUR RALLIES—TO FLATTEN BETHANY First in the matter of heart throbs was the Bethany-Arthur drama, which had even the non-chalant up on their feet. With five seconds remaining Doc Grabb, who appeared a little indisposed thru-out the encounter, sent one of his

Nearly all of this was grown and canned on farm. Supt. Filson says that he raised 11 bushels of soup beans and 30 meat hogs have already been killed during the past year and others are still on the hoof, waiting to be converted into garnishment for the bean soup. One steer has also been killed. The value of the canned fruit and vegetables is estimated at \$509.60. The 23 old folks who are being taken care of at the home will have duck with oyster dressing on Christmas day.

James Dee Ward Died From Injuries

Mr. and Mrs. William Ward received a telegram on Friday evening of last week announcing the death of their son, James Dee, at the United States Marines hospital in San Francisco. Word of his death came as a big shock to members of the family, who had received a letter the day before from their son which had been dictated by him.

While on duty on one of the government ships in September he fell with a number of others from one deck to another. Some of the Coast Guards were rather badly hurt, but it seemed that Dee received only a bad shock. He secured a month's leave of absence in order to recuperate and went to his ranch in Oregon. While there he was in bed most of the time. On his way back to Southern California he was taken sick and went to the U. S. Marines hospital at San Francisco, where he passed away.

James Dee Ward was born on September 12th, 1903, at Mt. Pulaski. He graduated from the Mt. Pulaski high school in 1923. After graduating he was with the Davey tree surgery. Later he attended a radio school at Valparaiso, Ind. Shortly after his parents moved to Sullivan in 1927, he went to California, joining the Coast Guard service in 1930 as a radio operator and was stationed at San Diego, California.

The body arrived here on Tuesday afternoon accompanied by his friend Herbert Chapman.

Dee is survived by his parents, and one sister Miss Leo Ward.

The funeral was held at 1:30 o'clock on Wednesday afternoon at the McMullin Funeral Home with Rev. C. E. Barnett in charge of the services. The body was taken to Mt. Pulaski for interment at the family cemetery at that place.

The pall bearers were members of the local American Legion and were Ray Yeakel, George Roney, Paul Chippis, Clarence Miller, Jas. R. Pifer and Roy Light.

Windsor Has Hopes For Bank Re-Opening

Windsor people are still hopeful that plans can be perfected for the re-opening of the Commercial State bank.

According to latest reports, auditors are still at work trying to untangle the bank's affairs. President Firebaugh committed suicide last week.

Earl Walker, county treasurer of Shelby county, has been named as receiver of the bank and is in charge.

The fact that a receiver has been placed in charge does not mean that plans for reorganization, looking toward re-opening cannot proceed.

ED GREEN ARRESTED AND IS NOW IN JAIL

Ed Green, a shoe factory worker, became abusive at the dance hall Sunday night. His wife had him arrested on a charge of assault and battery. When brought into Judge Lambrecht's court, a fine of \$100 and costs, total \$110.40 was assessed. Unable to pay the fine, the Judge ordered him committed to jail until fine and costs are settled.

NEXT DAY OF CIRCUIT COURT FEBRUARY 6TH

Judge Armstrong who held court here Thursday of last week adjourned circuit court until February 6th. At that time the burglary and larceny case of Teddy Pifer is allotted to go to trial.

BUY BUILDING LOT

Mrs. Blanche Tarter has bought a lot on East Jackson street from James R. Pifer with expectation of building thereon. The price was \$162.50.

CWA Permits Court House Repair Work

Workers at Present Employed on Out of Town Jobs; Several New Projects Approved. Use Re-employment Agency.

New CWA projects have been approved this week. 348 men are busy on those which had been previously approved. All of this quota of men are in country work now, building roads and grades and consequently the approved Sullivan city projects have not yet been started.

As soon as labor is available, so as not to exceed the quota of 348, the job of graveling the streets in Wyman park and cleaning the city's tiles and sewage system will be undertaken.

A new job approved this week provides for repairs and improvements on the court house. The entrances will be repaired both inside and out; exterior stone work will be tuck-pointed and plaster inside will be patched and repairs will be made in the vaults. The amount allowed for this job is \$1,960. Of this amount \$273 is for materials; there will be 800 hours of work at 50c and 1200 hours at \$1.20 per hour.

A small job near Coles has been approved, with expenditure of \$484.60. Two drainage projects in Arthur have been approved.

Work on the Findlay to Bruce road was started this week. This is a Shelby-Moultrie job. That part assigned to Moultrie provides for 12,000 hours labor at 40c and 4800 hours teams and trucks at \$1.00. \$280 is allowed for gravel. Moultrie's share of this road work will total over \$10,000.

The work at the Young's bridge is about two-thirds completed. Work on the Lovington bridge job

Mert Carpenter Had John Webb Arrested

Mert Carpenter has a broken collar bone, and plenty of bruises while J. A. Webb is under \$10,000 bond on charges of assault with intent to kill. Mr. Carpenter swore out the warrant. After Mr. Webb's arrest, he was taken to Judge Lambrecht's court where he waived his preliminary hearing. Earl Walker and W. H. Walker signed the bond.

Various stories are afloat about the encounter which resulted in the broken bone and court action. Carpenter was a depositor of the M. & F. bank which closed two years ago while Webb was president. Carpenter is also a stockholder of the bank. As a consequence he has not been entertaining a friendly feeling toward the former president.

Tuesday's encounter started in the poolroom on Harrison street and was continued on the stairway on the M. & F. bank building where Mr. Webb has an office. It is alleged that the assault was committed when Carpenter rolled down the stairs after having a set-to with Mr. Webb. Mr. Carpenter is a city employee, sexton of Greenhill cemetery.

22 Are Examined In Chest Clinic

The clinic held here Tuesday, under the auspices of the Moultrie County T. B. association, examined 22 persons.

Dr. G. T. Palmer of the state board of health was the examining physician and was assisted by Mrs. Woodward a state nurse and Mrs. Harold Ranes and Mrs. Clyde Harris of this city.

The cost of the examination is being paid out of funds realized through the sale of Christmas seals. Work started at 9 o'clock and continued until 4.

During the noon hour Dr. Palmer, Mrs. Woodward, Dr. W. S. Williams, Dr. W. B. Kilton, Dr. J. F. Lawson and J. B. Martin had luncheon together at the National Inn.

20 DAYS IN JAIL

Lawrence B. Miller of Clay county entered a plea of guilty to a charge of drawing checks with intent to defraud and Judge Ledbetter sentenced him to 20 days in jail.

THE EDITOR'S LETTER TO SANTA CLAUS

Dear Santa Claus: We admit we haven't been so awfully good this past year. We have sassed folks—put things in the paper they wanted kept out and sort of acted up in other ways.

But we have really done one thing, Santa—we have tried the best we knew how to give subscribers an interesting weekly paper. Honest, Santa, we have worked day and night . . . we have sized up everything we heard or saw from standpoint . . . "Will this interest Progress readers"? We have read big, dry books because we thought they might contain information that would be useful in editing a paper.

We do not want to tire you with bragging about all the things we did or tried to do. We have only one modest request to make of you. Santa, please have some of our subscribers who are in arrears loosen up a bit and send us some Christmas cheer in the shape of cash, money order, check, bank draft or postage stamps, to pay up their subscriptions. You know, Santa, we charge them less than 3c a week and if we thought we were not really, honestly and truly earning that, we'd quit being an editor and go into some sort of dishonest and profitable business.

Yours hopefully,
The Editor

Mr. Lyons, while appreciating the promotion, was rather reluctant to terminate his pleasant association with the local factory and the Sullivan people with whom he has come in contact. "Tommy Lyons" as he was generally known around his headquarters at the National Inn, will be missed by his Sullivan friends, who wish him a large measure of success in his new tasks.

F. I. C. Club Had Christmas Party

The F. I. C. club met at the home of Mrs. G. R. Fleming Monday afternoon. Each member brought a toy and these will be distributed among children who otherwise would not have any on Christmas.

Mrs. Jack Myers read the scripture story of the birth of the Christ. This was followed by prayer lead by Mrs. F. A. Brown.

Mrs. Leona Stone was in charge of the music.

A number of Christmas carols were sung by the club members with Mrs. Fleming as leader, Mrs. J. H. Hughes at the Piano.

Mrs. Monroe Wilson and Mrs. J. H. Hughes rendered a vocal duet "The Cradle Hymn."

A vocal solo was given by Mrs. Leona Stone.

The story of "The Other Wise Man" was then read by Mrs. Guy Little.

Because of the new banking laws that go into effect January 1st, the banks which have been unable to reorganize according to government regulations will be liquidated. Farmers Had Big Meeting Here Tuesday

Many Attended Annual Farm Bureau Roundup. Corn-Hog Committees Named; New Chairmen and Directors Elected.

The Moultrie county Farm Bureau held its annual meeting in Sullivan Tuesday. The attendance was exceptionally good.

At the morning session reports were submitted by President Chas. Shuman, Farm Adviser, T. G. Hughes and the auditing board, all of which met with the approval of the meeting.

Reports on the bureau's affiliate insurance department and gasoline and oil departments were also made.

At the noon hour a luncheon was served in the basement of the Christian church. The afternoon session was held in church proper.

The main speaker for the afternoon was L. A. Williams manager of the Country Life insurance company. His talk was a mixture of eloquence, oratory, entertainment and information. Throughout the talk he stressed the great need for better organization of farmers in order to be able to co-operate properly with President Roosevelt's recovery plans.

He denounced the forces that have plundered the nation in years past. He lauded President Roosevelt.

Fish Being Put Into Wyman Lake

One hundred seventy bass weighing from 1 to 2 lbs. were placed in the lake in Wyman park during the past week. Twenty-six blue gills and some croppie were also planted therein.

Game Warden Virgil Brooks brought some of these fish here and John Pifer and Walt Birch went to Shelbyville for the others, which were taken from the lake in Forest park which is being drained.

Mr. Pifer reports putting a number of catfish into the lake last summer and some other parties have been contributing occasionally in an effort to again make Wyman Lake a good place for fisherman to while away their time.

In the fall of 1932 the lake was drained and an effort made to clean it. The fish and water were taken out, but most of the accumulated mud on the lake bottom remains.

Bank Dividend Is Held Up By Court

The proposed 5% dividend to the depositors of the Merchants & Farmers State bank is being held up indefinitely.

Before a dividend can be paid, the court must give its approval. Judge Armstrong, in the circuit court here last Thursday, took the matter under advisement.

It seems that many new technical angles have entered the matter of how banks in liquidation may distribute the money which come into the hands of the receivers.

Many complaints are being heard because of the apparent activity which prevails in the local bank which closed its doors two years ago, this Christmas evening.

BIRTHDAY PARTY MONDAY FOR CARL SHASTEEN

After crosses and losses men grow humbler and wiser.
—FranklinWe cannot think or act but the soul of some one who
has passed before points the way. — The Dead never die.
—Bulwer

Let me but live from year to year,
With forward face and unreluctant soul.
Not hastening to, nor turning from the goal;
Not mourning for the things that disappear
In the dim past, nor holding back in fear
From what the future veils; but with a whole
And happy heart, that pays its toll
To youth and age, and travels on with cheer.
So let the way wind up the hill or down,
Through rough or smooth, the journey will be joy;
Still seeking what I sought when but a boy,
New friendship, high adventure, and a crown,
I shall grow old, but never lose life's zest,
Because the road's last turn will be the best.

A Few Christmas Thoughts.

Merry Christmas to you,
And to all your house;
To the relatives whom you love
And the friends who are dear to you!
May God's blessings descend upon you in that measure
that you have shown yourself worthy thereof.

May your Christmas joys be commensurate with those
which you have given to others . . . if you have been able
to dispense Christmas cheer, but have drawn your purse
strings tight . . . may the demon of remorse gnaw at your
vitals and the Yuletide season be as gall and wormwood un-
to you.

* * * *

To many millions of families all over the land this is a
Merry Christmas, indeed! The CWA has put the men of these
families to work and weekly pay-checks lead them to believe
that their prayer — "Give us this day our Daily Bread" has
been heard in the realms above, and wise men have been
placed in power to put God's will into effect.

* * * *

Merchants who bought sparingly for this Christmastide,
in the belief that times were getting worse from day to day,
now regret their pessimistic attitude. Men are earning
money. Men are spending. There will be Christmas presents
and Christmas cheer in homes that a year ago were desolate
and dependent on Christmas baskets and other charity. For
again the prayer of the humble has been heard . . . "Thy
will be done on earth as it is in Heaven." It is of earth and
of earthly things that we are concerned. And it is God's will
that his children be fed and be happy.

* * * *

"Forgive us our debts as we forgive our debtors" . . .
what a wonderful spirit of Christendom there would be on
earth if this Christmas time were but a time of forgiving
among sinful mortals . . . if the slate of human differences
and contentions could be wiped clean and the New Year ush-
ered in with a spirit of "Peace on Earth, good will toward
Men."

* * * *

"Lead us not into temptation" is the prayer of many lips
but it seldom comes from the heart, or man's innermost
consciousness. The great God of the Universe gives man the
intelligence, that spark of divinity, that permits him to
choose between good and evil. Temptations assail from all
sides and we all have cause to implore "deliver us from Evil"

* * * *

"For thine is the Kingdom and the Power" . . . these
words ring through the vastness of cathedral space
are lisped by babes in humble huts . . . but mankind
has never to have grasped their meaning. Men have sought
kingdoms and world power. They have trampled on
fellowmen to achieve them. They have flaunted the
shame of common decency . . . they have accumulated great
wealthes by taking the bread out of the mouths of working-
men . . . they have caused little children to sweat and slave
and have sent many honest hard-working men and women to
end their days in direst poverty.

But sooner or later that great power of Infinity, an
understanding of which seems beyond the grasp of mere
man, asserts itself and confirms the prayer of the Master. .
"Mine is the Kingdom and the Power" and in wondrous ways
the selfish and sordid kingdoms of greed and wealth are
swept into the discard, as from the vastness of the universe
comes the stern rebuke "Thou shalt have no other Gods".

* * * *

And so at this Christmas time let us give thanks for the
trend of the times. The day of the plutocrat and his hellish
greed seem to be on the decline. The common men and their
wives and children are on the heart of the nation's rulers to-
day. Their prayers have been heard at the throne above and
as they gather around their festive Christmas joys, the
children can tell each other, "truly, there is a Santa Claus"
while the grownups, unless their hearts are too calloused by
the trials of the world, will say, "I know that my Redeemer
has come." "God reigns and all is well".

Our Christmas Sermonette.

The Good Book says: "In the beginning, God . . ." and
so through the ages men have sought him though he has
said, "I shall be with ye always."

That spark of intelligence or divinity that differenti-
ates man from the other creatures of the world, is the God
within us. But we have gone far astray in our efforts to har-
monize it with its Divine source.

Many of us vision God as something distant . . . far
away . . . a king on a throne who awaits us to give rewards
for our excellency. We miss his companionship on our earth-
ly journey. The story of Creation tells us that God told
Adam and Eve, "dust thou art, to dust returneth" but the
poet, Longfellow, calls attention to this phrase and tells us
that it was "not spoken of the soul."

The religions of mankind are crude and wonderful
things. All tend toward a harmony of man with his Maker,
though devious pathways are trod to bring this about.
Christians have the teachings of Jesus of Nazareth, the first
and doubtless the only real Christian that ever lived.

Mohammed's teachings are the religious pathway of de-
vout millions; Buddha gave the light of a celestial way to
millions who follow his teachings, Confucius taught China
a way of living. The denizens of Africa's darkest forests pro-
pitiate and worship gods of their own.

The American Indians worship the "Great Spirit". The
sun, giver of light and warmth and its resulting beneficence,
has been always an object of worship.

Most of the pure, original teachings of religion have
been buried under vague theological rituals, many of which
are mere nonsense, though it would pain those learned in
them, to be more specific.

If ever there was a Tower of Babel among human be-
ings, it is that of Religion. Seeking God, seeking a closer
harmony with their Creator, mankind babbles in many
tongues, in many creeds, in many rituals. It seeks to har-
monize God with their own inherent selfishness . . . it pic-
tures a hereafter of rewards where their conception of God
and his ways shall be bountifully rewarded, while those who
do not agree with them in religious practices and concep-
tions shall be everlastingly damned.

"In the beginning God" . . . and the earth and all that
is therein is his Creation. At this Christmas time let us fos-
ter a spirit of toleration for those who seek the love and
Harmony of the Supreme Being, but are doing it in ways
different from ours.

"Judge not, that ye be not Judged."

"A good man, out of the treasure of his Heart bringeth
forth that which is good."

* * * *

We wish you all a Merry Christmas.

Ideals Oft Lead Us Astray.

In America the people have been taught that the para-
mount American ideal is the accumulation of wealth.

Any political move to curb the accumulation of great
fortunes has always been frowned upon. Men of great wealth
have dominated government and placed their puppets in
high office and in low office.

As a consequence laws were framed safe-guarding the
sanctity of the assumed right to exploit the nation's re-
sources in natural wealth and manpower to the benefit of
the few.

The result has been millionaires and billionaires on the
one hand, an impoverished conglomeration of small mer-
chants, farmers, etc., struggling valiantly against bankruptcy
and a pauperized working class, living on relief and begging
to be permitted to work and earn a living.

That is the net result of those "Good old Times" — the
days of Harding and Coolidge and Hoover.

The Plunderboud was never content with controlling
one political party. To them that course was unsafe. It could
not take chances. So while the Republicans named presi-
dents, Democrats were led by John W. Davis, Alfred Eman-
uel Smith, Bernard Baruch and men of like calibre who
were always playing with the big-money boys and ready to
do their bidding.

High finance over-reached itself in 1929. Demoraliza-
tion set in within its ranks. Big shots lost millions and
whimpered like whipped kids. They appealed to the govern-
ment and that paternal godfather of the profiteers and
thieves accommodately returned to them \$4,000,000,000
of tax money. Andrew Mellon was the generous Secretary
of the Treasury who played Santa Claus with the people's
money.

Today the battle is raging between this old crowd of
plunderers, led by their mouthpiece, The Chicago Tribune,
and the common people, led by Franklin D. Roosevelt.

If the intelligence of the American people is high
enough they will follow the Roosevelt leadership. If the peo-
ple fall for the bunk of the old gang, they deserve to be led
around with rings in their noses and to slave for their old-
time masters, who came near wrecking this country once
and will do it again as soon as a profitable opportunity of-
fers.

Sunday School Lesson

by Rev. Charles E. Dunn

A VISION OF WORLD PEACE
Lesson for Dec. 20: Isaiah 11:1-9
Golden Text: Isaiah 11:9.

In this familiar passage chosen
for our lesson we have a beautiful
picture of the firm but pacific rules
of the Messiah. What the prophet
describes is a veritable paradise.
"The earth," he says in the verse
chosen for the Golden Text, "shall
be full of the knowledge of the
Lord, as the waters cover the sea."

Such a vision seems quite unreal
today. The Christmas dream of
peace sounds like a mockery in an
hour when the nations are more
heavily armed than ever. Prepara-
tions for war, especially for war
in the air, are now being feverish-
ly promoted. Our own country is
launching a \$238,000,000 naval
program.

Germany's spectacular with-
drawal from the Disarmament Con-
ference and the League of Nations
is a severe setback to the cause of
international goodwill. But we
must not make Germany alone re-
sponsible for this tragedy. The
Allied Powers are guilty, for they
promised in the Versailles Treaty
to disarm, and have not done so.
Japan is guilty because of her
wanton attack on China. And the
United States is guilty, for we are
increasing our expenditures for
war purposes instead of leading
the world toward disarmament.

The outlook for peace is dark.
The Versailles Treaty is not a
Treaty of Peace, for there has
been no peace. The war is still go-
ing on. For while its military phase
ended fifteen years ago, its politi-
cal and economic diseases are rag-
ing with unabated fury, making
the world a seething caldron of
animosity and woe.

Will men recover their sanity?
Perhaps they will. We must not de-
spair. There is consolation in the
thought that it is always darkest
before dawn, that the extremity of
a case very often hastens its cure.
Certainly a host of Christian folk
are thoroughly awake to the hide-
ous tragedy of another Armaged-
don, and are aroused to organized
protest against its menace. The na-
tions may be drunk with fury. But
the Christian Church has com-
mitted itself to the path of a Prince
whose coming was heralded by the
angels' triumphant song of peace.

Christmas Shoppers

By H. S. Butler

I like to be around the stores

And watch the people shop.

See them stand-

ing in the ais-

As frequently

they stop:

Sometimes, I see

a pair of eyes

That seem to fill

with joy

Something has

been found that

suits

Some little gir-

or boy.

In a book store I can see

Some girl pick up a book,

And for a minute she will stand

And through the pages look:

And all at once her face will beam

The nearest clerk she seeks,

She counts the money out to him

Before she even speaks.

Oftentimes whole families come

And wander through the stores,

And when they leave with bundles

Some wider than the doors:

And as I see them going

I think of all the bliss,

That homes that have no children

Are destined to miss.

In many stores, I see

Old Santa walking 'round

With his beard and raiment

Looking most profound:

How the children watch him

See every move he makes,

Watch him as he strokes his beard!

See every step he takes.

Yes, I like to see the people

Buying Christmas toys,

I think about the pleasure

It gives the girls and boys:

For after all is said and done

The best thing one can do,

Is to make some human happy

We should at least, try to.

Those Adjectives

Some weeks ago The Progress
called attention to the tendency
of the daily newspapers to make
heroes of crooks.

In our favorite morning daily,
published not so many miles north-
west of here, we saw a gross ex-
ample of this in the issue of Dec.
15th. In Chicago a detective ser-
geant had been shot and killed. The
story was headed like this:

"Noted Killer slays cop in Gar-
age raid."
"Believe John Dillinger famed
Indiana gunman, again Escapes."
And to think that they'd rate a
lousy, bloodthirsty, dirty rat a
"Noted killer" and a "famed gun-
man"! And the poor detective who
lost his life was merely a "cop."

Fortner Tells About Farmers Union In South Dakota

Bruce, South Dakota
Dec. 15, 1933

The Sullivan Progress:
I have today attended the An-
nual meeting of the Farmers Co-
operative Creamery held at Volgo,
S. Dakota. I also was to the annual
picnic the creamery held in June
at Volgo. At these picnics and an-
nual meetings which are always
held in June and December re-
spectively, the stockholders di-
vidends are paid out.

At the June picnic almost \$10,-
000.00 was paid out and today
more than \$13,000.00 was paid,
making a total of more than \$23,-
000. This one little creamery paid
to the Farmers around the Town
of Volgo for the year beginning
Dec. 1, 1932 ending Nov. 30, 1933.

During this year just ended this
creamery made 879,894 lbs. of
butter which is the best year by
more than 150,000 lbs. that they
have ever had.

First year out put in lbs.	347,680
Second year	360,636
Third Year	508,378
Fourth Year	559,128
Fifth year	712,043
Sixth year	726,085
Seventh Year	879,894
Total for all years	4,093,844

And besides all the dividends
that have been paid out to the pa-
trons of the creamery, who by the
way, are the stockholders as no
one can be a stockholder if he is
not a patron of the creamery, there
is enough money on hand that the
creamery has earned to erect a
new creamery and go right on do-
ing business, if the one we have
now should be totally destroyed
and we did not get a cent of insur-
ance.

Now the foregoing is what co-
operation can do and I wish to say
I am sure for Farmers Co-operat-
ing together.

Now this is only one of the forms
of cooperative creamerys in this
part of the state and I state again
as I have done before, we get a
better price most of the time here
at our door as the trucks come to
the farm and get our cream, than
is paid at Sullivan when it is de-
livered in town by the farmers and
our dividend in addition to the
door price.

I feel that co-operation if it
could be brought about by Farmers
would solve our problems.

I saw again as I have said before
through The Progress, if the Farm-
ers will get into their own organi-
zation then agriculture will get a
square deal. Every other business
is organized, but farmers are too
busy trying to feed the world to try
to stick together. They just make
the stuff and haul it to town and
when they get to town they ask
just two questions and beat it back
home to get on the load so they can
ask the same two questions again.
And the two questions are: "What
will you give me and what will you
take?"

Now I ask that every one who
reads this if you do not have a ra-
dio go to where you can hear one
on Saturday, Dec. 23 which is the
4th Saturday in this month and
tune in on NBC at 11:30 to 12:30
our time and listen to John A.
Simpson and he will explain to you
the Farmers Union program for
the coming year.

There are three bills that we as
the Farmers Union are trying to
get through Congress and there is
only one thing that keeps us from
getting them through and that is
we are not well enough organized.
One bill is the Frazier bill. To
get interest down to 12% on farm
loans or to re-finance the Farm
Loans at one and one-half per cent
interest and one and one-half per
cent principal. Another bill is the
cost of production on that part of
our Farm produce that is used for
home consumption; and the other
is the Wheeler bill to re-monitize
silver. Now be sure and listen in
on Mr. Simpson's speech, Dec. 23,
11:30 to 12:30, Central Standard
time and if you wish to know any-
thing about getting the union go-
ing in that county write E. E. Ken-
didey, Kankakee, Ill., and he will
give you all the information you
want.

The depression proved one thing
— a million dollars won't make a
great man. The honest unemploy-
ed commands more respect than
does Sam Insull and the piratical
bankers of Wall Street.

† † †

He did his best. Slowly she dis-
engaged herself from his arms:
"You must be from Arthur," she
languidly lisped.

"Why how did you guess it?"
said he.

"That woeful lack of kissing ex-
perience and technique. But don't
be discouraged. You may improve."

† † †

"There is nothing much wrong
with you, Charley," said the doctor
to the contractor. "What you must
do is take your mind off your
troubles. Go bury yourself in your
work."

Charley: "Ohmigosh Doctor, do
you mean that You know I'm in
the concrete business?"

† † †

One of the fruits of depression
is POTLUCK. It is always easy to
get up a potluck dinner. It is the
only chance some people have to
get a square meal once in a while.

† † †

"Daddy, why do people bow
their heads and look down, while
prayer is being said in church?"

"The main reason for that is
shame, son. They feel ashamed to
thank God for his blessings and
ask more of them while looking up
and seeing the shabby way in
which they keep God's house."

† † †

"Boys flying kites can haul in
their white winged birds,
"But you can't do that when
you're flying words."

—Will Carleton

† † †

While the women folks are
away from home they may warble
about "Home, Sweet Home" but
when they do get back, their first
words usually are "My what a fil-
thy place" and they make a rush
for a dust cloth and broom.

† † †

As usual, we bet a lot of women
are going to be mad this Christmas
because poor hubby failed to guess
what it was they really wanted.

Here's a suggestion—if we were
running a women's wear store, we
would have a man clerk to help
wait on the Christmas trade.

† † †

Think how hard it must be to
buy Christmas present for a nud-
ist friend.

† † †

If you want to celebrate Prohibi-
tion Repeat this Christmas time,
may we suggest that you get drunk
Sunday and take Monday to sober
up. It will be so much more satis-
factory all around.

† † †

"How's business?" a travelling
salesman asked a Sullivan mer-
chant.

"Oh, not so very good. But they
must be doing well at the shoe
factory. Those folks must be pros-
perous for I sold them more Christ-
mas stuff than any time in the past
ten years."

† † †

"And how was your operation,
Mrs. Jones?"

"Oh, Mrs. Smith and 'twas won-
derful. I thought for a time I was
in heaven. Then I looked up and
saw the doctor and was sure I was
mistaken."

† † †

Wife: "William don't you know
that it is wicked to play cards for
money?"

Hubby: "I do now, I sure paid
high for my sins."

† † †

Says an exchange: "Sometimes
a man thinks he's ahead of the
times because the times aren't go-
ing in his direction at all."

CHURCH NOTES

GOSPEL MISSION

Over the Post Office

Time of services same. Honor the Christ this Christmas time by serving Him. Is. 9:6—For unto us a child is born, unto us a son is given . . . and his name shall be called . . . the everlasting Father, the Prince of Peace.

Over nineteen hundred years ago, this prophecy of Isaiah, God fulfilled, and earth was given, heaven's first Christmas gift.

As the Christmas season draws near our thoughts and plans are centered on giving, and we are not condemning this, but in our planning and giving, let us not forget this wonderful gift to all men everywhere.

Those presents you plan on giving others, will perish with the using, and some will have become out of date within a year or two. Not so with heaven's gift to us, The Christ of God will never perish, and He never becomes out of date.

Have you accepted God's wonderful gift to you, Have you discovered his wonderful beauty and loveliness? True, theology has tried to wrap this gift in a lot of doctrines and ceremonies, but when we have removed the wrappings, behold, what a marvelous gift, what a wonderful Lord, and what an eternal peace.

Accept Him and use him, He is useful three hundred sixty five days in the year, and twenty four in the day.

CONG. DOBBINS HELPS WINDSOR GET LOAN

The village of Windsor was notified last week that the Federal government had reconsidered and decided to give it the loan applied for to pay for waterworks installation. This matter has been favorably passed upon by preliminary boards, but was later rejected. The Windsor people enlisted the aid of Congressman Dobbins in the matter, as they felt a mistake had been made somewhere. The Congressman secured prompt action in the case and Windsor gets its loan.

GENUINE BAYER ASPIRIN DOES NOT HARM THE HEART

DIDN'T GET THE HONEY

Grover Garrett of Whitley township lost a bee-hive recently. What he cannot understand is this: why should any one steal a hive that is practically empty of honey, when other hives nearby were filled to over-flowing with it? Mr. Garrett does not expect to get his hive back, but he would like to know?

High School News

Margy Lou Scheer

A lot of people want to know why our assembly isn't larger. At the Cantata Sunday, the seats were filled and the people who didn't arrive on time had to stand up during the program.

The cantata was said to be the best ever given (to Mrs. Roney's surprise). She lost so much talent in last year's graduating class that she was rather dubious of the outcome but the cantata went off with a "bang." If you don't think we have talent out here and didn't go to the "proof" Sunday, you will have to see the operetta this spring.

Well another party is in the air. The Sophomores are planning to have their party soon after Christmas. Parents don't be alarmed. The Sophomores consider themselves far above the Freshmen and will refuse to play such "baby" games as "Post Office."

Why do all the teachers feel it necessary to give tests just before the holidays? We're asking you.

Don't forget the Moultrie county tournament this week. The games are going to be hard fought and hard won.

Here's something else but it isn't news. The picture didn't come. The company must be playing "picture, picture, who's got the picture."

We took a nice beating at Windsor last Friday but that shouldn't discourage the fans. How could any "outside" team win in that well named "cracker box?"

No, some of the girls haven't cut off the ends of their fingers. That's just nail polish so don't get excited.

Christmas week seems to be "old home week" here at school. Some of the cheerful faced visitors to the old school were Elmina Scheer, Ruth Dedman (otherwise Rosy Floyd), Beechie Hill and Alice Doty. We were glad to see some one who liked the looks of the place.

Everyone is making plans for Christmas. The Seniors at the candy stand are selling five pound boxes of candy for \$1.29. What wouldn't some girls at H. S. give for a "honey" with enough money to buy one of those "drame bid boxes" for their little tootsie wootsie?"

I think I need police protection. Some of those bad boys at school have promised to wring my neck 16 times for the news they have contributed to this column.

FARMERS HAD BIG MEETING HERE TUESDAY

(Continued from page 1)

velt as a friend of the farmers and urged that they give him their loyal support.

He predicted the utter collapse of partisan politics as an element in our government and heaped invective and abuse on those farmers whose selfishness causes them to refuse to subscribe to the various features of the recovery plans.

Corn-Hog Committee

No definite information was available outlining the government's relief plans relative to its Corn-Hog reduction program. This proposed program is expected to meet with more general popularity than the program for reduction of wheat acreage. The inexperience in handling the wheat program, on the part of the Department of Agriculture and those carrying out its orders, resulted in more or less confusion. Moultrie farmers have not yet received their checks for co-operating in this program, but they are expected to arrive soon. Recently a batch of checks did arrive, but it was found that they were evidently intended for a Moultrie county in some other state.

As a committee to co-operate in the corn-hog reduction plans the following were named Tuesday: O. E. Lowe of Sullivan, J. B. Wageman of Bethany; Farley Young of Allenville; Dave Beachy of Arthur; John Poole of Lovington and J. E. Righter of Jonathan Creek.

Alternates named are V. I. Winings of Dora township; Omar Spencer of Whitley and O. H. Schable of Lowe.

These committeemen are expected to go to Effingham Friday where a school of instruction will be held. Later the committee will organize by electing a chairman and other needed officers.

Bureau Officials.

One of the orders of business on Tuesday was the election of directors and township chairmen for the Farm Bureau. The following was the result:

Sullivan—Ernest Martin, chairman; Jack Bundy, director.

Jonathan Creek—R. P. Freesh, chairman; W. S. Elder Jr. director.

Lowe—O. H. Schable, chairman; F. W. Schuetz, director.

Dora—Everett Ault, chairman; John Albright, director.

East Nelson—Guy Christy, chairman; Charles Shuman, director.

Marrowbone—George Fulk, chairman; H. S. Reedy, director.

Lovington—George W. Powell, chairman; H. P. Bicknell, director.

Whitley—Fred Elder, chairman; J. W. Rauch, director.

These officials will meet later to elect officers of the Bureau for the ensuing year.

PASTOR VOSE IS EDITOR AND OTHERWISE ENGAGED

Many church people of this part of the country know Rev. Willis W. Vose, who for the past year has been financial secretary of the Illinois Christian Missionary society.

For some time in recent years he was pastor of the Christian church in Mattoon.

The Progress is in receipt of a communication from Rev. Vose wherein, in part, he says:

"Knoxville, Illinois, Dec. 16, 1933.

"My Good Friend:

"... I will have to confess, 'I am at it again.' Started The Fairview Graphic Nov. 16. I am sending you a copy. For a little boy only past 70 I am still fairly busy—I am still Financial secretary but that office will be abolished January 1, but I am retained to do general collecting and some of their real estate business; I am also full-time pastor of First Christian Church, Knoxville; and now editor of the Fairview Graphic and conducting a real estate and life insurance business there. So far I have not had to apply for a shovel on the NRA, SWA, WWA or otherwise, but if I find I have too much time I may ask to put in 30 hours a week. Best wishes to you and all."

"Sincerely Willis W. Vose"

CHURCH NOTES

ST. COLUMBA'S CHURCH

Church services will be held at St. Columba's Catholic church on Sunday morning at 10 o'clock.

BAPTIST CHURCH

Rev. Harold W. Ranes, pastor

The Christmas Entertainment of the Bible school will be held Friday evening, Dec. 22nd at 7:30 p. m. We invite you all.

The three churches in the present local set-up each had an increase in attendance in their separate Bible Schools. Each of the other churches of the League of Baptist churches were not so fortunate. We should be proud of our showing and keep increasing.

Our Bible school meets at 9:30 a. m. each Sunday. There are classes for all ages with competent teachers for all. We are eager to improve and enlarge our Bible school in every way. Your suggestions may help to improve it and your presence will help to enlarge it.

The B. Y. P. U. is looking toward re-organization which if effected will include work for all ages. Your help, encouragement, and attendance is greatly desired. The B. Y. P. U. will continue to meet each Sunday evening at 7:15.

The worship service was greatly blessed last Sunday in the consecration of three souls, the old-fashioned conversion of one young woman, and the evangelistic atmosphere which challenged three others to ask for prayer. When souls can be saved at an old-fashioned mercy-seat great good will be accomplished for the Lord and His work and men and women will be turned from lives of sin.

Next Sunday night at 8 p. m. in the regular preaching service the sermon will be "The Purpose of Christ's First Advent." All are welcome. We pray that someone's Christmas may be unusually blessed by their acceptance of Jesus as Saviour and Lord.

Our Tuesday evening music rehearsals at 6:30 p. m. and prayer meetings at 7:30 p. m. have been unusually blessed and the seed is being sown which fruits in the salvation of souls in after days. Let's attend these services.

A very merry Christ filled Christmas is prayed upon you all.

WHY JIM YOUNG NOW ATTENDS WELDON HIGH

Gays, Illinois, December 20, 1933.

Mr. Brandenburger Progress Editor Sullivan, Illinois

Dear Mr. Brandenburger:

I would like to make a correction concerning the remarks about "Jim Young, Gays speedy little guard" which appeared in last edition. Jim never had the chance to fire a furnace or anything else to do, as was so well planned long before we made a decision as to which school he would attend. Mr. Lutnam, Monticello's coach came down two different times to see Jim and persuaded him to go to Monticello, promising to find work for him to pay for his room and board.

After his enrolling Jim found that it was up to himself to find the job that had been promised to him. The only thing he could find had hours from 3:30 to 3:30 a. m. also time noon and evenings. Late in November he lost this job because he overslept. Again he had to look for work and after trying for a week he was compelled on account of financial conditions to transfer to Weldon where he could live with his sister.

On account of his transferring from one school to another he may not be eligible for basketball this next semester which is the height of his ambition and consequently much of his interest in school is lost.

We wish it made plain that the reason for Jim's changing schools was the failure of the coach to keep his promises rather than the

fact Jim didn't like the school for he certainly was content as far as surroundings were concerned.

Windsor Jolts Reds, 22-19 To End 4-Game Win Streak

Dunscombites Rise To Power As Tourney Looms.

(By Jim Scott)

Windsor—The merry cagemen of Windsor, a high unbeatable gentry on their home grounds, laid a successful ambush for Sullivan's visiting Redskins last Friday night. Handicapped by the match-box quarters the Dennismen blazed fruitlessly away from the onset and in the end were forced to accept the short end of a 22 to 19 score. This upset, which marked Sullivan's first loss of the season, was an ideal psychological message and should put them in the pink for the now current tourney.

It was a rough nip and tuck fracas throughout, with lead changing hands many times. The restricted quarters naturally led to much body contact which prompted Referee O'Brien to dole out 25 personals. And peculiarly enough it was the guards who received a majority of the grats throws. George Pol and flipped in 6 while Duck Bailey of the home guard converted just one less.

They're Off

The Reds played an auspicious first quarter but after that they clicked only at intervals. Three minutes of scoreless endeavor went by before Bailey counted a free toss. Pifer slipped one in from the side. Tull, a curly-thatched sophomore, lined one in from center. Scheer bounced in a setup and then Horn made good on Griffin's foul to hoist Sullivan into a 5 to 3 lead at the quarter.

Second Quarter

Griffin was guilty of another misdemeanor with Poland sinking one of the two resultant heaves for the Reds' only point of the stanza. Swain duplicated for Windsor and then Aurice Young lifted one in from the circle. Bailey and Young registered once each from the charity stripe and Windsor was leading, 8 to 6.

Third Quarter

Bailey dribbled rapidly to the center of the court and then pulled up short to plunk in a fielder. Pol and hit twice on a multiple foul. Young looped a single donation and then came back to tally a setup. Poland, from the circle, tickled the stringing with his characteristic one-hander released while in the air. He followed with a free toss. Griffin negotiated his only points of the conflict on an overhead shot from below the hoop. Pifer poised at the circle then split the netting. Tull banked one in from below and in so doing was fouled by English. It was the latter's fourth offense and he solemnly gave way to Carnine who immediately tip-toed behind the defense for a sleeper. Scheer departed with his foul quota exhausted and Hollonbeck was the replacement. Pifer's side attempt splashed in just as the gun signified the end of the quarter. Quite timely it deadlocked accounts at 17-all.

Fourth Quarter

Poland hit from the donation mark and then after Bailey had sunk two from a like spot he came back for another to bring the reading to 19 apiece. Here the Reds' offense stalled. Bailey added another point from the unmolested channel and then with 2 minutes and 10 seconds remaining long Jack Griffin left via the personal foul route. The plaudits from the Sullivan section dwindled to a whisper as Bailey disillusioned the fighting Redman with a looper from midcourt.

Seconds Also Lose

The Windsor reliefmen served to make Coach Jobey Dunscomb doubly proud with a 19 to 8 victory in a preliminary bout with the Sullivan seconds. A gent by the name of Booker caused most of the grief in the red ranks, ringing up 5 baskets and a free throw before retiring.

The Braves-to-be were even more stifled than the full-fledged warriors who soon after took the count. They were limited to but two goals from the field, the authors of which were Grace and Craig.

SULLIVAN REDS TOP LOVINGTON IN TOURNAMENT

(Continued from page 1)

famed long ones singing thru the net to deadlock the count at 22 all. But on the ensuing tip, Dixon sped down the court to toss in his only basket, and a timely one it was! The din which followed was of such proportions that nobody heard the whistle which sounded before the ball could hit the floor.

Bethany started off like a slew of professionals. Scott took the opening tip and raced under to score. Then after that the lads played coolly to build up a 5 to 0 lead at the quarter. At the intermission they still nutured a 10 to 4 edge after having restricted Arthur to a lone field goal, that accomplished by Robinson, a star frosh.

But it was a rejuvenated Arthur aggregation which answered the third quarter whistle. Robinson, Fleming, and Turner began looping them in and by the third quarter the Bethany lead had evaporated. The Coatesmen maintained their advantage until late in the fourth period when some volleys from Grabb's long range barrel hauled them back on even terms.

"Trojan" Scott was, if I may, the backbone of the Orange and Black. Relentless was his aggressiveness and his ball following policy served to keep his mates in the running. Grabb, minus his usual infectious smile, lacked fire and was not hitting with his eminent consistency even though he did record five baskets.

The Arthur scoring was evenly distributed with Robinson high with 7 and Dixon low with 3. Although the struggle was marked by much fouling only Weakley of Bethany was ejected. Arthur was extremely fortunate along penalty lines and the final whistle found four of their number totting three personals each.

LOVINGTON RALLIES

TO HALT RED RESERVES

In the dinner-time contest the Sullivan Seconds staged a last minute comeback before bowing to Lovington 24 to 22 in a tilt slowed up somewhat by 31 fouls. The Reds lost Grace on rule infractions while the victors, Governor and Dinger, a titian-topped halfback of note.

Battling Jimmy McLaughlin, after missing several close in shots, instigated a last stanza rally that all but erased the Lovington lead. However his three successive ringers went for naught as substitute Gould caged a last moment basket to give his buddies the bacon.

The Junior Vyverberg supplied 13 of the winner's total. In the opening half he sank all of his 4 gift tosses but in the last half he could succeed on but 1 out of 6. McLaughlin topped the Sullivan scorers with 10 tallies. Hancock who recently hurdled his eligibility barrier, was granted 7 penalty shots in the last half and of this number he converted 3.

ARTHUR SECONDS NOSE

OUT BETHANY, 20 TO 19

In a see-saw struggle the Arthur seconds finally mastered Bethany, 20 to 19 but not the latter's little nut-brown forward, Vernon Oath-out. Weighing scarcely over 100 pounds this impetuous youngster gave the Arthur following one grand headache as he sprayed in a total of 14 points throughout the skirmish.

After an active first half Oath-out's emission died out and it seemed that Arthur had stopped up a lethal scoring vein. Then with less than a minute to be spent, Vernie erupted again with a basket which shot Bethany ahead 19 to 18. Foolheartedly his mates neglected to hold on to the ball and with 8 seconds remaining Bradford flicked in the game winning basket.

REDS CHECK LOVINGTON'S BELATED SPURT TO WIN

Dogmatic Finley Pifer, the boy who makes "A's" in Algebra II wasn't one to stand idly by and see Sullivan experience their second defeat of the season, 'specially in the all-important tourney. A dynamo in the offense he kept the Reds constantly to the fore and fouling out late in the final quarter, he watched his associates ward off Lovington's frantic assault to win, 21 to 17.

Contrary to their conventions the Reds were pitching from 30 feet out and though they did follow in right nobly the procedure was quite ineffective. George Pol and apparently has forgotten about his southpaw wing and was pushing them up single-handed from all points around the basket. And virtually all of them were dripping off the rim.

A few minutes were left when Hodge set off on a clear path to the basket. Pifer, the closest Redman gave chase thwarting his shot but at the same time sacrificing himself at the personal foul altar. Hodge hit one of his two free throws and the Red lead was narrowed to 17 to 13. Poland then shouldered Pifer's responsibilities, englisling the ball thru as he dribbled in from the side. Francis and Hesler then recorded consecutive sleepers but here the Lovington threat lifted as Poland was at the charity stripe

Grade Quintet Makes Rivals Bite The Dust

Coach Whitchurch's aggregation of grade basketeers are absolutely ruthless in their thirst for victory.

On Friday night of last week they, for the second time, trounced the well-meaning boys from Windsor to the tune of 19 to 7. This happened on Windsor's own floor. The score by quarters was Sullivan, 3-4-13-19; for Windsor, 4-5-5-7.

Playing for Sullivan were Billie Shasteen, Reeser, Poland, Whitefield, Jeffers, Lewis and White; Windsor—Swain, Cline, Webb, Jones, Rose and Voris.

Findlay Too!

Tuesday night a game was played at Findlay in their renovated gym. The result was a 20 to 13 victory for Sullivan. Findlay had one of its last year's stars in the line-up but that hot little Sullivan center "Tiny" Jeffers whooped things up and accounted for 7 points before being put out on fouls. The score by quarters: Sullivan 5-12-17-20; Findlay 2-2-13-13.

Because of the uncertainty of having a place to play locally no schedule of games has been arranged.

with only 3 seconds remaining. He banked in each of his attempts after having missed on similar efforts throughout the conflict.

Mertford (big bad wolf) Blackford, like Pifer, was banished with 4 personals. Finley was the ranking point-getter of the fray, plunking in 5 of Sullivan's 7 goals. There was no one-feature of the loser's attack and their scoring matters were pretty well passed around.

Slim and Zazu
What is humor? Back when Charley Chaplin was first becoming popular, humor consisted of a Shuffling walk, mis-fitting pants, a cane and plenty of soft pies to squash into somebody's face. In recent years, especially since talkies came in, musical comedy stars like Ed Wynn, the crazy Marx outfit, Fields and others have made quite a hit. Laurel and Hardy have a following but the latest comedy team—and not so late at that—is Slim Summerville and Zazu Pitts. Slim looks as if he's stood in the rain all his life and the rivulets had cut those sorrowful furrows down his face. Zazu is the girl with

the scared eyes and talking hands. If you'd hide Slim's face or tie Zazu's hands they'd not be a bit funny. In addition to Sunday and Monday's good short features Manager Hays has booked Slim Summerville and Pitts in their picture, "Love, Honor and Oh Baby!" This is the screen version of Sam H. Harris' play "Oh, Promise me."

More Hog Tax Information For Farmers

Collector Dallman Says "Hogs Slaughtered by Person who Purchases For Own Use Exclusively Not Subject to Tax."

(From office of Internal Revenue Collector)

V. Y. Dallman, collector of Internal Revenue, has been swamped with letters received from taxpayers throughout the 72 counties in this district, most of which concern the processing tax on hogs. He and his entire office force are doing everything possible to meet the emergency and to render good service to the taxpayers.

It is the practice of Illinois farmers to slaughter hogs for their own family use and to sell a portion to their neighbors, friends or local markets. This practice, while very kind and generous on the part of the farmer, makes the transaction a taxable one under the processing tax now in force. A farmer is required to pay the tax on the portions sold and to file a monthly return on P. T. Form 4.

Collector Dallman states that these forms have not been received from the Department at Washington, but are expected in time to be mailed to taxpayers who are liable for the payment of the tax before the due date of the first return, which is Dec. 31, 1933. Applicants' names have been placed on file and they will be mailed the blank forms as soon as received in the Collector's office.

The Collector stated today that mimeograph letter No. 1620 had been mailed to all county farm advisers in his district and farmers desiring information about the hog processing tax can obtain same by calling at their local farm bureaus.

The Collector gave several examples of tax liability, saying that a person slaughtering hogs and exchanging the meat products for merchandise or in payment of an obligation is liable for the processing tax. Also, a person who processes hogs and retains portions of the processed animal for his own consumption and selling the surplus, is subject to the processing tax on the different kinds and amounts of meat disposed of. The person may, however, receive credit on the portion retained for family consumption, which portions are not taxable.

He also mentions two or three cases in which farmers and others dealing in hog processing are exempt from the processing tax. He states that no tax attaches to the sale of live hogs. Also, a producer who slaughters hogs exclusively for own use is exempt from processing tax and need not file a return. Likewise, hogs slaughtered by a person who purchases them for his own use exclusively are not subject to processing tax and no return need be filed.

In response to the thousands of letter that Mr. Dallman receives daily asking for blank forms for use in making the monthly return, all he can say is that these forms will be mailed to all taxpayers of record as soon as received and suggests that those taxpayers whose names are not of record, or fail to obtain the required blank forms by the time the return is due to be filed, Dec. 31, should again write him for the necessary supply of P. T. Form 4.

Much Fall Plowing In Central Illinois

A drive through this part of the state shows that many thousands of acres of land have been plowed late this fall, preparatory to putting out crops next spring. The corn crop being very light, farmers gathered what little there was and then proceeded to plow the fields. The weather has been ideal for doing this kind of work.

Many gardens have also been plowed this fall, which will greatly facilitate early spring planting and cultivation.

Future Farmers WEEKLY NEWS

While the CWA is bringing relief to the country Future Farmers of Sullivan have been out and obtained some relief for farm boys. Last week they exhibited seven ten ear samples of corn and three pens of poultry that netted them eighteen dollars and some nice ribbons.

The section XI Grain and Poultry show was held at Cerro Gordo on Thursday and Friday.

In the poultry division of the show Loren Jenne's S. C. White Leghorn exhibit won him 2nd and 3rd place pullets, 2nd cockerel and 2nd place pen of three pullets and cockerel. Gerald Galbreath showed Barred Rocks winning 2nd place cockerel and 3rd place pullet. Leo Jenne's R. I. Reds placed 3rd pen, 3rd cockerel and 13th and 14th place pullets.

In the corn division Frank Horn had ten ear sample of yellow corn that placed 27th. Junior Horn's 31, John Baker 33, Loren Jenne 34, Hathas Deckard 37 and Oliver Myers 44. Glen Cuffe succeeded in getting 20th place in the white corn class but with less competition. Their placings are considerably better than Sullivan got last year and suggests some accomplishment, which, in view of the extremely unfavorable crop year in this community is encouraging.

Training, better seed and a more conscious effort at seed selection on the part of the boys is responsible for the improvement. Frank Horn, who did the best job so far as the Sullivan boys are concerned, was a member of the state corn judging team last spring that ranked well up toward the top. He and Junior have been taking considerable interest in seed improvement which is reflected in their winnings. Likewise the other boys have been using improved seed in their projects and were able to use last year's experience to good advantage as shown by higher place winnings over last year.

Gypsy Does Clever Pocket Picking

Gypsies visited Sullivan Wednesday in a nice new Dodge car. There were two men and two women.

The women started out picking pockets and telling fortunes. A local man bought something in the Cummins store as the gypsies came in. They followed him out on the sidewalk and tried to tell his fortune, pawing all over him in the meantime. He did not want his fortune told. The women went to the car and soon all left town. In the meantime the Sullivan man had occasion to take out his purse. All its contents were gone. He notified the sheriff.

Within a short time the quartet were arrested in Tuscola. Sheriff Lansden went over there to get them. They paid back the money

and all expenses connected with the incident. The Tuscola sheriff held them until he can be convinced that the Dodge is not stolen property.

Borrowed Books

(By J. J. Martin)

Whether the following is just a co-incidence or otherwise, draw your own conclusions:— In the Progress, Dec. 8, the editor invites a return of the borrowed volumes of the Progress library and in the Chicago Herald and Examiner, Dec. 12, under the caption of "A Number of Things", Charles Hanson Towne devotes a very considerable of his column to borrowed and unreturned books.

He says long ago he made the practice never to loan books to his friends. These friends would bring back a cup of butter, bowl of sugar, bar of soap or even the old brown umbrella, but those who would conscientiously bring back a book were few, indeed they scarcely exist; said it was cheaper and less worrying to present a friend with an occasional volume, than depend on his returning it.

Many books, Mr. Towne thinks, are just to be read and then disposed of as suits the owner's caprice, but others are to be read and re-read—studied, digested and kept for future references. These books should always be on their proper shelves, ready for the owner's use. Many other good thoughts, about books were presented in the article, but the foregoing, epitomized, was what struck us most forcibly, after seeing the editor's request.

Just think, gentle readers, the trouble, loss of time, not to speak of the loss of patience and religion when in the midst of one of his brilliant, bristling philippics the editor reaches for his Lvy, Maccauley or Lossing to clinch definitely some historical statement and finds them all gone; or seeking for some true uplifting poem, he finds Keats, Milton or Browning missing; and looking for a golden text to head his editorial page, he remembers Bro. So-and-So borrowed the Sacred Volume last Lord's day and the editor is compelled to run over to Judge McLaughlin's and borrow his copy. My! This borrowing books from Editor Brandenburger is simply appalling when we know a whole tribe is "Just around the corner" with gauntlet clubs upraised and awaiting an opportunity to add one more scalp to their collection.

Imagine yourself, book borrower stepping into the Progress office and hearing this gentle refrain from the Editor as he plays on his linotype,

My books are far out in the country. My bookies nowhere I can see. My books are all over the city. O, bring back my bookies to me.

So please, pritty please, dear book borrowers, bring back your borrowed books, tell the Editor how uplifting were the sentiments contained therein and how greatly you appreciate the favor of his loan (aside) and don't forget that nice little Christmas offering by way of a cash subscription for one or more years for the splendid paper he is furnishing us.

Let us conclude, Mr. Editor our little write up by saying that in our Teacher and Community reading circle as sponsored by County Supt. of Schools Mr. Green, we had under consideration the reading of books. During the reporting on this topic, ye scribe took the position that simply the reading of a great number of books without any re-reading, analyzing the thoughts contained in them or digesting and assimilating them was likely to prove harmful; that a few good books, mastered, was preferable to a vast number just skimmed. John Davy in the American Magazine said when a young man he possessed three books—A hymn book, dictionary and Bible and that no person with a large library was more proud of them, than he was of his three. Daniel Webster had few books, but many of these he learned by heart. While a boy he could repeat our Constitution from memory. Lincoln was in much the same circumstances so far as owning many books. The Bible. Esop's Fables and Weem's Life of Washington were three books much read by him. Let us keep in mind the thought of the elegant author of Eumomus, that "Knowledge is not so much increased by gaining new ideas, as by accurately comparing the relations of those already received."

JUNE LUKE'S PARTY

June Luke entertained several of her young friends to a chili supper and party at her home Saturday. The evening was spent playing games. Those present were: Catherine Nichols, Bonnie Siron, Betty Queary, Shirley Pifer, June McCarthy, Eileen Graven, Don Wheeler, Raymond Lucas, Johnny Poland, Jack Crockett and Junior Zook.

CWA PERMITS COURT HOUSE REPAIRING

and on the Jonathan Creek road is going merrily along, stopped only once in a while by rains.

The last CWA payroll was for \$3,685.20.

Engineer A. C. Corrao who has offices in the supervisors room, is the Federal government's representative here on this CWA work. He is the county's purchasing agent on supplies for the CWA jobs. He is assisted by W. J. Wadsworth, project engineer on the jobs.

One of the big projects which is now under consideration is the Avenue road in Whitley township which may be regraded and gravelled.

J. W. Lee, in charge of the Re-employment office states that skilled engineers, surveyors and similar professional men are asked to register for some work that the Federal government is planning to do. A movement is also under way to give employment to women. Details of this matter have not been fully worked out.

Employment Agency

One thing not generally understood is that the office in charge of Mr. Lee is a general employment agency. Any one needing help can secure it by applying there. If you need a man for shovelling coal, or doing chores, you can hire such a man by applying to Mr. Lee. The people who need employees are urged to use the Re-employment office for that purpose.

At Relief Offices

Registrations for relief at the offices in the M & F bank building, where Carl Wolf is in charge are increasing steadily. About half of the pork shipment received here some time ago has been distributed. Other supplies have not yet reached here.
