RESOLUTION

The Moultrie County Democratic Central Committee, in meeting assembled, this 16th day of April, 1934 -Extends greetings and best wishes to Governor Horner

and our excellent Democratic State Administration.

We heartily endorse the program of efficiency and economy inaugurated by our Democratic Governor and pledge our co-operation in his efforts to give to all of the people of Illinois justice and fairness in matters of taxation.

We deeply appreciate the administration's efforts toward solving the financial problems which it inherited from former administrations and are thankful, indeed, at the big saving in taxes effected for our citizens by not levying a state tax this year

We are thankful for the recognition accorded this county in matters of state patronage and hope to be deserving of more.

The above Resolution was unanimously adopted in this, one of the banner Demoiratic counties, in the state of Illinois. GEO. A. DAUGHERTY, Secretary

My loss-

A chance to be a Legislative candidate next fall.

A small portion of my egotism and perhaps some conceit.

My Gain—

A very pleasant campaign, during which I met and, I confidently believe, made many friends.

The knowledge that the leaders of the party considered approval and support.

Some valuable advertising for The Progress, as the leading Democratic newspaper of this part of the state.

The defeat also gained for me immunity from another drubbing at the polls in November by the Champaign-Urbana and Arthur voters.

Taking the situation and viewing it philosophically from every standpoint, I also find that I shall not be much bothered by job-seekers and shakers-down this coming summer. I shall not have to romp all over three counties attending chicken-fries, picnics, beer parties, dances and similar functions. I shall not have to smile and shake hands with people who would regard such action as simulated friendship and just so much political piffle and hypocrisy. The public is fast returning to the use of liquid laxatives. People have learned that the right dose of a properly prepared liquid laxative will ring a perfect movement without ny discomfort at the time, or after.

The dose of a liquid laxative can be varied to suit the needs of the individual. The action can thus be regulated. A child is easily given the right dose. And mild liquid laxatives do not irritate the kidneys.

Doctors are generally agreed that senna is a *natural* laxative. It does not drain the system like the cathartics that leave you so thirsty. Dr. Caldwell's Syrup Pepsin is a liquid laxative which relies on senna for its laxative action. It gently helps the average person's bowels back to regularity.

You can always get Dr. Caldwell's Syrup Pepsin at any drug store, ready for use. Member N. R. A.

One of the smartest campaigners we ever knew is the Speaker of the House, Henry Rainey of Carrollton. When it looked as if opposition was developing in his district to his renomination, he sent out word that Wall Street was financing the opposition. And the opposition was snowed under. Speaker Rainey's election next November is a certainty.
