

WEATHER

An apology—Our chapter of serial story is again omitted this week—also some other news features, due to a last day adv. rush.

Readers may say: "What care we for the ads!" but that's our main source of income, especially since some people are awfully slow in meeting their subscription accounts.

The country is beset by a dust storm today. Radio reports say that this one swept out of the northwest. Back in the days when the west was full of gold, we would not have minded a gold-dust storm, but this common gritty dirt is very unwelcome.

Saturday we had a fine rain. It was not general however, and the drought is a sad menace over practically the entire country. Read the letter from Jim Fortner up in the Dakotas. Compared to conditions there, central Illinois must look like Paradise.

Spirea — bridal veil — are blooming and many a sweet young thing, looking at the flowers wonder why her beau does not propose so she can have a bridal veil of her own.

We know now why there have not been any shoe factory marriages lately. No up-to-date girl will entrust her future to a young man when a strike is hanging over his head. Too often when "Papa's on a strike, Mama has to take in washing."

Following the shower Saturday night, mushroom hunters got busy Sunday. They gathered them in by the bushel and gorged on them. Doubtless many toadstools were eaten but the folks who ate them thought they were mushrooms and the power of a believing mind over a dumb stomach makes even toadstools digestible.

Among other spring nuisances is the sheep killing dog. One such canine did considerable damage in Earl Horn's pasture recently, but the culprit was pumped full of lead.

Monday morning the Greenhouse was one busy place. Everybody wanted plants for decoration. Lee Taylor who sells plants whose products are designed to fill stomachs, was also busy, selling a million or more.

Because we're crowded this week — Goodbye!

EMPLOYMENT OFFICE FURNISHES WORKERS ON SHORT NOTICE

Homer E. White, manager of the local Re-employment office states that men and women can be furnished for any sort of job on short notice. This kind of service should prove very valuable to home owners at this time of the year when odd cleaning, painting and remodeling jobs are contemplated.

Individuals registered with the Reemployment service who reside in the city are required to keep the local office constantly informed of changes of address, telephone number, etc., if they desire to be considered for employment. By this method, workers can be secured quickly for any sort of job.

Mr. White said he hoped a large number of people would take advantage of this employment service and arrange to clean, paint and remodel their homes and places of business this spring. Even though many of the jobs will be temporary in nature the Employment service will gladly handle any orders for workers even though a job is for only a few hours.

No charge is made for this service and the telephone number of the employment office is 26.

WHO CAN WRITE THE HISTORY OF EAGLE POND?

In this issue appears an interesting historical sketch of the Bastian Seminary which once existed here. Once upon a time there was a great slough North of Sullivan—Eagle Pond. It has been drained and now contains some of the most fertile farm land in the world.

Who can tell the story of Eagle Pond, its dangerous trails, its deep holes, its eagle nests? Who can tell the story of its transformation into useful though less picturesque acres?

Mr. and Mrs. G. S. Thompson entertained at dinner Sunday: Mr. and Mrs. H. H. Smith and son Herwald and Miss Mavis McCracken of Marion, Mrs. G. S. Thompson, Jr., Chicago and Mrs. W. S. Reedy daughter Ola, Miss Lucy Dunscomb and Mrs. Tella Pearce of this city. Mr. and Mrs. Glen Smith and family of Findlay and Mr. and Mrs. W. Hicks were visitors during the day.

Mr. and Mrs. Walter Prichard of Niantic spent Sunday with Mrs. Ella Stewart at the home of her brother L. D. Seass. Rev. C. E. Barnett was a dinner guest also. Mrs. Stewart accompanied the Prichards home for a week's visit.

Mr. and Mrs. Roy Rizak of Mattoon are the proud parents of a son born recently. Mrs. Rizak is the former Dorothy Bodamer of this city.

Ruth Kohlhauff is invited to see a show at the Grand theatre.

Light Plant Shows Profit On Operation

Superintendent Cunningham's Annual Report Shows Profit of over \$10,000, Despite One Month's Free Service to Consumers.

May 10th is the close of Sullivan's fiscal year.

Supt. C. Cunningham has filed with the city council his annual report of the finances of the city's municipal light and power plant.

The report shows that at the beginning of the year the balance on hand was \$12,770.92. Collected from sale of current during the year was \$31,251.98; received from closed M. & F. bank \$414.52, making total receipts of \$44,437.42. Of these receipts the sum of \$8,088.68 was put into permanent equipment and a sinking fund.

The cost of distribution, including repairs, salaries and street lights was \$7,356.48. The cost of operating the plant was \$13,015.75.

These figures show that the total expenditures were \$28,459.89. The balance on hand May 10th of this year was \$15,977.53.

Striking a balance shows that the plant made a net profit of \$10,880.77 during the year. This was done despite the fact that no charge was made for June service on lights amounting to \$2,539.29.

During the year \$6,000 was placed in the "Sinking Fund" a fund set aside to use for replacements when necessary. The total amount in this fund at this time is \$14,427.05. The city gets interest on this. \$2,088.68 was invested in permanent equipment, such as meters, transformers, tools, etc.

The city also has a balance of \$1,025.61 in an Electric miscellaneous fund and \$2,694 in a Service Fund.

Supt. Cunningham's report further shows that, in the matter of expenditures, salaries totalled \$8,280. Thirteen cars of fuel oil costing \$5,612.60 and cylinder oil worth \$1,068.16 was used. Office rents and supplies took \$967.32.

These figures plainly show that Sullivan's municipal plant is not only a "going concern" but is perhaps the most profitable business in the city. This is being done on low rates and excellent service.

ALFRED NEAL BOLIN, INFANT, DIED SUNDAY

Alfred Neal, infant son of Mr. and Mrs. W. A. Bolin died at the family home Sunday, aged 1 year, 1 month and 23 days.

He leaves his parents, two brothers, three sisters, one grandmother, Mrs. Ella Bolin and his foster grandparents Mr. and Mrs. William Conklin of Martinsville. He also leaves several uncles and aunts.

Funeral services, in charge of Rev. W. B. Hopper, were held on Monday afternoon at 2:30 o'clock at the Jonathan Creek church, with burial in cemetery adjoining.

COUNTRY CLUB SOCIAL SEASON OPENED TUESDAY

The Ladies Auxiliary of the country club opened its social calendar for the year with a covered dish luncheon at the club house Tuesday. Mrs. Paul Hankla received the prize in the tournament which followed the luncheon. The committee which served consisted of Mrs. Frank Newbould, Mrs. J. L. McLaughlin, Mrs. Chester Horn, Mrs. Oscar Cochran and Mrs. Dorothy Jensen.

SOFT BALL IS GETTING POPULAR IN SULLIVAN

The soft ball court in Wyman Park is a busy place. Dozen of players are already participating in the sport and indications are that a league of some sort will be organized.

Sunday a team named Pirates went down to defeat before the Wildcats by the score of 4 to 2.

GRAMBLIN PATIENTS Byron Gramblin who was operated for appendicitis at the St. Mary's hospital in Decatur Monday is getting along fine.

His sister Ruth, who was injured in an automobile accident recently, had a minor operation at the hospital Thursday when several more pieces of bone were removed from her jaw. She was there two days.

WITH MISS EVANS Mrs. Grant Camfield of Neosho, Missouri has come to stay with her cousin Miss Adaline Evans near Bruce.

The Garden club will meet on Friday with Mrs. Horace Erwin.

Rigney And Hines Given Senate O. K.

Among other important matters transacted in the United States Senate Friday was the confirmation of the nomination of Hugh Powell Rigney to be postmaster of Arthur and John W. Hines to be postmaster of Lovington.

The Bethany appointment has not yet been made.

Clarence Miller is one step nearer his job here in Sullivan. He filed his bond Monday and his commission is expected shortly.

Helen Sampson Is Bride Of Paul Baum

Miss Helen Sampson of this city and Paul Baum of Decatur were married at noon Saturday, May 5th in Charleston by Rev. Hays of the Christian church.

The wedding took place at the home of the bride's sister, Mrs. Howard Aufdencamp. Mr. and Mrs. Aufdencamp and Miss Thelma Sampson of Mattoon acted as attendants, and the single ring ceremony was used.

The bride was attractively attired in Alice blue with white accessories and wore a corsage of pink roses mingled with pink and white sweet peas.

Following the ceremony and luncheon for the wedding party, Mr. and Mrs. Baum drove to Decatur where they will make their home at 1713 E. Williams Street. The groom, formerly an employee at the Sullivan Shoe factory is now with Staleys.

Eviction Of Tenants Cause Of Trouble

There have been several fights and minor squabbles during the past week because of tenants put out of homes.

Mrs. John Shipp had the Seaton family evicted. Constable William Winchester did the job. Neighbors helped move the stuff back in. In the arguments that ensued Paul and Cecil Seaton acted up so that Judge Lambrecht ordered them jailed for resisting an officer.

The matter was later amicably adjusted and charges dismissed.

ASH GROVE HOST TO OKAW CHRISTIAN YOUTH

The Okaw Christian youth met at the Ash Grove Christian church on Monday night. There were 216 people present. The churches represented and the number from each were as follows:

Ash Grove 54, Cowden 8, Gays 7, Shelbyville 44; Smyser 8, Sullivan 24, Windsor 36, Lovington 3, Findlay 4. Visitors 27.

The next meeting which will be the first Monday in June will be held in Gays.

A splendid Mothers' Day program was given by the young people. Members had been asked to bring their mother, or if their own mother was unable to go, to bring some one else's mother. Those present from this city were: Rev. C. E. Barnett, Mr. and Mrs. Clifford Elder, Alta Elder, Margaret Garrett, Jennie Seitz, Doris Seitz, June Luke, Olive Dazey, Martha Bragg, Mary Josephine McGuire, Marjorie Kenney, Lela Mae Miller, Bonnie Leavitt, Don McKown, Kenneth Johnson, Bill Seitz, Homer Johnson, Paul Dazey, Leo Horn, Levia Elder, Mrs. Clarence Elder, Mrs. Chester Horn and Mrs. Ed C. Brandenburg.

AT CHRISTIAN CHURCH CONVENTION IN ROBINSON

A number of folks from this city are attending the convention of Christian churches being held in Robinson, Thursday and Friday of this week. A partial list of those attending is Mrs. C. R. Hill, Mrs. Chester Horn, Mrs. G. R. Fleming, Mrs. Glen Shanks, Mrs. Gail Carline, Rev. C. E. Barnett, Mrs. Clint Coy, Mrs. Hattie Pifer, Mrs. Hettie Ellis, Miss Mayme Alexander, Miss Etha Lindsay.

GARBERS HAVE SON

A 7-lb. boy, the first born, made his appearance Wednesday morning in the home of Rev. and Mrs. Glenn Garber. The newcomer will answer to the name of Robert Miller Garber. Rev. Garber is pastor of the local Presbyterian church.

O. B. CRAWLEY DEAD

O. B. Cralley, aged 83, died at his home in Coles Station Monday evening. Funeral services were held Wednesday with burial in Dodge Grove cemetery.

Sullivan May Have Summer Concerts

In the High School notes appears an item relative to a free band concert which Prof. Scheer's high school band will give here on the night of Wednesday, May 16th at 7:30.

Efforts will doubtless be made to have the high school band give a series of weekly concerts here this summer. This matter will be sponsored by the Community club.

While the merchants usually are more than willing to donate to defray the cost of the concerts, there is one objectionable feature which they do not like.

During recent years Decatur and Mattoon merchants have taken advantage of the band concert crowds in Sullivan to litter up the cars and the uptown generally with their circulars and other advertising matter.

As the band concerts are paid for locally and the out of town merchants do not contribute a cent, their action in taking advantage of band concert crowds has generally been regarded as "small stuff."

The merchants want the city council to take action to keep out of their advertising matter. This constitutes a nuisance and is subject to city regulation.

18 Want To Be H. Commissioner

When Clarence Miller resigns the office of highway commissioner of Sullivan township to become postmaster, the town board will have the task of selecting a successor. Sixteen men have already filed applications for the job with Town Clerk Roney.

The applicants are James F. Lehman, J. H. Alumbaugh, Ray Evans, Joe Butler, Benj. N. Luke, George I. Elder, W. R. Wood, H. Y. Kingrey, Leo Murphy, W. A. Newbould, Emerson Hall, U. G. Dazey, Lee Vice, Ansel Wright, C. C. Callahan and Herschel Carter. F. F. Fleming and Bill Matheson have filed with Judge Lambrecht but have not filed the required application with Clerk Roney.

The board which will make the selection consists of Supervisor Frank Newbould, Town Clerk Roney, Justices L. Lambrecht, Charles Edwards and Job Evans. The term will expire next spring.

New Meat Market Open To Public

The Lane Brothers meat market is open for business and formal opening will take place Saturday.

The "Brothers" are Bert and Walter, with the latter in charge. He is being assisted by Len Lovelless and Ike West. Besides a full line of meats, the store also carries a grocery line.

Most of the beef sold in this market will be from stock fattened on the Bert Lane farm.

"POPPY DAY" WILL BE STAGED HERE MAY 26TH

Sullivan will be called upon to honor the World War dead and give aid to the war's living victims by wearing memorial poppies on May 26th. This day, the Saturday before Memorial Day, will be "Poppy Day" throughout the United States and will be generally observed by the wearing of the little red flower of Flanders Fields.

Observance of "Poppy Day" here will be directed by the American Legion Auxiliary, Mrs. Ray James, president of the local Auxiliary Unit has announced. Women of the Auxiliary will distribute poppies on the streets and receive contribution for the Auxiliary's welfare and relief work among the disabled veterans and their families.

Organization of a corps of volunteer workers to distribute the memorial flowers throughout the city is going forward rapidly under the leadership of Mrs. Rose Lewis, chairman of the poppy committee. A large supply of poppies has been ordered from Veterans Hospital at Danville where disabled veterans have been given employment during the winter and spring making the little paper flowers.

TWO SONS ARRIVE

A son was born Friday to Mr. and Mrs. Oscar Lewis. On Saturday a similar blessed event took place at Gentry Pedigo home.

HAVE A DAUGHTER

A daughter, Jean Louise, was born Thursday morning, May 10th to Mr. and Mrs. Roscoe Lane who live in Sunnyside.

Fletcher Thompson's Lifeless Body Found

Lewis Fletcher Thompson died some time Monday evening. His body was found under a tree near a barn on the George Elliott place on Jackson street. A rope was around his neck and he had evidently made preparations to hang himself but an examination of the body showed that he had not been strangled, nor had his neck been broken.

As he was subject to heart attacks, the presumption is that he died from that cause before he could carry out his suicidal intent.

Mr. Thompson, brother of Mrs. John Elliott, came to Sullivan about four years ago and has made his home with relatives here. For the past six months he made his home with the George Elliott family. He was of a quiet, retiring disposition and lately he had been moody, ill and despondent.

He was in the habit of taking walks daily and when he failed to appear Monday night search was started. The body was found, apparently dead several hours.

He was a son of William H. and Emily Elizabeth Thompson and was born near Roodhouse in Green county. Later the family moved to Niantic and he lived there until recent years. He was never married. His aged father died seven years ago. Besides his sister, Mrs. Elliott, he leaves one nephew, George Elliott and one niece, Mrs. Fred Harmon, both of this city.

Lewis Fletcher Elliott was born June 3, 1868 and at time of death was in his 66th year. The remains were taken to Niantic where Rev. Barnett conducted funeral services Wednesday morning in a little church in Long Point cemetery, where the remains were laid to rest.

No Change In City's Employes For 1934

The city council met Wednesday night, in adjourned session to start a new year for Sullivan. Officers reports were received.

No change was made in the personnel of the city's employes and doubtless all will hold over.

Several poolroom licenses were granted and other routine business transacted.

There will be a basket dinner at the Oak Grove church Sunday. Church services in morning, afternoon and night; Baptizing in connection with afternoon services. Rev. Blankenship, the pastor will be assisted by several other pastors.

BARBERS UNION

There is a movement on foot to unionize the Sullivan barber employes. A new shop opened this week in the Terrace Block.

Dope Robb Has New Business Partner

A change took place in the firm of Robb & McDaniel, poolroom and drinking parlor, this week when Lloyd Nottingham bought out Mr. McDaniel.

This place is one of three in this city which has a full liquor license. The others are Win Gladville and F. O. Hawbaker. Beer licenses have been issued to the Waggoner cafe and Hugh Franklin.

Action Against J. Cummins' Mutual

Attorney General Otto Kerner, on behalf of State Insurance director Ernst Palmer, has filed action in the local circuit court to have the New Douglas Mutual Relief Ass'n. declared insolvent and to put it out of business.

In the bill as filed, it is stated that the association of which Jim Cummins is secretary, treasurer and manager, has assets of only \$94.29 and that its liabilities are \$546.00. It is stated that the association has only 282 members and that it does not have the \$1000 guarantee fund which the law requires. The Attorney General states that the Association has refused or neglected to make good the deficiency as ordered by the insurance department.

Road Oil Prices Higher This Year

Highway commissioners and members of the supervisors road and bridge committee met Tuesday night with Co. Highway Supt. Little to discuss road improvement programs for the coming year.

The income from taxes for roads, bridges and oiling will be less than is needed this year, especially if roads are to be given two coats of oil. Oil prices are also higher.

In order to meet the deficit in these funds, money may be taken out of the county highway fund which has accumulated a surplus.

Shoe Factory Workers Strike Ends Production

Union Members Shut Off Machines When Brown Company Does Not Meet With Representatives to Discuss Wages and Working Conditions.

A strike is on at the Sullivan factory of the Brown Shoe Company. It started at 1 o'clock Tuesday.

Thursday saw no change in the situation.

Other Brown factories in Illinois cities and in Vincennes, Indiana are also reported tied up by labor troubles.

In the local factory the strike is of the non-producing type. The workers report for work, take out their time cards and then do nothing but sit around, play cards, dance, etc.

The machines were turned off by the workers Tuesday afternoon in practically all departments. Those workers, not members of the union, cannot continue work even if they want to.

The strike which has been brewing for some time, was precipitated Tuesday when no representatives of the Brown Shoe Company appeared at a meeting in Mattoon to discuss raises in wages and working conditions.

It is said that a Brown representative had promised to be present at the Tuesday's meeting but that this decision was changed following a short strike at the Charleston factory.

Supt. Kohlhauff of the local factory had no statement to make when seen Thursday. "I have nothing to say" said he. "I am just sitting here waiting. I have no word from St. Louis. Everything here is at a standstill. No work is being done."

It has not been definitely learned whether the employees expect to be paid for the time they are putting in. Payment is based on piece work, done within the hour limits set up by the NRA. The employees are now putting in time, but it is non productive.

The whole situation is unfortunate from every angle and will be more so if the Brown Shoe Company decides to lock up the factories in the smaller cities and concentrate its manufacturing operations in St. Louis.

It was primarily to get away from labor troubles that the Brown Shoe company established its factories in the smaller cities.

The people of Sullivan have a stake of \$125,000 in the local situation, that being the amount which was donated by merchants and others to have the factory built here to give employment to local people. The factory opened June 9th, 1930 and has operated steadily through the depression, without any labor difficulties.

The local union, a branch of the Boot & Shoe Workers Federation, was organized here several weeks ago over the protest of the Community club and of many of the employees. The same action was taken in other factories and the strike solution in one place will doubtless apply in all other factories.

A prolonged shut-down would entail a great hardship on the workers and the entire community.

FRIENDS IN COUNCIL HAD MAY DAY LUNCHEON MON.

The Friends in Council club closed its year's work Monday, with a May luncheon at the National Inn. There were fifty-one members presents. The program appeared in these columns last week.

The club voted to have a part of next year's programs in the K. P. Hall and the rest in homes.

The flowers which were used as decorations were sent to the sick. The scheduled speaker, Dr. Dorris of Paris was unable to be present.

MRS. CHARLES BUXTON IN MATTOON HOSPITAL

Mrs. Charles Buxton was rushed to the Mattoon hospital Tuesday night for an emergency appendicitis operation. While her condition for a time was very serious, latest reports are more encouraging though she is not yet out of danger.

For I the Lord thy God will hold thy right hand, saying unto thee, Fear not; I will help thee.—Isaiah

The mother in her office holds the key of the soul; and she it is who stamps the coin of character, and makes the being who would be a savage but for her gentle cares, a Christian man! Then crown her queen of the world.—Anon.

Money does all things for reward. — Some are pious and honest as long as they thrive on it, but if the devil himself gives better wages, they soon change their party.

—Seneca

All worlds lie folded in the arms of power.
The live seed lifts its earth load and is free.
The filmy moon lifts the eternal sea.
Armed with this might the insect builds it tower
And lives its little epoch of an hour.

But there is something that is greater still:
The strength that slumbers in Heroic Will—
The high transcendent strength that streams,
Downward on man at some imperious Call,
And joins with him in power to build into reality his dreams!

—Edwin Markham

Only Half The Guilt Is Insull's.

Samuel Insull has returned home. Against his will, he was brought back to Chicago, the scene of his former triumphs, to be lodged in a felon's cell, until arrangements could be made to give bond to assure his appearance for trial.

A few close friends, real friends, will stand by the dethroned utilities king. The mob glories in his downfall. They who once stood humbly by endeavoring to get even a glimpse of Sam Insull, the powerful, now jeer at Insull the fallen.

And what was Insull's crime? Failure.

In the development of his fortune and his power, he did much good. He had faith in America and he planned and made available electric energy to lighten the burdens of the otherwise "forgotten man."

A product of that epoch which preceded the depression, he operated to a certain extent beyond the law. His financing of his vast empire was perhaps not entirely clean or legal.

Government never questioned Insull activities because of their very bigness. They attracted investors of very moderate means. When the crash came, Insull investors were hurt, badly hurt.

Insull, himself, lacked the guts to stay and face the music. He left. His vast properties came under court jurisdiction and into receiverships. Insull, who had builded a financial castle, the foundations of which were not on solid rock, but rather on a bed of quicksands, became the target of abuse from those who had cast their fortunes with him in the expectation that he would make them rich or at least assure them a big return.

Today, the condition this hunted and hounded ex-financier shows the folly of all wordly things, the decay of wealth and power, the instability of man-made greatness. Contemplate the scene!

But we contend that Samuel Insull's guilt is but half of the crime which has been committed against investors and others who trusted him.

The other half of the guilt lies heavily on our own government—on the representatives of "we, the people."

There are laws in this country to protect investors. How about the representatives of the law, upon whom the task of enforcement and protection was delegated?

The investors trusted Samuel Insull. They also trusted the protection of the government. Insull failed them and he will be tried for his dereliction. The government failed them too. To cover its failure, it has thrown up the smoke-screen of Insull prosecution. The guilt can not be all one-sided.

And here let us repeat our prediction. Samuel Insull will not be convicted. The many thousands of dollars the government has already spent in this case are just that much thrown away. The thousands that it will spend in the trials and prosecution will be that much additional waste.

The old wolf of finance is down. The pack which formerly ran with him as leader, is going to worry and chew on him to detract public attention from their own short-comings. Insulls are possible only through negligence or connivance on the part of government and those whose duty it is to administer it.

Smaller Counties Face Grave Danger.

The agitation to change the county system of Illinois and have larger units and consolidated government does not come from the smaller counties. It does not come from counties which are mostly rural and which have no large cities.

These smaller counties are getting along very well. They are well managed and their finances are in good condition. The cost of government is small per capita. The people have no grievous fault to find with it.

Absorbing these counties into larger units which would include those with larger cities would not benefit the people of counties like Moultrie, Cumberland, Piatt, etc. It would

load on them a share of the burden of their larger, debt-ridden neighbors.

Chicago newspapers are clamoring loud for this new type of government. The poorest governed unit in Illinois is Cook county and Chicago. Why should Hearst's papers be concerned about the downstate? If they sincerely desire to reform government and make it more efficient and economical, they have the biggest problem of this kind right on their own doorstep. The delay in solving Cook county's governmental problems, the delay in collecting taxes, etc., is hurting the entire state.

The small counties, downstate, — at least 75 per cent of them, — are well governed. They collect their taxes. They prohibit graft in public office. They know their officials and pay them only reasonably well. Bigger units of government would lead to more opportunities for grafting and the spoils politician would be in his glory.

The big counties want consolidation. They want to annex the smaller counties to help pull them out of the financial hole in which they are wallowing. They have the votes; they have the power; the daily press is backing them and they will consolidate us and swallow us whole one of these days whether we like it or not.

Giving Hollywood Actresses A Break.

In some ways this country is evidently far behind the times. We refer specifically to the sex morals of Hollywood. The old-style marriage yoke is more or less of a joke to the Hollywood folks. It is embarrassing and inconvenient. It does, however, bring some very valuable newspaper publicity.

Prominent actresses change husbands about as often as other women get new dresses. For them marriage is a sort of legalized prostitution. The marriage license and ceremony are silly abominations of the dark ages.

We have heard that in some countries they legalize prostitution without the sanction of marriage. That might solve Hollywood's social problem. If a girl decides to follow the Hollywood style, what she needs is not a marriage license, but a prostitute license, which gives her legal protection in plying her sexual activities.

A few years ago a college professor told us this story about the League of Nations and Geneva, Switzerland, where it has its headquarters.

The League was legislating on the matter of the white slave traffic, prostitution, etc. That embarrassed the good city fathers of Geneva where a house of prostitution had for many, many years flourished under legal sanction. It was a recognized business institution.

The city officials met to consider the matter. They did not want to offend the League by continuing the bawdy house, right within the shadows of the League buildings. Neither did they want to offend the madame and others who were interested in the business from a financial standpoint.

A compromise was suggested and adopted:

Resolved, that we, the officials of this city, are in hearty accord with the League in its views regarding prostitution;

And be it further resolved, that since the place in this city where such activities have long been practiced, has obeyed our laws and inmates have given faithful and needful service to the men of this city for this and many past generations —

Therefore be it Resolved — That the house be permitted to operate until such time as its present inmates are all ready to retire from their profession and that no new inmates be permitted to join the staff of the house from this day henceforward.

The worthy burghers felt that this was as close as they could come to comply with League requirements without offending the good and faithful sex servants of the community.

Of course, for us steady going Americans the old style marriage still holds a measure of sanctity. But in Hollywood are a different class of people. Let's give them more rope, more freedom and less legal entanglements.

A good way to do away with law-breaking is to make the offense complained of legal. If the Hollywoodites want the type of sexual life modeled on the poultry yard the cowlot, the sheepfold or the pig-sty, who are we, that we presume to stand in their way and to flaunt our staid and prudish morals in their collective face?

Editorial Shorts

While poor old Illinois is bedridden with too many laws, we would like to suggest one or two more: An automobile drivers' license law and a law to keep irresponsible drivers off the highways. A person driving a car should be compelled to carry insurance to safeguard others whom his carelessness might endanger in life or limb and property. Could there be anything wrong with such a law?

The best type of liquor regulation is that which gives jail or penitentiary sentences to drunken drivers. Crack down hard on drunken drivers and your problem is 90 per cent solved.

What a world! We need a sewer system in this city very badly, and apparently can not get it; at the same time energetic St. Louis promoters are trying to hang an unwanted and un-needed gas system around our municipal neck. If this situation is not closely watched, they'll do it, too!

"Do you know what," said one worker who is on relief to another, "why these blankety-blank farmers are wanting me to work for them at \$1.50 a day. Why they can go plumb to h—l."

This sort of thing is getting

many people disgusted with relief activities. Where is there a farmer who can afford to pay more than \$1.50 a day right now? Nevertheless the loafers would rather let the government support them than earn an honest dollar.

Many people on relief today are living far better than they have ever lived before and not doing a lick to earn it. Demobilizing relief is one of this country's biggest problems.

Opportunity in Sullivan consists of a stock of good merchandise, backed by consistent and persistent advertising in The Progress. A merchant can not pay a personal visit to a thousand or more homes in his trade territory every week to tell what he has for sale. The Progress at a very reasonable price can, however, do this for him.

"I'm very much peeved and aggravated," said the Sullivan woman to her neighbor. "We feed our hens well, but they fly over into the neighbors' yard and lay their eggs in his hen house. My husband got his pay check this morning and I went to Decatur this afternoon to buy things I need. When I got back I found that six of my hens had flown over the fence and laid their eggs there. My neighbor does not give those eggs back to us."

Moral: Woman, you and your hens are very much alike.

Historical Account Of Bastian Seminary Written By S. M. Smyser Of California

An Interesting Letter Which Deserves to be Preserved in the Archives of the (Proposed) Moultrie County Historical Society. Seminary Had Important Part in Mr. Snyder's Life.

Holtville, California,

May 2, 1934

Mr. Ed C. Brandenburg
Dear Mr. Brandenburg:

I note in the last issue of your paper that you state you would like to have a letter from any students of the Bastian Seminary that may be living stating facts relative to that educational institution.

I was present as a student in the opening session of this school in September, 1868, and I suppose I am qualified to state something about the old school. Sometime in the summer of 1868 N. S. Bastian obtained possession of a two story brick building situated at the south outskirts of Sullivan that had been erected by a man named Freeland. He proceeded to raise funds where with to equip the building as a school by traveling around over the country and delivering addresses stating the purpose for which he wished to establish the school and endeavoring to sell scholarships as a means of raising funds to carry on the work. He succeeded in a limited extent and in September of that year opened the school.

I know of but three persons living who at any time were students in that school—Miss Adeline Evans, my wife and myself, and Miss Evans was not present at the opening of the school, my wife and I were however.

The school curriculum was very simple, consisting of the elementary studies now taught principally in the grammar schools and to some extent in the high schools, such as the "Three R's", Grammar, Geography and Penmanship. Later Algebra and Latin and Bookkeeping were taught. However, I was the only one studying Algebra. The faculty consisted of Mr. Bastian, his wife, Mrs. C. J. Bastian and Miss Ruth Leatherman. Miss Leatherman had charge of the small children. Mrs. Bastian was an accomplished teacher of elocution and to her efforts I am indebted for a pair of lungs and throat that

has served me well in after life in my practice of law and delivering of addresses.

On account of a lack of financial support the school passed out of existence after lasting about three years. Mr. Bastian engaged in preaching around from one place to another and sometime in the '70s died and was buried in Sullivan. Six of his old pupils carried him to his last resting place and I am the only one of those pallbearers now living.

Mr. Bastian was a man of remarkable education. At one time in his life he had been a missionary to India being sent there under the auspices of the Methodist church. He spoke Hindustanee, read Greek and Hebrew, spoke German and Latin.

In conclusion I wish to state that I have a great affection for the old Bastian Seminary as I attended the school again in 1870 and one Sunday afternoon in April I sent a note of invitation by Lewis Grunert, a brother of Mrs. J. B. Titus of your city, to Clara Stone, a classmate, requesting that she accompany me to church that evening. She consented and following that meeting I continued to call on her and the relation of lover and sweetheart was created, to be followed in due time by a wedding in the upper floor of a building standing on the southeast corner of the public square in your town (then used as a place of worship by the Second Christian church) on the 3rd day of June, 1877. From that date the relationship of husband and wife followed in succession by father and mother, grandfather and grandmother, great grandfather and great grandmother and all of those relationships continue even to this day.

Yours truly,
S. M. Smyser

Editor's Note: Mrs. Mattie Fread of this city says she also attended this Seminary for a short time when she was aged 9.

Sunday School Lesson

by Rev. Charles E. Dunn

Christianity and Patriotism
Lesson for May 13th. Matthew 22.
Golden Text: Matt. 22:37-39.

"Pay therefore what is Caesar's to Caesar and what is God's to God." In these famous words Jesus advises obedience to both God and the state. It is possible, He says, to serve both. But it is perfectly clear that loyalty to God, in the Master's mind, must take precedence over loyalty to Caesar. It was for His excess of faith in God that our Lord was crucified.

Now we live in a day when this fundamental issue is very much to the fore. The agitation aroused by demands of an absolute character, made by the state in opposition to Christian principles, has reached an acute stage. The lines are clearly drawn. On the one hand are the nationalists who, in the name of patriotism, insist upon an unqualified conformity to the edicts of the state. On the other hand are the members of the Beloved Community who obey God rather than men.

At the present moment the nationalists have the upper hand. Germany is demanding that the churches renounce their historic faith and accept a pagan substitute binding them completely to the chariot wheels of the totalitarian state. Russia has outlawed organized religion. And while the plight of the Christian Society is not so desperate in other lands, there has been a most menacing suppression of that freedom so dear to the Christian. In the fifteen years since the war there have been more prosecutions for free speech in England than in the half century prior to 1914.

And here in America the Patriots are in the saddle. When Prof. Douglas Macintosh, of Yale recently applied for citizenship, he said that in the event of war he would follow his conscience in preference to the law of the land. His case was carried to the highest court of our government and he was denied the right to be a citizen. The truth is that the state today, for the majority, has taken the place of God. Against this God-state must the followers of the Cross arise in solemn protest.

'Tis all very nice to have a "Mother's Day." They are deserving. We rise however to speak a word for the "forgotten woman." How about the woman who has never in our social structure, through lack of marriage, been given the joys of motherhood? How about the wife, who by nature was not endowed to be a mother. Are not they too deserving of a "Day"?

Moultrie County

H. S. Butler

Moultrie county is not large
As measured in square feet,
But for productivity
I know it's hard to beat.

It is not very often
That farmers fail to grow,
The crops they are expecting
From the different seeds they sow.

In all the states I've been thru
Of all the crops I've seen,
A Moultrie county corn-field
Has the richest shade of green.

And when the wheat is heading
When it's waving to and fro,
It reminds me of the ocean
With it's constant ebb and flow.

If you're on a beauty hunt
And look the country over,
Nothing can more please the eye
Than Moultrie county clover.

Then there are the soybeans
The oats and pastures, too,
All growing most profusely
The entire county thru.

I think that one is lucky
If by the hand of fate,
He lives in Moultrie county
Where soil does so high, rate.

J. A. Fortner Describes Dust Storm Sweeping The South Dakota Prairies

Newspapers have lately made mention of the dust storms in the west and northwest. J. A. Fortner of Bruce, South Dakota has written his sister, Mrs. Lettie West a description of one of these storms and she has kindly given us the letter for publication.

"Bruce, S. Dak., Apr. 23, 1934
"Dear Sister:

"It is dry up here and dusty. We had a dust storm here Saturday afternoon that beat anything I ever saw and I have asked old men who have been here more than 50 years and all say it was the worst they ever saw.

"I was in Brookings. I saw a man on the street and asked him if I could come out home with him. He said 'yes' I could ride with him and said to meet him at the S & L store and that it would be about an hour before he would be ready.

"Well, I went around to the S & L store and sat there a while, then went to the Montgomery-Ward Store and got my overcoat where I had left it. I got the coat and came out on the street. I remember looking up and where there was lots of dust in the air, I could still see the sun.

"I walked down the street about one block and saw the light in front of a clothing store go on—soon other lights went on and soon all were on. I looked up and could see nothing but clouds of dust. It got so dark, it was almost as dark as night.

"I went back up to the S & L and quite a bunch of men were standing in front of the store. I stood there for a while and after about ten minutes it started getting lighter. In a little while I saw it was getting worse again and soon

it was as dark as midnight—and when I say midnight, I mean midnight and cloudy, no moon shining. "I stood by the window and could not see a thing outside. That was about a quarter to five o'clock. The total darkness lasted about 15 minutes before it gradually started to get lighter.

"We stood around a while and then my friend said 'we will go around to the filling station and fill her up with gas' which we did. It got a little lighter so we started for home. I live about 12 miles from Brookings and by the time we got home it was getting light enough so he did not have to have the lights on. By dark most of the dust was settled and yesterday morning it was fair and clear and still.

"But by night, last night, the wind was blowing and dust flying again although nothing to compare to Saturday afternoon, and today it is bad yet, but not near as bad as Saturday.

"Part of the time this morning, we have not been able to see as far as 1-4 mile on account of the dust although at present I can see more than 1/2 mile.

"If it don't start raining soon, we won't make a thing here this year. We are sowing small grain now but if it don't rain, it cannot come up. Grass is not starting. I had 140 acres of rye sowed last fall and it is all dead.

"One of my neighbors has several cows that are down now, simply starving, so he went to the man yesterday who holds the mortgage on them and told him to come and get them.

"Yes, it really looks serious, I tell you and if it does not rain soon, there won't be much left here."

A Progressive, Well-Advertised Business That Never Paid Much Attention To The Late Depression

The Tire & Battery Station recently observed its second anniversary in its new building. On about the anniversary date Leslie A. Atchison bought out the interest of his partner, W. H. Fisher, in the building.

This building is one of Sullivan's biggest improvements in recent years. It was built at a time when the depression had about reached its lowest wave and the wisdom of Les Atchison was questioned by many who could not see a bright ray in the future for anybody.

Mr. Atchison's confidence in the future has been plentifully vindicated by a steady growth of business which may soon make an addition necessary. Space for such an addition is available to the north of the present building.

The service has grown, until today they can take care of nearly every need of the motorist. Expert workmen are always available for instant, courteous service.

The picture shown herewith appeared recently in a Goodyear Magazine article which lauded the energy and ambition of Mr. Atchison.

BUSINESS BUILDER

LESLIE A. ATCHISON

A Business Builder in a community is a man who so conducts his business as to insure its steady growth. He is a man who advertises and draws people to this community to buy, not only his goods, but the goods of other local merchants as well. Mr. Atchison's intelligent and persistent advertising in The Progress ranks him among the leading Business Builders of Sullivan.

Democrats Plan For Fair Representation

The new Democratic proposal for candidate allocation in the 24th Senatorial district, in nominations for the General Assembly is embodied in the following resolution.

The Progress in last week's issue gave the gist of the action on the part of the Senatorial Committee:

WHEREAS, there is now and, for several years past, has been recognized by the Democrats in this district an unwritten law known as a "Gentleman's Agreement", and whereby it is understood that minority representation at Springfield be distributed as follows: One term from Moultrie, and term from Piatt County and two terms from Champaign county; and

WHEREAS, the Democratic party no longer considers itself the minority party, and there appears to be considerable discussion among party leaders as to the advisability of further continuing and recognizing such "Gentlemen's Agreement", therefore be it

RESOLVED, that it is the sense of this committee that hereafter the old "Gentleman's Agreement" in this district be discarded and there be substituted therefor the following rule and understanding:

"On and after December 1934, and so long as Democratic representation from the 24th district consists of two representatives, the distribution shall be as follows: One representative from Champaign county and one representative selected alternately from Moultrie and Piatt counties. (While no attempt is made to encroach upon duties and responsibilities of our successors, this committee recommends that two candidates appear upon the ballot at each election) and further

RESOLVED, that a copy of this resolution be transmitted to the Chairman of each of the County Central Committees in this District for the purpose of discussion and careful consideration, to the end that sufficient sentiment may be gathered to enable satisfactory agreement on the subject now and before time to again nominate candidates for the legislature.

Adopted by the Senatorial committee of the 24th Senatorial District, at its duly called meeting at Monticello, Illinois on Saturday, April 28, 1934.

Glenn M. Garber, Pastor

Next Sunday is Mother's Day. The churches of Sullivan will all make note of it and will honor motherhood. The people of Sullivan are invited to attend these services as an expression of gratitude to the God who gave us mothers. Most great mothers of the past have been religious women. The great mothers of the future will be. In religion is the secret of the power that makes life noble and patient and loving. The church will help you to find that power for yourself. You are invited to attend the services of this church.

Announcement of services:

Sunday, May 13:

9:45—Sunday school, Dr. Donald Butler, Superintendent.

11:00—Morning worship service. The pastor will bring a sermon on the subject, "Mothers of Today."

6:15—Young People's Forum in the manse.

7:30—The choir under the direction of Mrs. A. K. Merriman and Miss Eleanor Cummins, organist, will present a program of music built around the "Hymns that Mother Loved." Anyone who wishes to request a hymn loved by his mother to be sung at this service is invited to inform either Mrs. Merriman or Rev. Garber.

The choir rehearses in the manse each Wednesday evening at 7:15.

Honor your mother by being in services Sunday.

1st Cor. 2:2—"For I am determined, not to know anything among you, save Jesus Christ, and him crucified."

Paul had a very simple theology, just, "Jesus Christ" and "Him crucified". Our modern preachers have gotten far away from Paul's theology, and when we say, Modern preachers, that is exactly what we mean, those who have taken up modern ideas, and have lost sight of a crucified Lord and Saviour, those who have rejected, as they term it "A bloody religion." Yet the scriptures plainly teach "without the shedding of blood there is no remission of sin." Education is a mighty fine thing, but if education is going to train us out of that simple theology of Paul's then education is a curse to us. It is far better to have gone to Calvary, than to college and miss Calvary. We would not condemn education only as it gets between us and our Saviour, which it seems so often that it does. Paul says it was not with excellency of speech that he declared the testimony of God unto them. Paul knew how to speak excellent words, but he did not wish his hearers to be carried away by any flowery speech, he wanted

Standard Red Crown Superfuel

More Live Power per gallon means that your car will get off to a faster start, take tough hills more easily and hold high speed hour after hour without hard labor for your engine.

How more Live Power is made available and usable in Standard Red Crown Superfuel is a more involved story. It is accomplished in the refining. Heavier, slower parts of an already excellent gasoline are converted into faster, keener fractions. . . But you are most interested in the result. And the result, as evidenced in your car, will be better performance—markedly better.

May we suggest that you drive in where you see the familiar Red Crown? Make your usual outlay for a supply of gasoline—for Superfuel sells at the price of "regular". We believe this small investment will lead to a big return in your motor-

Mattoon Defeats Sullivan Indians 4 To 3 Sunday

Duncan Gives Up 10 Bingles; Fans 12.

SUNDAY'S CARD
Sullivan at Mattoon
Bethany at Dalton (2)
Macon at Charleston.

A revamped gang of Sullivan Indians last Sunday swarmed all over Paul Duncan, the Illini league's best pitcher, to all but administer him and the Mattoon Boosters their first loss since last July. However, the dark slender twirler came out a 4 to 3 winner on his club's ability to score runs on a minimum number of hits.

Always an efficient nine when it comes to converting hits into runs, the Boosters stretched their art to the limit in this conflict, counting four times on a like number of bingles. Three of these they unloaded in a big fifth inning in which all of their tallies were produced.

The weather was ideal for baseball and the game itself was as near-perfect semi-pro exhibition as we have seen in the past year or so. The near 200 bugs in attendance impartially hanked out their approval after each of the many defensive jewels.

Duncan Fans 12

The revived Indians were taking liberties with strong-armed Mr. Duncan, a feat which no other club has accomplished this season. They measured him for a total of 10 safeties which were too well scattered for any serious damage. Then when runners began to appear on the circuit, Apostle Paul usually tossed up his strikeout ball with dampening effect. He fanned an even dozen and now has a grand total of 40 strikeouts in his 24 innings of service since the league opening.

Dunc also enjoyed the full support of his fellow workers who, on more than one occasion, came thru with lunging one-handed stabs.

Les Ford of Decatur was George Elder's starting slab nominee, and not until one was gone in the fourth did he give up his first hit. Like most Fords of the model-T era our man then became wobbly and was removed in the following frame after having been combed for three hits which joined up with a pass and an error to assure a Mattoon triumph.

Rosy Mows 'Em Down

Robust Dale Rozene was then paraded to the hill, whereupon he proceeded to make us eat our words of the previous issue relative to his pitching and praying policy. Rosy retired the next 13 batters in order.

The junior Fritz Poland was all that could be asked for in the way of a second baseman, handling five chances flawlessly and collecting a double, single and a walk in four attempts with the flail. With one gone in the first he boomed his double into right field as a tip to his mates in regard to Dunc's supposed invulnerability.

Bingaman of Strasburg and Lefty Pensinger, a turn-around cookie man from Decatur, rolled themselves out a pair of singles of the infield variety. And the former, along with Clark Dennis, was the only Elderman who did not whiff at least once.

Indees Score Twice

The Sullivan's started punching Duncan in the third and did not let up until two runs were home. Pensinger beat out a roller down third base way and advanced to second on Ford's sacrifice. Bingaman drove out a wicked liner which Duncan knocked down with his bare hand and then tossed to first in time for the put-out. Pensinger took third on the play and scored when Poland singled to left. Fritz then came in on Trago's lofty double into center field.

Quite docile in the first four rounds, Mattoon suddenly turned on Ford to chase in their four runs in the fifth. Patterson, a swashbuckling little gent, opened with a single. Duncan dribbled a roller just out of Dennis' reach and the hit went for a two-bagger, Patterson going to third, Hennings rapped to short and Bingaman threw wild home, permitting Pat to score and Duncan to take third. Pensinger was laid low on the play at the plate.

Keller grounded out via the pitcher, both runners holding their bases. Ford then passed Les Bales. Carrington hit to Ford, whose throw home was dropped by Pensinger and Duncan scored. The catcher retrieved the ball in time to peg out Keller as he was going into third. The bases were again jammed after Morgan had been passed. Blond Dick Boyle followed with a screaming double over third and Bales and Carrington scampered in with runs No. 3 and 4. Rozene was summoned and he retired Deb Bales on a fly to left.

Sullivan Rally Fails

Duncan was forced to toss in three strikeouts to quell an Indee counter rally in their half of the fifth. Bingaman rolled an infield single to powerful Mr. Keller, a boastful third baseman, whose throw to first sailed over Carrington's head. Bingaman continued to second on the overflow and went to third while Poland and Trago were fanning. He then scored while

Dennis was outracing a tap to shortstop. Denny ultimately reached third, but Griffith went down on a missed third strike.

From then on out Duncan was his old potent self, pestered only by a single by Blue in the sixth and another by Bingaman in seventh. No sooner had the latter gained first than he was picked off.

Bethany-Dalton Battle Thru 12 Stormy Innings

Bethany — A barrage of vile epithets, flying fists and raucous boos swept over Lansden field here Sunday as those arch rivals, the Dalton Grays and the Bethany Merchants, went at it tooth and toe nail over 12 bitterly fought innings. Then with darkness creeping over the field and the score still knotted at 3 all, the two managers withdrew their weary troops and announced that hostilities would be resumed next Sunday at Dalton, where a double header will be played.

A protracted colorful contest, it began at 2:30 and was not called until 6:45. And if the things which happened in between are any criteria, then Shorty Hale this Sunday is playing host to one of the largest gatherings ever to find its way into a Dalton ball yard.

Bethany was what you might say loaded for the setto while Dalton, of course, is usually in that condition as Manager Hale has some 30 good ball players under his jurisdiction. The two Toths, Joe and Steve, and Finch, all of whom had been expelled from the Dalton school, had affiliated with Bethany and their presence stirred up just that much more enmity between the two outfits.

Dalton Rallies in the 9th

Little personal duals sprang up in the early innings, but an open break did not appear until the 9th when Dalton rallied to tie the score. Kinsel, first up, fanned. Then Pitcher Harold (Dopey) Clark leaned on one of Totth's fast balls sending it deep into center field for a triple. He scored on Welch's single. Fred Clark forced Welch at second. Benton smacked a double, but Umpire Walt Daum ruled Clark out on the basis that he had neglected to touch third.

Now, right or wrong, the Bethany umpire seemed to have a penchant for this sort of thing. He had done it several times earlier, so now the Daltons came charging out of their positions with Manager Hale blubbering bloody murder. "Why, why," he wailed, "you're blatantly blank robbers."

Roper Scores a K. O.

Players milled about the side lines, some spluttering their grievances. One of these was B. Roper, snarling Bethany catcher, who used to do some fighting out on the Pacific coast. While he was gesticulating beyond his bounds, Charley Morris, a young Dalton citizen with more spunk than sense, came galloping up, put his nose against Roper's and then let go with a series of epithets which Mr. Brandenburger wouldn't think of publishing.

Ah, but this strapping Roper fellow does love to fight so without further ado he whacked a hard right to his tormentor's jaw, dropping him to the ground. Deputy Sheriff Charley Lansden, who owns the field, then bore down on the pugilist, telling him that he would have to go elsewhere to carry on his beak busting trade.

But perhaps you would like to

hear something about the game itself. Both slingers, Clark and Totth, were fairly stingy with their hits and Clark, somewhat of a strikeout phenom, set down nine in that manner. He gave way to Kinsel at the start of the eighth, and the Bruce youngster continued the practice by whiffing six.

Joe Totth was a hard-working little scamp but, upset and nervous after listening to all the quarrels, he weakened in the tenth and was replaced by Glen (Boss) Harding at the start of eleventh.

Bethany was first to cross the pan, counting a single tally in the third on singles, by Mt. Zion's Blackard and Decatur's Cook. Dalton came back with one in the fourth on one-basers by Boyer and Trulock.

In the eighth Steve Totth struck a note of revenge against his former mates when he tripled to score Craig and George Gibbon who had singled. This provided Bethany a 3 to 1 margin, but the Halenem got back one of the markers in their half.

With two away, Franky Jennings, a former Bolin Brown employee, doubled and romped in on a safe wallop by Boyer, how Dalton tied accounts in the ninth has already been related.

Bethany looked better afield than at any other time this season, putting on a triple play in the second which was easily the highlight of an entertaining program. With Trulock on first and Harvey Goodwin, who must be on the other side of 40, on second, Gene Goodwin popped up in front of the plate. Totth sprinted in, taking the ball on the fly then wheeling threw to Schlesinger on first in time to double the runner. The slim first baseman hurried his peg to second and the elder Goodwin was also retired.

Franky Jennings made a nifty running catch in the seventh when he tore down into the valley back of third to grab Schlesinger's long foul fly.

SAVE SALES SLIPS O. E. LOWE ADVISES

CORN-HOG SIGNERS

Every one of the 950 farmers in Moultrie county who has signed an AAA corn-hog adjustment contract should take extra care in saving all sales slips, receipts, statements of purchases by livestock buyers and other documents relative to hog transactions during the next 10 months, advises O. E. Lowe, president of the Moultrie county Corn-Hog Control Association.

Many producers in this county learned of the value of such slips of paper when collecting their supporting evidence at the time of the corn-hog sign up campaign in March. However, similar evidence will be even more essential when cooperating producers are asked to prove that they have carried out their part of the AAA contract. Compliance evidence will be required some time prior to February 1, 1935, when the final hog benefit payment is to be made, according to word received from the extension service of the College of Agriculture, U. of I.

Filing away sales slips and receipts in a good safe place as they are acquired is much easier and takes less time than might be required in collecting compliance evidence later on, it is pointed out.

The special AAA Farm record book which has been furnished all contract signers in the county will be of value in showing compliance and should be kept up to date, but all sales and purchase statements should be saved in addition, explains President O. E. Lowe.

CORN HOG RULES FOR FRACTIONAL LITTERS ISSUED

Farmers in Moultrie county who signed up in the corn-hog adjustment program largely for corn benefits but in so doing were required to reduce their hog production to less than one litter may now acquire hogs for home slaughter and consumption in one of three ways, says Farm Adviser Hughes.

It is not the intent of the AAA corn-hog program to prevent a contract signer from slaughtering for home use as many hogs as were slaughtered for home use on the average in 1932-1933, explains a communication from the extension service of the College of Agriculture, U. of I. Thus recent rulings and interpretations have been issued to take care of the signer whose average 1932-1933 hog production was less than one litter.

If such a contract signer does not have a feeder pig base, it is pointed out, he may purchase for slaughter and consumption on the farm unit in 1934 a number of hogs equal to the average number slaughtered for consumption on the farm unit in 1932 and 1933.

Of course, if he has a feeder pig base, he may purchase hogs for slaughter under the provisions of the feeder base, but in this case the number slaughtered for home consumption must be deducted from his feeder allotment.

As a third alternate, in contracts in which the adjusted 1932-1933 litters are less than one, the signer is permitted to produce one litter in 1934. The number of pigs which he may produce for market, however, is not changed by any rulings or interpretations. Contract signers taking advantage of this latter ruling are not allowed to sell pigs not needed for home consumption, if they did not produce pigs for market in 1932 or 1933.

GATHER WHEAT DATA NOW SAYS FARM ADVISER

Evidence on ten points of contract compliance will be required of the 93 farmers in Moultrie county who are cooperating in the AAA wheat adjustment program, and if they will begin to collect this evidence now, they can speed up the inspection work and the arrival of the next benefit payment checks, according to Farm Adviser Hughes.

Within a short time field supervisors will be appointed by the AAA wheat section for the purpose of determining whether or not contract signers have carried out

their part of the wheat agreement. Supervisors will visit every farm covered by a wheat contract, will examine the records kept by contract signers, will measure the contracted acres as well as the fields in which wheat is now being grown, and will make an official report of the contract signer's compliance.

Proof of compliance must be furnished the AAA wheat section before the second benefit payments on the 1933 crop will be mailed to contract signers.

Information received from the extension service of the College of Agriculture, indicate that wheat signers should be prepared to supply facts dealing with 10 phases of compliance, namely:

1933 record of wheat acres seeded and acres and bushels harvested. 1934 wheat record of acres seeded and acres abandoned.

Reason, if necessary, for seeding less than 54 per cent of the base acreage.

Serial numbers of other contracts, if farm was entered as joint compliance.

Acres of wheat on other land not under contract.

Serial numbers of other farms under wheat contract.

How contract acres are being used.

Whether or not commercial fertilizers were used.

Amount of wheat processed for home use.

J. H. Hughes, Farm Adviser.

Late Developments In Local Relief Work

The Moultrie County Emergency Relief committee and the Moultrie County Work Relief committee each met at the relief office Monday evening to take up certain matters in connection with starting the work relief program in Moultrie county. It is hoped that it will be possible to start work inside of a week or ten days. Each client will receive a letter from the relief officer telling him when and where he is to report for work.

Since Moultrie county is in an area which has been designated as rural by the federal government, clients will "work out" their food and fuel orders. A client may not work over twenty four hours per week under this plan. It is hoped that many clients in the rest of the time will find some work to do for which they will receive pay, which will enable them to take care of rent and other items for which the relief committee has no funds.

Some confusion has arisen in the minds of many people regarding the P. W. A. projects now in progress in this county and work relief. The P. W. A. jobs are contract jobs, for which employees are drawn from the National Re-employment service office, and the men are paid cash wages. Neither the Township Road Commissioners nor the relief office has anything to do with this employment.

Several projects, mostly uncompleted CWA projects have been submitted for approval as work relief projects, and most of these have already been approved. More projects will be submitted in the near future. The fact that a project has been approved does not mean that work will start on it immediately, as it may be that the type of labor involved in the project is not available among relief clients at this time. However, such projects may be held indefinitely until the necessary kinds of labor are available.

Projects which have already been approved include: Three drainage projects in Dora township, grading at Cook's bridge in Marrowbone township, building of bridge on Jonathan Creek road in East Nelson township, work on exterior

and interior of Lovington Grade School, cleaning and painting of Bethany Grade School, completion of repair work and decoration of armory in Sullivan, grading near bridge constructed under CWA in Whitley township, putting in guard rail and culvert in Sullivan township, work on Sullivan High school building, laying a drain tile to drain a borrow pit in East Nelson township.

THREE SULLIVAN STUDENTS TO BE HONORED AT U. OF I. PROGRAM FRIDAY 10 A. M.

Excellency in scholarship will bring honor to 760 University of Illinois students here Friday morning when the University will set aside all other activities for tenth annual Honors Day convocation.

Dean R. D. Carmichael of the Graduate School will deliver the address on "Character and Ethical Tolerance." The program, which begins at 10 o'clock will be broadcast by the University station, WILL (Frequency 890 kilocycles). Sullivan is among the towns of the state which will be represented on the list of students to be honored. Those on the list from this community are:

University Honors—Bronze tablet—Mildred Ruth Chapin.

College Honors, Liberal Arts and Sciences—Margaret Mae Chapin. Sophomore.

Class Honors—Class of 1936—Charles K. Lane, College of Agriculture.

Twenty-seven seniors will be especially honored by having their names inscribed on the Bronze tablet for sustained excellence in scholarship during their junior and senior years.

In addition to the Bronze Tablet group, the University Senate rules provide that:

Students in the upper 3 percent of the sophomore, junior, and senior classes in the respective schools and colleges shall be awarded College Honors in recognition of their superior scholarship and shall be entitled to wear the scholarship emblem, and

Students in the upper 10 percent of each class within the respective schools or colleges shall be awarded Class Honors and shall be entitled to have their names printed on the Convocation pro-

High School News

Margy Lou Scheer

The Seniors must have felt like babies last Friday when they walked in the H. S. gymnasium for the Junior-Senior banquet. The clever Juniors had the gym fixed like a baby crib with blocks, dolls and everything. The decoration were pink and blue. The much used "fence" was covered with blue crepe paper and surrounded the tables. Balloons hung from the ceiling and baby pictures of all the seniors covered the walls. The favors on the tables were doll buggies, the programs were bibs and the placecards were the "three little pigs". The waitresses, Edna Carnes, Bonnie Lou Ashbrook, Clara Colclasure, Alice Kenney, Pauline Shirey, Dorothy Chapin, June Cochran, Nancy Condon, Lucinda Walker, Helen Sona, Betty Reeser, Margy Lou Scheer, Helen Shaw, Louise Graven and Lucille Freese were dressed as nurses. (The only accident reported was one girl spilling ice cream all over the floor.) The program was good and here it is.
Toastmaster—Finley Pifer.
Welcome—Harris Wood.
"Doll Dance"—Mary Emalyn Clark.
Duet—Eleanor Cummins and Philip Hagerman.
"Bawl"—Mrs. Scheer.
"Amusements for you"—June Yarnell.
"Blissful Records"—Mary Fleming.
"Youth"—Mr. Scheer.
"Allah's Holiday"—Marie Watts, Eleanor Cummins and Mabel Colclasure.
"An Old Lullaby"—Mabel Colclasure, Rhoda Belle Duncan, Mary E. Clark.

After the program, Brown's orchestra played for the dance. Nothing really eventful happened except one boy got severely "bawled out" by his father for not escorting his dancing partners back to their seats. (When the dance was over—not while dancing.)
Tuesday morning Mr. Dennis awarded the basketball letters to the deserviers. Those who received letters are Guy Carnine, John English, Lyle Grace, Charles Hollonbeck, Leo Horn, Finley Pifer, Geo. Poland, Ebbey Scheer and Frank Schack. The cheer leaders Eleanor Cummins, Marjory Loeb and Margy Lou Scheer were given letters. Junior Shasteen received a basketball numeral.
The Student Council Awards were also given out Tuesday. The Students receiving bronze pins (1 or more six weeks with averages above 90) are Esther Epperson, Pauline Fitzpatrick, Doris Reynolds, Dorothy Smith, Martha Bragg, Ada May Vail and Harris Wood. Those receiving silver pins (two or more six weeks with averages above 90) are—Dorothy Chapin, Doris Hoskins, and Margy Lou Scheer. Those receiving gold pins (Fifteen or more six weeks with averages above 90) are Mary Emalyn Clark and Rhoda Belle Duncan. Those who get to keep the gold pins (twenty or more six weeks with averages above 90) are Cleo Hall, Louise Cochran, Ruth Martin and Mary Fleming. Although Harris is the only boy to receive a pin these awards are for boys too, so some of them should get busy and earn a bronze one at least.

Of all the places to put up a soft ball court, someone would choose the place next to the high school. The teachers don't seem to appreciate our efforts to see who is playing during the school hours.

Grade school is out and a lot of next year's prospective students have been giving the high school the "once over" this week. Of course they can't appreciate how hard we can work since "spring fever" has rather hindered our efforts.

Even teachers catch the measles. Monday and Tuesday, Miss Coolman had that childhood disease.

It seems to be quite a habit around here.

The Moultrie County Music festival has been postponed until on Tuesday, May 15 at 7:30. This was done because the District Track meet will be held at Mattoon this Friday night. We're glad they changed the festival because that will "spread out" our school events and we can go to both entertainments. (if you call a track meet an entertainment).

At the Okaw Valley Track meet at Monticello last Saturday, Sullivan placed fifth. Our scorers were Brick Poland, first in javelin and second in broad jump. Pearl Lanum was third in discus, Ebbey Scheer, third in high jump and Finley Pifer, fourth in mile. We had a total of 13 points.

The band stars again. The high school band will give a concert next Wednesday night on the square at 7:30. The program is:
March R. M. B.
"Iron Count Overture"
"Listen to the German Band."
"In a Moonlit Garden."
"Home Town Band."
"Intermezzo"—Overture.
"Twelfth Street Rag"
"Gypsy Festival"—Overture.
"Marching Along Together."

Sullivan won the dual track meet with Cerro Gordo Tuesday. The score was 82 to 36. Are we proud of ourselves?

Among the Sick
Rosalee Elder, Rose Ellen Harmon, Martha Baker, Betty Jean Dolan, Ruth Jenkins, Lorene Kingery, Grace Mary Sherman and Carol Watson must be ill or else—why should they miss school. Evelyn Campbell has the measles. Mildred Rhodes just got over one kind of measles when she caught another.
My goodness:
Dear Margy—Is Billie W. going to sue me for alienation of affections? Mary E. C.
"No" Is he worth it?"

Jonathan Creek

Mrs. Otis Biesecker

Mr. and Mrs. Herschel Houchin spent Sunday with Mr. and Mrs. Walter Houchin and family in Arcola.

Mr. and Mrs. Wayne Righter are the parents of a son, Lloyd Wayne born Sunday.

Bolin school closed May 3rd with a pot luck dinner for the teacher, Mrs. Alice Maxwell and pupils. Those present were Mr. and Mrs. Walter Crane, Mr. and Mrs. W. K. Bolin, Mrs. Maude Everett, Mr. Bolin, Mrs. Goldie Biesecker and Marion and Mrs. Orville Powell.

Several school children are having the measles, the present victims being Frances Marion Powell, Aubrey and Louise Carnes, Edith Bolin, Freddie Biesecker, Betty J. and Virginia Dolan and Norma Jean Spough.

Emery Righter lost a horse Sunday night.

James Warner, Robert Miller, Thomas and Duayne Pound, Hugh Righter, Vernon Houchin and Mr. and Mrs. W. D. Everett spent Sunday afternoon with Otis Biesecker and family.

Mrs. James Bracken spent Tuesday with her daughter Mrs. John Dolan and family.

Alfred Neal year old son of Mr. and Mrs. Willie Bolin died Saturday night. He had not been well since birth. The funeral was held Monday afternoon at the Jonathan Creek church and was conducted by the pastor, Rev. W. B. Hopper. The flowers were in charge of Mrs. Walter Crane assisted by her daughters Ada Caroline and Wilma. The body was laid to rest in Jonathan Creek cemetery.

AGAIN POSTPONED
By agreement of counsel for the opposing sides, Judge Lambrecht granted another continuance in the Rucker vs. Hogan, Dalton City assault cases. The new trial date has been set for May 18th.

—Miss Telva Monroe spent the week end with her mother, Mrs. George Monroe.

WARNING
to EXPECTANT MOTHERS

If you have ever been a patient in any hospital, you are probably familiar with the advantages of a liquid laxative.

Doctors know the value of the laxative whose dose can be measured, and whose action can thus be controlled to suit your individual need.

The public, too, is fast returning to the use of liquid laxatives. People have now learned that a properly prepared liquid laxative brings a perfect movement without discomfort at the time, or after. Dr. Caldwell's long experience with mothers and babies, and his remarkable record of nearly three thousand births without the loss of one mother or child, should give anybody complete confidence in any prescription which he wrote!

But most important of all, a gentle liquid laxative does not cause bowel strain to the most delicate system, and this is of the utmost importance to expectant mothers and to every child.

Expectant mothers are urged to try gentle regulation of bowels with Dr. Caldwell's Syrup Pepsin. It is a delightful tasting laxative of delicious action, made of fresh herbs, pure pepsin and active senna. Not a single mineral drug; nothing to cause strain or irritate the kidneys.

Dr. Caldwell's Syrup Pepsin is an approved preparation and kept ready for use by all druggists.

At the THEATRE

If you do not get to The Grand by 8:30 on Friday nights you will miss part of the second program.

You'll not want to miss any part of the two pictures shown this Friday. The first one is "Death takes a Holiday" and features Frederic March. Here is a great actor in a character role which equals his performance in "Dr. Jekyll and Mr. Hyde." Pretty Evelyn Venable, Sir Guy Standing and Kent Taylor are Mr. March's main support. This picture is different—very much different from the general run.

The second picture is "Lazy River" with Jean Parker, Robert Young, Ted Healy and Nat Pendleton. This is a Louisiana story having its inception within prison walls. Let us tell you about Nat Pendleton. He would never win a beauty prize but his record is interesting. Born on a farm in Iowa; attended Columbia U.; world's amateur wrestling champ; worked in Wall Street; purchasing agent in Spain; in army against Villa and played in several successful films. Take a good look at his ugly mug.

Saturday you'll see Rex Bell, hero of Clara Bow's romances in a western called "Fighting Texans." He liked Clara so much, not only did he marry her but he named his 100,000 acre Nevada ranch Rancho Clara after her. We just wonder whether that peppy piece of red-headed dynamite lets him make love to others—even on the stage. There is a lot of good short stuff on Saturday's program.

Sunday's show is "Spitfire" with Catharine Hepburn in the title role. It also shows Monday. This Hepburn femme is not pretty. If anybody else had her witchlike honey face, they'd be considered absolutely homely, simply ugly. All of which goes to prove that the frame she occupies is not "she." That fiery, lovable, talented spirit that is Catharine Hepburn, knows how to make even her homely face look beautiful.

This Hepburn picture is billed as "big stuff." Writers in big city papers—who really know what they are writing about when they sit down to columnize,—have much praise for it. This is one of them there love mixups where the innocent "little girl" loses her heart to a married man and has a lot of agony and grief until the author finds a pleasing closing solution. You know there are always good short features on this program, so why bother about telling you.

Young Doug Fairbanks, traveling partly on the rep of his famous dad, stars in Tuesday night's picture "Success at any Price." We believe the producer tries to cash in on the Fairbanks name in featuring young Doug, for with him are far better players—Genevieve Tobin, Frank Morgan, Colleen Moore and Edward Everett Horton. So the prospects are swell even if Mary Pickford's stepson does not live up to expectations.

The star in Wednesday and Thursday night's show comes from a land that owes U. S. an enormous war debt. We rather wish they would keep these English hams at home and give some of our American actors like George Hoke, Geo. Sabin and Allen Hawley a chance to see what they can do. An English story, stilted, cold and flat. To this there is one exception—Chas. Laughton. The play is "All Men are Enemies" and with this Englishman Hugh Williams, appear that American forestry girl, Twelvrees and a comer named Mona Barrie. If all of these leads fall flat, the picture will still be good for you have Herbert Mundin, Una O'Conner and Henry Stephenson to rely on.

We have not read the synopsis of the play but it's dollars to doughnuts that it is one of those imaginative things where the man becomes obsessed with the ambition to own one woman for his own, or vice versa.

Violations of Illinois Eggs Law Reported

The egg season is getting into full swing and there are certain violations and abuses that are particularly being checked by the inspectors of the State Division of Foods and Dairies at this time among which are: the shipping, trucking and buying eggs that are not candled which may sometimes even be mixed with the rejected or inedible eggs.

All egg buying and egg carrying trucks are being stopped and the egg cases are checked to see that they contain the proper candling certificates.

Other abuses and violations that are common are the buying by the country grocer and country produce house of all kinds of eggs from the producer without candling them. This is a flagrant violation. Such eggs often reach the consumer without ever being candled and may contain a large number of inedible eggs.

The State is asking the cooperation of the farmers in refusing to deliver eggs to parties who do not candle.

When the candling is done at the store by the licensed dealer who complies with the laws, a better price for eggs is obtained throughout.

The question is often asked as to how often eggs should be candled. They should be candled by the first receiver of the eggs from the producer and after that with sufficient frequency to always insure the public of receiving edible eggs. In extreme hot weather they are sometimes candled as often as every forty-eight hours.

The State Department of Agriculture through its Division of Foods and Dairies intends to enforce the Illinois Egg Law strictly.

Classification of Licenses

Class 1—Fee \$1.00. Every person, firm or corporation who buys and sells eggs to other merchants, produce dealers, hucksters or from storage, or shipment, must confine their buying of eggs from producers only.

Class 2—Fee \$5.00. Every person, firm or corporation dealing in, buying or selling eggs, buying in whole or in part from other merchants, produce dealers, hucksters or from storage, even if also buying from producers.

Hucksters—Buying from producers only would be class one. If they buy from any other source they would be class two.

CALIFORNIA TEACHER EXTOLS RURAL SCHOOLS

4481 Redding Street, Oakland, Calif. April 29, 1934.

Mr. Ed C. Brandenburg, Sullivan, Illinois. Dear Sir:

The WEATHER section in your April 20 issue of the Progress was even better than usual. I am wondering if the educator you heard advocating school training all the year around was the kind of educator who lectures or writes books, perhaps both, or the kind of educator who merely teaches.

Why did you not let teachers head your list of inhibited (let us hope, not "hidebound") professionals instead of including them in the "et cetera"? That they head the list explains why no teacher will probably agree, right out loud, with your expressed opinions.

Some time ago, in a rash, rebellious moment, I wrote a wordy dissertation extolling the rural school. The inspiration and ambition you mentioned received due attention, and a list of illustrious names supported my argument. The Educator who marked (quite thoroughly) my paper was not convinced. He used up all my margins and double spaces pointing out the fallacy of my view. He advised me to read this state school survey and that state school survey, and mentioned that he had assisted in compiling some of these interesting and illuminating documents.

When furtive glances disclosed the unsullied papers around me, I decided to fall back into my regular role of agreeing with the educators. After all, I have never participated in a state school survey, I have only attended country schools and taught in country schools. If ever again I should decide to panegyrize the little red school-house, I am going to triple space my lines and double space my margins to better accommodate adverse criticism.

Perhaps I should close this letter with expressions of sympathy at your failure to secure the nomination in the recent election, but I can only extend congratulations. The last time I saw the State house in Springfield it was surrounded by scaffolds and surmounted by a sickly looking green dome. Could that be the psychological reason for my inability to feel sympathetic?

Yours very truly,

Estelle O. Dodd

Editor's note—Miss Dodd was a teacher in Moultrie's schools before going to California some years ago.

—Mr. and Mrs. Howard Huckleberry and family of Chesterville visited at the home of Mr. and Mrs. Webb Tichenor over Sunday.

Miss Freeland to State Meet

Jackie Freeland last Saturday accomplished something that no other Bethany high school student has ever done when she captured a sectional championship conducted by the Illinois High School association. No, Jackie isn't a tennis or basketball player; she's Miss Ida Shapiro's crack bookkeeping student with a mind which reacts almost instantaneously. This Saturday both teacher and pupil are motoring to Champaign, where the latter will attempt to debit and credit her way to a state championship.

But the high school's two netters Doc Grabb and Troy Scott, were not so fortunate in their quest for a district doubles title, falling by the wayside in a semi-finals match. Their conquerors were a couple of tall boys from Lincoln and the scores were 6-4, 6-1. The tourney was run off at the Fairview park courts in Decatur.

Mrs. Everett Hays In Auto Mishap Thurs.

Thursday afternoon of last week Mrs. Everett Hays and Operator Leo Yancy left here to drive to Decatur in Mrs. Hays' automobile.

A few miles out of this town on route 32, they caught up with a Lovington milk truck, the driver of which was a man named French.

Mrs. Hays signalled him three times to pass, and she started around him. At that very instant he turned to the left across the slab toward a farmhouse. Mrs. Hays turned right and barely missing the truck, ran into the rightside road ditch. Her car was going moderately fast and as she turned out of the ditch back toward the slab, it upset and turned over twice.

Both the occupants were badly shaken up and the car was practically demolished.

CARD OF THANKS

We desire to thank our neighbors and friends for their kindness and sympathy in the death of our dear little son and grandson; also for the beautiful flowers.
