

Brief History Of Sullivan's Early Days Written by Mrs. Len Loveless

The history and early settlement and the development of Township and City of Sullivan present some things that are interesting.

This was the earliest township founded and the largest in the county.

The first settlement made in what is now Sullivan Township was as early as 1830. The first effort to build a town in this township was in 1840, when W. Cantrell laid out 160 acres on a farm which was later owned by David Harbaugh.

The first house erected in Sullivan was by John Perryman a small one story structure about 18 foot square and was located on the corner of Harrison and Van Buren street where the Tire & Battery Station is now located.

Later on this site was erected a house called the Maple House, which at that time was a hotel and property of E. L. Shepherd.

The Post Office was established in 1845. John Perryman was appointed Postmaster. At that time mail was received once in 2 weeks from Shelbyville carried by P. Fleming on horse back. Those who held the office later were J. E. Eden, James Elder and Aron Miley James D. Perryman, son of John and Ann Perryman was the first child born in this city and John a young son of the same parents was the first death that occurred.

The first marriage license issued in Sullivan Township were Sanford Green and Miss Mahala Powell in 1833.

The first church that was erected in Sullivan was by the Methodist denomination about 1847.

The cemetery at that time was a private burying ground of James Elder and the first person entered there was his daughter, Mrs. Louis Berry in 1847.

The earliest school taught was in 1833 in the Nazworthy settlement in a school house built of logs. The first school house was erected in this city in 1846 at a cost of \$85.00. This amount was made up by private subscription.

In 1850 Sullivan was incorporated as a village, and in 1872 was incorporated as a city having a mayor and a council, and at that time the members were: William Thunemann, C. L. Roane, Washington Linder and W. P. Corbin.

Papers that were published then were The Sullivan Progress and Sullivan Journal.

The Woolen Mill was a factory erected by Patterson & Jennings and Co., in 1867 and began operations the following year.

It was a brick structure three stories high and was located near the site where the old mill used to be but later burned. It was equipped with an engine room and dye room attached. The machinery was known as 1 set mill 40 inch cards, with spinning jack, looms and etc. Had a capacity of manufacturing into fabric, 100 pounds of wool a day.

At that time there were also located here two good flouring mills. The Titus opera house was constructed by J. B. Titus in 1871 and later burned in February 1910.

First banking business done in Sullivan was by James Elder in 1868 and continued until his death in 1870.

The ruins of Moultrie County's first court house was 1874. It was a small log structure with one window and one door and a rail fence was built around it.

The second court house built was in 1875 and was two stories high and made of brick and had east and west entrances and was surrounded by an iron fence and hitching racks.

The jail was a square building made of brick and had two west entrances. An iron fence was built around it and stood where the present one now stands.

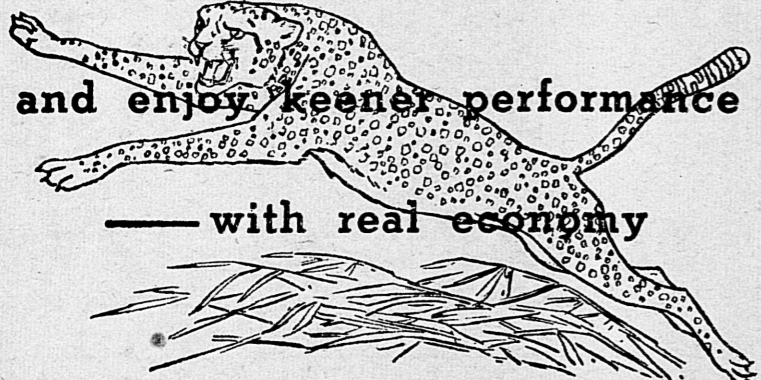

The buildings at the County Farm consisted of a frame house one and one-half stories high, with four rooms and one long building which the inmates occupied. My grandparents, Mr. and Mrs. Malon Douglas were then Superintendent and Matron from 1849 to 1876. Also at this place occurred the wedding of my parents, Mr. and Mrs. Ewell Lloyd on April 26th, 1868.

As we look back on those years and we now can see the wonderful improvements that have been made such as the Court House, County Farm, Masonic Home, Wyman Park, Three Schools and the Brown Shoe Factory, we should feel justly proud of our city.

—Mrs. Len Loveless.

A CORRECTION

In last week's story pertaining to the visit of a delegation of business men to the Brown Shoe Company in St. Louis, it was stated that the labor conciliator had said that it would take "Two months" to hold an election for representative of the factory employees. This was a misunderstanding of a oral report. What was reported was that the conciliator had remarked that it would take "Too much time." Say these phrases out loud and see how alike they sound.

At that, if the government moves in this matter as rapidly (or slowly) as it does in other transactions, it might actually have taken "two months" or even longer.

High School News

Margy Lou Scheer

School is out at last. Everyone seems to be glad except the Seniors. They say they hate to think what will happen next fall if they aren't out here to supervise things.

With the end of school comes tests. They're over at last but the result won't be known until next Wednesday when report cards will be given out.

Last Saturday, Mrs. Roney took fifteen girls from her gym classes to a "Play Day" at Monticello. The girls, June Cochran, Ann Reeser, Betty Reeser, Helen Sona, Pauline Shirey, Louise Graven, Helen Highland, Margy Lou Scheer, Doris Reynolds, Nancy Condon, Mildred McDonald, Alice Kenney, Edna Carnes, Dorothy Chapin and Bernice Fultz all seemed to have a pretty good time.

Last Friday, some of the girls challenged the Freshman boys to a softball game. Of course, the boys won but everyone had a good time out of it.

town are looking forward to the day when they can play ball like June Cochran. That just goes to show that boys aren't the only athletes in S. T. H. S.

The Senior picnic Monday at Turkey Run must have been a success. At least, there weren't very many Seniors "running around" Monday night. Every Senior has an argument with every other Senior he sees.

The Seniors sponsored a show at the Grand Wednesday and Thursday nights. We hope they made a lot of money so they can leave the school something real nice.

Surprise. We had another movie this Monday. The picture, "The Deerslayer," was a real wild west thriller. The only trouble was that the assembly was so light that you couldn't read the captions but the action made up for that loss.

The old meanies. The Student Council took away their scholastic pins. They wanted to make sure that none were lost and the people who "rated" this six weeks will get a pin at the beginning of school next fall. That's a long time to wait.

The Glee Clubs and band had a picnic and dance Thursday night. The picnic was in the park and the dance was in the gym. Did they have fun? Well, you can imagine.

Bethany Nipped By Charleston In 11th, 9 To 8

Brother Crawford Tightens After Allowing All 8 Runs In First Five Innings. Sixth Loss For Bethany. Peary Triples Twice.

Bethany — Considering their lowly status the Bethany Merchants were quite truculent for five innings here Sunday, hammering Charleston's Louie (Brother) Crawford for a total of eight runs. But even this demonstration of hidden power failed to save them from their usual late inning misery which saw their attack bog down to a mere puff. But it was sufficient devilment however to force the Charlestonians to go 11 innings before consummating their victory by a 9 to 8 count.

With one down in the eleventh Murvil Barnes, who had batted Bethany into submission the previous Sunday, singled sharply to left. After Prico had lifted to short he stole second and then brought home the winning run when Riggles cracked out his third safety of the matinee.

And Mr. Barnes had a very good reason for closing the show when he did. His dinner date was for 6 o'clock and it was then well past that hour. The baseballing did not get underway until 4 as the boys had respectfully held off until the close of a funeral as burial was in the adjacent cemetery.

Crawford Slays 'Em

The Merchants, whose cast includes five gents from Decatur and Blackard, the Mt. Zion hair remover, erred frequently afield to aid the Charleston run getting enterprise, but we can't blame them so much for their last half lethargy at the plate. Rather it was the case of Brother Crawford becoming tougher as the game progressed.

A lengthy argument in the fifth caused his arm to chill, and the Merchants swept over a cluster of three runs in their portion of the round. But the good Brother recovered rapidly, holding the Merchanteers scoreless from then on out and in so doing faced no more than four men in any one inning.

The Bethany denizens will tell you that it would certainly have been their favorites first triumph had Pitcher Glen (Boss) Harding been able to go all the way. But he wasn't. The Boss was still in charge in the fifth, a 5 to 2 leader, with two on and two gone, when pest Barnes drove a ball off the lower half of his pitching arm which forced him to give up his job.

Prico The Goat

Signor Ernie Prico, Charleston college's bone-busting Italian grid captain, was a perfect flop in both the offensive and defensive departments. The bulky blond went to bat six times and not once was he able to put the ball beyond the infield. Then, playing the bad sun field in left, he dropped the only two fly balls to come his way.

Landing on the first pitch Bethany tallied twice in the first before Crawford could get things in order. Steve Toth led off with a single thru short. Joe Toth grounded to Seaton and continued to throw wildly to first. Steve advanced to third on the play and second when the third-sacker tagged in when Finch skied to center. Gibbons, one of the best hitters in the circuit, then punched a single past the shortstop to count Joe.

Charleston evened the totals in their half of the second. With one away Riggles dribbled a grounder into left field. Keigley went out, Roper to Craig. Riggles headed for third on the play and arrived safely on Craig's poor throw. Bell lifted to Blackard, who dropped the ball, allowing Riggles to score. Peary followed with the first of two triples to count Bell.

Bethany added another in their half of the inning. Craig was safe on a bad throw by Barnes and came home on a deep wallop by Harding. Glen sprinted easily to third but was waved out for neglecting to touch second en route. Prico's first error cost Charleston two runs. Finch and Gibbons singled in the third and, after taking second and third on a bad throw, crossed in when big Ernie lost Buck Roper's liner in the sunlight.

Slugfest In Fifth

After a discouraging start Charleston scored four times in the fifth. Peary launched the attack with his second triple, but was declared out a moment later when Harding's quick throw caught him off the sack. Crawford fanned Seaton was passed, and Marker singled him to third. The next batter, Barnes, brought about Harding's previously mentioned withdrawal. Barnes then welcomed the new slinger with a lusty clout over third which was adjudged foul and which precipitated a rather foolish argument.

Well, the boys finally drew back to their positions and watched Mr. Barnes mash a single over second, scoring Seaton. Prico was safe on a wild throw by Toth, and Riggles came thru with a double to finish up the rally.

Prico muffed Joe Tot's liner to start Bethany off on another splurge in the fifth. Subsequent singles by Bill Roper, Buck Roper, Blackard and Craig completed the three-run harvest.

Charleston Comes Back

Charleston then went about their slow process of tying the score. They negotiated a run in the sixth to narrow the count to 8 to 7. Peary walked but was forced at second by Crawford. Seaton then belted a double to center, scoring Crawford, but the rally succumbed a second later when the runner was caught off base.

Toth struck three men in the eighth, but that didn't prevent Charleston from pulling into an 8-all-tie. Keigley led off with a single, paused while Bell and Peary were fanning, and then raced home when Buck Roper misjudged Crawford's fly. Seaton wiffed.

Toth also struck out three fellows in the tenth which was, perhaps, what brought about his weakening in the eleventh.

An outstanding week's entertainment is ahead of this community, beginning with Friday night's double program at The Grand.

In a way, you might call it a "Warner Baxter" week for that popular actor features in Friday night's show, also in Wednesday and Thursday's.

This is only half of the story, however.

Let us tell you first about the biggest show for the week, "Men in White" which appears on Sunday and Monday. It has been Broadway's biggest current stage sensation. Manager Hays had booked it for a Friday showing, but when impressed with the records of its wonderful popularity in the big cities, he decided to change his program so as to feature it on Sunday and Monday.

This is a hospital picture, endorsed by the American Medical Association. It is full of romance and human interest.

Besides Clarke Gable and Myrna Loy, the following screen favorites have important roles: Jean Hersholt, Elizabeth Allan, Otto Kruger, C. Henry Gordon, Russell Hardie, Wallace Ford, Henry B. Walthall and Russell Hopton.

On this program, also, there will be a Bing Crosby short, Terrytoon and News.

Backing Up A Bit

Friday night Warner Baxter stars in "Such Women Are Dangerous" assisted by Rosemary Ames, Rochelle Hudson, Mona Barrie, Herbert Mundin and Henrietta Crossman. The advance notices speak very well of this picture.

On the same night you'll see one of the popular Medbury Travelaugh. The second big picture of the evening is "Countess of Monte Cristo" with Fay Wray and Paul Lukas, also that entertaining imp, Patsy Kelly. This picture is a good comedy take-off. Don't come expecting to see something serious.

Saturday

Rex Bell in "Rainbow Ranch" and the usual assortment of good short features.

Jack Holt Tuesday

Tuesday's feature picture is "Whirlpool" featuring Jack Holt. This is a typical Holt picture. If you like his style, you'll like this about as well as anything he has ever done. One of the feminine leads is played by Augusta Appel, known to you as Lila Lee. Jean Arthur also has a prominent part. A Travelogue and an Edgar Kennedy comedy fill the bill.

"Stand Up And Cheer" This is the second Warner Baxter picture for the week. While the producers highly recommend the one shown on Friday, they fairly rave and shout about this one. The

theme of this picture is based on the imaginary appointment of Baxter as Secretary of Amusement in the cabinet of the President. Helping Baxter put this big show over are Madge Evans, Sylvia Froos, John Boles, James Dunn, Shirley Temple, Arthur Byron, Ralph Morgan, Nigel Bruce and peer of them all, our old film friend, Stepin Fetchit.

This colored actor's real name is Lincoln Perry. He studied for the colored Catholic priesthood in Montgomery, Alabama 3 years. Pictures attracted him. Borrowing the name of a famous race-horse, he signed up with Fox in 1929. He has appeared in some good pictures and in "David Harum" nearly stole the show from Will Rogers.

Some years ago this langorous colored youth delighted Hollywood with his antics. He got big money and spent it big. He had three big limousines with chauffeurs dressed in purple livery. These cars would all roll down the street at one time and Stepin would change from one to the other as the mood assailed him. He also likes gorgeous raiment and at one time owned 36 suits. He was big hearted however and gave much to needy acquaintances.

Another accomplishment of which he is proud is that he can sleep anywhere, any time, for any length of time.

While his part in "Stand Up and Cheer" may not be that of a star, he'll hand you a few laughs. He knows his cues.

Now, taken all in all, this seems to be a nice array of entertainment temptation. While the Baxter pictures would have been better placed a few weeks apart, we other wise, could not have managed better than Mr. Hays has done. An admission of that kind, on the part of a columnist, is one of the greatest compliments that the English language holds.

A Comforting Service

The greatest service of the modern funeral director is that of lifting the load of responsibility from the shoulders of the bereaved. From the moment that he is called, he assumes charge of the many details which require attention. In our organization we give special attention to this comforting service.

LIGHT PLANT EXPLODES

The populace nearly sprang out of its pajamas early last Friday morning when the town was shaken by a terrific explosion at the light plant which blew up an 8-inch concrete floor, but, fortunately, didn't reach out far enough to inflict injury upon Harold Rhodes the night man.

The explanation: The exhaust from an engine flows into a concrete box under the floor. Occasionally this box must be cleaned and that was just what Mr. Rhodes had done that very night. And, as was the custom, he tapered off his work by tossing in a piece of waste to be used in burning out the remainder of the oil. This time a large portion of gas had accumulated which brought about the explosion. Water pumps and pipes were damaged.

John 10:10—I am come that they might have life, and that they might have it more abundantly."

As we study the lives of the old pre-Christ prophets as recorded in Holy writ, and see how their lives stood out for righteousness, the wonderful influence that radiated from their lives, often we have hoped that our lives might radiate a like influence for Christ and his kingdom. Here is the promise of fulfillment of that great hope. Christ came that we might have an abundant life. The old prophets' lives abounded with the influence of the Holy Spirit from without, our lives may be empowered by the Holy Spirit dwelling within.

The abundant life suggests not wells of living water from which we draw with a bucket, or a pump, but from which the water comes gushing forth. The abundant life is not attained by efforts on our part, but rather it comes when we cease our efforts and let this living water of life flow into our souls.

The abundant supply suggests more than we can need for our selves, and the overflow from our own lives, will refresh lives of others.

—Mr. and Mrs. Willard Monroe are both on the sick list.

Relief Com. Puts Men to Work; Report on Growing Gaddens

The Work Relief program in Moultrie County got under way Monday, May 28, with the resumption of work on the Vine Street project in Arthur, which had been started under CWA. There are eight relief laborers from Moultrie county and eight from Douglas county on this project.

The Moultrie county work relief committee met on the evening of May 22nd to receive a report of progress of preparation to start work relief, also to receive an explanation of the new forms on which project applications must be submitted beginning June 1st. The new forms are a federal requirement, and call for more information than did the previous forms drafted by the state office. The committee voted to leave the determining of time of starting and the order of projects for decision by the local relief office, which will consult with the various employing agencies. This seemed better than trying to set a definite time of starting projects in committee meeting, because of the many considerations involved.

The county Price Stabilization Committee held a short meeting on May 24th. The county food price list was carefully reviewed, and only a few price changes were found necessary.

Relief Garden Work
On May 25th the county Garden committee met at the relief office. It received a report on the progress of the garden program and on the number of seeds still on hand. On the date of the report there were 54 community gardens in the Lovington plot and 34 in the Sullivan plot. There are also 109 home gardens, distributed as follows: Dora township, 23 gardens; East Nelson Township, 10

gardens; Jonathan Creek, 12 gardens; Lovington township, 12 gardens; Lowe township, 10 gardens; Marrowbone township 11 gardens; Sullivan township, 26 gardens; Whitley township, 15 gardens. There are also 51 plots of at least one-eighth acre planted with potatoes, for which seeds were furnished by the Illinois Emergency Relief Commission.
