She was 39 years, 11 months and 11 days of age. Her maiden name was Jennie Jones and she was born near Freeburg. Her first husband's name was Rech. He died at Belleville during the after-war influenza epidemic. Two children survive from this union, Virginia and Helen. She also leaves her mother, one sister and two brothers in Belleville.

The remains were brought to the family home in Arthur and Thursday evening were taken to the Gundlach Funeral home in Belleville where services will be held on Friday. Burial will be in Walnut Hill cemetery in that city.

Chinch Bugs Flying Barriers Abandoned

The chinch bug situation in Moultrie county is still very serious, but the bugs have reached the stage where they are flying and are now scattering over the corn fields, according to the Moultrie County Farm Bureau.

Any further check on the pests by the use of barriers is now practically impossible. From now on the only hope for a big corn crop lies in favorable corn weather. In general most farmers have succeeded in keeping back the first-brood bugs so that the estimated damage to the whole county corn crop at present would not be over 15%.

Over 500 barrels of chinch bug barrier material have been distributed to farmers of this county through the Farm Bureau and affiliated oil companies. 150 barrels of Federal purchased oil was given to over 250 farmers. Approximately 500 miles of barrier have been constructed and maintained in this county. Undoubtedly this has been the worst chinch bug year in the history of this county and a most determined fight has been made against the bugs. After this week the best procedure against the bugs will be to plant emergency feed crops to replace those destroyed.

Object To Kinsel Widow's Award

When William Kinsel died this spring the matter of administering his estate came into court. Guy S. Little, A. Nicholson and H. H. Hawkins were named appraisers and Chester Horn was named administrator. The appraisers found that the estate consisted of real estate valued at \$1,900, \$20,000 in notes and \$20,000 in government bonds. They fixed the widow's award at \$1,000.

The five children by a first wife have filed objection to payment of the widow's award. They base their objection on the existence of a contract. This contract made in 1931 named a trustee for the estate and provided that Mrs. Kinsel would get one-third of the entire estate when Mr. Kinsel died. The heirs claim that this one-third constitutes the widow's full share and that she is not entitled to any additional widow's award. As proof of this contention, they introduced the contract in evidence. It is signed by Mr. and Mrs. William Kinsel.

Mrs. Kinsel was represented by Attorney O. F. Cochran and the objectors by Wehmhoff & Purvis.

Judge Ledbetter took the case under advisement and had not rendered decision at time of going to press.

Mr. Kinsel at one time owned considerable farm land, but this years ago was deeded to his children who are Otto, Roy and Thomas Kinsel, Mrs. C. C. McKown and Mrs. William Bathe.

SUFFERS STROKE

Rebecca Patterson Will In Dispute

Charging that when Mrs. Rebecca Patterson made her will on the 6th day of April, 1932, she was not "of sound mind and memory" and that she was under the undue influence of her daughter Mrs. Laura Dale, suit to set aside the will has been filed by Mrs. Lucy E. Thomason, another daughter. She is joined in the suit by her daughters, Mrs. Ola M. Tevis and Mrs. Grace P. Gaffner. The defendants are Mrs. Dale, her daughters Marie Dale, Erma Batman and William Short, her son in law, husband of the late Mamie Dale.

The attorneys for the complainants are Meyer & Meyer, Greenville attorneys. Mrs. Rebecca Patterson died on January 19th of this year. Her will was admitted to probate and names C. R. Hill as executor.

The will provides for the division of certain personal property between the two surviving daughters. Other personal property is to be sold. Mrs. Thomason's two daughters are each to get \$500 and Mrs. Dale's three children each \$333.00. The real estate and all other property is to go to Mrs. Dale. Mrs. Thomason is given no share in the farm land. In the bill of complaint as filed, it is charged that the will "is not the will of Rebecca Patterson but the will of Laura M. Dale."

John Cassidy Has Accident In Bakery

The right hand was caught in a bread moulding machine and drawn up to the knuckles. All fingers sustained broken bones, one being broken in four places. The attending surgeon is hopeful of being able to save them all, although one may require amputation.

When the message reached here, Mrs. Ella Wiser, his mother in law and her son Charles motored to Decatur where they met Mrs. Cassidy, her Doris Wiser, and took her to her husband's side in Paris. Mr. and Mrs. Cassidy have but lately announced their marriage which took place April 14th.

Right in the doorway the little sister ran up against her. Her dress caught fire and before the flames could be extinguished she was so badly burned that she died at 8 o'clock that night.

Dalton Whips Pana, 4-3 On Dietz's Double

Pitcher's Drive Enables Dalton to Cop Second Half Opener. Benton Homers With Two Aboard; Then Errs to Hand Pana 2 Runs.

By Jim Scott
Dalton City—That the Dalton Grays are a very good ball club when there is something at stake was illustrated here again Sunday as Pilot Hale's foreign legions took off to a flying start in the second half Illini league pennant chase by outslugging the famed Pana Blues, 4 to 3. The victory also served to break up Dalton's four game, one-run losing streak.
Technically Pitcher Dopey Clark, who relieved Floyd Dietz at the start of the ninth, received credit for the win, but in everyone else's scorebook the honor will go to lion hearted Mr. Dietz. After stopping the slugging Italians without so much as an earned run during his eight inning tenure, the Shelbyville garagaman was shifted to second base.
As a hurler, he was like most of the followers of the art—a total bust at the plate, but operating as

a second baseman he lashed out the telling blow with two gone in the last half of the ninth, sending a wicked double to centerfield with first and second bases occupied.

Benton, Hero and Goat
Herb Benton, Dalton's left fielder, who came out of a batting slump with a home run and three singles in the previous contest, was both the hero and goat of this one. The little man from Decatur poled a tremendous circuit drive with two mates aboard in the sixth to establish a 3 to 1 lead for his club.
However Herbie proved just as adept at producing runs for the enemy, presenting them with the two tying markers in the eighth. With two away and runners on second and third he came in fast only to drop Stebulis' low liner.

Stalets, the visitor's powerfully built third-sacker, who paced the Central league hitters last summer, was a standing menace to Dietz all afternoon. In the second he survived when Campfield went out to right field to drop his towering fly. On his next two appearances he banged out his characteristic line singles, then finished up in the eighth with a mighty wallop which Goodwin gathered in after a short sprint.

Campfield Errs
Dietz was at his best in the first. He threw three successive balls to Thomas, then came back with three straight strikes. He next took rollers off the bats of the Savanski brothers, tossing them out at first.
The blues utilized the first of four Dalton errors for a run in the second. Stalets lifted a high fly in to short right. Campfield circled under it, and then in a lunging catch, dropped the ball. Stalets hiked to second on the play and scored on Wright's single. Dietz then fanned Stebulis and Dudra and got Chis on a pop fly to the catcher.
Pana made serious gestures against Dietz in the fourth, but the tail end of the batting order was unable to sustain the motion. Stalets and Wright smashed consecutive singles. Dietz skied deep to Goodwin, and the runners advanced to second and third after the catch. There they died when Chis lifted to Schlesinger.
After 2-five inning naps the House of Hale suddenly became active in the sixth, when three runs came in despite some vehement protests on the part of the blue frocked club. Kidwell punched a single to left, and Reno walked. Baxter, pinch hitting for Campfield rapped to the third baseman, who attempted to tag Kidwell on the base lines, then pegged to first in time to retire the hitter.

Benton Homers
The Blues howled that Kidwell had run out of line, but the umps refused to uphold their claim. Disgruntled, Brutosky returned to the mound throwing three balls to Benton. The next one he grooved and Herb parked it somewhere deep in centerfield, and three runs came clattering over the plate.
Then in reciprocation Benton handed Pana their tying tallies in the eighth. V. Savanski drew a pass, but his brother fanned, and Stalets drove one into the hands of Goodwin. Some ineffective catching on the part of Welsh permitted the runners to take second and third, whence they scored when Benton permitted Stebulis' liner to slip thru his fingers.
Dietz Does It
Clark took over Dietz's job at the start of the ninth and succeeded in stopping the rampaging foe even tho a walk, hit and an error did make things a bit precarious.
Then with one down in the last half of the frame, Dalton's game winning rally got underway with Roper's sharp single to right. Goodwin popped to the catcher and Clark was given an intentional pass. Dietz then jumbled the strategy with a rousing double, which brought in Roper.

Hab. 3:2 "O Lord, revive thy work in the midst of the years."
This heart rendering prayer of the old prophet comes after he has listened to the voice of God, after he has been shown the woes that will surely come upon a God rejecting people, and as he sees the years of tragedies crowding in upon his people Israel, He cries out to God from the depth of a yearning heart, "That God will revive his people in the midst of those years."
Oh how much we need a vision today, and we will only get that vision as we commune with our Lord, and he is able to show us the terriblestness of the woes that are fast approaching the whole earth.

We have no right to expect that our prayers might stay these woes but we do have every right to believe that our prayers will snatch many a brand from the burning.
What the world needs today, is not more jobs and bigger salaries, not bigger armies and navies, not mere railroads and steamship lines but a revival of God's work in the midst of the years. America does not need a dictator, it needs the Christ.

CHRISTIAN CHURCH
C. E. Barnett, Pastor

The Sunday preceding July 4th is known in church circles as Independence Sunday. This fact presupposes that we use some subject in keeping with Independence Day. We are agreed and shall speak upon the subject "The Four-Square National Life." Come to this service, shorted to one hour, beginning at 10:30 a. m.
As we write these notes, 2:30 p. m. Tuesday, our thermometer registers 99 in the shade, and we do not know what is to be the subject of Sunday evening's sermon. However, we do not have to remain in the shade, where it is 99 degrees, so we are going out into the sun—out into the fields where men are working and toiling and sweating, confident that upon our return we shall have a message in the making. This we shall give at the Sunday evening service at 7:30 p. m.
Curiosity, sense of duty, privilege, or something else may lead you to this service. Whatever it may be, you are welcome, and again we say: the service will not exceed one hour.

Christian Endeavor at 6:30 p. m. will be led by Adeline Elliott with another "mind" subject. "The Mind of Christ in International Relations." The contest committee, appointed last Sunday will report and our pre-variation contest begins. Some novel ideas are likely to be included in this contest. Be in at the beginning.

Chinch Bugs Cause Spat
These devilish chinch bugs which have already distributed so much grief hereabouts, are now being accused of starting a little friction between families. Perhaps the intense heat had something to do with it, but it is what it may on a farmer of this community, let's call him No. 1, has become quite bitter towards his neighbor, whom we shall call No. 2, because the bugs are transfers from No. 1 to No. 2.

field. And poor old No. 2 is by no means at fault, having done all in his power to prevent the migration. For one thing he hired himself a man whose sole duty was to make life miserable for the tiny aggressors.

Snyder Names Miss Sharp?
In a week or so now Bethany will have a change in their post office force with Postmaster Carl Crowder giving way to Dale Snyder. Mr. Snyder has not yet named his assistant, but our sly sleuth reports that it's 15 to 1 on Miss Mildred Sharp, whose father was a Demo committeeman some years back. Snyder, we understand, realizes that not any one can operate a postoffice so he will not use the job as a means of compensating one who may have aided him in his rapid rise to political prestige. Rather he has sized up his applicants on their ability to handle the work.

Nightwatchman Sheffield Marlow shot down a stray bird dog last Saturday which the natives claimed was on the verge of going mad.

Marines Drug Bethany
The Sullivan Marines outslugged Roy Marlowe's pickups, 17 to 15 in a softball game here Tuesday night. In the second half of the night's bill, Trojan Scott singled in the last half of the tenth to give Bethany a 12 to 11 win over the P. D. Q. ten of Decatur. Besides this bingle the Trojan also whaled out a double, triple and home run. Ben Taylor, a former Bethany lad, elbowing for the visitors, was showered from the mound during the winner's vicious late inning attack. He, along with Stables, the Bethany pitcher, had a penchant for throwing home run balls.

Betty Atteberry is passing the week in Sullivan with Mr. and Mrs. Carl Shasteen.

A fire broke out in Dr. E. A. Grabb's wheat field Tuesday and was not extinguished until some 25 shocks were burned. There were four men working in the field as the blaze got under way and, although they pounced on it instantaneously, it all but swept beyond control.

STATE POLICE TO ARREST CARELESS AUTO DRIVERS
Opening a state-wide drive against traffic violaters, L. M. Taylor, acting superintendent of state police, issued a final warning to motorists to comply with all traffic rules in effect on Illinois state highways.

Police sergeants in every district have been notified to instruct their officers to make arrests, Superintendent Taylor said. The campaign is directed especially against drivers who ignore stop signs when approaching main highways from side roads, Taylor stated.

Other traffic regulations, infraction of which will lead to arrest and imposition of fines from ten dollars up, include those pertaining to driving to the right of black dividing lines, slowing down at intersections, passing on curves and hills, reckless passing on straight ways and keeping to outer lanes except when passing another car.

These regulations, Taylor pointed out, were adopted to protect motorists. Drivers, he said, should cooperate willingly with the police division by observing laws designed to cut down the number of accidents and fatalities which occur on state highways.

OLD TIMER HERE

STATE FARMS PRODUCE 400,000 GALLONS FOOD

The state of Illinois is on the verge of a "canning" spree of unprecedented proportions.

This does not refer, however, to jobs held by state employees. It merely involves 400,000 gallons of fruit and vegetables produced on state farms and destined for consumption in Illinois' 28 penal and eleemosynary institutions.

Bids have been opened in the offices of the Division of Purchases and Supplies for the purchase of approximately \$30,000 worth of tin containers, the amount estimated as necessary to meet State requirements for the ensuing year.

Sealed Corn Theft May Prove Serious

Raymond Robinson of Arthur is feeding hogs. He needed corn and went to the crib on the C. A. Taylor farm and got three sacks. He and a companion were scared away and left a fourth sack.

No arrests have been made, while officers are investigating how to proceed in the matter. The crib is under Federal Seal and the theft may come under federal jurisdiction. Uncle Sam cracks down hard on anybody who tampers with anything he has sealed.

GOLFERS

Do not forget the 4th of July tournament and supper at the Sullivan Country Club. Members are asked to bring their golfing friends.

A BIT OF HISTORY

June 26, 1917, saw the landing of the first American troops in France to participate in the World War. Others, including General Pershing had preceded to make the necessary arrangements for the arrival of our fighting units.

Probably the most important arrangement to be made was just exactly how our armies would fight. Lack of unity in command had long been a severe drawback to the success of the Allies and General Pershing, with full recognition of this fact, was keen to see it corrected.

As a result of many efforts and finally as a result of necessity, Marshal Foch was placed in supreme command of the Allied Forces. Accordingly, General Pershing turned over to Marshal Foch at the latter's headquarters the supreme direction of the American Army, saying in part, "Infantry, artillery, aviation—all that we have is yours. Use it as you wish."

This change in tactics to Unity in Command resulted in successful engagements for the Allies both major and minor, increasing morale to new high levels and finally ending the World War.

ILLINOIS "FINEST" HAD MEETING HERE TUESDAY

The state police of district No. 10 met at the Armory here Tuesday afternoon at 2 o'clock. The meeting was to get acquainted with Officer Bill Hostetter's home town and to talk over matters of interest to these representatives of John Law.

Sergeant Joe Ryan is in charge of this district. Following the convention the "cops" staged a parade through the uptown with sirens open and all cops looking their handsomest.

BIRD DOG PROVES GOOD MONEY FINDER
A man in this town has a young bird dog of more than ordinary intelligence. He has been taught to "fetch" and when he sees something interesting, he takes it to his master.

The other morning the dog was romping around on the street for a time. He "fetched" something home and when his master asked him to "give" he placed a neatly folded package of three dollar bills in his hand.

Announcing New Banking Policy

For the past several years the expense of operation of banks has been steadily increasing, this being due to increased insurance rates, cost of supplies and other general overhead expenses.

During this period the bank's loaning power has been materially reduced owing to unsettled general conditions and in order to meet the increased cost in operation with the reduced income and for us to comply with the purpose of the National Recovery Act, it becomes necessary for us to adopt certain rules governing fair competition in banking practices and certain charges pertaining to services rendered.

Therefore, on and after July 1st we will have a metered service charge on accounts averaging \$500.00 and under and accounts above \$500.00 will be analyzed, charges to be made in accordance with the result of the analysis.

Nominal charges for other services rendered will be instituted.

This action has been taken after careful deliberation and the scale of charges is arrived at on an actual cost basis as nearly as possible, and will not work any hardship on any individual; it being the aim and purpose to make every account pay its own way.

Our officers and employees will be glad to explain the matter in detail or any particular part of the charge which might effect you individually.

In order to make uniform hours we will open at 9:00 a. m. and close at 3:00 p. m.
