BUYS 160 ACRES WITH PROFITS FROM BROOMCORN

D. L. Maxedon, who deeded his farm to the Prudential Ins. Co., about a year ago, now finds himself in possession of a 160 acres of fairly good land 10 miles south of Charleston. It's all paid for.

When Mr. Maxedon had to give up his own farm, he rented a farm near Allenville and put out 35 acres of broomcorn last spring. His share of the crop netted him enough to buy the 160 acres at \$20 an acre. The new place is a dandy stock farm.

Christmas Seals

Moultrie County Tuberculosis office is a very busy place, getting the seals ready for the mail. Thanksgiving Day is the starting of the Christmas Seal Campaign. Moultrie County's goal is \$600.00 this year.

The money from the Christmas Seal Sale is used for a program of health education, clinics, examining of school children for possible early tuberculosis cases, defects of hearing, eyes, tonsils and teeth. Every penny of the Seal sale is spent to fight tuberculosis.

DOGS AND MORE DOGS

Tuesday, November 20th went down for a record breaker in the annals of dog shipping from the Herrick depot when Sarver Bros. of the Dixie Kennels made a shipment of 162 dogs from the local station, the destination being divided to 26 different states. These dogs were imported from Missouri Indiana, Kentucky, Ohio, and Illinois, Tennessee, where they were raised and bred. The shipment consisted of 142 tree dogs, 17 rabbit dogs and 3 fox dogs. Ohio state received the most, 13; with Arkansas and Iowa 11 each, and Illinois, Missouri, Texas and West Virginia 10 each. The balance divided Alabama receiving 3, Connecticut 3, Florida, 3, Georgia 1, Indiana 7, Kansas 7 Kentucky 8, Louisiana 6, Michigan 4, Mississippi 6, New York 1, North Carolina, 8, North Dakota 7, Oklahoma 9, Pennsylvania 4, North Carolina 3, Tennessee 4, Virginia 7, Wisconsin 2.

Sarver Bros. to the present writing have shipped over 25 hundred dogs from here this season, adding them to the many that are shipped from the other kennels, and they are quite a few, they sure ought

PREVENTION BEST TREAT-MENT FOR STALK DISEASE

Costly losses from the old-iashioned cornstalk disease, which has re-appeared again this year after being so prevalent about 15 years ago, can be prevented by farmers in this locality if they will keep horses and mules out of the stalk fields, according to Dr. Merriman.

He has just returned from the College of Agriculture, U. of I. Sunday morning at 10 A. M. where the division of animal pathology and hygiene held a special meeting of veterinarians to consider the best methods of coping
