

WEATHER

Sunshine is delicious, rain is refreshing, wind braces up, snow is exhilarating: There is no such thing as bad weather—only different kinds of good weather.

We copied the above from a book. It is full of truth. When it gets wet and sloppy the shoe merchants rub their hands in glee, sell new shoes and rubber footwear.

When it gets biting cold, we wend our way to stores to buy more clothing; we call the coal man and yell for coal. When it rains we buy umbrellas or steal somebody's.

You can't dope out any brand of weather that does not do some fellow some good.

This morning we had a threat of snow. A few flakes idly drifted down. The sky looked dark and threatening but nothing came of it. Hoboes, sensing that there might be work in town shoveling snow, started migrating to out of town camps. You can never find a hobo when you have work for him to do.

The Christmas spirit is manifesting itself in show windows of merchants and the city's light department has strung its colored lights around the square.

One thing that is often overlooked in the Christmas shopping period is the cultivation of the Christmas spirit. You've got to make fellows Christmas-conscious before they do Christmas buying.

A few years ago we had a nice custom in this town. It was the giving of Christmas baskets. Some of the moochers finally made a racket out of it. They would demand that their names be placed on the basket list and often kicked heartily if the baskets did not contain what they expected.

Under such circumstances charity becomes sour. The sad part of that is that the worthy poor suffer with the unworthy. They who demand charity are seldom worthy of it.

Let us suggest something: You folks who really want to do some Christmas good, look around you and select some family who may be a close neighbor. Play Santa Claus to them. It's lots of fun.

"It is more blessed to give than to receive" proves wonderfully true when Christmas comes. Try it some time. It warms you up in the region of your heart and you get a more humble, yet still exalted opinion of yourself.

Gregory Out; Houlihan In As Receiver

Deposed Receiver Checked Out on Monday. O'Connell of Springfield is Receiver and Houlihan is his Local Representative.

A long expected change has been made in the receivership of the closed Merchants & Farmers State bank of this city.

William L. O'Connell of Springfield has been named receiver in place of Charles A. Gregory who has held that job for a number of years.

Dennis Houlihan of Lovington has been named to have charge of the bank as representative of Receiver O'Connell, who, with offices in Springfield, is also receiver of a number of other closed banks in this state. Frank Gibbon, assistant to Mr. Gregory, will remain on the job for the time being.

Mr. Gregory, a prominent Republican, did not resign. He was asked to do so by State Auditor Barrett. No charges had been filed and objections against his continuing in office were doubtless partly based on political consideration.

This was the view that Mr. Gregory took of the matter and in a letter to Mr. Barrett stated that "in surrendering the trust I do not do so of my own volition." He also called attention to the fact that the depositors committee had at several times protested against his removal to make way for somebody else.

"Though I am not technically resigning, I shall offer no resistance and am ready to place the responsibility in your hands and surrender the keys, etc., to whomever may be properly constituted to accept and receipt for them" wrote Mr. Gregory to Auditor Barrett.

The change is presumed to effect economies in liquidation. Mr. Parker of the Auditor's office checked Mr. Gregory out Monday morning. Mr. Houlihan has since been in charge here.

And He said, The things which are impossible with men are possible with God.—St. Luke's Gospel.

The real difference between men is energy. A strong will, a settled purpose, an invincible determination, can accomplish most anything; and in this lies the distinction between great men and little men.—Fuller.

Some ministers plague the people with too long sermons; for the faculty of listening is a tender thing, and soon becomes weary and satiated.—Luther.

In all distresses of our friends
We first consult our private ends;
While nature, kindly bent to ease us,
Points out some circumstance to please us.

Who much receives, but nothing gives;

The Law and the Gangsters.

A prominent member of the legal profession in Illinois raises his voice in protest against the action of the Federal government in deliberately killing off the country's public enemies.

Some weeks ago John Dillinger was shot and killed. Recently a man named Nelson was riddled with bullets after he and his associates had first killed two officers in the final showdown.

The attorneys contend that this is not the way of law enforcement. They want these men captured alive and brought into court for trial by due process of law.

Though the attorneys are grieved at the lawlessness of Uncle Sam's officers, we are quite sure the general public will applaud.

Too many of these gangsters and crooks have been brought into court for trial by due process of law. Smart lawyers, enjoying big fees, out of the loot of the crooks, manage time and again to secure the release of their clients. The courts too often sustain some technical objection which impedes justice and turns the crook loose to murder and loot for months and years longer, until some officer puts a lead slug into a vital part of his anatomy.

Killing a gangster may not deter other gangsters from their life of crime. It may deprive the public of all of the trimmings of an elaborate trial; it may deprive attorneys of some business. But it does get rid of the gangster finally, definitely and conclusively.

And is not that the really important thing? When law dillies and dallies and provides the crooks with dozens of loop holes through which to escape punishment, is not the bullet from an officer's gun perhaps the most effective safeguard that stands between the law-abiding and the lawless?

The bar associations may weep and grieve at the lawlessness of federal officers but until our courts reform to meet the need of the times, we hope that the slaughter goes on. Sad to say, the people do not have the faith in their courts that they should have. And the fault is all with the courts.

Just Kidding the Old Folks.

Do not start spending your "Old Age" pension before you get it.

Do not even start planning how you are going to dispose of \$200 a month which the government is to pay you as long as you live if you have passed the age of sixty.

All of this is a pipe dream. It is what is known as the "Townsend" old age pension plan. It was originated by a Dr. Townsend in Southern California.

The plan in brief is this: All people over the age of 60 are to stop working. The government will pay each the sum of \$200 a month. With the provision attached that this \$200 must ALL be spent in the month received. The money to be used for this purpose is to be raised by taxation. Because of the terrific increase in business, resulting from the spending the old folks will do, everybody will have plenty of money and there will be no objection to being taxed higher than a kite.

In order to get this plan enacted into legislation, the Congress will be deluged with petitions bearing millions of signatures who favor the plan.

The task of gathering signatures to such petitions is now in progress throughout the nation. They are easy to get, although it has been learned recently that some solicitors ask the signers to pay a 25c fee to help defray the expenses of the campaign. This is but a small amount when compared to the \$200 monthly, and is gladly paid in most cases.

Unless this country undergoes a governmental revolution this Townsend plan is doomed to failure. It is just too good to be true.

President Roosevelt favors an old age pension law. Congress may enact one. If it does, it will not be the Townsend plan, but a much more conservative measure which

will fall far short of the \$200 a month plan. It will be designed to fit in with the country's financial ability to pay. We are going to save our 25c and perhaps invest it in a meal for somebody who is hungry.

The Parable of the Office Holder.

And behold there was a certain man who was ambitious to serve his people.

So he said unto himself, I will run for office and promise the people that if elected, I shall give them wonderfully good service.

And he ran for office; and the people believed his promises and gave to him their votes, so that he was elected.

It so happened that in order to bring about this very desirable state of affairs, he became a party man, and was elected under a party label, even though many of those who voted for him ignored that label and voted for the man.

But immediately the man became proud and arrogant. He saw himself as a party leader. He feasted his friends in a Victory Banquet

And he belittled the party of the opposition and cast mud and vile aspersions at his defeated opponent and others who had not agreed with him;

And behold, instead of being a public servant, doing the things he had promised to do, he set himself up as a politician and a party leader with his eye cast on an office higher up—

But alas, a term of office continueth not forever.

And there came a time when he had to give account unto the people and ask them to again vote for him;

But the people possessed more wisdom than he had credited them with and they said unto each other:

See him; he is a man of many promises and but small performance; We took him from his dung heap and gave responsibility into his hands—

But he has not proven to be a faithful servant. His head has so expanded its outer structure that his small brain rattleth therein and doth not function properly,

So let us return him to former environments where he can crow as the cock croweth at the morning dawn; and where he can strut like unto the gobbler ere his Thanksgiving fate over-taketh him.

And the voters did thus unto their unfaithful servant.

Moral—Watch your step, Democratic party, for a day of reckoning cometh. See that you serve the people so they will approve.

Assassinating God's Pure Air.

There was a gathering of men and women that night—any night.

From the pure air of outdoors they gathered in a banquet hall to eat and make merry. A banquet air prevailed. The guests were immersed in a sea of good feeling and good fellowship.

The banquet was served. The speaking began.

And there came the assassination. The victim was pure air. The assassin was King Nicotine.

Big ropes of tobacco, called cigars; little snipes of tobacco, being a granulated product, surrounded by a covering of paper, were set on fire. The incendiaries then proceeded to furnish the draught by sucking the smoke into their mouths and exhaling through mouth and nostril.

In a few minutes the air was polluted by smoke. Ladies and non-smokers gasped for breath. Some young sports, reclining on the center part of their spines, exhaled deeply and blew smoke rings, looking around proudly to see whether their achievement was noted and commented on.

While the speakers were giving forth enlightenment, the smoke barrage continued. New supplies of fuel were added from time to time. Ladies coughed in their distress, as smoke filled lungs unaccustomed to it. There was no escape except to leave the hall. Can we marvel that the women of the country have taken up smoking, in self defense, or as a protest?

And by and by the meeting is over. The guests file out into God's fresh air, one of the most wonderful blessings that the Creator has given to mankind.

This being the Tobacco Age, there is doubtless nothing that can be done about the matter. Tobacco addicts have lost sight of the rights of non-smokers. If you would gather in a meeting of this kind, inhale tobacco fumes or stay away.

If smoking were permitted in church, the congregations would be larger. An hour or two of wakefulness is too long a time for a tobacco addict to refrain from his favorite drug.

Boys, this may be rather raw, but honestly, don't you think it contains some grains of truth?

We Thought You Might Like to Know

The final official figures in the 19th district congressional race shows that Congressman Dobbins was re-elected by a majority of 8,598 over Charles Fletcher, his Republican opponent.

Official figures also show that John Stelle beat William J. Stratton 270,783 votes for the office of state treasurer.

John A. Wieland defeated Francis G. Blair for re-election by a 295,748 majority.

Michael Igoe for congressman at large on the Democratic ticket had 306,332 votes more than Wayland Brooks the high man of the two Republican candidates.

Despite the report generally circulated that Wayland Brooks had proven the best vote getter on the Republican ticket, the final reports show that Bill Stratton received 31,832 more votes than Brooks and led his ticket, though defeated by Mr. Stelle.

When the Legislature meets at Springfield January 9th there will be a substantial Democratic majority in both branches. In the House the Democrats will have 84

seats and the Republicans 69; in the state senate there will be 37 Democrats and 16 Republicans. An oddity, will be a colored legislator from downstate. He is Dr. Johnson of East St. Louis, elected on the Democratic ticket.

AGAIN BREAKS LEG

Freddie Finley, son of George Finley who resides in Smysor had the misfortune to slip on the kitchen linoleum at his home last week and fell and broke his right leg. He was recovering from a serious fracture sustained several weeks ago when he was thrown from a horse near Gays, it being the right leg in both cases. He was removed to Mattoon hospital when the accident occurred, the latter part of last week.

RE-NAME LEGION POST

Arthur Post 479 American Legion has officially changed its name to Marion Sanders Post. This was done to honor Sanders, the only Arthur boy to be killed in action during the war. He met death August 9, 1918.

MATTOON FINES

John Bolton of Cadwell was fined \$25 and costs in Mattoon last week on a charge of reckless driving. The state police are conducting a campaign for safe driving.

Last Friday night's double-feature program at The Grand was fine. "Lady by Choice" and "Fire-bird" were each good enough to constitute a program in itself.

We do not know so much about this Friday night. The first play, "The St. Louis Kid" features Jimmie Cagney as a truck driver. He is a hard-boiled guy, always getting into fights. He finally promises his boss he'll not hit anybody with his fists. So what does the lad do—he goes a-buttin' 'em on the jaw for a knockout. Plenty of action is promised in this picture and there will be comedy too. You don't know the rest of the cast, so what is the use writing about them?

Manager Hays never talks or writes about his Friday night pictures or features. He terms them "hits." You may see pictures at the Grand any other night, but on Fridays you will see "hits."

The second "hit" will be "Menace" with Gertrude Michael, Paul Cavanaugh and Henrietta Crossman. This is a tense mystery play with the threat of the unknown, unseen, undescribed menace prevailing the atmosphere throughout. Keep an eye on Gertrude Michael, she is said to be a Hollywood com-er.

Hey Skinny, are you a Buck Jones ranger? Well Buck's coming to town in a picture. It'll be at the Grand Saturday. They call it "Rocky Rhodes." His white horse "Silver" will be there too. There will be big hats, a gaudy muffer and shooting and all kinds of western hooley. Besides this there will be a Clark & McCullough comedy, a Cubby Bear cartoon and 9th chapter "Young Eagles."

"Hell in the Heavens" is the title of the Sunday-Monday feature. Warner Baxter plays the heroic lead and Conchita Montenegro is the love object. Others in the picture are Herbert Mundin, Andy Devine, Ralph Morgan and a few real aeronauts.

The scene of action is on the French front in the world war. Baxter and his company are flyers. In that particular region a German "Baron" has been the dominant figure in the sky. The plot revolves around the efforts of Baxter to shoot down this German. A love story enters into it and 'er the end comes all is well. Latest Fox News will also be on the bill. Don't you like the Fox News better than William Randolph Hearst's self-glorification stuff? There will also be a musical comedy and a cartoon feature.

The Town's "Fixer" Jack Holt is featured as "The Fixer" in the Tuesday night's show. He is a power in his community and whenever anything goes wrong Jack says "I'll Fix It". When his kid brother got poor marks in school and could not play on the team, he goes to see the teacher to "fix it." She was a comely dame—most teachers are. Jack found that he could fix nothing—only fall in love. There is plenty of good comedy. Short features round out a nice Tuesday program.

"Pursuit of Happiness" If you read any theatrical dope, you'll doubtless have seen some very favorable comment on this picture, billed for the Grand next Wednesday and Thursday.

The lead is played by Francis Lederer. Other prominent players are Joan Bennett, Charlie Ruggles, Mary Boland. Lederer is a Czech. Born in a crowded tenement house in Prague, he early took part in amateur theatrical performances. He must have been good for his success has been rapid—he is still a young man.

You'll like the Todd and Kelly comedy—one of the cleverest teams in the game today.

MANY FRIENDS CALLED SUNDAY AT MILLS HOME

James I. Mills returned Wednesday of last week from St. Mary's hospital in Decatur, very much improved.

Friends and relatives who called at the Mills home Sunday were Walter Kohlhauff, Carl Blue, Elmer Graven and son Billy; Charles Graven, Amel Vaughter, Ned Jividen, Miss Colleen Hollonbeck, Mr. and Mrs. Glen Gladville, Mr. and Mrs. George Gifford, Mr. and Mrs. Earl Hawkins and daughter Erline, Mr. and Mrs. Roy Raver and son Jimmy of Salem; Mr. and Mrs. Sam Zahnd, Mrs. James Mercer, Mr. and Mrs. Irwin Mercer and daughter Imogene of Charleston.

DOROTHY BOOKER WON PRINCE OF PEACE CONTEST

Dorothy Booker of Lovington was awarded first place in the county "Prince of Peace" contest held at the Presbyterian church on Sunday evening. Other contestants were Margaret Curry of Sullivan and Margery Taylor of Bethany. Miss Booker is a senior in the Lovington High school and will represent Moultrie county in the Divisional contest.

Judges were J. H. Dunscomb of Windsor, Raymond Harris of Arthur and Miss Bowman of Mattoon.

—Mr. and Mrs. Nathan Powell and family were entertained to dinner at the home of Mr. and Mrs. Harley Bartley Tuesday evening.

RURAL SCHOOL MERGER WILL BE PROPOSED

In line with other Chicago ideas for regulating downstate affairs, it is reported that Conrad F. Aken, superintendent of Cook county schools, outside Chicago will propose to the Legislature at its next session that all rural schools in the state be consolidated under the township unit plan. The result is to be better schools at less cost. We folks downstate really think that our one-room rural schools are a great improvement over the Chicago system.

Editorial Shorts

Dear Grandparents: We have, in past weeks, urged the parents and the children to go to Sunday School. Now our appeal to you is to back us up in this matter. You have lived long enough to know that it is a good idea to have the youngsters in Sunday School on Sunday mornings. We know that you'd like to see their mothers and dads go there too. A word from you will help a whole lot. Better yet, you folks come too. In every Sunday school you will find classes of folks your age. Go to Sunday School—any Sunday school.

It appears that the wedding of the English Prince and the Greek princess was received with sympathetic sentiment in nearly all parts of the world, except one. The Irish do not like King George. They do not like his sons. They do not like his sons' weddings and they raised a riot in Irish theatres when pictures of the wedding were shown. Well, you can always tell about the Irish. They never compromise.

Land values are bound to go up. With corn prices hovering near \$1.00 a bushel (though most farmers have but little to sell) the people with money to invest will see that central Illinois corn land at anywhere from \$100 to \$150 an acre is not a bad investment. In fact, if bought right, land has always been the safest and best investment. If bought at an inflated value, it has been a pain in the neck.

Before Sullivan can ever grow to be much of a city it must have: 1st, a sewer system; 2nd, better streets and street maintenance; 3rd, wider streets in the uptown; 4th, a more unified community spirit. These are some of the essential things. If we had these, houses would be built to solve our housing problem; more factories would come. So far as community development is concerned, at the present time we are about as active as a bump on a log.

The Progress some years ago tried to show the need of a Community Club office with a paid secretary in charge. We needed it then. We need it now. If we had a live, aggressive secretary of our Community club who was paid to devote his full time to local business development, Sullivan could be made a great trading center. Just for example let us cite how opportunities are being overlooked. We have a good theatre. It is idle 5 afternoons every week. People like to see shows. The merchants could give tickets on purchases and use that theatre a few days each week. The cost, per merchant, would be small. It would bring people from far and wide to town. Windsor is doing that. It is a big success. Mr. Hays, to whom we suggested this, says that he would turn the theatre and shows over to the community at cost, to use for business promotion.

To the new officers who were inducted into office all over the state Monday, one thing need be said. Do not compromise with law-breaking. Do not close your eyes to petty bootlegging, gambling, etc. Out of such violations grow greater ones. Crack down. Enforce the laws. If the laws are bad, that is the best way of having them repealed. Any officer who compromises with law-violators will get into trouble sooner or later. You have taken an oath of office. Live up to it.

JUNIOR WOMAN'S CLUB The Junior Woman's club met in the Library club room November 25th at 7:30. The president called the meeting to order and the roll call was given to which we responded with a Thanksgiving Thought. Melba Blankenship was elected to membership. Marjorie Loeb, former secretary, resigned and Margaret Curry was elected in her place. Mrs. Whitfield, one of the advisers was present and said a few words. The main address of the evening on "Bible Women" was presented by Mrs. Barnett. It was decided to combine the next business meeting and party into a pot luck supper, the date of which has not been set. —M. C.

PURVIS PTA MEETING Purvis Parent-Teachers Ass'n. will meet at the school house Friday night, Dec. 14th at 7:30 o'clock. There will be a talk by Orla Kimbrough and several short plays. The program committee consists of William Crist and Dave Spaugh.

—Mr. and Mrs. Albert Underwood and daughter Mildred, Mr. and Mrs. John McFadden and daughters Jeanette and Jane of Strassburg spent Sunday with Mr. and Mrs. Bill Oak of Decatur.

The other day Sim Poke, son of Mr. and Mrs. Joe Poke of Brushy Bend came home with a pet skunk which he had caught and tamed. He tied him to his bedpost. "But Sim" exclaimed his Ma, "what about that awful smell?" "Aw, now don't you mind, Ma" said Sim, "the dern skunk has got to get used to it, just like I did."

Do you remember way back when mother would put a big featherbed on our bed in the fall and then put another one on to cover with, and we kids would sleep with our bare feet sticking out at the bottom?

This is said to have happened in a Decatur restaurant. One of the cooks was carrying a big dish of something through the kitchen when the boss happened in. "Here, let me taste that soup?" said he. "But mister, this . . ." stammered the girl. "Shuddup and give me a bowl of that soup" roared the boss. The girl obeyed. After eating some of it he exclaimed: "Such soup, no wonder people don't come here to eat. You cooks are all fired." "But mister" said the girl, "that was not soup. It was old dishwasher water, I was carrying out."

We see in a neighboring newspaper where some housewife complains that since pigs were put under the code, there is hardly any fat in the lard from hogs butchered this fall.

From out in Kansas comes this story. A teacher asked a class of boys what they expected to be when they grew up. One said "a doctor"; another remarked, "a farmer"; but the prize went to the bright little chap who said "I'll be on relief, like my dad."

Mrs. Henry Peck: "And I suppose if I'd die tomorrow you'd marry another woman and fly away. Henry: "Not on your life; I'd take a vacation and a rest first."

Did your dad ever measure your foot with a twig from an apple tree before going to town to buy some shoes? Mine did. And did you ever wear red top boots with brass toes?

Over in London, so says an exchange, they are trying to solve the depression by "The Rule of Eight."

Eight hours work
Eight hours play
Eight hours sleep
Eight hours a day.

It happened near Clarksburg: "Oh Ma" called the young six year old son, from the milk house, "there's a mouse swimmin' around in the milk." "Oh goodness! Johnny take it out quick." "Don't you worry Ma, I threw the cat in."

If any of you boys have an idea of being a prodigal son, be sure you dad's a farmer and that there are some fatted calves around the place.

One of the most awful and silly things of our civilization is a pretty girl teetering along the street on spike-heeled shoes. Who started that nonsense anyway?

Dear Girls: Don't worry if your beau hasn't been around to see you lately. It's getting near Christmas you know and he can't afford to buy you that elegant present that he thinks you ought to have. If he really loves you he'll come snooping around again about the first of the year.

Professor: "Son, I want you to have nothing more to do with that girl. I can see right through her intrigue." His Son: "Aw dad, don't be too hard on Lucille! All girls dress that way nowadays."

Cooks Mills girl: "I went to a ball at Lovington the other night and got engaged to the nicest man." One from Fullers Point: "How interesting, and what's his name?" C. M. G.: "That I don't know. One can't begin straight off asking personal questions like that." —Adapted

To the woman whose husband is too stingy to buy her that new coat our advice is: "If at first you don't succeed, cry, cry again."

That Sullivan Water "What makes your hair so red?" Johnny? asked the teacher. "I washed it in Sullivan city water and forgot to dry it. It rusted."

We understand that in the young women's colleges the favorite course these days includes Cigarette inhalation, high-ball construction and general cosmetics.

She: "Why sure I know you. You're the boy I met at the road-house Saturday night." He: "So that's where I was." —Spark Plugs.

RECIPE FOR A NUT SUNDAY Stay in bed until ten: Read Sunday paper until one; Feed your face until three; Lop around until nine; Nothing doing; nothing done Good night! —Exchange.

Ps. 84:11 For the Lord God is a sun and shield: the Lord will give grace and glory: no good thing will be withheld from them that walk uprightly.

What a gracious verse. God is a sun unto us. That is from His we receive light, as the darkness of apostasy settles down upon the world you will need light. He is warmth to us when the world turns the cold shoulder to you. From him is derived the power to grow (in grace). He is to us a purifier. He is a shield unto us against the fiery darts of the wicked one. He will give grace and glory. Here two worlds are taken into consideration. Grace for this present life, the only life wherein grace will be needed, and glory for the life hereafter when we are glorified with Him. No good thing will be withheld, there is a condition to this promise, that is: that we walk uprightly. There is just one way in which I can walk uprightly before God and that is by making use of this wonderful grace. God does not give you grace because you walk uprightly, but he gives grace to enable you

to walk uprightly. We do not merit grace, for grace is unmerited favor. If I am failing to acquire the good things of life, then there is a reason. What are the good things of life? The Lord said there were no men good, none good but God, then it is evident that the only good things in this life are the things of God. The world has much to offer you which is not good, this God has not included in the promise.

BAPTIST CHURCH

Harold Wilbur Ranes, Minister

G. Campbell Morgan, that great Presbyterian Bible expositor of England tells the story of a collier coming to him after one of his services. Said the collier: "I would give anything to believe that God would forgive my sins, but I cannot believe that he will forgive them, if I just turn to him. It is too cheap." I looked at him, and said: "My dear friend have you been working today?" Yes, I was down in the pit. "How did you get out of the pit? Pay?" "Of course I didn't pay anything. I just got in the cage and was pulled to the top." "Were you not afraid to trust yourself in that cage? Was it not too cheap?" "Oh, no," he said, "it was cheap for me, but it cost the company a lot of money to sink the shaft." Then the truth broke upon him, and he saw that he could have salvation without money and without price. It had cost the infinite God a great price to sink the shaft and rescue lost men. This church holds out the gospel message in all of its services and promises forgiveness of sins to all who will turn to God. Attend any or all of the services listed below:

A. NICHOLSON TOOK TRIP TO INDIANA

One day last week three young men around town decided to go to LaFayette, Indiana to see a football game at Purdue U.

To fill the fourth set in the car, they invited Almond Nicholson to accompany them as chaperon and financial adviser.

Mr. Nicholson thought the visit for the day only and was much surprised when told on their arrival in LaFayette that they would stay all night. "I can't stay," said he, "I did not bring my night shirt."

After much persuasion, he was induced to write to Mrs. Nicholson, "Not coming home. Have broken axle." He did not state where he was and home folks were rather worried.

The next day the party returned. His wife remarked: "I'm so sorry you had a broken axle." "Broken axle? We had no broken axle," said Almond. "You surely did. You wired me that you know I did. Well, I clean forgot all about that wire," said the prodigal as he proceeded to tell about his trip. Now he is wondering whether or not taking a man out of his home environments and keeping him away all night constitutes a case of kidnapping or not. He is having Francis Purvis and John Morrow look into the matter for him.

Did you see it? Then you don't know what you missed. Besides being one of the best plays ever given by high school students, look at the entertainment given between acts. The famous Duncan-Colclasure program, also Sherwood Howard and Bill Flanigan who did their stuff with a guitar and a mouth organ. Some others were added to the "staff" of the play. Omer Condo became official stage manager, Doris Matheson, prompter, Pauline Shirey, costume manager; and maybe you didn't know it but Miss Dueringer directed "Hold Everything" given by the Junior class Thursday, Dec. 6th.

The most important thing this week is the basketball games to-night and tomorrow night (Fri. and Sat.). The game tonight is with Gays (I wonder if we'll win) and the one tomorrow is with Windsor. Both games are out of town so get into the old gas buggy and follow the team.

Wed. was quite a red letter day. Guess what happened besides the assembly program. Report cards were handed out of course. More fun taking them home to the folks! Yeah—lots of fun.

He just can't stay away. That Junior who can't seem to decide whether he likes grade school or high school best is back to the grade school again. This time she's at least an eighth grader.

Last week seemed to be "old home" week. STHS grads came home from college, work, CCC camps, and every place else imaginable. We were glad to see them come but hated to see them go.

Thanksgiving vacation just got us pepped up for Christmas vacation, so the days had better start moving fast. Just think, two weeks away from school, instead of two days.

The pride of the school, the concert band showed off again on Tuesday. The Household Science club wanted a little extra entertainment, so the band willingly obliged. Who wouldn't get out of an hour and a half of school?

Posters for the Junior play were few and far between. In fact, 4 people tried to earn a ticket that way. Frances Carnes, Bonnie Lou Ashbrook and Pauline Fitzpatrick received the tickets; the results of their efforts are on display in some of the windows down town.

The group of Seniors around the office door at noon Tuesday mystified most of the teachers. They were afraid they were being mobbed. Mr. Abell solved the mystery though. The Senior wanted their rings and Mr. Abell had to say a few magic words "at" the safe to satisfy them. Of course the Seniors had to lay down \$5.75 before they could get their rings. That broke some hearts and some pocketbooks.

Mr. Kilby was notified this week that he was appointed on a committee to decide on the feasibility of preparing a state course of study for all the social studies in high school. Just think and Mr.

Kilby is one of our own teachers. Not bad! . . .

The upperclassmen have a nice way to get their hands clean. Everytime a speck of dirt appears on their hands, they wash a Freshman's head to clean their "lunch grabbers". Nice boys don't you think?

Some dumb Freshman wanted to know who was moving in the school building Tuesday when the furniture for the Junior play arrived. The high school might make a nice apartment house but we like it better as it is. Yes — we love it.

Can you imagine? Jimmy McLaughlin not singing in chemistry?

Richard Dunscomb not breaking anything in history?

Mr. Moore not telling students that they have talked long enough?

Sherwood Howard not the ideal of the STHS girls.

Mr. Scheer giving higher than 95 on report cards?

Reds Look To Schack For Successful Cage Season

By Jim Scott

They're beating the drums out at Sullivan high school, welcoming in a basketball season which promises fair to be but a panorama of one continuous triumph.

Even the down-town coaches are gushing with enthusiasm and their wives are cancelling their week end bridge tilts and their children are rapidly accumulating the wherewithal for seasonal ducats.

All this seems to poke fun at the fact that three very competent gents—Leo Horn, George Poland and Ebby Scher—have been graduated from last year's Wonder Five. Leo and Ebby will be missed for their height which enabled them to control the ball, while there are those who will feel lonesome for Mr. Poland, his rebounding and scintillating floor play.

Meet Mr. Schack

But included in a squad of some 31 aspirants who began practicing last Monday afternoon was that sleek, slender phantom, Frank Schack. Toss him in with your Ag team or Junior league quintet and the club will win you ball games in just about any kind of competition. He's that sort of a fellow.

Frank, a dark-haired lad claiming 130 pounds, came to Sullivan high last winter just after the Reds had stowed away their county cage title and immediately he and his new-found mates went into a winning streak which left their admirers dizzy and bit wall eyed.

Sweeping all before it, the Crimson tide took four tough Okaw teams in stride to capture the annual conference tourney at Tuscola and then prolonged its mad rampage up unto the final conflict on the schedule when it finally bogged down before Shelbyville by a single point.

And all this time Schack was on one long scoring bender and despite the best laid schemes of mice and coaches to stop him, he continued to direct his one-handed offerings through the meshes and when the season had been laid to rest it was discovered that he had contributed over 400 points to the Redskin cause.

Some mentors clamped Schack under a two-man guard and considered him "stopped" if he were restricted to eight, nine or 10 points. But it remained for wily Bill Bishop down at Shelbyville to end the string, his plan being to make of the game a wide open offensive battle and then banking on his three aces to combine to outscore the Red's veritable devil. This, as stated previously, was accomplished.

He's Back, Intact!

Schack came through his first season of football unscathed so now the scribes are returning to their lexicons in search of suitable words and phrases to describe his one-handed push shot which finds its mark with such deadly precision.

It's all very simple. Schack merely leaps into the air, turning as he does so, and ships the ball off to the goal with the hand which happens to be farthest from his guard who is frantically waving his hands and chirping words and his gallant ability.

The other two returning vets are Finley Pifer, who was forced

out of his quarterbacking job in football by appendicitis and John English. Johnny this year, under a certain incentive, has become textbook conscious, but although he forsook the pleasures of football has condescended to the extent of sacrificing a few hours each day for the great winter pastime.

Let's Go, Robert

Then there are Jimmy McLaughlin, up from the reserves; Bill Robinson, the Arthur transfer; and Bob Butler, Schack's teammate and Bob Butler, who is said to be about on a par with the maestro himself.

However so many highly publicized transfers have fallen short of expectations that it is best to wait and see what they can do in their new livery. Schack, of course was a jarring exception and his old buddy, it is hoped, will be another.

Coach Dennis will not commit himself as to a probably starting lineup, but the railbirds have it that McLaughlin will be at center, Schack and Pifer at forwards with Butler and English as guards.

Hinges on McLaughlin

Whether Sullivan will boast a district championship five this year or one of lesser aptitudes depends largely on just how far Jimmy McLaughlin has come since last season. A quintet without height will go only so far, for on some night a tall aggregation will come along and rebound it to death.

Schack could be shifted to center, but the move is unlikely as it would sap his strength and dull his offensive show. A center must be a rugged individual capable of rebounding at both ends. McLaughlin, lacking only polish, deception and finesse, comes nearest to filling the bill.

Butler will be called upon for the defensive rebounding, a task handled last year by Polani and Horn with some help from Scheer, Robinson, like McLaughlin, is somewhat of a question mark. Only a sophomore, he is fast and aggressive, but is light and his efficiency at the hoop only spasmodic.

Vandever Looms Strong

Hubert Vandever, a senior Handy Hancock, a junior, Marion Pifer and Dick Moore, a freshman from Tuscola, are other willing candidates who may edge into the picture. Vandever is particularly impressive. A durable fellow, he may be placed at either forward or guard post if the team shows a dearth of sheer man power.

Much is expected of Wayne (Little Bear) Elder and Bob Whitfield, a freshman, and much too was expected of your old pal, Arkell Craig, until, in a mood for a bit of celebrating, he ran astray of the law.

Other members of the squad are Royal Freeman, Bill Shasteen, Junior Shasteen, Burl Jividen, Lorraine Sharp, James Smith, Wayne Nottingham, Carl Baker, Thomas Murphy, John Davis, Loren Jenne, Junior Foley, Richard Heckler, Lynn White, Lawrence Grant, Gerald Galbreath, Harold Shasteen and Omer Condo.

A freshman team will be organized to fill a home and home engagement with Dalton City's five, which, with absolutely no previous experience, will begin practice in its new gym next week.

SPEAKING OF SPORTS

BY JIM SCOTT

Back in the pleasant years of '31 and '32 when Coach Clark Dennis' eleven was bowling over all and sundry, its observers, your truly included, were too much aware of Halfback Bill Dwyer and Halfback Pete McDavid and all too little aware of a hard-charging 168-pounder who served as end in '31 and tackle in '32.

Yet it remained for this youth, Loyal Davis, to carry on in collegiate circles. For the last two years he and his fellow-flanker, Bill Giriatis, have been the backbone of Millikin's forward wall and everyone knows that the Big Blue is one of the strongest small university elevens in the country.

Loyle says his biggest thrill of the past season came in the Bradley fiasco. Following a series of shuttle passes behind the line, Fawley, Millikin's sensational open field runner from Marshall, was racing down the field with but two Bradley defenders between him and the goal. Coming in at a tangent Davis flung himself through the air, felling one tackler while the other tripped on his headgear and went tumbling to earth as Fawley rushed by with another Blue touchdown.

A brand new edition of Red basketballers, scheduled for four contests on the road before making its home debut in the annual county tourney, opens its campaign down at Gays this Friday night against Uncle Joe Lucas' battling quintet. Arche, the old Shelbyville tossing expert, will of course do the officiating.

Gays has two three-year veterans in Furgeson, the 6-foot center, and Francis Shaffer, forward. The other forward, young Jim Shaffer, is almost the equal of his older brother when it comes to pelting the loop while Ken Fuller and Moberly, a pair of subs last year, have fitted well into the fast-break technique employed by Coach Lucas.

Expected to make a stiff bid in the county tourney, Gays began its season with victories over Shumway and Humboldt.

—S O S—

Then, Saturday night, in compliance with the NCA's dislike of week night games, the Reds will again head south to face the strongest Windsor aggregation since the days of Dale Hennigh and the old boss, Red Elliott.

Coach Jobey Dunscomb has an outfit of veterans, including Griffin, a four-year man; Bailey, a three-year man and Tull, Fling, and Garrett, each with two years' experience. So far this season Tull has been eclipsing the redoubtable and flashy Mr. Griffin in scoring matters and this additional punch has made it possible for Windsor to take Moweaqua, Tower Hill and Stewardson just as decisively as Gen. Grant did Richmond.

Recently Windsor overwhelmed Moweaqua, 47 to 13 on the latter's own court and in so doing showed its best basketball of the year. Tull was a demon underneath the basket, pushing in rebound after rebound with Griffin's floor play just as sweet as ever.

The contest revealed several freak happenings and conditions among which were the fact that Birley, Moweaqua forward, played with a broken nose; Anderson, the loser's great forward, blowed 7 sleepers and Griffin's shoe split wide open in the heat of battle.

About all that can be said of the Windsor attack is that it was a characteristic Windsor attack, with the boys shooting profusely while on the run and then galloping up to contest the rebound. And it was a typical Windsor squad, for it included another Elliott, a freshman.

—S O S—

Sportlets: As a baseballer, Keith Molesworth, the Chicago Bears' quarterback seems to be slipping. His batting average with the Baltimore club last summer amounted to only .266, so he has been traded to Oakland of the Pacific Coast league. Leroy has organized a strong independent

club whose personnel includes Jake Kamm, the lesser of the Attwood twins who were substitutes on the Illinois five last year, and John Callans, former Wesleyan guard.

Indee teams from Moweaqua and Arthur are in the market for games with clubs from this territory. The former has been unable to secure the high school gym and will therefore stage its bouts on foreign floors. Hank Gill who is in charge of Millikin's physical education department and who also serves as scout for Leo Johnson declares that Earl Freeman is one of the best punters in the Little Nineteen and only an injury prevented him from playing regularly.

Bill Richardson, another Sullivan boy at the Decatur college, helps to defray his schooling expenses by working at Sears-Roebuck. Charles Chappellear of Stewardson, a graduate of Indiana Normal at Terre Haute, is now coaching at Deland. At Canton high, Central Illinois' basketball hotbed, Coach Roy Anderson is looking over a squad of 140 candidates.

—S O S—

With their proposed new gymnasium at least one year away, the Eastern Illinois college tossers at Charleston have begun practice in the little crackerbox playhouse which is nothing but a pantry off a girls' residence hall.

A galaxy of freshmen stars from Eastern Illinois have drifted in to assure Coach Charles Lantz of a winning club. Some of these are Bob Holmes, a scrappy red head, and big Harold Boggs, both of whom were members of the Charleston high five which went to the semi-finals of the state tourney last March; Max Dettro, of Greenup; Lee Watts, Casey; James of Vandalia and Hegerty, Brocton.

Rolla (Sally) Rand, Wilbia Jester and Ivel Gilbert are the only missing lettermen from last year's squad. Howard Ballard will be back at forward, while his running mate will probably be Russell Curry, one of Jobey Dunscomb's old Dead-Eye Dicks down at Windsor. Jimmy Tedrick of Vandalia has recovered from a pneumonia siege and, along with Okey Honefinger of Pana, will likely be an active reserve, if not a regular.

—S O S—

The Panthers recently lost a promising cager in Jack Patton, who returned to his home in Olney because of sickness in the family. A four-year regular on the Olney football and basketball teams, Patton spent one year at Jonesboro college at Jonesboro Ark., before coming to Charleston.

—S O S—

Sportlets: John J. Schommer, considered the best football and basketball official in the United States, is professor of chemistry at Armour Institute. Alex Hooks former Decatur first-sacker, may occupy that position for the Philadelphia Athletics next year, as Fox is to be shifted to his catching post. With Tulsa of the Texas league last season, Hooks won second place in the batting race with an average of .340.

One of the classiest Indee quintets in Illinois is the Rutland Cardinals on whose roster appear the names of Virgil Palm and Stan Ketchmark, former Streator high greats, and "Moose" Moore and Pim Goff who used to do quite well for State Normal. Palm was the big bounding blond forward who pounded in 10 of Streator's points in its thrashing at the hands of Thornton in the opening round of state tourney play last spring. Ketchmark, a lanky center, was the sensation of the Big Twelve two years ago.

Wayne Schroeder of Tolono and Charles Sandberg of Decatur won grid letters at DePauw university this fall.

—Bob Butler returned Sunday after spending the week end with relatives near Ina.

WALTER DALTON DIES SATURDAY

Walter S. Dalton, prominent 74 years old retired farmer, died in his home here early Saturday after a three months' illness which followed a paralytic stroke. He had moved here 12 years ago from his farm near Dalton City.

Funeral services were conducted in his home at 2 p. m. Monday with C. M. Wright of Blue Mound, assisted by Rev. D. F. Lehr of this place, in charge. Interment was in Bethany cemetery.

Mr. Dalton leaves his wife, Mrs. Margaret Dalton; four children, Mrs. Jesse Eash, Anthony, Kansas, Mrs. Dorothy Ekiss of Bethany, and Thomas and Scott Dalton of Dalton City; two sisters, Mrs. T. E. Shaw, Decatur and Mrs. M. E. Sconce, Bethany, and four

grand children, Dalton and Betty Lou Eash, Anthony, Kan., Sammy Ekiss, Bethany, and Walter Ammon Dalton, Dalton City.

Had Mr. Dalton lived until the day of his funeral he would have been a great grandfather, for that morning a son was born to his grandson, Walter Ammon Dalton.

At the services Rev. Raymond McCallister of Arcola sang "The Old Rugged Cross" and "Shadows." Pall bearers were Homer Freeland, Earl Freeland, Homer McReynolds, Guy Cunningham, J. L. Brock, Coy Brown, Lloyd Younger and John Weidner.

Those in charge of flowers were Mrs. Homer McReynolds, Mrs. P. A. Wilkinson, Miss Phyllis Waggoner, Mrs. Clifford Smith, Decatur, Mrs. Fred Orris, Mrs. Thomas Hudson, Mrs. Thomas Kelly, Miss Kathleen Smith, Mrs. Guy Cunningham, Miss Opal Dick, Mrs. Everett Hogan, Miss Maurine Brock and Miss Ida Shapiro.

Dalton Named For Father
A son of Mr. and Mrs. Thomas Dalton, Mr. Dalton was born Apr. 27, 1860, on a farm four miles west of here. The village of Dalton City derived its name from his father, who contributed the land on which it was founded.

Mr. Dalton spent his youth near here and at 25 moved to Harper, Kansas, where he married Miss Elizabeth Roney who died in 1898. To this union were born his five children, one son Harry, having died in infancy.

Returning to this community in '92, Mr. Dalton was later in 1900 married to Miss Margaret Langton and the couple lived on his farm between here and Dalton City until 1922 when they moved here.

For many years Mr. Dalton was a trustee in the local Christian church and was a member of the Lions club and K. of P. lodge.

The funeral services were attended by many of his out-of-town friends, among whom were Mrs. Carl Saiber, Mrs. Reidle, Mrs. Margaret Ashmore and daughter Lillian, Mr. and Mrs. Walter Roney, Atty. and Mrs. John Fitzgerald, Mr. and Mrs. Earl Belden, Miss Louise Ferre, Mr. and Mrs. Clifford Smith all of Decatur; Mr. and Mrs. Clyde Hight and Mr. and Mrs. Wheeler Adams, Moweaqua; Mr. and Mrs. Gus Pundt, Atty. A Comforting Service
The greatest service of the modern funeral director is that of lifting the load of responsibility from the shoulders of the bereaved. From the moment that he is called, he assumes charge of the many details which require attention. In our organization we give special attention to this comforting service.
